War News

BRITAIN HEAVILY HIT LONDON—Perhaps signalling an end of the lull in the Battle of Britain, German bombers last night and hard at five cities on Britain's southeast and west coast. For one of the five towns it was the worst raid of the war, many persons being trapped in shattered buildings. The Royal Air Force directed over-night attacks at docks at Brest and St. Nazaire and airdromes in German-held territory.

GERMAN BIG GUNS IN ACTION FOLKESTONE, Eng.—German guns from the French coast roared into action at noon today in a heavy bombardment of shipping through the Straits of Dover.

REDS SMASHING NAZIS MOSCOW—Heavy Russian smashes in the north and centre inflicting more than six thousand German casualties and indicating big new blows for the central counter offensive as well as strengthened security for Leningrad, were announced today. At one point on the central front, said the Soviet information bureau, three thousand German soldiers were killed and wounded and thirty-two tanks destroyed.

FINLAND IS OBSTINATE HELSINKI—Officials of the Finnish government declare that Finland will never sign a truce with the present government of Russia.

WARSHIPS TRAPPED

Germany Claims 100 Russian Vessels Unable To Get Away From Bombers

BERLIN, Oct. 3.—More than one hundred Russian warships, including cruisers, destroyers and submarines, have been trapped by German bombers between Kronstadt and Leningrad, it is claimed by German authorities. Delayed action bombs, set by the Russians before evacuation, have been gone-off in captured Kiev, it is said. Moscow was reported to have had an air raid alarm last night. The warships of the Russian metropolis is said to be partly out of commission.

FREEDOM DEFINED

Dr. Hugh Dobson D. D. Gives Rotary Club Inspirational Talk

When we say we are fighting for freedom we do not mean we are fighting for the right to do anything we please, according to Dr. Hugh Dobson, who addressed the Prince Rupert Rotary Club at its regular weekly luncheon yesterday. His conception of freedom was taken from that set forth by St. Paul when he said: "Ye are called to be free." That freedom was the liberation of the soul that is in man. It meant that man would lead an ordered life. The nation must be brought to such an ordered life. Man must have predominantly those high qualities which mark him as being above the beast.

Dr. Dobson went on to point out that in order to win the war people were asked to sacrifice everywhere except in the matter of drink. It was curious that the mouths of people were closed against condemnation of such a destructive force. Another subversive matter on which British Columbia was outstanding was the disruption of family life. In this too there should be an orderly life.

Dr. Dobson introduced to the club a book that he recently purchased—"The British Case" by the late Hon. Lord Lloyd—in which the writer points out that this is the first free civilization the world has seen. A review of the war and the forces leading up to it would prove interesting to members of the club, he thought, and he advised them all to read it.

NO SUSPENSION TORONTO—The police commissioners have taken no action in the suspension of Brigadier General Draper, chief constable, following his conviction on a reckless driving charge.

MUSSOLINI PRO-NAZI

Leads Italian Nation In Demonstrations Of Favor For Germany

ROME, Oct. 3.—Premier Benito Mussolini led the Italian nation yesterday in pro-German demonstrations. Nazi official spokesmen deny a deterioration in relations between Italy and Germany.

Hitler Home From Russia

BERLIN, Oct. 3.—Chancellor Adolf Hitler, home from the Russian front to launch Germany's ninth winter relief campaign, claimed today that Russia had been so stricken she "never again will rise up" and that "a gigantic new development" has opened on the front in the last forty-eight hours. That development, he said, had made it especially difficult for him to leave his field headquarters.

Architect Coming To Consult Upon Centre Project

Henry Whittaker, provincial architect, will be arriving in Prince Rupert shortly for consultation in connection with the civic centre project which it is planned to embark upon in the near future. Word to this effect has been received from Victoria. Dr. R. G. Large, chairman of the civic centre committee, will be present at the annual dinner meeting of the Prince Rupert Junior Chamber of Commerce this evening to make a report on the project to that body. The corner of First Avenue and McBride Street is now being considered as a site.

Victory Bear Is Camp Pet

Unusually Marked Bruin Appears at Surf Inlet Mine So Gets Patriotic Name.

In token of "V for Victory," a big black bear, which recently visited the camp of the Surf Inlet mine, has been named "Victory." Oddly enough, the big bear had a big snow white "V" on its furry chest. Such an appearing bear is quite unusual.

TRADE IN LIQUOR IS DEPLORED

It Should Be Controlled, Presbytery Declares—Prince Rupert District Sessions Conclude.

