

Running Battle In Macassar Straits

American and Dutch Sea and Air Forces Engage Jap Armada

Would-Be Invaders Have Lost Nine Transports and One Warship So Far With Many Others Hit—Battle of Malaya Raging.

SINGAPORE, Jan. 26: (CP)—United States and Netherlands sea and air forces locked in a great running battle with a Japanese invasion armada in the Strait of Macassar have sunk or damaged at least twenty-seven transports and warships in four days' fighting and may have shattered an attempt to invade Java, the heart of the united nations defence in the southwest Pacific. The next few days will tell in what strength, if any, the Japanese armada was able to negotiate the narrow shortcut to the inner arc of the Netherlands East Indies. The Japanese won at least one foothold in the region—the Netherlands oil port of Balikpapan—but the size of the invasion fleet indicated that Tokyo was hooting for higher stakes to the south.

DELEGATION TO OTTAWA

Two Special Trains Will Carry Farmers' Delegates To Capital To Seek Higher Prices For Farm Products

REGINA, January 26—Canadian farmers this Friday are sending in two special trains—one from Regina and another from Saskatoon—a delegation to Ottawa to demand higher prices for farm products. The delegation will take a petition carrying 200,000 names. Mayors and business men as well as farmers will comprise the delegation. A meeting will be held with the government on February 2. Among other things a minimum of \$1 per bushel, instead of 70c, which was paid last year, will be sought.

ADVANCE BY AXIS

Main Armies of British and Enemy Facing Each Other Now in North Africa.

CAIRO, Jan. 26: (CP)—The Battle of North Africa, after having been at a standstill with the main armies of the British and Axis facing each other, is now going against the British who have been driven back 145 miles since General Erwin Rommel's push from El Aghella commenced. Imperial forces were pushed back further, it was announced today.

Thundering artillery exchanges between British and Axis forces on the Libyan desert are reported as the British fall back before General Rommel's renewed drive. Evidently, the Axis is making Makale its immediate objective, bypassing Bengasi. Berlin and Rome claim large successes while London says the situation is "confused."

The new centre of the desert battle placed as northeast of Zoulet Msus, following the indication today by British headquarters that the Eighth Imperial Army had been driven further back in Libya by General Rommel's armored columns with the Axis forces apparently aiming to by-pass Bengasi their major counter-offensive, means that Rommel has advanced more than forty miles from the triangle where a big tank battle was raging during the week-end.

Zoulet Msus is seventy miles southeast of Bengasi and fighting in that region confirms that the British forces have withdrawn about 45 miles around the Gulf of Sirte from the high water mark of their drive at El Aghella.

United States Looks to Canada

Is Interested and Anxious About How Plebiscite Will Go in This Country.

NEW YORK, Jan. 26:—The New York Daily News says that the United States looks with interest and anxiety on the result of the plebiscite in Canada by which the government seeks removal of commitments with respect to use of manpower for war service. The paper suggests that a draft system like that in United States might well be adopted in Canada.

BATTLESHIP JOINS NAVY

Thirty-Five Thousand Duke of York Is Commissioned.

BREAK OFF WITH AXIS

Peru and Uruguay to Sever Relations, Leaving Only Argentina and Chili Outstanding

RIO DE JANEIRO, January 26—Peru and Uruguay have decided to break off definitely with the Axis powers, leaving Argentina and Chili the only South American nations that still retain relations with Germany, Italy and Japan. The conference of Pan-American foreign ministers is expected to conclude with a plenary session today.

AUSTRALIA WAR BASIS

Married Men Under 35 and Single Under Forty-Five Are Being Drafted.

MELBOURNE, Jan. 26: (CP)—In the wake of Japanese landings on mandated islands within striking distance of the mainland, Australia has taken steps to place the entire commonwealth on war footing with mobilization of home defenses ordered and drafting of married men under 35 and single men under forty-five accelerated.

Prime Minister Curtin has intimated that Australia has asked for representation on Britain's war cabinet and said he had urged prompt formation of a Pacific defence council and board of strategy. From Perth, Curtin today said that Australia needs a full voice in the Allied war council. It was not safe to depend on one man's infallibility, said Curtin.

Battle of Singapore
In the Malayan battle for Singapore, the Japanese have been pounding steadily with the help of swarms of bombers, and British headquarters said the invaders had captured Batu Pahat, western anchor of the British defence line, sixty miles northwest of Singapore. Fighting is also heavy near Kluang, fifty miles to the north. On the east coast of Malaya, appearance of Japanese transports indicated that the Japanese might essay a landing below the British line in order to outflank it.

