Ocean Battle Is Spreading Out

BATTLE IS GATHERING INTENSITY

British Eighth Army Beats Off Axis Counter-attacks in Egypt—Minor Tank Engagements

CAIRO Oct. 29.—British headquarters announced today that the Eighth Army had beaten off an Axis counter-attack in the Egyptian Desert and reported continuing air attacks on enemy supply lines and bases including Crete. Further losses were reported inflicted on Field Marshal Erwin Rommel's forces in a series of minor tank engagements yesterday. A bulletin added tersely that "fighting continues" but gave no further details. The Axis air force is said to have remained on the defensive throughout yesterday as Allied planes smashed at enemy landing fields and forward positions. As fighting on the desert front became more intensive, Axis counter-attacks were successfully repulsed. The main battle, it is admitted, has not yet begun. Nine more Axis planes were shot down yesterday and a tanker was sunk by an aerial torpedo. The British have unquestioned superiority in the air.

NEW DELHI, Oct. 29.—American fliers, based in China, made another attack on the Japanese held base of Lashio in Burma yesterday.

EXPEDIENTS IN LODGING

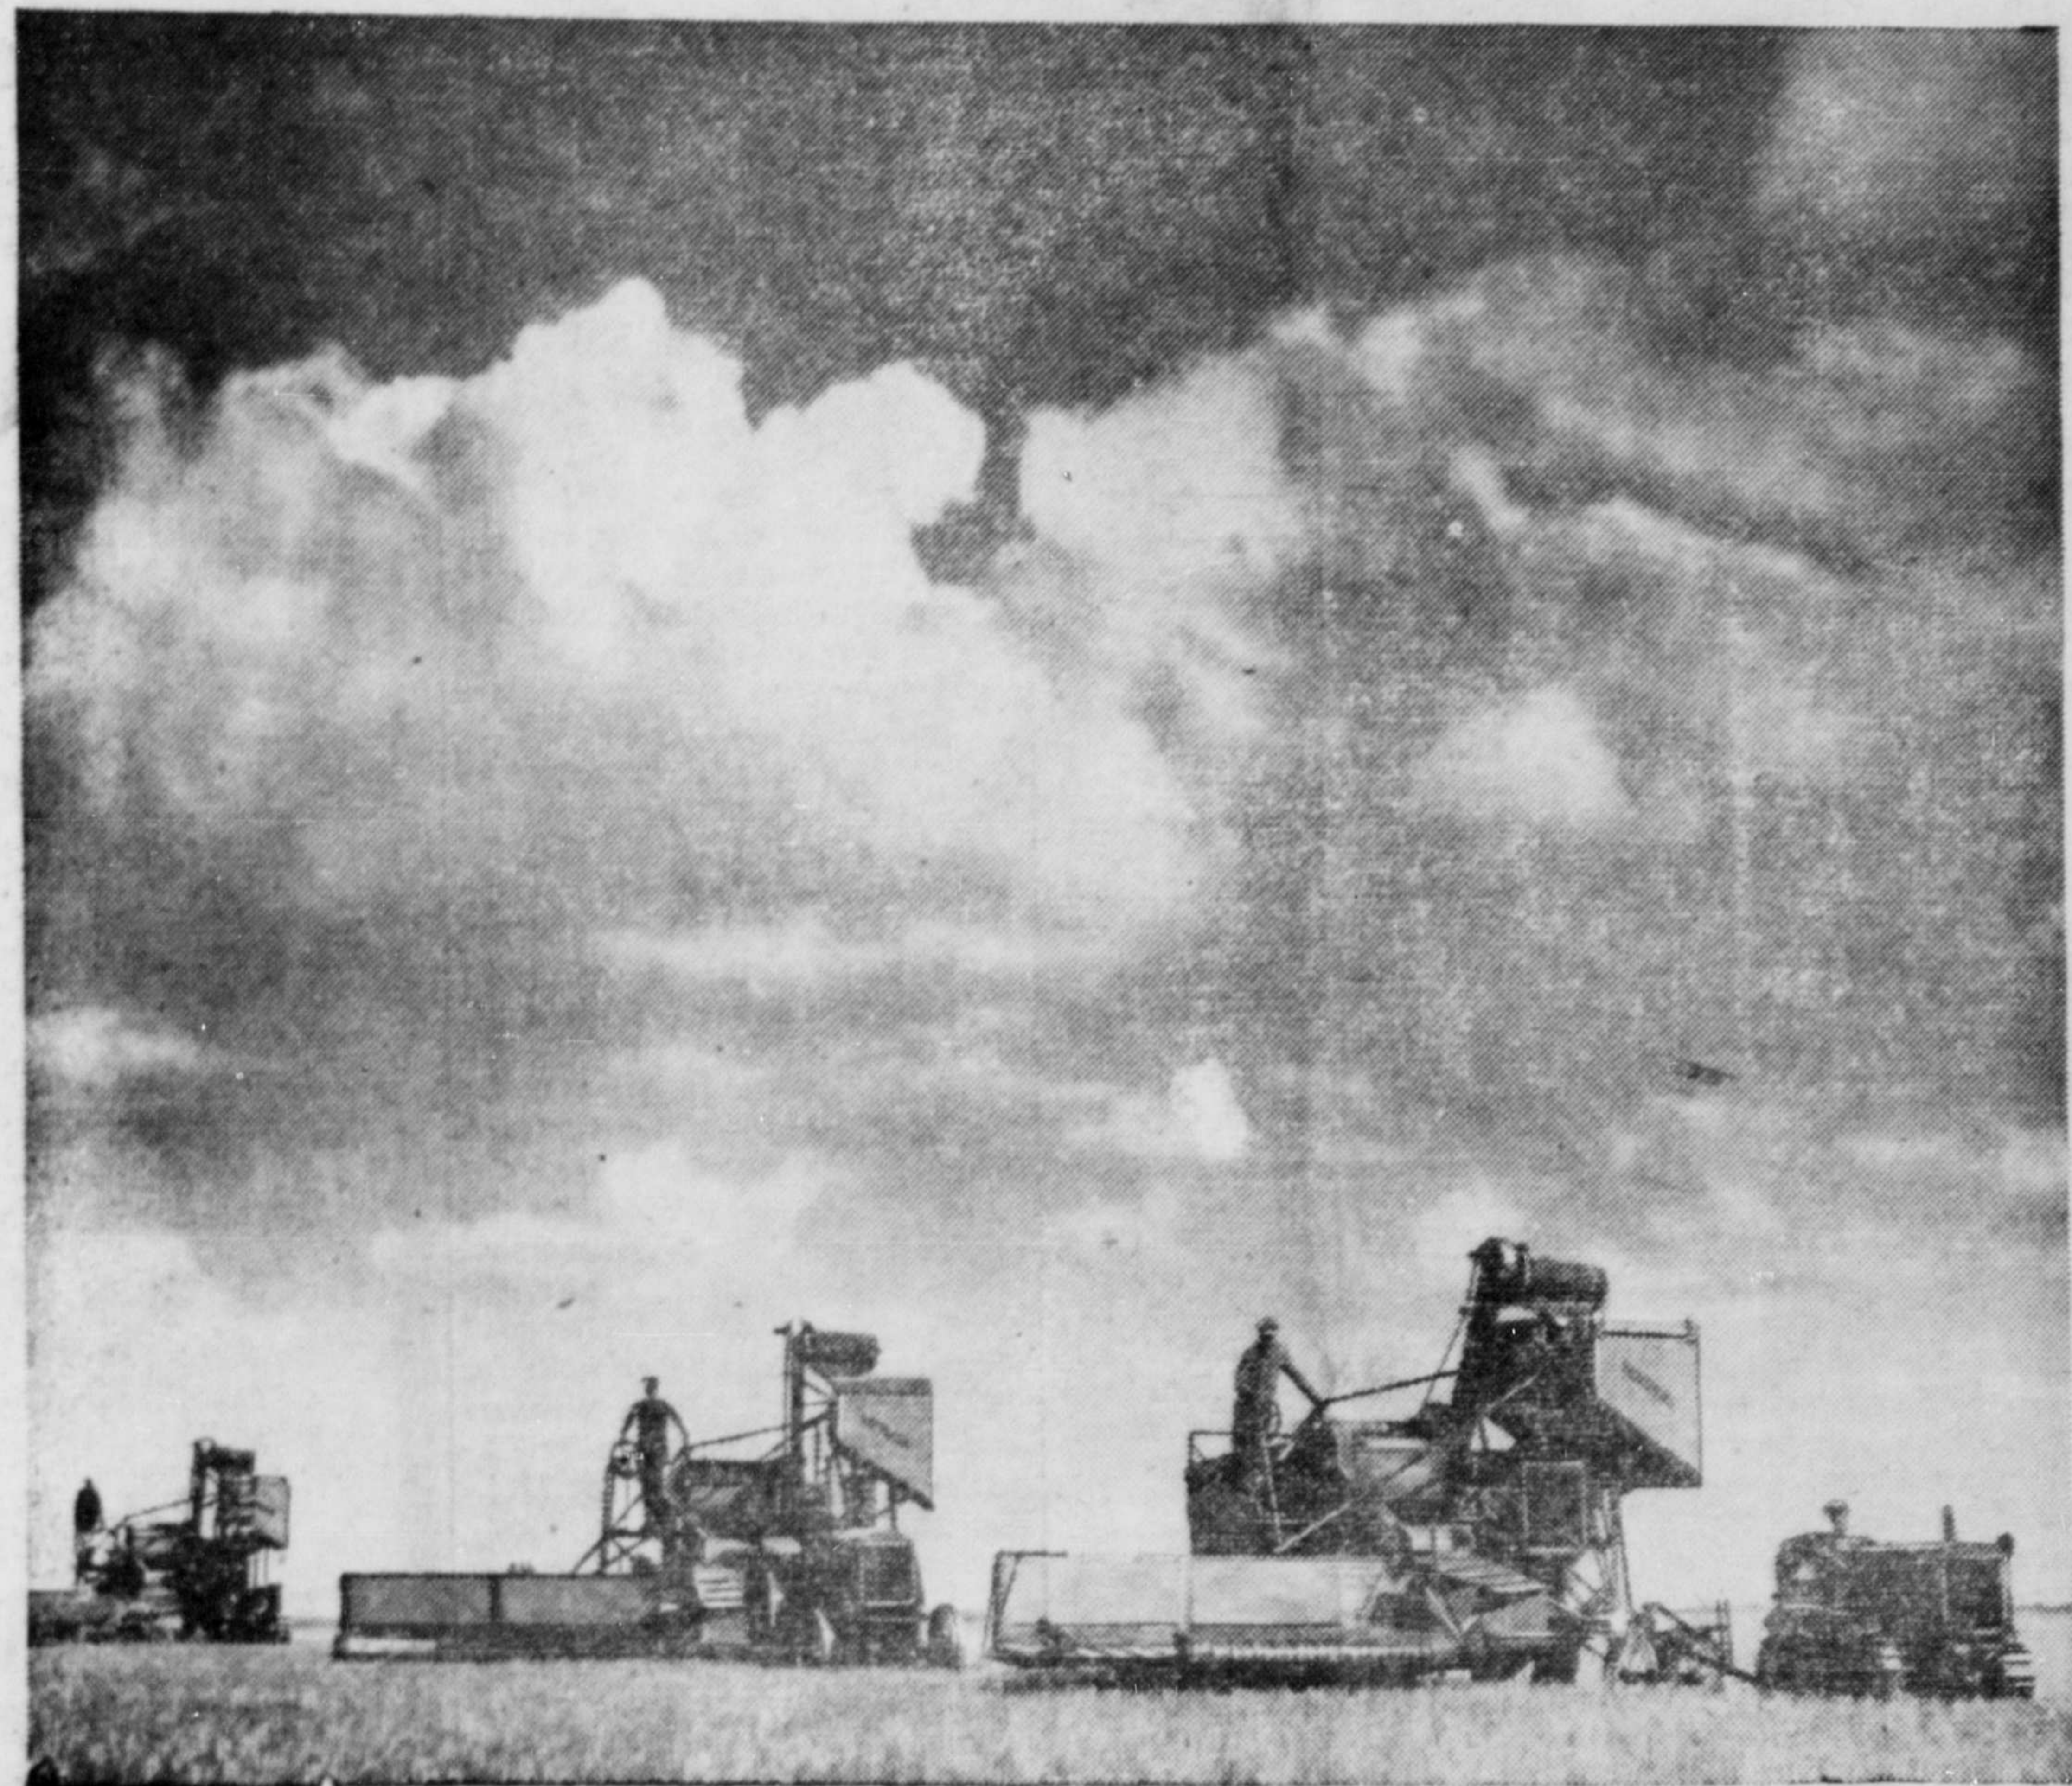

Women Unable to Find Rooms Glad to Sleep at City Jail—Vanderhoof Hospital Puts Up Travelers

Lack of lodging accommodation owing to the increasing volume of transient population is causing the resorting to many expedients not only in Prince Rupert but elsewhere in the district. There was the case only a few days ago of two women who arrived in the city and, in desperation at finding nowhere to spend the night, called at the police station. They were glad to take beds in the women's jail. Recently at Vanderhoof a couple of commercial men were unable were put up overnight at the sisters' hotel accommodation so they slept in a hospital there.

