EFFORTS BEING MADE TO TAKE BETTER ADVANTAGE OF PORT IN WAR EFFORT

Chamber of Commerce Hears What Provincial Department of Trade and Commerce is Doing On Local Behalf

The Prince Rupert Chamber of Commerce, at a large attended dinner meeting last night, heard from W. Lloyd Craig, director of extension at Ottawa for the British Columbia Department of Trade and Commerce, of efforts that are being put forward at Ottawa with a view to bringing about a more full and effective utilization of the resources and facilities of the port.

Mr. Craig, who has a clear idea of what the province was already doing in that regard, the war business of British Columbia being the third largest for the provinces of the Dominion, expressed the opinion that Prince Rupert should be doing a good deal more than it is doing. Prince Rupert, he felt, should be building certain types of small boats as well as larger ones and he stated that he had reasons to believe that this port would soon be building steel cargo ships as well, he hoped, as wooden ones. He stated that there appeared to be machine shops here which could be used and he would see that they were listed which they were not today.

Mr. Craig disclosed that during the last sixteen months Ottawa had placed in Prince Rupert business amounting to \$3,337,000. When the ships which were now under way and construction work was deducted from this there was not much left. "Prince Rupert should be getting more business at Ottawa and it shall be my aim to endeavour to get it for you," Mr. Craig promised.

Mr. Craig, who mentioned that he had last been in Prince Rupert thirty years ago at the time of the Battle of Kelly's Cut, told of his work since October 1939 of getting British Columbia into business at Ottawa. "This province had been the first to establish a trade bureau at Ottawa but it was soon followed by Quebec and later by Alberta, Saskatchewan and Manitoba, Ontario, of course, being right on the ground. One of the first things had been to prepare a trade index in which was listed every item which was manufactured or distributed from British Columbia together with the names of those engaged in the various lines. This index had been placed in the hands of every purchasing agency in Ottawa.

Basis Of Policy The basis of policy of British Columbia trade extension at Ottawa was to secure business for this province, providing always that it was good business to buy in British Columbia. The aim was to give real service to the war effort by seeing that the fullest possible utilization was made of what the province had to offer. The department was not interested in the matter of from whom purchases were made so long as they were made in British Columbia insofar as it was compatible with good business.

Buyers, Mr. Craig found, at first were dubious of British Columbia's ability to manufacture and supply as well as could be done in the east. There was a tendency towards the feeling that British Columbia was too remote and too detached from the rest of the Dominion, and that this province was a separate entity—removed like Newfoundland from the rest of the Dominion. It had been tough for some time but this attitude was changing slowly but surely as the realization grew of what British Columbia could do. It was turning out that British Columbia could do as well if not better in production of many lines. A special committee had come out

General Weygand Is Now In Vichy

VICHY, March 6: (CP)—General Weygand, commander of French forces in North Africa, arrived by plane this afternoon for the first meeting with Marshal Petain in six months. The government said that a premature announcement that Weygand had arrived yesterday was made deliberately to hide his movements.

CONSULATES ARE CLOSED

United States Invites Italian Envoys To Leave Detroit And Newark

WASHINGTON, March 6: (CP)—The United States government told Italy today to close consulates at Detroit and Newark, New Jersey, "for reasons of national policy." The decision followed recent action of the Italian government to have the United States close its consulates at Naples and Palermo, if you do not take advantage of it."

of trade and industries, who spoke before Mr. Craig, believed that it would be well worthwhile for British Columbia to maintain a trade representative in Ottawa permanently—war or no war—in order to assist in getting the products of this province into Ontario and Quebec. Already, as a result of this service, old industries of this province had been extended and new ones established.

The Premier, said the minister, and himself had felt that Prince Rupert should be getting more business and they were working along this line in co-operation with Olof Hanson, the local member. Mr. Asselstine read a letter which had been written to Hon. C. D. Howe, minister of munitions and supply, setting forth the situation and possibilities of Prince Rupert and this line of the Canadian National Railway in detail. Its advantages were described, advantages which should not be permitted to go unnoticed. The war should provide more opportunities. A complete survey was being made of local facilities. That was why Mr. Craig had been ordered to come here. It might be slow but there was good reason to hope for ultimate results.

