

# Alaska Highway Gets Approval Joint U.S. Canadian Board

Engineering Troops Are Already Assigned to Make Surveys—Route and Other Details Are Not Announced.

WASHINGTON, March 5: (CP)—The long-projected Alaska highway to provide a protected overland route from the United States through Canada to Alaska has been approved by the joint Canadian-American board, Secretary of War Henry L. Stimson said today, and indicated that construction would be started soon. "Engineering troops who have been assigned to make surveys and lay out the pioneer road are on their way," Stimson said at a press conference. He did not announce the route the road would take or other details.

## ARE PAST OBJECTIVE

But Canadian National Railways Employees Still Buying Bonds.

WINNIPEG, March 5:—One million and a quarter dollars is the amount subscribed to the second Victory Loan by employees of the Canadian National Railways, western region, according to a statement released today by W. R. Devens, general manager. This amount includes subscriptions received up to midnight of March 3. The Canadian National objective for the Victory Loan was based on a \$50 bond for every employee on the region and this amount has already been over-subscribed. With the national objective for the second Victory Loan increased to \$100,000,000, every effort is being made by the railway to increase, by a substantial amount, the individual allotment.

## ISOLATION HOSPITAL

Strang Feelings Expressed by Members of Hospital Board at Meeting Last Night.

The board of directors of the Prince Rupert General Hospital, at its regular monthly meeting last night decided to advise both the city commissioner and the provincial health officer that, if something was not done in the matter of the city meeting its responsibility of providing isolation hospital facilities for the treatment of infectious cases, the hospital would definitely refuse to accept such patients into the hospital. Some of the directors felt that time had come to send an ultimatum to the city on the matter, one member even going so far as to suggest that the board resign if something was not done, but the final decision was to leave the matter in the hands of a committee consisting of President Frank Dibb, Arnold Flaten and Dr. R. G. Large to pursue the subject further with the city.

In the course of discussion it was pointed out that the hospital had no legal responsibility to accept infectious cases. It might lead to trouble, however, if a patient already in hospital should contract an infectious disease in hospital. There was also the matter of hospital space badly needed for legitimate hospital cases being tied up as a result of the treatment of infectious cases. The consensus of opinion was that early action should be insisted upon in the matter of providing isolation hospital facilities.

## OBJECTIVE IS REACHED

Victory Loan in Prince Rupert Still Mounting in Gratifying Way

The Second Victory Loan campaign in Prince Rupert is now over its objective as well as the original quota. Last night the total was \$604,550 from 1786 subscribers. The aim of 1800 subscribers has since been reached and, with three days yet to go, there will, doubtless, be an even heavier over-subscription.

## EMDEN IS ALSO HIT

Great German Port Included in Air Force Program Which Strafed Paris.

LONDON, March 5:—In addition to Tuesday night's raids on the great Renault plant and other war manufacturing plants in Paris, the Air Ministry announces that the great German port of Emden was also raided and mines were sown overnight by the Royal Air Force which lost two planes. The raids were aided by particularly clear weather and Canadian pilots told of going in so low on Paris that debris from the explosions hurtled over the planes.

## CHINA IS POPULOUS

Although Expectation Is That India May Soon Top Her

LONDON, March 5:—The official census figures show that India had not yet reached the 400,000,000 population which earlier figures gave her. She falls short of this by 12,000,000 and so leaves China still the country with the world's greatest population.

But when the next census is held it is almost certain that the Indian figures will be around the 450,000,000, which China, considering what she has gone through, cannot touch. Calcutta 2,000,000 rank and leaves Bombay behind by some hundreds of thousands. Madras plods along steadily on its 600 or 700 thousand line. This difference between Madras and the other two old Presidency capitals may be put down to the swift industrialization of Bengal and Bombay, whereas the territory of Fort St. George largely maintains its original agricultural character. Delhi, over half a million, has come up with a bang, thereby repeating history.

## DECISIONS ON INDIA

Churchill Will Submit Cabinet's Plan To Parliament

LONDON, March 5:—The British war cabinet, meeting yesterday, made important decisions in regard to the Indian question. They will be presented soon to Parliament by Prime Minister Winston Churchill.

