# Hitler Calls On Japan For Help

## ANOTHER NAVAL BATTLE IN SOLOMONS NOW ON; LOSSES ON BOTH SIDES

Appears to Be Series of Scattered Engagements—One-sided Picture is Given by Tokyo

WASHINGTON, D.C., Nov. 14 (CP) — The United States Navy reported today a series of naval engagements was in progress in the Solomon Islands area and "both American and Japanese forces have suffered losses." The actions began the night of November 12 and 13 Solomons time. The communiqué said that no details would be reported while the battle continued. From the phrasing it appeared that no single outstanding battle had so far developed but rather that there had been a number of scattered encounters.

Without confirmation elsewhere Tokyo announced today that two Japanese destroyers had been sunk and a battleship damaged in a battle in which it was said the Allied losses were six cruisers and a destroyer sunk and two cruisers and three destroyers heavily damaged.

Thirty of thirty-one Japanese planes which attacked the United States destroyer Buchanan and the cruiser San Francisco in one engagement were brought down.

## IMPROVING WATERWORKS

\$um of \$45,500 to be Expended Here—Government Paying Most of It

The city commissioner this morning received a wire from the Department of National Defence stating that it would assume responsibility for \$40,000 out of a total of \$44,500 required for the proposed improvements of Prince Rupert's water supply, the balance of \$4,500, representing work on Acropolis Hill reservoir to be paid by the city.

The project includes installation of a booster pump and a 45 h.p. gasoline engine at an elevation on this side of Shawatlans Passage and improvements and repairs to Mount Oldfield dam.

This plan of improvement is being followed as a result of a survey made by Dr. E. A. Cleveland, Vancouver Water Board, and work will start immediately. The city will carry out the work and Lieutenant Westbore will be in charge for the government.

## VERY WAR CONSCIOUS

Local Business Man Makes a Few Observations From Brief Visit To Washington State

The steady movement of young men from civilian life into military service was noted by W. M. Watts, well known local business man, while spending a few days in Washington State last week, having crossed the line in order to pay a brief visit with his parents, at Kelso, Washington. Military traffic seems to be predominant as far as travel is concerned.

War matters appear to take up much more of the casual conversation there than here and Mr. Watts found war enthusiasm and confidence high on the other side. Business, he found, was facing much the same problems as in this country. The people are becoming concerned over the probability of gasoline rationing. Liquor is already rationed.

Pte. Painter, of the American Army, was taken by ambulance to the hospital this morning, as a result of an accident which occurred while rolling steel barrels at the Ocean Dock. Examination showed the only injury sustained was a bruised shin.

## MOPPING UP AXIS

Enemy Now Forty Miles Beyond Tobruk and Still Hard Pressed—100,000 Prisoners?

LONDON, Nov. 14 — Th Evening Standard today carried an unofficial report that the Allies are moving parachute troops toward Tunisia for use against Axis units which have seized airfields there.

From the east where British troops have raced to the Gazala region, forty miles beyond Tobruk, the Axis is still hard pressed and admits it. The desert has been cleared of the enemy as far as Gazala and 60,000 to 100,000 prisoners have been taken.

Yesterday long range Allied fighters shot down seven Axis aircraft from a formation of about sixty speeding from North Africa toward Sicily.

## Made Policeman Its Insignia

LIVERPOOL, Nov. 14 (CP) — There is a British corvette which has as its insignia the helmeted head of a policeman over the words, "On the beat—never beat," all because a clerk made an error. A certain captain asked the clerk to get him P.C. 74" on the telephone. The clerk misunderstood and rounded up Police Constable P.C. 74 instead of ship P.C. 74 but the ship adopted the bobby anyway.

## WHY HESS CAME OVER

Had Deal to Cut Russian Pie But Britain Would Have None

NEW YORK, Nov. 14 — This latest version of why Hess flew to Britain is given by the "New York Times," quoting a Swedish newspaper.

The paper says that Hitler sent Rudolf Hess as a personal envoy to Britain, seeking an alliance against Russia.

After the failure of the mission, the paper complained, the British refused to give Hess facilities to return to Germany.

With Italian and Japanese approval, Hess was sent with proposals to include Britain's help in a scheme to partition Russia into several states, giving Germany the Ukraine and the Caucasus, and Eastern Siberia, Malacca, and the Netherlands East Indies to Japan, whereupon Germany would guarantee British possessions.

