Another American Ship Is Sunk

American Navy Told To Redouble Its Efforts To Eliminate U-Boats

Freighter Montana Sent Down by Torpedo Attack Not Far From Where Sessa Met Her Fate

WASHINGTON, D.C., Sept. 13:—The United States Navy Department has given orders that efforts be redoubled to eliminate German submarines that may be lurking in North Atlantic waters around Greenland and Iceland. This follows the receipt of word officially late yesterday that the American-owned and Panama-registered freighter Montana, a sister ship of the Sessa, had been sunk by a German submarine off Rejkavik, Iceland, some forty miles from the point where the Sessa was sent down. The sinking of the Montana occurred about twelve hours before President Franklin D. Roosevelt made his speech Thursday night announcing intention of the United States to clear extended North Atlantic defence zones of Nazi warcraft. The Montana had a crew of twenty-six, all of whom were rescued. She was on the way to Iceland from Wilmington with cargo of lumber.

DELAY TO WAR WORK

Strike at St. Catharine's Has Effect Upon General Motors At Oshawa

OSHAWA, Sept. 13:—Production of military units at the General Motors of Canada plant has come to a standstill because of the strike of employees of McKinnon Industries at St. Catharine's, General Motors officials said yesterday.

STRIKE OF SEAFARERS

Dispute Over War Bonus Leads To Tie-up by American Federation Body

NEW YORK, Sept. 13:—The Seafarers' International Union of North America (American Federation of Labor) called a walk-out today over a bonus dispute ordering its members off all ships bound for Axis or Allied ports. Twenty thousand seamen are involved.

BROOKLYN LEAD CUT

Margin Over St. Louis Again But One Game As Result of Cardinal's Victory Yesterday

St. Louis, Sept. 13:—The lead of Brooklyn Dodgers over St. Louis Cardinals in the eleventh hour National League pennant race was again reduced to one full game yesterday when the Cards won a close 4 to 2 decision over the Dodgers here. The last of three crucial games between the two teams is being played this afternoon.

Aged Winnipeg Senator Dies

Lendrum McMeans, Pioneer Of Prairie Metropolis, Passes At Age of Eighty-Four

WINNIPEG, Sept. 13:—Senator Lendrum McMeans, aged 82, pioneer of Winnipeg, died today.

HANSON IS IN BRITAIN

Leader of Opposition in Canadian Parliament Arrives to See For Self What is Going On

AT A BRITISH AIRPORT, Sept. 13:—Hon. R. B. Hanson, Canadian Conservative leader, landed in Great Britain today after a transatlantic bomber flight. Mr. Hanson was accompanied by A. C. Casselman, Grote Sterling, Leonard O'Brien and Major Alan Cokeram.

"Essentially this is a fact-finding trip," Mr. Hanson told the Canadian Press. "We want to see all we can and see what more Canada can do in the war effort. Prime Minister Mackenzie King does not tell us anything so we thought we would see for ourselves."

Bulletins

CONFIRMED AS CHIEF VANCOUVER—The Vancouver Police Commission yesterday decided to retain D. MacKay as chief of police and A. G. McNeill was confirmed as assistant chief.

AIR CHIEFS PROMOTED OTTAWA—Air Commodore G. O. Johnson and Air Commodore H. Edwards of the Royal Canadian Air Force have been promoted to the rank of Air Vice Marshal.

MOSHER RE-ELECTED HAMILTON—A. R. Mosher was re-elected yesterday as President of the All Canadian Congress of Labor, defeating Nigel Morgan of Vancouver 283 to 175. Alex McCausland of Vancouver was elected vice-president and Nat Conroy of Calgary was elected secretary-treasurer 281 to 170 over H. A. Pritchett of Nanaimo.

TROUBLE IN NORWAY OSLO—A German munitions depot in Norway has been stormed by Norwegian patriots. Seven Nazi planes have been destroyed on the ground.

GERMANS DROWNED STOCKHOLM—Several hundred German soldiers are reported to have been drowned in the sinking in the Gulf of Finland by Russia of four naval barges and two cutters.

DEAT IS DEAD? LONDON—There appears to be no confirmation of a report emanating in Berlin last night that Marcel Deat, who was shot recently in Marseilles with Former Premier Pierre Laval of France, had died.

Margaret Laporte Has Passed Away

Remains of Local Girl Are Being Brought Home From Vancouver For Interment

Miss Margaret Laporte, aged 21, daughter of Mr. and Mrs. Peter Laporte of this city, died on Wednesday morning of this week in Vancouver General Hospital after an illness of two years. The remains are being brought home on the Catala Sunday night and the funeral will take place Tuesday morning from the Church of the Annunciation.

