No Wedding Gifts - - -

Miss Mildren Osterhout of Vancouver set a new style last week end when she asked her friends not to give her wedding presents but instead to make donations to funds in which she is interested. Miss Osterhout is a leader in C.C.F. circles and, if her example is followed, it may eventually bring about a much needed reform. As things are today cupboards are needed in almost every house for the storing of wedding presents, many of which are of little economic or artistic value and some of which are never used.

The organization to share in the wedding gifts are the Rural Education plan of India, the Industrial Co-operative Movement of China, the Seamen's Institute and the International Student Service refugee Fund. All of which are organizations which the new bride contacted during her recent visit to the Orient.

Russian Situation - - -

As time advances it becomes more and more difficult to interpret the reports received from Russia and Germany in regard to the military situation. Just now we hear that the Germans are meeting with some success and this is partly admitted by the Russians.

The taking of territory does not always mean very much. As the German armies get farther into Russia their supply lines become longer and more difficult to keep open. Since the first dash, the German armies seem to have made comparatively little real progress and, if they capture new territory, it will be autumn before they have penetrated the heart of the country. The harvest season is nearing its end and very soon it will be found very difficult for the armies to live out of doors. It is quite possible that the Germans may suffer a fate similar to that of Napoleon's army when it suffered its disastrous historic defeat.

INTERESTED IN DEFENSE

Central Interior Beginning to Realize Situation as Result of Attorney General's Visit

SMITHERS, Aug. 5.— Considerable interest has been developed in civilian defence matters throughout the interior following the visit last week of attorney General Gordon Wismer, Commissioner of Provincial Police T. W. S. Parsons and Inspectors S. F. M. Moodie and Ernest Gammon. Organization is being, as a result, instituted at various points.

Mr. Wismer and his party arrived in Smithers last Thursday morning and held meetings in connection with the organization of civilian protection measures. E. T. Kenney, M.L.A. for Skeena, accompanied the party here from Terrace.

A preliminary Smithers meeting was held in the Court House where Major Moodie addressed a meeting of those gathered for the purpose of organization. A large meeting was held in the Reo Theatre Thursday evening when Attorney General Wismer, Commissioner T. W. S. Parsons and Inspector Moodie addressed the gathering and British war pictures were shown. L. H. Kenney was chairman and others on the platform were Village Commissioners Harvey Davies and Charles Morris, Inspector Ernest Gammon and Clarence Bussinger, president of the Bulkley Valley District Chamber of Commerce. The speakers made an impression as to the needs of organizing the civilian protection organization.

The Attorney General was obliged to cancel a proposed trip to Douglas Lodge and Port St. James on Friday owing to the slight illness of Mrs. Wismer who spent two days in hospital while here.

Mr. and Mrs. Wismer left Smithers on Friday evening by train. Visiting various points of interest, Mr. Wismer was taken around the district and went as far as Hazelton. He was very much impressed with the possibilities of the Bulkley Valley and predicted a very healthy future for this area after the war.

Mr. Wismer watched the Indians catching salmon under the high level bridge at Hagwilget Canyon and also stopped at Moricetown Falls where the Indians are now very busy laying in their stock of salmon. The Attorney General marvelled at the expert fishing ability of one Indian woman who was pulling in salmon at the rate of one a minute and had about 150 fish laying around her on the rocks. She seemed to be far excelling the Indian men who were also fishing near her.

Mr. and Mrs. Wismer left Smith-

Westview Lead Better Still

Defeated McClymont Park Yesterday in Gyro Playground Softball

Defeating McClymont Park 11 to 9 at Acropolis Park Tuesday morning, Westview went further into the lead in the Gyro Playgrounds Boys' Softball League. McClymont's loss dropped the team into a tie with Seal Cove, each having won two and lost four.

Playing without the Reid brothers and Rupert Holkestad, who are working, McClymont nevertheless put up a good fight, especially after the first inning and with any luck might have won. In the fifth and last inning, however, with the tying runs on second and third, Tommy Piffold struck out Buster Hale to end the game and give Westview its fifth victory in six games.

Both pitchers, Blake of McClymont and Piffold of Westview, hurled nice ball while Buddy Morris of Westview surprised his team mates by smashing out two solid singles during the game.

Thursday morning should see a good game with Sea Cove and McClymont battling it out for sole possession of second place. This game will be played at the High School grounds.

ers by fast train Friday evening for Prince George while Commissioner Parsons and Major Moodie left Friday morning.

E. T. Kenney returned to Terrace Saturday morning.

Grotto Beats Fraser Street

In the Ladies' softball League last night the top place grotto kept going strong by downing Fraser Street 11 to 7. It was a fairly good game. The winners outhit the losers 6 to 4.

Susie Woods and Michi Yamanaka turned in a good game for the Grotto and were responsible mostly for their win while Bourgon and Schroder were the pick for the losers.

Batteries for Grotto were Robertson and James and for Fraser Street Hingston and Schroder. Umpires were Ted Arney and Ma Bilespy.