RATIONING IN ALASKA

Would be "Silly" to Try to Put It Into Effect, Declares Delegate Dimond

WASHINGTON, D.C., Oct. 29.—It would be "just silly" to extend food rationing to Alaska, declares Delegate Anthony Dimond. Conditions are impossible there to make for effective rationing administration, says Dimond, since many communities are so isolated that they have to lay in their stocks of such commodities as sugar and coffee far in advance, particularly in winter. The cost of putting rationing laws into effect in Alaska would be tremendous and it would be foolish to attempt to do so.

Ecuadorian Wood Used In Bombers

Timber Coming From South America Plays Important Part in New Planes

LONDON, Oct. 29.—A special wood coming from Ecuador in South America and shipped to Great Britain by way of the United States is used in the building of the new British mosquito bomber, which has been used with considerable success in recent raids against the enemy over western Europe, it has been disclosed.

Germans Gain Ground in New Offensive While Reds Still Cling to Stalingrad

MOSCOW, Oct. 29.—Soviet military dispatches said today that the Germans were gaining ground with a large scale offensive in a new sector of the central Caucasus, attacking deep Red Army defenses across Nalchick Peninsula with troops, tanks, artillery and planes. This shift in invasion pressure southward from the Mordok area was noted as Stalingrad held on in the sixtieth day of siege against German attempts to capitalize a 220-yard gain in fighting yesterday. Blizzards have been raging in the Caucasus and bitter cold has set in.

Alaska Highway Already Open to Traffic With Supplies and Equipment Being Moved North

WASHINGTON, D.C., Oct. 29 (CP)—The entire Alaska Highway is now open to traffic ahead of schedule, War Secretary Henry L. Stimson announced today. Motor trucks this week started moving supplies and equipment to garrisons in North Pacific outposts, using the entire 1,671 miles of roadway, the War Secretary told a press conference, adding that "thousands of trucks will operate over the route all winter, carrying soldiers and supplies to Alaska, and plans are under way to bring loads of strategic materials on their return." The formal opening has been advanced tentatively from November 30 to November 15.

Surge Eastward

Enemy Shifting Forces Toward New Hebrides and Fiji

WASHINGTON, Oct. 29.—With the entire Japanese Navy apparently staging a grand offensive to drive the United States out of the South Pacific, the position on the Solomon Islands appears grave today. It is now admitted that the sea, air and land forces of the enemy are all much stronger. Overwhelming Japanese landings are crowding the Marines on Guadalcanal although the latter are still holding out and the position there may parallel that of Bataan in the Philippines. Whether or not the Americans can hold out for long will depend on the ability to deliver fighting equipment and supplies.

Squaring Off Today

American and Japanese forces squared off today for another round in the spreading fight for the Solomons after a series of land battles had bled the enemy heavily in men and equipment. While the United States air and ground forces fought to hold Guadalcanal air base, the battle of the Southwest Pacific appeared to be surging to a point four hundred miles northeast of the turbulent island.

Superior numbers of enemy ships, planes and men were still reported mobilizing at the approaches to the American bases in the New Hebrides and Fiji Islands where they could strike at the Allied communication lines to Australia.

EDITORIAL

Give Us The News . . .

From time to time considerable criticism is heard at the tendency of those responsible for the dissemination of the war news to hold back on the bad and play up unduly what might appear to be good. This tendency was very much in evidence in Britain for a time. More recently it seems to have been the policy of the United States. There may be hints and rumors of bad news today but nothing official is heard about it until weeks or possibly months later. At times there also appears to be ridiculous censorship difficult of understanding.

By this time the people of our nations should be able to take the bad news as well as the good. Certainly, they cannot be expected to fight their best if they do not know what they are up against. And to feel that they are being deceived even by silence does not inspire confidence.

It is hard to see the force of any suggestion that it is helping the enemy by deluding us.

Those who failed to heed the freely given advice a few months ago to lay in their fuel stocks are beginning now to look forward to the winter with a good deal of misgiving. The coal pile from now on will be a matter of major concern.

The Work of the A.R.P. . . .

The people of the A.R.P. may think their job a tiresome and thankless one. Lack of action, it is to be hoped, may not dull their enthusiasm for their job is really a very important one, one which will be fully appreciated if and when their need by the public becomes real. Only then will the average person be made to forcibly understand what a blessing the A.R.P. wardens, auxiliary fire fighters, special policemen, and all the other workers really are.