While concerning itself for the most part with immediate and practical issues, the Prince Rupert Presbytery of the United Church of Canada, in session here this week, took notice of the growing menace of the liquor traffic and a strong resolution was passed condemning the inconsistency of governments in pleading on every hand for economy except in the matter of liquor. The proposal to use ships for the shipment of beer to England in these times of stress was also roundly condemned. It was urged that only the necessities of life be transported under convoy to the Old Country.

Concluding session of the Presbytery last night took the form of a public meeting in First United Church when Rev. W. P. Bunt, superintendent of missions, spoke on the work of the home missions, and Rev. Dr. Hugh Dobson, secretary of social service and evangelism and president of the British Columbia Conference, discussed the subject "Hope of a New World Now."

Rev. T. C. Colwell of Port Simpson, chairman of the Presbytery, presided over the various sessions and among the delegates coming from a distance were Rev. Peter Kelly of the mission boat Thomas Crosby, Mr. and Mrs. J. A. Findley from Hartley Bay, Rev. E. S. Fleming from Ocean Falls, and Sam Hughes and Dr. and Mrs. Fiddes from Port Simpson. The congregation of First United Church was represented by Rev. J. A. Donnell, Rev. W. H. Pierce, Mrs. Andrew Thompson and Mrs. Gordon German. Dr. Dobson and Mr. Bunt were, of course, the principal visitors.

Color and Romance

A note of color and romance was lent to the proceedings by the presence of the venerable missionary, Rev. W. H. Pierce, whose keen wit, wisdom and insight did much to make the sessions interesting and profitable. Mr. Pierce, who is well known for his picturesque speech, was most effective with his vivid reminiscences of pioneer days. For instance, he told of paddling his own canoe, with others, from Port Simpson to Victoria, a distance of six hundred miles, in order to go to school. He related how in those days he had heard of President Abraham Lincoln's vow to smash the slave trade and was so much impressed that he made a similar vow concerning the slave traffic among his own people on this west coast. That high resolve led him to enter the missionary work of the Methodist Church in which he subsequently gave a long life of devoted service. Mr. Pierce appealed to Presbytery for continued interest and support of the work which had been carried out among the native peoples for half a century.

The Presbytery spent much time hearing reports on work already done in this district, particularly among the natives, and discussing plans for the future. Notable reports were those covering the work of hospitals such as Hazelton, Bella Bella, Bella Coola and Port Simpson. These institutions are now all splendidly staffed and well equipped to render the high-

Panama Ship Is Torpedoed

RIO DE JANEIRO, Oct. 3. (CP)—The United States freighter West Nilus radioed today that she had picked up eighteen survivors of the Panama-registered tanker F. C. White which was torpedoed Sept. 27, some 450 miles east of Recife, Brazil.

THOUSAND EXECUTED

Berlin Announcement Gives An Idea Of Stern Measures Being Taken

BERLIN, October 3.—One thousand and persons have been executed in Nazi-occupied countries of Europe since the war with Russia started, it is announced here.

BOMBING ENGLAND

Five Towns Hit Last Night With Considerable Damage and Heavy Casualties.

LONDON, Oct. 3.—German bombers, coming over by the light of a bright harvest moon, blasted hard at five British towns last night, four of the towns being in the northeast and one in the southeast. Much damage was done and casualties were feared heavy. For one of the towns it was the heaviest attack of the war.

Diving low in waves, the enemy planes dropped heavy bombs and incendiaries, using machine guns and small cannons.

Two of the Nazi planes were brought down on the east coast and one in the Firth of Forth area. Six German planes were brought down in fighting over the continent yesterday, according to the Air Ministry.

FIGHTING OF FIRES

Good Work Being Done by Canadian National Employees.

MONTREAL, Oct. 3.—Fire prevention is the basis of a continuous campaign throughout the Canadian National Railways and, as a result, the number of fires on company property this year will be less than those in 1940 which totalled 250 throughout the extensive system.

With the approach of the forthcoming fire prevention week, Oct. 5 to 11, all Canadian National employees have pledged themselves to co-operate in its observance. Fire inspectors, five to each division, have reduced the number of fire hazards by careful investigations and proper recommendations to those in authority in order to remove possible dangers. They also advocate "good house-keeping" to all employees by keeping railway buildings and equipment clean and free from rubbish. Further, they encourage the cutting of grass near station buildings and section houses so as to reduce the danger and damage due to grass fires.