## BATTLE OF STALINGRAD

Nazis Make "Insignificant" Gain—Intense Cold and Volga Choked

MOSCOW, Nov. 14 (CP) — German troops gained ground in the factory district of northern Stalingrad yesterday in a newly launched drive to capture the city, a Soviet communiqué said today, but declared that the advance was insignificant and that Russian troops were fighting desperately to regain original positions.

Intense cold has now set in and the Volga River is choked with ice.

## Big Fire In Shipyard

VANCOUVER, Washington, Nov. 14 — Six were killed last night and forty were burned, some seriously, in fire which started in a waste paper basket in a dormitory of an hospital at Henry J. Kaiser's shipyard here.

CANADIAN NAVY MAKES ANOTHER U-BOATKILL

Once again the Canadian Navy has chalked up victory against an enemy U-boat. This time the winner was H.M.C.S. Oakville, a speedy corvette. Capturing most of the submarine's crew, the Oakville shelled and rammed it until it sank. This is a corvette of the Oakville class. Inset is shown the Oakville's commanding officer, Lieut. Commander Clarence A. King, D.S.C., R.C.N.R. In World War I he had at least one other sub to his credit while commanding a "Q" ship.

## Discrimination Workers Out

OTTAWA, Nov. 14 (CP) — The National Selective Service today warned Canadian employers that discrimination against workers for reasons of race, color or creed may result in all their labor supplies being cut off.

## GENOA IS HARD HIT

Another Devastating Air Raid Is Staged on Important Italian Port

LONDON, Nov. 14 (CP) — Home-based Royal Air Force bombers smashed anew at Genoa last night, starting massive fires which Rome acknowledged had wrought great destruction in the Italian supply base for battered North Africa.

Giant British raiders made the hazardous 1,300 mile round trip across the Alps without the loss of a plane.

It was the tenth assault of the war on Genoa and the fifth in less than a month.

Yugoslav quarters in London said that the last four raids had wrought damage aggregating \$200,000.

## STALIN IS SATISFIED

Declared That Allied Campaign in Africa Has Changed Course Of War

MOSCOW, Nov. 14 (CP) — In a the Associated Press, Premier Joseph Stalin declared that the Allied campaign in Africa has turned the military and political position in Europe radically in favor of the Allies, opening the way for an early collapse of the German-Italian axis.

Stalin acknowledged that operations in Northwest Africa had set up the basis for a second front.

## Outlook For Axis Darkens As Hour For Showdown In Tunis Appears Now to Have Arrived

Nippon May Be Called Upon to Open "Second Front" With Action Against Siberia or Madagascar

LONDON, Nov. 14 (CP) — The hour of showdown in Tunisia has struck today with British and American forces sweeping toward the German-Italian vanguard that was already under stubborn attack by the French defenders of Tunis. As the outlook for the Axis darkened, its European chieftains were disclosed to have called the Japanese into urgent conferences of an import as yet undisclosed. Berlin broadcasts said that the heads of all Japanese missions to Europe had assembled in Berlin on November 30—two days after the Allied coup in North Africa and had been in session ever since.

Such a conference suggested that Hitler might be calling his Oriental ally to his aid—perhaps to open a "second front" against Russia in Siberia or begin a diversion attack upon British India or occupied Madagascar. This is in line with Turkish reports of a few days ago which said the Japanese had refused to take action against Madagascar on the grounds that they lacked the naval and shipping strength required.

## More Pork To Britain

Ottawa, Nov. 14 — The department of Agriculture, which has been supplying Great Britain with 600,000,000 pounds of pork products per year, will now endeavour to make it 675,000,000 pounds.

## Train Youths For Intruder Patrol

LONDON, Nov. 14 (CP) — Wing Cmdr. D. R. O'B. Hoare, Brighton R.A.F. Fighter Command ace, has completed his 80th intruder patrol over airfields in occupied territory from which the Germans raid Britain. Largely responsible for evolving the technique of these now successful night offensive patrols against the enemy, the 30-year-old flier has left his squadron to train young fighter pilots. He destroyed at least six aircraft in combat during his record number of intruder patrols.

Theodore Ryan, Indian, charged with retaining stolen property, was convicted yesterday and was given one year suspended sentence.

