CAIRO-Axis planes today resumed dive bombing of the British garrison at Tobruk and extended their attack to Mersa Matru, 300 miles from Suez. There was no major lang fighting, however. The British continue heavy air attacks on enemy forts and bases along the Libyan coast. Hopping up operations continue in Ethiopia with the remnants of the Italian forces still keeping up some resistance.

GLASGOW HEAVILY BOMBED

LONDON-The German air attack during last night centred on Glasgow and the Clydeside area where much damage was done. There was also large scale bombing in many other parts of the British Isles, Liverpool and Belfast being subjected to further attack. Seven enemy raiders were reported to have been brought down during the night. The night's raids which extended well into Tuesday morning took in northwest England and the east coast, central and western Scotland and other parts of Northern Ireland in addition to Belfast. The bombings started on a light scale but intensified as the night wore on. During the day yesterday only a few enemy planes came over including some over Belfast which dropped no bombs, evidently having come to make a reconnaissance of damage done in the previous night's raid.
