UNANIMOUS IN AIM TO HELP PORT

Head of Railway Company and Representative Local Citizens Have Get-Together

Unanimity of purpose and desire to work in harmony and co-ordination for the advancement of the interests and development of this port and district was the keynote of speeches delivered at a luncheon yesterday aboard the steamer Prince Rupert when R. C. Vaughan, president of the Canadian National Railways, in the course of his first visit here as head of the national railway system, entertained a representative group of local citizens. In addition to Mr. Vaughan, all the other members of his large official party were present at the gathering. Speakers, in addition to the railway chief, were City Commissioner D. J. Matheson, Olof Hanson M. P. and W. R. McAfee, president of the Prince Rupert Chamber of Commerce.

Mr. Vaughan referred to the fact that this was by no means his first visit to Prince Rupert. People of this city had always been hospitable to the railway officials and it was his desire to return the hospitality. Residents of Prince Rupert were real pioneers. They had overcome great difficulties and hardships and it was gratifying to him to see that they were now getting into good shape. The interests of the railway were bound up with those of Prince Rupert and it was the desire to give this place the best service possible. Officers of the railway were always glad to hear local representations. It should be remembered, however, that the Red Pass-Prince Rupert line of the railway was being operated at a substantial loss, having gone behind many millions of dollars. When friends in Prince Rupert made representations, he wished they would keep that in mind. The industrial and colonization department of the railway was doing all it could to build up this part of the country. "We always have the welfare of this part of the country at heart," said Mr. Vaughan "and wish you the best of success in the future." The dry dock, Mr. Vaughan pointed out, was now employing 900 men with a daily payroll of \$5000 which must be a great help to Prince Rupert. The railway president stated that it was a pleasure to have his directors and officials here. Mr. Vaughan also mentioned how Olof Hanson M. P. was always keeping Prince Rupert to the forefront in the East. He was looking after the interests of this district well and was frequently heard from.

Other Speakers City Commissioner Matheson mentioned that Mr. Vaughan was already well acquainted with Prince Rupert and its requirements. Speaking briefly of the civic financial position, Mr. Matheson said that the sinking fund was now \$250,000 in excess of requirements and the city was today paying its debts and interest as it went. The Canadian National Railway was one of the largest taxpayers. At one time it had paid as high as \$150,000 although now it was only paying half that amount.

Olof Hanson was glad to extend a welcome to Mr. Vaughan and his party. To him, Mr. Hanson said, Mr. Vaughan was no stranger. They had been associated closely in connection with railway committee work at Ottawa. Mr. Hanson said that he looked forward to great progress by the railway under Mr. Vaughan's management. Indeed, Mr. Vaughan, in his former vice-presidential capacity, had already had an active and effective part in railway man-

U. S. SHIPS CLEAR OUT

All American Vessels Ordered to Leave Japanese and Chinese Waters.

WASHINGTON, Oct. 18:—Authoritative quarters indicated yesterday that all American merchant ships had been ordered out of Japanese and Chinese waters because of what the United States navy called "the situation in the Pacific." Ships in the rest of the Pacific were unaffected, it was indicated.

The navy was reported to have ordered the ships to proceed to the nearest American or British port but would make no official comment. The number of ships affected was said to be small.

NEW PLANS FOR JAPAN

Premier-Designate To Actively Pursue "Prosperity Sphere" in Far East.

TOKYO, October 18:—Lieut-General Eiki Tojo, Premier-Designate of Japan, picked yesterday to take up the reins of government dropped by Prince Fumimaro Konoye before the growing crisis in relations with Russia and the United States, today issued his manifesto which provides for aggressive development of Japan's prosperity sphere in the Far East.

Tojo, in addition to being the new Premier, heads the war and home ministries of Japan's predominantly military cabinet.

He pledged the new government today to go ahead firmly with East Asia and Axis adherence policies despite increasing tension in the Pacific.

As the Premier announced his course, the newspaper Nichi Nichi told the Japanese that "the attitude of United States had stiffened so much as to arouse the great indignation of the Japanese nation."

The development of this part of the country was linked inseparably with the railway. Prince Rupert might expect from Mr. Vaughan reasonable consideration of all suggestions that might be offered and his ready co-operation and assistance might be counted upon. Mr. Hanson hoped that Mr. Vaughan would come often to Prince Rupert.

W. R. McAfee, on behalf of the Prince Rupert Chamber of Commerce, was glad to join in the welcome to Mr. Vaughan. This city realized that it owed a great deal to the railway company as a substantial taxpayer and in other ways. Undoubtedly the railway and its officers had the interests of this city at heart. Personally, he could say that he had always met with a courteous reception on all matters from the railway company. The shipyard here, Mr. McAfee said, was going along well and, after all, it was results that counted. Today Prince Rupert was having a marked development due to the unfortunate circumstance of war. When the day of reconstruction came he trusted the railway company would stand behind Prince Rupert. For Mr. Vaughan he expressed the wish for many happy days.

While it was essential more than economic security was required in the C.C.F. plan. Economic security alone, being assured of a living without effort, led only to fatty degeneration, mentally and physically. "Surely we want something more than a mere state of having enough to eat, drink and a good time."

