Crisis at Sea Battle In Solomons

Army v. Nile Still Advancing

Main Axis Positions
In Desert Penetrated
By British Offensive

Cautious Advance Through Mined Fields, Barber Wire Entanglements and Fields of Heavy Fire Sustained Under Air Cover

CAIRO, Oct. 27 (CP)—Slashing forward in hand-to-hand fighting under cover of darkness and beating off desperate counter-attacks of the Axis by day, the British Army of the Nile penetrated into Marshal Erwin Rommel's main positions and widened the road for tank attack through enemy mine fields, battlefield dispatches reported today. As the battle of North Africa raged through its fourth day, there was no word of a clash between main armored forces but a cautious British advance through mines, barbed wire and fields of heavy fire was clearing the battleground for the expected test.

Fighters and bombers of the Allied forces hold mastery of the desert skies, affording a tight protective cover over the British advance and ruinous battering of enemy positions. Advance ground forces, within sight of the bombing of Axis troops and strong points, sent back a message of praise: "Good show, keep it up."

ARRANGING
PUBLICITY

This Important Part of War Effort
Being Put on Efficient Basis

OTTAWA, Oct. 27—Armed services took a first step toward all-out co-operation yesterday by placing public relations staffs under unified command. Joseph W. G. Clark, director of public relations for air and air force, is appointed chief of information for the armed services. Under him H. C. Howard of Montreal becomes director of information for naval services. G. Herbert Sallans of Vancouver, director of information for the army, and Gerald M. Brown of Toronto, director of information for the Royal Canadian Air Force.

STUDENTS
ARE BACK

Collegiate Harvesters, Bearded But Enthusiastic, Returning East

WINNIPEG, Oct. 27—With their Varsity colors and pennants very much in the foreground, and with a mysterious collection of beards and whiskers, some of doubtful identity, a party of more than eighty students arrived in Winnipeg Monday over Canadian National lines enroute to their homes in Montreal. They are "student harvesters" from Laval University and are in charge of Art Léonide of the School of Commerce.

Many of the party resolved on departure from their home for west that they wouldn't shave or have their hair cut until the year in harvesting the crop was completed. They made good their threat and this morning were walking examples of student determination.

A spokesman in the party declared that the boys had a really valuable experience. "We have no kicks coming. They worked us hard but we expected it. It was tough for some of the boys but we did the best we could and made enough to see us comfortably home and a little more. It was the first time in the west for us but, as we are all taking the commerce course, the trip was of high educational value and we are better for having seen some of our Canadian west," he declared.

ANTIQUITY THEFT

SIDCUP, Eng., Oct. 26 (P)—Two gates of the 14th century parish church of All Saints near here have disappeared and the theory is they were stolen for their antiquity value. They dated from 1638.

WAR CRAFT
OVER CITY

Impressive Formation Flights By Two Members and Four Fighters Today

As a Victory Loan drive demonstration, six Royal Canadian Air Force war planes—two Bombers and four fighters—made three impressive flights in various formations over Prince Rupert about 1 o'clock this afternoon.

The flights came up quietly and were zooming overhead and darting off again almost before spectators had a chance to realize they were present. They flew at quite low altitude.

Clouds of leaflets were dropped, fluttering slowly downward in the breeze. They were picked up with interest in the east end.

TRAFFIC OF
AIR LINES

Mail, Express and Passenger Business All Shows Substantial Increase

WINNIPEG, Oct. 27—During the first nine months this year, Trans-Canada Air Lines carried half a million pounds of mail more than in the corresponding period of 1941, according to O. T. Larson, Air Lines vice-president. Express was up more than 90,000 pounds and 13,530 more passengers were carried.

The mail load from January 1 to the end of September amounted to 1,482,653 pounds, an increase of 501,965 pounds over 1941. Express totalled 217,476 pounds, an increase of 90,307 pounds. Passengers numbered 76,823, as against 63,293.

In the month of September, 218—

WASHINGTON, D.C., Oct. 27 (CP)—Two new bombing raids on Japanese installations, including a submarine base on Kiska Island in the Aleutians, were reported today by the Department of the Navy.

