NORTHERN AND CENTRAL BRITISH COLUMBIA'S NEWSPAPER

PRINCE RUPERT, B.C., WEDNESDAY, JUNE 18, 1941

PRICE: 5 CENTS.

Last Call For Victory - - -

Victory Loan 1941 is now in the third and most intensive week of the campaign. This is the week that the canvassers go after those who have been stalling. Those who may have subscribed already but whom it is known or felt are able to purchase more bonds without any difficulty or undue hardship will also be contacted again. To such people, it might be fitting to suggest that they make up their minds without further delay and do what they consider the right thing. Why be unnecessarily bothered or embarrassed?

Many who are conscientious in the matter have by now subscribed to the limit. Some have subscribed to the point of sacrifice. On the other hand, it is evident, in home cases definitely known, that many people have not done their duty in the matter. It is the latter people who may make the difference between success and failure in this very important matter.

There is a good deal at stake in this Victory Loan 1941. For one thing Canada's good name is involved. One very important thing to be considered is the reactions. What will Great Britain, what will United States, what will the enemy think if Canadians are not willing even to lend their money, their spare money, in support of the battle for the very things in life that we profess to hold so dear? This is the responsibility of those who have the means to assist in this very easy way and fail to do so.

Those who may be compelled to consider Victory Bonds from the standpoint of possible liquidation are once more assured that they are virtually as negotiable as cash currency or as a check on money in the bank.

All we would presume to suggest is: Put everything of cash or credit you possibly can into Victory Bonds. If every one in Prince Rupert does this we will go "over the top" in a big way. Don't be a slacker. Don't be a procrastinator. Don't be a Fifth Columnist. Buy all the Victory Bonds you can and clear your conscience.

A Serious Situation - - -

Complacency on the part of the public is given as one reason why the Victory Loan 1941 has not met with a quicker response than it has.

Surely no one in Canada can remain complacent in face of current news. Prime Minister Churchill in commenting on the withdrawal from Crete states: "There were not more British airdromes on the island because there were not enough anti-aircraft guns of high and low ceiling to defend a great number of fields."

"All the time the battle of the Atlantic has been going on and a great number of guns which might have been usefully employed in Crete have been mounted and are being mounted on ships to beat off attacks."

"A man must be a perfect fool who thinks we have large quantities of anti-aircraft guns lying about unused at the present time."

Victory Bond money will be used to rectify these deficiencies.

To Control Light And Sound Should Attack Be Made

OTTAWA, June 18: (CP)—Hon. Ian Mackenzie, minister of national health and soldiers' civil re-establishment, has had added to his department responsibility for the control of light and sounds in Canada in the event of enemy attack.

To Oppose Abandoning Rail Lines

VICTORIA, June 18.—Hon. C. S. Leary, minister of public works, has left for Nelson where he will attend sessions of the Board of Railway Commission to oppose an application of the Canadian Pacific Railway company to pull up the Lardeau-Gerrard railway line at the north end of Kootenay Lake and that of the Great Northern Railway to abandon the South Nelson-Waneta line.

Timber Workers Strike Is Ended

Four-Fifths of 12,000 C.I.O. Members Are Now Back on Their Jobs

TACOMA, June 18.—A settlement has been reached in the dispute which led to the strike of 12,000 sawmill and woods workers belonging to the Congress on Industrial Organization and four-fifths of the men were back at work yesterday as the industry in the Pacific Northwest returned to its normal basis.

This is a war to the death! A war between savagery and democracy. If you want democracy to win, you must do your share. Invest in Victory Bonds.

To Run Once More—

PATTULLO IS AGAIN CHOICE OF LIBERALS AS LOCAL CANDIDATE

Is Unanimous Choice of Convention—Discloses Plans for Future in His Speech of Acceptance

Prince Rupert Liberals Tuesday night renominated as their candidate in the next provincial election Premier T. D. Pattullo who for twenty-five years has been the member for the riding. It was a unanimous nomination, no other names being mentioned. In accepting the nomination Mr. Pattullo admitted that he had not only been

anxious to be renominated but was equally anxious to be re-elected. He had many ambitions yet to carry out for this province for which he saw a marvellous future ahead.

The Premier said that he desired to see the social services of the province gradually and continually expanded within the capacity of the province to pay.

While negotiations with the federal government were at present on a deferred basis, Mr. Pattullo declared that he was still desirous of taking Yukon into the boundaries of British Columbia as well as a strip of the Northwest Territories as far as the Arctic Ocean thus giving the province 400,000 square miles in addition to the present 365,000.