Born in Prince Rupert, Miss Laporte is survived, besides her father and mother, by three brothers—Paul, Phillip and John—and two sisters—Mrs. James Sim and Pauline. The family will have the sympathy of many friends in its bereavement.

Duke of Kent Is Back Home

AT A BRITISH AIRPORT, Sept. 13:—The Duke of Kent and Rt. Hon. Malcolm MacDonald, High Commissioner to Canada for the United Kingdom, arrived today by bomber from Canada. Yesterday the Duke of Kent had visited Newfoundland.

.....

Reds Moving Ahead—

OFFENSIVE BY NAZIS SET BACK

Fate of Petrograd Believed to Be In Balance—Dangerous Nazi Thrust Near Kiev

MOSCOW, Sept. 13:—The Red Army was reported today to have rolled back a great German offensive on Bryansk, 220 miles southwest of Moscow, and to have recaptured twenty-six towns and villages, inflicting loss of ten thousand Germans in a long battle. The Germans broke through toward Bryansk on the Kiev-Moscow railway late in August, according to reports, but were defeated by a Russian counter-offensive which began thirteen days ago.

While the fate of Petrograd appeared to rest in the balance as opposing forces were locked in a battle of incredible ferocity at the very entrance to the second city and former capital, Moscow admitted that the Germans had made a dangerous thrust across the Dnieper River above Kiev and south of Gomel and that the important town of Chekniokov had been captured.

The battle of Petrograd is of such a nature that the Nazis cannot hold out for long, it is declared. The Germans in the north have started an operation to cut off the port of Murmansk.

SERVICE OF DEDICATION

Program For War Consecration In Prince Rupert Is Perfected—Being Held Sunday Afternoon

Final arrangements have been made for Prince Rupert's war consecration service tomorrow afternoon at 2:30. The service will be held, if weather permits, on the Court House grounds, otherwise at the Capitol Theatre.

G. R. S. Blackaby will act as chairman. The proceedings will open with selections by the Canadian Scottish Band and the singing of "O Canada."

After chairman's remarks, Capt. J. E. Whittles, area chaplain, will give the consecration prayer after which "O God Our Help in Ages Past" will be sung.

An address by Rev. J. A. Donnell, pastor of First United Church, will be followed by the singing of "Land of Hope and Glory" after which Major T. W. Sutherland of the Royal Canadian Army Medical Corps will give an address.

Following the presentation of a consecration resolution by Rev. Father W. F. Lantagne, parish priest of the Roman Catholic Church, the proceedings will conclude with the singing of "God Save the King."

Charles P. Balagno will act as accompanist during the service.

FRANKFURT IS RAIDED

Royal Air Force Active Over Reich Again Last Night—Scattered Attacks by Luftwaffe

LONDON, Sept. 13:—Frankfurt industries and other objectives in the German Rhineland were attacked by a large force of British bombers overnight and Royal Air Force fighters roared over the Channel shortly after dawn in attacks on the French coast.

German planes raided scattered points on the British Isles overnight, casualties and damage being caused in the bombing of a north-east coast town where one of the enemy raiders was brought down.

There was anti-aircraft fire in London but no alarm was sounded and no enemy appeared.

CONVOY IS ATTACKED

Germans Claim to Have Sunk Several British Ships—Admiralty Makes Statement

LONDON, Sept. 13:—The German High Command claimed in typical exaggerated manner today that German submarines had sunk four more merchant ships in repeated attacks on a British North Atlantic convoy from which twenty-two ships had already been claimed.

The Admiralty in London at first withheld comment on the enemy claims but later today announced that the bulk of a British convoy had reached port with a loss of but eight ships although it had been battered in the Atlantic by two u-boat attacks and an air assault during a raging storm. A fight with a German surface raider was just missed.

Three ships of the convoy were sunk by torpedoes and four by bombs, one ship, damaged by a bomb, later foundered in the gale.

The Admiralty, highly praising the conduct of the men in the convoy, gave credit in large measure for bringing the majority of the craft through a hazardous situation to Lieut. Commander G. A. Thring in command of the senior escort ship.

The Germans stated that there were forty ships in the convoy.