Reference to the submarine base was the first mention of such an enemy installation in the island chain although the Navy on several previous occasions had mentioned enemy submarines operating in the Aleutian area.

970 pounds of mail were transported, an increase of 8,353 over August and 86,422 pounds over September last year.

Express for the month amounted to 37,484 pounds, a decrease of 1,351 pounds as compared with August, but an increase of 20,539 pounds over September, 1941. Express totalled 217,476 pounds, an increase of 90,307 pounds. Passengers increased by 565 over August and 984 over September a year ago, the total for the month being 10,149.

Issue Has Been Joined But Outcome Is Not Clear, Says Secretary of Navy Frank Knox

Strength of Japanese is Admitted—Loss of One Aircraft Carrier Disclosed With Another Damaged—Enemy Have Also Suffered

MAN DIES
ON STREET

David Riddell, Guard for United States Army Expires Suddenly

David Riddell, employed as a guard for the United States Army here, suddenly collapsed and expired shortly after 8 o'clock this morning on the street near the Prince Rupert Hotel. Carl M. Johnson of the Commercial Hotel rendered artificial respiration and other first aid measures. These, however, were ineffectual, the man being pronounced dead by Dr. C. H. Hankinson on arrival at the scene. Heart disease was the cause.

The coroner was notified and the remains removed to the B.C. Undertakers.

RAILWAY
PUTS UP

Canadian National Employees Subscribe Over Two Million So Far To Victory Loan

MONTREAL, Oct. 27—During the first week of the Third Victory Loan campaign, employees of the Canadian National Railways and subsidiary companies subscribed a total of \$2,158,400, it was announced here by D. C. Grant, vice-president of finance who is in charge of the campaign for the National system.

The number of employees who have so far subscribed total 25,400. Employees of the rail system numbering 24,113 subscribed \$2,036,150.

Trans-Canada Air Lines employees to the number of 662 subscribed \$48,250 while 625 employees of National Railways Munitions Limited, which is operated by the C.N.R., have subscribed \$74,000.

NOW AFTER BRASS

LONDON, Oct. 26 (P)—The Supply Ministry, starting its third metal scrap drive, is asking the public to give up brass name plates, ornaments and similar brass articles. The first two drives were for aluminum and iron.

WASHINGTON, Oct. 27 (CP)—Secretary of the Navy Frank Knox said today that "the issue has been joined in the Battle of the Solomons" and "the Japs have a lot of strength" but "the outcome is not clear." One day after the sinking of the aircraft carrier Wasp was announced, Knox said the Navy was "putting up a gamier fight" than at any time in its history. The Secretary of the Navy described the campaign in the Solomons as a war of attrition. In response to requests for any comment he could make in regard to the frequent arrival of Japanese reinforcements, Knox said that all indications today were that the Japanese, goaded by continual bombing and realizing that their march of conquest has been stalled, were throwing everything into a frenzied drive to crack the Allied front in the southwest Pacific.

The loss of the 14,700 ton Wasp off Guadalcanal by torpedo attack from enemy submarines on September 15 was disclosed by the Department of the Navy last night shortly after it was announced that a full scale attack was roaring around American defenders of that island. The battle now in progress has resulted already in severe damage to another of United States four known remaining cruisers, the sinking of the destroyer Porter and lesser damage to other ships.

But the losses have not been one-sided, for the Japanese have suffered damage to two carriers, two heavy cruisers and one light cruiser since Sunday while twenty-two of their planes have been knocked out of the skies including seventeen fighters and five bombers.

The Americans seem to have the edge in the air but the matter of naval supremacy appears yet to be decided.

Henry Armstrong Wins Over Zivic

Ten Round Decision in Welterweight Fight Last Night at San Francisco

LONDON, Oct. 27 (P)—George Henry Brownrigg, 42, has been torpedoed 12 times, spent 65 days in open boats and crossed the Atlantic 120 times but, he says, "I just do my job, I'm no hero." A seaman since he was 16, Brownrigg is preparing to go back to sea. He has just come out of hospital where he lost a foot, frostbitten on the Murmansk run.

EDITORIAL

The War News...

