

DUTCH EAST INDIES PREPARING

Japan is reported to have been taken by surprise by several strategic moves which it believes to have been motivated by joint consultations between England, the United States and Dutch East Indies, regarding the defence of the vital Malay peninsula at the rich Dutch islands nearby. Australian troops have landed at Singapore in surprising numbers with machinery, tanks and planes. To the Dutch East Indies goes the job of patrolling own waters against possible Japanese invasion. The crew of a Dutch submarine is limbering up anti-aircraft deck gun in anticipation of the Jap threat.

Swinging Toward Axis

RAIDS ARE CONTINUED BY NAZIS

Northwest Towns, Birmingham And Liverpool Feel Weight Of Luftwaffe Bombing Attacks

LONDON, March 12:—The German Luftwaffe concentrated its attack last night on three northwest towns in the industrial midlands, Birmingham being one of them. The attacks were the heaviest in months on that section and caused considerable damage and casualties.

The night raiders carried out further attacks on London and the opposing air forces were gripped in dogfights as anti-aircraft fire lit up the skies and created din throughout the metropolis.

BUCKINGHAM AGAIN
It has been revealed that five bombs were dropped Saturday night on Buckingham Palace grounds but Their Majesties were not in residence. A policeman was killed.

Liverpool, the Thames Estuary, Scotland and other parts of the country had high explosive bombs dropped upon them during the night.

There were sporadic raids during the day, particularly along the Kent coast.

German bombers attacked the British naval base of Portsmouth and the surrounding area for six hours in Monday night raids which cost the Nazis two planes. The Press Association said that three other raiders were believed to have been destroyed.

BATTLEDRESS FOR WOMEN

Style gives way to comfort, women of the mechanized transport corps find the battledress style of uniform much more comfortable for their work than their previous uniform. In this case a member of the corps is actually cranking a car, an operation that many of us thought went by the bye with the birth of the self-starter.

Looks Like Yugoslavia Will Yield To Intense Pressure From Germans

Some Sort of Compromise Formula, However, Suggested Including "Period of Transition" to Soothe Pro-Britishers

BELGRADE, March 12: (CP)—Yugoslavia was reported in usually reliable circles tonight to have agreed in principle to sign the three-power military pact of Berlin, Rome and Tokyo. These quarters said that Premier Cvetkovic and Foreign Minister Cincar-Markovic would go to Berlin shortly to discuss a formula they devised at a session of the crown council today.

It is said they would ask for a "transition period" to prepare pro-British public opinion in Yugoslavia for signing lest there be internal trouble.

With Greece still resolved to fight to the death, despite German claims that she will yield to a German dictated peace with Italy, the position of Russia and Turkey is still uncertain. Both are massing troops.

Meanwhile the Nazis are now said to have 500,000 mechanized troops poised on the Bulgarian frontiers of Greece and Turkey.

The British are reported to have landed thousands of Australian, New Zealand and Imperial troops at Athens and Salonika to be in readiness to support the Greeks in fighting off the Germans should the expected invasion from the north occur.

This was in contrast to rather scornful comments which had been made in the final enactment that would be too late anyway. HIS HOTEL IS BLASTED

Serious Incident Follows Soon Upon Arrival of British Envoy in Istanbul

Six Are Killed

Some Members of Embassy Staff Suffered Injury From Blast

ISTANBUL, Turkey, March 12: (CP)—A heavy explosion rocked the Pera Palace Hotel last night a few minutes after George W. Rendel, former British minister to Bulgaria, took up headquarters there with the legation staff following departure from Sofia.

Mr. Rendel was not injured. His daughter, Ann, was knocked down but was not hurt. She is suffering from shock. Six British attaches were hurt including the British consul-general at Sofia and Istanbul, the first secretary to the Sofia legation and two girl secretaries.

Six Turks were killed including a policeman, hotel porter and others. In all twenty persons were killed or wounded. The bomb exploded in the lobby of the hotel which Mr. Rendel had just left for his room upstairs. A crater fifteen feet deep was dug and the hotel was badly damaged. It is believed the bomb may have been planted in some embassy baggage which had been mysteriously opened on the train which carried sixty-seven of the embassy personnel including women and children.

An attempt had been made to blow up the special train on the way from Sofia to Istanbul. The hotel staff in its entirety was put under temporary arrest but most of them were later released. Four arrests were reported today to have been made.

BRITISH AID SPEEDED UP

No Time Being Lost to Put "Lease-Lend" Measure Into Immediate Action

WASHINGTON, D.C., March 12: (CP)—President Franklin D. Roosevelt signed the British Aid bill yesterday afternoon at 3:50 amid rapid fire preparations to translate it into a seven billion dollar program of action. Immediately after signing the bill the President issued an order releasing large amounts of army and navy war materials for Great Britain and Greece.

The United States Congress completed its action on the historic bill just after President Roosevelt had set the seven billion dollars as its starting appropriation. The President will seek authorization of the \$7,000,000,000 appropriation tomorrow. House of Representatives acceptance of an even dozen Senate amendments was the final legislative act on the precedent-shattering measure. These amendments were adopted by a vote of 317 to 71 amid protestations of national unity among both Democratic and Republican members.