MAITLAND CANDIDATE

Renominated In Vancouver-Point Grey—Enunciates Fifteen Plank Platform

VANCOUVER, Sept. 13:—R. L. Maitland K. C., Conservative leader for British Columbia; J. A. Paton, who represented Vancouver-Point Grey in the last legislature, and Mrs. F. J. Ralston were nominated here last night to contest the three-seat riding at the provincial election.

Mr. Maitland outlined a fifteen-plank platform emphasizing winning the war, post-war employment and pledge of co-operation in the war effort.

Other planks outlined by Mr. Maitland included reconsideration with other provinces of the Sirois Commission report, assistance of mineral production and farmers, support of a cost of living bonus for pensioners and more equitable distribution of taxation between the province and the municipalities.

ONE MILLION MEN

OTTAWA—Canada can put one million men under arms and still have enough people to adequately man her farms, industries and businesses.

West Coast Playing Its Part in Empire Training Plan For British Airmen

(By Roy Dunlop, a Recent Visitor to Prince Rupert)

In the fast-moving slipstream of Canadian aviation development and progress of the Royal Canadian Air Force has been momentous! That development, together with the establishment at a score of points all across Canada of the Empire training scheme, has made Canada the far-flung setting for one of the most advanced movements in the world's aviation history.

Here along the west coast in half a dozen well-equipped and well-instructed air bases the young men of this country are being trained in a most exciting and adventuresome work. Canadians know little of the vast development in aviation that is taking place around and over them.

Recently I was privileged to visit one of these new air bases which has risen up almost overnight from largely reclaimed land near a thriving city of the north-west coast. It is unfortunate that every man and woman of the district could not have made such a tour. They would have been proud of what the Canadian government is doing in the steady growth of the Royal Canadian Air Force.

The men enjoy life in the R. C. A. F. They work hard for their tasks are not easy. They are working for the future of their country as well as for their own future. They are mixing with a convivial and happy group of men. Recreation time in the beautifully appointed newly built barracks is time for fun and laughter. The canteen is crowded and the R. C. A. F. men buy their cigarettes and other small needs at cost price.

The canteen itself has been equipped with electric refrigerators and all modern conveniences. There was even an electric grill for "hot-dogs." The men, at ease, read books from a well-stocked library, magazines from the rack, wrote letters, played cards or billiards or darts. It was evident that these young men were thoroughly enjoying life in the R. C. A. F.

Living accommodation is splendid. Each man's bed in the sleeping quarters was neat and clean. These men took pride in air force life and living. Meals—well, you should just look in when the dinner bell rings. Good food in abundance is the password in the mess-hall of the Canadian Air Force units.

This is the life to which the Canadian government is attracting scores of young men. They are needed now—men between the ages of 18 and 50 for general duties—men between the ages of 18 and 25 for air frame mechanics. Men are also needed as carpenters, wireless operators, electricians and so on. In many of the categories no previous training is required. Young men are required for the Youth Training Schools and it is natural to suppose that the greater their education the more rapid will be their advance from the ranks.

Canada and the Empire is calling these young men to a life of adventure and service. It is not a life of dull rigid discipline. It is a life of fun and enjoyment in the service of the air force. When you have had an inside look at the service, when you have talked with kindly courteous officers and when you have seen these happy young men, you know at once why hundreds of Canadian young men are hurrying to the ranks of the Royal Canadian Air Force.

EUROPEANS ARRIVE

NEW YORK—After a hectic 48-day voyage from Bilbao, Spain, under many hardships in a ship which had but meagre accommodation, 770 European refugees—French, Poles, Russians and others from German and French internment camps—reached New York yesterday.

.....

LANDING OF CANADIANS

More Dominion Troops Arrive In Britain to Augment Third Division

AT A BRITISH PORT, Sept. 13:—Cheered by news of the Canadian Spitzbergen expedition and hoping for more such raids, "so we can get action too," fresh detachments of the Canadian Third Division arrived today. A Manitoba rifle regiment and signals and ordnance troops comprised these late recruits for the overseas army.

TERRORISTS STILL BUSY

Attempt to Blow up Prefecture At Limoges in Unoccupied France Thwarted

VERY, Sept. 13:—The official French information office reported today that terrorists in the unoccupied zone of France attempted to blow up the prefecture at Limoges. The office said that the bomb was discovered in time to foil the attempt.

JAPAN AND UNCLE SAM

Extremist Looks For Trouble While Reuters Dispatch Says That Accord is Near

TOKYO, Sept. 13:—Seigo Natsuno, extreme nationalist political leader, told a mass meeting today that Japan is prepared to fight to the last man in the event she cannot reach a settlement of differences with United States through diplomatic channels.