For the moment the war rages on three major battle-fronts in various quarters of the globe with lesser engagements elsewhere and no knowing where conflict may break out with all the fury of the new fast-moving, mobile warfare.

Today's dispatches carry the scene on one hand from the battle of the desert in Egypt and Libya, on another to Russia with shattered but still standing Stalingrad as the focal point and, on yet another, to the South Pacific and the critical and none too promising battle of the Solomons. For the time being at least these actions overshadow the almost continuous bombing warfare in Europe, the Battle of the Atlantic, the fighting in China and the movements in the fog and rain-shrouded Aleutians.

The scene is so diffused, the reports are so confusing, there is so much censorship, so much propaganda that it is all very difficult for us to gain an intelligent idea of just what is going on. The consequence is that our senses become dulled even against the possibility of immediate catastrophe. We are liable to become complacent and inert—part of the enemy technique thus being accomplished.

The war is the big thing in all of our lives. We should not lose sight of the fact in the consideration of other matters which might seem of more immediate personal import.

This is OUR country. This is OUR war. Buying Victory Bonds is OUR job.

The Civic Situation...

Prince Rupert is returning to the status of municipal self-government and in less than two months from now we will have elected a mayor and council. So far, the campaigning, if any, has been along quiet, underground lines. They have, no doubt, been activities in some quarters but it would seem there has been a considerable attitude of "Let George Do It." Some of the people who are not doing anything now will be vehemently and "righteously" indignant and critical a few months hence when some "George" or "Georges" of whom they do not approve get in and start doing things their way.

It is not much use being asleep at the switch now and a little later start criticizing and harping at the ones who caught us napping. It is time now that those who profess a real interest in civic affairs to get busy and do something about it. Otherwise, they should be prepared to hold their peace. Less talk and more action is needed now.

And to interest one's self in civic government is not inconsistent with war activities.

As for the Daily News, our columns will always be open for useful discussion of issues pertaining to the field of municipal affairs. Uncalled for personalities, as usual, must be avoided although we will be interested in receiving suggestions as to men and women who may be considered fitting material for municipal office. It is not our intention, however, to campaign on our own initiative for any slate or individual although we shall be ready to assist in giving a fair and equitable hearing to all.

Conservative Resolutions...

It is interesting to see the British Columbia Conservative Association taking up the cudgels actively on behalf of collective bargaining. Maybe the Conservatives are a little late in the matter but, nevertheless, they are to be commended in keeping themselves attuned with the spirit of the times. Their resolutions regarding the repatriation of the Japanese and the orderly demobilization of the forces after the war are also to be approved, even though the party may claim no exclusive rights to them as political planks.

There is no evidence that the British Columbia Conservative Association contributed much help to the problem of leadership which is not only a provincial but a national and even an inter-political one.

Just a few dollars lent to Canada—backed by the resources of all Canada; a few dollars, loaned to your country to buy your own personal freedom and security.

Letter Box

HAVE EVERYTHING HERE

Editor, Daily News:
Being a citizen of Prince Rupert I would like to reply to a former citizen's criticism that appeared in your paper under the name of Eldred Benson.

Prince Rupert has nine beer parlors. How many has Vernon? When I last visited Vernon it had three.

To erect a comparison between Vernon and Prince Rupert would be similar to aligning Timbuctoo along with Vancouver. The amount of work, money spent, population and physical character of the districts in question are far apart.

In what position is Eldred Benson as an individual to judge or know just what the people of Prince Rupert do for the men in uniform? Admittedly we cannot do what we would like to be able to do as there are so many. I, like others, do little things to help sometimes, but to those outside, my efforts are unknown—Eldred Benson is in this category.

The majority of our former dance halls such as the barracks, navy barracks and Moose Hall are serving the same purpose as halls in Vernon—to the extent of two or three dances a week. Sad to say we have no skating rink, no free shows for the forces apart from the efforts of the Y. The people are not to blame for this condition. We have places to play ping pong, read, write and dance. The Salvation Army gives a sing song too. You're always welcome there on any night.

