OBJECTIVE FOR LOAN

Prince Rupert's Quota Is \$485,000 in Victory Loan Drive.

From divisional headquarters of Canada's Second Victory Loan comes the announcement of Prince Rupert's quota in the coming campaign.

The combined quota has been set at \$485,000 and is made up of \$360,000 general canvass and \$125,000 for special names.

This year the special names canvass, for which subscribers are expected to subscribe \$25,000 or more, is included in the amount to be raised and the total compares favorably with that of last year when \$24,000 was subscribed from a general canvass alone, special names being excluded from that quota.

The local committee responsible for setting the quota, expressed their confidence in Prince Rupert's ability not only to attain this figure but to over-subscribe it by a considerable amount.

The branch will support the Dominion of Canada Victory Loan to the limit of its resources when the books of the loan open on Monday next.

The branch also went on record as favoring the postponement of the Canadian Legion provincial convention this year so as to enable as large as possible a delegation to attend the Dominion bi-ennial convention to be held about the end of May.

MALAYA IS DISCUSSED

Gyro Club Hears Interesting And Timely Address by Capt. Charles Dawson of Scottish

A description of the Federated Malay States, recently occupied by Japan in its back door drive on Singapore, was given by Capt. Charles Dawson of the Canadian Scottish at yesterday's weekly luncheon of the Prince Rupert Gyro Club and proved both interesting and timely.

Various aspects of the country were described including the cities and the jungles, the natural resources and the industries, the people and the wild life. Its principal resources tin and rubber, Capt. Dawson told how these were developed. The tin mines were on the surface and open, requiring no deep digging.

The choice and most productive part of the Malay States being on the west coast, there were modern cities with fine stores, excellent educational facilities and all other advantages of civilization. The jungles were high impenetrable. Indeed it was easier, possibly, to travel tarzan-like, swinging from tree to tree, than trying to traverse the country on the ground so thick was the growth.

The population of the Malay States was polyglot with Malays, half-caste Eurasians, Chinese, Japanese and Europeans. The native Malays were not very ambitious, satisfied to exist by fishing, growing a little rice and wearing loin cloths made from leaves.

Description by Capt. Dawson of animal life proved very interesting. He told of the tigers, the elephants, the wild pigs, the crocodiles, the honey bears, the flying foxes, the great spiders, the cobras and the scorpions. Destructive often to the rubber plantations were the elephants in their stampedes and the wild pigs with their rooting. The cobras were not so dangerous as many thought and were easy to kill if one knew how.

The muddy rivers abounded with crocodiles. Those under six feet long would not attack a man although the larger ones were dangerous indeed. A crocodile would never devour any prey that it did not kill itself. To kill a crocodile the creature must be hit under the upper limbs or in the eyes, this requiring good marksmanship.

The luncheon was presided over by the president, George Rorie, who expressed appreciation to the speaker. There was a large attendance of Gyro members and one guest in the person of Rev. J. H. Myrwang.

To Fall or Not to Fall . . .

Possibly by the time this is in type Singapore will be taken and possibly again it will still be holding out. If there is anything to be gained by holding out we can depend upon it the British forces will not let go. In any event we lose the huge dry dock which was destroyed yesterday so there might be no chance of the Japs getting it. This dock was towed to Singapore all the way from England.

The lesson of Singapore to Prince Rupert is that we must be prepared and, to be prepared, we must have money. Every Victory Bond purchased helps to provide another plane. Many people here have money lying idle which could be working for the air force providing fighting material. This is a good opportunity to put it to work.

LOCALS WIN THREE GOOD HOOP GAMES

Savoys Win Over Kincolith—Dry Dock And Bo-Me-Hi Also Victors

At the Exhibition Hall last night three local basketball teams won over three visiting teams. Savoys Seniors defeated Kincolith 44 to 40. Dry Dock Intermediates beat Metlakatla 57 to 35. Bo-Me-Hi won over Kincolith Intermediates 62 to 29.

The opening game between the intermediate Sons of Kincolith and the Bo-Me-Hi ended in favor of the local lads by 62 to 29. The collegiates played a fine brand of ball. Their technique looked so smooth that it seemed to be effortless. The referee was Sonny Stiles.