KENNEY IS IMPROVING SOCIALISM DISCUSSED

George Weaver Tells Where C.C.F. Plan Differs From Russia, Italy Or Germany—Personal Freedom Keynote.

TERRACE, October 18:—The provincial election campaign started Wednesday night in the Odd-fellows' Hall at Terrace when E. T. Kenney addressed a substantial gathering. Mr. Kenney's speech was, as usual, full of facts concerning provincial affairs.

Terrace people have been remarking on the steady improvement that Mr. Kenney has gained from his experience as the member for Skeena during the past years. This is perhaps inevitable in a community which knew the man years before he thought of entering politics and the steady climb up the political ladder is gratifying to his many friends in the district.

C. F. MacLean of Smithers supported the candidate and the chair was taken by Harry King.

Civic Centre Canvassers Meeting With Good Response Although Many Calls Are Yet to Be Made.

Despite unfavorable weather, other activities and various circumstances which have been rendering it difficult for the canvassers to get on to the job, good progress is being made in the civic centre financial campaign, it was evident today. People who have not yet been called upon should not come to the conclusion that they have been missed. It is just that the canvassers have not yet reached them. There has been plenty of time to think the thing over, the committee suggested today, and it would facilitate the task of the canvassers if citizens, when called upon, would have their minds made up as to the amount they think it fitting they should contribute without making it necessary to discuss the point.

With numerous contributions still not tabulated, the sum of \$2500 had been reached today. The following new contributions are acknowledged:

Stubborn Fighting Is In Progress On Every Hand On Soviet Front

British Broadcasting Station Says Nazis Are Being Held On Every Salient—Berlin Claims Overwhelming Victory.

GERMANY CLAIMS VICTORY BERLIN, Oct. 18: (CP)—The German High Command today issued a special bulletin claiming the annihilation of the grand army of Marshal Timoshenko on the Russian central front. The communique claimed the Russian force consisting of eight separate armies was wiped out in huge battles of encirclement at Bryansk and Vyazma at approaches to Moscow. Battles have been ending victoriously, the announcement asserted.

MOSCOW, Oct. 18: (CP)—Stubborn fighting is in progress everywhere along the Russian front, but it "looks as if there is no large movement" under way, authoritative sources said today. Reuters quoted a Stockholm dispatch to Vichy as saying Red Army counter-attacks had driven the Germans back in the sector north-

TRAINING OF YOUTH

Major T. W. Sutherland Speaker Before Prince Rupert Parent-Teachers' Association

At the regular monthly meeting of the Prince Rupert Parent-Teachers' Association Wednesday night at the Borden Street School, with the president, Mrs. George A. Hill in the chair, the feature of the proceedings was an address given by Major T. W. Sutherland, Officer Commanding Prince Rupert Military Hospital. The lecture was entitled "Training Youth For Democracy."

Routine business included the receiving of the secretary's and treasurer's reports. The president noted that the Association had lost the services of a very faithful worker in the person of Mrs. F. Glass who had moved from the city.

Mrs. Thomas Dixon sponsored the plan for parents meeting in groups in order to study the interests and needs of children as arranged in certain grade levels. This was being done in the larger cities of the continent with much success.

The president, who is the convener of the Telephone Bridge, reported that all was arranged for this social event and asked the members to give it their full support on October 24.

Delightful musical selections were rendered by Miss Jean Derry with a piano solo, a Sonata by Beethoven, and vocal solos by Mrs. H. N. Brocklesby and Mrs. James Lee who were accompanied by Mrs. J. C. Gilker at the piano.

At the close of the meeting refreshments were served under the direction of Mrs. T. J. Boulter. This allowed for a time of pleasant informal visiting.

FOR WAR IN AIR MELBOURNE, Oct. 18:—Minister of Aircraft Production Leckie says Australia will spend \$65,000,000 in aircraft production in 1942 as compared with \$22,750,000 in 1941.

west of Moscow, recapturing the strategic town of Kalinin, ninety-five miles from the Soviet capital. The British Broadcasting Corporation, heard in New York, said that the latest dispatches from Moscow declared that attacking Nazi troops, flanking the Soviet capital, "are now being held on all salients of the Moscow front."

Moscow dispatches stated that German divisions striking at the capital's defences were declared officially to have been beaten back several times by the Russians yesterday and the Soviet withdrawal from Odessa was pictured as a strategic triumph.

A Soviet communique said that fight was especially stubborn in the west where the Red Army had beaten off several fierce enemy attacks.

In Berlin the German High Command reported operations in Russia "are proceeding according to plan." It admitted stiff Russian resistance and made no claims to further advances.

Vote for Premier . . .

Next week the citizens of Prince Rupert and district are being asked to choose between two men to represent them in the legislature. One of these is an outsider who propounds vague theories of government that have never been tried and he is a man who has had no experience of government. So far as we know he is a good citizen of a southern district but does not and cannot get the spirit of the north.

The other man is the premier of the province who has represented this district satisfactorily since the year 1916 at which time he was a resident of the city of Prince Rupert and had taken a leading part in the affairs of the community. He has proved his ability to handle public affairs and, in spite of the fact that he has been in the public eye for so many years, no one has been able to point to any case in which he has betrayed his trust. He has enemies, of course. There are people who think they should have been chosen for government positions and are disgruntled because they did not get them.

