TRAP 100,000 GERMANS

MOSCOW—Soviet forces are now moving to trap 100,000 Nazi troops in the Crimea. The Russian Black Sea port and naval base of Sebastopol, which the German High Command admits, endeavored to take the Russian naval landing on the west coast of Crimea. Latest reports on the Russian fighting said today that German troops had landed from invasion barges on the Crimean coast about 100 miles north of Sebastopol. Heavy fighting is going on there. Further Russian gains have been made in front of Leningrad with air victories in the latter area. Two German transports and a troopship have been sunk in the Black Sea. The Germans left ten thousand dead in the field and 572 towns have been recaptured in five days, according to Russian claims, great quantities of fighting equipment also being left behind by the Nazis.

MAY USE ZEPPELINS

NEW YORK—German zeppelins may be used in attempted air raids on Atlantic coast cities of the United States, it is suggested here.

ROMMEL'S DESPERATE FLIGHT

LONDON—Reliable military sources here express belief that Lieut. Gen. Erwin Rommel, commander of Axis forces in Libya, has abandoned all hope of retreat in North Africa and may make a desperate final stand in the area of Agedabia where defeat is considered inevitable. It is believed that Rommel is now girding Axis forces for the final stand.

FALLING BACK IN MALAY

SINGAPORE—For the third successive day, the British command admitted that superior Japanese forces are slowly fighting their way down both coasts of the Malay Peninsula and inching towards Singapore. Withdrawal southward is being made by defending forces, "according to plan," being compelled under heavy enemy pressure. There has been another Japanese penetration on the west side of the peninsula. On the west coast the enemy are now 190 miles from Singapore and on the east coast 240 miles.

How Soldier Was Helped

There was an interesting example here recently of the variety of services which the Young Men's Christian Association is able to render to men in the armed forces. A lad of the local forces received word that his father had had his legs amputated on Christmas Eve at Sault Ste. Marie. His mother was crippled and it was impossible for the man to go home so the Y. M. C. A. supervisor wired the secretary at Sault Ste. Marie. The next morning word came that the father was doing well and the family was being taken care of.

TWO TEAMS NOW IN TIE

New York and Boston Now on Top in National Hockey League

Detroit, 2; Rangers, 3. Chicago, 2; Boston, 3. NEW YORK, Jan. 7. (C)—New York Rangers and Boston Bruins are now tied for leadership of the National Hockey League as a result of last night's play when the former won three to two over Detroit Red Wings while the latter were defeating Chicago Black Hawks by scores of three to two in each case. The idle Toronto Maple Leafs were left in third place. Tomorrow night Detroit will play Brooklyn and Canadiens will meet Chicago.

YMCA WORK KEEPING UP

Even Though Scheduled Sports Activities Were Hampered Last Month Owing to Emergency.

Scheduled sports activities organized by the Young Men's Christian Association in connection with the forces at Prince Rupert suffered during the past month owing to the period of alert and counter-attractions of the Christmas and New Year season but it is hoped they may be resumed early in January, says a report by C. F. Leslie, chief secretary here for the Y.M.C.A. However, there was an elimination boxing tournament and two league basketball games were played at the forts and two in town.

Social and recreational activities were more prominent during the festive season. Besides two concerts, many social evenings were arranged. Sunday afternoon teas have been popular with the men and their families as have been the weekly dances. With the co-operation of the Young Women's Christian Association hostesses, arrangements were made for men to have dinner in private homes. A great many ladies used the facilities of the hostess house. Two church parades were held to the hall with five hundred men attending.

The Y.M.C.A. Hall has also been a popular resort for men of the navy who received similar courtesies and service to those extended the men both of army and air force. Organized activities were similarly restricted during the month at the forts although much personal service was given to the men there, says the report of Breen Melvin, secretary for the forts.

There were the same limitations of organized sports at the Sault Ste. Marie and Allford Bay bases of the Royal Canadian Air Force, says th report of A. A. Shipp, secretary of "Y" work at those points.

