BRITISH PRIME MINISTER ARRIVES FOR CONFERENCE WITH PRESIDENT ROOSEVELT.

OTTAWA, Dec. 23.—(CP)—Minister William Lyon Mackenzie King, who invited President Franklin D. Roosevelt to visit there of Prime Minister Churchill of Great Britain, for a war conference. Premier King said he hoped Prime Minister Churchill would come to Canada during his stay on the continent. It is assumed that an invitation has already been extended Mr. Churchill to come to Canada.

WASHINGTON, D.C., Dec. 23: (CP)—Prime Minister Winston Churchill of Great Britain, arrived in the United States yesterday, the White House announced, to "discuss with the president all questions relevant to concerted war effort." The prime minister's trip had been kept a closely guarded secret until his arrival was announced by Stephen Early, the White House secretary. Details of the trip were not disclosed. Mr. Churchill arrived at an airport near Washington where he was met by President Franklin D. Roosevelt. Soon after he was at the White House and it was then that the announcement of his arrival was made. At least part of Mr. Churchill's trip is believed to have been made by warship.

The primary purpose of the conference between Mr. Churchill and President Roosevelt was "the defeat of Hitlerism throughout the world," it was stated. Grand strategy of the Allies will be mapped out and discussions preliminary to later conferences between the United States and representatives of Russia, China, the Netherlands and British Dominions. The setting up of a Supreme Allied Council and the formal alliance of all Axis foes are aims. Mr. Churchill and President Roosevelt will, it is said, discuss the question of a supreme command for the Allies and a joint ministry of supply.

The first formal meeting of the British prime minister and the United States president took place at Washington today. It was stated in authoritative quarters that there would be a seven-point program of discussions including the following:

- Obtaining of full Russian co-operation in the war in the Pacific.
- Insuring against the falling of the French fleet and North African bases into Axis control.
- Prevention of the choking off of Mediterranean waters to the Allies.
- Obtaining of control of North Africa.
- Consolidation of British gains in Libya.
- Helping of Russia to prepare against a new German drive in the spring.

The British prime minister is accompanied by Lord Beaverbrook, the minister of supply, technical staff and representatives of various war departments including the three services—navy, army and air force.

In addition to Beaverbrook there arrived with Mr. Churchill Sir Dudley Pound, commander-in-chief of the British fleet; Air Marshal Sir Charles F. A. Portal and General Sir John Dill, former chief of Imperial general staff and now governor of Bombay. They were to meet American military men of equal rank.

The New York Times paid tribute to Prime Minister Churchill by saying he was "not only a great man but a good man."

## Brigadier Lawson and Colonel Hennessy Killed at Hong Kong; Canadian Casualties Are Heavy

### ATTACK ON SIXTH SHIP

Another American Tanker Target for Japanese Submarine Off California Coast.

SAN FRANCISCO, Dec. 23: (CP)—The United States Navy confirmed today that an enemy ship had fired on the tanker Larry Doheny, six miles off Estero Bay. The Larry Doheny reached port another tanker Montebello, was sunk. There were reports from Estero Bay, unconfirmed by the navy, that lifeboats bearing survivors were being landed on the coast. Sounds of gunfire and shattering explosions were heard at Estero Bay and Morro Bay on the coast off San Luis Obispo before dawn. Flashes from guns could be seen on shore. In San Francisco, navy and army spokesmen said at first that they had had reports of a series of heavy explosions off shore on the Pacific coast today.

SAN FRANCISCO, Dec. 23: The sixth American vessel to be attacked off the California coast by Japanese submarines, the tanker J. M. Storrie, was the target for a torpedo yesterday north of Santa Barbara two miles off the coast. The torpedo missed its mark and the Storrie zig-zagged away in a smoke screen. The encounter could be seen by shore watchers who believed at first that the tanker had been hit. United States planes took to the air and dropped depth charges.

Meanwhile Capt. Farrow and thirty-one survivors of the tanker Emidio which was attacked and crippled off Cape Mendocino, north of San Francisco, on Saturday were landed yesterday at Eureka. Two big planes dropped depth charges soon after the attack on the Emidio and there was some reason to believe, members of the crew felt, that they might have taken effect.

British Garrison Still Holding Out at Besieged Fortress But Their Situation Is Officially Announced to Be Critical.