Although there have been further British withdrawals before superior enemy strength in Malaya and Burma, there are signs of growing Allied strength in the southern Pacific theatre of war. Thirty-six Japanese planes are known to have been brought down in two days during attempted air raids against the Burmese capital of Rangoon and it is believed possible that seven more of the Japanese planes were lost.

MCARTHUR IS FORCED

Defender of Philippines Carried Out Brilliant Coup Before Falling Back

WASHINGTON, Jan. 26: (CP)—In the Philippine Islands fresh hordes of Japanese invasion troops have forced the American-Filipino defenders to fall back further in heavy fighting on the west coast of Batan Peninsula, although a brilliant movement yesterday turned back the enemy at one point and cost them heavy losses. Grave apprehension is held in military circles here as to the situation of General MacArthur's defending forces in the Philippines. Japanese warships have been brought up to assist new enemy landing forces in outflanking the defending artillery. It is believed possible MacArthur may retire to Corregidor fortress. This move could be carried out only with considerable difficulty and could only be accomplished under cover of darkness.

RUSS DRIVE WESTWARD

Main German Army Has Been Cut in Two as Red Army Drives Forward With Increasing Speed.

MOSCOW, Jan. 26: (CP)—The main Nazi forces on the Russo-German front west of Moscow have been cut in two by the advancing Red Army, and the whole German winter line has been wiped out from end to end with Hitler's personal headquarters being moved from Smolensk to Minsk, 200 miles further west.

In its forward rush on the north the Soviet forces have now reached a point 100 miles from the Latvian border. Warehouses packed with food and munitions have been captured, indicating that the Germans were certainly planning to stay for the winter.

The British Broadcasting Corporation says that Rzhev is completely encircled and Smolensk is almost encircled by Russian troops driving westward on the central front.

The German garrison at Rzhev, 125 miles northwest of Moscow, has been by-passed by Red Spearheads operating above and below, the British Broadcasting Corporation says.

The Russians, taking full advantage of the coldest weather in recent decades, were reported today to be mopping up vast areas of the long German-Russian front after having practically wiped out Hitler's winter defence line. Clean-up operations are reported in full swing in an area east of the 270-mile line running from near Smolensk to Orel and Kursk.

Thirty-nine German planes have been shot down to eleven Russian.

Opposition Leader Speaks—

Hanson Urges Sending Of Canadian Force To Aid Australia Defence

Plebiscite on Manpower Is Called Humiliation to People—Government Should Have Presented Policy to Parliament.

OTTAWA, Jan. 26: (CP)—Dispatch of a Canadian division to Australia was urged in the House of Commons today by Hon. R. B. Hanson, Conservative house leader, as he opened the debate on the speech from the throne with sharp denunciation of the government's proposed plebiscite to obtain release from anti-conscription pledges. Mr. Hanson said that the sending of a division to Australia would be more than a gesture of goodwill. It would be a demonstration of support and solidarity.

Mr. Hanson described the plebiscite as "humiliating the loyalty of the people of Canada and a subterfuge to help the prime minister out of an impossible position created by himself and with the sole desire to perpetuate his political power." Instead of holding a plebiscite it was the prime minister's duty to come to parliament, state a new policy of compulsory service for overseas and ask for endorsement from the people's elected representatives, he said.

CONVOY IS HARD HIT

British Planes and Submarines Take Heavy Toll of Axis Fleet Crossing Mediterranean

LONDON, January 26 (Canadian Press)—Four more Axis ships have been sunk in the Mediterranean by British submarines, the Admiralty announced today. The ships were two large fully laden tankers, a medium sized transport and the Italian salvage vessel Rampino.

The largest Italian convoy ever to attempt the crossing of the Mediterranean to Tripoli was attacked yesterday by Royal Air Force planes, using aerial torpedoes and bombs, and a 20,000-ton liner is believed to have been sunk as well as several other vessels—both transports and warships—set afire.

SUGAR IS RATIONED

Allowance For Canadians Is Set At Three-Quarters Pound Per Week Under Order

OTTAWA, January 26—Starting as from yesterday, every Canadian household went on a sugar ration of three-quarters of a pound per week per person on order announced yesterday by Donald Gordon, chairman of the wartime prices and trade board. The ration is imposed as a "prudent precaution to conserve present stocks" which are larger than ever before and to assist in the needs of the united nations. The present consumption of sugar in Canada is 500,000 tons per year. The object is to save 100,000 tons per year.

