FALL CAMPAIGN IN RUSSIA

BERLIN—Berlin admits that there must be a fall campaign in Russia owing to the unexpected resistance and seemingly never-ending reserves of the Soviet. Some believe that Hitler is in as much trouble in Russia as was Napoleon. The oil situation in the Reich is now critical and food and clothing are almost as bad. Decisive victories or early peace must be had by the Axis.

BOYS ARE DECORATED

MOSCOW—Two fourteen-year-old Russian boys have been given special decorations—one for killing eighteen Germans in five days in guerrilla warfare behind the advancing lines and the other for causing the wreck of a German troop train. Women and children are engaged in effective sabotage in those sections of Russia occupied by the Nazis.

VICHY GOING OVER

LONDON—The Vichy government is believed in reliable sources in London to be deciding to cast her lot with the Axis although, so far, a final decision is held up by General Maxim Weygand who is unwilling to agree with Admiral Jean Darlan's plan to turn finally against Britain.

R.A.F. BUSY

LONDON—The Royal Air Force made a series of air raids on North Africa, Italy and Sardinia.

DESTROYER LOST

LONDON—The Admiralty reports the loss of the destroyer Defender. All the crew was saved.

RUSSIANS OVER BERLIN

BERLIN—Hostile planes, flying into Germany from the northeast, attacked Berlin early today. The nationality of the planes was not given but, apparently, they were Russian.

HISTORY REPEATS ITSELF

Coincidence of John McRae in Connection With Torch

Regarding the "Torch of Victory" relatives of the late Lieut. Col. John McRae, who during the first Great War wrote that ever to be remembered poem "In Flanders Fields," were advised as follows: "The McRae poem is, of course, the inspiration that lies behind the entire torch idea. I can assure you that the thought behind the torch is really what prompted us to adopt the torch as a symbol." Signed Vernon Knowles, General Consultant, Dominion Publicity Committee.

So it was John McRae who in 1916 during World War I who wrote "In Flanders Fields" and it was Prince Rupert's own John McRae ("Jack" for short), a distant relative of the author, who was chosen a generation later as member of the Guard of Honor to "Hold High the Torch" and convey it across Canada from Pacific to the Atlantic.

DEFENCE OF THAI

Emergency Session Of Cabinet Held In View Of Far East Crisis

BANGKOK, August 11.—The Thailand cabinet was in an extraordinary three hour session yesterday in connection, it is reported, with rumored demands by Japan. A statement followed, declaring that Thailand would defend herself against any invader, using gas if necessary.

Italy Warned Of Long War

ROME, Aug. 11.—The Italian people were warned yesterday by the minister of education that no speedy termination of the war was to be expected but that the conflict might last ten years.

BIG NEWS IS COMING

Atmosphere In Far East Is Particularly Tense

LONDON, August 11.—London sources, reliable though unofficial, expect big developments next week, including an announcement of some arrangement between Prime Minister Churchill and President Roosevelt. It is said "Britain and the United States have decided to put an end to the nuisance value of Tokyo in the three-power pact."

Australia seems to be expecting a crisis as R. G. Menzies, the Prime Minister, has cancelled a planned tour of the western part of the Dominion, saying the situation is too grave to permit of his absence and ordered the cabinet to stand by for a possible emergency session.

NAZI PLOTS ARE NIPPED

Various South American States Cleaning Up On Them

BUENOS AIRES, August 11.—Another Nazi plot in Argentina has been uncovered. Many arrests have been made. Chili, Brazil, Colombia, Uruguay, Bolivia and Peru are also mopping up on pro-Nazi activities.

"FREEDOM" RADIO IN GERMANY

Second Station Attacks Nazi Party But is Strongly Anti-Jewish

LONDON, Aug. 11.—A new German Freedom Station—the second in operation—which broadcasts violent attacks against Nazi Party leaders has been established somewhere in Western Germany according to reports reaching London from neutral sources.

The station, heard occasionally by the BBC Listening Post, is believed to be directed by former members of the Nazi Party who are strongly anti-Jewish and anti-Communist. The station operates nightly on the 31-metre band and announcements, advocating fulfillment of the original Nazi program, complain that the Nazi leaders are compromising the party by dealing with Jews and bringing it into disrepute by scandalous conduct.