Turning Point In Pacific War

CHUNGKING, Jan. 7.— Chungking newspapers were saying today that the victory of the Chinese over the Japanese invaders at Changsha, capital of Hunan Province, may mark the turning point in the war in the Far East, turning the Allied campaign from defensive into offensive. An attack against Thailand and French Indo-China is advocated and it is suggested that attention might be turned to Siberia which would be the next objective of the Japanese after Singapore and the Netherlands East Indies. The widespread offensive against the Japanese invaders in China is gaining ground, growing in strength and now covering several areas.

FREE FRENCH FEELING

LONDON, Jan. 7. (C)—The R. A. F. bombs with "great care" to avoid harm to French civilians, sometimes there are "unfortunate hits" which are accepted with "dignity." The widow of a workman killed by a British bomb in Northern France attended the funeral of British airmen who had been shot down.

Lieut. Earl Gordon, after spending some time at Halifax with the Royal Canadian Artillery, has returned to Prince Rupert to be stationed again at the local forts. He is the son of Mr. and Mrs. Robert Gordon.

Roosevelt called today for a war budget of \$56,000,000,000 for the next fiscal year, nine billion dollars in new taxes and unprecedented borrowing that will send the federal debt to about \$110,000,000,000. There is little doubt that the budget, as presented by Mr. Roosevelt, will be speedily passed.

PORT SIMPSON, Jan. 7.—The celebration of New Year's Day at Port Simpson included a program of children's sports in the afternoon and culminated in a basketball double-header in the evening in the Young People's Educational Association Hall.

In the Senior basketball game Port Simpson Athletic Club defeated Young People's Educational Association by a score of 68 to 40, the winners having it their own way throughout.

The intermediate game was a lively and well-contested tussle which the Athletic Club also won, the score being close at 52 to 48.

Both games were refereed by James Lawson and umpired by William White.

Canada's Production For War Is Also To Be Geared Higher

War Equipment From This Dominion Already Being Used On Every Field of Battle, Declares Hon. C. D. Howe.

OTTAWA, Jan. 7. (CP)—Canada's wartime production will be expanded in a manner similar to that of the United States as outlined yesterday in his message to congress by President Franklin D. Roosevelt, Hon. Clarence D. Howe, minister of munitions, told a press conference today. He said this was in accordance with the mission to North America of Lord Beaverbrook, British minister of supply, who has been in Washington conferring with American authorities.

Norway Once More Raided

LONDON, Jan. 7. (C)—A joint navy and Royal Air Force raid on Hellefjord on the Norwegian coast yesterday was announced today. A joint communique said that one German supply ship of medium tonnage and two trawlers were sunk off the town of Floro near Aalesund. A German canning factory was also damaged but low visibility, which made shore targets difficult to see, caused naval units to do little firing at another German factory.

ROTARY'S DONATION

British Columbia Clubs Raise Total of \$29,000 for Queen's Canadian Fund.

The Rotary Clubs of British Columbia have raised \$29,000 for the Queen's Canadian Fund in the six months since they opened a campaign for this cause in June of last year.

The Vancouver Club, under the presidency of Charles J. McNeely, took the lead in this enterprise and invited other clubs in the province to be associated. Its own major contribution has been through its ice-carnival last month, from which alone the club guaranteed \$10,000.

In addition, the Rotary Club of Victoria promised half the proceeds of the Victoria ice-carnival, and an advance cheque of \$1,000 has been made out.

Recent contributions come from Courtenay, Trail, Kamloops, Prince Rupert, and even from the remote and rainy Queen Charlotte Islands, where employees of the Allison Logging Company collected \$820.

Just before Christmas the Vancouver Club turned over to the Royal Trust, Vancouver—the fund's collecting agency in that city—provincial subscriptions of \$6,535.82, making a total to date of \$17,896.06. The proceeds of the ice-carnivals, with some other contributions, make up the grand total in hand of \$29,000.