### JAPANESE THROWN BACK

HONG KONG, Dec. 23: (CP)—The Japanese attackers, who thrust into central British positions at Mount Ameron, were overwhelmed and thrown back early this morning by a determined counter-attack.

OTTAWA, Dec. 23:—The Department of National Defence announced today that Canadian forces engaged in the defence of Hong Kong had suffered heavy casualties. Brigadier J. K. Lawson, Royal Canadian Rifles, Quebec, commander of the Canadian contingent there, and Col. Patrick Hennessy, D.S.O., M.C., Royal Canadian Army Service Corps, senior administrative officer, have been killed.

Last night Col. J. L. Ralston, minister of national defence, announced that, not only was the British garrison holding off the attack of the Japanese but one Canadian regiment had attacked the enemy from the rear. How this was achieved was not disclosed.

For the most part the defence garrison, estimated to number 20,000, is operating on the western part of the island although a local success was reported on the south end. There is fierce fighting all along the line.

Two Canadian regiments known to be at Hong Kong are the Royal Canadian Rifles of Quebec and the Winnipeg Grenadiers. The Quebec regiment, commanded by Lieut. Col. W. J. Holmes, consists largely of men from Quebec City and the eastern townships and many families of those areas have men serving at Hong Kong.

Tokyo claims that 713 British prisoners, mostly Canadians and Indians, have been taken at Hong Kong.

Official Announcement  
Fighting day and night on the hills and streets of Hong Kong, Canadian army forces have suffered heavy casualties, Col. Ralston officially announced today. Brigadier Lawson was believed to have lost his life and Col. Hennessy, the senior staff officer, was killed by shellfire.

The minister, in his statement, said: "A situation report from Hong Kong up to 6 p.m. yesterday, received through the British Admiralty, indicates that the force generally has suffered heavy casualties. The only particulars given of the casualties was the regrettable news that the Canadian commander, Brigadier J. K. Lawson, is believed to have been killed and the senior staff officer, Col. P. Hennessy, was killed by shellfire. The enemy has succeeded in landing fresh forces and has been attacking our positions continuously. Two Canadian counter-attacks had not succeeded in making progress. They had, however, killed a number of the enemy although at some cost to ourselves. It would appear that the garrison is stubbornly holding out in three main positions. The report states that the situation is critical."

It was disclosed last night that the men from the Winnipeg Grenadiers and Quebec Royal Rifles were under Brigadier Lawson.

### RED DRIVE MOVING ON

Russians Advance Eight To Twelve Miles Per Day, Recapturing Town After Town

MOSCOW, Dec. 23:—The Russian counter-offensive against the Germans continues to roll on westward at the rate of eight to twelve miles per day in the Moscow sector.

Town after town is being re-occupied by the Red Army, being found littered by Nazi war equipment and piles of German dead.

War industries in many of these towns will be restored, some to full production, it is said.

There are indications that the Germans are endeavouring to form a new defensive line.

### FOUGHT TO STANDSTILL

Americans and Filipinos Giving Good Account of Themselves—Evacuee Centre Bombed.

MANILA, Dec. 23: (CP)—In the Philippines an army bulletin today indicated that American and Filipino defenders had fought to a standstill the vanguard of powerful sea-borne Japanese forces which landed at Santo Tomas, 125 miles north of Manila.

Heavy casualties resulted this afternoon when three Japanese planes bombed a centre reserved for persons evacuated from Manila and other towns.

Oscar Hoff, familiarly known to many friends as "Shorty", and a resident of Prince George since railway construction days, having operated a poolroom on George Street for a time, died at the first of last week in Prince George Hospital. He had also been engaged in the ice business.

### WAR FLASHES

The Hong Kong garrison is still holding out. The Canadians have suffered heavy casualties. Their commander, Brigadier J. K. Lawson, has been killed.

Fierce land fighting is going on in the Philippines both on Luzon and Mindanao as the Japanese strive to establish a foothold with invasion forces which were landed yesterday.

The situation at Singapore is quieter. Air blows have been exchanged over Malaya. On the Malayan front there is no change in the situation.

A Japanese force has landed on Wake Island. United States navy said enemy units of unspecified strength landed this morning on the tiny mid-Pacific island where marines have beaten off repeated onslaughts by enemy aircraft and naval units.

British forces in the Libyan campaign have plunged to the Gulf of Certe and are moving on Bengasi, the capital of Cirenaica.

