PRINCE RUPERT, B.C., SATURDAY, MAY 10, 1941.

PRICE: 5 CENTS.

R.A.F. Takes Offensive

HITLER AND STALIN DEAL

LONDON—Chancellor Adolf Hitler of Germany is to meet Premier Joseph Stalin of Russia within a few weeks, it is stated by the News-Chronicle. Russia will give a free hand in Asia, including India and Japan, it is said, with an outlet on the Red Sea in Iraq or Iran. The Soviet, in return, will not attempt to extend its borders further in Europe.

ANOTHER ATTACK ON REICH

LONDON—A concentrated and destructive attack on Mannheim, railway nerve centre of southwestern Germany, and Ludwigshafen, just across the Rhine, was carried out by the Royal Air Force last night, the Air Ministry announced today. A smaller number of bombers blasted industrial Berlin. Extensive fires were left burning among the docks and factory sections of Mannheim and Ludwigshafen. Royal Netherlands fliers joined the British in attacking Nazi airdromes in Norway. Nazi raids on Great Britain were light although widespread.

Unhappy Days—

HUNS OVER-RUN LAND OF PEACE

Ancient Arcadia, With Traditions Of Simplicity, Feels Weight Of Invading Hordes

German occupation of the Peloponnese will shock the ancient pastoral traditions of Arcadia, immortalized in Grecian mythology.

Arcadia is the central plateau of the Greek peninsula, south of the Gulf of Corinth. It is surrounded by mountains and even in modern times the population remains sparse, owing to the lack of consistent moisture.

The ancient inhabitants were an independent nation of shepherds and huntsmen worshipping Pan, Hermes and Artemis, primitive deities. The popular idea of the life of the Arcadians ascribed to a perfect happiness and the absence of everything mundane.

However, in the centuries between the ancients and the present sweep of the mechanized armies of the Hun, the traditional peace of Arcadia has been shattered many times. Like their traditions they had many sanguinary feuds among themselves. With the rise of Greece they fell a prey to Rome. Then the country was occupied by the Spartans and Macedonians.

There was an influx of Slavs in the 8th century, followed by many centuries of Turkish rule. The Arcadians played an heroic part in the Greek Wars of Independence early in the 19th century and owing to strategic position of their plateau it was a centre of many battles.

Ambient's Arcadians Elderly and middle-aged theatre goers, says The Canadian Press, will recall Mark Ambient's delightful musical play "The Arcadians," which ran for two years at the Shaftesbury in London about 1910, appeared in Canadian and United States theatres, and had a revival in 1915. Alexander M. Thompson collaborated with Ambient in writing the play.

Halibut Sales

Table with columns for Summary, American, and Canadian halibut sales, including prices per pound and storage information.

Weather Forecast

Prince Rupert District and Queen Charlotte Islands—Light to occasionally moderate southeast winds, mostly fair and mild.

No British Ships Hurt

LONDON, May 10: (CP)—The Admiralty announced today that German and Italian planes made repeated attacks on British naval forces in the western Mediterranean Thursday but no damage was sustained by any ship. The Italians had claimed bomb or torpedo hits on six warships and as many merchantmen in the attacks.

Premier Menzies—

SEES END OF NIGHT AIR RAID

Australian Prime Minister Says Hitler Must Try Invasion of Britain

WASHINGTON, D.C., May 10.—The end of night raids on Great Britain by the Nazis is in sight, Prime Minister Robert G. Menzies of Australia believes. A few heavy reverses, like those inflicted in the day raids last fall, will bring this about.

A German invasion attempt on England is to be expected, Menzies declares. Adolf Hitler must try it out if he is to have any chance of winning the war.

H.M.C.S. Saguenay Back In Service

Canadian Destroyer Repaired After Having Been Damaged in Action

LONDON, May 10.—H.M.C.S. Saguenay, which had been damaged in action, is back in service following repairs, it is announced.

CABINET CHANGES

Drastic And Sudden Overhaul Of Administration In Spain—Soldiers Instead Of Politicians

MADRID, May 10.—In a drastic and sudden cabinet reorganization, a number of high-ranking Spanish cabinet officers have been swept aside. The ministry of the interior and other portfolios have been given to distinguished army officers instead of politicians. Foreign Minister Suneur, the pro-Nazi brother-in-law of General Francisco Franco, remains in the new cabinet in the same capacity. "Spain shall retain its independence in the new totalitarian order in Europe," says a statement.

HARMONICA BANDS

LEEDS, Eng., May 10: (CP)—Its own mouth-organ band with every unit on the march is the aim of Major A. R. Jones, chief entertainment officer of the Northern British Command.

Union Steamer Cardena, Capt. John Boden, arrived in port at 2:30 this morning from the south, sailing at 6 a.m. on her return to Vancouver and waypoints.

106 Ships Sunk— ANNOUNCE LOSS IN SEA WAR

Total Tonnage Sent to Bottom During April Was 488,124 Tons, Greatest So Far in War

LONDON, May 10.—Shipping losses as a result of enemy action in April were the greatest for any month so far in the war, it was officially announced last night by the Ministry of Information. The losses totalled 103 ships and 488,124 tons. The previous high record figure for the war had been 463,000 tons in June 1940. The losses in April last year were 532,000 tons and in March this year 430,000 tons. The April losses were, however, a far cry short of the high record of the First Great War in the same month of 1917 when 840,000 tons of shipping was sunk.

The losses for this April included 60 British ships totalling 293,000 tons, forty-three Allied ships, 139,000 tons, and three neutral vessels, 5,000 tons. Vessels lost in the evacuation of Greece are accounted for in the total.

Shipping losses since the beginning of the war on the Allied side have totalled 5,800,000 tons. Great Britain, her allies and neutrals lost 1,998 ships aggregating 4,754,407 tons in the year since the Nazi invasion of the Low Countries, Admiralty statistics showed.