## Missing

AIR GUNNER CROCKER

Official word has been received that Sgt. Air Gunner Murray R. Crocker, R.C.A.F., is missing after air operations over enemy territory. Sergeant Crocker, 19, enlisted from Prince George in July, 1941. He was one of the most popular young men of the north country and is a son of Major W. M. Crocker, officer commanding an anti-aircraft battery on the Pacific Coast and a veteran of the First Great War. Sgt. Crocker won his "A-G" wings at Toronto and left for overseas in January 1942. He was posted to a crack Lancaster bomber squadron with which he took part in many raids over Cologne, Essen, Bremen and other enemy points. He was active in sports, excelling in basketball. He played in the Boys' Band and was a Boy Scout.

## WOMEN KEEP SECRETS

LONDON, Nov. 14 (CP) — Bomber crews returning from night raids now are telling the "secrets" of their operation to women in the interrogation room. The women doing this highly important work in the R.A.F. are W.A.A.F. officers, who have been specially trained to replace intelligence officers, thus releasing them for overseas service.

## Captain Eddie Rickenbacker, Almost Given Up For Lost, Is Found Safely in South Pacific

WASHINGTON, D.C., Nov. 14 (CP) — Doubtless Captain Eddie Rickenbacker, aged 52, has been rescued in good condition, the United States Navy announced today, three weeks after his airplane radioed that it was out of gasoline and then vanished in the Pacific.

Rickenbacker, first United States Great War ace, was picked up from a raft bobbing in the sea by a Navy Catalina flying boat along with two members of his crew. They were 600 miles north of Samoa.

Three other Army fliers, with him on a survey of the Pacific war zone air force operations, have been located on the island.

## Radio Situation . . .

The visit of Ira Dilworth, regional representative of the Canadian Broadcasting Corporation for British Columbia, is welcome. If he needed any proof of the infirmity of radio reception in Prince Rupert he would have received it last night had he chanced to be by a receiver and tried to tune in. He would have been readily able to see why we complain and would, doubtless, have agreed that our complaints are well justified. He now knows at first hand that in Prince Rupert there are nights when neither long wave or short wave can be received. We can tell him that nights are not uncommon when such is the case.

Inspectors and other radio officials in the past have checked up on our reception here. They have found reasons and laid responsibility but never came any improvement. Of late the situation has become even more aggravated.

Something should certainly be done about this matter of radio service here and, if Prof. Dilworth is able to accomplish a rectification of the situation, he will have our gratitude. Meantime, we consider we are of sufficient importance here to reasonably expect that at long last something will really be done.

## Security . . .

Politicians bandy the word "security" about in a way that suggests they expect to keep or acquire office by promising voters the moon and sixpence. There are few who point out that security must be paid for as peace must be fought for.

Security is defined as a condition of freedom from danger. Armed forces of the United Nations are expected to eliminate the danger from the gangster powers, but economic security which is being promised so glibly apparently is something which can be obtained by legislation.

Security must be paid for. It can't be paid for by casting votes or issuing cheques on a bank, even a state bank. Someone, somehow, must produce useful goods. Back of all usable wealth is work of individuals, even though individual production is greatly enhanced and multiplied by machines, by the practical application of scientific knowledge. Nature helps, but even windfalls must be gathered before they can be put into a pie.

When an honest, able-bodied man says he wants security, does he not mean, rather, that he wants a steady job? He wants wages that will meet his current requirements and enough left over for contingencies. He would strive to have something for his wife and dependent children in the event of his early death and, if he is thoughtful, would like to think he would not have to accept public or private aid when his earning days are done. That isn't security in the sense of today's political talk. It is, rather, self respecting independence.

The people who are entitled to security without working for it are children and others who, because of physical or mental infirmity, are incapable of contributing to production. The problem of post-war prosperity will not be solved by paving people for not working, paying for not producing. It will be solved, however, if in a post-war world every able-bodied and mentally competent person has an opportunity to produce goods and services that are useful.

## DESERT TRAINING FOR TANKS OF UNCLE SAM'S ARMY

Uncle Sam trains his forces in the art of desert warfare in real surroundings in California. Here we see a tank detachment coming up from a ditch in manoeuvres. The way the tanks

take the holes and traps laid for them it seems as though nothing can stop the steel monsters.

