## Arrive in Orient— CANADIANS LANDED AT HONG KONG

Troops From All Parts Of Dominion, Led By Brigadier Lawson, Take Up Stations  
**HONG KONG, Nov. 17:**—A large transport of Canadian troops in convoy has arrived here after an uneventful voyage across the Pacific Ocean, not a single enemy ship being sighted during the entire long journey. They are taking up stations with British regulars and volunteers and Indian troops in the greatly increased defences and fortifications of this important port. They were accorded a great reception by overjoyed British and Chinese residents after news of their landing had been circulated. They marched through the streets to barracks, led by two bands, after they had been welcomed by Sir Mark Young, governor of Hong Kong.  
The Canadian forces, under Brigadier J. K. Lawson, consists of volunteers mostly from Manitoba and Quebec and a number of veterans from the First Great War are in their ranks. Brigadier Lawson has already seen duty in England in the present war and bears scars of injuries sustained in a bombing raid.  
In Ottawa Prime Minister William Lyon Mackenzie King, commenting on the arrival of the troops in Hong Kong, said that it was an indication of Canada's readiness to take a stand "in defence against aggression, actual or threatened, in any part of the world as was part of the defence of any country still enjoying freedom."  
The Canadian Corps in England received news of the landing at Hong Kong with much interest.

## War News

**RUSSO-GERMAN WAR**  
**LONDON—**At the same time as she claimed today that her forces had captured Kerch, eastern Crimean stepping stone to the oil-rich Caucasus, Germany announced that Alfred Rosenberg, ideological leader of the Nazis, had been appointed by Chancellor Adolf Hitler as governor of eastern occupied regions. The seizure of Kerch, if true, leaves the Germans separated from a side entrance into the Caucasus by only a narrow strait and more than ever the area looms as the next theatre of major action. The Russians report that counter-attacks have forced the Nazis back in the zones of Kalinin and Tikhvin.

**RAID BENGASI AND DERNA**  
**CAIRO—**The Royal Air Force staged effective raids yesterday on Bengasi and Derna, Italian strongholds in Libya.

## DIRECTION OF LABOR ASKS HART TO RESIGN

Further Compulsion Will Be Necessary For One Hundred Percent War Effort, Says Bevin  
**LONDON, Nov. 17:**—Rt. Hon. Arthur Bevin, in a speech yesterday, said that greater compulsion and direction than ever before of British labor would be required to obtain a one hundred percent war effort. He said that age reservations would have to be removed.  
He expected, Bevin said, to see at least a million married women working in factories and offices, releasing men for other work. Women must assume a status of equality with men.  
"Before long not a man or woman in Britain will not be doing the job for which he or she is best fitted," declared Bevin.

## LOOK FOR INVASION

Kwangsi And Yuan Provinces Preparing To Resist Japs  
**CHUNGKING, Nov. 17:**—Kwangsi and Yuan provinces of China are preparing for an invasion by blowing up bridges and roads as well as providing pillboxes and other fortifications. Yunan borders on Burma and might be entered in any Japanese attempt on the Burma road.

## Anti-Strike Legislation Considered

**WASHINGTON, D.C., Nov. 17:**—A group of United States House of Representatives members are drafting a program of anti-strike legislation.  
A thirty-day cooling off period would be required before any strike is commenced, strike ballot would be taken secretly, sympathy and boycott strikes would be banned and mass picketing prohibited.  
The strike situation in the coal and other industries continues critical.

## Weather Forecast

General synopsis—A disturbance is approaching the Queen Charlotte Islands from the west. Moderate rains have occurred on the southern portion of the coast.  
West Coast of Vancouver Island—Light rains, partly cloudy and mild with scattered showers south of Quatsino Sound.

## IMPORTANT STATEMENT

Is Made by Premier in Japanese Parliament in Emergent Session.  
**CHIANG CALLS SHOWDOWN**  
**CHUNGKING, Nov. 17:**—General Chiang Kai-Shek declared today that "the vital moment" had arrived for a reckoning with Japan while Foreign Minister Quo Tai-Chi hinted at the formation of a four-power alliance in opposition to the Axis in the Orient.  
At a press conference, Chiang said "all signs seem to point to the direction of an ABCD alliance" among America, Britain, China and the Dutch East Indies.

**TOKYO, Nov. 17:**—An important statement from Premier Toji was received today by the Japanese parliament which is in emergency session. The future course of events between Japan and the United States may depend upon the outcome of a conference being held today at Washington between the special Japanese envoy Korusu and President Roosevelt and Secretary of State Cordell Hull.