Hospital Coal Order Awarded

Albert & McCaffery, As Lowest Tenderer, To Supply Fuel To Institution

Albert & McCaffery, being the lower tenderer, was given an order for coal supply for the hospital by the board of directors of the Prince Rupert General Hospital at the meeting last night. The tenders were:

- Albert & McCaffery—Nanaimo-Wellington double-screened lump, \$14.15 bulk, \$15.35 sacked; Nanaimo-Wellington washed pea, bulk, \$10.50 sacked, \$11; McLeod River, bulk, \$11.50; sacked, \$12.75.
- Phillips-Evitt Co.—Nanaimo-Wellington double-screened lump, bulk, \$14.25; sacked, \$15.50; Nanaimo-Wellington washed pea, bulk, \$10.55; sacked, \$11.05; Foot-hills, bulk, \$11.60; sacked, \$13.

The total content of the seas has been estimated as 323,000,000 cubic miles.

DAILY EDITION

Saturday, September 13, 1941

Meet Us There . . .

If the weather is fine we hope to meet the whole city at the Court House grounds tomorrow morning to join in the war rededication ceremony. If weather is unfavorable, we will gather at the Capitol Theatre. We are now at the beginning of the third year of the war and there is not the slightest sign on our side of weakening. Canada is in the war up to the hilt and will continue so until Nazism is destroyed. Let us all get together tomorrow and show the world that we are a united people.

Straight Talk . . .

The radio address of President Roosevelt was straight from the shoulder talk that should have a salutary effect on Germany and Italy just now unless those countries decide that they want United States drawn into the war. If that is their policy they know how to get it carried out. Evidently President Roosevelt has decided that piracy on the high seas will not be tolerated and the United States Navy will see that it must stop.

Flourishing Seaport . . .

The Baltic port of Rostock was heavily bombed Thursday night. It is near Stralsund, Mecklenburg, and before the war did some trade with Sweden. It exported grain, flax and cattle. It is now a railway centre and provides a train-ferry service with Sweden. With the intensive bombing of the larger ports Rostock has become increasingly important.

Good News From Japan . . .

It is good news that comes from Japan to the effect that the Emperor has intervened on behalf of peace. We are not suggesting that Hirohito was actuated by motives other than the good of his country. He must know that it would be suicidal for his country to attempt to attack United States and Great Britain with any hope of victory. To call off the dogs of war was to act with circumspection. Recently Britain gave Japan a practical ultimatum and now President Roosevelt has announced to the world that the United States is through with following any weak-kneed policy.

The Daily News is a member of the Canadian Daily Newspaper Association, of the Canadian Press and of the Audit Bureau of Circulations. It is the only paper north of Vancouver and West of Edmonton holding membership in these organizations.

HOSPITAL NOTES

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held last night at the hospital. The session lasted for about an hour and a half and considerable business was dealt with. President Frank Dibb was in the chair and others present were D. G. Borland, Dr. R. G. Large, Arnold Flaten, G. P. Tinker, R. E. Benson and Mrs. S. A. Kielback, directors; Miss Margaret Jamieson R. N., lady superintendent, and H. W. Birch, managing secretary.

Reports for the months of July and August from H. T. Lock, fire chief, on regular inspections at the Prince Rupert General Hospital, stating that conditions from a fire standpoint were being maintained at the usual high standard, were received and filed at the regular monthly meeting of the hospital board last night.

At last night's meeting of the board of directors of the Prince Rupert General Hospital a communication was read from the Nicola Valley General Hospital at Merritt in regard to the matter of free service to Indian patients as represented by the difference in accounts rendered to the Indian Department and fees actually paid by the department was read. This suggested that a record be kept of such deductions for future reference.

Mrs. S. A. Kielback, reporting for the Women's Auxiliary last night at the regular monthly meeting of the Prince Rupert General Hospital board, had nothing to comment upon except for the rummage sale to be held on September 20 by the Auxiliary. She asked the support of members of the board and their wives for that event.

The report of the finance committee, Arnold Flaten, chairman, presented at the regular monthly meeting of the board of directors of the Prince Rupert General Hospital last night, showed expenditures for August of \$5471.06 of which \$5443.20 was current and \$277.77 capital. Hospital days totalled 1478 at a cost per diem of \$3.68.

The hospital board last night gave the local Red Cross permission to store in the hospital a considerable supply of emergency disaster equipment, including surgical instruments and other material, which recently arrived in Prince Rupert. It was left to the house committee to decide where in the hospital such storage might most conveniently be afforded.