## Mrs. Donaldson Is Laid at Rest

Many Attend Final Rites for Esteemed Local Nonagenarian

Friends and acquaintances of the late Mrs. Isabella Donaldson, mother of Mrs. C. E. Cullin, gathered in goodly number at St. Andrew's Anglican Cathedral yesterday afternoon for the funeral service.

Very Rev. James B. Gibson, the dean, officiated and paid tribute to the memory of deceased who had lived a long and Godly life, faithful to family and church.

Peter Lien presided at the pipe organ to accompany the hymns which were "O God Our Help in Ages Past" and "Abide With Me."

Following the service, interment was made in Fairview Cemetery. Pallbearers were R. M. Winslow, L. B. Lambly, J. A. Rutherford, R. W. Cameron, S. E. Parker and S. C. Thomson.

The casket was covered with many beautiful flowers.

## ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUZZ, Hostess

There will be big doings at the Capitol Theatre this Sunday when the famous Patricia Bay Royal Canadian Air Force Band will assist at two concerts for the service men. For the afternoon concert no tickets will be issued but for the evening performance tickets have been issued to the various units. A limited number of tickets for the girl friends are to be had from Mrs. Garbutz. This band is famous throughout Canada and its entertainment value is tops.

And did you hear of the youngster out at the Midlands who was sent across to the stores to get five yards of shore-line?

Talking about the Midlands, on Thursday night they held another of their popular soirees—so my grandmother called them, while her grandmother spoke of them as assemblies, and before that again they were balls, remember? One of the American boys, the blonde one whose name I couldn't recall, but who is, I now learn, Private Al Giacomo, won his third successive prize at his third successive dance by coming in second in the prize waltz. Wait until Phil Palumbo hears about this, won't he be jealous? By the way, where is Phil these days?

Women are unfair to Mrs. Garbutz! Women are unfair to Mrs. Garbutz! Women are un—! It's all about the matter of names.

## VICTORIA WEDDING

Miss Lillian Davies Becomes Bride of James George Alexander

A wedding of much local interest took place in Victoria last Saturday evening when Lillian, younger daughter of Meth Davies, formerly of Prince Rupert and now of Victoria, became the bride of James George Alexander of New Westminster. The ceremony was performed in St. Aidan's United Church by Rev. T. G. Griffiths.

The bride was given in marriage by her father and wore a charming afternoon frock of gold crepe trimmed with brown and with

accessories. She carried a bouquet of orchids and rosebuds.

The matron of honor, Mrs. E. P. Curtis, wore a frock of green velvet, beige accessories and carrying a bouquet of gold chrysanthemums and yellow carnations.

Leonard Lineham was groomsman. Mrs. W. C. Williams sang "Because." Ushers were J. C. Williams.

A reception followed at the home of Mr. and Mrs. W. J. Lineham who were assisted in receiving the guests by the bride's father and Mrs. M. A. Lewis. The house decorations were in pink and white and the bride and groom stood beneath a floral arch to receive the good wishes of the guests. The toast to the bride was proposed by David Evans and that to the matron of honor by M. A. Lewis. The lace-covered supper table was lighted with pink candles and centred with a three-tier cake. During the evening the Welsh Glee Party delighted the guests with choruses.

After the honeymoon in Prince Rupert and elsewhere Mr. and Mrs. Alexander will make their home in Prince Rupert.

Queen Mary Chapter's Tournament Now Down to Eight Couples

Queen Mary Chapter's tournament has narrowed down to eight couples who will continue play next week. They are:

Mrs. J. S. Kerrigan and Mrs. Gillies vs. Sergeant Major Mills and Mrs. R. E. Moore

Mrs. Sam Hougan and Mrs. Kasper vs. G. W. Rudderham and George Howe.

Mrs. S. L. Peachey and Mrs. J. West vs. Leading Aircraftsman Klein and Mrs. Colin McCarthy.

Colin McCarthy and M. Brydges vs. Mr. and Mrs. A. Andrew.

This week's play resulted as follows:

Sergeant Major Mills and Mrs. R. E. Moore defeated G. W. Rudderham and George Howe.

Leading Aircraftsman Klein and Mrs. Colin McCarthy defeated Dr. and Mrs. R. J. MacDonald.

Colin McCarthy and M. Brydges defeated Flight Sergeant Grivell and Sergeant Cote.

Mrs. Sam Hougan and Mrs. John Kasper defeated Mrs. A. T. Parikh and partner.

