## ONLY TEMPORARY SUCCESSES

MOSCOW—A Soviet military spokesman last night described recent German successes in the invasion of Russia as only temporary gains which had been achieved at great cost in lives of Nazi soldiers. The Germans would be eventually driven out of Russia whether it took months or years. Since the invasion of Russia commenced three months ago, Germans have lost two million men in killed and wounded, over a million of these having been killed. Last night Moscow admitted the loss of Gomel on the central front to Germans after heavy fighting.

## BRITISH BOMBERS GOING STRONG

LONDON—During the last eight weeks more British bombers have flown over Germany and delivered their attacks than were sent over England by the Luftwaffe in the height of the blitzkrieg.

## BAD WEATHER HALTS RAIDS

LONDON—Adverse weather conditions over the Continent saved enemy targets from further pounding by the Royal Air Force during the night while Nazi raids on Britain continued on a small scale.

## CARNIVAL NEAR END

Entertainment Last Night Proved Acceptable—Coronation is Culminating Feature Tonight

An excellent variety program proved very entertaining for visitors to the Civic Centre Carnival who were again out in substantial numbers last night, giving the affair another gratifying measure of patronage. The program featured dancing, singing numbers and a tumbling act by two Canadian Scots which went over strong.

The program was as follows: Sword Dance, Donald Rix, accompanied by Piper Oliphant of the Canadian Scottish.

Tap Dance, Elsa Kraupner, accompanied by Mrs. J. S. Black.

Songs, Corp Such, accompanied by Bob Townsend.

Military Tap Dance, Donald Rix and Elsa Kraupner, accompanied by Mrs. J. S. Black.

Violin selections, Mr. Robinson, accompanied by Bob Townsend.

Tumbling Act, Dutch Ramsey and Con O'Hearn, Canadian Scottish.

During the night dance there was a fitterbug competition with a representative of the Army winning out over a representative of the Royal Canadian Air Force.

Tonight the Coronation of the Queen will take place, promising to be the outstanding feature of the whole carnival. Miss Lillian Jones will be crowned. Maids of honor will be the Misses May Skinner, Phlorena Murray and Nancy Bremner with little Barbara James, Shirley Hougan, D'Arcy Bartlett, Dorleen Olsen and Joy Tritschler as diminutive attendants. The suggestion is made that those who would see the Coronation to advantage should be on hand at the building early.

## QUESTION DROPPED

Council Heard Reading of Letter From Dry Dock Authorities

At a meeting of the council of the Prince Rupert Chamber of Commerce held in the Council Chamber yesterday afternoon, a letter addressed to Olof Hanson, M.P. for Skeena, from W. T. Moodie, General Superintendent, Canadian National Railways, Vancouver, was read explaining what had transpired in connection with the United States Army transport Kivchak between the United States government and the Prince Rupert dry dock, also setting out the reasons why it was decided that the manager of the local dry dock should be resident in the port of Vancouver. The president stated that, in view of the information received and also as a result of a conversation he had held with Mr. MacMillan that day, he felt it was inadvisable to go any further in the matter at the present time.

## SAW SON HONORED

LONDON, August 22: (P)—David Lloyd George, prime minister of the First Great War, for the first time in many years attended a Buckingham Palace investiture when his son, Major Gwilym Lloyd George was sworn in as a privy councillor recently.

## September 24 Closing Date For Halibut

The International Fisheries Commission today announced September 14 as the closing date for halibut fishing in Areas No. 3 and 4, the estimate being that the quota will have been reached by that time. October 4 will be the last date for the validity of permits covering retaining of halibut incidental to cod fishing.

## Hungerford Is Visitor Here

Chairman of Board of Directors of Canadian National Visitor To City

S. J. Hungerford, Chairman of the Board and former President of the Canadian National Railways, and party arrived on last night's train in the course of a western tour and will sail tomorrow afternoon on the Prince Rupert for Vancouver and the south.