## NEW LEASE IS WANTED

Department of National Defence Would Hold Hospital Property for Ten Years After End of the War.

The board of directors of the Prince Rupert General Hospital, at its regular monthly meeting last night, considered an application from the Department of National Defence for a change in the terms of the lease on the property adjoining the general hospital where a military hospital is now being erected. Instead of a leasehold of one year after the end of the war, the department is now asking for ten years with the possibility that it might not actually be needed that long. President Frank Dibb and other members of the board were not favorable to extending the lease for such a long period although, as long as the property was needed for military purposes, there would probably be no interference. It was left to the president and secretary to deal further with the department in regard to the matter. Under the terms of the lease of the land, the military hospital building is to be turned over to the hospital on expiry of the lease.

## RESERVE IN PR. RUPERT

New Infantry Company to Be Formed Here to Provide Men for Defence of Canada.

Prince Rupert defence headquarters announce that authority has been received for the formation of a reserve infantry company in Prince Rupert. This unit is for those men who, due to fitness, age or other reasons are unable to join the active army. They will now have opportunity to participate in the defence of Canada should an emergency arise where more trained men are needed. Training quarters will be made available and the unit will train the same as the old militia units trained, so many evenings a week, and in the summer the unit will go to training camp for two weeks' training. Full time administration and training staff will be provided. Enlistments in the reserve units is restricted to the following classes: 1 Boys between the ages of 17 and 19, those under 18 to be enlisted as boys. 2 Men between the ages of 19 and 35 with a medical category lower than "B". 3 Men who have been granted or would be entitled to postponement of compulsory military training under the National Mobilization Act. 4 Men over 35 and up to 50 years of age.

# Japanese Are Now Within Ten Miles of Batavia; Crossing Of Sittang River By Enemy

## Jap Draws Six Months

VANCOUVER, March 5:—The curfew law in regard to Japanese is being strictly enforced. In police court yesterday a Jap was sentenced to six months' imprisonment with hard labor for having been on the street after dark.

## GAS BOAT FUEL CUT

Drastic Curtailment of Supply Is Announced.

OTTAWA, March 5:—Pleasure motorboats will be drastically curtailed under gasoline rationing effective April 1 but sufficient fuel for proven requirements of commercial operators will be allowed. Hon. Clarence D. Howe, minister of munitions, said last night. Rations for April 1 to December 1 for outdoor pleasure motors range from 1 1/4 ration units of five gallons each to three units. The amount varies in both cases with motor horsepower. Gasoline for essential transportation of seasonal residents not having other means of transportation will be provided, also for ferry services, fishing guides, etc.

## COMMANDOS OF NORWAY

Ability and Toughness of Troops Have Made Them Famous.

LONDON, March 5:—It can now be disclosed that Norway has its own commando troops, especially trained volunteers, who for more than one year have been drilling "somewhere" in Great Britain, and whose ability and toughness are already famous. These commando-soldiers have been participating in all the last raids on the Norwegian coasts. The greater part of them are young men who have crossed the North Sea in small craft, mostly fishing vessels with the only desire; to fight the Nazis with every means and wherever possible. All of them have special knowledge of some part or other of the Norwegian coast, a knowledge very valuable for the planning and the carrying out of the important tasks now placed on the famous "commandos." The Norwegian authorities regret the loss of one of the most able and brave Norwegian officers leading the assault on Maaloy. This same officer, a captain, was the first to step ashore at Svolvær, Lofoten, in March last year, and was mainly responsible for the rounding up of the Germans and quislings there. This time he rushed with a few of his boys directly to the German headquarters at Maaloy in order to take the whole group of Nazis by surprise, but was himself killed in the brief engagement before the German officers surrendered.

## Australia Takes New Alarm at Prospect of Imminent Invasion—Washington Tells of New Aerial Reinforcements.

LONDON, March 5: (CP) — The Japanese have driven to within ten miles of Batavia and have gained an air-drome twenty-five miles from Bandung, have advanced spearheads deeper into the region of Surabaya naval base and have started bombing the one good port through which Java could draw reinforcements. A Dutch communique admitted today that the enemy are advancing continually and a regular front no longer exists because of Japanese infiltration tactics. Last night it was admitted that the Japanese had gained complete superiority in the air over Java as well as control of the seas around, leaving little hope for the land strongholds to hold out. London sources reported that fresh invasion forces had landed on the west coast of Java. Netherlands East Indies reports, however, made no mention of new landings. While the struggle for Java appeared to be reaching tragic final stages, equally dark news came from the Burma front as Japanese assault troops stormed across the lower Sittang River and seized a key railway town sixty miles from Rangoon.

