WAR NEWS

Battle Of

WASHINGTON—The war of diversion and harassment in the Pacific which Japan has been reduced by frustrated invasions has produced over the week-end two pinpoints of shelling of the Canadian and United States Pacific coast and word of expansion of the Japanese foothold in the Aleutians. Washington announced that the enemy was establishing himself on Kiska in the Aleutians, 585 miles from Dutch Harbor, and about half that distance east of Attu where enemy lodgement was reported June 12. A Washington communique said that a small force of ships in Kiska Harbor had been attacked by army bombers which hit one cruiser and sank a transport. An enemy submarine, using a deck gun, tried to hit the Canadian government radio station at Estevan Point on Vancouver Island Saturday night. The firing lasted about half an hour but none of the shells scored. Almost exactly 24 hours later a quarter of an hour of shelling by an unidentified craft disturbed the night for residents at the northwestern tip of Oregon between Seaside and Astoria on the Columbia River where six to nine shells fell near a summer resort but caused no damage. United States and Canadian naval units are searching for the undersea marauder.

Southampton Bombed

LONDON—High explosive bombs were dropped by the Luftwaffe on Southampton last night. There was some damage as well as casualties. Four of the enemy planes were brought down. The raid on Southampton followed two successive nights of heavy raids on the German naval base of Emden and other points in northwestern Germany as well as in Holland and the French-occupied coast. There was a battle in the Straits of Dover last night between light naval vessels.

Planning Invasion Of Europe

LONDON—Definite assurance was given by Sir Stafford Cripps, Lord Privy Seal, that an invasion of Europe would be undertaken by the United Nations. "We will strike and march through to Berlin," Sir Stafford said. Where or when it would start, however, was not indicated. For the first time British newspapers were allowed to disclose that there were United States troops in Britain. "They are in camps all over the country," the newspapers announced. It was also said that Adolf Hitler was getting ready for the United Nations' invasion by reinforcing the defences of both the Reich and of occupied countries.

Situation In China

CHUNGKING—The position in China with battle raging in a number of provinces is confused. Only 48 miles of the Nanchang-Kanchow railway still remains in control of Chiang Kai-Shek's forces.

Mines Off Atlantic Coast

WASHINGTON—The United States Navy discloses that enemy submarines have sown mines off the Atlantic Coast. As a result at least one American ship has been sunk and another damaged. Ship explosions which occurred off the Virginia coast and were believed at first to have been caused by torpedoes were later ascertained to be the result of mines. In the Caribbean a small United States merchant ship and a Nicaraguan freighter have been sunk.

Estevan Wireless Station, Vancouver Island, Target Of Jap Submarine Shells

OTTAWA, June 22 (CP)—Hon. J. L. Ralston, minister of national defence, announced late that the Dominion government radio telegraph station at Estevan Point, West Coast of Vancouver Island, 170 miles north of Victoria, was shelled by a submarine, supposedly Japanese, at 10:35 p.m. Pacific time Saturday. The shells fell in front of and beyond the station and no damage resulted other than breaking of windows in the station, the announcement said.

Col. Ralston gave no other details of the attack beyond the fact that information was received here from the commander-in-chief of west coast defences, Lieut.-General Kenneth Stuart. United States naval authorities have suggested a dim-out along the Oregon, Washington and Alaska coasts.

The shelling of Estevan is the first direct attack of the war on Canadian soil. In addition to there being no damage, there were no casualties. Thirty-three persons reside in Estevan.

Two or more enemy craft took part in the Estevan shelling, it was announced today by Col. Ralston.

MEETS AT SMITHERS

SMITHERS, June 22—The post-war rehabilitation council under the chairmanship of Hon. H. G. T. Perry arrived Thursday afternoon and put in a busy day at Smithers following his arrival.

The Board had been at Terrace the day before, coming up to Hazelton on the night train and driving over from Hazelton to Smithers by car.

Thursday afternoon the Board met about 25 of the people of Smithers and the Bulkley Valley and listened to the ideas put forth by the people of this district as to methods of giving employment to returning soldiers and to men that would be released from wartime industries.

Those speaking before the Commission were J. W. Turner, Frank Doerflinger, C. Gibson, Oswald Hoskins, L. H. Kenney, A. C. Fowler, Harvey Davies and Chas. Killer.

The subjects covered by the speakers included land settlement, mining, public works, tourist business housing program, hydro electric, reforestation and also some local problems.

The council appeared to be quite impressed with all the data provided them on the many subjects. They also expressed their amazement at the natural resources and the opportunities apparent in this part of the province which some of the members were seeing for the first time.

In the evening a banquet was given the visitors at the Bulkley Hotel and more than 50 persons were in attendance. Each of the members of the Commission made an excellent address at this gathering and all expressed their pleasure at being able to visit this district and all were loud in their opinions of the big developments in store for this part of the province after the war.

Mark Connelly, M. L. A., came down from the Omineca district and met the council here to accompany them through his riding.

Departure was made from Smithers Friday morning and Vanderhoof was to be the next stop on their itinerary.