## CURB NAZI INFLUENCE

Great Britain Considers Vigorous Measures to Deal With Situation in Iran

LONDON, Aug. 22: (P)—Usually well-informed sources said today that Great Britain is considering "vigorous measures" to curb the growing Nazi influence in oil-rich Iran. Authoritative quarters, however, refuse to discuss projected operations and announced at noon that "no operations have begun." The Iranian government has replied to a British note requesting that German technicians and tourists be expelled from Iran, it was learned tonight. The reply is under consideration in London but its nature was not disclosed immediately.

## PR. GEORGE HAS FIRES

Numerous Conflagrations in Forests North of Prince George Are Reported

PRINCE GEORGE, Aug. 22.—Another large forest fire has broken out on Salmon River, fifty miles north of Prince George, adding to the long line of fires which extends from the Fort George area to the Alaska Panhandle. No effort is being made to combat some of them owing to their inaccessibility and the difficulty to obtain men.

## BASHARH SPITFIRE

BOMBAY, August 22: (P)—The Rajah of Bashrah has forwarded \$22,500 to the Minister of Aircraft for a Spitfire to be named after his province.

## THEATRE QUESTION

Chamber Of Commerce Decides Not To Make Any Recommendation In Regard To Choice Of Permit Bidder

The question of a second theatre in Prince Rupert was discussed at a meeting of the council of the Prince Rupert Chamber of Commerce yesterday afternoon, the outcome being the decision to make no choice as to which of the interests seeking a permit to build a theatre should be granted one, the whole matter being referred back to the Priorities Construction Board. G. W. Nickerson and Ted Hardcastle, representing interests who would have built a theatre, took part in the discussion as well as D. G. Borland who stated that the Famous Players Canadian Corporation was ready and willing to meet any need for theatre expansion which seemed necessary here. Theo. Collart and W. O. Fulton also spoke on the matter. There was also a letter from M. Y. Alvazoff who requested that he be given a recommendation to build a new theatre.

### Famous Players Position

D. G. Borland, manager for Famous Players Canadian Corporation Ltd., operating the Capitol Theatre in Prince Rupert, presented the following statement with regard to the proposed new moving picture theatre in Prince Rupert:

"Prior to the Order in Council being passed preventing the construction of new theatres and the enlarging of old theatres without a permit from the Dominion Government Priorities Board, the Famous Players Canadian Corporation Ltd. had been and were acquiring sites for new theatres in Canada and were proposing to embark on an extensive new theatre extension program. They had also in contemplation the renovating and enlarging of many of the old theatres. Immediately the order in council was passed eliminating new construction, the company at once, through its vice-president, and now president, J. J. Fitzgibbons, offered to fully co-operate with the government in order to assist in the war effort.

"Mr. Fitzgibbons, on May 9, wired Premier Mackenzie King, Hon. J. L. Ilesley, Hon. C. D. Howe and R. C. Birkenhead, member of the Priorities Board, as follows: This company heartily concurs in the government's policy of restricting building construction, except for direct war effort, and, while it has acquired sites and prepared plans for immediate construction of new theatres planned prior to the announcement of the government's policy and necessary to maintain this company's competitive position in the industry, it recognizes the necessity of limiting the use of steel and of conserving United States exchange for war purposes only. This company, therefore, respectfully suggests that no licenses be granted for the construction of any new theatres anywhere in Canada until the end of the war when building construction will be needed to provide work during the reconstruction period. By so doing substantial amounts of exchange will be saved, as construction steel of sufficient weight for theatre construction and many necessary items of theatre equipment are only available in the United States market, and, in addition, the money saved will be valuable for investment in War Loan bonds. The government may rely on this company's wholehearted support in such a policy.

"The government advised the company that no permits would be granted for construction of new theatres in Canada except where commitments have been made prior to the passing of the order-in-council and of such a nature as

## FORESEES RAID HERE

Attorney General Mentions Prince Rupert and Port Alberni as Vulnerable Points

PORT ALBERNI, Aug. 22: (CP)—Attorney General Gordon Wismer, in an address here last night, declared there might be an attempted invasion of the Pacific Coast within months and that Port Alberni and Prince Rupert might be the first Canadian points subjected to enemy raids. No one knew whether the raids would come, he said, but the public could not go wrong preparing for an emergency. He did not name the possible aggressor.