Most Important Road He was also anxious, continued the Premier, to see the Alaska Highway constructed and, in this connection, he declared that the most important road from a military standpoint in the province today was one which would connect Prince Rupert with the interior.

Mr. Pattullo also reiterated his desire to develop the oil possibilities of the Peace River. If this was successful, and structure was favorable, it would give the province so much money that its debts comparatively would amount to nothing.

Mr. Pattullo declared that British Columbia was on the eve of a great industrial expansion. Already this province in manufactures was third only to Ontario and Quebec. Regarding an iron and steel industry, Mr. Pattullo said this was being investigated not primarily on the basis of using scrap but on manufacture from the original ore. The shipping industry should also be developed legitimately and in perpetuity.

In regard to the income tax prerogative, Mr. Pattullo made it clear that this had been surrendered to the federal government merely as a wartime measure. He would never consent to the income tax being taken over permanently for the exclusive use of the federal government. After the war was over, Mr. Pattullo said, there would have to be a new alignment of relationships with the federal government. He was as good a Canadian as anyone but

Will Russia Submit Or Resist— Such Is Question Which Still Agitates International Scene

Air Raid Here— REALISTIC REHEARSAL IS STAGED

Local A. R. P. Workers Rally And Acquit Themselves Creditably

In Victory Loan Demonstration Prince Rupert had its most realistic Air Raid Protection demonstration last night when emergency hospital nurses, first aid groups, Women's Service Corps, decontamination squads, fire fighters and patrol wardens gave a graphic illustration of what they would do in the event of an aerial attack on this city. It was the most advanced rehearsal of the kind that has so far been staged here and the many workers who turned out in response to the alarm acquitted themselves creditably, indicating that they would be quite competent should the emergency arise.

The demonstration was centred at Alder Park off Fraser Street, where a large crowd of spectators was assembled. It was put on as a part of the Victory Loan 1941 campaign.

At 7:45 p.m. the banshee sounded the alert and there was a prologue over the loud speaker system by Fire Chief H. T. Lock. Then the falling of a bomb was simulated, causing three casualties which brought first aid and stretcher bearer groups into action. The casualties were removed to an emergency nursing station and after treatment there, were taken by ambulance to hospital. Miss E. D. Priestly R. N., public health nurse, then described the work of the nursing and first aid station. Following this was a delayed bomb incident which led to the barricading off of a section of street until the bomb had later exploded. Other incidents included the falling of a gas bomb with treatment of gassed cases and decontamination of affected area, oil incendiary bomb, electrocution and fracture casualties and thermite bomb dropping described by O. C. Young, leader of the decontamination squad.

This was the first phase of the "attack." Later the raiders returned and scored a direct hit on the field casualty station, setting it on fire whereupon the auxiliary fire unit arrived with members of the Women's Service Corp applying the hose to extinguish it. A novel incident in this connection was the appearance of Nazi saboteurs in the persons of Bill Stone and Joe Scott both of whom were "shot dead" and dragged unceremoniously away.

One of the features of the demonstration was provided by the Rocky Mountain Rangers band which provided very realistic effects such as the drone of raiding airplanes, the pounding of falling bombs, the rattle of machine guns and anti-aircraft fire. This was carried out so effectively that many of the spectators were baffled for some time.

Norton Youngs was announcer for the evening and he did an excellent job.

CLOSE TO OBJECTIVE

OTTAWA, June 18: (CP)—With \$37,288,850 subscribed yesterday, the total amount assured for the Victory Loan now stands at \$538,775,000.

Conflicting Reports as to Attitude of Soviet in Face of Increasing Hitler Pressure—Outwardly Little is Apparent

SIGNING ANNOUNCED BERLIN—The German government tonight announced that it had signed a friendship treaty with Turkey at Ankara.

LONDON, June 18: (CP)—Well informed foreign sources today reported the signing of some sort of agreement between Germany and Turkey was imminent and said that Great Britain had been kept informed of negotiations throughout. The agreement is expected to provide for mutual respect of national territory, said these sources who added that the Germans expected it would leave Russia with a greater feeling of isolation and would, consequently, lessen her will to resist German demands.

Barker Body Is Recovered

A body was washed upon the shore of Queen Charlotte Islands near Tiell last night about five o'clock, the provincial police here are advised. It is believed to be the body of John Barker, one of those who lost his life in the wreck of the Bentinck on June 1. No details were given in the message to the police.