Mr. Asselstine referred briefly to the local ore sampling plant which, since its establishment, had resulted in \$33,000 being returned to small shippers in this area. An assay plant was to be added this year. The Department of Mines was endeavouring to further promote mining development in this area.

The meeting was presided over by W. R. McAfee, president of the Prince Rupert Chamber of Commerce, who said that local people were not satisfied either that all was being done locally that could be done in connection with the war effort. This special visit of Mr. Asselstine and Mr. Craig was appreciated. The support they were giving was welcome and local people would rely on its bringing tangible results.

The local Red Cross Society Branch is planning to give all possible aid to the Junior Red Cross in Prince Rupert. Miss Irene Mitchell is in charge of this work and under her endeavours much has already been accomplished by the youngsters.

Bulletins

NAZI EXPECTATIONS BERLIN—German spokesmen said yesterday they expected Turkey would remain neutral, Greece would collapse and Yugoslavia would join the Axis. Germany will choose her own time and methods to strike at Greece if it is necessary to do so.

RENDEL LEAVING SOFIA SOFIA—British minister George Rendel expects to leave Sofia next Monday or Tuesday. Polish, Belgian and Dutch ministers are also leaving. The United States minister will look after the interests of these countries.

INVASION FROM WITHIN WASHINGTON—Martin Dies, chairman of the Senate committee on un-American activities, says he expects Hitler to invade South America from within. "There are already one million Germans in South America on which the Third Reich can depend," Dies says.

FURTHER GREEK VICTORIES ATHENS—The Greeks claim further victories over the Italians on the Albanian front.

RUSSIANS MASSING VIENNA—Premier Ion Antonescu left Vienna yesterday on his return to Rumania after conferring with Marshal Goering. German forces are massing, it is reported, on the Rumanian frontier from the Black Sea inward.

NOT TO BE CONFINED

United States Senate Leaders Not To Limit British Aid To Western Hemisphere

WASHINGTON, D.C., March 6: (CP)—Senate leaders decided yesterday to oppose any British aid bill amendments designed to confine activities of United States troops to the western hemisphere. They made their decision after Secretary of State Cordell Hull is reported to have said that such proposals might be a blow to British morale and would encourage the Japanese to be more aggressive.

LOSSES ARE VERY LIGHT

LONDON, March 6: (CP)—The government told Parliament today that the British Army had lost only 525 men in the entire campaign against the Italians in Africa and the Middle East.

From the African fronts come reports of further advances against the Italians by British forces.

In Ethiopia revolt against Italian rule is spreading like wild fire. There are widespread desertions of natives from the Italian forces to those of the patriots.

New Metlakatla Wins By One Point In Basketball Opener; Series Off To Exciting Start

Last night in the Exhibition Hall local hoop fans saw one of the best basketball games played in Prince Rupert for many a year when, in the main event of the evening, between the New Metlakatla All-Stars and the Prince Rupert Savoy, the local lads lost by a score of 28-27. It was an exciting and close fought game which kept the shouting fans in turmoil from start to finish. The Savoy got the tip and on McPhee, Atkinson of the visitors scored a basket, giving Metlakatla a penalty shot, which was called

GREEKS IN WAIT FOR GERMANS

Thousands Of Greek Soldiers And Workmen Are Reinforcing Mountain Passes On Bulgarian Front

SOFIA, March 6: (CP)—Termination of conferences in Athens between Foreign Secretary Anthony Eden of Great Britain and Greek leaders found thousands of Greek soldiers and workmen reinforcing fortifications in mountain passes from Bulgaria against which it is believed the Germans are preparing to smash at any moment.

Eden and General Sir John Dill left Athens last night after securing Greece's undertaking to make no separate peace with Italy.