## SEAMEN 69 DAYS ADRIFT

Survivors Saw 20 Of 28 Die Of Starvation And Exposure

By Foster Barclay Canadian Press Staff Writer LONDON, Aug. 22: (P)—Tales of hunger, thirst, heat and cold were recounted at a British port by three merchant sea-

FOSTER BARCLAY

men who between them spent 69 days in open boats, drifting aimlessly in the Atlantic after their ships had been torpedoed. The trio, Jimmy Kavanagh, 30, Harry Morton, 21, and Donald McNeil, 24, watched men die from starvation, saw ships approach and then change course and were too weak to stand when eventually rescued. Kavanagh, a Liverpool greaser, was being treated for frost-bite as he told how he watched 20 of a crew of 28 slowly die while a lifeboat bobbed out of control for 20 days. Two others, including the skipper, died later aboard a rescue ship.

"I don't think we could have lasted another day under the conditions," he said. "We were too tired to bale the water out of the boat. I was down in the engine room when an enemy submarine fired a torpedo at us when we were about 1,600 miles west of Britain. I was in a lifeboat when the ship blew up and I was nearly blown with it. I think the boat head must have burst because the rest of the night I was clinging to a raft but the following morning I was picked up by another lifeboat in charge of the skipper.

"There were 28 of us to start with, but as the days passed some died and were buried at sea. Once we sighted a plane which dropped rations. All we had were biscuits and water. When we sighted the ship which rescued us there were only six of us left and while on the rescue ship two more, one of them the skipper, died."

Prayers Answered Thirty-one days adrift with 28 sailors were described by Morton, quarter-master aboard a ship torpedoed in the South Atlantic. "Nine white men and 21 Indians were in the boat," he said. "After we had eaten our corned beef all we had for days were half a biscuit and half a can of water each day. "A terrific downpour one night saved our lives by replenishing the water supply, but we were getting very weak. Then on June 10 our prayers were answered. One of the Indians saw smoke on the horizon and soon afterwards we were picked up."

A heart-breaking story of 18 days afloat with only biscuits to suck was recounted by McNeil who said the supply of water ran out early on the last day. "Soon afterwards we sighted two trawlers but they failed to see us," he said. "A little later, however, a miracle happened. An Irish steamship found us."

## BENITO TO SEE ADOLF

Mussolini and Hitler to Confer on Demands on Turkey

ROME, Aug. 22.—Premier Benito Mussolini left Rome in a special train last night. It is believed he is to meet Chancellor Adolf Hitler, possibly in Vienna. The meeting, it is thought, may be in connection with demands being made by the Axis on Turkey.

## Halibut Sales

## HAVE GONE ON STRIKE

Arbitration Fails So American Can Co. Employees Quit Work

VANCOUVER, Aug. 22.—More than five hundred employees of the American Can Co. went on strike at midnight last night, seeking increased pay, union recognition, holidays with pay and seniority rights following breakdown of arbitration proceedings before a three-man provincial arbitration board on Wednesday. The board dispersed when the company representative said the company was prepared only to consider union recognition.

## ISLAND BOY NAVAL HERO

Arnold Pallant of Queen Charlottes Goes Down With His Ship

Word has been received that Arnold Pallant, son of Mr. and Mrs. A. C. Pallant of Sandspit, went down recently with the armed tanker Silver Palm which was torpedoed off the coast of Scotland. He was stern gunner on the Silver Palm and, true to the best traditions of the navy, stayed with his ship until the end. Arnold, as a boy, went to school at Skidegate and Sandspit and for a time was an engineer on fishery patrol boats in district waters. The Queen Charlottes will remember Arnold as a brave son.

## Former Home Czars "Formidable Military Camp;" Nazis Held

Battle Swirls Southeast and Southwest But in Four Days Germans Make No Significant Progress

MOSCOW, August 22: (CP)—The Red Army appeared today to be checking the German offensive against Leningrad, the city being described in military dispatches as having been transformed into a "formidable military camp." The battle for Russia's No. 2 city swirled today to southeast and southwest but observers here said this was the fourth successive day fighting has been reported in those areas and added it indicated the Germans are making no significant progress.