## NAZIS ARE RETREATING ALL ALONG

Russians Forcing Them Back To New Line of Defence

MOSCOW, March 5:—The Nazi forces have commenced a new general retreat all along the front from the Baltic to the Black Sea. They are retreating to a fourth defence line. The Sixteenth Nazi army, originally consisting of 100,000 men has now been reduced to 60,000 who are being gradually annihilated southwest of Leningrad in the Staraya-Russa area. Supplies continue to flow steadily into Russia from Great Britain and United States.

## PROTECT HOSPITAL

Precautions Against War Exigencies Discussed Last Night.

Blacking out of Prince Rupert General Hospital and steps which would be taken in regard to the hospital in the event of its being bombed or having to meet with an emergency situation arising out of war action were matters which came up for attention at the regular monthly meeting last night of the board of directors of the Prince Rupert General Hospital. The whole matter was brought up by G. P. Tinker who suggested that immediate steps should be taken to meet with the program of the local A.R.P. organization. What was done within the hospital itself was the hospital's responsibility and not the A.R.P.'s. There should be no delay in organizing against a possible emergency. Dr. R. G. Large presented an estimate of \$424 to equip the hospital with blackout frames throughout. Miss Mary Fraser, the lady superintendent, advised that the blackout equipment be such that it could be put in place with a minimum of delay. Whether frames or blinds would be the most advantageous was discussed and there was also a suggestion of hinged shutters. It was left to the house committee with power to act to carry out necessary blackout arrangements. The discussion led up to reference as to how patients would be evacuated in the event of the hospital itself being damaged and what preparations should be made to meet a sudden influx of patients in the event of disaster. It was disclosed that a suggestion had been made that emergency operating room facilities be established in the basement of the hospital and also that the A.R.P. was working on plans for emergency hospital accommodation elsewhere should such be required.

## Would Join Up In Air Force

Twenty-One Applications Opening Day of Mobile Recruiting Board in Prince Rupert

Twenty-one applications for enlistment in the Royal Canadian Air Force were received on the opening day of the mobile recruiting board yesterday by Flight Lieutenant L. H. Eyres. The board is in session again today and will leave tonight on the Prince Rupert for Ocean Falls. Flight Lieutenant Eyres is accompanied by Cpl. M. W. Howden. The board started its present tour at Williams Lake and there were over 100 applications for enlistment from various interior points including twenty-one at Prince George.

## BULLETINS

### MORE JAPS LEAVE

VANCOUVER — Two hundred more Japanese were removed last night to the British Columbia-Alberta boundary area to work in camps. Others are leaving voluntarily for points outside the coast defence areas.

### HITS FRASER VALLEY

VICTORIA—Removal of Japanese from their farms will hit the agricultural industry in the Fraser Valley, says Dr. K. C. McDonald, minister of agriculture. There will have to be other men found to carry on the farms. Children can pick small fruit but they cannot grow it.

### HONOLULU AGAIN

HONOLULU—A plane was reported last night to have dropped three bombs outside of Honolulu.

### METALS ARE SCARCE

OTTAWA — New restrictions imposed on use of metals will affect scores of household articles and kitchen appliances. A long list of cooking utensils will be banned. New restrictions on clothing are also about to be announced.

### ATTACK FORMOSA

CHUNGKING—It is suggested here that an attack on Formosa would find Japan's most vulnerable spot as far as operations on the Netherlands East Indies area are concerned.

## PLEBISCITE BILL THRU

Manpower Vote Approved By House—Goes To Senate

OTTAWA, March 5:—The government's manpower plebiscite was finally approved by the house yesterday on third reading, proposals for a six months' hoist and reference to a special committee being rejected. The measure now goes to Senate, where ratification is a foregone conclusion. The plebiscite will be held, it is expected, between May 4 and 11.

