## BRITISH "BLITZ" GERMANY

LONDON—The Royal Air Force last night assembled the greatest air armada so far in the war for a smashing attack against the enemy centering on Hamburg and Bremen and extending to Berlin, Emden, St. Nazaire and as far as Posen in German-occupied Poland. The attack was of blitz proportions. Ten British planes were lost. The Germans, in return, made a large scale attack on Great Britain including Sheffield, Derby, Nottingham, Hull and Plymouth. Since Wednesday the Nazi have lost at least fifty planes in attacks on England.

## BRITISH IN CONTROL

CAIRO—With Iraqi resistance crumbling rapidly as they retreat in disorder, the British have the situation in Iraq now well under control. Today, it was reported, there was some sniping but no important fighting. In view of public anger as expressed in demonstrations in Bagdad, the pro-Nazi Premier Rashid Ali Al Galani is reported to have fled from the capital while other members of the government are in communication with the pro-British Regent Amir Abdullah in Transjordan.

## COMMERCE RAIDER SUNK

LONDON—The Admiralty announced today that H.M.S. Cornwall has sunk a German commerce raider in the Indian Ocean. Twenty-seven British seamen, who had been held prisoner on the raider, and fifty-three German crew members were picked up. The warship was slightly damaged. It is thought the raider was the former liner Hansa.

## SEA LOSSES HEAVY

LONDON—An unofficial announcement yesterday places the British shipping losses by enemy action in April, including the Greek evacuation, at 460,000 tons. The heaviest month's losses so far in the war were 463,000 tons in June last which included Dunkerque. A Washington statement by Senator Vandenberg that April shipping losses of Great Britain were light is officially denied.

## ROME NAVAL CLAIM

ROME—An air vs. navy battle between Italian planes and British ships, involving a convoy in the Mediterranean, was reported here today. It is claimed that hits were scored on two British battleships, one aircraft carrier, two cruisers and one destroyer.

## SUEZ IS ATTACKED

LONDON—There has been quite a heavy German attack on Suez. A two hour bombing raid was staged. The Egyptian State Railway and a power station were damaged.

## VICHY AND GERMANY

VICHY—France and Germany are drafting a preliminary pact to replace the Armistice of Campagne. No official mention is made of what concessions the Germans will get but it is believed the French have agreed to passage of Reich troops through French provinces and mandated territories.

## STEAMER IXION SUNK

LONDON—The British steamer Ixion, well known on the Pacific coast, having called at Vancouver last January, has been sunk by enemy action, also the Norwegian freighter Eastern Star. The sinkings occurred in torpedo attack upon a convoy 750 miles off the southern tip of Greenland.

## NAZIS TO PASS NOW

Vichy Reported to Have Agreed to Permit German Troops to Cross French Territory

LONDON, May 9: (CP)—Reuters quoted the Berlin correspondent of the Swiss Basler Nachrichten today as reporting it was believed the Vichy government had agreed to passage of German troops through the French provinces and mandated territories, including Syria, as the German price for concessions concerning occupation of the French homeland.

## Bulletins

### SUNDAY OBSERVANCE

OTTAWA—Rev. Dan McIvor, Liberal member for Fort William, pleaded yesterday in Parliament for observance of the Lord's Day, even in war industries. More could be accomplished in six days' work than seven, he said, and workers would be happier.

### SHIPS FOR BRITAIN

WASHINGTON—The Maritime Commission has approved the turning over of twenty-five American ships totalling over 200,000 tons to Canada for use in transporting supplies to Britain. The ships belong to a subsidiary of the Aluminum Corporation of America. The vessels will be turned over under charter arrangements and registry will be changed from American to Canadian.

### VICTORIA MAN DECORATED

LONDON—Flying Officer Vernon C. Woodward of Victoria has been awarded the Distinguished Flying Cross for "gallantry and devotion to duty in execution of air operations." He has been in the Middle East command service since the start of the war and in one day brought down five Italian planes in Libya.