Frank Dibb, the president, reported to the hospital board, at its regular monthly meeting last night, on an interview he had had with Dr. Harold McGill, supervisor of Indian Agencies from Ottawa, during a recent visit of that of-

ficial to the city. The matter of payments covering Indian patients in the hospital had been gone into. Dr. McGill had proven most sympathetic and evidently felt that the local hospital had a just claim to better treatment. Mr. Dibb said. It was expected that, as a result of Dr. McGill taking the matter up at Ottawa, the local hospital would derive some benefit.

The hospital board, at its regular monthly meeting last night, authorized the house committee to make purchase of enamel and flatware to the extent of an estimated \$250 for the institution. Dr. R. G. Large mentioned other equipment which was quite badly needed and would lend much to the efficiency of nursing service such as instrument sterilizers and trays on each floor. It was left to the house committee and Miss Margaret Jamieson R. N., lady superintendent, to get together and compile equipment requirements for 1942 with a view to budgeting therefor.

There was a lengthy letter to the regular monthly meeting last night of the board of directors of the Prince Rupert General Hospital regarding the provincial royal commission which is now engaged in investigating complaints against the Workmen's Compensation Board in regard to treatment of hospitals, more particularly in the matter of settlement of accounts. Already there had been an improvement. President Frank Dibb and Secretary H. W. Birch indicated, in an increase in grants by the compensation board to hospitals but there was still much to be desired.

Protection Of Hospital From Air Raids Up

The matter of protection of the Prince Rupert General Hospital against possible bombing in air raids was brought up at last night's meeting of the hospital board when the lady superintendent, Miss Margaret Jamieson R. N., suggested that sand might be deposited at convenient points in the attic as a precaution against incendiary bombs. This was already being done on the east coast, Miss Jamieson said. The matter was left to the house committee.

Seventy-two percent of the surface of the earth is water.

HOSPITAL IS BUSIER NOW

Number Of Patients Admitted
And Discharged Double What
It Was Eighteen Months Ago

The Prince Rupert General Hospital is admitting and discharging patients today at a rate almost double that of eighteen months ago. Miss Margaret Jamieson R. N., lady superintendent, told the board of directors at its regular monthly meeting last night. The hospital is being maintained at the same staff strength as before but it may not be long before the staff may have to be increased. Miss Jamieson suggested. During August 151 patients had been admitted and 157 discharged. Miss Jamieson advised the board.

Recent changes in the staff had included the resignation of Miss Lillian Moss and the appointment of Miss Maxine McLean, the lady superintendent reported. There was an increasing shrinkage in the supply of nurses available for hospital service.

Miss Jamieson reported donations of two new beds by the Women's Auxiliary and new chair and table for the ward of Belist Chapter, Order of the Eastern Star. Suitable acknowledgment of the gifts was ordered by the board. It was also stated that the Rebekah Lodge was presenting a fracture bed to the hospital but had been unable so far to obtain delivery.

Flower Girl For Red Cross Turns In \$30.63 Total

June Carter, the charming little girl who has been selling flowers at the tourist boats during the summer, has, as a result of her efforts, been able to turn over to the Red Cross the much appreciated sum of \$30.63. It is announced by Arnold Flaten, treasurer of the local branch. The final sum to be turned in by June was \$1.45.

Tom Lee & Son "HOUSE OF FINE FOODS"

Company To Build Walk At Hospital

The board of directors of the Prince Rupert General Hospital, at its regular monthly meeting last night, ordered the sending of a letter of thanks to A. E. Richards, general superintendent of the E. J. Ryan Contracting Co., for an offer to install at no cost to the hospital a cement sidewalk leading from the hospital to the rear entrance of the Nurses' Home. Had the hospital had to pay for the work it would have cost \$62, it was estimated.

Mr. Richards' offer was reported to the board by D. G. Borland, chairman of the grounds committee, who also suggested that improvements to the grounds east of the hospital and to a new road leading to the back of the building were desirable. The cost was estimated at \$200 but Mr. Borland did not press for the work to be carried out at the expense of any other expenditures which might be deemed more immediately necessary.

EARLY MINING

Deposits of iron, silver and later coal were discovered in Nova Scotia by some of the first French adventurers.

Important Users Say "Buy B.C. Products"

British Columbia thrives by its Industries, and its Industries are generous users of "B.C. Products."