Attacks against the Nazis, include a claim that Dr. Robert Ley, German Labor Front Leader, made huge profits by compelling Bremen householders to buy fire extinguishers from a company in which he is a big shareholder while another said that during a Royal Air Force raid on Bremen party leaders fled from the city in motor cars and that fire fighting services were hopelessly deficient.

The other Freedom Station was heard first shortly after war broke out and repeated German attempts to locate and silence the station have failed.

ARRANGING FOR BONUS

Announcement Soon of Details in Connection With Concession to Railway and Government Workers

OTTAWA, Aug. 11.—As soon as details can be worked out, simultaneous announcements are expected in regard to the payment of cost of living bonuses for all railway workers and civil servants in Canada. Railway details involve study because men in the running trade are paid on a mileage basis instead of a flat monthly amount.

CABINET REORGANIZATION

WASHINGTON D. C.—On his return to Washington this week from a cruise aboard the presidential yacht Potomac, President Franklin D. Roosevelt, it is said in authoritative quarters, will announce a major reorganization of the cabinet and national war command, putting the country on a virtual war footing. The President is said to be determined to increase "lease-lend" aid to General Charles de Gaulle and Free French forces in the event of strengthening of Vichy and Berlin collaboration in regard to the port of Dakar and other matters.

EXPULSION OF ENVOYS

Cuba Taking Action Against Germany, Italy and Spain

HAVANA, Aug. 11.—A bill has been brought before Cuban Senate calling for the closing of all German, Italian and Spanish consulates in Cuba and the expulsion of all consuls. It is charged that these consulates, particularly Spanish, used their diplomatic immunity to carry on totalitarian activities, particularly spreading propaganda.

Nazis Bombed Moscow Again

Another Intensive Night Attack Is Made

BERLIN, Aug. 11.—Nazi authorities claimed to have made another intensive night air raid on Moscow Saturday, setting large fires in armament factories, public services and supply facilities. Again Sunday night the German planes attempted a mass raid on Moscow. A number of people were killed and wounded in the Red capital during the night and early morning but Russian sources said no military objectives were damaged.

FAR EAST DECISION

Report Regarding Rendezvous of Churchill and Roosevelt

PARIS, Aug. 11.—The Nazi-controlled press said yesterday that Prime Minister Winston Churchill and President Franklin D. Roosevelt, in conference off the Potomac River, had reached a decision in regard to the Far East situation providing for action against Japan and that an announcement could be expected today.

Meantime mystery still prevailed in London and Washington regarding the exact whereabouts of Prime Minister Churchill and President Roosevelt. London speculated whether Churchill was in rendezvous with Roosevelt, whether he had gone to see Premier Joseph Stalin in Russia or whether he was just resting in the country. In Washington it was stated Roosevelt would be back Wednesday.

HEAT WAVE ON SKEENA

Terrace Gardens Parched Although Haying Weather Has Been Fine

TERRACE, Aug. 11.—A second heat wave has come to the Skeena Valley. Temperatures during the past few days have been well into the eighties. Friday showed a maximum of 87. There has been no rain to speak of for a month with the result that local gardens are badly parched. The long continued dry weather has had one advantage in that the excellent hay crop and later a fine crop of oats has been harvested without interruption.

Blow Against Russia Would Have to be Launched Soon Unless Winter Stalemate to Be Avoided—Nipponese Are Leaving Singapore

PEIPING, China, August 11: (CP)—Observers here expressed the conviction today that Japan's next theatre of war is more likely to be Siberia than Thailand and that the blow may fall any day. In Shanghai foreign military sources agreed that Japan was mobilizing a powerful striking force in Manchoukuo but usually well-informed quarters still believed that Japan would act only if Russia seemed about to collapse. Belief was expressed that August was the latest Japan could expect to launch a campaign into eastern Siberia without a winter stalemate.

Japan Is On War Footing

TOKYO, Aug. 11: (CP)—The Japanese government decided today to invoke full provisions of the general mobilization act including a state of control of the stock exchange and marine transportation, thus tightening the nation toward a war footing. The mobilization act, which went into effect in May 1938, gives the government unlimited power to draft Japan's manpower and economic resources in a war emergency.