## LOAN IS GROWING

British Columbia and Yukon Has Just Reached Quota.

OTTAWA, March 5:—With the Second Victory Loan objective raised to \$900,000,000, the total subscriptions of Canadians to date up to close of business yesterday totalled \$656,641,950. The British Columbia and Yukon total up to Wednesday night was \$63,602,300, more than \$1,000,000 over quota.

## LOG SCALE IS LOWER

Present Year Not Starting Off As Heavily As Did 1941

Log scaling in Prince Rupert district this year has still to hit the stride of 1941 when a new all time production record was made. The scale of sawlogs for this February was 2,266,483 board feet compared with 7,759,701 board feet in February last year. The total for the present year so far is 4,522,599 board feet as against 15,578,463 board feet in the first two months of last year. The scale per species this February was as follows: Spruce, 2,012,150 board feet. Cedar, 59,799 board feet. Hemlock, 82,108 board feet. Balsam, 2,000 board feet. Jackpine, 110,426 board feet. Totals, 2,226,483 board feet. The production of timber products in the interior is also down this year compared with last. The scale of poles and piling this February was 34,451 lineal feet—27,151 cedar and 7,300 miscellaneous—as compared with 52,455 lineal feet last February. This brought the total for 1942 to date up to 190,895 lineal feet as compared with 543,522 lineal feet last year in the corresponding period. Cordwood for this February amounted to 427 cords compared with 232 cords in February, 1942.

### When Advertising Stops . . .

"The operation was successful but the patient died." That is the story told of a patient of a famous surgeon. It is what happened to many a firm that stopped advertising because of wartime conditions. The story is told of seventeen major companies which stopped advertising during the last war. When the war was over an investigation found that six of the companies had sold out or were absorbed by other companies. One failed and went out of business. One was deflated 97 percent in terms of personnel; one lost 81 percent of its sales volume; one ended with only two customers; one was operated by the banks for five years, and two found that competitors had grown at their expense. Prince Rupert merchants have in the past two years reduced their advertising, yet they hope to be successful.

### Are We Afraid? . . .

Nearly everybody when talking of a possible invasion, says he or she fears an invasion. If we fear the war, it is lost already. We may not wish to be invaded but we certainly should not fear invasion. Are we a race of cowards? Fear is part of the defeatist attitude. When Britain was invaded in the time of Queen Elizabeth we do not hear that the people there were afraid, so they were not conquered. Fear is the one great failing in the people of any nation. By all means, let us prepare. Preparation is always wise but if we abolish fear we shall not be beaten.

We are being told again and again that the British people, although in constant danger of attack and often subject to attack by bombing, are not afraid. They feel that they are going to win, that they are a match for any enemy. Surely we are not afraid of the Japs just because our countrymen at Hong Kong and Singapore have suffered reverses. What we need is a good dose of courage.

### American View of Changes . . .

Discussing the recent political changes in Great Britain the New York Post says:

"Of the changes in the English cabinet, it might be said that the people of England have finally freed Mr. Churchill from too-great control by the elder statesmen of the Conservative party. The new war cabinet definitely indicates a decline in Conservative power. Its leader is the prime minister himself, whom no Conservative considers a real Conservative.

"It must not be supposed that these changes represent an uprising against the Conservative party as such. Leading Conservative journals have been as eager in advocating change as any others, and are as delighted with the outcome. This is a political uprising against doing nothing, against party time-servers, against the plodding and the unimaginative. It is a demonstration of the vitality of democratic process in England, and of the eternal, living value of free and intelligent criticism. England now has a cabinet which is not hopelessly wedded to the past, which will explore new methods and new strategic concepts. The swift rise of Sir Stafford Cripps, who was ejected from the Labor party three years ago for advocating closer ties with Russia, and who now returns as leader of the House of Commons under a Conservative government, is a measure of the size of the change. That the British are not clinging to old political habits, but are willing to make such alterations as these is a good sign for the united nations and a bad one for Hitler."

### SATISFIED WITH WORK

Miss Louise Gates, National Secretary of Y.W.C.A., Chats Following Inspection

Miss Louise Gates of Toronto, national secretary of the Young Women's Christian Association, inspected the local Hostess House of her organization during a day's visit to Prince Rupert yesterday and, before leaving last night, expressed herself as being well pleased with the service being carried out for the womenfolk of the service men under the direction of Mrs. Garbutt, the local hostess, with the advice and assistance of women of the city.