Buying of sugar will be carried out in the ordinary way at regular prices. Individual buyers may purchase for entire families. There will be no coupons for the time being. Householders having stocks on hand at present must use them up and not buy more until they have less than two weeks supply. Householders may not purchase more than two weeks' supply at the prescribed ration figure except those in remote places who have been accustomed to carry large supplies.

Penalties provided for are a fine up to \$5000 or two years' imprisonment. "Extra consumption of sugar is not only an offence against the law but against decency," said Mr. Gordon in a statement.

The voluntary system of observing the ration will be carried out for two months and, if it is found to be a failure, a coupon system will be resorted to.

When the canning and preserving season comes, extra supplies may be made available for housewives.

Sugar for manufacture of confectionery and sugar products will be restricted.

Hotels, restaurants and hospitals will be given special instructions in regard to carrying out the rations. The board said that retail prices will not be increased during the war.

Sugar rationing was ordered in the United States on Saturday. The allowance there is one pound per week. Ration books will be issued.

Allied Successes . . .

At the week-end reports of Allied successes proved welcome news. One after another came reports of victories over the Japanese by the Dutch, the Australians and the British. It was a turn in the right direction for the week-end.

Planning Away Ahead . . .

The Russians are planning away ahead in their campaign against Germany, according to Sir Stafford Cripps, until recently British ambassador to Russia. It is to be a campaign in which all Germans are to be driven out of Russia and further than that Germany is to be conquered, absolutely, complete and thorough. There is to be no half way measure.

The British plan somewhat resembles that of Russia. It has been stated more than once that the war can be won only by invading Germany and plans are already afoot to do this. Germany has to feel the heavy hand of the invader before the war is over.

War of Machines . . .

Many thousands of the Canadian people—honest patriots all—have urged and continue to urge the adoption of complete conscription of all groups of men who could serve in the fighting services. Not all these advocates have given appropriate consideration to the ever-increasing demands of the war industries and agriculture. Nor have they had a thought of politics as they have contemplated this problem. Their sincerity of purpose is unquestioned. Others have indulged in a variety of ill-considered arguments and irresponsible statements inspired solely by a desire to embarrass the government and confuse the people. For the most part these contributions to the controversy have come from self-seeking politicians. They have received encouragement from a section of the press which has never recovered from the result of the general election of nearly two years ago. Not a little impatience over the government's hesitancy has originated in minds still unconvinced that this is a war of machines as well as one of uniformed manpower. Nor do these elements pay any respect whatsoever to the promises made to the people of Canada by the leaders of the two historic parties when they asked the electorate for instructions on March 26, 1940. Both Mr. King and Dr. Manion stipulated that neither would commit himself to compulsory service overseas.

NEW PROBLEMS

It is superfluous to add that conditions existing today differ materially from the state of the nation at war two years ago. The fall of France and the events which unfolded immediately afterward produced a new crop of serious and tragic problems. But the altered circumstances and Canada's relationship to them likewise brought home to the British Empire and to the world at large the startling realization of the enormous influence machinery in its manifold forms would play from then on. Almost overnight the factory worker became a front-line soldier in more ways than one; since then the demands for his output—and from the women folk as well—have grown and continue to grow more insistent. The cry still ringing in our ears from every battlefield is more planes, more tanks, more guns and more ships. It is the mechanical factor, therefore, that must be considered in all its important particulars if Canadian manpower is to be subjected to any new form of regimentation.

Mr. King would be within his constitutional rights, of course, were he to recommend conscription to parliament—for parliament is still supreme—and attempt to rush it through. On the other hand, if he did, he would have a first-class ministerial problem on his hands. One school of thought would not be disturbed by such a sequel. Intelligent patriots of all schools do not regard such a prospect with equanimity. We are thus of the opinion that a sensible solution of the controversy is to be found in the submission of a referendum to the electorate. Preliminary to the reference, however, should be a complete report on our available manpower and womanpower for all the requirements of Canada's all-out contribution to the cause of the United Nations. This is the people's business; and the prime minister will be following the correct democratic procedure by asking for their instructions. He is their servant.

Budget of Activity—

HOSTESS FOR "Y" IS BUSY

One of Most Perplexing Problems Is Finding Lodgings—Record of What Goes On.