Logging and Mining Camps were never busier than they are to-day. Employment and Purchases are steadily increasing, and industrial demands for goods "made in British Columbia" are on a rapidly ascending scale.

The Provincial Government invariably specifies "B.C. Products" for the numerous Institutions which come under its care.

No housewife buys more carefully than the Purchasing Agents for these important users, who have found by long investigation and patient test that "B.C. Products" compare very favourably with imported merchandise.

Support the Product of our own Farms and Factories. Encourage the British Columbia Producer to develop and expand. Give employment to more of our own people. By far the major portion of your domestic needs can be supplied within the Province.

POWELL AND MYRNA LOY

Another Of Popular Comedy
Romances Coming To Capitol
Theatre

With William Powell and Myrna Loy teamed again in another of their merry love adventures, "Love Crazy" comes to the screen of the Capitol Theatre as the feature offering next Monday and Tuesday, the showing inaugurating a new showing policy.

The screen's famous husband and wife find discord in the new picture when Myrna becomes jealous of Gail Patrick and wants to divorce Powell. He learns that an insane man cannot be divorced so stages all manner of queer antics to feign insanity. The trouble is that he fools the alienists who take him seriously and want to bundle him off to an asylum. Then his frantic efforts to prove that he is not really crazy make him appear all the crazier. Amid diverse complications, he finally extricates himself from the web of deceit after getting caught in an elevator, chewing up a phonograph record and even impersonating a woman.

Gail Patrick plays the beautiful school friend who precipitates the husband and wife quarrel and Jack Carson complicates matters by laying siege to Miss Loy's affections. Florence Bates has a big fun-making part as a mother-in-law. Others in the cast include Sidney Blackmer, Vladimir Sokoloff, Kathleen Lockhart, Fern Emmett, Joseph Crehan, George Meeker, Sig Rumann and Sara Haden.

BOOKINGS REVISED

New Schedule For Balance Of
Month at Capitol Theatre
Is Announced

Under the new showing policy whereby pictures will be changed Monday, Wednesday and Friday of each week, the following revised schedule of bookings at the Capitol Theatre for the balance of September is announced:

- September 15 and 16—William Powell and Myrna Loy in "Love Crazy."
- September 17 and 18—Walter Pidgeon and Joan Bennett in "Man Hunt."
- September 19 and 20—Marx Brothers in "Go West."

Halibut Landings Still Million Pounds Below Last Year as End of Season Nears—Other Marine Doings

With the closing of fishing for the season now but a couple of days removed, halibut landings at the port of Prince Rupert for the 1941 season up to and including yesterday had reached a grand total of 14,682,000 pounds as compared with 15,800,819 pounds at a corresponding date last year, thus leaving the present season still more than a million pounds below a year ago. The American landings so far this year have been 9,263,400 pounds as compared with last year's 9,617,600 pounds while the Canadian landings this season have reached an aggregate of 5,419,600 pounds as against 6,183,219 pounds a year ago at the same time. During the past week the landings totalled 483,000 pounds consisting of 178,000 pounds American and 315,000 pounds Canadian fish. Lightness of American landings is due to the fact that many of the large American vessels are running straight through to their home ports in Puget Sound with final catches of the season. Prices held at a good, steady level during the week with high price for American fish 12.5c and 11.6c paid the Sentinel for 24,000 pounds and the low 12.2c and 10.9c received by the Bernice for 25,000 pounds. For Canadian fish the top bid of the week was 13.2c and 11.2c paid the Melville for 23,000 pounds and the low 12c and 10.5c which the Svalbard received for 20,000 pounds.

Union steamer Cardena, Capt. John Boden, again delayed by heavy freights at cannery points and other calls along the coast, arrived in port at 9:15 this morning from the south and sailed at 11 a.m. on her return to Vancouver and waypoints.

Dr. B. E. Bailey of the Prince Rupert Fisheries Experimental staff sailed on the Princess Adelaide yesterday afternoon for a two weeks' trip to Vancouver.

The Lowe Inlet area will be closed for the season to all net fishing as from September 19 in order to permit escapement of fish to the spawning areas up creeks which have been exceptionally dry this summer owing to lack of rain. Announcement to this effect was made by the Department of Fisheries today. The area will remain open to trolling.

COAL! COAL!

The greatest victory Nature won—Was storing heat rays from the sun!

The coal business isn't a matter of guess work with us. We know good coal when we buy it and you will know good coal when you try it. We buy the best the mines produce. It's properly graded before it comes to us and properly screened and weighed before it comes to you.