It's quite simple — when I'm giving a party, I buy Sweet Caps because I've found that my guests, both men and women, like them best. I've asked why more Canadians smoke them than any other brand. The answer is that they give a greater measure of pleasure, are milder, more uniform. That's why, package for package, Sweet Caps are your best cigarette buy.

PRINCESS' BIRTHDAY

Two Year Old Irene Of Netherlands Has Party

PICTOU LODGE, Nova Scotia, August 6:—Little Princess Irene of the Netherlands was two years old yesterday and had a party to celebrate. Present were her older sister, Princess Beatrice, who is three years old, and some of the children who are guests at the lodge. H. R. H. Princess Juliana of the Netherlands, with her two children, are guests at this Canadian National Railways summer hotel.

The little Dutch princesses have won the hearts of all the guests and one, a famous medical specialist from New York, presented Princess Beatrice with a sailor doll.

The little princesses are general favorites with the staff, states Gordon Foster, the manager of the lodge. They are most lovable children and are certainly being brought up with the true democratic spirit. In speaking with members of the staff of Crown Princess Juliana it is apparent one good thing that will come out of the war will be the closer bonds between the people of the Netherlands and of Canada for the kindly way in which the Canadian people have taken to their hearts the members of the Dutch Royal Family who have found temporary haven in this country.

John Lindquist, builder and contractor, was drowned in the Bulkley River last week. Accompanied by H. L. Meyers, he left New Hazelton. At 12-mile their raft missed the landing and was carried down

stream. Mr. Lindquist, caught an overhanging tree, then tried to swim to his companions aid, but sank. Meyers, much exhausted, managed to reach shore. Mr. Lindquist, who built many of the blocks in New Hazelton, was highly esteemed by all.

Mrs. W. M. W. Murray, wife of the chief clerk in the Grand Trunk Pacific B. and B. Department, and family, returned from Scotland last evening after an absence of several months. They sailed from Liverpool on the Metagama. Owing to the submarine menace, passengers had to wear lifebelts during certain parts of the voyage but the voyage was made in safety.

About thirty guests were present for the occasion. The rooms were decorated with pink and white streamers and white wedding bells. The table was centred with pink and white sweet peas in a silver holder. There were seven candlelights. Pouring were Mrs. M. Mussallem and Mrs. F. W. Hart.

Delicious refreshments were served by the hostess.

SMITHERS

A long fire alarm sounded on the steam siren at the round house Tuesday afternoon turned out the whole town when it was known that the alarm was coming from the hospital. Luckily it proved to be a false alarm, the switch apparently having been pulled by an Indian boy patient who had time on his hands with nothing to do.

Norma Kenney and Jessie Lewellyn of Terrace, who have been holidaying at Lake Kathlyn, left on Tuesday afternoon for home, having enjoyed a pleasant week at the Smithers resort.

Travellers arriving home from Vancouver by motor car on Monday evening were Miss Della Carpenter and her sister, Mrs. Art Handford, Mrs. Todd, Mrs. L. H. Kenney and Joe Watson. Inability to obtain gasoline at times along the route delayed the time of arrival.

Mr. McAfee of the construction staff of Carter-Hall Aldinger Contracting Company has arrived in Smithers from Prince George in connection with the starting of work on the Smithers airport.

Dr. J. T. Mandy, resident mining engineer, accompanied by his assistant, arrived in Smithers a few days ago and is now busily engaged in visiting the mining operations of the district. Already he has covered a lot of ground and has visited the Red Rose Mine and the Hunter Basin property as well as some of the properties on Hudson Bay Mountain.

SHIPYARD EMPLOYEES' REPLY

Editor, Daily News:
We, the Shipyard Employees' Association of the Prince Rupert Dry Dock, representing the Boilermakers and Iron Shipbuilders Union, National Union of Machinists, Fitters and Helpers, International Sheet Metal Workers, International Brotherhood of Carpenters and Joiners, Amalgamated Building Workers Locals 1 and 2, International Union of Electrical Workers and, having a total membership exceeding 500, have jointly met and discussed the scurrilous editorial printed in your edition of Monday, August 4th, 1941, in which you have assumed authority to speak for the Dry Dock employees. We feel that harmony and co-operation by all is essential in the war effort and such unqualified and idle street gossip is unworthy material on which to base an editorial in a paper that enjoys such a wide circulation.

We question the authenticity of your information and demand that a public apology be printed on the front page of your paper together with this letter. Should this not be forthcoming we shall endeavour to see that editorials lauding the war effort and the workers of this city are prevented from publication in future.

abundant hot water!

"Water, water, everywhere but all of it stone cold."

"Which is where I step into the picture," says Reddy Kilowatt, "to supply HOT water at the turn of a tap. All you have to do is install an Electric Water Heater and the days of cold-water shaving — luke-warm baths — and water painfully heated by the bucket for laundry and other household tasks, are over. Yes, I get as big a kick out of supplying hot water as you and your family will get out of having it always ready. And remember, you can count on comfortable budget terms to make ownership easy."