## KING HAS BUSY DAY

Premier King Confers With New Zealand Prime Minister on Pacific Crisis—Other Activities

LONDON, Aug. 22.—Prime Minister William Lyon Mackenzie King of Canada retired early last night in a west end hotel overlooking Hyde Park after a busy day.

During the day he attended a meeting of the war cabinet. This led newspapers to revive the suggestion of the formation of an Imperial war cabinet which Prime Minister Winston Churchill had said is not necessary and with which view Mr. Mackenzie King expressed agreement.

Mr. King had luncheon with Mr. Churchill yesterday and also conferred at length with Premier Peter Fraser of New Zealand on the Pacific crisis.

Mr. King also visited the House of Commons, wrecked by German bombing. Purposes of his visit, said Mr. Mackenzie King, were to assure the Imperial government that Canada would be at the side of the Mother Country until the end, to renew friendship with Prime Minister Churchill, to express the admiration of Canada for the manner in which Britain was carrying on and to visit the Canadian forces in this country.

Today Mr. King was a luncheon guest of the British government.

Premier King, after a conference with Lord Woolton today, told the Canadian Press that the minister of food had expressed his appreciation of the "big help" Canada is giving in keeping up the flow of food supplies to the United Kingdom.

## MORE MEN CALLED UP

Four Thousand to Report for Active Service on August 28, it is Announced

OTTAWA, Aug. 22.—Four thousand and more men will be called up for military service in August under the National Mobilization Act, it is announced by the Department of National Defence. Of these 1300 will be men who had previous training in draftee camps while the other 2700 will be donning uniforms for the first time. August 28 is reporting date.

## Weather Forecast

Prince Rupert and Queen Charlotte Islands—Light to moderate easterly winds, cloudy to overcast and mild with intermittent rains.

## VICTORY BOND DRAWING

First drawn number last night in the Victory Bond raffle at the Civic Centre Carnival was 2455 with 2576 and 1861 optional in the event of non-claim.

## HALIFAX IS HOME

British Ambassador to United States Makes Flight From Canada to England in Bomber

LONDON, Aug. 22: (P)—Viscount Halifax, British ambassador to the United States, arrived in Britain today after crossing the Atlantic Ocean from Canada on a bomber. He is home to consult with the government.

## WHEN ARMY'S ON "TEWT"

ALDERSHOT, August 22: (P)—New military term—"tewt." It means a technical exercise without troops, when model troops, guns and tanks are manoeuvred on a miniature landscape.

**Street Noises . . .**

Complaint is made by tourists and others that the street noises in Victoria are so annoying that some visitors have had to move out of their hotels. Drastic action is suggested and there is a possibility that the police may do something about it pretty soon unless there is a change.

There are also a few street noises in Prince Rupert that might be dropped if the people making them realized how senseless they are. Usually the loud mouth indicates an empty brain.

**Inquiry About Arvida . . .**

We feel we can join heartily in the sentiments expressed in the following taken from the evening paper at the Capital:

"To investigate all matters concerning the dispute between employees and employers at the Aluminum Company of Canada's plant at Arvida, Quebec, Rt. Hon. Ernest Lapointe, Minister of Justice, has appointed a Royal Commission composed of Mr. Justice S. Letourneau and Mr. Justice W. L. Bond, both of the Quebec Court of King's Bench—both of Montreal.

"This announcement from the chief law officer of the Crown will meet with public approval. The disturbance at the plant in question constituted the most serious interruption of war production in Canada since hostilities began; it caused a halt of three weeks in the output of the precious aluminum on which the nation's aircraft industry depends. And there are obviously certain aspects of the dispute, both in respect of its cause and the action taken by the Department of Labor and the Ministry of Munitions and Supply, about which the people of Canada so far have been by no means adequately advised.