Mr. and Mrs. A. Andrew defeated Mr. and Mrs. George Hills.

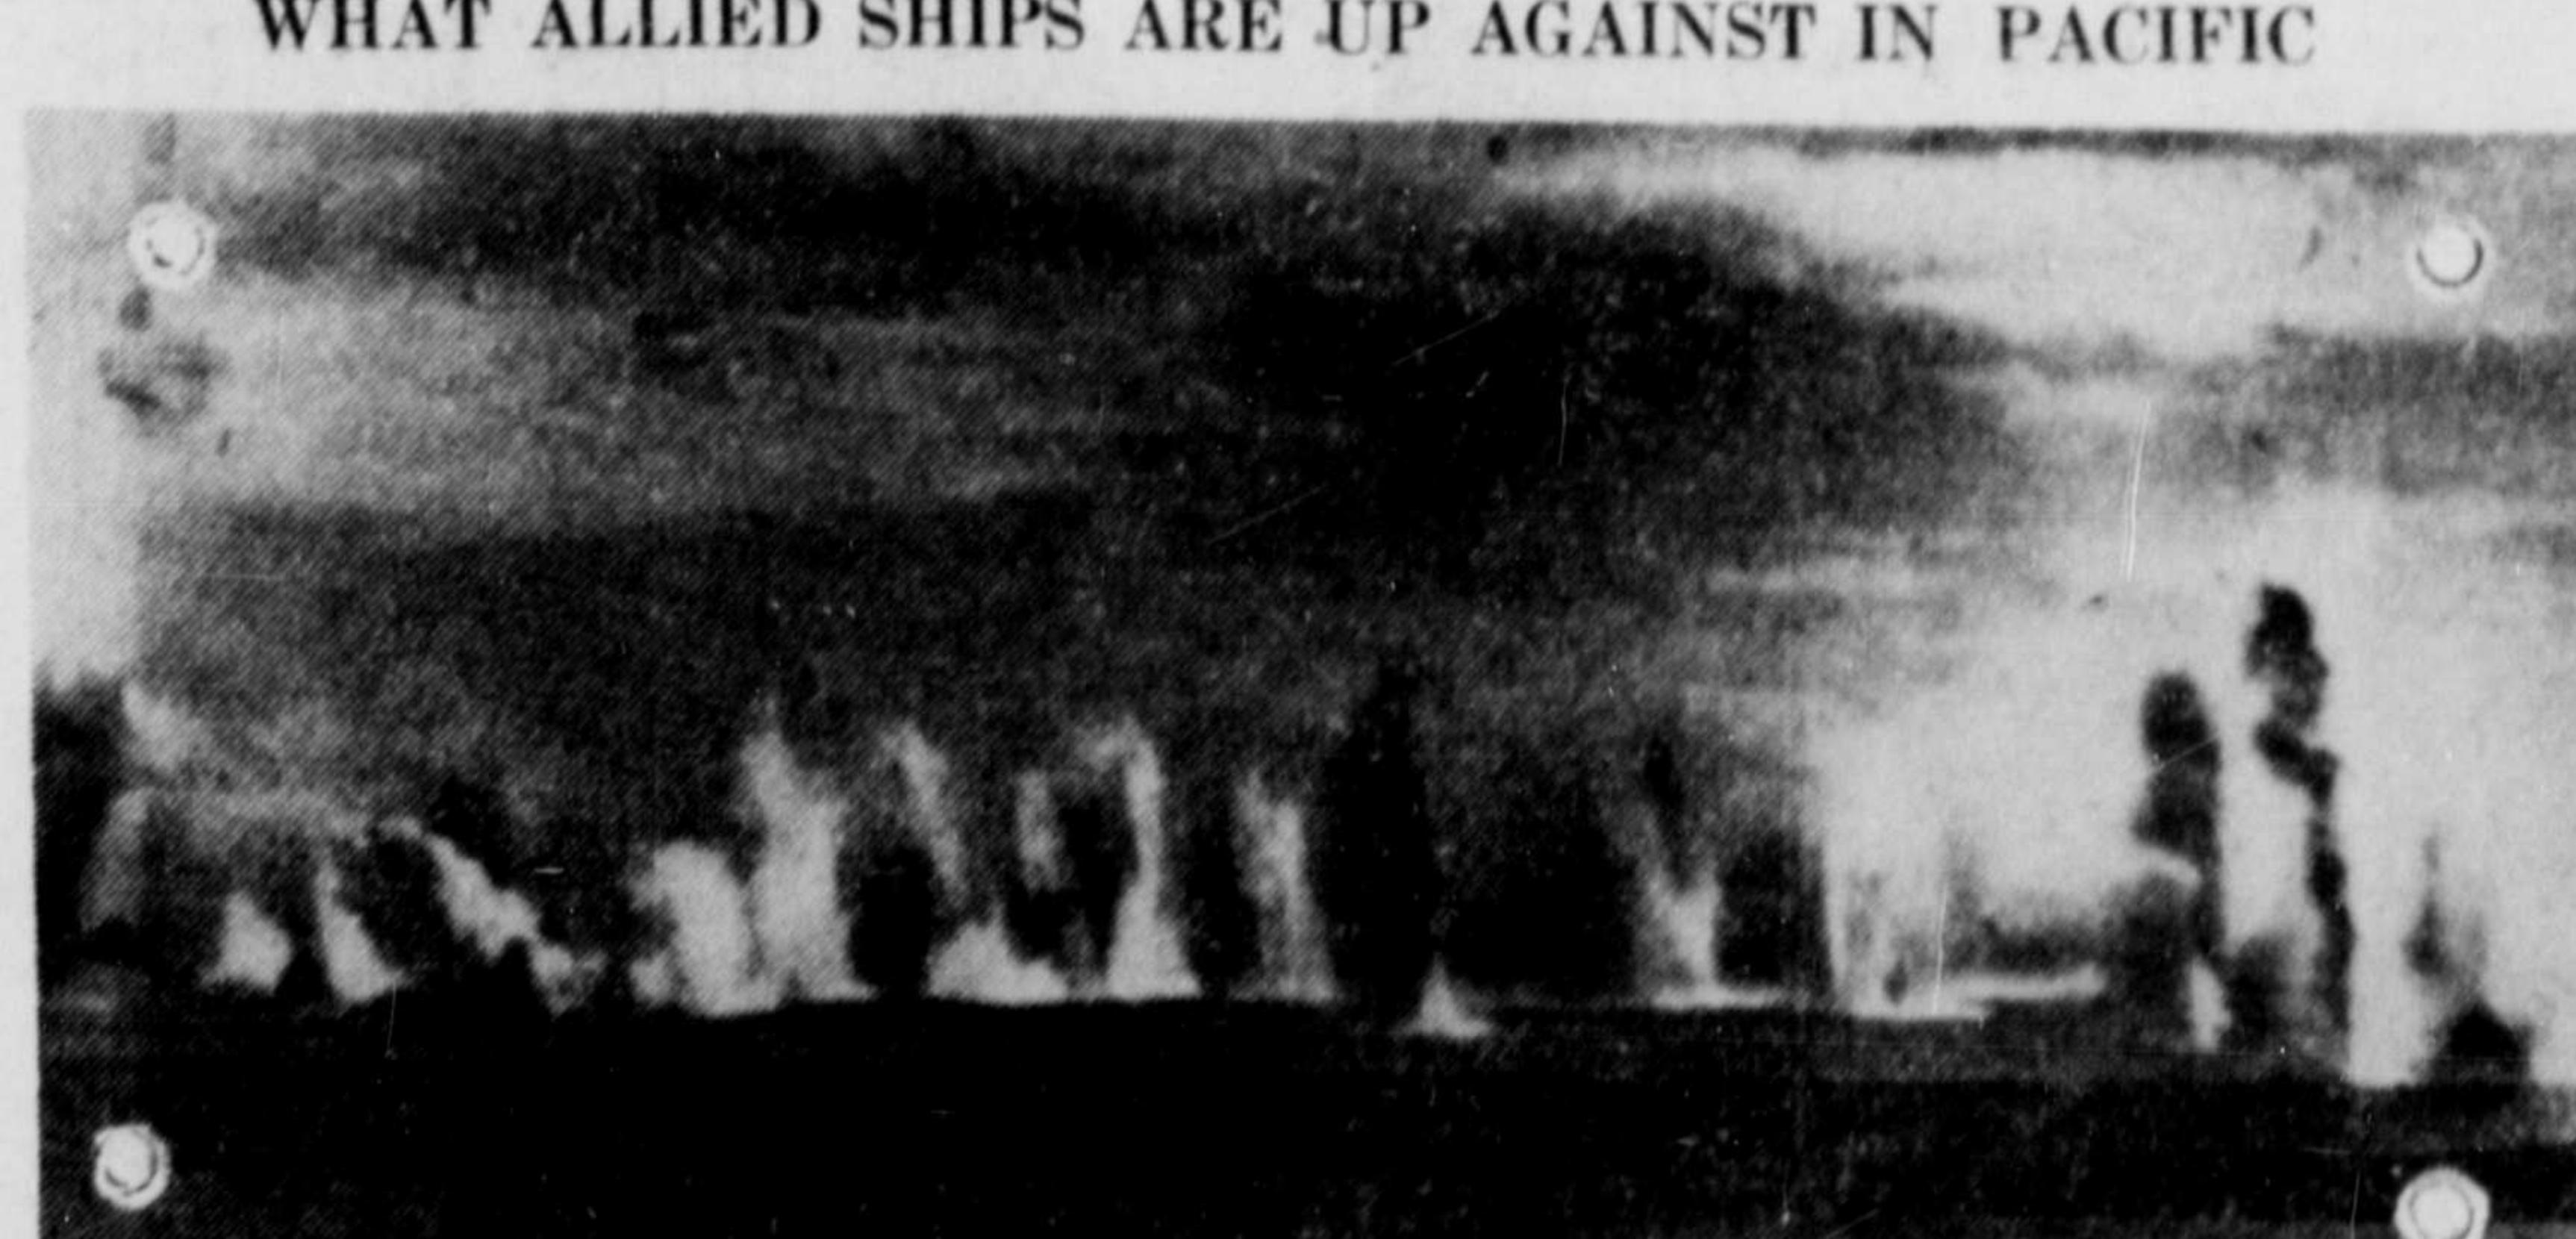

## FASCISTS' PURGES

Italian fascists assassinated more than 3,000 political enemies between 1921 and 1926.

## LAKES OF CANADA

In addition to its part of the Great Lakes, Canada has nine large lakes more than 100 miles long.

## WHAT ALLIED SHIPS ARE UP AGAINST IN PACIFIC

These bomb splashes in the wake of an Australian cruiser, operating in the south Pacific, give some idea of what Allied ships are up against, when Jap planes get overhead. A formation of 18 Nip bombers attacked the Aussie warship during a naval engagement in the Solomons. Three of the Japs had been blasted down when this photo was made from the deck of the warship.

## Letter Box

## WAITRESSES' WAGES

Editor, Daily News:

Referring to letter "Case of Waitresses" in Friday's News, Mr. Haynes should ascertain the facts before writing letters regarding waitresses' pay. One well known restaurant pays the minimum wage—fifteen dollars plus four dollars per week of six days, total nineteen dollars, with deductions for board for the week four dollars and income tax two dollars twenty-seven cents — net cash twelve dollars seventy-three cents. There were five pay days in October. The pay for that month was ninety-five dollars, less board twenty dollars and income tax eleven dollars thirty-five cents, net cash sixty-three dollars and sixty-five cents.

"THIRD AVENUE."

## AIR FORCE BAND HERE

Fine Musical Organization From Patricia Bay is Visiting City

The thirty-two piece Royal Canadian Air Force Band of Patricia Bay, Vancouver Island, is paying a visit to the city. It was on parade through the business section yesterday heading a party of more than 100 local airmen. Squadron Leader Brooks, local commanding officer, being in charge. Group Captain Gordon took the salute in front of the federal building. Flight Lieutenant Charles Defeux, in private life a well known Vancouver newspaperman, is in charge of the band party, the bandmaster being Flight Sergeant Joseph Miceli.

The band includes a fine thirteen-piece orchestra which made a hit at a dance last night at the Seal Cove base. Tomorrow the band will be heard in concert at the Capitol Theatre here, the concert being for service men only.

In spite of unfavorable conditions, the Rushbrook Heights branch of the Canadian Red Cross Society held a successful tea and sale of home cooking at the home of Mrs. Bernard Allen, 301 Fifth Avenue East, Thursday afternoon.

Proceeds were directed towards equipment for the group's workroom. The rooms were tastefully decorated with autumn flowers and foliage.

Mrs. Robert Cameron, president of the Red Cross, assisted the hosts in receiving the guests.