TALK ON DENMARK

Mrs. Gordon Downes is Interesting Speaker Before Women's Club

"A Day in Denmark" was the title of a highly interesting address given before the Women's Canadian Club last evening at dinner by Mrs. Gordon Downes of Victoria. About eighty members of the club were in attendance and Mrs. Neal M. Carter was in the chair.

Mrs. Downes was born on the east coast of England and, as a little girl, played on the beaches where the Vikings landed. All her life it had been her hope to visit the land of Denmark and finally in 1936 the opportunity came. Mrs. Downes and her children spent three years in Denmark, leaving there early last spring just five weeks before the German invasion.

The speaker described in informal but delightful manner life in the Danish capital of Copenhagen. Among other things she referred to the simple and democratic royalty. The King, for instance, mingled freely among his people and entered into their lives, there being a common bond of affection and trust.

Denmark had been in those post-war years a pleasant, happy land in which to live with plenty of food and the comforts and privileges of a peace-loving democratic rule. The winter just before the German occupation, however, had been a very severe one with considerable suffering on account of the unusual and extreme cold.

For three months before it occurred, the inevitability of invasion by the Germans was obvious. Mrs. Downes told of her own escape and that of her family. Finally, they had made their getaway on an icebreaker to Sweden whence they reached Norway and sailed for England enroute back to Victoria.

This afternoon Mrs. Downes speaks at another gathering of the Women's Canadian Club on the subject "Wasn't That Fun?"

Surprise Raid Pulled Off By British Navy Near Norway Coast

Two Hundred and Fifteen Prisoners Taken From Vessels—Fish Oil Plant is Destroyed

LONDON, March 6: (CP)—British and Norwegian forces sank eleven ships under German command and captured 225 prisoners—215 Germans and ten Quislings—in a surprise raid Tuesday on the Lofoten Islands off the Norway coast, near the entrance of Narvik harbor, it was officially announced today. The raid had as its object the destruction of a fish oil plant.

Sinking of the German shipping and taking of prisoners was all carried out with considerable success, a communique said. British ships also landed gifts of food for the Norwegian population and took off Norwegians anxious to fight with British forces.

The eleven ships sunk included ten German vessels and one German-controlled Norwegian vessel. The captured vessels had cargoes of foodstuffs and clothing. One German officer and six seamen were killed, the raiders themselves suffering no casualties.

Salvage Of Kvichak Is Not Success

Attempts of the Pacific Salvage Co. to refloat the United States Army transport Kvichak, which went ashore several weeks ago at the south end of Finlayson Channel near Milbank Sound, have so far proven unsuccessful and it is reported that the vessel has sunk. The intention had been, if there was success in salvaging the ship, to bring her to the Prince Rupert dry dock.

Some equipment of the Armour Salvage Co. of Prince Rupert had been used in connection with the Kvichak work.

SALARIES DISCUSSED

Report Cards Also Considered By Teachers Meeting Last Night

The Prince Rupert and District Teachers' Association held its regular monthly meeting last evening at the Booth Memorial High School with a large attendance of members and President J. S. Wilson in the chair.

With the annual Easter convention in view matters discussed included resolutions for this gathering of teachers of the province in Vancouver. The attainment of an equitable provincial salary scale was considered as the establishment of such would remove many unfair inequalities. It was also felt that, as minimum salary figures were established when the financial depression was at its worst, a revision of these should be considered inasmuch as cost of living had steadily increased over a period of years and very much so in the last few years.

There was discussion with regard to school report cards. Some expressed the opinion that report cards were only needed when special information should be given a parent regarding the pupil's progress or lack of progress. The recently published forms had given some grounds for criticism but whether it was a large amount of criticism from a few interested persons or whether it was a general feeling of condemnation was not clear. It was felt that a simpler form might be prepared that would meet with more general approval of the parents as well as of the teachers. After all the reports were for the information of the parents so that the best may be done for the pupils.

AIR FORCE OFFENSIVE

Heavy Blows Delivered By British Planes To French Invasion Coast—Attacks on England Lighter

LONDON, March 6.—A great daylight offensive by the Royal Air Force across the English Channel yesterday caused tremendous damage to the French invasion coast, Boulogne being the most heavily hit point.