On the Russo-German front the Red Army is moving ahead at the rate of eight to twelve miles per day. The advance continues on all fronts.

A statement at London today says the reduced level of shipping losses in the Battle of the Atlantic is being maintained and at the same time those of the enemy are being increased.

Tonight's train, due to arrive from the East at 11 o'clock, was reported this morning to be on time.

United States And Canada To Get Together In One All Out War Effort

WASHINGTON, D.C., Dec. 23:—President Franklin D. Roosevelt yesterday gave full approval to a plan for complete co-ordination of production of the United States and Canada in "one all out war effort." Under the plan all legal and administrative barriers would be removed. Resources would be pooled to speed up production.

Hon. Clarence D. ## Suffering Reverses On Two Fronts, New Thrust Anticipated

Things Still Going Badly For New Commander-in-Chief of Reich—Another Blitzkrieg May Be Coming.

### MARCHING TOWARDS SPAIN

BERNE, Dec. 23: (CP)—German troops were reported authoritatively tonight to be moving through western occupied France to the Spanish frontier.

Sharp new reverses jarred Chancellor Adolf Hitler's invasion armies on two fronts—Russia and North Africa—today as the world speculated on a sudden berserk thrust by the fuhrer in an attempt to retrieve his tattered military fortunes. European observers predicted Hitler in his new role as supreme German warlord would soon try to open a new front in regions less hostile to blitzkrieg than winter-frozen Russia. Turkey and the Middle East, Spain, Gibraltar and French Africa and the British Isles appeared the most likely targets of attack as Berlin and Rome both hinted that important military developments were imminent.

On the North Africa front Cairo headquarters said that British mobile troops had reached the

**Fighting at Hong Kong . . .**

While, doubtless, the British, Canadian and Indian troops at Hong Kong are having a very hard time as they are being pounded by the Japanese who have taken possession of Kowloon, just across the harbor, the evacuation of that part of the colony was undertaken for the purpose of strengthening the defences.

Directly the Japs got their artillery in place they started to pound the fort and as they vastly outnumbered the defenders in troops, guns and airplanes they had a distinct advantage. However, the guns of Hong Kong are better placed and camouflaged than the enemy and, while there seems little hope that they can hold out indefinitely, we do not think any of the troops there will be willing to yield for some time to come. There is still the hope that the Chinese army may yet be able to come to their relief.

**Will He Be Shot? . . .**

If Adolf Hitler goes to Russia and tries to force his troops to go forward against the Soviets, will he ever return? Many think he will be shot by his own people and that he would rather be shot than defeated. We sincerely hope he is shot. It would take the heart out of the war and would save the victors a lot of worry.

**Basketball Buzz**

After a more or less mediocre season basketball will come into its own next Monday and Tuesday when Ketchikan sends its smart High School team down this way to meet the local lads in a two game series.

Last year the local boys were given a lesson in Ketchikan when they lost two games by rather large scores but this meeting may see a different outcome.

Comparing this year's Bo-Me-Hi team with that of last there is one very important factor in favor of the present squad and that is better co-ordination and marksmanship.

Ted Arney the fast-stepping young forward who possesses a pair of hands and shooting ability rarely seen in a youngster his size has gained in weight and speed and is looked upon generally as one reason why the team has been so successful up to now. His co-star on the opposite end of the firing line is Oliver Santerbane, younger brother of Ernie Santerbane, once an outstanding forward for the King Edward HI School and later for Prince Rupert and Premier All-Star senior teams. Oliver is taller and heavier than Ernie which gives him that edge very essential in basketball. He was expected to play for the senior team this year but, unfortunately, the senior league did not function due to players working overtime at the dry dock and other minor difficulties.

At centre is Don MacDonald of the Fire Hall MacDonalds who stands well over six feet and is remarkably fast for his size. Last season saw Don a little green and shy, maybe, but, after a full year's growth and experience, he has drawn himself together to make a very fine centre.

**PASSING OF  
DR. BLACK**

Former Director of Colonization and Agriculture of C.N.R. Passes.

MONTREAL, Dec. 23.—Dr. W. J. Black, formerly director of colonization and agriculture, Canadian National Railways, died yesterday at his residence, 625 Murray Hill Ave., Westmount. Death was unexpected as Dr. Black had been fairly active of late.