REPAIRS FOR WESTMINSTER

LONDON, Jan. 7. (C)—Prime Minister Churchill may have been wrong when he said it would be impossible to restore completely the bombed House of Commons. Charles Marshall, a Cheam, Surrey, historian, has dug up complete original drawings for architects to work from.

The success of the national salvage campaign depends on the co-operation of every Canadian.

AMERICANS TAKING IT

Philippine Defences Are Withstanding Continuous Bombing and Machine-Gunning.

WASHINGTON, Jan. 7. (C)—The United States War Department said today that Philippine defences are withstanding continuous bombing and machine-gunning on a tight front northwest of Manila. Fortifications of Corregidor Island at the entrance of Manila Bay and defences of nearby Batan Peninsula were bombed for several hours yesterday but the extent of damage and casualties was not determined.

An Allied bombing campaign is, apparently, to be launched against Davao Bay on the Philippine Islands, which has been captured by the Japanese, to prevent its being used as the base for an air and naval campaign southward towards the Netherlands East Indies. A considerable Japanese fleet has already been assembled in Davao Bay and it was this that was struck at yesterday by United States bombers, sinking at least one destroyer and hitting a warship.

EDITORIAL

Much Needless Waste . . .

There is a great deal of needless waste in Prince Rupert. Old metal is thrown away. Waste paper is destroyed. Unused rags go into the discard.

Collections of this kind can well be repeated. Only recently the English radio carried a story of a collection being made in England where excellent results were being obtained over territory where a number of previous collections had taken place.

Man of Destiny . . .

Elmore Philpott, editorial writer, selects Josef Stalin, great leader of the great Russian people, "the man who gave our world a second chance to save itself," as the man of the year 1941.

Mr. Philpott suggests that the 1941 Battle of Russia was the biggest battle ever fought in all history. Not only were more men engaged in it but they were more continuously locked in combat and on a far longer front.

And the battle is still continuing with even better results and seems likely to continue until the Germans and Italians are driven out of Russia and possibly beyond.

COMMON CAUSE Editor, Daily News: New Year 1942 finds us in a world where anything can happen and we must be prepared for anything.

The Japanese assault in the Pacific has for the moment obscured what may prove to be the biggest single fact about the war—that Hitler's armies are on the run in Europe.

We must convince those among us who still hedge at the fullest introduction of all the maximum military measures including selective service for overseas that we shall never be safe from bomber attack and worse so long as the nests of reaction remain strong in Europe and in Asia.

blows. We must build a strong civilian defense and A.R.P. organization on the Pacific which will render us immune to surprise raids such as were launched on Honolulu and may yet come to us.

Build up our labor, church, cultural, political and youth organizations, the backbone of democracy and the war effort! Increase production! Study and discuss the issues involved! Enlist in the army, the navy, the air force, or the A.R.P.!

SALVAGE CAMPAIGN

This Was Principal Item Of Discussion At Red Cross Executive Last Night

The forthcoming salvage campaign had a prominent place in the business discussed at the monthly meeting of the local Red Cross executive on Tuesday evening.

The S. D. Johnston Company had consented to take telephone messages from anyone having scrap to pick up and to pass them on to the Red Cross officials who are making arrangements for the collecting.

Plans have been made to distribute to the householders cards listing the articles of salvage value which are wanted, and, along with the cards, bags in which the smaller items may be kept.

Householders will be asked to make a small donation towards the cost of the bags for which the local branch has to pay.

Several other matters were also discussed at the meeting. These included preparations for the annual meeting of the Prince Rupert branch of the Red Cross which is to be held on January 19.