Last night London and the rest of England were fairly quiet. There was another attack on Cardiff by the Luftwaffe but it was not of the large proportions of Monday and Tuesday nights.

Today London had its 500th and 501st air raid alarms of the war.

AT WAR IN REAL WAY

Canada Has Spent as Much So Far In This Conflict As In All Of Last—Making Everything

VANCOUVER, March 6.—Col. W. C. Woodward, executive assistant to Hon. C. D. Howe, minister of munitions and supply, said, in an address here last night, that Canada has already spent as much money in this war as she did in the entire four years of the First Great War.

Canada was now engaged in manufacturing or was in the process of preparing to manufacture every needed war material for Great Britain except certain types of big guns which also would eventually be made here.

AGREEMENT IS REACHED

France And Thailand Seem To Be Progressing Towards Settlement Of Differences

TOKYO, March 6: (CP)—France and Thailand have reached an agreement on principal points of a Japanese mediation plan for settling their border dispute, it was announced today, and it was said that the remaining points would likely be settled within a few days. Meantime the armistice has been extended indefinitely.

Mr. Asselstine Hon. W. J. Asselstine, minister

A Real Service . . .

Before hearing W. Lloyd Craig, director of extension for the British Columbia Department of Trade and Industry at Ottawa, give his address at last night's meeting of the Prince Rupert Chamber of Commerce, it is possible that local business men were not fully aware of the importance of the work that the department is carrying out at the federal capital and the gratifying results that are already being obtained in bringing business to this province.

It was particularly satisfactory to hear that, due largely to pressure which had been brought to bear by Premier Pattullo and Mr. Asselstine, the minister of trade and industry, and with the co-operation of the local member, Olof Hanson, special efforts are being made to have fuller advantage taken of Prince Rupert's ability to contribute to the war effort in an industrial way.

Actuated by the desire to be of real service and not merely to capture business, Prince Rupert people do not wish to have more business than can be efficiently carried out here. They will not be content, however, until they are satisfied that the facilities of this place are being put to full use at a time when it is essential that all the resources of the country should be employed towards the winning of the war.

No secret was made by either Mr. Asselstine or Mr. Craig last night of their feeling that Prince Rupert today is not doing all that its facilities are capable of performing.

Basketball Buzz

A very sad Scotch lad walked off the floor in the person of our Angus McPhee when he gathered himself together and headed for the dressing room after last night's hectic struggle at the Exhibition Building. Mac has been suffering with influenza for the last three days and only yesterday returned to work at the drydock in the hope he would snap out of it and be able to help his boys take their first important game of the season. Instead Angus just didn't have it in him. That old germ had been working overtime, had worn him down until he had to be relieved by big Sev Dominato, the first time in a long while.

Tonight Dominato will start at centre with Jim Currie taking his post at guard. Jim did not get into last night's game but will see action tonight. This will be Jim's first big game this year. He was south when Petersburg played here before Christmas. Jim will team up with Bobbie Houston who lined up with him in many intermediate games before either of them turned senior.

Sonny Beynon and Helge Holkestad did not click as they usually do in last night's game. Helge was playing off his game due to a shoulder injury sustained in the games at Ocean Falls where he held a 6 foot three inch check to a standstill.

Another big crowd is expected tonight. Last night about 350 persons paid admission to the games. This money is sadly needed by the Association since it has had bad breaks with the weather etc. all season and is behind financially.

An entertaining feature of last night's game was the rabid fan who just couldn't stand it any longer and rushed referee Atkinson of New Metlakatla. A light strangle hold was broken and the fan returned to his seat much satisfied.

If you want something, advertise for it. Hundreds of people get what they want that way. (41)

NEW METLAKATLA WINS BY ONE POINT

(Continued from Page One)

Metlakatla the lead which they kept until the third quarter. Houston and Dominato played very nice ball. Up to the half both teams played at a steady pace and the score at the breather was 15-11 for the visitors.