The air demonstration which we saw Tuesday in connection with the Victory Loan campaign may have suggested to some thoughtful people what things might happen here should there be hostile as well as friendly planes of that kind around. The A.R.P. workers would then be a very vital part of the local war organization.

If you want to live—LEND.

LAUDS SEA CADETS
 Editor, Daily News:
 I read in your issue of October 24, under the caption of "Y.M.C.A. Activities," signed by the hostess, a suggestion that it would be a good idea for the Sea Cadets to collect magazines, etc., from the householders for the various forts and outlying posts which the "Y" keeps supplied in reading matter.

I know for a fact the Sea Cadets did not fall when requested to gather scrap aluminum, etc., and also delivered to houses bases for scrap for the Red Cross. Also some of them assisted in sorting salvage for the Red Cross. Further quote a few of the cadets are acting as messengers and some as wardens in the A.R.P. I am sure the chief warden values their assistance.

Does the hostess know that the Sea Cadets have an intelligent officer in the person of Mr. Alex Mitchell and that, if he were requested, no doubt he would call the Troop to parade and, with his persuasion, they would gladly volunteer to give a helping hand but you cannot expect these lads to carry parcels of magazines from one end of the city to the other for distribution without the aid of the delivery car which is supplied for headquarters for such purpose. The Y.M.C.A. has a paid staff and have time at their disposal. If the staff is insufficient I suggest addition is applied for from the War Services Incorporated for which we are all collected from and to which we donate our time and subscriptions for this work.

Mr. Editor, I am writing this note because I for one, and I am sure the cadets themselves do not like to be addressed in the local paper as "kids." I am sure only recently some have left the cadets for active service and others will not be long before they will be going.

GOOD HOOP PLAY SEEN LAST NIGHT

High School, Dry Dock and Navy Beat Air Force, Transport and Co-ops

The Army last night was again the scene of three lively basketball games played before the largest crowd so far this season. The Air Force lost to the Booth Memorial High School squad. The Dry Dock beatied its way through a tough United States Transport team. The Navy handily won over Co-operatives in a classy game.

One of the highlights of the evening was the fact that Dry Dock was not charged with a single foul in their game with the American boys who were stopped nine times by referee Hec McKenzie, one of them being banished on the quota of four.

High School looked very smart in their win over the Air Force. They handled themselves nicely in the pinches. The leading point getter was Peter Pustak, the smart little forward, who has been playing bit parts of late awaiting his chance to show his wares. He landed a 15 point total.

The Navy deserved their win over Co-operatives. In fact the sailors had the better of the play in all departments. Co-op still seems to be a little too weak for this league. Why Joe Davis is not in strip for them remains a secret. This youngster is probably the finest rookie in the city and should not be wasted.

The Navy is one of the better outfits judging from last night's showing and will make things interesting for any of the leading teams.

Bob Houston, star guard of city all-star teams for three seasons back, was present last evening on the Dry Dock bench. Due to his military duties he cannot play this season and that's really a blow to such a fine athlete. Possibly he may be lined up with one of the teams to play the occasional game.

SPORT CHAT

This is embarrassing to the mere male as it concerns a certain group of Canadian Army anti-aircraft gunners in Britain who didn't get those red faces from looking into the sun for Nazi planes. To top right out with the truth, a bunch of English girls wallowed the Canadian lads by terrific score of 33-27 in a baseball game. The girls were members of the W.R.N.S. and the game, at a small coast town, was arranged by the Canadian battery sports officer when arrangements for a tilt with a U.S. Army Air Force team was cancelled by enemy action. The Canadians who are taking a resultant ribbing are: Gns. T. H. Wilson of Regina, D. J. Martin of Kingston, Ont.; L. W. Harris of North Bay, Ont.; Freddy Bates of Ottawa, "Elsie" Halsey of Hamilton, Ont.; Bdrs. Cliff Walker of Powell River, B.C.; Jack Reed of Toronto, Pte. W. Patrick, R.C.O.C., Verdun, Que.; Cpl. G. Betts, R.C.O.C. Lachine, Que. and Pdr. Porky Thornton of St. Catharines, Ont.

The 1942 softball champions of the Canadian Army Overseas are a band of huskies from the C.B. O.W., representing the Canadian Reinforcement Units. They whipped a Canadian Division team, made up of a Western Canada artillery regiment, two straight games in the best-of-three finals. The scores were 3-0 and 4-2. Ptes. J. G. Chapman, who played the game around his native city of Montreal, and M. V. Putman of Easton's Corners, Ont., hurled the winning tilts. Sgt. R. A. Jones of Moose Jaw, Sask., pitched both for the losers. Individual plaques were awarded both teams by Lt.-Col. P. C. Wilson, acting for Maj.-Gen. H. L. N. Salmon.

