> Last Days of Famous Politican and Author Were Ones of Physical Suffering-Kept Up Literary Work to the Last.

It was always said of the late Justin McCarthy that he was the gentlest and most genial man who ever led a political party in the Imperial Parliament. "A nice old gentleman at a woman's tea party," was the scornful descrip tion applied to him by Parnell on a memorable occasion. But there was much more about McCarthy than that. Despite his mild-asmilk manner, his beaming smile, and his patriarchal appearance, he could be remarkably sage in counsel. And though the six years-from 1890 to 1896-during which he was chairman of the Irish Parliamentary party were years of great difficulty and disappointment for the friends of Home Rule, he did much, by his calmness and dignity, to soften asperities between the Irish Home Rulers and their English allies.