In the third quarter the locals came out with much vigor and four baskets in swift succession by McPhee, Lindsay and Beynon put Rupert in the lead. At the end of the third quarter Rupert led by 25-21. The last quarter started slowly with both teams working hard and, at three minutes to play the visitors led by 28-25. By clever passing and nice ball-handling the Metlakatla boys tried to hold Prince Rupert down. Just a few seconds before the whistle Lindsay for Rupert broke through and passed to Beynon who scored but the final score was 28-27 for the visitors.

Atkinson and E. Hudson played well for the visitors. One of the features of the game was the one-handed shots of Harris.

Johnny Comadina handled the whistle in his usual capable way. New Metlakatla—Hayward, R. Atkinson, 11; E. Hudson, 11; M. Hudson, 2; Reese; Harris, 4; total, 28.

Savoy's—McPhee, 4; Campbell; Beynon, 6; Houston, 2; Dominato, 5; Holkestad; Morgan, 6; Lindsay, 4; total, 27.

The preliminary game between Old Metlakatla and the Co-op, reinforced by two of the High School stars, Alex Bill and Oliver Santurbane, gave the fans their money's worth. There was plenty of action and Metlakatla led all the way. At the half the score was 24-22 and at the final whistle it was 47-42.

Metlakatla—A. Leighton, 6; Prevost, 12; W. Leighton; Haldane; Auckland, 15; H. Leighton, 9; Nelson, 5; Robinson; total, 47.

Co-op—Bill; Santurbane, 12; Vierck, 15; Bremner, 5; Grimbie, 10; Macdonald; Dalzell; MacLaren; total, 42.

W. Lloyd Craig, director of extension of the British Columbia Department of Trade and Industry at Ottawa, was the speaker today at the regular weekly luncheon of the Prince Rupert Rotary Club.

His talk was of timely interest in connection with the effort to utilize the resources of British Columbia more especially in connection with the war. Dr. Neil M. Carter, president, was in the chair and there

was a good attendance of as well as several guests. Hon. W. J. Asselstine, mines and member of the legislature for Atlin.

KISS YOUR TIRED FEELING GOODBYE!

Peerless Many Suffer Low Blood Count—And Don't Know It.
The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet you can feel as if you had lead in your legs, doped, tired and peevish.
Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.
Get Dr. Williams' Pink Pills today. They are world-famous for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams' Pink Pills today.

Were Married Last Evening

Miss Ruby Foyer Becomes Bride Of Staff Sergeant Alfred Ricketts Of Royal Canadian Engineers

The wedding took place last evening at St. Andrew's Cathedral of Ruby, youngest daughter of J. Foyer and the late Mrs. Foyer, and Staff-Sergeant Alfred Ricketts, Royal Canadian Engineers, only son of Quartermaster Sergeant and Mrs. S. L. Ricketts of Esquimalt.
The bride, given in marriage by her father, wore a floor-length white gown of crepe-de-chine with a crown headpiece of white lace to match and carried a lovely bouquet of pink and white carnations and red roses.

She was attended by Mrs. Jean Morrell, wearing a floor-length gown of blue with a pink lace jacket and a headpiece to match. Her bouquet consisted of pink carnations, blue iris and fern.

Sergeant W. Morrell R. C. E., attended the groom.

A wedding supper and reception was held later at the Royal Canadian Engineers Headquarters, Steele Block, Third Avenue, where music and dancing were enjoyed.

Out-of-town guests included Mr. Foyer and Quartermaster Sergeant Ricketts. Sergeant and Mrs. Ricketts will make their home at the St. Elmo Apartments, Second Avenue.

Timely Recipes

QUICK CHOCOLATE FLUFF FROSTING

1/2 cup cocoa
1/2 cup fine granulated or fruit sugar
1 cup whipping cream
1/2 teaspoon vanilla

Combine the cocoa and sugar and add cream gradually. Mix well and let stand in refrigerator for 5 hours or overnight. Beat until fluffy with rotary beater, or electric beater, add vanilla and spread on top and sides of cake.

Note: This frosting will keep for 2 to 3 days if stored in a cool place.