TODAY'S STOCKS

Table listing various stocks and commodities such as Vancouver, Big Missouri, Bracone, Cariboo Quartz, etc., with their respective prices.

PINS FOR STEEL

LONDON, May 10: (CP)—Pick up that pin and save steel, says a newspaper item, pointing out that output of any steel basis product is nationally restricted.

RAIDS ARE EXTENSIVE

Vital Port And Industrial Areas In Britain Being Pounded By Luftwaffe

LONDON, May 10: (CP)—The main targets of German air forces which swept over England in widespread raids again on Friday night were once more the Humber, Mersey and Liverpool regions. Vital ports and industrial areas were hammered, considerable damage being inflicted although the attacks on the whole seemed somewhat lighter. The cost to the Nazis was three planes last night as compared with thirteen the night previous.

ALIENS ARE ROUNDED UP

Federal Immigration Operatives In United States Continuing Their Drive

NEW YORK, May 10: (CP)—Federal immigration operatives, who took 160 German seamen into custody early Wednesday, suddenly launched another round-up of aliens yesterday, arresting 101 Italians and 175 Germans and searching for scores of others accused of over-staying their permits to remain in the United States.

Attorney General Jackson announced that 2024 German and Italian seamen had been already arrested and that 467 of these had been convicted or indicted on charges of sabotaging Axis ships.

Ordinarily, the most of such prisoners would be deported but under war conditions, they will likely be interned.

Princess Stefanie of Austria, the Attorney General said, had given "interesting information" to the Department of Justice as a result of which the authorities would probably "be more lenient" in her case.

JAP PLAN CHANGING

Will Adopt New Line Of Action Against China—Peace Talk Continues—Chungking Heavily Bombed

SHANGHAI, May 10:—Japan is believed to be giving up the idea of complete military conquest of China but may try other means. Indications are that Nippon may soon withdraw large forces from the interior of China and concentrate, instead, upon the south coast.

There is still talk of peace negotiations. Generalissimo Chiang Kai-Shek demands wholesale withdrawal of the Japanese from his country before he talks peace and then he will only deal through a third party, say the United States. The Tokyo newspaper Nichi-Nichi says Japan is unwilling to deal through a third party.

The Japanese air force has resumed heavy raiding of the provisional Chinese capital of Chungking, starting yesterday when a large number of planes came over, causing an estimated two hundred casualties and considerable damage. Again today there was another heavy raid on Chungking.

SHALL NOT RING

GUILDFORD, Eng., May 10: (CP)—Bells from a bombed London Church have been placed in the cathedral here but will not be rung till after the war—except as an invasion warning, if necessary.

Bulletins

ROOSEVELT IN EGYPT CAIRO—Capt. James Roosevelt of the United States Marines, son of President Franklin D. Roosevelt of the United States, has reported to General Sir Archibald Wavell as an observer with the British Army of the Nile.

DISREGARD PROTESTS WASHINGTON, D. C.—Secretary of State Cordell Hull reiterates that all protests from Germany and Italy in regard to the taking over of Axis ships lying idle in United States will be disregarded. The House of Representatives has approved a measure authorizing President Roosevelt to take over the ships and use them as he deems best in the defence of the country. Approval by the Senate is awaited.

CLIPPER AT SINGAPORE SINGAPORE—The Pan-American Airways flying boat Trans-Pacific Clipper arrived today after its inaugural flight from the United States.

NEED MORE DOCTORS OTTAWA—Canada is still in need of doctors for its armed forces. At least 350 more are being called for this year, 140 of whom will serve in Canada. Already there are 1200 doctors in the Canadian army.

CONSERVATIVES MEET OTTAWA—J. R. MacNeil, Toronto member of Parliament and also president of the National Conservative Association, announces a meeting of the national executive will be held in Ottawa in October. Conservative senators and members are also qualified to participate in national executive deliberations.

HA HA'S BROTHER FREE LONDON—Frank Joyce, brother of "Lord Ha Ha," the English broadcaster over the German radio, has been released from internment after being incarcerated for a year. No reason was ever given for the internment nor was it stated why he was now released.

CANADIANS WITHDRAWN OTTAWA—Canadian soldiers have been withdrawn from Iceland where they have been on garrison duty. The Cameron Highlanders of Toronto have left for the United Kingdom, being replaced by an Imperial unit.

SOOSE IS CHAMPION NEW YORK—Billy Soose won the world's middleweight boxing championship at Madison Square Garden last night by defeating Ken Overlin. It was a fifteen round decision.

Sixty Million For Airports

President Roosevelt Asks Large Appropriation from United States Congress

WASHINGTON, D. C., May 10.—President Franklin D. Roosevelt yesterday asked Congress for \$60,000,000 with which to build 130 new airports in connection with national defence program.

FILL UP HOME GUARD

LONDON, May 10: (CP)—Under War Office instructions, vacancies in Home Guard troops caused by men called up for the Army or for munitions work must be filled immediately by recruiting.

NEW WAGES AGREED ON

Both Ocean Falls and Powell River Paper Plants Sign Up With Employees

VANCOUVER, May 10.—New agreements have just been signed between the Pacific Mills at Ocean Falls and the Powell River Co. at Powell River with the employees at the two important coast paper manufacturing plants. They provide for a weekly \$1.25 cost of living bonus and individual wage adjustments.

BRITISH TRIUMPH

This Is Assured Providing American Supplies Come On Large Scale And In Time, Says Malcolm MacDonald

WASHINGTON, May 10:—"If all goes well in the supply by the United States of the ships, planes and materials which Great Britain needs, we shall triumph decisively," declared Rt. Hon. Malcolm MacDonald, British High Commissioner to Canada, who is visiting the United States. He referred to the importance of large and immediate American aid.

SERVICE IS COMMENCED

Distinguished Passengers on Toronto-New York Planes

TORONTO, May 10.—Twice daily passenger service between Toronto and New York City was commenced today by TransCanada Air Lines with the departure of the inaugural plane at 10:00 a.m. Air mail has been carried on the service since April 29.