To the excessive drinking I don't agree with—certainly its presence is sometimes obvious by the actions of that minor percent who cannot take a drink without acting like a heathen or fool—this element is always in the minority but it is always more noticeable because respectable people who can hold a drink do not come within the scope of public censure.

Conditions do not exist in Vernon like they do in Prince Rupert. Everybody here is working like demon with little time for play. Dry Dock workers, railway and steamship help, builders, bakers, butchers, cafe help are all tired out through working long hours—we may be neglecting to entertain the boys but, boy oh boy, our labors are surely turning this town upside down. It's quite evident we are all out for victory if not for entertainment. After all apple picking is rather tame alongside the labor of building ships etc. Furthermore, apple growers would be in a better physical condition to give the hours required for entertainment, because they certainly aren't work-

ing like the bulk of the people around this town.

Alongside of your article in the Daily News is a program of Y activities advertising three dances for the boys for one week.

I'm not a pioneer nor a native of this town but believe me boy she sure is a good little town. The people are all O.K. too. Get around a bit Eldred and open your eyes. We have everything here but the skating rink.

Signed,
PRO POPULO PROGRESSIO

Whifflets From The Waterfront

FINE FILMS ARE COMING

List of Outstanding Attractions Is Announced by Manager D. G. Borland

With "Mrs. Miniver" heading the list, a number of picture events of more than usual interest are billed for showing at the Capitol Theatre during the coming month. "Mrs. Miniver" will have a four-day showing. Other outstanding pictures on Manager D. G. Borland's booking calendar include "Wake Island," "No Greater Sin," "Cairo," "Charlie's Aunt," "Birth of a Baby," "Tortilla Flat" and "Magnificent Ambersons."

The list is as follows:

October 28—Stanley Laurel and Oliver Hardy in "A-Haunting We Will Go."

October 29, 30 and 31—Brian Donlevy and Robert Preston in "Wake Island."

November 1 (Sunday midnight)—Jean Gabin and Ida Lupino in "Moontide."

November 2 and 3—Health League of Canada presents "No Greater Sin."

November 4 and 5—Constance Bennett and Bruce Cabot in "Wild Bill Hickok Rides."

November 6 and 7—Jeanette MacDonald in "Cairo."

November 8 (Sunday midnight)—Lupe Velez in "Mexican Spitfire's Baby."

November 9 and 10—Jack Benny in "Charlie's Aunt."

November 11, 12, 13 and 14—Greer Garson and Walter Pidgeon in "Mrs. Miniver."

November 15 (Sunday midnight)—Robert Preston in "Parachute Battalion."

November 16 and 17—"The Birth of a Baby."

November 18 and 19—Spencer Tracy in "Tortilla Flat."

November 20 and 21—Ann Sheridan and Robert Cummings in "King's Row."

November 22 (Sunday Midnight)—George Montgomery in "Mayor of Forty-Fourth Street."

November 23 and 24—Joseph Cotton and Dolores Costello in "Magnificent Ambersons."

November 25 and 26—Wallace Beery and Marjorie Main in "Jackass Mail."

Diamond Drill Party To Work Riverside Mine

HALF WAY MARK NOW IN CANADA

British Columbia Keeping Pace With Rest of Dominion in Victory Loan

OTTAWA, Oct. 27. — Victory Loan subscriptions up to Monday night totalled \$366,965,050, about \$8,000,000 from the halfway mark of the \$750,000,000 objective.

Lethbridge was the second important city to go over the top yesterday.

British Columbia and the Yukon last night was up to \$36,300,000, almost at the half way mark of the \$75,000,000 objective for the province.

Kootenay division, having subscribed 130 per cent, is leading British Columbia. Vancouver Island is second with sixty percent and Coast third with fifty-nine percent.

MINE LEADERS DETAINED

LONDON, Oct. 27. — Three miners' leaders, accused of "deliberately fomenting an agitation of a subversive character" in the northern Rhodesia (Central Africa) copper belt, have been detained, it was announced by the Colonial Office.

AIR PILOT AT NINE

SYDNEY, N.S.W., Oct. 27. — Eric Morris of Maroubra, N.S.W., has flown 400 hours and because he is so keen civil aviation authorities have presented him with an "honorary pilot's licence."