Bulletins

VANCOUVER TRAGEDY VANCOUVER—Mr. and Mrs. Nelson McMillan were suffocated to death before 3 o'clock this morning as fire destroyed their home at 1927 Kitchener Street in the Grandview district. It is believed McMillan, after calling for help, went back to rescue his wife. His body was found on the stairs and hers in bed. They were not burned. Both were about sixty years of age.

STRONG GERMAN PROTEST WASHINGTON—A strong German protest on the expulsion of Nazi consuls from United States was delivered to the Department of State today and Sumner Welles, Under Secretary of State, indicated it would be flatly rejected. The contents of the protest were not disclosed.

POSITION IN SYRIA

LONDON, June 18: (CP)—Counter-attacking Vichy forces have recaptured Syrian towns of Merdjayoun and Kuneitra, south of Damascus, British sources acknowledged today, but they declared that the advance had been halted and the situation was well in hand.

No Less Than 150 British Planes Used in Assault on Channel Fronts—West Germany Hit Again

SOUTHEAST COAST ENGLISH TOWN, June 18: (CP)—A force of at least 150 Royal Air Force bombers attacked coastal objectives on the French side of the English Channel last night with Boulogne one of the main objectives.

Strong forces of British bombers smashed at Western Germany for the seventh successive night last night, setting many fires and causing widespread destruction in Cologne and Dusseldorf. The Royal Air Force also smashed at Nazi shipping and coastal points.

On Monday night Royal Air Force planes bombed western industrial districts of Germany for the sixth successive night, delivering their principal blows on Cologne and Dusseldorf, starting many fires, the Air Ministry announced.

servant of the whole province but his riding had benefitted and not suffered. In his own capacity as member for Skeena, he was appreciative of the co-operation and consideration he had always received from the Premier.

Mr. Kenney felt that the time had now arrived when more speedy progress on northern highway construction might be expected.

The Nomination

T. W. Brown moved Mr. Pattullo's nomination. After referring to Mr. Pattullo's success in organizing and leading a party which was badly broken up when he had taken it over, Mr. Brown said that he and the Premier had often disagreed, Mr. Pattullo's principal asset, Mr. Brown felt, was that he was a man who would firmly say "yes" or "no." There was no temporizing or middle ground with him. One always knew where he stood in all matters.

S. E. Parker, in seconding the

nomination, referred to his long acquaintance with the Premier. This was no time to make a change. If a change was ever to be made it should have been long ago. A man of ripe experience who had given long and capable service, Mr. Pattullo had served Prince Rupert well. He agreed with Mr. Brown that one of the Premier's main assets was that he had the courage of his convictions. He had been a good representative for Prince Rupert and, in justice, no idea of any other nominee could be entertained.

Officers Elected

The meeting elected officers for the Prince Rupert Provincial District Liberal Association as follows:

- Honorary Presidents, Rt. Hon. William Lyon Mackenzie King and Hon. T. D. Pattullo.
- Honorary Vice-President, Olof Hanson M.P.
- President, G. C. Mitchell.
- Vice-President, Noel W. Taylor, Massett.
- Secretary, Arthur Brooksbank.
- Executive—C. C. Mills, Robert Gordon, J. J. Judge and T. W. Brown.

Pastor Says Louis Will Kayo Conn Grotto And Steel Workers Win—Braddock Picks Conn

NEW YORK, June 18.—Bob Pastor, who met them both, says that Joe Louis may knock out Billy Conn in the first round of their title bout tonight and it certainly will not take the champion more than seven rounds to do so.

NEW YORK, June 17: (CP)—James J. Braddock, former world heavyweight boxing champion, thinks Joe Louis is in for trouble when he risks his heavyweight championship against Billy Conn at New York's Polo Grounds tonight. He says: "I think Louis at his peak was the greatest fighter I have ever seen, a good boxer and a murderous puncher. But he is past his peak. He has never met a boxer as good as Conn. And he has never faced a challenger who moves about or throws punches as fast as Conn."

"It has been nearly four years since Louis won the championship from me, June 22, 1937. He has turned back the challenges of many contenders, some of them good men. But time has changed him. He isn't the hungry, ambitious fighter he was."

"He isn't as fast. And his punches don't carry the zip they did a year or two ago. Mediocre fighters have taken his Sunday punches without going down. He has softened up. He gets cut occasionally now. He gets hit with punches he would have dodged before."