CUT DOWN GASOLINE

Earnest Appeal is Directed to Pleasure Consumers in Canada

TORONTO, Aug. 11: (CP)—In view of the gravity of the oil and gasoline situation in Canada, G. R. Cottrell, wartime fuel controller for Canada, has made another appeal to motorists and others using gasoline for pleasure purposes to cut down consumption of the fuel hereafter as long as it is necessary. To match up with the achievements in the matter of war financing, it is necessary that the public should make a real effort to conserve gasoline.

HUNS HAVE HUGE LOSS

Russia Claims Thirty-five Percent Of Force In Russia Wiped Out German Story Different

MOSCOW, August 11.—The Red Star claims that thirty-five percent of the mechanized and infantry forces of the Nazis have been destroyed since the start of the war with Russia which entered its eighth week Sunday. Endless streams of German wounded are pouring westward from the battlefronts. The Russians claim. The Reds, it is asserted, are holding firm on the south and central fronts while the combined German and Finnish forces on the north have been brought to a standstill. Four Nazi tank as well as mechanized and infantry divisions have been completely wiped out.

The Berlin picture of the situation is, as usual, much different than that of the Russians. New advances, the Germans claim, have been made into the vital Ukraine, being supported by a fierce sky assault which has wrought havoc on the Russian forces and equipment. Twenty-three field batteries, sixteen tanks and 138 Russian tanks are reported destroyed or taken with 350,000 troops put out of action in 36 hours. An even more intense assault on the Ukraine is predicted and the Germans forecast that the Reds will be forced to leave the Black Sea port of Odessa undefended, its fall momentarily being predicted.

Russia claims that one-third of the Rumanian Black Sea port of Constanta, now in German control, has been levelled.

Both sides admit tremendous casualties in the bloody Russo-German war.

DAILY EDITION

Monday, August 11, 1931.

An Unusual Appeal . . .

At the week-end we received a different appeal from the ordinary. It came from Lord Southwood, chairman of the hospital for sick children, Great Ormond Street, London, England. It seems that the hospital, the greatest in the world for sick children, had recently been rebuilt and then one night it was bombed. The babies were all saved but the building was destroyed and will have to be built again.

Accompanying the appeal is a matchbox containing a small portion of the rubble made by the exploding bomb, also three pictures of the building and a few of the children.

Anyone wishing to see the letter, the pictures or the remnant of the bombed building may do so at the Daily News office. We cannot undertake to forward subscriptions but the address can be obtained from us if anyone wishes to send. It seems to be a very worthy cause yet may not come under the scope of the Queen's Fund for which we collect money.

Are We Measuring Up? . . .

There will be a special carnival number of the Daily News Wednesday, the main purpose of which is to provide publicity for the Carnival next week. Anyone wishing advertising space in that number should apply not later than tomorrow. Anyone wishing standing advertisements changed or new advertisements inserted on Wednesday should have the new copy in the office by noon or early tomorrow afternoon.

Carnival Number . . .

Prince Rupert people are asked to cut down even further on their consumption of gasoline so that more may be sent overseas to help in the war effort. The controller's office reports that the response has been considerable but not yet enough. The gasoline is needed for the war so please do not use it unnecessarily. We must measure up to our responsibilities in this work of conservation.

DRY DOCK IS WINNER

Some of Best Baseball Seen This Season Played Yesterday

On Sunday the fans saw some of the best baseball they have seen this season. The Dry Docks again came out on top but this time by the skin of their teeth. The Commodores played a mighty game. Their new line-up is a grand team. The score was 9-2 after a battle that was hard fought all of the way. The fielding in the game was superb.

The second game between the Scottish and the Searchlights, was pretty to watch. Cann, the Scottish pitcher, excelled himself striking out 13 batters in the seven innings. In the batting Mitchell, of the Searchlights, took the honors hitting a three-bagger in the fourth and a home run in the sixth.

The lineups:
Dry Dock—G. Hetherington lf, J. Hetherington 3b., Bickerton 1b., Howe 2b., Beynon ss., McIntyre c., Cararie rf., Simundson cf., Warner p.

Commodores—Carey lf., Lewis 3b., Stiles 1b., Coombe 2b., Wendall ss., Burye., Randall rf., Kerr cf., Carlisle p.

Scottish—Serrianni ss., Bailey c., Bratus cf., Bilesky lb., Beaudoin 2b., Lavis 3b., McLeod lf., Cook rf., Cann p.