Individual scoring was:
 Bo-Me-Hi—Macdonald, 15; Gurney, 6; Alexander, 2; Pustuk, 10; Lee, 7; Santurbane, 2; Long, 6; Arney, 14. Total, 62.

Kincolith—W. Lincoln, 1; Gurney, 2; Stevens, 2; Clayton, 2; H. Doolan, 8; D. Venn, 6; S. Doolan; C. Lincoln, 2; L. Smart. Total, 29.

During the first half of second game between the Dry Dock and the Metlakatla Panthers, both teams played a close game. Half-time score was 26 to 21 for the local lads. After the intermission the shipbuilders forged ahead to come out victorious by a score of 57 to 35. This game was refereed by Art Murray.

The line-ups were as follows:
 Dry Dock—Baker; Holkestad, 21; Davis, 14; Scherk, 3; Vuckovitch, 3; Fitch, 14; Pavlikis; Simundsen, 2. Total, 57.

Metlakatla—Auckland, 12; B. Nelson, 1; Prevost, 17; H. Leighton, 4; C. Nelson; E. Leighton, 1; Haldane. Total, 35.

Main Attraction

In the main attraction of the evening the Savoys defeated the Kincolith senior team by 44 to 40. It was a very close game. Rupert got the tip-off but lost the ball. The visitors failed and then Dominato brought first blood to Rupert with a lovely shot followed by a field goal and two penalty shots by Gurney of the visitors. Taylor chalked up two and Stiles came through with five followed by two from Beynon. After the quarter H. Haldane made a nice shot but Holkestad outdid that with two. Gurney made a penalty and the Haldane brothers came through with two points apiece for the Sons of Kincolith. Holkestad made another and Gurney did likewise. Beynon, for the home town, and Gurney, for the visitors, both chalked up another two. Holke-

stad, Stiles, and H. Haldane all came through with a basket. To end the first half by a score of 25 to 18 for the Savoys Holkestad Houston and Stewart made a free throw each.

In the third quarter both teams broke even with the score still seven points in the Savoys favor at 38 to 31. In the last stanza of the battle Burney of the visitors chalked up five points and was followed by six divided between Dominato, MacPhee and Holkestad. To make the final score 44 to 40, Lincoln and H. Haldane of the visitors made one shot each.

Sons of Kincolith—P. Stewart; D. Venn; N. Venn; I. Angus; M. Haldane, 5; A. Gurney, 18; H. Haldane, 12; Lincoln, 2; J. Stewart, 3. Total, 40.

Savoys—Stiles, 9; Houston, 2; Dominato, 4; Taylor, 4; Holkestad, 15; MacPhee, 6; Beynon, 4. Total, 44.

Dom Montesano refereed the last game. Pavlikis was timekeeper and Santurbane scorekeeper.

Whifflets From The Waterfront

Mariners are advised that an obstruction has been placed at the entrance to Prince Rupert harbor in the vicinity of Charles Point. Incoming vessels must contact the examination vessel in order to be identified and to be informed of the signals of the day or night which will indicate when the gate of the boom is open for incoming traffic. Masters of vessels wishing to leave the port must contact the chief examining officer immediately before casting off from their berth and obtain the code of signals indicating that the boom gate is open to them. Previous notice two hours before leaving must be given in order to receive any special instructions which may be necessary. If two vessels are due at the boom gate at or nearly the same time, priority will be given to the vessel having the tide in her favor.

J. E. Amundsen, vice-president and general manager of the E. J. Ryan Construction Co., sails by the Prince Rupert tonight on his return to Vancouver after a visit here in connection with the company's local building undertakings.

Mrs. J. A. Hanson, wife of the superintendent for the T. A. Kelley Logging Co. on the Queen Charlotte Islands, arrived in the city on the Camosun last evening from the islands for a brief visit here and returned there on the same vessel today.

KISS YOUR TIRED FEELING GOODBYE!

Peppes Many Suffer Low Blood Count—And Don't Know It.

The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet—you can feel as if you had lead in your legs, dopey, tired and peeples.

Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.

Get Dr. Williams' Pink Pills today. They are world-wide for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams' Pink Pills today.