### NAZIS OVER GREENLAND

PHILADELPHIA—Here yesterday on his way to New York, the medical director of Greenland said that twelve Nazi reconnaissance planes made a flight over Greenland in March.

### BUDGET VOTE DELAYED

OTTAWA—In view of opposition amendments, the budget debate has been lengthened and the vote was not reached last night as expected. A C.C.F. amendment advocates nationalization of the Dominion fiscal system. Angus McInnis, Vancouver East, said he could not support the New Democracy amendment to have the Bank of Canada take over war financing.

### ROOSEVELT CONVALESCES

WASHINGTON—President Roosevelt continues his convalescence from a stomach disorder and will remain in his White House quarters over the weekend. He will receive Prime Minister R. G. Menzies of Australia on Monday morning.

### QUIET IN PALESTINE

LONDON—Arabs in Palestine are amused to hear the German propaganda about Arab uprisings against the British. It is quiet throughout the Holy Land, according to dispatches received here, and never were the Arabs more peaceful than they are today.

### Weather Forecast

Prince Rupert and Queen Charlotte Islands—Light local winds, mostly fair and mild.

## TEACHERS' ASS'N MEET

Prince Rupert and District Teachers' Association held its last monthly meeting for the school year at Booth Memorial School on Wednesday evening.

J. S. Wilson, chairman, read correspondence including an interesting summary report by W. Jones of Port Harrison, who saw a demonstration class in Grade VI Science while attending the teachers' annual convention in Vancouver during Easter week. Other reports by Mr. Jones were reserved to be read at a later date.

An outline of Dr. Russell's speech on remedial reading made at the convention was given by Miss E. A. Mercer. Helpful discussion followed in which it was suggested that further time might be given to the subject of reading in a future meeting.

The chairman read an appeal for teacher contributions to the fund for children of devastated areas and for refugee teachers, sponsored by the British Columbia Teachers' Federation working in conjunction with teachers' federations of England and Scotland. The members decided to support this very worthwhile cause by voting a grant from the local association and by soliciting individual contributions from each of the Prince Rupert teachers.

After a short report by J. S. Wilson on business transacted at the teachers' convention and in federation executive meetings, refreshments were served.

## LABORITES IN SESSION

Correspondence and other routine business was dealt with last night at the regular monthly meeting of the Prince Rupert Trades and Labor Council. There was a good attendance and President Thomas Elliott was in the chair.

The correspondence included data from the National Labor Supply Council in reference to the zone committee to deal with arbitration of wage and other disputes; a circular from the Department of Labor with suggestions for application for an order-in-council respecting boards of conciliation and investigation as well as bonuses for men employed on war measures, and also communications dealing with employment of naturalized aliens who claim they have been discriminated against.

The meeting also discussed the matter of Labor Day sports but this subject was held over until next meeting pending the receipt of further information.

contributions from each of the Prince Rupert teachers.

## ECSTALL RIVER MINE IS READY FOR PRODUCTION

Development Machinery Being Shipped Away—Huge Expenditure on Permanent Buildings and Machinery Must be Made Soon

On the Canadian National Railway dock at Prince Rupert is a considerable shipment of mining machinery from the property of the Northern Pyrites Mining Company. This machinery was shipped from the company's mining property on the Ecstall River and is going forward to the Cariboo district. Contrary to general belief the shipment of this machinery does not

mean that the mine is being abandoned. It only means that the war makes it almost impossible for the mine to operate just now although it is not inconceivable that circumstances might change whereby it would be needed in the war effort.

There is no statement from the company or from anyone in authority but it is understood the preliminary development of the mine has been completed and that it has turned out to be even richer and better than was contemplated when the purchase was made from the Dunsmuir estate of Victoria a few years ago. Prior to that it had been drilled and explored to some extent but, since the purchase, nearly five thousand feet of tunnelling has been completed and everything is in readiness now for production as soon as the necessary buildings and machinery have been completed.