Of the many activities being carried out by Mrs. Dorothy Garbutt, in her capacity as Young Women's Christian Association hostess here, one of the most important and at the same time most trying is that of endeavouring to find quarters not only for the wives and in some cases families of more troops constantly arriving in Prince Rupert but also for members of the services—particularly the navy—who are sent here on subsistence allowance and have to find their own quarters. In one recent case the hostess kept a record of the number of telephone calls she had to make to place a single sailor. Nineteen persons were telephoned before she was successful. Next week a Y.W.C.A. representative, wearing the official Y.W.C.A. arm band, is going to call personally on householders explaining the situation and soliciting their help.

At the request of The Daily News, Mrs. Garbutt has prepared a report on Y.W.C.A. war services activities in Prince Rupert and it contains much interesting information in regard to what is going on.

Hostesses' Work

Records show that 229 senior hostesses and 380 junior hostesses have volunteered their services. A campaign is now on for more junior hostesses. So many new troops are here now that as many girls of the right type as can be obtained are needed in order to help with the entertainment. The senior hostesses are invaluable as chaperones, 'confidantes' to the men and bridge parties.

Three auxiliaries meet weekly and one auxiliary monthly in the ladies' lounge and ladies' quiet room. An attractive tea set was provided for the Y's Wives use.

The Girl Guides have been supplying the 'Y' rooms with flowers and greenery. This is much appreciated and, when reported at the recent hostess house conference in Toronto, was found to be a unique service.

Fortnightly whist drives every second Friday in the ladies' lounge, are held for the Y's wives. These take the place of the bowling games held before Christmas. The purpose of these meetings is to get the women of the various auxiliaries acquainted and to give them a social afternoon. Refreshments are served by the Y.W.C.A. hostess.

Helping Red Cross

Articles finished by Y's wives and handed in to Red Cross include 30 diapers, 3 dozen handkerchiefs, 16 face cloths, 8 girls' slips, one pair sox, 5 knickers and 8 jackets.

Two cakes donated by senior hostesses have been sent every Sunday to the military hospital since October.

Donations to hostess house have included: bridge lamp standard from Mrs. Hill-Tout, lamp shade from Mrs. Parkin, sewing machine and set of Book of Knowledge from Mrs. Cary, two cushions, two sandwich plates and tea tray from Mrs. Winslow; framed picture from Mrs. Cullin, play pen from Mr. and Mrs. Mitchell, one play pen from Mrs. Platen, and one tea tray from Mrs. Gordon.

KITKATLA

The members of the Excelsior Club, together with the natives of the village, are to commence building a new hall in March.

Several Kitkatla natives, who have already been out trapping, have had a very successful time with mink and marten.

A number of airmen on an air force boat, going to the Queen Charlottes a few days ago, were held up in Kitkatla Bay, owing to bad weather. The airmen came ashore for a little exercise—football and basketball—and received a hearty welcome. A collection on the football ground to purchase cigarettes for the visitors netted nearly ten dollars.

Letter Box

Editor, Daily News:

In view of the probable plebiscite on conscription, I would suggest that the only fair plebiscite should give the voters the opportunity to express an opinion on conscription of:

Capital;
Labor;
Industry;
Blood;
Women (same basis as men).

This would give an actual and honest tabulation of public opinion. There are a lot of patriots until it begins to cost them something, which is a different matter. It is very nice as long as George does it all but not so democratic.

SEES FINE WAR WORK

Bishop Urges Congregation to Do As Well As Government of Canada.

In an address in St. Andrew's Cathedral yesterday morning, Rt. Rev. G. A. Rix, Bishop of Caledonia, urged upon the congregation the desirability of carrying on the work of the church just as thoroughly as the government of Canada was carrying on the war work. As the government was deserving of praise for the manner in which it was carrying out the war work so the church generally should not let the work of the church suffer. It was even more necessary today than during normal times.

The special reference at this time was at a period when the local congregation was asked to take over the missionary work until now financed by the Church of England in England. The general synod had decided that, under present circumstances, it was proper that the Church of England in Canada should finance its own missions. It would mean that the St. Andrew's parish would have to raise over two hundred

Excellent Affair Held Saturday Night by Varden Singers

A very successful tea and sale of home cooking was held by the Varden Singers in the Metropole Hall on Saturday afternoon. Many persons called during the afternoon to lend their patronage to the affair. The guests were received by Mrs. Anton Dybhavn.