CRASH OFF DIGBY IS. Two Men From Local R. C. A. F. Station Lose Their Lives

Squadron Leader L. H. Brooks, commanding officer, Royal Canadian Air Force station, Prince Rupert, announces that an aircraft with Flight Sergeant E. Phillips and Flight Sergeant H. Baum as crew crashed into the sea Saturday morning off Digby Island and has not been recovered. The plane was carrying out routine operations with another aircraft at the time and no reason for the crash has been ascertained.

The crash was noticed by several vessels in the vicinity but the plane disappeared almost as soon as it struck the water. Flight Sergeant H. E. Phillips' parents reside at Auburn, New York, N.Y., and those of Flight Sergeant H. Baum in Outremont, Quebec. Both young men were popular with their fellow airmen and had numerous friends in Prince Rupert.

ARMY TAKES OVER AREA

LONDON, June 22 (Canadian Press)—The war office disclosed yesterday that the Army is taking over a block of East Anglia thirty-six miles square with every civilian required to quit the district by July 20. The only explanation was that the whole area was needed for training.

A high military source only smiled when it was suggested it might be the take-off point for an invasion.

TOBRUK FALLS AND NOW EGYPT AND SUEZ FACE CRITICAL NAZI THREAT

Fierce Two-day Assault By Heavy Axis Forces Culminated In Surrender Sunday Morning—Garrison Of 25,000 And Supplies Are Lost

LONDON, June 22—It was officially confirmed in London last night that Tobruk in Libya had fallen to the Axis after two days of all-out attack. A terrific dive-bombing and artillery attack was followed by the moving up of tanks after which infantry marched in. The surrender took place at 7:00 a.m. Sunday. Germany claims to have captured 25,000 British troops, a large amount of equipment and supplies as well as freeing thousands of German and Italian prisoners of war. Neither London or Cairo minimize the seriousness of the situation in this new direct threat upon Egypt and Suez.

Axis forces are also believed to have captured Bardia, important Libyan coast port seven-and-a-half miles from the Egyptian border. London admitted that the enemy had probably entered the city. This would leave the Axis in complete control of Libya except for some pockets of resistance.

A fierce siege by long range guns predated the final attack on Tobruk. Parachute troops were expected to be used by the enemy in the attempt to take the stronghold which was completely cut off but this did not develop.

SEBASTOPOL IN DANGER OF FALLING

Berlin Claims Its Capture Today Following Admission That First Line Of Defences Are Entered

LONDON, June 22—A Reuters dispatch announced that the Russians had been driven back to the second line of defences at Sebastopol, withdrawing from outer positions after seventeen days of all-out attack by the enemy. Berlin claimed capture of the city today.

The enemy are also concentrating a heavy attack on Rostov while in the Leningrad area the Soviet forces themselves have been advancing. The rest of the Russo-German front appears to have been more or less inactive. At Moscow President Kalinin declares that Germany is no longer strong enough to launch a general offensive, having lost 1,500,000 men in the first year of war against Russia which ends tomorrow.

Nazi advances on the Kharkov section of the long Russo-German front are admitted. The situation at Sebastopol over the week-end was grim although the weary Russian garrison is still holding doggedly on. In fifteen days the Germans are estimated to have lost 50,000 dead with casualties numbering 200,000. Still they threw fresh forces into the battle for the Black Sea port regarded as the key to the Caucasus oil fields.

Predicts Return To God As Result Of World Trouble

Out of the present welter of conflict and evil in the world may yet come good as God always has the final word, suggested Rev. A. F. MacSweeney in his morning sermon to the congregation of First Presbyterian Church yesterday. Meanwhile, it appeared that the world to a large extent had lost its sense of the realism and presence of God, possibly due to the feeling by man of his own self-sufficiency owing to the increased control of the things around him. But, suggested the pastor, the time would probably come out of the present situation when man would again feel the need for God whereupon there would be a return to the acceptance of His principles.

Floral decorations in First Presbyterian Church yesterday were in honor of the memory of the late Sergeant Pilot Ralph Morin whose twentieth birthday it would have been this week.

Among those in attendance were a considerable number of men of the navy as well as other services.

Post War Problems . . .

We hear so much talk to the effect that we should devote ourselves exclusively to winning the war without worrying about what happens after the fighting is over that it is rather satisfactory to hear a man of the eminence of the president of the Canadian Chamber of Commerce stress the importance of considering plans for the post-war period. We may not agree with everything that Mr. McKenzie said in his speech here last week on post-war reconstruction but we cannot but wholeheartedly agree that it is most important to consider what we are going to do with the victory once it is won.

Of course, it is primarily important that we should win the war. We should remember though that we are not fighting for the victory alone but rather for the things that victory will preserve or bring—our freedom, our way of living, our many democratic rights. We must guard against the victory bringing a sequel of chaos which will most certainly result if we have not some plan for action in the time of peace. There can be no peace in chaos. If we lose the war, of course, we would have nothing to say about the peace. But what use is there in winning the war of arms if, due to our lack of planning, the conflict goes on in chaos after the arms have been laid down?

Quite possibly the problems of the peace will be as difficult as those of the war but they will be that much more difficult if we make no preparation to meet them.