Searchlights—Hayter ss., Alford c., A. Sterritt cf., Lepinski lb., Mitchell 2b., Collison 3b., Jeglum lf., Wells rf., B. Sterritt p.

Umpires were Thorndyke and Bickerton while Cliff Leslie of the Y.M.C.A. kept score.

BALL GAME WAS CLOSE

Air Force Picked Off Three Runs to Win Softball Game on Saturday

The softball game, scheduled for 1:30 p.m. on Saturday between the Canadian Scottish and the Army Service Corps, was postponed due to the Army Service Corps' team being delayed owing to weather conditions.

However, the Air Force and Signals played their scheduled game and what a game it turned out to be.

The Signals started off by taking a two run lead in the first inning, which was increased to five in the fifth, while the Air Force had one lonely tally. Signals ran in two more in the sixth, and then the boys from Seal Cove really got going. By actual count it was eight runs they put in, giving them a two run lead as the game went into the last frame.

From then on it was anybody's game. The Signals scored twice in the seventh to tie, forcing an extra inning. Both teams ran in one run in the eighth and the ninth started off again all even.

Signals ran in two more but the Air Force was out to get the game and scored three to take a game which was really worth winning.

Umpires were Beaudoin and Shipp of the Y.M.C.A. and Cliff Leslie Y.M.C.A. secretary kept score.

SPORT CHAT

On Tuesday evening the Prince Rupert Football Association will start play for the fourth and last trophy of the season—the Gilhuly Cup. With three teams in the competition, it will be a six game home and home series, total points to decide. The three teams will be All Stars, Canadian Scottish and Composite Services. The All Star team is a combination of the former Dry Dock and Independent teams.

Jimmy Braddock lost a 10-round decision to Babe Hunt, Ponca City boxer, 11 years ago today at Boston. Braddock became world's heavyweight champion in 1935 and lost the title to Joe Louis June 22, 1937.

Sunburn Patrol Beats Freckles

Girls Guard Beach Bathers From Too Much Sunburn And Brown Spots

CLEARWATER, Fla., August 11: —Pretty Myrtle (Bunny) Lowery figures that the Clearwater Beach sunburn patrol has prevented at least a million freckles and as many blisters among bathers who don't know when they've had enough sun.

Organized four years ago more or less as a stunt, the patrol was so successful in preventing severe sunburn among bathers—a major summer beach hazard—that it has been made one of the main features of this resort's safety organization.

Bunny and her shapely assistants, in uniform white bathing suits with identifying insignia on the front, keep an eagle eye on bathers from inland points—who all too often try to acquire a deep suntan in one dose.

"You'd be surprised," Bunny says, "how few beach bathers from out of town know how much sun they can stand. And even when we warn 'em, it's hard to get 'em to cover up."

Each patrol girl has a safety kit with sunburn lotion as well as first aid equipment for treating cuts and scratches. All are expert swimmers and act as lifeguards. Miss Lowery was the beach's first girl lifeguard back in 1927.

The patrol also gives swimming lessons and, as might be expected of a school with so comely a faculty, has whopping enrollments. During the first four years, enrollments totalled 3,000 and this season the number has passed 1,500.

Tall Girls Get Married

Six-Foot Strippease, Now 23, Has Been "Led To The Altar" Seven Times

CLEVELAND, August 11: — Lois De Fee is living proof that it's easy for a tall girl to get a husband. By her own count, Lois has been married seven times, currently is engaged.

"All they have to say is 'I love you and can't live without you,' and I'm married again," the 23-year old strippease confided in a somewhat southern drawl. "It seems as if I always feel sorry for them.

"The only ones who say they are in love with me are the little bitty guys—the big ones go for dolls about 5 feet tall."

Born in Missouri and reared in Texas, Lois first became a bride 10 years ago. Six of the marriages were serious, she says, and the seventh was for a press agent's check. That was the time she married a midget with annulment proceedings prearranged.

For publicity purposes, the perfectly proportioned strap-shedder is six feet, four inches. Actually, the high heels subtract two inches from that figure, but her lofty height assures her of being "tops" in the burlesque business.

Lois was a show girl in several New York night spots, and a "bouncer" in a couple more before she decided to shed her clothes in public for a living. That was a year and a half ago, and she's doing beautifully.