Another important factor is the well organized fire brigades at all Canadian National Railway shops. These groups take "time out" regularly for drills and this has made them very efficient when called upon to quell a fire.

The company supplies sufficient fire protection apparatus at all strategic points, as well as all buildings throughout the systems, and trains with suitable fire extinguishers, at numerous points locomotives are equipped to spray water under pressure and tank cars are available to deal with emergencies along the right of way.

Interior Has Too Much Rain

Crops Throughout Bulkley Valley Suffering Over Abundance Of Moisture

SMITHERS, Oct. 3.—During the past two weeks the valley has had a great deal of wet weather and it has held up threshing operations to the extent that some of the crops still standing in stooks in the fields are now suffering from the moisture.

According to reports from districts farther east the crops around Houston and Vanderhoof have been even worse off than the Smithers district in that respect as they have had a great deal more rain than this end of the Bulkley Valley.

DIES AT TERRACE

Wilfred Seguin Passes Away On Street.

TERRACE, Oct. 3.—Dropping dead in the street in Terrace Wednesday, a man named Wilfred Seguin suffered a fatal heart attack.

Deceased was a stranger to the district, having arrived a short time ago looking for employment and was to have commenced work today. The funeral took place today, burial service being performed at 8 o'clock at the Catholic church. Pallbearers were provided by the members of the Canadian Legion.

ENGINES FOR TURKEY

LONDON, Oct. 3.—British locomotive works have started to build 24 railway engines for Turkey. They are part of an order for 8 locomotives.

Prime Minister Gives Message to Party of Canadian Journalists

Seldom Has Homeland Ever Faced Worse Trials Than at Present But Never Has It Been More Confident of Outcome.

LONDON, Oct. 3. (CP)—Prime Minister Winston Churchill, in a special message to part of the group of Canadian newspapermen visiting war-time Britain, asked them to tell the people of Canada that, "although the British Commonwealth has seldom in history faced worse trials, never before have we at home felt more sure of ourselves and of our cause."

CALL OFF MOVEMENT

Reparation Which Was to Have Suspended Fighting Is Postponed.

LONDON, Oct. 3.—The War Office announced suddenly tonight that it had been forced to postpone the start of repatriation of sick and wounded prisoners of war which had been due to start tomorrow and which had already been started at the English Channel port of New Haven.

It had been agreed that there would be a suspension of warfare in the English Channel during the movement.

JAPAN IS RESENTFUL

At Netherlands East Indies Providing War Supplies for Soviet.

TOKYO, Oct. 3.—Japan charges resentfully that the Netherlands East Indies, becoming more and more friendly with Russia, is sending large supplies of war materials to the Soviet after having refused to send the same materials to Japan. Further shipments of rubber, oil and steel from the Netherlands East Indies to Russia will be considered an unfriendly act, Tokyo says.

FINAL BULLETINS

WET IN PEACE RIVER POUCE COUPE—Wet weather with five inches of snow is making the harvesting of seed oats which is beginning to sprout.

NEW AUSTRALIA GOVT CANBERRA—Labor Leader John Curtin today accepted a commission to form a new Australian government shortly after Prime Minister A. W. Fadden tendered the cabinet's resignation following defeat by a margin of three votes of a motion regarded by the government as one of confidence.

MAYOR CONDEMNED BERLIN—Otakar Klappa, mayor of Ofn, has been condemned to death by the People's Court of Czechoslovakia, on charges of plotting rebellion in alleged conspiracy with the condemned Premier of the Bohemia-Moravia protectorate, General Alois Elias. Dienst Aus Deutschland reported today. The agency quoted Prague sources as saying that Elias had drawn Klopka into the plot.

RAIN STOPS SERIES BROOKLYN—The third World Series game between the New York Yankees and Brooklyn Dodgers was postponed today by Commissioner Landis after a steady rain left the field here unplayable. The series will proceed tomorrow, weather permitting.

CANADA STRIKE FREE OTTAWA—With the settling of the dispute in the Pacific Bolt Co. plant at Vancouver there is not a single strike in Canada today. In view of the fact that there are 3,100,000 workers, this is considered very satisfactory. After the five-month slowdown, Cape Breton coal mines are in full production again.

PETAINE INTERVENES VICHY—Marshal Petain intervened today to save the life of Paul Colette, under death sentence for attempted assassination of Pierre Laval and Marcel Deat. The sentence was commuted to life imprisonment.

CIGARETTES TO BRITAIN MONTREAL—Christmas presents of cigarettes to the Old Country should be ordered not later than Oct. 14.