Premier Toji today told the diet in its extraordinary session that Japan's terms for maintenance of peace in the Pacific included ending of United States-British blockade of Japan, halting of the enforcement of Japan, restoration of trade with Japan and hands off the Japanese campaign in China.

A spokesman close to the government says that, if Washington really wishes peace in the Orient, it should recognize Japan's determination to fulfil her aims in East Asia.  
General Togo, foreign minister, admitted yesterday in a statement that, after four years of fighting, Japan was still far from completing conquest of China.

Togo indirectly charged the United States and Great Britain with prolonging Chinese resistance by persisting in sending supplies to the Chungking government. Nevertheless, Togo declared, the strength and spirit of Chungking had been greatly reduced during the last year.

Togo reaffirmed Japan's determination to set up in East Asia a new co-prosperity sphere in spite of the attitude of United States, Great Britain or Russia. He declared that Japan had acquired in occupied territory sufficient coal, iron and cotton to offset the supplies blockaded by United States and Great Britain. Japan had about reached the limit of conciliatory attitude. Encirclement was threatening the very existence of the empire and Japanese prestige was endangered.

Japan was also ready for any eventually in the north, Togo said, referring to the situation with Russia on the Manchukuan frontier.  
Admiral Shimada, naval minister, also gave the diet a lengthy report on the Japanese naval situation, expressing confidence that the Nipponese navy was in a position to meet any requirements which might arise.

The Japanese are rushing fresh troops into Indo-China leading best informed observers to believe that some major development either against China or Thailand will occur before the end of November.

C. M. Drage, who has been teller in the local branch of the Canadian Bank of Commerce, sailed Saturday night on the Prince Rupert for Vancouver, having been transferred to main office there. Malcolm Milne has arrived here from Kelowna to succeed Mr. Drage.

## C. C. F. And Conscription

**OTTAWA, Nov. 17:**—The Co-operative Commonwealth Federation today reiterated its opposition to conscription of Canadian manpower for overseas service before "there had been effective conscription of finance and industry."  
This stand was made known in a statement issued after a meeting of the national executive.

## DISGUISED SHIP TAKEN

United States Navy Makes Capture Axis Vessel Flying American Flag  
**WASHINGTON, D.C., Nov. 17:**—The United States Navy Department last night announced the capture of an Axis merchantman flying the American flag.

The vessel was taken by an American cruiser in Atlantic equatorial waters on November 6 at dawn and is being taken into a port with American court jurisdiction.  
The ship had American flags painted on both sides of her hull and on deck. She showed Philadelphia as her home port.

The vessel was severely damaged by her own crew, the announcement said, in attempt at scuttling and it was added, repairs will be required before she is seaworthy again.  
The American warship became suspicious at the appearance of the vessel and sent lifeboat crews to board her. Then explosions were heard in the evident attempt to scuttle. Salvage crews made temporary repairs.

General Togo, foreign minister, admitted yesterday in a statement that, after four years of fighting, Japan was still far from completing conquest of China.

## AIR BLOWS EXCHANGED

Clearing Weather Facilitates Exchange Of Bombings Between England and Germany  
**LONDON, Nov. 17:**—There were scattered raids by German bombers over widespread points on the English and Scottish coasts during the night with some damage and casualties, several persons being killed in a northeast town. One enemy plane was brought down in the northeast and two off the east coast.

Flying through thick weather, the Royal Air Force attacked Emden and other targets in northwest Germany as well as Boulogne docks, also sowing mines and strafing factories and concentrations in occupied France. Four British planes failed to return.  
Weather clearing later facilitated the exchange of bombing blows.

## Canadian-Born R.A.F. Survives Trying Ordeal

**LONDON, Nov. 17:**—News has been received officially of the safety at a Mediterranean port in North Africa of Flying Officer John White of Youngstown, Alta. He had been forced down in the Mediterranean while on operations with the Royal Air Force. After a long period of drifting he was forced to swim ashore and then came a tramp of sixty miles along a barren coastline before, tattered and torn, he finally reached safety.

## MANPOWER RESERVOIR

China Ready to Supply Tens of Thousands of Men to Democracies.  
**LONDON, Nov. 17:**—Dr. Wellington Koo, Chinese minister to London, says that China is ready to furnish tens of thousands of troops for the defence of Burma and Russia should they be required. With a standing army of five million men and reserves totalling twelve million, China is a "reservoir of manpower" upon which the democracies can draw, Koo says. Koo could not confirm a report to the effect but said it was not improbable that Generalissimo Chiang Kai-Shek had already offered large forces of men to Russia. China, he said, was not forgetful of its obligation to Russia.