From The Waterfront

Southbound from Skagway to Vancouver, C.P.R. steamer Princess Charlotte, Capt. William Palmer, arrived in port at 4:30 Saturday afternoon from the north, sailing at 6 p.m. in continuation of her voyage. This week the Princess Charlotte will be making another of her special Alaska cruises on which she will call here only on the way south from Alaska. On Saturday afternoon the Princess Charlotte had on board 236 passengers of whom six disembarked at this port.

C.N.R. steamer Prince George, Capt. H. E. Nedden, returned to port at 10 o'clock this morning from Skagway and other Alaska points. The vessel had on board a total of 225 passengers, six of whom disembarked at this port.

Union steamer Catala, Capt. John Boden, arrived in port at 6

o'clock this morning from the south with a considerable number of passengers and freight cargo. The vessel sailed at 11:45 a.m. in continuation of her weekly voyage to Stewart and other northern points and will be back here tomorrow afternoon southbound.

With a total of 242 passengers, mostly round trip tourists, including many people from the Middle States of Ohio and Iowa, C.P.R. steamer Princess Louise, Capt. S. K. Gray, arrived in port at 12:15 this morning from the south and sailed at noon in continuation of her voyage to Skagway and other Alaska points. The vessel will be back here Saturday afternoon returning to Vancouver. Nine passengers left the Princess Louise here while two took passage from this port for the north.

SATURDAY
MARRIAGE

Miss Irene Mitchell Becomes Bride Of David Mitchell

The home of Mr. and Mrs. J. R. Mitchell, Atlin Avenue, was the scene of a pretty wedding at 3 o'clock Saturday afternoon with Rev. A. F. MacSween officiating, when Irene Thornton Mitchell, younger daughter of Mr. and Mrs. J. R. Mitchell was united in marriage to David Mowbray Mitchell, eldest son of Mr. and Mrs. D. Mitchell of Vancouver.

The bride was given in marriage by her father, while Mrs. E. J. Smith played the wedding march and also during the signing of the register.

The wedding was performed in front of the fireplace which was banked with greenery and a profusion of dahlias, sweet peas and phlox in pink and white. The bride looked charming in an afternoon dress of dusky rose trimmed with queen's blue, wearing a corsage of Rapture and Johanna Hill roses.

Georgina Mitchell, niece of the bride, made a sweet little flower girl, dressed in pale blue carrying a colonial bouquet of sweet peas and carnations.

Miss Muriel Vance was the bridesmaid wearing an afternoon dress of turquoise blue with a corsage of pink carnations.

Len Mitchell, brother of the groom, was best man.

The guests were received by Mrs. J. R. Mitchell, mother of the bride, wearing a dusky rose lace dress with a corsage of pale yellow rosebuds.

The toast to the bride was proposed by E. J. Smith and responded to suitably by the groom.

The bride's table was centred with a three tier wedding cake. Mrs. George Abbott and Mrs. J. B. MacKay presided at the urns and Mrs. C. R. W. Piers and Mrs. Rochester cut the loaves. The servers were Mesdames P. M. Ray, J. W. Scott, G. L. Rorie, T. W. Brown, and Misses Elliott Head, May Jones, Dorothy and Evelyn Macdonald.

Following the reception the bride and groom embarked on the steamer Prince Rupert for a honeymoon in Vancouver, there being a large number of friends to bid them farewell. For travelling the bride chose a tailored suit of teal blue with matching accessories and corsage of roses.

Mr. and Mrs. Mitchell will take up residence at Powell River.

They have hearty congratulations and best wishes of many friends. The bride has lived here all her life. The groom formerly taught school in Prince Rupert.

Katharine Hepburn in "Philadelphia Story" Current Feature at Capitol Theatre

After an absence of more than two years, Katharine Hepburn returns to the screen in "Philadelphia Story," hilarious version of her New York hit, which shows in the Capitol Theatre here for the first half of this week. Co-starred with Miss Hepburn are Cary Grant and James Stewart.

Miss Hepburn plays the part of a young woman of high society who, having no toleration for human weakness, divorces her first husband, Cary Grant, because he did not measure up to her idea of perfection. Her second choice is a stalwart man of the people, John Howard. Complications arise when Grant turns up for the wedding, bringing with him a reporter from a keyhole magazine in the person of James Stewart who also falls for Miss Hepburn. This situation brings about whirlwind comedy as the three men vie for the girl. There is a hilarious climax as Miss Hepburn's foot slips.