Dr. H. L. A. Tarr, president of the local Red Cross Society, was in the chair at last night's meet-

The man who LOST THE WAR Above our heads, in the bright Canadian sunshine, the Stukas drone. Down our fair streets come German tanks. Squads of square-helmeted soldiers strut about. Yes, this war can be lost—it can't be won without a supreme effort. If we lose, here is the man to blame: He is not a Quisling, or a fifth columnist; just a patriotic Canadian who is now quite certain that everything will come out alright. He cherishes those ideals we hold most dear. He is proud to live in a free country, pleased with the high standard of living we enjoy. But he is so satisfied with the way things are going that he says, "Let George do it!" His heart goes out to conquered peoples, to the women and children whose cities have been bombed. He has no fear that next year a bomb might rip his home in pieces. He is sure everything will come out alright. You couldn't call him selfish. He pays his taxes, buys War Savings Certificates. But he just can't believe that if we don't gain the upper hand quickly "George" might not be able to do it after all. Could this man be you? Your country appeals to you to forget self, and money, and enjoyment and to pitch in and do your part till this one big job is done. Make this your sacred pledge: "BRAVE MEN SHALL NOT DIE BECAUSE I FALTERED" This message is issued by the Department of Munitions and Supply for Canada.

UNITED IN MARRIAGE

Miss Mary Schroeder Becomes
Bride of Emil Jensen.

A wedding of much local interest took place Saturday evening at the Church of the Annunciation rectory chapel with Rev. Father W. F. Lantagne officiating when Miss Mary Schroeder, eldest daughter of Mr. and Mrs. George Schroeder of Windthorst, Sask., became the bride of Emil Jensen, eldest son of Mr. and Mrs. M. Jensen of this city. The marriage rites were quiet with only the contracting couple and attendants being present.

The bridesmaid was Miss Kate Damjanac and the groomsmen John Schroeder, brother of the bride.

The bride's dress was of white sheer with hat and veil. She carried a bouquet of pink roses and carnations. The bridesmaid wore a dress of pink taffeta with hat to match. Her bouquet was of pink carnations.

Following the ceremony a reception was held at the Boston Cafe with about 85 invited guests in attendance to tender their felicitations and enjoy a very happy evening.

All sat down to dinner during which Rev. Father Lantagne proposed the toast to the bride to which the groom responded. The toast to the bridesmaid was proposed by John Schroeder, the groomsmen.

The bride cut a beautiful cake in a conventional manner.

The evening was pleasantly spent with dancing to music by Chris Fossum's Orchestra.

During the evening Miss Elsa Kraupner entertained with tap dancing.

The happy couple received con-

Whifflets From The Waterfront

With the completion of the voyage from Prince Rupert which ended in Vancouver yesterday, C. N. R. steamer Prince Rupert was withdrawn from service and will be given her annual overhaul. In about six weeks' time the Prince Rupert will return to service and the Prince George will be withdrawn. Meanwhile there will be a once-a-week service between here and Vancouver with calls north of here at Ketchikan and Stewart. The Prince George, Capt. Edward Mabbs, arrived in port at 11 o'clock this morning from Vancouver, Powell River and Ocean Falls and sails at 3 o'clock this afternoon for Ketchikan and Stewart whence she will return here tomorrow evening south-bound.

gratulations and good wishes under a wedding bell.

The banquet hall was profusely decorated.

Mr. and Mrs. Jensen will make their home in the city.

DRAMA IS POWERFUL

Orson Welles Picture, "Citizen Kane," Is Showing At Capitol Theatre

The rise and fall of an American money-emporer is the theme of "Citizen Kane," mid-week feature offering this Wednesday and Thursday at the Capitol Theatre, in which Orson Welles plays the title role as well as producing and directing the picture.

The story covers a period of some fifty years, concentrating on the vivid personality and industrial achievements of a man in building a one-man empire. Starting with the purchase of a run-down New York newspaper, he uses an inherited fortune to expand his business holdings until he is the most powerful man in America. His drive for power, however, exacts its toll upon his private life and there come domestic troubles, scandal and loss of friends. The story reaches a moving and ironic climax in Kane's last days when, alone in his huge half-completed castle on the Gulf coast, he contemplates the wreckage of his dreams.

Welles portrays the part of Kane between the ages of twenty-five and seventy-five in what is hailed as a striking feat of acting.

The supporting cast includes a number of comparatively new figures on the screen.