Mrs. H. Hagen, Mrs. J. Moen, Mrs. R. Olsen and Mrs. Ingvald Fenness were in charge of the tea room and servers were Mrs. H. Lindseth, Mrs. Peter Lien and Miss Violet Wick. Acting as cashier was Mrs. C. Giske.

The home-cooking table was in charge of Mrs. A. Husoy and Mrs. Neils Luth.

Mrs. C. Wick was in charge of a bean guessing contest. The winners were Mrs. A. Husoy and Miss Ingrid Andersen both of whom guessed 134.

Winners in raffles, in charge of Mrs. P. Bergseth, were as follows: Embroidered cushion, won by Miss Ingrid Halberg, No. 565. Stove oil, won by Mrs. Ingvald Fenness, No. 1005. Five pounds of coffee, won by Miss Bjord Luth, No. 1011. Toilet set, won by Mrs. Anton Dybhavn, No. 189. Cream and sugar set, won by Mrs. J. Knutsen, No. 52. Sack of flour, won by Stanley Valderhaug, No. 719.

The drawing took place in the evening and the lucky numbers were drawn by J. Johnsen, a former member who now makes his home in Bella Coola.

Ernest Unwin was a passenger on the Cardena this morning for Port Simpson.

Joe Slaggard returned to the city on the Princess Norah yesterday morning from a trip to Vancouver.

W. E. Drake, general manager of Edward Lipsett Ltd., arrived in the city on the Cardena where morning from Vancouver, being here on one of his periodical visits on company business.

Isadore Goldstein, well known pioneer business man and civic leader of Juneau, was a passenger aboard the Princess Norah yesterday returning to the Alaska capital after a trip to Seattle and California.

B. W. W. McDougall, well known mining engineer and at one time active in the Portland Canal district, was a passenger aboard the Princess Norah yesterday going through from Vancouver to the Yukon.

Mr. and Mrs. W. E. Collison and daughter, Miss Muriel Collison, will sail tomorrow afternoon on the Cardena for Vancouver where they will take up future residence in the Kerrisdale area. Pioneer residents of city and district, Mr. and Mrs. Collison's departure will be regretted by many old friends.

OFFICERS ARE HELD TO BLAME

Admiral and General Responsible For Pearl Harbor Catastrophe—U.S. Fired First Shot

WASHINGTON, Jan. 26—Some congressmen are urging the court-martial of Admiral Husband Kimmel and General Walter Short who have been found solely responsible through "errors of judgment" for the unpreparedness at the time of the attack upon Pearl Harbor base in Hawaii by the Japanese on December 7. Both officers have been accused of dereliction of duty and lack of co-operation in the finding of a committee of investigation which was made public Saturday night.

It has been disclosed that it was actually United States destroyer which fired the first shots in the American-Japanese war. The destroyer located a midget two-man Japanese submarine in Pearl Harbor waters and sent the vessel to the bottom. Nothing was done by the officers at the naval base even after they had been informed of this incident.

RANGERS IN LEAD

Won Two Games at Week-End While Boston Was Playing Only One.

NEW YORK, Jan. 26.—New York Rangers took over the leadership of the National Hockey League as a result of week-end play in which the Rangers won two games from the Detroit Red Wings while the Chicago Black Hawks, with whom New York had been tied, had only one game scheduled, taking it from Toronto Maple Leafs last night.

The Rangers won a resounding 11 to 2 victory over Detroit at Madison Square Garden last night after having taken a close 3 to 2 decision over the Red Wings at the automobile city Saturday night.

Last night in Chicago the Black Hawks took a 6 to 4 victory over Toronto Maple Leafs and crept up to within two points of the Maple Leafs in third place.

Tomorrow night Toronto and Boston are scheduled to play at Boston.

Week-end scores were as follows:

Saturday
Brooklyn, 2; Toronto, 3.
Boston, 2; Montreal, 2 (overtime tie).

Sunday
Rangers, 3; Detroit, 2.

Sunday
Canadiens, 3; Boston, 7.
Detroit, 2; Rangers, 11.
Toronto, 4; Chicago, 6.

The league standing to date is as follows:

	W	D	L	F	A	Pts.
New York	20	1	9	118	87	41
Boston	18	4	7	95	63	40
Toronto	17	1	10	87	65	35
Chicago	15	3	11	91	83	33
Detroit	10	2	19	85	95	22
Brooklyn	10	1	22	85	110	21
Montreal	8	2	20	71	109	18

Whifflets From The Waterfront

Another addition to the herring seining fleet now operating in local waters is the handsome Cape Canso which arrived at the end of the week to fish for the Canadian Fishing Co. The Cape Canso is a 75-foot vessel equipped with a 200 h.p. Washington diesel engine. Capt. Tommy Dunwick is the master.