JAP SUBMARINE SUNK TOKYO—A Japanese submarine has sunk in the Sea of Kiuchiu during naval manoeuvres. It had been in collision with a surface vessel. Part of the crew of the submarine was saved.

MAY LEAVE TEHERAN TEHERAN—Japanese and Vichy-French legations may leave this capital of Iran.

RATIONS SLASHED BERLIN—The clothing ration in Germany is being slashed thirty-five percent on account of the difficulty of providing clothing for the army.

SYNAGOGUES BLOWN UP VICHY—Six synagogues were blown up in Paris this morning which destroyed the interiors and left only the walls standing.

AGREEMENT WITH ARGENTINA OTTAWA—A trade agreement has been concluded between Canada and the Argentine, it being the fifth agreement with a Latin American country.

CORDOVA ST. TRAFFIC VANCOUVER—Extensive revisions in Cordova street traffic have been recommended by the traffic commission. There is also to be tighter observance of jay walking regulations.

Reversion to Savagery . . .

The German method of executing hostages, men who had nothing whatsoever to do with the crime which their deaths are supposed to expiate, seems like a complete reversion to savagery. To pick up a score of men and shoot them because some other person shot somebody does not seem reasonable. But nothing in war is reasonable. The whole business is savagery. It is too bad that in this so-called enlightened age we should have to revert in order to defend ourselves.

Sees Crack Coming . . .

One of the radio commentators, broadcasting Wednesday night, expressed the opinion that the Axis powers were beginning to crack and that anything may be expected in the near future. We hope this is not just wishful thinking. If the people of some of the occupied countries of Europe find themselves hungry this winter, and if the Germans are so short of food that they are really uncomfortable, we may expect something to happen, but not otherwise, we think.

Coffee House Habit . . .

A number of Prince Rupert's young business people are developing the coffee house habit. They drop in to their favorite coffee shop in the middle of the morning to drink a cup of coffee and talk over the news of the day. It is the revival of an old habit and makes a break in the morning that is very pleasant. It differs from the beer-parlor habit in that the habitués are not tempted to drink again and again.

A local man tells of how one single group could always be found in a coffee house in the city of Cardiff. The place served a coffee that was much better than any other in the city and became well known for this brand of refreshment. Men from all around the country dropped in there occasionally and drank a cup of coffee, usually standing at a counter, stopped to chat a few minutes and passed on.

All Out Aid . . .

The Moscow conference has ended with Britain and United States promising substantial aid to Russia and laying plans as to just how this will be done. Naturally the conference is not publishing its findings, but it is evidently quite satisfactory to all concerned. Airplanes will be among the large contributions and arrangements have to be made for provision of ample facilities for landing fields, machine shops, etc., so that there would be no confusion that might end in catastrophe.

If you lose anything, advertise for it.

"... handy to have when we want to retire ..."

Mrs. Younger: "We're really asked to do very little when we're asked to lend our money, don't you think?"

Mrs. Elder: "It is little . . . especially when we consider how others are suffering."

Mrs. Younger: "And we are able to lend in such small sums when we buy War Savings Certificates . . . everybody can do it . . . but do you think such small savings are worth while?"

Mrs. Elder: "Indeed they are, when we are all in it. I'm not good at arithmetic, but I realize that the individual effort of small investors, added together, can provide hundreds of millions of dollars for war needs. That's a lot of money."

Mrs. Younger: "It is worth while, when you figure it up like that, isn't it?"

Mrs. Elder: "Yes, it is, and at the end of seven and a half years we get \$5.00 back for each \$4.00 we invest . . . money that will be handy to have when we want to retire."

The help of every Canadian is needed for Victory. In these days of war the thoughtless, selfish spender is a traitor to our war effort. A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.

 Rev. Dr. Dobson delivered a challenging and heart-searching address to the members of Presbytery Wednesday night. He stressed the need for more and better Bible study and more and better praying and more and better use of the Sabbath, the day of Resurrection, the Lord's Day.
 It was decided to undertake repairs to the mission houses at Hartley Bay and Kitimaat. The mission hospital at Port Simpson has undergone repairs and a certain amount of remodeling and is now prepared, it was reported, to take care of all native patients in this area. High commendation was given Dr. Fiddes for his splendid work in connection with the rehabilitation of this splendid old hospital.
 Congratulations were extended to Rev. D. W. More, missionary teacher at Kispiox, on attaining his Bachelor of Arts degree.
 High commendation was also voiced to all lay missionary teachers in their difficult work. Special mention was of Miss McDames who is rendering notable service as a missionary teacher at Kispiox. The hope was expressed that many more such young people—men and women—would offer themselves for the work.
 Having commissioned Rev. Peter Kelly and Rev. T. C. Colwell to conduct the induction of Rev. J. A. Donnell as pastor of First United Church in Prince Rupert Sunday night and Mr. Kelly and Mr. Flindlay to conduct the induction of Rev. Basil Hartley at Kitimaat on Oct. 7, Presbytery adjourned to meet again in February.