"It will be recalled that Hon. C. D. Howe informed a press conference more than two weeks ago that 300 men employed at the Arvida establishment had seized control of the plant and had brought about complete cessation of operations for more than three days, during which certain mechanism peculiar to aluminum production became seriously endangered when its normal processes were discontinued. On the occasion referred to, moreover, the minister voiced his opinion that 'enemy sabotage' was at the bottom of the trouble, and that if no arrest had been made at the time of his disclosure of the 'incident,' the public could expect action of this kind almost immediately. We have seen no report of arrests.

"It is to be hoped, therefore, that the investigation now ordered by the Minister of Justice will be a thorough one. Several factors to which the press of the country has drawn pointed attention will continue to disturb the public mind unless and until they are satisfactorily cleared up. The nation's ever-expanding war effort must not be subjected to any such similar occurrence. The inquiry, as Mr. Howe explained this morning, is 'to fix responsibility and bring out the facts of the whole matter.' Nothing less will do."

**Stray Cattle Are Nuisance**

Another Problem Brought Up As Request Of Warm Weather

TERRACE, August 22:—The long continued hot, dry weather, although all right for holiday makers, is proving a trouble maker for the village commissioners. It has been up to the present impossible to get anyone to take the job of keeper of the pound and the pastures in the surrounding country are becoming bare of feed with the result that cattle are wandering here, there and everywhere in search of grass. This is an annoyance to some of the residents, who soon make their complaints known to the authorities. Also the cattle walking on the wooden sidewalks break the boards which have become brittle.

**SOLDIER IDEA-GIVERS**

LONDON, August 22:—Soldiers turn in about one in every 25 inventions and ideas for the ministry of supply in wartime while women are responsible for about one in every thousand.

**TERRACE**

T. A. McMartin of Smithers was a business visitor to Terrace on Tuesday.

Mrs. Thomas Smith of Burns Lake will return to her home today with her two boys. They have been spending the past two or three weeks with Mrs. Smith's mother, Mrs. C. L. M. Giggey, and have been camping at Lakeelse Lake.

Rev. and Mrs. Frank Burling of Hazelton are spending a holiday in Terrace, having taken a house in Park Avenue for the occasion. Mr. Burling is Anglican rector at Hazelton.

Miss Edith Little is to enter training at St. Paul's Hospital, Vancouver and left Terrace Thursday for Prince Rupert enroute south.

Miss Audrey Toombs and Master George Thomas, both of Prince Rupert, are the guests of Mrs. C. J. Norrington at her home on Park Avenue.

**Northern Lights Still Not Taxed**

American Visitor Chuckles As He Treks Far North To See Them

WINNIPEG, August 22:—Bob Davis, New York Sun correspondent, passed through Winnipeg recently on a trip to Churchill, Manitoba, with his wife, to get a better look at the northern lights. "The northern lights don't cost anything, and you don't have any taxes on them," he told reporters in explanation of his interest in the aurora borealis.

**CRIPPLED NAZIS**

LONDON, August 22:—The Moscow radio reported that a captured Nazi stretcher-bearer said he had been ordered not to pick up wounded German soldiers who had lost legs or arms, but only wounded men who could be soldiers again.

**WHEN CABOT CAME**

The eastern coast of North America was discovered by John Cabot in June 24, 1497.

**Mrs. Stevens Tea Hostess**

Entertains at Skidegate in Honor of Daughter, Mrs. A. J. Ingraham

SKIDEGATE, Aug. 22.—Mrs. E. C. Stevens was a tea hostess at her home here in honor of her daughter, Mrs. A. J. Ingraham of Surf Inlet, who was a visitor, accompanied by her husband and little daughter, Martha Ann. Among the guests were Mrs. W. Breeden, Mrs. Gust Skog, Mrs. E. May, Mrs. Jackson, Mrs. G. Paine, Mrs. J. Hewston, Mrs. A. Jones, Mrs. Fred Atkins, Mrs. E. Crosby and Miss Jean McIntyre.

Pattullo, Hon. W. J. Asselstine, E. T. Kenney and M. M. Connelly are sure of re-election and should really be given acclamations, it is felt.