Skipper (Dr.) R. G. Large has been holding pretty close to port lately with his big power cruiser Soogwills. The doctor is continuing to make improvements to the vessel, carpentry operations having been the feature of recent activities aboard ship.

C.P.R. steamer Princess Norah, Capt. William Palmer, on a regular fortnightly voyage from Vancouver to Skagway, arrived in port at 8 o'clock yesterday morning from the south and, after discharging considerable local freight, sailed at 3 o'clock in the afternoon for Alaska. The vessel also had on board a consignment of Vancouver Island coal for Ketchikan. She is due back here Thursday afternoon southbound but there is a possibility that she may be late. The Norah had on board 120 passengers of whom nineteen disembarked at Prince Rupert including a number of salvage workers. Two took passage from here for Alaska.

Union steamer Cardena, Capt. Ernest Sheppard, arrived in port at 2:30 this morning from the south and sailed at 7 a.m. for Stewart and other northern points whence she will return here tomorrow southbound.

PR. RUPERT WAKING UP

Citizens Beginning To Realize Individual Responsibility In War Precautions

There appears to be a growing realization of their own responsibility by the citizens of Prince Rupert as to the part each must play in the effective working of the Civilian Protection Committee (A.R.P.) This is not apparent in the questions asked and services volunteered, the individual is evidently seeing that the protection of his own home and family will depend largely on his own preparations and precautions.

The general executive of the Prince Rupert A.R.P. was in session at the week-end with J. J. Little, chief protection officer, in the chair. Reports of sub-committees gave concrete signs of progress. To show to the public how effective recently arrived portable water pumps can be, there will be a demonstration next Thursday afternoon at Alder Park under the direction of Fire Chief H. T. Lock.

S. E. Parker gave a report that showed the great amount of organization that his committee had done and was doing in the matter of evacuation. It would be possible to evacuate 1500 at once with the present facilities. Certain definite recommendations contained plans for the complete carrying out of such a move should it ever be necessary. The co-operation of citizens of Smithers and Prince George and interior centres was very gratifying.

Others reporting were H. T. Lock, F. N. Good, J. S. Wilson, Arnold Platen and Angus MacDonald, for their respective committees. The installing of air raid alarm sirens was proceeding speedily. In the matter of informing the general public more fully a series of broadcasts over the local station will be given for it is felt the success of the civilian protection organization depends on the familiarity of each citizen with the work to be done and how he is to do it.

Mrs. W. H. Wilson-Murray Dies In Scottish City After Lengthy Illness

Many friends in Prince Rupert will learn with deep regret of the death which took place at Edinburgh, Scotland, on Saturday, of Mrs. Lillian Mary Wilson-Murray, wife of W. H. Wilson-Murray of this city. Mrs. Wilson-Murray had herself been a resident of Prince Rupert for twenty-five years until 1935 when, on account of illness, she left here. Death at the end came somewhat suddenly.

Mrs. Wilson-Murray came first to Prince Rupert in 1910. During her quarter of a century of residence in the city she made many friends and was very popular and highly esteemed. She was an active worker for First Presbyterian Church and a past regent of Queen Mary Chapter, Imperial Order, Daughters of the Empire.

Deceased was about sixty years of age and her family home was at Edinburgh. Besides the widower, she is survived by a daughter, Mrs. Hilda Carmichael, in Edinburgh, and a son, Ian Wilson-Murray, in Prince Rupert. There is one brother, Edwin T. Bonner, and a sister, Mrs. Gertrude Bonner, both in Edinburgh. To the bereaved general sympathy will be extended.

The funeral with cremation will take place tomorrow in Edinburgh.

VOTE NOW GOING ON

Dry Dock Workers Are Making Their Choice of Bargaining Agencies Prior to Negotiations.

A vote of dry dock workers is being taken today and tomorrow for the purpose of determining negotiating agencies on behalf of the various crafts and labor groups. In this connection the various labor organizations were active with a number of meetings over the week-end.

After the question of the bargaining agencies has been settled, there will be negotiations with the dry dock management at Vancouver, the representatives leaving for the south on Thursday night of this week.

The labor organizations between home and the bargaining right vote is being taken are American Federation of Labor, Canadian Congress of Labor and Canadian Federation of Labor.