"Conn will not be hit anywhere near as often as those bigger, slower fighters Joe has beaten. Some say Conn, when he is hit, will lose his temper and try to slug with Joe. I don't think so. I think he will be too smart. Anyway, it will be a great fight."

SOFTBALL LAST EVE

Grotto And Steel Workers Win Their Games

In the city league softball games played last night the league leading Grotto had no trouble in defeating Stone's by a score of 18 to 8 in a very one-sided game while steel workers won over Dry Dock 11 to 8 in a close affair.

Batteries were: Kellet and Morgan for Grotto and Wendle and Brooks for Stone's.

The Steel Workers-Dry Dock match was an exciting game. Up to the fourth inning it was 2-all and then the Dry Dock turned on the heat to get four runs in the fifth inning the Steel Workers came back to get five more to make it 7 to 6. In the sixth the Steel Men won four more to clinch the game while the losers' only managed to get two more.

Batteries for Steel Workers were Canari, Arlington, Bury and La Soto and for Dry Dock Lea, Smith and Debroy.

Umpires for the evening were Bury, Harrison, Simonsen and J. Pierce.

Scorer was Domini; Montesano.

SPOKE FOR SUPPORT OF LOAN HERE

Premier Pattullo and W. R. McAfee Heard Last Night

Premier Pattullo spoke in support of the Victory Loan 1941 campaign at an air raid protection demonstration in Prince Rupert last night. He made a plea to young men to assume their responsibility and enlist and exhorted those who could not serve actively to do their utmost in purchasing Victory Bonds.

The least those who could not serve actively in the war could do was to purchase Victory Bonds to the utmost of their capacity, declared Mr. Pattullo. No stone should be left unturned to insure that the ways and means of fighting under most favorable conditions were provided. He exhorted all Prince Rupert people to do all they possibly could to support the loan.

As honorary chairman of the Victory Loan campaign committee for British Columbia, Mr. Pattullo acknowledged with appreciation the efforts of the local committee headed by J. J. Little, Norton Youmes, the indefatigable chairman of the publicity committee, and all those who were assisting in any way.

Commenting on the air raid protection demonstration, Premier Pattullo referred to the fine response of the citizens in areas which had been designated as vulnerable in volunteering their services. Thousands had rallied in various parts of the province and were forming an organization which it was well to have even although it was to be hoped that they would never have to practically apply their activities.

W. R. McAfee
W. R. McAfee urged the necessity of unity, regardless of creed or politics, in supporting the Victory Loan. He alluded to the effect of the success of otherwise of the Victory Loan.

"This is a tide in our affairs," said Mr. McAfee, "which taken now with determination, will lead to ultimate victory, to freedom and justice for all the peoples of this earth."

Mr. McAfee declared the indifference and complacency of some Prince Rupert people to the Victory Loan to be "appalling." Results were far from satisfactory yet. So far there had been something over 1200 individual subscriptions. Two thousand should be reached.

In the St. Andrew's rooms the members of St. Andrew's Society met to take farewell of Dan McLean, one of the original members of the society. Mr. McLean is going to Seattle.

Henry L. Drayton, chairman of the Railroad Commission of Canada, arrived here last evening from the east on a tour of inspection. He is accompanied by W. P. Hinton, the G. T. P. traffic manager. W. W. C. Mehan, general superintendent, has gone east to meet the party. Mr. Drayton will proceed to Vancouver where the commission will hold a sitting.

At the Atlin Conservative convention, W. X. Macdonald was nominated as the Conservative candidate to oppose Frank H. Mobley, the Liberal nominee for that district. The Conservative convention was presided over by J. E. Merryfield, secretary of Prince Rupert Conservative Association.

MORE ORE IS SOUGHT

Practically all development at the Big Missouri Mine during 1940 was aimed at bringing end ore into production, said the report of D. S. Campbell, mine manager, as summarized in the directors' report of the Big Missouri Mines Corporation for the year.

Mr. Campbell reported that the grade of ore at present was running just under the commercial limit. He added that the tendency was still downward and that this could only be checked by highest grade ore in the north end.

Under ordinary operating conditions, Mr. Campbell said, with high tonnage, the operation would break even with ore running around 0.06 ounce per ton. This was not the case over the whole year, however, and the spring shutdown increased average costs, making an average grade of 0.07 ounce necessary to be sure of breaking even. In 1940 the closedown period was from April 13 to May 15.