Hitler and Hirohito have Great Plans for Canada

• Yes, all Canada's great resources . . . her wheat fields, her forests, her factories . . . could be put to wonderful use by the ruthless bully-boys from Germany, by the polite little savages from Japan.

And Canada's boundless acres would provide plenty of living room . . . for the Germans and the Japs.

But what of the Canadians? The answer is simple when you think what happened and is still happening to the Poies, the Greeks, the Yugo-Slavs—and all the others . . . in terms of slow starvation, slave labor, mass executions.

Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hitler and Hirohito receive a set-back. The more you save and lend . . . the more certain you help make it that our enemies shall never put their greedy claws on Canada.

Watts & Nickerson

CHRIS MILL BAKERY

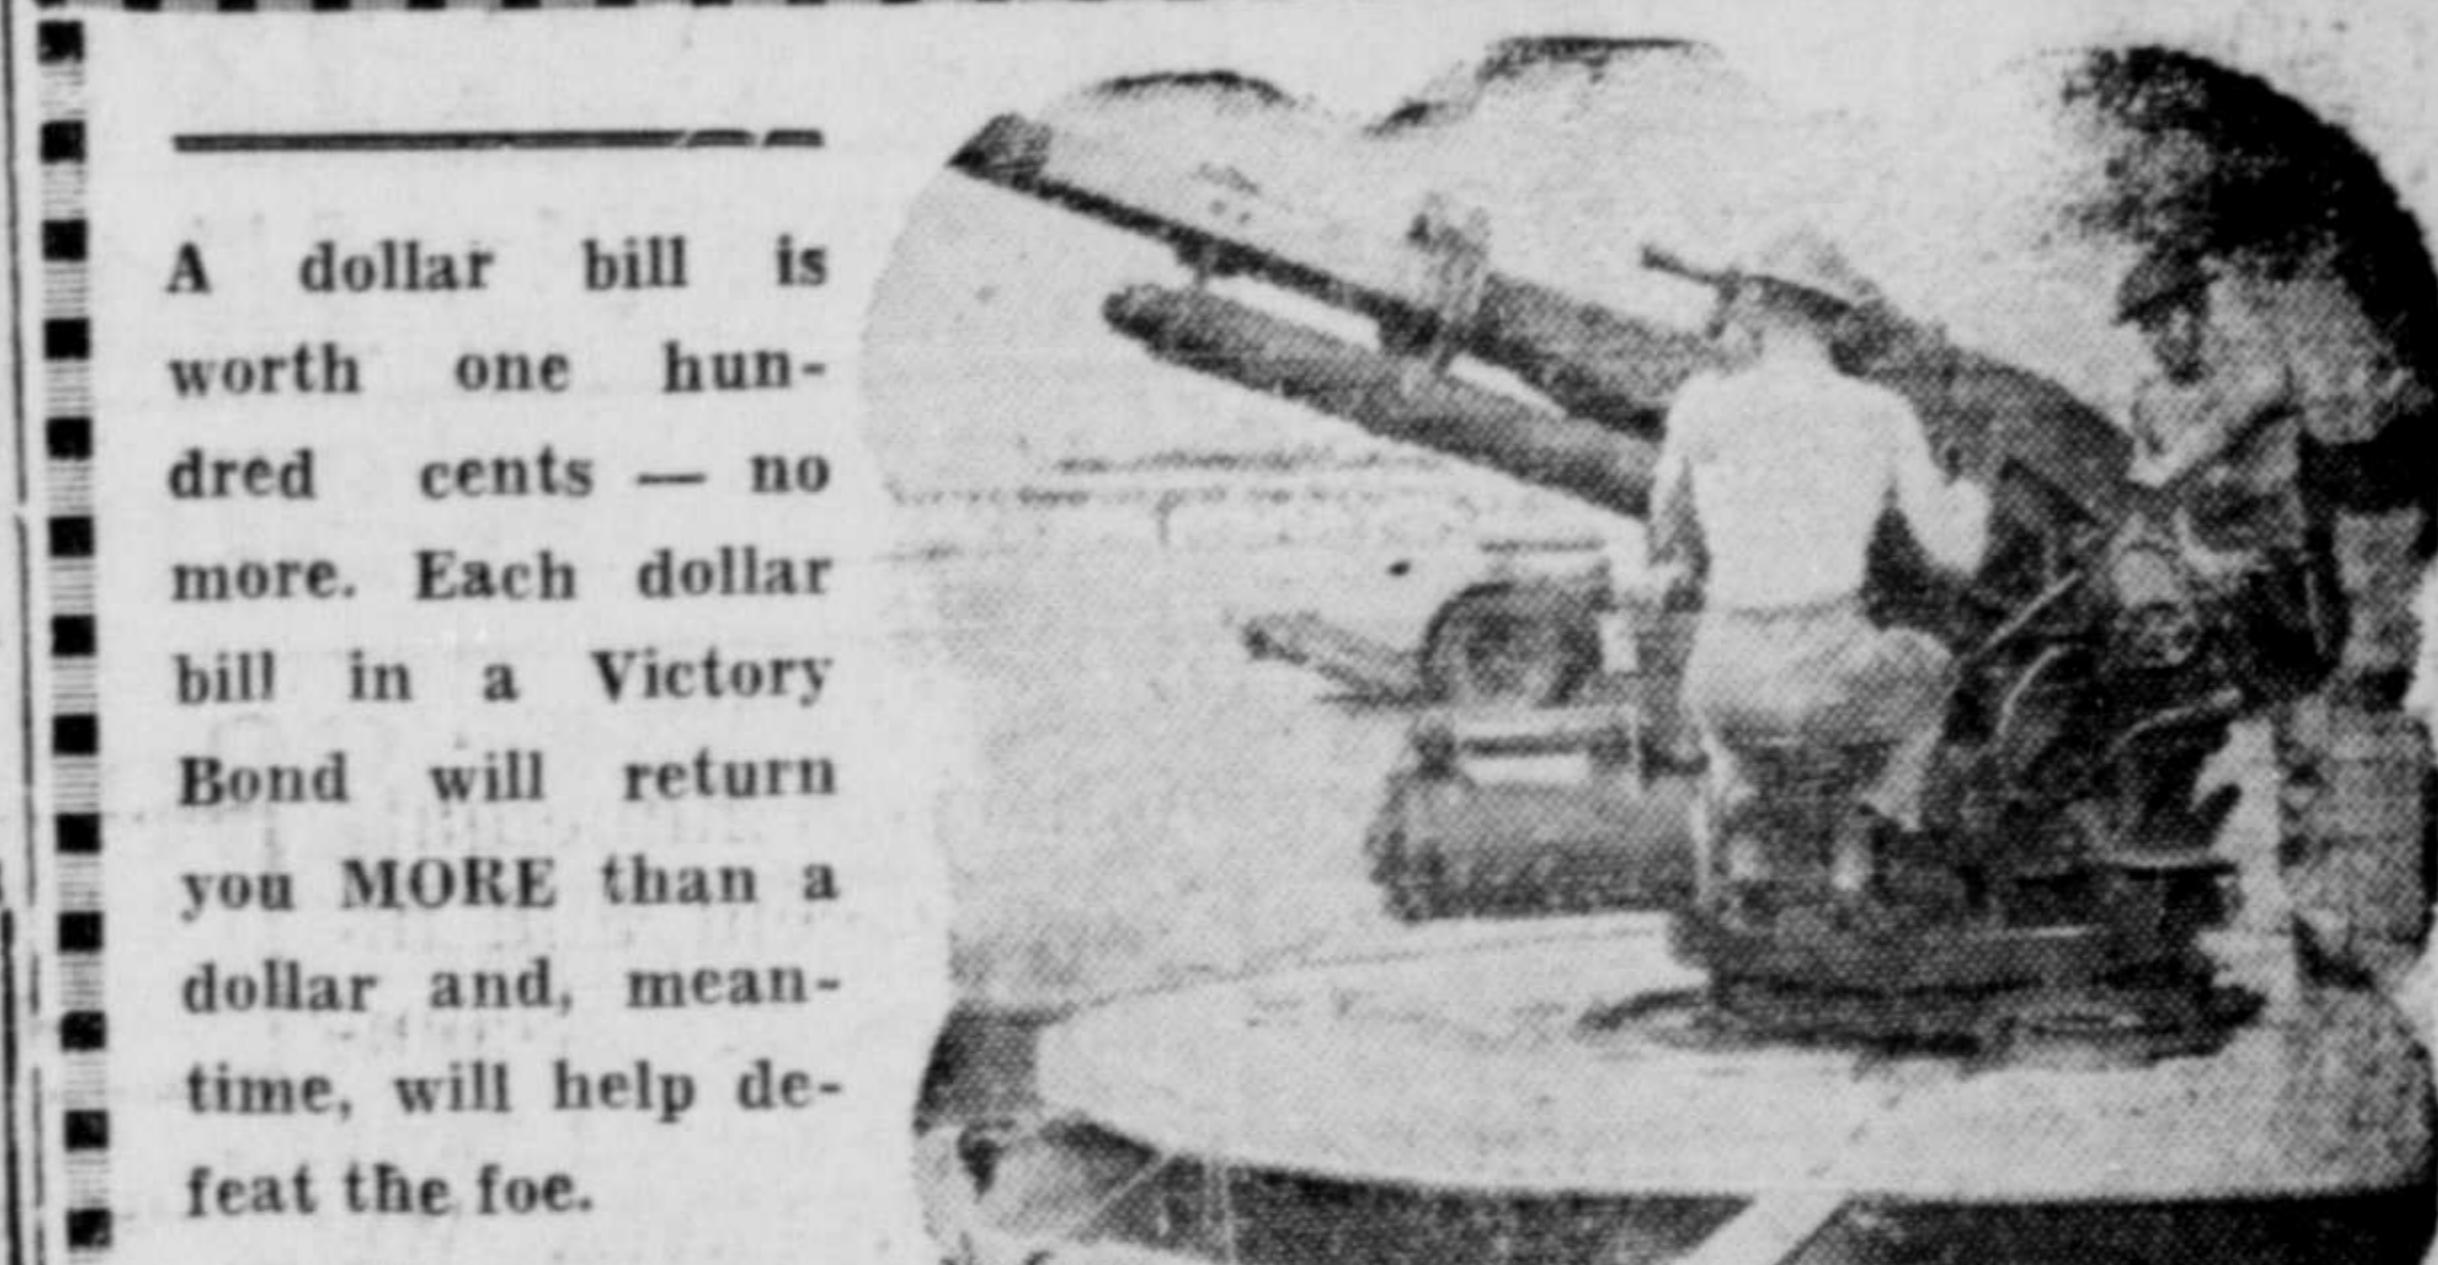

Responsibilities GO WITH RIGHTS

▲ In no other country in the world do citizens enjoy more wholly the privileges and rights of free democracy than do we in Canada. But the very nature of democracy that creates those rights, creates the responsibility of maintaining them.

HUNDREDS of thousands of young Canadians have decided that Canada is worth fighting for. We other hundreds of thousands at home MUST decide that Canada is worth WORKING for—SAVING for—LENDING for.

Strategic New Road To Peninsula
On America's Northwest Front

By ERIC SANDERSON

Canadian Press Staff Writer
WASHINGTON, D.C., Oct. 26: ©

The great highway, stretching from Dawson Creek, 50 miles south of Fort St. John, B.C., to Fairbanks, Alaska—a distance of 1,500 miles—is being constructed under direction of Brigadier-General W. H. Hodge, officer commanding United States Army Engineering forces. Following on the heels of army workers, who build

to the far north is nearing completion. The trail of '42 through Canada's wilderness, across muskeg and bushland, through muck and mud and across rivers, will feed weapons and supplies to American and Canadian forces stationed in the north.

The great highway, stretching from Dawson Creek, 50 miles south of Fort St. John, B.C., to Fairbanks, Alaska—a distance of 1,500 miles—is being constructed under direction of Brigadier-General W. H. Hodge, officer commanding United States Army Engineering forces. Following on the

the "tote" or pioneer road, are Canadian and American civilian contractors who give the highway the finishing touches in order that traffic may roll to northern bases.