**LIFE-SAVING PRIZE**

LONDON, August 22:—Captain Arthur Lawrence and Chief Petty Officer Ernest Albert Hall, rescuers of a crew attacked by enemy aircraft off Dover, have been awarded the Emile Robin life-saving prize for 1940.

**Sign the Pledge to**

*Save Gasoline*

**Let Your Car Wear Proudly This Patriotic Sticker!**

Go to your friendly neighbourhood service station or your local garageman today. A surprise awaits you. He has changed. He will be as courteous and thoughtful as ever—glad to see you—eager to do anything and everything he can to help you. But he is no longer a gasoline salesman. He is a gasoline SAVER. He will urge you to buy less instead of more. He will point out ways and means of saving gasoline.

He will tell you all about the "50/50" Pledge to cut your gas consumption by fifty per cent. He will invite you to sign. He will give you a patriotic sticker for your car that will mark you as a member of the wise and thoughtful band of car owners co-operating with the Government to save gasoline.

This is entirely a voluntary movement. It is not rationing. This the Government hopes to avert. But we are faced with a critical shortage of gasoline due to the diversion of tankers for overseas service and to the growing needs of our Fighting Forces.

There is no call for panic—no need for alarm—but this war is being fought with gasoline and we are fighting for our very lives. Sign the Pledge today and continue to save fifty per cent of your gasoline consumption.

It is also vitally important that you reduce the use of domestic and commercial fuel oil.

**REMEMBER: The slower you drive, the more you save!**

**The Government of the DOMINION OF CANADA**

Acting through  
THE HONOURABLE C. D. HOWE, Minister of Munitions and Supply  
G. R. COTTRELL, Oil Controller for Canada

**17 easy ways towards a 50% GASOLINE SAVING**

(Approved by Automobile Experts)

- Reduce driving speed from 60 to 40 on the open road.
- Avoid jack-rabbit starts.
- Avoid useless or non-essential driving.
- Turn motor off when not in use; do not leave idling.
- Don't strain your engine; let it warm up slowly.
- Don't strain your engine; change gears.
- Keep carburetor cleaned and properly adjusted.
- Tune up motor, timing, etc.
- Keep spark plugs and valves clean.
- Check cooling system; overheating wastes gasoline.
- Maintain tires at right pressure.
- Lubricate efficiently; worn engines waste gasoline.
- Drive in groups to and from work.
- using cars alternate days.
- For golf, picnics and other outings, use one car instead of four.
- Take those short shopping trips ON FOOT and carry parcels home.
- Walk to and from the movies.
- Boat owners, too, can help by reducing speed.

**GO 50/50 WITH OUR FIGHTING FORCES**

**I Pledge myself to go 50/50 with our Fighting Forces by reducing my gasoline consumption by 50%**

**LOCAL NEWS NOTES**

M. P. McCaffery, who has been spending some time in Vancouver, returned to the city on the Princess Adelaide this morning.

Mrs. C. H. Hankinson received word yesterday of the death of her mother, Mrs. M. Kennedy of Enterprise, Ontario. She was over eighty years of age.

Mrs. James Forman and family, who have been holidaying in Vancouver, returned home from the south on the Prince Rupert today.

T. A. Kelly, prominent logging contractor, and party will sail tomorrow afternoon for Vancouver after a visit to the Queen Charlotte Islands.

Mrs. L. M. Felsenthal and child, who have been on a holiday visit to Vancouver and elsewhere in the south, returned to the city on the Princess Adelaide this morning.

Mrs. H. C. Fraser of Vancouver, widow of a former inspector of schools in Prince Rupert, was here aboard the Princess Adelaide this morning, making the round trip north on the vessel. During her stay she was greeted by a number of old friends.

Miss Norma Smith, who has been attending Provincial Normal School at Victoria during the past year, returned home on the Princess Adelaide this morning. She is the daughter of Mr. and Mrs. Oscar Smith of Seventh Avenue East.

Mr. and Mrs. G. R. S. Blackaby and sons, who have been on a holiday motor trip as far south as Vancouver, returned to the city on last night's train.