The importance of this new two-hour link between the two cities was well demonstrated this morning when Hon. C. D. Howe, minister of munitions and supply, and H. J. Symington, Electric Power Controller for Canada, boarded the airliner enroute to Washington D.C. on business relating to the war effort of the two countries.

Among the passengers was John Charles Thomas, Metropolitan Opera star, returning to New York after last night's Canadian Broadcasting Corporation broadcast for the National War Savings Committee for which he donated his services.

The first flight was sold out days ago.

There was also a full passenger list from New York. The T.C.A. planes cover the 360 miles in 120 minutes. Departure times from Toronto are 10:00 a.m. and 11:30 p.m. From New York 7:30 a.m. and 8:15 p.m. E.S.T.

In all cases connections are made with transcontinental trips across Canada so that New York is directly connected with the Dominion as a whole.

Foreign Payments Not To Be Taxed

Announcement Made By Minister Of Finance In Regard To Securities Payable Outside Of Canada

OTTAWA, May 10: (CP)—Hon. J. L. Lisle, minister of finance, announced today that tax on interest and dividends paid non-residents would not apply to securities calling for payment in foreign currency.

Pounding At Reich— MANNHEIM HEAVY HIT BY BOMBS

Royal Air Force Attacks Germany And German-Occupied Territory Without Let-up—Berlin And Invasion Coast

LONDON, May 10:—By day and night the Royal Air Force is continuing its new large scale bombing of Germany and German occupied territory without let-up.

Following the hammering during Thursday night of Hamburg and many other points when damage was done equalling anything the Luftwaffe has been able to inflict on England, there were extensive daylight raids Friday on invasion bases all the way from Norway to France, Calais having one of the largest attacks.

Then last night the British bombers concentrated on Mannheim, important railway nerve centre in southwest Germany. Berlin was also attacked again, the Germans themselves admitting this.

Big Hudson-Lockheed planes of the long range type joined the British machines in raids on Norway yesterday and for the first time a Netherlands squadron has been used in attacking enemy centres. Free Yugoslav air force planes have also joined the British and are now in action.

CRASH AT VICTORIA

One American R.C.A.F. Man Killed—Another Leaps to Safety

VICTORIA, May 10: (CP)—Instructor J. Dawson of Burbank, California, was killed and S. E. McMann of Denver, California, parachuted to safety from 125 feet today when a Royal Canadian Air Force plane from Patricia Bay crashed in a farmer's field at Keatings, eleven miles from here.

An eye-witness said that McMann slid back the cockpit cover and pulled the parachute ripcord, the chute dragging him from the plane just in time.

Dawson rode the plane to death. A Western Air Command statement said the plane failed to come out of a dive, apparently due to "wing failure."

CHASING IRAQIS

Situation at Both Habbaniyah and Basra Reported Quiet Today

CAIRO, May 10: (CP)—British patrols pressed the retreating Iraqis today in the desert north of Habbaniyah airdrome, the Middle East command announced. The Royal Air Force base and the port of Basra were both quiet. There is no sign yet of German aid for the traitor Premier of Iraq.

FATAL LORRY SMASH

WARMINSTER, Eng., May 10: (CP)—Three soldiers were killed and 35 injured when a military lorry overturned near here in a blackout.

TURKEY RISKS

The loss of insured turkeys during the U. S. midwestern blizzard last fall was so great that some companies no longer will insure them.

### Tremendous Losses . . .

The losses of British shipping in the Battle of the Atlantic have been tremendous, so great that, were it not for the help of the United States, Britain would undoubtedly be starved out. As it is the strain is great and the need for more ships will continue for years. Happily for the democracies the United States is already helping and will increase that help and the Germans will eventually be beaten.

In the British victory and the after war rehabilitation Prince Rupert can play an important part. Every man who works at the shipyard is now in the front line, even though he works in perfect safety from enemy attack. If he works faithfully, he is a good soldier. If he shirks or lies down on the job he is a traitor to his country.

### The Local Landing Field . . .

In connection with the location of an airplane landing field at or near Prince Rupert, we mentioned that the favorite site just now seemed to be the one at or near Shawatlans, across from the airport. Now we are told that there are one or two good sites that could be levelled to a mile square on Kaien Island. In any case the cost will be great but the need also is great and it is just a matter of choosing the best possible of the sites available. Everyone here would like to see the airport on Kaien Island but it is a matter for the defence department and we doubt if local influences will have any effect in locating the field.

### Our Own Great Men . . .

We all recognize that Premier Menzies is one of the Empire's great men but he is not the only great man outside of Britain. Here in Prince Rupert our minds are tainted with the aspersions cast upon our own Premier by political opponents. We have not heard the opponents of Mr. Menzies. If we had heard the criticisms of his political opponents discussed locally and also read newspapers in Australia, if they have them similar to some of those published in Vancouver, we might doubt as to his greatness just as many people doubt the greatness of our Prime Minister Mackenzie King. Each leader has his own supporters to fight, the greatest lion in the path of any leader. No leader is perfect. All have personal weaknesses and political weaknesses. But these are days when leaders are tried as by fire and those who come through that trial are pretty good material.

### Lessons In Manners . . .

There is a seaman on the British destroyer Mohawk who richly deserves a decoration, says the Ottawa Journal.

"When the Italian crew of the cruiser Pola were spilled into the Mediterranean the other day, their ship broken up by British shells, among them was a German naval officer. The Mohawk went to their rescue. Presently a very wet German climbed up the Mohawk's ladder to the deck. There stood the British sailor whose name we should be told. The German extended his right arm in the Nazi salute, bawled 'Heil Hitler.' The seaman's response was instant, and precisely right. He swung a hard fist on the German jaw, and this pride of the scuttle-boat toppled into the water.