There is no smelting plant on this coast that could satisfactorily handle the ore coming from this mine so there would either have to be a new smelter erected in this neighborhood or the ore would be shipped to Galveston on the Gulf of Mexico where the smelter is controlled by the same company that controls the Northern Pyrites concern. It is understood that this was the policy contemplated.

If the company shipped, say 1500 tons a week, from the property it would take a great many ships to carry the ore to Texas and the ships are not available today and are not likely to be available for several years. Mining machinery also may be difficult to obtain and the permission of the Dominion government would have to be obtained before it could be imported. It would help depress the foreign exchange market. Just now all Canadian efforts have to be devoted to purely pulp mill at Prince Rupert. It is possible that the two industries

## Is Petain's Time Now Up?

LONDON, May 9: (CP)—The Yorkshire News said today it had been informed Marshal Henri Philippe Petain, Premier of France, had been rushed from Vichy to the Riviera in an attempt to relieve a kidney ailment.

## MUST CUT ON AUTOS

Federal Government Orders Reduction in Production of Passenger Cars

OTTAWA, May 9: (CP)—Under an order announced today Canadian motor manufacturers must reduce substantially the output of passenger automobiles during production period of April 1 to December 31, 1941, compared with the production during the same period in 1940. The order does not cover trucks and other vehicles.

## IRAQ ARMY RETREATING

Are Falling Back From Habbaniyah As Result Of British Attack

CAIRO, May 9: (CP)—Remnants of the dissident elements of the Iraqi army which a week ago attacked the Royal Air Force Habbaniyah airbase have withdrawn to Ramadi and Falluja. It was announced today. Ramadi is twelve miles north and Falluja twenty-two miles to the northeast of Habbaniyah.

## Down By Night—NAZIS LOSE 50 PLANES IN BRITAIN

Royal Air Force Night Fighters Doing Great Work as Luftwaffe Continues Furious Attack

LONDON, May 9: (CP)—The largest Royal Air Force armada ever assembled for a single night's raid dumped tens of thousands of incendiaries and hundreds of tons of high explosives on Hamburg and Bremen during the night, the Air Ministry announced today. Although the number of raiding planes was undisclosed, British sources speculated that at least three to four hundred planes were used. Possibly it was five hundred. The assaults on Hamburg and Bremen were but part of a general sweep which included an attack on Berlin and Emden as well as other strategic points all the way from Norway to St. Nazaire, France. The Germans admitted that the British had reached as far as Posen in German-occupied Poland. Ten British planes were lost.

## BIGGEST RAID YET

LONDON, May 9:—For the twenty-four hours ending midnight last night the bag of Nazi planes brought down in the Battle of Britain was thirty-nine with over one hundred airmen killed or captured. Since then the number has been raised to fifty. This brought the total for May so far up to 103 planes downed with over three hundred airmen, the British losing only five machines. While the Germans were losing the thirty-nine planes in 24 hours, the cost to the British was two bombers and one fighter. The Germans were losing eight planes to the British one while the ratio of fliers lost was eight to one. Of the thirty-nine enemy planes bagged twenty-four were by night and fifteen by day.

Ranging from North Ireland to the south coast of England, raids of the Luftwaffe last night were the heaviest and most widespread in weeks. Liverpool was attacked for the eighth successive night. One town on the northeast coast and another on the south coast were most heavily attacked. The Midlands and northwest England also felt the weight of attack and bombs were also dropped on London for the first time since April 19. It was left for the London anti-aircraft batteries to bring down the thirty-ninth plane in the twenty-four hours. It was a spectacular crash, the enemy bomber crashing in a spectacular manner in flames which could be seen for miles around as it plummeted to earth, exploding when half way down. The crew of four perished. In all, thirteen Nazi planes were brought down last night.