## YOUNG GIRL IS STABBED

Brutal Slaying of 14-Year-Old Dorothy Hammond in West End of Edmonton Sunday  
**EDMONTON, Nov. 17:**—Dorothy Hammond, 14-year-old girl, was found in a west end district yesterday brutally stabbed, dying soon after in hospital. She was the daughter of Mr. and Mrs. P. M. Hammond. She had been stabbed no less than fifteen times.

A widespread search for the killer has been instituted.  
A late report said a new German assault in Crimea was being hurled back. Many counter-attacks being launched effectively by the Russians in the Moscow and Leningrad areas are part of a well prepared plan to wrest the offensive away from the invaders. The Red Army is assuming the initiative more and more.

Russian winter is becoming more and more a factor in the war. Weather is becoming more wintry along the Russo-German fighting front. Nazi soldiers have been found frozen to death and German tanks frozen into the ground. First snow of the season has fallen in the Crimea and is proving an advantage to defenders of Sebastopol and Kerch. It is 5 above in Crimea with heavy snowfall.

## Fighting Is Fierce— NO CHANGE IN RUSSO-NAZI WAR

Soviet Forces Holding Or Pushing Nazis Back Everywhere Except In Crimea  
**KERCH CAPTURED**  
**BERLIN, Nov. 17:**—The German High Command today claimed capture from the Russians of the important Black Sea port of Kerch which has been under siege for some days.

**LONDON, Nov. 17:**—There is little vital change in the situation of the Russo-German war with see-saw battles all the way from Murmansk to the Caucasus. All along the front from north to south heavy fighting continues with the Germans stalled everywhere except in the Crimea. Even the Germans admit the success of the Russian counter-attacks particularly in the Moscow sector at Kalinin and Tula. In the Crimea the Russians are resisting stubbornly although the situation there is still admitted to be serious with the Nazis concentrating on Kerch and Sebastopol, heavily bombing the latter.

A late report said a new German assault in Crimea was being hurled back. Many counter-attacks being launched effectively by the Russians in the Moscow and Leningrad areas are part of a well prepared plan to wrest the offensive away from the invaders. The Red Army is assuming the initiative more and more.

In spite of strong reinforcements they have been bringing up against Moscow, the Germans admit their forces have been thrown back by strong Russian counter-attacks on the Moscow front.

In Moscow it is believed that the axis have given up the idea of taking Leningrad until next spring.

German and Italian forces are being forced back south of Stalino after a twenty-mile retreat.

The Soviet claims a smashing success in the far north with the destruction of twenty Nazi transports, some of which were annihilated from point blank range.

## WEYGAND IN VICHY

Closer Collaboration Of France With Germany Is Coming Up Again  
**VICHY, Nov. 17:**—Marshal Maxime Weygand, commander-in-chief of French forces in Africa, has arrived here for consultation with Chief of State Henri Philippe Petain.

Prior to Weygand's arrival, Petain received Otto Abetz, German governor of occupied France who came from Paris.

The question of closer collaboration of France with Germany is coming up again. Use of the French fleet for convoy duty in the Mediterranean is to be considered.

## THE DAILY NEWS.

PRINCE RUPERT, BRITISH COLUMBIA

Published Every Afternoon Except Sunday by Prince Rupert Daily News Limited, Third Avenue.

H. F. PULLEN, MANAGING-EDITOR

DAILY EDITION

MONDAY, NOV. 17, 1941.

### National Crisis . . .

Bruce Hutchison, in a dispatch to western newspapers from Ottawa commenting on the taking over of the leadership of the Conservative party on a policy of forming a National government looks upon it as a national crisis or rather one of a series of crisis. Mr. Meighen is out for conscription for overseas service whereas the policy of the King government is conscription for home service only.

Prime Minister King says he is bound not to accept conscription for overseas service because of his solemn pledge to the people of Canada made at the time of the last election but yet he admits that, when parliament opens in January, he will make an announcement which may include proposals for larger sacrifices, larger regimentation and larger taxes than had hitherto been dreamed possible.

It is expected that before that time Canada will be at war with Japan in which case men may be needed for defence rather than for overseas service.

Between now and January the government will have decided exactly how many men are needed for overseas, and how many for home service and much will depend upon the actual need as to what action will be taken.

Mr. King realizes that the people of the country will be satisfied with nothing less than an all-out war effort but any conscription of manpower must also include conscription of business under the price-fixing policy and conscription of wealth through taxation. He also realizes that, if sufficient men for overseas cannot be secured, something must be done and he will be ready to make recommendations when he meets parliament on Jan. 21.

### The National Situation . . .

The government realizes that the French-Canadians are more than ever opposed to conscription for overseas service and, if we have an election on the conscription issue, the country will be split to such extent as to seriously interfere with war preparations.