"A few minutes later a much-chastened Hun again mounted the ladder, meekly took his place in the line of prisoners, silently gave an orthodox salute.

"British seamen, trained in the traditions of the Royal Navy, are men of infinite versatility. They can give a lesson in manners, when the need arises, with a swift competence Emily Post herself must envy."

If you have something to sell, a classified advertisement in this paper will soon let you know if there is a buyer in the city.

### TOUGHENING UP AT SINGAPORE

Troops of the Australian Imperial forces and the Argyll and Sutherland Regiment, famous Scottish contingent, now in Singapore, are shown undergoing manoeuvres after their arrival in Malaya. At the top, an Australian radio unit is shown in operation, with an officer receiving and dispatching messages. At the bottom, the Scottish infantrymen, holding on to a rope strung across a Malayan river, cautiously proceed to the other side. Additional men were rushed to Singapore by Great Britain to frustrate a possible Japanese thrust southward toward the rich Netherlands East Indies.

## Canada's War Chiefs

Air Commodore E. W. Stedman O.B.E., A.R.C.Sc.  
Air member for Aeronautical Engineering on Canada's Air Council

Air Commodore Ernest Walter Stedman O.B.E., A.R.C.Sc. is Air Member for Aeronautical Engineering on Canada's Air Council, and had it not been for a broken oil feed line on a commercial aeroplane back in 1919, he might not be serving Canada in this key position.

Stedman was born in Malling, Kent, and took his early schooling in Maidstone. He comes of a family of doctors and army officers. His great uncle, General Sir Ernest Stedman, served for many years in India. But from grammar school days on, Ernest Stedman looked down a gun barrel line at his own future—he intended without doubts or diversity of in-

Air Commodore E. W. Stedman O.B.E., A.R.C.Sc.  
Air Member for Aeronautical Engineering on Canada's Air Council  
—Photo by Karsh, Ottawa

terests to be an engineer. This single purpose remains today.

Stedman trained under the "Sandwich System" in England, taking jobs in shops and factories, going to school two afternoons and three evenings each week.

moving from foundry to boiler and fitting shops and drawing sections. Today all aircraft factories in England pick their draughtsmen and designers from this type of student apprentice. After four years, Stedman was awarded a Whitworth Exhibition Prize and Free Studentship in London. He took a B.A. degree and a Whitworth scholarship that brought him about £125 a year for three years, one of which he spent at City Guilds College, London, the

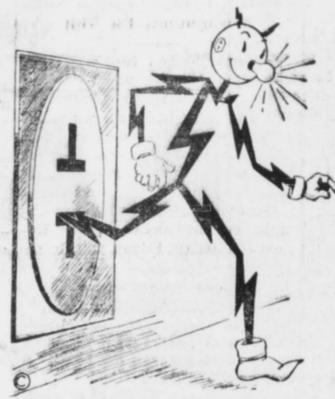

other two on nominal salaries, gaining experience with industrial firms.

Stedman took his wife for an evening's entertainment to a "Conversazione" at the National Physical Laboratories at Teddington, an institution that corresponds to our National Research Council. Fascinated by observing experimental work in aeronautics, Stedman realized this was the engineering job of the future, and arranged immediately to join the Teddington staff with salary no object.

During World War One, Stedman as a commissioned Lieutenant attached to the Royal Naval Air Service, gave his country distinguished service. He began at the Admiralty on design and inspection of planes, became technical observer for new types of craft, did test work with pilots on the first Handley-Page bombers during their development, and went to France with the first squadron as Station Engineer charged with keeping them in the air. In 1918, in charge of No. 4 Aeroplane Repair Depot at Guines, the ancient "Field of the Cloth of Gold," he was awarded the O. B. E. for organizing production and repair work under bad conditions and for keeping depots going in the open while they were subject to air raids.

A year after the Armistice, Stedman came to Canada accompanying Handley-Page's entry in the Daily Mail prize contest for the first West-to-East Atlantic flight. Flying from Newfoundland to New York, the plane developed a broken oil feed line and crashed at Parrsboro, Nova Scotia.

Stedman, who had not gone on the flight, was rushed to the scene of the mishap. It was there, during the months spent in making the repairs that Stedman came to realize what a natural "air country" Canada was, with its vast distances, its inaccessible north country and its limited population. In 1920, he took Ottawa's Civil Service Commission examination for Technical Director on the Air Board, came out on top, and when the R. C. A. F. evolved, was com-

## Timely Recipes

**VITAMIN CASSEROLE**  
1/2 cup butter  
1/2 cup flour  
1/2 cup salt  
1/2 cup pepper  
2 cups milk  
2 hard cooked eggs  
1 small can of button mushrooms  
1 small can of asparagus cuttings or 1 1/2 cups freshly cooked asparagus, cut in pieces  
1/2 cup bread crumbs  
3 tablespoons wheat germ  
1/2 cup melted butter  
Blend in the flour, salt and pepper. Add the milk gradually and stir constantly over low heat until the mixture thickens. Shell the hard cooked eggs and cut in slices. Add the eggs, mushrooms and drained cut asparagus to the white sauce. Place in a buttered baking dish. Combine the bread crumbs, wheat germ and melted butter and sprinkle over the top of creamed mixture. Bake in a moderate oven of 350 degrees F. for 20 to 25 minutes or until thoroughly hot and golden brown on top. Yield: 6 servings.  
Note—Liquid from mushrooms and asparagus can be used in place of some of the milk.

## PLANS ARE CONFIRMED

### General William Steffens OK's Arrangements For Visit

General William Steffens, commander-in-chief of the Norwegian forces in Canada, has written to Dr. Jens Munthe confirming arrangements in connection with the visit which General Steffens will pay to Prince Rupert from May 15 to 20.