Miss Gates, who chatted with the local Hostess House committee over a pleasant cup of tea yesterday afternoon after having been taken around the city, explained how she was particularly interested in the operation of a Hostess House combined with Y.M.C.A. St. John, New Brunswick, was the only other place in Canada besides Prince Rupert where this was being done. There and here the experiment seemed to be working out quite satisfactorily.

Miss Gates learned while here the real problem that Mrs. Garbutt was having was in arranging accommodation for the wives and families of soldiers. This was a problem that other places besides Prince Rupert had although it might be more accentuated here.

Miss Gates, who came here from Vancouver and Vancouver Island, left on last evening's train for Edmonton, the next point she will visit in the course of her western tour.

The visitor commented on how war in the Pacific was bringing Prince Rupert into the public eye all over Canada.

### TEACHERS' MEETING

Youth Conference, Soldiers' Education Program and Rural Salaries Discussed

The Prince Rupert Teachers' Association, in regular monthly session last evening with President F. L. Davies in the chair, discussed, in addition to routine matters, the forthcoming Youth Conference planned for Prince Rupert. Two observers to attend the planning meeting were named in the persons of C. E. Holland and Mark Hill. They will report to the next meeting of the association.

A development following the visit of E. Crute, educational organizer for the province in connection with the Canadian Legion Educational program, was a report by W. W. C. O'Neill, principal of Booth Memorial High School, to the effect that classes had been formed for members of the air force, and that further typing classes would be started almost immediately. The assistance of the teachers in this connection was much appreciated.

To assist the Rural Teachers' Association a cash donation was voted. The decision of the provincial government that it was unable to increase the minimum salary for rural schools was a grave disappointment. Already quite a number of schools had had to be closed in rural areas. There would be an increasing number of vacancies as teachers took up military service or more remunerative work in essential war services. The children were already suffering as in some cases unqualified persons had been appointed to teach. This would leave a postwar handicap that the youth will have to bear throughout their lives. It was high time that parents took the matter up.

The choice of delegates to the annual Easter convention was left over until a later date.

### Hospital Women Are Kept Busy

Board Hears Report on Activities of Past Year and Plans for Future.

Activities of the Women's Auxiliary of the Prince Rupert General Hospital during the past year and plans for future work were referred to in letters received at last night's meeting of the hospital board from Mrs. J. A. Hinton, retiring secretary for 1941, and Mrs. S. A. Kielback, Women's Auxiliary representative on the board, who was unable to be in attendance.

In spite of activities in other directions, Mrs. Hinton, in her report, stated that the Women's Auxiliary had been active on behalf of the hospital during the past year. Six mattresses, two Gatch beds, six bedside tables and four overbed trays and other equipment had been furnished. The year 1942, under war conditions, would probably be an even busier one for members of the auxiliary but they hoped to be able to carry on work for the hospital. The annual report of the Auxiliary was ordered passed on to the annual meeting of the association to be held March 20.

The letter from Mrs. Kielback announced the list of officers for the year 1942 under the presidency of Mrs. J. R. Morison. It was proposed to hold a series of meetings to sew or mend hospital linen, Mrs. G. A. Rix having offered the use of her home. This would be in addition to other activities of the auxiliary on behalf of the hospital.

The report of the finance committee, Arnold Flaten, chairman, for the month of February, presented at the monthly meeting of the hospital board last night, showed expenditures of the Prince Rupert General Hospital for the month amounting to \$5,694.16 with capital expenditures of \$57.29. There were 1588 hospital days at a cost per hospital day of \$3.58.

### HOSPITAL NOTES

The regular monthly meeting of the board of directors of the Prince Rupert General Hospital was held at the hospital last night. It was a session of over two hours and, in addition to an accumulation of routine business, such matters as protection of the hospital in the event of war action here and the handling of infectious cases were discussed. President Frank Dibb was in the chair and other members of the board present were G. P. Tinker, Arnold Flaten, J. S. Irvine, D. G. Borland, R. E. Benson and Dr. R. G. Large in addition to H. W. Birch, managing secretary, and Miss Mary Fraser, R.N., the new lady superintendent. It was Miss Fraser's first meeting and she was duly welcomed.

