## Progress Being Made Towards Civic Centre Is Reported On; Full Public Support Required

Setting forth the importance of the project as an undertaking most appropriate to the local war effort, Dr. R. G. Large, chairman of the civic centre central committee, appeared before the Prince Rupert Junior Chamber of Commerce last night to present a report on definite progress that was being made with a view to bringing the matter to fruition in the near future. Dr. Large told of the campaign for funds that was about to be launched for funds and declared that, if this was to be successful, it would be necessary to develop complete unanimity of public opinion in support of the project. For the welfare, happiness and service of the community, the civic centre had never been more greatly needed than today and, from the financial standpoint, it appeared that it was a case of now or never.

## ZERO HOUR IN ORIENT

Large Scale Movement of Japanese Forces Indicate Early Action.

SAIGON, French Indo-China, Oct. 4: (CP)—Imperial Japanese army units, stationed in French Indo-China, began grand manoeuvres today as many observers expressed belief that the long-anticipated zero hour for southern Asia is at hand. Details of the forces were barred by censor but it was disclosed that troops and equipment, such as tanks and trucks, involved were sufficient for a full dress campaign. Pressure on Thailand is being increased, it is reported.

## HEALTH CENTRE

President Of Senior Chamber Of Commerce Urges Juniors To Give Their Support

In the course of brief remarks at the annual dinner meeting of the Prince Rupert Junior Chamber of Commerce last night, W. R. McAfee, president of the Prince Rupert Chamber of Commerce, congratulated the retiring president of the Junior Chamber, Gordon German, on his success in the chair during the past year and expressed hope that there would be a like measure of success under the new president, Alf Rivett.

The coming year, Mr. McAfee felt, was likely to be a very important one in Prince Rupert. The community centre would be one of the important matters but there would be others as well. One of these for which he asked support was the establishment of a health centre in Prince Rupert.

Mr. McAfee mentioned how, whenever a campaign came along, the same handful of men was usually saddled with the work. There was need of more citizens enlisting in the campaigns, particularly young people.

## AIR WAR GOES ON

Royal Air Force Is Active Over Occupied Country—Few Germans Come Over—Newcastle Hard Hit

LONDON, Oct. 4: (CP)—The Royal Air Force during the night bombed docks at Rotterdam, Antwerp and Dunkerque in the course of raids on occupied Holland, Belgium and France.

The German air force was comparatively inactive with only a few planes over eastern England and Scotland. No casualties were reported.

Newcastle was the northeastern port which was heavily hit by the Luftwaffe Thursday. There were numerous conflagrations with much damage and casualties.

## NORWEGIANS AND NAZIS

Armed Clash Reported to Have Occurred Near Trondheim

STOCKHOLM, Oct. 4:—An armed clash of German soldiers and Norwegians is reported to have occurred near Trondheim.

## LINES UP RELIGION

President Roosevelt Seeking United Front of Churches Against Nazism.

WASHINGTON, D.C., Oct. 4:—President Franklin D. Roosevelt is moving to secure the unified support of religious groups in all lands against Nazism.

The United States delegation to Moscow, at Mr. Roosevelt's behest, took up with Premier Joseph Stalin the question of freedom of worship being restored in Russia and is understood to have won the approval of the head of the Soviet government.

In the same connection were recent conversations on behalf of the president with the Pope at the Vatican.

## Junior Chamber Elects Officers

The Prince Rupert Junior Chamber of Commerce, at its annual meeting last night, elected officers for the ensuing years as follows:

President, Alfred Rivett. Vice-President, Robert Parker. Secretary, T. J. Williams. Treasurer, C. G. Ham.

Executive—A. C. K. Sloan, L. M. Felsenthal, A. S. Nickerson, G. L. Rorie, J. N. Youngs, Bruce Stevens and J. C. Gilker.

Retiring President G. T. German occupied the chair during the early part of the evening, the new president, Alf Rivett, taking over the gavel following election of officers.

The civic centre committee of continued full support. He acknowledged, on behalf of the Junior Chamber, progress that had been made by the central committee.