General Steffens will arrive by train on the night of May 15—next Thursday. Friday will be devoted to engagements with the local military authorities. Saturday night General Steffens will be the principal figure at the annual Norwegian Independence Day celebration where he will speak in Norwegian. Sunday morning he will attend and speak at a special service in St. Paul's Lutheran Church. Sunday night there will be a special program for the public at the Capitol Theatre with General Steffens speaking and showing pictures, other local organizations also taking part. General Steffens will be guest speaker at a luncheon to be held Monday by the Prince Rupert Gyro Club and in which the Rotary Club is being asked to co-operate either as an organization or by general attendance, the luncheon also to be open to all other interested persons. Following the luncheon, General Steffens will address the locally garrisoned troops at a gathering in the Capitol Theatre. The distinguished visitor will sail Tuesday afternoon on the Catala for Vancouver.

D. C. Sharpstone of the Polar-Taku Mining Co. was a passenger aboard the Princess Louise yesterday afternoon going through to Vancouver enroute to Toronto after paying one of his periodical visits to the property at Tulsequah.

## Aussies Trend Towards Urban

Provincial Constable C. H. Bennett of Adlin was a passenger aboard the Princess Louise yesterday afternoon going through to Vancouver with an insane patient in his charge. Two prisoners from here were placed in charge of Constable Bennett for escort to Okalla.

People Down Under Moving From Country to City

MELBOURNE, May 10: (CP)—Increasing wartime industrialization and loss of pre-war markets for agricultural products has resulted in a marked switch of emphasis in Australia's economy, from the land to the city. Officials said serious drought conditions in most of Australia caused a large flow of labor from the land and "implemented the munition and supply program."

## NEW PETTICOAT LANE

LONDON, May 10: (CP)—Selling bargains ranging from gas water-heaters to picture-frames are disposed of at almost daily sales at a huge dump on the fringe of London when goods salvaged from bombed houses are sold.

## Eire-Canada Canada-Eire

### Trade Between Dominion and Free State Mounts

DUBLIN, May 10: (CP)—Imports to Eire from Canada rose substantially in value during 1940 and the flow was fairly well maintained through the year although there was some interruption in direct shipping service, James Cormack, Canadian trade commissioner, reported. Exports to Canada also increased sharply in value, but their total value was roughly only five percent of imports from the Dominion.

If you want something, advertise for it. Hundreds of people get what they want that way. (tf)

## This Modern Warfare—STOKERS BAYONET FIGHTERS

Training Base on East Coast Finds Many Ratings Getting Fine Points

By DOUG HOW  
Canadian Press Staff Writer

HALIFAX, May 10: (CP)—Lieut. John B. R. Neilson looked across the parade grounds at the lunging men in blue and said to a reporter: "There you see the only bayonet-fighting stokers in the Canadian Navy."

It's a source of pride for this Glasgow Scot that he first started training the men who labor in the engine rooms with this knowledge because "in modern war you never know when you'll get into a tight spot where every man should be a fighting man."

At Stadacona Two, training base for signallers and stokers, there is a trench with the "enemy"—nine dummies in two rows—in the middle.

Here Neilson's stokers come charging out of one trench, eliminate the enemy with a few deft jabs and roll on to the climax, a plunge into the second trench. They get their instructions from another Scot, Colin MacKenzie, who has fought with the Gordon Highlanders in India.

Few naval officers could outdo Neilson in the pride he has for his men and his school. He and his staff have prepared for duty at sea the artificers and stokers now manning the engine rooms of two Canadian armed cruisers, six over-age American destroyers and all Canada's corvettes.

### Navy Specialists

Men from every walk of life are constantly coming to the school—an exhibition building in peacetime—for a six weeks' course to learn naval marine engineering, field training, naval discipline and customs, swimming and arithmetic enough to meet naval requirements.

Neilson likes to make it clear that "we don't need any outside help to run our business," and called Petty Officer Ralph Adair from the classroom where he was teaching arithmetic to illustrate his point. Adair, last teaching at Drayton, Ont., enlisted as a stoker petty officer but was quickly back at his old job.

Similarly, G. B. Nicholson, a Picton County miner from Thorburn, found himself instructing in methods of combatting natural gases and explosions liable to come along at any time in an engine room.

The men are considered "naked" when they come into the school and are issued clothes and bedding accordingly. They learn to wash their own clothes and bedding, scrub floors, to live as part of a machine.

### Sausage Lifeboat

They are taught to tie up their leather bunks into a lanky "sausage" that will keep them afloat 24 hours if they ever have to abandon ship at sea. They learn on the parade grounds to march in fours. The army has discarded the "form

## SPORTS

### CLEVELAND LOST AGAIN

Defeated By Lowly St. Louis Browns In Only American League Game Yesterday

CLEVELAND, May 10: (CP)—The American League leading Cleveland Indians lost another game yesterday, this time at the hands of the lowly St. Louis Browns by a score of nine to six. The Browns are now tied with Philadelphia Athletics for seventh place or the cellar. Other American League games were postponed as were all National League games.

The league standings to date:

National League			
	W	L	Pts.
Brooklyn	18	6	750
St. Louis	15	6	714
New York	10	9	526
Cincinnati	9	11	450
Boston	9	11	450
Chicago	7	11	389
Pittsburgh	6	12	333
Philadelphia	7	15	318

American League			
	W	L	Pts.
Cleveland	13	8	667
New York	14	10	583
Boston	10	8	556
Chicago	10	9	526
Detroit	11	10	524
Washington	9	13	409
St. Louis	7	13	350
Philadelphia	7	13	350

### SOFTBALL COMING UP

Active Season In This Line Of Sport Is Also Expected In Prince Rupert

Softball is also in the air in Prince Rupert and promises to vie with baseball and football this year in the interest of a general revival in outdoor sport which a larger working population has been instrumental in developing locally. With six or seven teams participating, a lively senior softball league is expected to be in operation shortly with play on the Gyro Ball Park at the corner of McBride Street and Sixth Avenue where, with the co-operation of the military authorities, considerable improvements have just been effected. The league will consist of both military and civilian teams and will include some new and promising talent.