The bill was sped to the White House almost two months to the day after its introduction January 10. Its signature by the President followed without delay.

The President's seven billion dollar appropriation for aid to Britain is broken into various categories of which the largest is two billion dollars for aircraft and aeronautical materials including engines, spare parts and accessories.

Inspiring Policy
The President said that the fixed policy of this government is to make for the democracies every gun, plane and munition of war we possibly can.

Then, Gosnell went on to the final to win two out of three from Brown of the Royal Canadian Army Service Corps.

Brown won the first game 21 to 17 but Gosnell's steadiness pulled him out to take 21 to 11 and 21 to 16 victories in the next two games. Gosnell and Brown are very evenly matched players but have different styles of games. Brown plays offensively but Gosnell's style is a stone-wall defensive.

To get into the finals Brown defeated Hamilton 2 to 1, Handley 2 to nothing and Esselmont 2 to 1. These weekly tournaments are proving very popular with the boys. Next Tuesday an elimination consolation tournament will be played. The losers of the first round will play off for a consolation prize. After the ping pong tournament last night an enjoyable bingo party was held. Prizes were donated by the Y. M. C. A. and the boys expressed their appreciation.

Organization Starting In Connection With Campaign For War Service Organizations

In addition to routine business at the regular executive meeting on Monday evening, the Prince Rupert branch of the Canadian Legion of the British Empire Service League made plans for a preliminary organization meeting on Friday evening of this week to carry out the local drive to raise funds for the Canadian War Services.

This joint drive has the full support of the Dominion government. In order to avoid war appeals month after month the six larger organizations, now engaged in providing welfare services for troops in Canada and overseas are making this one and only appeal in 1941. The organizations concerned are the Canadian Legion War Services Incorporated, Young Men's Christian Association, Imperial Order Daughters of the Empire, the Knights of Columbus, the Salvation Army and the Young Women's Christian Association. Representatives of these organizations and all others interested are being invited to attend the organization meeting on Friday.

The nation-wide drive will begin on Monday, March 24. It is hoped to have Col. J. P. Fell, chairman of the B. C. campaign committee, visit Prince Rupert early next

With a list of upwards of 150 passengers including quite a number of troops, C.N.R. steamer Prince Rupert, Capt. H. E. Nedden, arrived in port at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 3 o'clock this afternoon for Ketchikan and Stewart. Returning here tomorrow evening from the north, the Prince Rupert will be withdrawn from Service to enter the local dry dock for annual overhaul. The Prince George, which has been spending the winter at the dry dock and has just completed her overhaul, will return to service with the sailing from here for Vancouver tomorrow night in place of the Prince Rupert.

SMITHERS

A meeting was called by the village commissioners in the Village Hall last Wednesday evening to organize a committee to handle the campaign for the collection of funds for the Canadian War Services in this district. Harvey Davies was elected as chairman of the local organization with L. H. Kennedy as secretary and H. B. Campbell as treasurer. As there was not a very large attendance at the first meeting a second meeting was called for this week. An effort is being made to have William McKinstry, president of the Provincial Command of the Canadian Legion, visit Smithers to address a meeting in this campaign.

The Bulkley Valley branch of the Canadian Legion will hold its annual meeting in Smithers on Thursday evening. The Legion has been active during the year in looking after the assistance of both the old veterans and the new soldiers and has assisted materially in recruiting in this area during the present war. The retiring president, J. L. McEwen, has been untiring in his efforts to keep the local branch strong and active.

Mr. Buchanan and family arrived in Smithers from Bridge River last week and Mr. Buchanan is now installed in charge of the Dominion Government Telegraph office. The family has taken up residence in the Harrer house on Third Avenue.

Mr. Irvine, who has been on the staff of the Canadian National Railways at Smithers as telegraph operator for some time, has been transferred to Chu Chua on the Kamloops-Blue River line and has left to take over duties at that point as Station Agent. Mr. Apple-

CAMPAIGN PROGRESS

War Savings Canvassers Satisfied With Manner In Which Pledges Are Being Made

Reports from canvassers to the War Savings Committee, made last evening, show that satisfactory progress continues in the pledge campaign. To date in March 96 bank pledges have been received and 49 honor pledges.

Some householders have expressed the feeling that they did not wish to commit themselves now to any savings plan but the committee wishes to state that there is nothing to prevent a person postponing either a bank or an honor pledge and that this method is quite in order for those whose earnings are seasonal.

The Employer-Employee committee has done considerable work among the larger firms in the city. To date this month ninety-nine employees have been enrolled and it is believed that, once the plan is in operation in the city's municipal and government offices and on the larger payrolls, it will prove to be the largest continuous source of war savings purchases.

yard of Prince George will take on the duties at Smithers recently vacated by Mr. Irvine.

Typical March weather in the Bulkley Valley is now the order being handed out by the weather man. Cold frosty clear nights are followed by bright warm sunny days and it is delightful weather for everyone. Travellers on the highways report the roads in very good shape in the north and from Quesnel to Vancouver the roads are now bare of all snow and dry.