W. R. McAfee mentioned how the Rotary Club had spent \$3000 or so on buying a site. In view of this, it could hardly be said that the city was making a complete gift in providing a site.

As a culmination of the civic centre discussion, the Junior Chamber, on motion of A. S. Nickerson, seconded by T. W. E. Henry, passed a resolution endorsing the drive for the raising of funds and requesting the city to head the subscription list with a substantial donation.

## War News

AIM TO TRAP GERMANS

LONDON—Large-scale Russian counter-attacks on one flank of the German drive against the Crimean Peninsula aimed at turning about entrapment of Germans and relief of Crimea's defenders was reported today by an authoritative London source. The British Broadcasting Corporation, interpreting the news, said it indicated Marshal Budenny was "making a determined effort to cut off the Germans now fighting in the narrow Perekop Isthmus. Front-line Russian dispatches said today that the Red Army had recaptured a city and railroad junction of 'B' on the Karel'ian Isthmus, described as one of the decisive sectors of the Leningrad front. The Russians also reported heavy German material losses on the southwestern front where vast stakes are involved in fighting for Odessa, Crimea and the industrial Donetz basin.

Two hundred and sixty-six persons have been executed in Jugo Slavia.

## BROOKLYN'S NAZIS ARE BAD LUCK SET BACK

Fitzsimmons Out of Game by Injury After Seven Scoreless Innings—Yanks Win. Many Casualties Are Inflicted Upon Germans—Leningrad More Secure.

NEW YORK, Oct. 4: (CP)—South-paw Marius Russo pitched brilliant four-hit ball today to give the New York Yankees a 2-1 victory over the Brooklyn Dodgers in the third World Series battle and put them in front in the classic two games to one.

The crowd of 33,100 fans in Ebbets Field was saddened when Fred Fitzsimmons, Brooklyn's starting hurler, was struck on the knee by a line drive and forced out of the game after hurling seven scoreless innings.

The Yankees scored all their runs off Hugh Casey who relieved Fitzsimmons at the start of the eighth.

With one down, Red Rolfe, Tommy Henrich, Joe DiMaggio and Charlie Keller fell on Casey for successive singles with the first two crossing the plate. Larry French had to be rushed in to stem the onslaught.

The Dodgers, who had been unable to get a run for the unfortunate Fitz in seven innings he toiled so gloriously, finally counted their one tally off Russo in the eighth when Dixie Walker slammed a double to right centre and scored on a single by Peeewe Reese.

## Torpedoing of Tanker Another Act of Piracy, Cordell Hull Declares

Four of Crew Are Unaccounted For—Vessel Was Enroute From United States to Capetown With Fuel Oil.

WASHINGTON, D.C., Oct. 4: (CP)—Secretary of State Cordell Hull today vigorously denounced action of a submarine in sinking the United States-owned oil tanker I. C. White in the South Atlantic. He said the sinking of the tanker "seems to be another act of lawlessness, piracy and attempted frightfulness in connection with a general movement to drive people off the Atlantic Ocean which is part of the world movement of conquest."

Thirty-four of the thirty-eight man crew of the I. C. White have been rescued. The remaining four are unaccounted for.

The I. C. White was sunk in that part of the Atlantic described as United States defence zone.

The vessel was enroute from the United States to Capetown with a cargo of fuel oil.

WASHINGTON, D.C., Oct. 4: (CP)—President Franklin D. **GREEKS ANNIHILATED**  
SOFIA—Rebellious Greeks who invaded Bulgarian-occupied Drama district in eastern Macedonia Sunday night were annihilated after skirmishes of several hours, it was claimed today. **BUILDING MERCHANT VESSELS**  
MONTREAL—H. R. MacMillan, director of shipbuilding, speaking here last night, said that a six months' program for Canadian shipbuilding included 75 to 80 merchant vessels of 10,000 ton class with a number of smaller vessels. The chief difficulty in shipbuilding was obtaining steel, he said. Otherwise, the industry was well organized. In 1942, Canada, for the first time in history, will be building more merchant vessels than Great Britain whose yards are concentrating on naval shipbuilding.