Organization of softball for the season will get under way at the annual meeting next Thursday night of the Prince Rupert Softball League.

### SPORT CHAT

War Admiral won the Kentucky Derby's 63rd renewal four years ago. Man O'War's son, piloted by Charley Kurtsinger, covered the mile and a quarter in the second fastest time in the history of the event. Owner Samuel D. Riddle received \$52,050.

The National Hockey League took in New York Americans' franchise at the annual meeting at Detroit five years ago yesterday. William B. Dwyer, forced to relinquish control for financial reasons, had failed to exercise his option to retain the club April 15. The club has been under the league's jurisdiction ever since.

Babe Ruth hit his seventh home run of the American Baseball League season at Chicago 17 years ago today, to give him a lead over his rivals—Gaby Hartnett of Chicago Cubs, Jake Fournier of Brooklyn and Harry Heilmann of Detroit. The Babe hit 46 homers that season, to bring his all-time total to 284. When he retired in 1935 he had 729 to his credit.

### SOFTBALL AT HIGH SCHOOL

Gets Under Way This Week With Games On Tuesday And Thursday Afternoons

The Senior Softball League at Booth Memorial High School swung into action this week with games on Tuesday and Thursday afternoons. The opening game on Tuesday was won by Alpha over Beta by a score of 7 to 4. Thursday's game was won by Beta over Gamma 13 to 7.

The battery for Alpha consisted of Tom McDonald, pitcher, and Gwyn Holtby, catcher. George Christopher hurled for Alpha and David Bailey received.

For Beta in the Thursday game Oliver Santerbane was pitcher and Pete Postuk catcher. Ted Arney, pitcher, and Joe Hayakawa, catcher, comprised Gamma's battery.

Playing days are each Tuesday and Thursday.

"fours" for threes but Lieut. Neilson says "the fours are better for us aboard ship."

He has some good men as aides. His right hand man is Commissioned Engineer William Morrison, Gatineau Mills, Que. Lieut. McComb of Vancouver instructs in diesel engineering.

One of the field training instructors Stoker Charles Thornby of Hamilton, was a militia captain before the war but left the army because he was color blind.

The regulating chief stoker is Maurice Walton of London, England, with the R. C. N. 21 years and the R. N. two. Chief Petty Officer Jack Barber served with the Northumberland Fusiliers four years in France in the First Great War.

Leading Stoker William Cleland of Montreal was with the Royal Navy in the Dardanelles in the last war and now is in charge of the cloak room.

Few of the boys these men train have been to sea and that's what makes Lieut. Neilson prouder than ever because "we never get a kick-back about their ability."

Reach ten thousand people with a "want ad." in the Daily News.

## OUTLOOK FOR FURS

Trappers Read Optimism in All Signs with Steady Market and Firm Demand

OTTAWA, May 10: (CP)—Good supplies of fur, a steady market and continued demand combine to lend optimism to white and Indian trappers scattered throughout Canada, Ottawa officials report.

An important guide to numbers of wild fur-bearing animals is contained in reports from scattered government agencies and generally they report the 1941 season started with a better outlook than for some years past.

"A matter of interest to all concerned with the fur industry is the changing trend in export and import business," said one official. "In the past it was economical for Canada to export her finest furs to Great Britain and the United States and import cheaper products from across the boundary and elsewhere.

"Exchange control, encouragement of muskrat production and the elimination of some sources of cheap fur supply have meant our top-quality fur continues to find a ready market in importing countries while larger supplies of cheaper pelts are being made available for home consumption."

A stimulant to the fur market has been the increased employment and industrial activity in Canada and the United States. This season's sales have been reported at nearly 30 per cent higher than those for last year and prices have been from 10 to 15 per cent better.

United Kingdom purchases have dropped sharply in recent months but more fur is being taken by the United States, over \$10,000,000 worth going across the border in the past year.

Development of muskrat farming has made long strides with the encouragement of the Dominion mines and resources department and provincial authorities. Guidance and assistance to Indians is part of the program of rehabilitation which will expand the Dominion's fur resources and help the tribesmen's income.

Sergeant Jack Unwin of the 102nd Battery left on last night's train for Edmonton.

J. H. Scott of San Francisco, managing director of the Riverside mine, left on last evening's train for Chicago. He had arrived Thursday night from Hyder after an inspection of the property.

## Soccer Cup Finals

LONDON, May 10: (CP)—The final of the Soccer Cup was played at Wembley today. The match was replayed May 24. Rangers were forced from behind to tie the football Cup final played at Hampden Park before a crowd of 70,000 today. Teams will meet again Saturday.

## Clarify Rank Of Commodore

Special Admiralty Order Position Of Canadian

LONDON, May 10: (CP)—The rank of Commodore L. W. Mackenzie of the Canadian British waters has been clarified by a special admiralty order. Holders of this rank temporarily for special duty in future be above all and below Rear-Admirals. Formerly it was found captain, given rank of commodore for special work was when consulting with captain side his command to take according to relative seniority of the captain's list.

In wartime, due to transfer of ships from one another, the officer chosen to command a certain sphere of operations and given commodore sometimes found himself seated in command by another ship with a senior whose participation had been foreseen at the time of the commodore's appointment.

To prevent this situation a sure command remains in hands of the officer chosen, the clarifying order passed.

### London Family Is On The Air

Canadian Soldier Helping In Broadcast On Blitzed Home Life

LONDON, May 10: (CP)—Every-day life of a London family while enemy bombers rained destruction on the capital forms the theme of a broadcast series in which a Canadian soldier plays a prominent role.

"Front Line Family" is the name of the series, broadcast by the British Broadcasting Corporation to the Dominion and other parts of the Empire six nights weekly. Private John McLaren of 67 Thurlow St., Vancouver plays the role of a Canadian airman in the series and also acts as announcer. He meets the family, described as the "British family Robinson," at a canteen and later is billeted with them.