In a letter to the hospital board last night W. A. Walker, fire marshal for British Columbia, gave notice that the fire alarm system in hospital and nurses' home should be brought up to standard requirements. Fire escape facilities should also be installed in the attic where members of the staff were housed. Otherwise, the fire marshal's report said, conditions, including housekeeping generally, at the hospital were satisfactory. It was left to the finance committee and the house committee to go into the matter of making the improvements required by the fire marshal.

The monthly report of Fire Chief H. T. Lock, presented at the meeting of the hospital board last night, suggested that inflammable material such as ether and alcohol be stored elsewhere than in the attic. Miss Fraser, the lady superintendent, advised the board that the alcohol and ether had

already been moved from the attic to the first floor. It was left to the house committee to ascertain if more suitable storage facilities could not be found, possibly in the basement. Conditions in the hospital from a fire standpoint were generally satisfactory, the chief's report stated.

The hospital board was advised at its meeting last night that, in compliance with a decision of the board a couple of months ago, the maids' home in rented premises at the corner of Fifth Avenue and Hays Cove Circle had been closed and the board had been released from a lease on the house which did not expire until September 30.

The hospital board, at its regular monthly meeting last night, set March 20 as the date for the annual general meeting of the Prince Rupert General Hospital Association. The financial statement for the year 1941 was received by the board and will be presented to the annual meeting of the association for its adoption.

LOCAL NEWS NOTES

▲S.O.N. Meeting 7:30 tonight; whist drive 9 p.m. 35c. All welcome.

▲Youth Committee whist drive, Saturday, March 7, 8 p.m. Commercial Hotel. (55)

R. Reid, who was fined for drunkenness yesterday, is not R. Reid of the Government Liquor Store.

Tonight's train, due to arrive from the east at 11 o'clock, was reported this morning to be one hour and a half late, bringing it in at 12:30 midnight.

Breaking of ground for a hut to be erected by the United States Army Transport service started this morning at the corner of Second Avenue and Fifth Street alongside Howe & McNulty's store.

The hospital board, at last night's meeting, decided to recommend that the annual fee of the auditor be increased from \$150 to \$250. The recommendation will go to the annual meeting of the Prince Rupert General Hospital Association, the prerogative of which is to appoint the auditor and set the fee. The present auditor, George L. Rorie, requested the increase in fee in view of greatly increased work which required much more time than before.

The residence on Fifth Avenue East, at present occupied by G. L. Rorie, has been purchased by E. P. Sidaway of the Prince Rupert Fisheries Experimental Station staff from Mrs. Mary McLeod of Prince George, the deal being handled through the office of G. P. Tinker Ltd.

Judgment for the plaintiff was awarded tentatively yesterday by Judge W. E. Fisher in County Court in the case of J. L. Bethurem vs Andrew Pete, an action for goods sold and delivered arising at Esk. The claim was for \$167.19. W. O. Fulton acted as counsel for the plaintiff, while T. W. Brown appeared for defendant.

Rev. E. S. Fleming, United Church pastor at Ocean Falls, is in the city for sessions of Prince Rupert Presbytery which are now in progress here. Mr. Fleming arrived from the paper town on the Prince Rupert yesterday morning.

Whifflets From The Waterfront

Bertie Nelson, Johnnie Angus and J. G. Nelson arrived in the city yesterday from Greenville aboard the Nelson boat, Greenville Beauty. They are here on business and expect to be here until the end of the week. C.F.R. steamer Princess Norah, Capt. William Palmer, is due in port at 4 o'clock this afternoon from Alaska and will sail an hour or so later in continuation of her voyage to Vancouver. Advertise in The Daily News.

**TO RESIDE IN PRINCE RUPERT**

MISS MURIEL B. DUNSMUIR

CHIEF SKIPPER N. H. HUTTON, R.C.N.R.

Following their marriage shortly in Victoria, this couple will reside in Prince Rupert. The bride-elect is the daughter of Mrs. R. W. Dunsmuir and the granddaughter of the late Hon. and Mrs. James Dunsmuir. The groom-elect comes from West Hartlepool, England. —Victoria Colonist Photo.