There is a notable supporting cast including Ruth Hussey, as Stewart's girl friend, Roland Young as Miss Hepburn's Uncle Willie; John Halliday and Mary Nash, as the parents, and Virginia Weidler as the young sister.

ROUND-UP
OF RUSSO-
NAZI-WAR

No Major Developments In Ghastliest Fighting In History

There has been no big development in the Russian-German war although the Reds admit some Nazi gains. Berlin claims to have made a heavy raid on Moscow Saturday night, to be about to take Odessa, to have put out of action recently 350,000 Red troops, making a total of four million claimed Soviet losses. Moscow makes various counter-claims and says the Huns have lost 35 percent of their mechanized and infantry forces to date.

Certain it is that losses on both sides have been tremendous.

Another Berlin claim is that three great new offensives are pending—in the Ukraine, toward Moscow and toward Leningrad. Another is that Stalin has lost over 10,000 planes and another that Nazi forces are 70 miles from the Black Sea port of Nicoliev in all there are no details given—just the statement that all is proceeding according to plan.

Moscow gives a flat declaration that, except for some gains in an unannounced place, the Nazis are stopped all along the front and are, in fact, threatened by Reds to their rear in some spots.

It is said the Battle of Smolensk is one of the biggest and ghastliest in all history.

Drive on Odessa
Two German columns converging on Odessa from north and west are making "very considerable progress," authoritative sources said here today. One German drive was reported to be aimed southeast and another almost due east into the Ukraine, apparently in an attempt to pinch off the mammoth granary before the September rains and develop it as a base for winter operations. Some sources in London said the German drive may have already crossed the Dnieper River but described Nazi progress elsewhere as slow and uneven.

At Moscow the Red Army, reinforced by a rising tide of militia, was reported today to be holding firm along the central front but officials acknowledged that defence lines of north and south flanks were drawn back nearer to Leningrad and deeper into the Ukraine. Fighting continued last night in the Smolensk salient and at Bel Terkov, south of Kiev, but a new battle was intensifying in the Uman area between Kiev and Odessa.

NEW VICE-
PRESIDENT

D. McK. Ford, General Purchasing Agent, Promoted

MONTREAL, August 11.—Announcement was made here today by R. C. Vaughan, president of the Canadian National Railways, of the appointment of D. McK. Ford, general purchasing agent, to the position of vice-president in charge of purchases and stores. E. A. Bromley, formerly assistant to the vice-president, will succeed Mr. Ford as general purchasing agent the announcement stated. Both appointments take effect immediately.

David McK. Ford, newly appointed vice-president of the Canadian National Railways, has spent almost a lifetime training himself for his new job. He is a native of Scotland and began his railway career in the office of the general goods manager of the North British Railway at Glasgow in 1900. He came to Canada and in July of the same year was appointed to the position of chief clerk in the operating and accounting departments of the Halifax and South-western Railway in Nova Scotia. In July 1910 he was transferred to Quebec as accountant and cashier

of the railway company's Quebec lines. He was appointed auditor of Quebec lines in February, 1916. He returned to Toronto in September 1918, he was appointed chief National Railways and clerk, president's office, Canadian National Railways and Canadian Government Merchant Marine and in 1922 was made office assistant to the president. Upon formation of the present Canadian National Railway Co. in 1923, Mr. Ford was appointed assistant to the director of purchases and stores, Montreal and in 1924 became assistant to the vice-president of purchases and stores. He was appointed headquarters purchasing agent in 1932, and was promoted to the position of general purchasing agent for the Canadian National Railways system in February 1937.

Edwin A. Bromley, who becomes general purchasing agent for the Canadian National Railways, has spent practically all his working life in the purchasing department. He joined the company at Toronto in 1918 as a junior clerk in the president's office, becoming a stenographer in the same office two years later. In 1922 he became secretary to the vice-president of purchases and stores, remaining in that position until January 1930 when he was appointed general stationery agent, becoming assistant purchasing agent in September of 1932, which position he held until he was appointed assistant to the vice-president of purchases, stores and steamships in February 1937. He has remained in this latter position until his present appointment.