McLaren has been granted three months' leave of absence for work on the program with the B. B. C.

### Alaska Cruise Delightful Holiday

The Trail of '98 that once taxed the energies of Alaska-bound prospectors, today has an alternative and more attractive route, served not by dog-sled, but by luxury steamships of the Canadian Pacific coast fleet, and following the sheltered "Inside Passage" between Vancouver and Skagway. These trim liners, whose sister ships ply the "Triangle Route" between Vancouver, Victoria and Seattle, and cruise the west coast of Vancouver Island, bring the "Midnight Sun" within three days of Vancouver.

Commencing May 2 and effective till Sept. 30, three smart "Princess" liners will conduct a series of 9-day cruises from Vancouver to Skagway, with a 33-hour stop-over at the Alaskan port. The B.C. coast service will also operate three 11-day cruises to Alaska, allowing for side trips by rail and lake from Skagway to Lake Bennett, Whitehorse and West Taku Arm. The cruise liner "Princess Charlotte" will feature in these tours.

From comfy deck chairs, today's northbound nomad is treated to a moving pageant of majestic glaciers, towering peaks, and rock-bound fjords. Adventure waits at every port of call. Alert Bay, Prince Rupert, Ketchikan, Wrangell and Juneau follow in colorful succession, each with its weird array of totem poles and other symbols of Indian life.

Picturesque "Sunset Cruises" along the west coast of Vancouver Island are also scheduled for the current season between Victoria and Port Alice. These popular cruises offer the passenger eight days of splendid coastal scenery with regular stop-overs at quaint Indian fishing villages. Two Canadian Pacific liners will be in "Sunset Cruise" service from June 1 to September 21.

Life on a Canadian Pacific coast vessel is fashioned after that of an ocean liner. Deck tennis, shuffleboard, morning bouillon, afternoon tea, horse racing, dances, moonlight promenades on deck, and midnight amuses all contribute to the joys of ship-board life on a Canadian Pacific "Princess" liner.

### Queen Charlotte Islands Back Up War Service Fund

Logging camps on the Queen Charlotte Islands have subscribed voluntarily to the Canadian War Service Fund Campaign. Particularly active in connection with the campaign are Mrs. J. R. Morgan of the R. R. Morgan Logging Co. and Jack Hanson, wife of the general manager of the T. A. Kelley Logging Co. Mrs. Morgan alone has donated \$846.50 at her camps. Mrs. Hanson collected over \$1,000.

### Home Pig Clubs For More Bacon

Britons Getting More Hog Conscious In Wartime Providing

LONDON, May 10: (CP)—With more than 800 pig clubs formed in less than a year Britons are rapidly becoming more pig-conscious than ever before. Alex Hobson, secretary of the Small Pig Keepers' council, estimated these clubs would provide about 30,000 pigs annually or 1,500 tons of bacon.

Backyards, allotments, factory grounds, sports grounds, A.F.S. stations and village schools all have their pigs. In London there are clubs at the zoo and in Hyde Park. "Pig club members feed their animals on household and garden waste," said Hobson, "but they are allowed a certain amount of meal through arrangements with the Ministry of Food."

Club members may keep four pigs each. They may eat two themselves but the other two must be sold to the Ministry of Food.

### WORK FOR AFTER-WAR CLASSIFIED

LONDON, May 10: (CP)—Social environment must be the basis on which reconstruction is carried out after the war, according to Mrs. Hermione Hichens, only woman member of Lord Reith's consultative panel on reconstruction.

Lesson of the last war must be remembered when the new England is built, said Mrs. Hichens, 46-year old mother of six children whose husband was killed in a London air raid.

"Houses then were thrown up without consideration of how people were to live in them," she said. "Now that we have time to plan for the future, a definite policy can be worked out on the basis of health, comfort and space. I should like to see small towns spring up in the bombed areas, with their own club, hall, cinema and other social buildings."

A nurse in the last war, Mrs. Hichens was mentioned in dispatches and received the Royal Red Cross.

### Man in the Moon

Almost every day sees more German planes shot down by British night fighters. Yes, it's great to be a night fighter if you can only see the enemy.

Jake says he's a pretty good night fighter but sometimes he feels as if he were a German or worse.

It's great to be a fighter  
It's great to roam the skies  
It's great to bring the Germans down  
And swat them just like flies.

Prime Minister Menzies says it does not matter if we all go broke, so what do I care. I'm broke already.

"Tommy," said the teacher, "can you quote a famous African proverb?" After a moment's desperate thought Tommy smiled. "Yes, sir," he said brightly. "The darkey's hour is just before the dawn."

Navy Bill had broken with his girl friend Milly. After ignoring several letters requesting the return of her photograph, one came threatening to complain to the captain. Deciding to squelch her for all time, he borrowed all the pictures of girls available on the ship, sending them to her in a large bundle with the following note: "Pick yours out, I've forgotten what you look like."

Britain needs planes, hips and all kinds of war materials. She needs meat and many other articles of food. What she craves most, however, is onions.

Give me the juicy pear  
With flavor rich and rare.  
Give other people lots  
Of carrots in their pots.  
The Chinaman loves rice  
The Indian people spice;  
But now in time of war  
When bomb around all jar  
And food is John Bull's need  
And calories his creed  
The luxury he seeks  
Is onions or leeks.

Lady: "My driving licence? Certainly."  
Officer: "This is out of date."  
Lady: "But officer, I did not think fashions in driving licences changed."

### NEW HAZELTON

On Tuesday morning of this week Freddie Fallensbee, an eighty-year-old bachelor, who had lived for years near Glen Vowell in the Hazelton district, was found dead by Mrs. Parkinson of the Salvation Army. He was seated at the table, fully clothed and it is believed death was due to natural causes. The funeral took place at Hazelton.