**WEDDED IN  
VANCOUVER**

**Miss Ada Brown Becomes Bride  
Of Ted Blyth**  
VICTORIA, March 5: — Janet Ada, daughter of Mrs. Brown and the late James Arthur Brown, of Port Essington, became the bride of Carrington Edward (Ted) Blyth, son of Mr. and Mrs. Carrington Wilson Blyth of Vancouver, at a ceremony in St. Helen's Anglican Church, Vancouver, last Saturday evening. Rev. H. R. Trumppour was the officiating clergyman.

**White Tulle**  
The bride was given in marriage by her brother, James Donaldson of Prince Rupert. Her gown had been designed of satin and tulle and illusion cascaded about her shoulders from a Juliet cap of orange blossoms. Rare white roses showered from her arms.

As matron of honor, her sister, Mrs. H. B. Rochester, wore a pink replica of the bridal gown with a picture hat. Ethereal rose and blue shades were the tulle mantilla headresses worn by the bridesmaids. Misses Pat Nicholls of Prince Rupert and Sheila Hallway, matching their frocks of tulle. The three carried carnations and irises.

**Yacht Club**  
James Greer was groomsman and Don Miller and Taylor McLeod ushers. Miss Janet Darling was the soloist. Guests went on from the church to a reception at the Royal Vancouver Yacht Club. Mr. and Mrs. Blyth will spend their honeymoon in Victoria. The bride's travelling suit was three-piece greize tweed, the topcoat collared with cream fox and corsaged with orchids. Her hat was "need breast feathers."

A letter from the Victor X-Ray Corporation, read at the regular monthly meeting of the board of directors of the Prince Rupert General Hospital last night, explained that the new X-ray unit which was being supplied the local hospital was somewhat different than that of Dr. W. A. Whitelaw of Vancouver on which the local order was based. There were certain features of Dr. Whitelaw's equipment which were no longer in manufacture.

A new sidewalk of concrete, connecting the hospital with the nurses' home, has just been put in by the Ryan Construction Co., the hospital board was advised last night by D. G. Borland, chairman of the grounds committee. As the job was done without charge, a vote of thanks was tendered the company by the board.

**Bridge Party By  
Ladies of Orange**

**Very Enjoyable Affair Held Last  
Night in Metropole Hall.**

A very enjoyable bridge party was held in the Metropole Hall last night under the auspices of the Ladies' Orange Benevolent Association. Prize winners were Mrs. J. A. Lautens, ladies' first; Mrs. William Rothwell, ladies' second; James Krikevsky, men's first; J. Molitor, men's second. The committee in charge consisted of Mrs. Vic Menzies, Mrs. George Howe, Mrs. M. Murray, Mrs. Frank Ellison and Mrs. E. A. Evans.

A letter from the Department of Transport, radio division, at last night's meeting of the hospital board, advised the board that if any of the hospital electrical equipment was causing interference to vital communications, it must be suppressed at once. The radio inspector should be got in touch with as soon as possible with a view to taking suppressive measures. The board agreed to the matter.

**BLUES FILM  
IS SHOWING**

**Tunesome And Dynamic Is Picture  
Coming To Capitol This  
Week-End**

The pioneer days of blues music form the inspiration for the dynamic and melodic picture "Birth of the Blues" which is the feature picture on the screen of the Capitol Theatre here this week-end. Bing Crosby and Mary Martin head the cast which also includes Brian Donlevy, Carolyn Lee, Jack Teagarden, J. Carroll Naish and Rochester.

Some of the song hits revived for the picture are such old favorites as "St. Louis Blues," "Memphis Blues," "Birth of the Blues," "St. James Infirmary Blues," "At a Georgia Camp Meeting," "Melancholy Baby," "Shine," "Cuddle Up a Little Closer" and "Wait Till the Sun Shines, Nellie." Bing Crosby plays the part of an orchestra leader who forms a band and pioneers in popularizing blues music. Jack Teagarden, conceded to be one of the hottest trombonists in the country, is his aide. Brian Donlevy is a torrid trumpet player. Mary Martin has as her partner in singing and dancing little Carolyn Lee.