The mill was operated at reduced tonnage with two ball mills from January 13 until the water came up in the lake. Tons milled averaged 639 daily exclusive of the shutdown period.

Tonnage milled was 212,112 averaging 0.068 ounces in gold. Margin of profit was much lower than in the preceding year.

Mr. Campbell said costs in 1941 could not be expected to show any improvement and would likely be slightly up. Operating profit for 1940 was \$6,806. In addition, \$21,459 was set aside for future development and \$21,211 returned on stope preparation account.

REDDY KILOWATT SAVES ME TIME WORK AND WORRY!

HE'LL HELP YOU, TOO!

Yes, Reddy Kilowatt surely makes things hot! Just snap the switch and your electric iron is ready to use in no time. You'll find the new, lightweight, fast heating, automatic irons a wonderful improvement on the old fashioned kind. These speedy irons make hand ironing a much simpler task. See them today.

HE'LL DO THE WORK OF 10 MAIDS!

You don't need to worry about giving Reddy Kilowatt too much work to do. He'll make your toast, brew your coffee, grill your bacon, iron your clothes, cook delicious waffles, sweep the rugs and do scores of other things without complaining! Just give him the tools to work with and Reddy will do the rest.

HEAR WHAT HE SAYS...

"The more I work the less my wages are, so turn over all your household chores to me and put me to work on more labour saving jobs—electric cooking, electric water heating, electric refrigeration. You see, the harder I work the less I charge, so it's up to you to get the most out of me!"

"Reddy Kilowatt!"

"P.S.—Have you bought your Victory Bonds yet?"

VISITOR IS COLORFUL

"Scotty" Stewart Is At Present In
Central Interior

SMITHERS, June 18.—Smithers has just been favored with another visit from that itinerant ambassador of goodwill and happiness, "Scotty" Stewart who makes periodical visits every three or four years.

"Scotty" is a veteran of the Boer War and the last Great War and he makes the world his neighborhood and every man his friend. He is an expert sign painter and he remains in each town long enough to paint a few signs before moving on to the next place.

He is a world tourist, hale fellow well met, tin whistle musician and has friends in every city, town and hamlet from British Columbia to Nova Scotia.

Since he was last in Smithers "Scotty" detoured to Australia and New Zealand but he was in Nova Scotia at the time of the visit of the King and Queen where he played the bagpipes for Their Majesties and was photographed with them.

He has now moved on to South Hazelton to visit his old friend, "Scotty" McRae, but expects to return to Smithers immediately to finish a few contracts for sign painting before taking his departure for other realms.

"Scotty" is a first class raconteur and can keep up a steady fire of conversation to amuse the many spectators who gather to watch his speed and skill when painting a sign on a plate glass window.

He expects to rejoin the army for his third war and hopes to again attain his rank of Regimental Sergeant Major which he held in the last war.

He is always welcomed to Smithers by the veterans of the town with whom he is now well acquainted.

Smithers Burglaries

Series Of Breakings And Enterings
Of Business Premises

SMITHERS, June 18.—A few weeks ago there was an epidemic of burglaries when several of the local stores were broken into at night and the cash removed from the tills while goods were also stolen.

Friday night another one of the stores was burglarized and \$25 stolen from the till. So far no culprit has been apprehended in these robberies.

PRINCE GEORGE

The Central Interior Women's Institute convention held at Pineview last Thursday afternoon brought out a representative gathering of delegates from district institutes. Lunch was served. R. G. Newton, superintendent of the Dominion experimental station at Pineview, was the guest speaker and many discussions by delegates dealt with matters pertaining to women's activities.

Following representation made to the government on behalf of residents of Reid Lake district a reserve has been placed on a small acreage at the southwest corner of Reid Lake to be used for recreation and community purposes. Residents of the district propose to erect a community hall on the site this year.

A sixty-nine pound sturgeon was caught at the mouth of the Nechako River by George Gerhardt last week.

Construction of the Miworth ferry has been delayed because of the lateness in delivery of the lumber required.

J. Gray Turgeon, M. P. for Cariboo, has suggested to the Department of Mines and Resources at Ottawa that conscientious objectors to military service be used as laborers to complete the northern provincial highway between Prince George and Jasper.

Prince George is planning on a bathing beauty contest as one of the highlights for the Dominion Day celebration. Entrants will be judged on a basis of contests. The committee has prepared a program of sports, including boxing and wrestling bouts, horseshoe pitching, tug-o-war, bicycle races and other sports.