## HOUSE WORK IS STARTED

Lumber Begins to Arrive and Should Come Along at Regular Intervals.

Work has started on the foundations for the new houses for the dry dock workers along Sixth Avenue. The first lumber to arrive was some heavier timbers, but the other is to follow at regular intervals and the work should now proceed without interruption except possibly that the road construction may take longer than was expected. There is a steam shovel digging out the muskeg but it cannot operate effectively on the rock.

The land is pretty well all cleared and the home sites pegged out. A new foundation has been prepared for the Storik House so that the building can be moved to its new location.

## Spiritual Character of Struggle . . .

"The whirlwind has come just before those hopeless tragic words "Too Late" could be pronounced of the whole human race," says a writer in an English magazinelet.

How perilously near the edge of the precipice we were will emerge as we are able to see this present age in truer perspective. That time is not yet. What is encouraging, however, is the fact that more people are asking questions than they have ever done in their lives. In a review of world affairs the writer remarks, "the spiritual character of the struggle is too little reckoned with, too little thought about, too little emphasized. The great strength of the race has been founded upon a dogged adherence to certain religious principles, which, however much they may be sneered at by modern cynics, nevertheless succeeded in creating and strengthening a people and system of nations, upon which the whole civilized world now depends for a restoration of its freedom where it has been lost, or the maintenance of it where it has been retained. This is a moment in which we should do well to renew that faith. If we unwaveringly adhere to it, victory (whether it be attained by many or few) is assured. Without it none can tell into what dangerous spiritual alliances we may drift, and from thence into what political follies. These are words we should all do well to take to heart."

## Mrs. Steeves' Candidature . . .

Mrs. Dorothy Steeves is remembered by many people because of some slighting remark made in the Legislature at Victoria in regard to the British Empire. However, while she dislikes the word "Empire" she likes the word "Commonwealth." Her husband fought in the last war and her son is in the air force in this war so any little objection we may take to her oratorical ebullition in the Legislature is made up in other ways. She has been writing the story of the war from week to week in the C.C.F. newspaper in Vancouver and it has been one of the fairest commentaries we have seen. The only regret, if she should be re-elected in North Vancouver, would be that her legislative duties may interfere with the more important duties as writer, housewife and gardener.

Mrs. Steeves is well known to a good many in Prince Rupert who will be interested in the outcome of the election contest.

Lois N. Again Heaviest Halibut Lander Here—Individual Records for Both Fleets Compiled.

As it was in 1940, Capt. Ben Peterson's Lois N. was again in 1941 the heaviest lander of halibut at Prince Rupert, a compilation of individual boat landings reveals. The Lois N. this year brought in a total of 261,500 pounds in eight trips which gives her a better average per trip than last year when she landed 268,000 pounds in ten trips. The seiner Sea Ranger, Capt. Einar Johnson, nosed in for second place as far as heavy landings were concerned this year with 198,500 pounds in eight trips. The Dovre B., Capt. Tony Martinussen, second last year, was third this year with 198,000 pounds in eight trips. Capt. Lars Voge's Zapora was the heaviest average lander per trip this season with 34,666 pounds per trip, having made three trips. The Elvin S., a Victoria boat, had average of 34,500 per trip on two trips. The Ispace II had an average of 34,000 pounds per trip for two trips. The Mae West, Capt. O. J. Hansen, made the greatest number of landings for the season—ten for a total of 162,500 pounds of fish. The Northern Breeze made nine trips for a total of 190,000 pounds. Making eight trips each were: Lois N., 261,500 pounds; Sea Ranger, 198,500 pounds; Dovre B., 198,000 pounds; Clipper II, 122,000 pounds; P. Dorreen, 122,000 pounds.