The intensified air fighting which has now started is considered a prelude to heavier aerial conflict to come this summer. A daring Polish squadron knocked down three enemy planes within seven minutes yesterday.

## Russia Admits Nazi Conquest

MOSCOW, May 9: (CP)—Soviet Russia today withdrew recognition from Yugoslavia, Belgium and Norway as sovereign states. The action is interpreted in diplomatic quarters as indicating a new understanding with Germany.

## Frank Talking . . .

Premier R. G. Menzies of New Zealand spoke frankly and clearly at Ottawa on the issues of the war. Outstanding was his mention of the fact that nothing mattered except the retaining of our freedom. It was going to be a hard and long fight and every man would do well to consider if he was doing his part in securing victory. Mr. Menzies said he did not believe in undue optimism neither could the war be won by defeatism. A facing of the facts was good policy.

It does us good to hear someone tell us a few plain truths and we take it better coming from a leader from Australia than from England because it comes without prejudice. It is a pity Mr. Menzies could not be induced to make a speaking tour of Canada where he could meet the people and arouse them through his own enthusiasm.

## SOCCER IS UNDER WAY

Composite Services Win 3 to 1  
Over R. M. R.'s In Senior  
League Opener

The 1941 Senior Football League was officially opened last evening when the Rocky Mountain Rangers met the Composite Services team, the latter winning three to one.

The game opened with Col. S. D. Johnston, area commander, kicking off. Prior to the kick-off the Colonel was introduced to the captain of each team.

Five minutes after the starting whistle McAdams of the Composite Services team scored after a brief scrimmage about the goal mouth. The second goal came 20 minutes after play when Tuthill of the C. S. team drove home a well placed shot which gave the R. M. R.

goalie no chance. The half ended two to nothing for C. S.

The second half was a repetition of the fine display of football shown in the first half. Scoring in this half did not take place until the last five minutes. Fowler, playing left wing for the C. S. team put his team three goals in the lead after a fine run up the left side of the field. R. M. R.'s got their only goal of the game on a penalty shot taken by Handley. McNaught of the C. S. was responsible for the hand ball. This was one minute before the final whistle.

Highlights of the game were the increased number of spectators as compared with last year and also good clean football.

Game officials were: referee, Sid Woodside; linesmen, Sgt. Purdon, J. Wilson and King.

## DODGERS LEADING

NEW YORK, May 9: (CP)—Brooklyn Dodgers again defeated St. Louis Cardinals yesterday and now have both the mathematical and games won and lost leadership in the National League. The margin of the Dodgers over the Cardinals is one and a half. In the only other American League game yesterday Chicago Cubs defeated the Phillies, the latter, as a result, being left exclusively in the cellar.

In the American League the Cleveland Indians lost to the runner-up New York Yankees and had their margin of leadership over the Yanks cut to two games and a half. The Detroit Tigers were beaten by the Washington Senators and fell to sixth place below the idle Chicago White Sox. The Philadelphia Athletics won over the St. Louis Browns with whom they are now tied for seventh place.

Yesterday's Big League scores:

### National League

Brooklyn 5, St. Louis 4.  
Chicago 5, Philadelphia 1.  
Others postponed.

### American League

"How to redecorate and not spend a lot of money!  
 Really, it had us puzzled; until we discovered  
 Congoleum and found out how to beautify and  
 economize at the same time. The colourings and  
 patterns are simply lovely and they go so well with  
 our furnishings and drapes! Our kitchen, for in-  
 stance, is a positive picture!"

You, too, can forget the "high-cost of floor  
 coverings" by discovering the inexpensive beauty  
 of Congoleum—in rugs or by-the-yard. It's the  
 same dependable Congoleum, long-time favourite  
 all over Canada. Many new and gorgeous designs.  
 No curling at the edges. Light mopping and an  
 occasional waxing keeps it bright as new. Look  
 for the famous Gold Seal: your guarantee of satis-  
 faction and long wear.