William Grant of Hazelton left this week for Vancouver to attend the conference of the United Church.

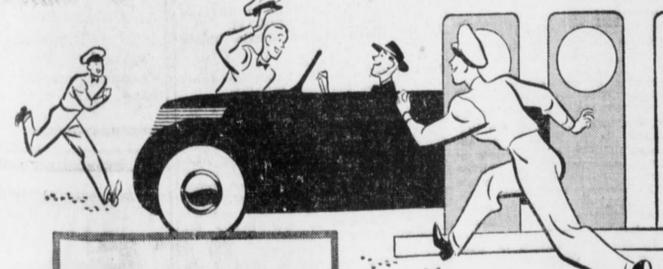

### P.M. SALUTES "HOME FRONT" DEFENDERS

Winston Churchill causes amusement amongst the onlookers as he raises his famous "John Bull" hat onto his stick in acknowledgment of their cheers. This was at Swansea, where the Prime Minister visited during tour of Nazi-raided South Wales and Bristol.

American Halibut Landings Commencing  
to Pick Up—Spring Run Not So  
Good This Week

Halibut landings at the port of Prince Rupert during the week ending yesterday bucked heavy at an aggregate of 679,500 pounds, bringing the total for the 1941 season up to 2,963,200 pounds as compared with 3,569,569 pounds at a corresponding date last year. American landings for the week provided the greater weight, amounting to 444,000 pounds to bring the total for the season to date to 1,583,200 pounds in comparison with 2,059,300 pounds last year. Canadian landings so far this season are 1,378,000 pounds as against 1,501,269 pounds in 1940. Yesterday produced a heavy single day's landings of 243,500 pounds of which 189,000 pounds was from American vessels and 55,500 pounds from the following Canadian boats: Covenant, Caminata, Tugwell H., Unome, Porcher G., Bug. The price range for the day was 9.5c and 7.5c to 9.6c and 7.5c for American and 9.3c and 7c to 9.9c and 7c for Canadian. Considering the weight of landings, prices this year are holding up very well. On the average there is a slight improvement over a year ago. The high price of the past week for American halibut was 11.5c

of the year, being predominately northward. Aboard the steamer Princess Louise, which was in port yesterday afternoon southbound from Skagway to Vancouver, were but 46 passengers of whom eight disembarked at Prince Rupert while seven took passage here for Vancouver. There were ten round trippers on the Louise returning south. Work which will undoubtedly make an improvement to the appearance of the structure, the provincial department of public works is now engaged in white painting of the overhead pedestrian bridge at the foot of McBride Street crossing the railway tracks to the west end of the government wharf.

Having completed annual overhaul at the local dry dock, C. N. R. steamer Prince Rupert, Capt. Neil McLean, made trial runs around the harbor yesterday and when met at the company's dock where she will remain until next Thursday night when she will resume service by taking the sailing for Vancouver in place of the Prince George which will be over until the week-end when he will inaugurate the double-weekly service between Prince Rupert and Vancouver for the spring.

Twenty-Five Years Ago

May 9, 1916

The Surf Inlet company launch Full Moon arrived here this week from the mine with F. W. Holler, E. A. Cleveland and F. Bradshaw on board. They report that work of excavation for the big dam is proceeding satisfactorily and that, before the end of the year, the mill, with its daily capacity of 250 tons, will be in operation.

The 1916 baseball season will open this evening when Colts meet Catholic Club.

E. H. Mortimer, publicity commissioner, has been advised that C. Yada, Japanese consul-general, will shortly pay a visit to Prince Rupert.

"FOUR JUST MEN" HERE

Thrilling Edgar Wallace Spy Story  
Is Picturized—Exciting Western  
Also Seen

"Four Just Men," an intriguing spy story, is the feature picture at the Capitol Theatre tonight, being double billed with "Romance of the Rio Grande," a thrilling adventure story of the old southwest.

Based on the noted novel of Edgar Wallace, "Four Just Men" unfolds the adventures of four men whose mission in life is to right the wrongs of the world. Feared, admired, respected and unknown, these four patriots set out to save the very soul of their nation. When they are able to break up a conspiracy which has been undermining the government, a beautiful blonde reporter steps in and nearly ruins the work of months. From the opening sequence to the final shot there is tense excitement combined with a beautiful atmosphere of patriotic loyalty. Early in the picture is a beautiful fashion show, Griffith Jones, Frank Lawton, Francis Sullivan, Hugh Sinclair, Basil Sidney and Anna Lee are the principal members of the cast in a film which combines glamor, excitement, beauty and ingenuity.

That rogue, the Cisco Kid, now played by Cesar Romero, is back again in one of his exciting adventures in "Romance of the Rio Grande," the supporting cast including Chris Pin Martin, Patricia Morrison, Lynne Roberts and Ricardo Cortez.

Maintain Trade With Australia

Prospects Good With Many Needed Commodities Available Here

SYDNEY, N.S.W., May 10: (CP)—Canada's trade with Australia should be maintained this year in view of the Commonwealth's policy of building up reserve stocks of a wide range of materials, says the Canadian trade commissioner's office.

Many of the commodities—which range from raw cotton and industrial chemicals to industrial diamonds and medical supplies—are available in Canada and the Dominion will thus be assisting the general Empire war effort in addition to getting Australia's business, according to a report to Ottawa.

A Special Car FOR WAR-TIME ECONOMY

The Ford Special is the lowest-priced car in Canada. At its price it offers exceptional value, for it has the same roominess, the same revolutionary riding comfort, as the De Luxe models. It has more passenger room than any other car at anywhere near its price. Its smooth, floating ride is made possible by new slow-motion springs, new shock absorbers, a new kind of ride stabilizer. This Ford, too, is powered with the smooth, thrifty V-8 engine. Ask a Ford dealer to show you what extra value you get in the Ford Special. \$35 a month with reasonable down payment buys any Ford V-8.