For the American fleet at Prince Rupert, the Atlas, Capt. John Munson, as in both 1939 and 1940, was again the heaviest lander of halibut this year with 243,000 pounds in seven trips as compared with 228,500 pounds in the same number of trips last year. The Explorer, Capt. Magnus Hansen, was second with 221,000 pounds in six trips and the Eagle, Capt. Carl Serwid, and Doric, Capt. Martin Nilsen, were highest average landers for the American fleet as far as Prince Rupert was concerned with 49,500 pounds per trip, the former on four trips and the latter on two. Averaging forty thousand pounds each were Havana, four trips, Northern, three trips; Aleutian, Helgeland, Polaris and Vansea, two trips, and Arthur H., Alten, Columbia, Constitution, Eclipu, J. B. Edwards, Mitkof, Masonic, Pacific, Republic and Wizard, one trip each. Seven was the greatest number of fares landed by any single American boat at Prince Rupert, boats landing this number being: Atlas, 243,000 pounds; Sentinel, 173,000 pounds; Hazel H., 130,000 pounds; Pioneer, 111,500 pounds; Glacier, 97,500 pounds; Eureka, 93,000 pounds; Reliance I, 89,500 pounds.

Individual landings of both Canadian and American fleets at Prince Rupert for the 1941 season were as follows:

**REPORT OF  
PRESIDENT**

Gordon T. German Reviews Activities And Accomplishments Of Junior Chamber During Year

Activities and accomplishments of the Prince Rupert Junior Chamber of Commerce during the past year were reviewed by the retiring president, Gordon T. German, in his report presented at the annual meeting last night of that organization. The report indicated not only a substantial measure of activity by the Junior Chamber and its members in a variety of community undertakings but also that a healthy and effective interest had been taken in many public questions.

The Christmas Cheer broadcast had been resumed, Mr. German reported, and the sum of \$473 had, as a result, been collected by the Salvation Army of which \$345 was spent for Christmas cheer, over sixty hampers of foodstuffs as well as fuel and clothing being distributed, the balance being used for emergency relief during the year.

Following the practice of a number of years, the Junior Chamber again undertook to decorate street lamp standards during the Christmas season.

In the promotion of the sale of war savings stamps and certificates members of the Junior Chamber took an active part. One of the members had acted as secretary of the local committee. Dinner assessments had been increased from 50c to 75c, each member being given a war savings stamp in return.

Members of the Junior Chamber had also been active in the canvass for funds on behalf of the Canadian War Services fund, one of the members acting as treasurer and others as team captains and solicitors.

One of the major efforts during the past season, of course, had been the raising of funds for the proposed civic centre. The members had been quite prominent in a carnival sponsored by Gyros, Rotarians, Sons of Norway and Junior Chamber, acting as chairman, secretary, treasurer and also taking an active part in games and concessions.

An effort had also been made to assist in the collecting of orders for cigarettes and tobacco for the British Columbia overseas tobacco fund but the response had been disappointing, only thirty-two orders with a total value of \$52 having been received.

Questions Dealt With

Among questions which had been discussed and, in some cases, handled by committee, were complaints of soldiers' wives in regard to excessive rents, failure of the Rowell-Sirois commission plan clean and paint up campaign, tourist attractions, traffic and speed regulations, salvage materials for war purposes, advisability of holding a census this year and civic health.

Reporting on membership, Mr. German announced that there had been a net gain of eight from thirty to thirty-eight not including eighteen of whom were serving with His Majesty's forces. Eighteen new members had been enrolled during the year, ten having dropped out for various reasons.

Relations with the Senior Chamber, Mr. German reported, had stood the test of time and today were on a better footing than ever before. The wisdom and experience of the seniors was always respected and it was hoped, for the benefit of all, that harmonious relations should continue.

Mr. German thanked all members for able assistance, expressing appreciation particularly to the secretary, T. J. Williams, for his loyal co-operation, support and wise counsel. He was also grateful to the executive committee.

The retiring president also expressed thanks to the press for his election as new president, Alf Rivett said he appreciated it would be difficult for him to follow in the footsteps of Mr. German.

pressed thanks to the press for his election as new president, Alf Rivett said he appreciated it would be difficult for him to follow in the footsteps of Mr. German.

For the new president and executive committee, Mr. German bespoke a continuation of support.

Mr. German himself was given a hearty round of applause in token of appreciation of his own work during the year.

In taking over the chair after also spoke briefly.