Mr. Meighen will, according to Mr. Hutchison, rally around him all who are opposed to price fixing and will be backed by those opposed to high taxation of big business. He will be represented as the defender of war profits, of financial power and the enemy of the workers. According to Liberals his record has shown him to have stated that the war would not be worth fighting if it is produce socialistic ideas.

### The New Leader . . .

The new Conservative leader, according to the same authority, has a wonderful mind but it is destructive rather than constructive. He fights with a rapier. He is one of the greatest advocates of our time. But what is needed today is a personality that will merge the different forces in the country. Mr. Meighen, as a representative of the extreme Toryism of the country, cannot reconcile the conflicting forces of Canadian life. At one time he broke with French Canada and the breach has never been repaired. Nevertheless, Mr. Meighen will bring to parliament a real opposition, something it has not had for some time. The government will face in parliament the greatest prosecutor of our time. He takes the position most reluctantly and will, doubtless, advocate most efficiently the policy that he has adopted as his own, the one he thinks would be best for the nation at this time.

## BROOKLYN MOVES UP

Americans Take Two Victories Over Canadiens In National Hockey League

CHICAGO, Nov. 17: (AP)—Chicago Black Hawks retained the leadership in the standing of the National Hockey League last night by defeating Detroit Red Wings. Toronto Maple Leafs, winning over Detroit Saturday night, kept in second place. Brooklyn Americans, taking a couple of week-end victories over Montreal Canadiens, bounded into third place.

The week-end scores were as follows:

A 15-year old hunt for Inter-provincial Rugby Union honors by the Ottawa Rough Riders ended 16 years ago with an 8-3 victory for Riders over Hamilton Tigers at the capital.

Chile was a colony of Spain from 1542 until 1826.

## Public Meeting At Terrace

TERRACE, Nov. 17:—Canadian Legion, Terrace branch, held a special meeting on Friday to talk over certain urgent communications which have been received from the Dominion Command. These were largely in connection with the increasing public demand that Canada's war effort should be steeped up to the condition of "all out." Accordingly, it was decided to call a public meeting or at all events a meeting of the heads of the various organizations to decide what is best to do in order to impress upon the government the urgency of this matter. As soon as details have been worked out there is to be a complete organization of the local veterans with a view to furthering this object.

## Canadian Legion At Terrace Busy

Record Sale Of Poppies Recorded—Armistice Day Is Duly Celebrated

TERRACE, Nov. 17:—The Canadian Legion continues its activities successfully in Terrace. Terrace branch sold so many poppies this year that all previous records were broken. Some eighty dollars worth were distributed by a troop of young people organized by President Moise Dubeau during the week preceding Remembrance Day. In the evening the time honored celebration was held in the hall where dancing went on until three the next morning. There were several prizes won on a draw of tick-

## Terrace

Rev. J. E. Burchall, Anglican rector at Smithers, stopped over for a few days in Terrace this week to renew acquaintances. On Thursday he continued his journey to Victoria where he will attend sessions of the Anglican Synod of British Columbia.

Fred Nash, B. C. L. S., returned to Terrace on Thursday from the Vanderhoof district.

### ASIATIC IMMIGRANT

The cheery tree is believed to be native of Asia. Outstanding was the beautiful quilt which R. W. Beecher made and there was a box or hamper of groceries which proved a popular feature. It was won by Gordon Temple who promptly gave it back for a sale by auction. Altogether this prize brought fourteen dollars.

### Ultimate Victory Of Good Is Seen

But Individual Responsibility Is Stressed By Presbyterian Pastor

In spite of the seeming overwhelming power of the forces of evil in the world today, confidence in the ultimate victory of the cause of good was expressed by Rev. A. F. MacSween at morning service in First Presbyterian Church yesterday. The pastor referred to God's promise to Abraham not to destroy Sodom even should only ten righteous persons be found among the wicked. Mr. MacSween saw an appalling disregard for the forces of good in the world today and stressed the importance of individual responsibility to live righteously and provide a haven in the community which would bring salvation. The pastor saw the present conflict as but a phase of struggle not between nations or ways of living but between the forces of good and evil.

Yesterday's congregation at First Presbyterian Church noted the commencement of notable improvements in the interior decoration of the church being carried out by volunteer labor.

An increased junior choir was also noted.

Union steamer Catala, Capt. Ernest Sheppard, arrived in port at 4 o'clock this morning from Vancouver and sailed at 10 a.m. for Stewart and other northern points whence she is due back here tomorrow afternoon south-bound.

Union steamer Camosun, Capt. James Watt, arrived in port at 9:45 last night from Vancouver via the Queen Charlotte Islands and will be here until 10 o'clock tomorrow night when she will sail on her return south over the same route.