Those who have the future of the district at heart will vote for Premier Pattullo. We do not see how they can do otherwise. It would be a bad setback for Prince Rupert for it to be said that they turned down a faithful servant and chose instead an inexperienced outsider. Those who have the future of the province at heart cannot do otherwise than support the man who has stood for the province against all aggressors and who has the ability to continue to do so.

SOCIALISM DISCUSSED

(Continued from Page One)

some times raised, Mr. Weaver said. There were other immoralities than that of sex. The man who exploited his neighbor was immoral. The man who preached what he did not practise was immoral. A government which tolerated such conditions as existed in 1933 and 1934 in British Columbia was immoral. Authorities which permitted legalized polygamy by means of "red light" districts were immoral.

Advocates of socialism were gradually gaining ground in their campaign. Seeds they had sown were slowly but surely growing as evidenced by progress of socialism over the years in British Columbia. Mr. Weaver predicted that the old parties would ultimately disappear, leaving only the one party—that which stood for the welfare of the people.

Meanwhile, economic freedom was essential to political freedom and economic freedom would come only by owning and controlling the wealth.

Mr. Weaver discussed the socialistic principle of "from each the best and to each according to his needs. The C.C.F. socialism had no intention of abolishing private property. To the contrary, it stood for the personal ownership of those things which were personally used. The ideals of the home and family relations would prevail in a free society such as the C.C.F. socialism stood for.

G. W. Rudderham, who presided over the meeting, declared that the provincial election campaign was going over satisfactorily and there was confidence of success at the polls next Tuesday.

District Nurses
Being Organized

Miss Kathleen Sanderson, R.N.,
Speaker at Meeting Last
Night.

Miss Kathleen Sanderson, R.N.,
organizer of districts and chap-
ters of the Registered Nurses' As-
sociation of British Columbia, who
arrived in the city on the Prince
Rupert yesterday from Vancouver,
addressed nurses of Prince Rupert
at a meeting in the Nurses' Home
of the Prince Rupert General Hos-
pital last evening when organiza-
tion of this city and district was
discussed. Miss E. W. Priestly,
R.N., president of the local branch
of the Graduate Nurses' Associa-
tion of British Columbia, was in
the chair. Refreshments were
served, about twenty local nurses
being present.

Miss Sanderson will leave Mon-
day morning on the Catala for
Port Simpson and will visit inter-
ior points before returning south.

**Dry Dock Work Is Big Thing—All Sal-
mon Fishing Now Closed—Strange
Species of Fish Are
Found.**

The statement made yesterday by R. C. Vaughan,
vice-president of the Canadian National Railways, that
the dry dock payroll today on war ship-building con-
struction was amounting to some \$5000 daily with a total
of about nine hundred men employed was an interesting
one. It indicates how much this work is meaning to the
general business of the city. It is a far cry from the old days
when the dry dock was dragging along with a skeleton crew of pos-
sibly fifty men or so. It is an-
other reason why Prince Rupert
people generally have good cause
to get behind the war effort in
every way possible. The war is
benefitting us but we should not
forget that for many, many peo-
ple the war is proving, far from
a benefit, the deepest sort of tra-
gedy and disaster. Any tendency
on our part to capitalize on the
situation at this time should be
heartily discouraged. It is not our
policy to engage in comment of
this kind in this particular place
but it does not seem to be inap-
propriate under these special cir-
cumstances.

The Queen Charlotte Islands are
being closed to trolling operations
tonight. This ends all salmon fish-
ing in Prince Rupert district for the
present season. The only cannery
still operating in the district is
Nelson Bros. Fisheries Ltd. It is
packing salmon which is being im-
ported from Alaska.

Northland Transportation Co.'s
motorship liner Northland was in
port this morning discharging fish
from Ketchikan for transshipment
east over Canadian National
Railways. After unloading, the
vessel sailed in continuation of
her voyage to Seattle.

Dr. Neal Carter of the Prince
Rupert Fisheries Experimental
Station has identified as a gren-
adier fish a strange species which
was recently landed at the Booth
Fisheries here by an American
halibut boat. Caught off Cape
Omaney, it measured 31 inches in
length. The head was like that of
a cod but the body tapered off to
a point with no tail fin, thereby
resembling an eel. Grenadier fish,
of which there are several types,
have their normal habitat in the
North Atlantic and are uncommon
in these waters. This specimen has
been sent to the Nanaimo Bio-
logical Station for further check-
ing of the identification.

To the Electors of Skeena:

On the eve of Election I take this last oppor-
tunity of asking you for your support at the polls.
Owing to great expense and lack of time I have
found it impossible to
visit all points in the
riding and meet you
all.

If elected as your
member I promise faith-
ful service, no vicious
patronage and favorit-
ism, and to keep from
doing business with the
government myself.
I promise to work for
the district as a whole
on a basis of equality.
I am signing this as
I am best known in the
district where I have
resided for 35 years.

Yours truly,
W. J. O'NEILL.