Whifflets From The Waterfront

Pacofi is today about the busiest centre on the Queen Charlotte Islands as the salmon cannery and reduction plant of the B. C. Packers continue operations at full capacity. Don Haywood is the general manager of the plant. More than thirty years ago when this plant at Pacofi was first built, Mr. Haywood's father was manager. It is an odd coincidence that the son should now be in charge.

During the past summer large sunfish have been seen on all parts of the Queen Charlotte Islands. Capt. Alex Yeomans of the seiner Chief Weah caught two of these sunfish, one weighing about eighty pounds and one seventy-five pounds. They were caught at Lockport. Sunfish are normally regarded as a tropical fish.

Both arriving early, C. P. R. steamer Princess Adelaide, Capt. R. C. McGeachy, and C. N. R. steamer Prince Rupert, Capt. Neil MacLean, were in port just about 8 o'clock this morning from the south. The Princess Adelaide sailed at 2 o'clock this afternoon on her return to Vancouver and way points. The Prince Rupert sails at 3 p.m. for Ketchikan and Stewart whence she is due back here tomorrow evening south-bound.

PIONEER IS DEAD

SMITHERS, Oct. 3: — The Bulkley Valley lost another of its pioneers on Tuesday when Alexander Zobnic, a well known and highly respected citizen of the district, was found dead at his little farm about a mile west of the town.

Mr. Zobnic had not been well for some time and about two months ago was a patient in the Smithers Hospital where he had undergone an operation. He had been about his work during the afternoon of Tuesday when he was visited by some friends but about five o'clock a friend passing his place called in and found that he had passed away.

Mr. Zobnic came to Canada many years ago from his native Croatia and was in the Smithers area when the town started to build. He took up a homestead near Lake Kachlyn and did an enormous amount of work clearing the place. Later he put in most of his time prospecting and mining and was looked upon as an excellent miner. He was a hard working and honest man and had many friends in the district who will be sorry to hear of his passing.

The funeral was held from the United Church this afternoon. Interment took place in the Smithers cemetery.
 Deceased was 72 years of age.

Miss Croxford Is Bride Today; Rites Held at Cathedral

A quiet but interesting wedding took place this morning at 10:30 in St. Andrew's Anglican Cathedral, Padre J. E. Whittles officiating, when Miss Sylvia Croxford, second daughter of Mr. and Mrs. A. J. Croxford of this city, became the bride of Signaller Edgar Brock of Penticton. Only a few immediate friends of the couple were present.

The bride was attended by Miss Pat Wiggins, while Lance Corporal James Hilder acted as groomsmen. Following the ceremony, a wedding luncheon was served at the home of the bride's parents at 1078 Eighth Avenue East.
 Mr. and Mrs. Brock sailed on the Princess Adelaide this afternoon for Vancouver and Penticton on a honeymoon trip.

IS FULL OF MERRIMENT

"Road To Zanzibar," With Crosby, Hope and Lamour, Here This Week-end

"Road to Zanzibar," a comedy with music, starring Bing Crosby, Bob Hope and Dorothy Lamour, is the week-end feature on the screen of the Capitol Theatre here.

Replete with merriment and melody, the picture presents Bing and Bob as a couple of carnival men in Africa who are trying to raise enough money to get back home. When they finally do it is as a result of the brain work of Bing and the hardy physique of Bob whose job is to be frozen alive, electrocuted, shot out of a cannon and otherwise buffeted about. While Bob allows himself to be wound around Bing's fingers in these things, when romance is involved Bob puts up a hard fight as Bing's rival for Dorothy Lamour whose story is that she has been captured by the slave traders and that she is on the auction block. Really Miss Lamour and Una Merkel are a couple of stranded vaudevillians trying to put a fast one over on the boys and fleece them of what money they have. They have side-splitting adventures with cannibals and gorillas on a safari. Finally, the boys get wise and leave for home but that is not all of the story which turns out with a romantic ending after all.