Kenneth Fraser, former manager at Pacofi for the B.C. Packers and now identified with the company's head office, arrived in the city on the Princess Adelaide this morning from Vancouver, being here on company business.

Premier T. D. Pattullo and secretary Ben Hethey, returned to the city on last night's train from Terrace and left on the Princess Adelaide for Victoria. During the Terrace visit part of the time was spent at the Watt and Gordon camps on Lakeise Lake. Mr. Pattullo said Terrace seemed busy shipping poles and cutting lumber.

At the meeting of the council of the Chamber of Commerce yesterday with W. R. McAfee presiding, letters were read from Inspector Ernest Gammon and the minister of Naval Services at Ottawa, the former in regard to local rowdiness and the latter stating that the nuisance caused by the local naval radio transmitting machine was being abated. A letter from shipyard employees was also read and ordered filed.

John E. Davey, who has been in Vancouver, receiving medical treatment, returned to the city on the Prince Rupert today.

Mrs. Thomas B. Black and family, who have been on a vacation trip south, returned home from Vancouver on the Prince Rupert today.

Miss Lucille Brooksbank arrived in the city on the Prince Rupert today from her studies at the University of Washington in Seattle to pay a visit with her parents, Mr. and Mrs. Arthur Brooksbank.

Flying Officer Forester of the Royal Canadian Air Force arrived in the city on the Prince Rupert this morning from Vancouver on a recruiting mission. He will be in session at the city council chamber today and tomorrow. Both air and ground crew recruits are sought.

Mr. and Mrs. Jack Wrathall of Telegraph Creek, who have been on a trip to Vancouver, arrived in the city on the Princess Adelaide this morning for a brief visit here before continuing north.

J. Milne, district manager of the Hudson Bay Co. from Edmonton, arrived in the city on last night's train in the course of a periodical tour of posts in British Columbia and the Yukon and left today for Port Simpson. He was accompanied by A. Scott, who is to become manager at Port Simpson, and Mrs. Scott and family.

At the meeting of the council of the Chamber of Commerce yesterday with W. R. McAfee presiding, letters were read from Inspector Ernest Gammon and the minister of Naval Services at Ottawa, the former in regard to local rowdiness and the latter stating that the nuisance caused by the local naval radio transmitting machine was being abated. A letter from shipyard employees was also read and ordered filed.

**CARD OF THANKS**

Mr. and Mrs. H. B. M. Valentin and Larry wish to thank all their friends for the many kindnesses and expressions of sympathy received during their recent bereavement and also for the many beautiful floral tributes sent.

### Army Engineers Build Highways

CANBERRA, August 22: The Australian government has given army engineers the "go-ahead" signal for rebuilding of about 1,000 miles of the east-west road be-

tween Port Augusta in South Australia and Norseman in Western Australia.

Cost of the project will be about \$892,000. The army already has constructed a north-south road ending at Darwin. When the east-west road is rebuilt, Perth will be within four or five days of the east by motor car.

### MAGNESIUM PRODUCTION

Metal With Alloy Used Mostly For Airplane Parts, Dr. Bailey Says

Magnesium, although it burns in its natural state, can be brought to a great heat when it is mixed with an alloy. It is used mostly in connection with the building of airplanes, its lightness making it particularly useful for this purpose. This is according to Dr. Basil Bailey of the Prince Rupert Experimental Station staff who addressed the Rotary Club at its regular weekly luncheon yesterday afternoon.

According to Dr. Bailey, magnesium is 55 percent lighter than aluminum, which is also a light metal. It does not occur in a free state. In 1915 when the production of the metal commenced the total amount produced was 49 tons. In 1940 the total production was 6,240 tons.

This year a large factory was opened at Freeport, Texas, for extracting magnesium from sea water. The percentage of magnesium in sea water is .14 percent and the plant at Freeport uses fourteen million gallons a day. In order that the ore may not be depleted the intake is several miles distant from the outlet.

A number of countries are engaged in extracting the mineral. Germany getting her supply from her potash mines.

The only visitor at the luncheon was Alan Kergin.