Surviving are Mrs. Black, the former Ida Maude Day, of Creemore, Ont., Miss Willa Black, daughter at home, and one son, Pilot Officer J. George Black, Royal Canadian Air Force, stationed at Charlottetown, Prince Edward Island; also one sister, Mrs. T. McCreery, a resident of Toronto.

Dr. Black possessed special qualifications for the various posts which he had so successfully filled. He was born on a farm in Mansfield, Dufferin County, Ont., Nov. 29, 1872, and after the usual training which comes to boys on farms, he studied at and graduated from Ontario Agricultural College, Guelph, Ont. His initial venture was in agricultural journalism and between 1902 and 1904 he served as editor-in-chief of The Farmers' Advocate, Winnipeg. He then entered the service of the Manitoba government, becoming deputy minister of agriculture and immigration, and in 1905 organized and became president of the Manitoba Agriculture College, the first institution of its kind in western Canada. This position he occupied until 1915 when he was appointed commissioner of agriculture for Canada, later becoming chairman of the soldiers' settlement board. In 1921 he was appointed deputy minister, department of immigration and colonization, for the Dominion government. With the development of the Canadian National Railways and the initiation of a special department of colonization, Mr. Black accepted an invitation to join the railway service and in 1923 organized that work and began as European manager of the department of colonization and development with headquarters at London, Eng. This work expanded and in 1925 Dr. Black was named as director of the department and established offices in Montreal, continuing in charge until his retirement, December 31, 1933.

Greatly interested in young people, Dr. Black in 1913, in Manitoba, organized the first boys' and girls' clubs in Canada. He also maintained interest in the cultural aspects of rural communities, particularly in relation to new Canadians.

In recognition of Dr. Black's important contributions to rural life in Canada, the University of Montreal conferred on him the degree of doctor of agriculture, the ceremony appropriately taking place at the College of Agriculture at Oka, Quebec.

Dr. Black had previously received the degree of LL.D. (Honoris Causa) from the University of Manitoba.

### Wedded Quietly Here Saturday

Miss Annie Macdonald Becomes  
Bride of John Calkins.

The marriage took place quietly on Saturday at the Mense of First United Church of Miss Annie Kathleen Macdonald, daughter of Mr. and Mrs. R. A. Macdonald of St. Paul, Alberta, and John Willett Calkins, son of Mr. and Mrs. Charles Calkins of Rimby, Alberta. Rev. James A. Donnell officiated. The couple are taking up residence in Prince Rupert.

### COMEDY IS SPRIGHTLY

Ronald Colman Stars in Gay Film,  
"My Life With Caroline,"  
Showing at Capitol.

Hailed as one of the brightest comedies of the year, "My Life with Caroline," starring the popular Ronald Colman, shows this Wednesday and Thursday at the Capitol Theatre. The story revolves around the casual romances of a neglected wife and the ingenious strategy by which her husband thwarts her intended elopements and holds his home together.

Anna Lee, lovely and vivacious British star, heads the featured cast as the wife with Charles Winninger as her self-indulgent father and Reginald Gardiner and Gilbert Roland as two of her admirers.

Because of the pressure of business, the husband cannot spend as much time as he would like with his wife. She, living at various resorts with her father, finds herself in love with handsome young millionaires who have no trouble in convincing her that she is unappreciated. She is planning divorce when the husband arrives on the scene. He adroitly brings his wife to see the light and there is a happy reconciliation.

The gay comedy is played against a glittering background of luxurious resorts and millionaires' homes.

Timely to the present war situation is the "Canada Carries On" series instalment, "War Clouds in the Pacific," showing on the same bill. It deals with Japan, her war with China, her powerful navy and turns to Anglo-American preparations to combat the Japanese menace. Hong Kong, Singapore, Manila, Hawaii, Guam, Wake Island, the Alaskan bases and the coastal defences of British Columbia are shown.

Mr. and Mrs. W. E. Collison and daughter, Miss Muriel Collison, will be leaving the city in January for Kerrisdale, Vancouver Island, to take up future residence. Their daughter, Miss Joyce Collison, R.N., will be leaving towards the end of this week for Vancouver to join the staff of Shaughnessy Military Hospital. Capt. and Mrs. R. M. Yerburgh are taking the Collison house on Sixth Avenue at Hays Creek.