The tea table, presided over by Mrs. G. McEwan and Mrs. W. Martin, was centred with a silver deposit bowl of yellow chrysanthemum and fern. Servitors were Mrs. N. M. McLean and Mrs. W. Taylor. Mrs. A. E. Taylor was in charge of the kitchen assisted by Mrs. P. Cartwright.

The home cooking table was under the capable supervision of Mrs. L. Gillis.

Mrs. A. J. Lamontagne acted as cashier.

A display of garments, both knitted and machine sewn, testified to the activity of this small group and was much admired.

## AIR FORCE DANCE FINE

Officers and men of the Royal Canadian Air Force in the Prince Rupert area made Friday the Thirteenth a "lucky" and gala occasion last night when they staged their dance of the year with the renowned R.C.A.F. dance orchestra from Patricia Bay providing the music.

Melodies sweet and melodies hot were dispensed by Flight Sergeant Joe Micell and the thirteen piece orchestra and the capacity crowd took full advantage of the presence of the visiting orchestra.

The dance orchestra is part of the R.C.A.F. band now touring coastal bases of the R.C.A.F. and comprises professional musicians from the ranks of Canada's leading dance organizations.

Group Captain G. C. Gordon and Squadron Leader L. H. Brooks attended.

Refreshments were served to the officers and men and their lady companions in the officers' and sergeants' messes during the intermission period at midnight.

Announcement was made at the dance that the R.C.A.F. in Prince Rupert had subscribed 195 percent on the quota assigned to it in the recent Victory Loan campaign.

The R.C.A.F. band is staging concerts today at the various military establishments in the district.

Individual Records of Halibut Fleet —  
Electra Leads American Fleet and  
Lois N., Canadian

The heaviest landings of halibut at Prince Rupert for a single boat in 1942 were made by the American vessel Electra with a total of 271,000 pounds in five trips. Second place goes to the Republic with 255,000 pounds in four trips, closely followed by the Nordby which brought in 254,000 pounds in six trips. The Atlas, Fay, Constitution, Neutian, Kanaga and Ilene were all heavy landers, each bringing in over 200,000 pounds.

The heaviest average lander this season was the Eagle, with 75,000 pounds of fish on its only trip. The Harmony had the second heaviest average with 70,000 pounds on its one trip, and the Kodiak averaged 67,000 pounds for two trips. The Lindy averaged 61,000 pounds for two trips and the Constitution averaged 55,000 pounds for four trips. The Martindale and the Seymour both recorded an average of 55,000 pounds, each making only one trip.

The Reliance I made the greatest number of landings for the season—eight trips for 137,000 pounds.

The Lois N. made the heaviest landing of the Canadian fleet, with 190,000 pounds in six trips, which was slightly below her record for last year, when she headed both the Canadian and American fleets with a total of 261,500 pounds in eight trips. The Dovee B made six trips for a total of 165,000 pounds and the Parma landed 101,000 pounds in four trips. High average for the Canadian boats was made by the Ispaco II, landing 43,000 pounds on its only trip. The Lois N. averaged 31,667 pounds for six trips and the Joan I averaged 30,333 pounds for three trips.

Individual landings of both Canadian and American fleets at Prince Rupert for the 1942 season were as follows:

CANADIAN			
No. of Trips	Total lbs.	Trip Average

## NEW ERA IN FILM

"Birth of a Baby," Unusual Picture,  
Coming to Capitol Theatre at  
First of Week

A human story surrounding a technical subject in a new manner of presentation, "The Birth of a Baby" comes to the screen of the Capitol Theatre here at the first of next week—Monday and Tuesday. Other pictures on this subject have been made but they have been done by doctors—men who knew their subject thoroughly but had little knowledge of moving picture physiology or technique. Now it has been made into a human story — dramatized in terms of individual characters—out of one of the most fundamental yet little understood facts of life. The result has been highly commended from all angles.

The dramatic high spot of the picture is its epic climax, the actual birth of a child. But no climax is worthy of the term if proper motivation and dramatic suspense have not given it impact. The practical motion picture men have seen to it that there was no lack of either of these. Most compelling of their efforts in this respect is the recording on the sound track of the heart beat of the unborn child.

The listener is held breathless, wondering whether this tiny organ will succeed in beating out its next measure. That it does continue beating its way into the world is absorbingly portrayed in the delivery scene.