Ahead of Schedule

Henry Stimson, United States secretary of war, has announced the highway would be ready for use by December 1—three months ahead of schedule—and that traffic would be moving steadily over its entire length until spring thaws make it impassable in April and May.

A vital artery in North America's network of defenses—the Alaska Highway—a long-dreamed-of road

crews, and the highway, running about 800 miles inland from the Pacific Coast, provides a traffic route which enemy bombers would have difficulty in reaching unless land forces were able to gain a firm foothold in Alaska—an event the Allies are determined to prevent.

Air and sea routes have been the only means of communication with Alaska—the sea route along the Inside Passage up the west coast of British Columbia and the air route, north from Edmonton.

Difficulties of terrain and weather apparently have been overcome by the hard-driving

that time, survey parties of army engineers and construction experts from the United States Federal Works Agency, Public Roads Administration, made trips both by land and air over the area, to select the route.

Dawson Creek became a thriving town with thousands of U.S. army men streaming in and out daily, and instead of the usual weekly train into the town, there were from one to half a dozen rolling in—all loaded with supplies and men.

ARMY BASES
One army base was established at Dawson Creek and another at Whitehorse, in the Yukon. Both have railway connection—Dawson Creek with Edmonton and Whitehorse by a 110-mile narrow gauge railroad from the Pacific Ocean. Supplies were rushed from various United States centres and with the influx of army forces, the two

Neutral Sweden has lost 154 ships since the war began.

• HATS OFF TO THE YOUNG PEOPLE OF CANADA!

Not old enough to serve in fighting units or in munition factories like their big brothers and sisters, they have their own special tasks and perform them nobly!

They run errands—do odd jobs—deny themselves little pleasures—so that they may buy War Savings Stamps and Certificates. And they have bought more than three million dollars of these Certificates during the past year—yes, more than three million dollars!

And how busy these youngsters have been collecting scrap—to help defeat Hitler! Yes, they've done wonders and everyone is proud of them. Parents, friends, teachers and officials will have an opportunity to pay tribute to them on October 27th. That is the date of the "Young Canada Rally" to be held in schools from coast to coast. What an inspiration this Rally will be for the grown-ups—the men and women of Canada who are investing their dollars in Victory Bonds so that their children may grow up in a world of peace and freedom.

**Facts for Parents and Friends About
the Young Canada Rally**

Tuesday evening, October 27th

In almost every school in Canada, the students are holding a "Young Canada Rally" on the evening of October 27th.

They want their parents and friends to come with them to their school that evening.

The school children are helping to prepare their own programs—as their contribution to the success of the present Victory Loan.

There will be plays, pageants, music and songs. Don't disappoint your children. Go to their school with them on Tuesday evening, October 27th.

SAV-MORS
KEEP UP

Retain Five Pin Leadership—\$50
Pot Livens Up Play

Sav-Mors retained their lead in the Five Pin Bowling League last night by winning two games from Burns. The boys really whooped it up as there was a \$50 pot on the games. Although they lost two games, Burn's took the pot with high total pins, the margin being only nine pins.

Boom Defence won the odd game from Stone's, Dry Dock All Stars dropped two to Chinese Youth Association. Watts and Nickerson took two from Air Force, Monarchs nosed out from Ordnance Corps two to one, and Signals was on the winning end of a 2-1 score with Dry Dock Painters.

Bill Bach was top trundler with 76 and high single 329.

Individual scores:

Dry Dock All Stars—	1	2	3

Marriage At
United Church

Surf Inlet Couple United at Quiet
Ceremony Here Yesterday
Afternoon

The marriage took place quietly yesterday at First United Church, Rev. James A. Donnell officiating, of Miss Mary Bell and Walter Stanley Elliott, both of Surf Inlet. Witnesses of the ceremony were Mrs. Pearl Dickens and William F. Stone.

Mr. and Mrs. Elliott will leave on Friday for Surf Inlet where they will take up residence, both being in the service of the mining company there.