The organizations interested in the civic centre idea are meeting tonight to deal with the possibility of holding a civic centre carnival this year. Is this going to be a case of three times and out? When there is so much loose change going about it seems a shame that some of it cannot be picked up for this useful cause. If the civic centre doesn't get it somebody else will and it won't be used for Victory Bonds or War Savings Certificates either.

Splendid Play Last Night for Benefit of Local Fans

Last night saw some of the best baseball played in Prince Rupert to date when the Medical Corps was defeated by the Co-Operatives with Midland winning from Dry Dock by the skin of their teeth.

The first game was disastrous in the third inning when the Co-Ops. romped home seven times. They made another run in the fourth and one in the sixth while the Medicals brought in two in the third and two in the fifth to make the score 9 to 4. In the fourth inning good old Randal came in to pitch for the Medicals and showed his usual form. Randy doesn't lose any of his steam as time goes on.

The second game was beautiful to watch, the Drydocks scoring two runs in the first, one in the fourth while the Midlands scored one in the first, one in the fourth and one in the seventh to tie the

game. However, in the overtime inning the Midlands brought in one run to win the game. The batteries of these two teams were exceptional. Lewis, who has never pitched before, made an name for himself by fanning ten of his opponents. He was backed by Ascroft who showed real ability. MacKenzie of the Midlands, showed a style seldom seen in Prince Rupert with his easy graceful mastery of the game, while his catcher, McManis, proved a worthy backer of such excellent pitching. Umpire was Dado Gurchich. Scorekeeper was Cliff Leslie.

Lineups

Dry Dock — Heatherington, G. Heatherington, J. Lewis, H. How, Woughton, Simmonson, Ascroft, Millaney, Carey.

Midlands — Munroe, McManis, Puffu, MacKenzie, Hunt, Elliot, Hill, Mathew, Bartlett.

Medicals — Foster, Mitchel, Kirk, Leon, Boyce, Gibson, Quick, Huffman, Glaken, Randal, Carruthers.

Co-Operatives— Hingston, Astoria, Zbura, Simmonson, Taylor, Preson, Braegolissr, Gillis, Sharp, Paulus.

THRIFT IS VITAL

to winning the war

To conquer Hitler, we must first conquer waste and extravagance . . . Every dollar is urgently needed to pay the price of Victory—Security—Freedom . . . It's patriotic to be thrifty. It's our duty to practise self-denial—to forego luxuries in war time . . . Thrift means War Savings and Victory Bonds. More planes, tanks and ships! More trained men for the Army, Navy and Air Force! . . . Thrift means Life Insurance. More protection for Canadian homes. More premium savings to add to the mighty army of fighting dollars that is helping to win the war.

LOCAL GIRL IS MARRIED

In the presence of relatives and immediate friends, on Saturday evening the rectory on Fourth Avenue East was the scene of a quiet but impressive wedding when Miss Marjorie Theodora Silversides, second daughter of Mr. and Mrs. A. H. Silversides of Prince Rupert, became the bride of James Henry Shuman, youngest son of Mrs. A. Steele and the late P. Shuman of Vancouver. Very Rev. J. B. Gibson, dean of St. Andrew's Cathedral, officiated.

The bride was charming in a beige ensemble with matching accessories and a corsage of tall-man roses.

Mr. and Mrs. B. T. Way attended the young couple.

After the ceremony, the young people returned to the home of the bride's parents on Third Avenue West where many friends had gathered to extend their best wishes.

For the present, Mr. and Mrs. Shuman will reside on Second Street, later making their home in Vancouver.

The bride is exceptionally well known, having lived here all her life. There will be sincere congratulations.

Native Wedding Held Saturday

Miss Julia Benson Becomes Bride Of Benson Young At St. Andrew's Cathedral

A quiet wedding took place in St. Andrew's Cathedral on Saturday afternoon at 2:30 when Miss Dorothy Julia Benson, daughter of Mr. and Mrs. J. C. Benson of Kincolth, became the bride of Benson Young of Massett. The bride was given in marriage by her father, Jeffrey Benson. Mrs. Selma Russ of Greenville was matron of honor and Ernest Yeltatzie was groomsman. There were seven bridesmaids and little Misses Mercy Nelson and Mona Young were flower girls. Very Rev. James B. Gibson officiated.

Friends and relatives attended a banquet which was held later in the Commodore Cafe and a happy dance in Dave's Hall rounded out the celebration.

FOOTBALL FANCIES

Can't it be that the dark horses of the Dominion Day Cup are the Navy? Tales are going around that the Sailors have been holding something back. Well in Murray and Eastman they have the safest pair of backs in the city and if the rest of the team can hold their end up—well perhaps the fair sex in the interior may yet see some matlows.

I often wonder if McNaught talks as much at home as he does on a football ground or is it the hen-pecked husband's safety valve and this is the only time he is able to open his mouth?

Rigby of the Air Force is one of the outstanding players in the League. Some of the other centre halves could take a few lessons from him in ball control and distribution. Fowler of the same team is welcome back after his absence.

OBSERVER.