### BEER OF HIGH PRICE

NORMAN A. WATT,  
Government Agent,  
Prince Rupert, B. C.,  
this 5th day of August, 1941.

### THEATRE QUESTION

(Continued from Page One)

to work a great hardship on the applicants. Acting in good faith with the government the Famous Players have strictly adhered to the position taken by Mr. Fitzgibbons and have refrained from seeking permits for construction of new theatres and have only asked for a permit for the renovation of theatres where the same were an absolute necessity.

"In regard to Prince Rupert, if the Priorities Board feel that the theatre capacity is not great enough, Famous Players Canadian Corporation Ltd. is quite prepared to either construct a new theatre or reconstruct the present theatre by enlarging its seating capacity from 722 to 1000. It is believed that, in view of war time conditions, the latter course should be followed.

"To eliminate congestion I have adopted the policy of single programs and continuous performances. With a seating capacity of 722 seats and with the policy of continuous shows daily, the Capitol Theatre presents five complete shows daily and, if we could fill the house completely for ever, show, which is of course quite impossible, at the end of the week I would actually show we had had accommodation for over 20,000 people. Present attendance figure show that we have standouts only two nights per week and overflow patronage has always been taken care of in the second show. Even on Saturday nights the Capitol has never yet been completely filled twice during the two late show-namely 7 o'clock and 9 o'clock. I understand of course it is difficult to convince people that our seating accommodation is adequate, when they see a line-up at the box office or a second show stand-out. As a rule, the number of people in the stand-out is exaggerated. I repeat we are always able to accommodate in the second show.

"Very shortly the theatre will institute change of program day to Monday-Wednesday-Friday. This will have the effect of reducing congestion of Saturday nights. As present, as you know, we have a one-day program on Saturdays.

"If consideration should be given to anyone for a new theatre, it should be given to my company, in view of the years of service to the community, carrying the theatre through all the years of depression at considerable loss. Even under present conditions it is doubtful whether Prince Rupert can support two theatres and it is reasonable to assume there will be some relaxation in business conditions after the war."

A letter was read from C. Blake Jackson, Deputy Priorities Officer, Construction Control Division, Ottawa, wherein it stated that there were three applicants for a permit to construct a theatre and that this department, in view of the complication, would be unable to take any action, as only one permit would be granted, unless two of the applicants were persuaded to withdraw.

On motion of Messrs. Dybavn and Watts it was decided that whereas the Chamber of Commerce had already expressed its opinion as to their being room for a second theatre, that being the extent of its jurisdiction, therefore declined to go any further in the matter.

President W. R. McAfee was in the chair at yesterday's meeting and those present were John Dybavn, G. W. Nickerson, Theo Col-lart, Col. J. W. Nicholls, R. M. Winslow, W. M. Watts, J. J. Little, H. F. Pullen, Ted Harcastle and Arthur Brooksbank

### Grotto Suffers First Defeat In Softball Match

Grotto suffered its first softball defeat of the season last night by dropping a close and exciting 9 to 7 decision to Canadian Scottish in the Carnival sports program. Signal Corps and Air Force will meet tonight and the winner will meet Canadian Scottish in the final Sunday.

### TENNIS TOURNAMENT

Owing to insufficient entries, there is a possibility that the city tennis championship tournament may not be held this year. However, the entry list is being kept open for another week and, if there are enough entries, the competition will take place the week-end after this.

### Whifflets From The Waterfront

Two Canadian Pacific liners arrived about the same time at 10 o'clock this morning at the government wharf here. They were the Princess Louise, Capt. S. K. Gray and Princess Adelaide, Capt. R. C. McGeachy. The former, with a large list of tourists on board, sailed at noon in continuation of her voyage from Vancouver to Alaska. The Adelaide, also in from the south, sailed at 2 o'clock this afternoon on her return voyage to Vancouver and waypoints.

C. N. R. steamer Prince Rupert, Capt. Neil McLean, arrived in port at 12:30 noon today from Vancouver and Ocean Falls and, after discharging a heavy local freight cargo, will sail this afternoon for Stewart whence she will return here tomorrow afternoon south-bound.