Surprise Movement by British
Against Axis Forces in North
Africa—Withdrawal Today

CAIRO, June 18: (CP)—British troops in a surprise movement "made an initial penetration as far as Fort Capuzzo" just across the Egyptian border in Libya and "then beat back determined Axis counter attacks by reinforcements hurried there from the Tobruk area," the Middle East command announced.

The Middle East Command announced today that British advance forces later withdrew yesterday to forward positions on the Libyan front to avoid an encircling movement by German reinforcements because "we had accomplished our object" of forcing the Germans to disclose their strength. The capture of several hundred German prisoners and the destruction of a large number of Axis tanks was announced.

BURNS LAKE FIELD DAY

All School Children Of Lakes
District Entertained

BURNS LAKE, June 18:—On Friday last the school children of the Lakes District were made decidedly at home by the people of Burns Lake at a field day. Cars were provided by the settlers and transportation companies to bring the wee tots in from even the most outlying schools. Two special ferries were required to handle the increased traffic across Francois Lake and fine weather favored the kiddies in spite of the ominous day and date. Ground committees handled the long program of athletic events with skill and dispatch and the youngsters were literally on their toes from start to finish.

The awards were widely and fairly distributed, Laurence Gerow of Burns Lake School leading with a total score of 52 percent, Arnold Peebles of Francois Lake 32.8 percent, Kathy Middleton of Tintagel 30 percent, Marion Anderson of Danksin 25 percent, Gurde Eide of Decker Lake 17 percent, Stanley Blackwell of Wistaria 15 percent, Edwind Sholl of Colleymount 14 percent, Isabel Patterson of Norales 11 percent, Peggy Staney of Techesinkut Lake 6 percent and Gertrude Watt of Tatalrose 4 percent. Ootsa Lake, Sheraton and Grassy Plains also showed in the awards, June Durbin carrying the honors for Grassy Plains.

The Challenge Cup was won by Burns Lake School with a heavy school attendance to draw from.

The Ruddy Motors Cup for the relay race was won by Burns Lake School.

The high jump medal was won by Evelyn Nicholls of Burns Lake while Albert Stone of Uncha Valley won the boys high jump easily

PIONEER OF CITY IS DEAD

John S. Nelson, Building Contractor
And Prominent Mason,
Passes Away Today

John Soren Nelson, pioneer building contractor and for more than thirty years one of this city's most highly esteemed residents, passed away this morning in the Prince Rupert General Hospital. He had been in failing health for the past few weeks but it was only a few days ago that he had been removed to hospital. His death will be deeply regretted by many friends who will join in extending sincere sympathy to the bereaved.

The late Mr. Nelson was born in Aarhus, Denmark, sixty-one years ago. He came to Canada at the age of six and later was sent back to the Old Country for schooling. Then he returned and practically his entire life was spent in this country, the early part of it in Ontario. Mr. Nelson came here from Vancouver in 1907 and here he had made his home continuously since.

A widow resides in London, Ontario. There is one son, John A. Nelson, Prince Rupert, and three daughters—Mrs. William (Jean) Reid, Lucknow, Ontario, Mrs. William (Alice) Watts, Prince Rupert, and Mrs. K. V. (Mary) Malthouse, Prince Rupert. There are also six grandchildren. There is a brother in Fort William and other relatives in Denmark.

A prominent Mason, Mr. Nelson was a past master of Tyee Lodge and was also a member of Kalien Chapter, Royal Arch Masons; Kincolith Preceptory, Knights Templar, and Gizeh Temple of the Shrine.

NEW HAZELTON

W. E. Gow, C.N.R. agent at Hazelton, is taking time of the work for a short time as he is well. He and Mrs. Gow have been in Prince Rupert.

The hall in Hazelton was crowded a few nights ago to see the Kenny performance of wonders including a couple of trick dogs that were very clever. The show was very entertaining. Many stayed in the dance afterwards, splendid music was furnished by the company's orchestra.

Henry Wright, a Hazelton Indian who cut another Indian with a knife last New Year's holiday, gave himself up in Hazelton as he was taken to Smithers to await trial. He will be charged with attempt to do bodily harm.

Mr. Mahon of Vancouver, prominent layman in the United Church, was a guest speaker in the United Church. He gave an explanation of the campaign for savings stamps.