Fit Lt. Ross C. Thompson, Peterborough, Ont., of the R.C.A.F., has his leave plans prepared for next summer—but wishes he had discovered the Thames River earlier. A swimming champion around University of Toronto 10 years ago and a standout paddler and yachtsman around Peterborough, Ross took a week-end canoe excursion up the Thames, including the famed Henley course. "Wish I'd thought of it before," he said. "It would have made a swell summer."

Now! Men as low as CLASS "C" CAN JOIN THE ACTIVE ARMY

Men—if you have been unable to enlist because of your physical condition, then here is your chance! The Royal Canadian Army Medical Corps will now enlist men in medical categories "B" or "C," as well as class "A."

Men are needed to serve as nursing orderlies, laboratory assistants, operating room assistants, radiographers, and chiropodists, and masseurs. Others are needed as clerks, cooks, storemen, and for general hospital work. Experience in medical work is not necessary. But this is a particularly good opportunity for hospital workers, chiropodists, masseurs, and men holding first-aid certificates.

For Enlistment Apply to the Recruiting Officer at PRINCE RUPERT

B.C. LOAN MOVES UP

Has Reached 66 Percent of Objective of \$750,000,000

VANCOUVER, Oct. 29.—British Columbia and Yukon reached sixty-six percent of objective in the Third Victory Loan campaign last night by subscribing \$49,216,799 of \$75,000,000 objective, leaving \$25,783,201 yet to be raised. The number of investors is 63,362.

New Westminster-Fraser Valley leads in general canvass with 69 percent; Vancouver City 57 percent; Vancouver suburban 55 percent; Vancouver Island, 53 percent; Okanagan 51 percent; Kootenay, 46 percent.

Of the larger cities New Westminster leads with 65 percent with Vancouver second at 57 percent and Victoria third, 54 percent.

Up in the Yukon Dawson is over the top with 101 percent.

Coast and Queen Charlotte Islands show 80 percent.

SIXTY-FIVE PERCENT OF LOAN IS UP

Successful Canvasses at Dry Dock and Air Base Proceeding

Prince Rupert's Third Victory Loan campaign reached sixty-five percent of objective up to last night. Subscriptions for yesterday amounted to \$25,450, bringing the total for the campaign to date to \$84,900. The objective is \$530,000 and the reaching of this is now definitely in sight. In fact the expectation is that there will be a substantial oversubscription.

T. J. Boulter, in charge of the general canvass at the Dry Dock, reports a total of \$52,000 subscribed there up to Tuesday. Meanwhile out at the Seal Cove station a good showing is being

made. Flight Lieutenant Van Gordon reports one station objective of \$9,500 having been exceeded at \$9,800 with more subscriptions to come while Flying Officer Boyd reports No. 4 Group Headquarters having put up \$2,200 whereas the objective was \$1,600.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT, Hostess
Oyez! Oyez! Good news for all fans. Tonight and Friday night professional vaudeville troupe of girls and four men, travelling under the auspices of the Army Auxiliary Services, will give performances in the Y hut. They come direct from spectacular engagements, from smashing hits in George and Terrace. In fact, they're good.

Carl is rehearsing another one-act play and guess what? I'm in it. It was Carl's idea, not mine. But if you ask me the surprise hit of the show is going to be Signalman Allan Hincks — he's a natural.

The Midlands have made big preparations for their Halloween dance tonight and I hope as many girls as possible from the regular list of hostesses, Red Cross Corps and I. O. D. E. Cambrai Chapter will turn out. And a tip to the Midland boys, please take the girls who live in Section two all the way home. Their district is particularly dark and the extra lift would be appreciated. At least that is what two of the girls who live there told me. The girls will meet at the Y as usual and wait conveyances.

As I write this a wild whirl has descended upon us, a tornado of giggles, a typhoon of talk and—well you guessed it, the Hamblin girls are back after being, as Phyllis says, away from Rupert six weeks and one hour. Welcome home sisters! It's just grand to have you back and just in time for the above mentioned Midland dance. The Midlands have all the luck.

How many of you boys have written home this week? And as a matter of fact how many of you boys make it a habit to write home regularly? So many come back from leave with the complaint that they seem to have forgotten about them at home. Are they sure they have taken care to keep themselves in the home folks' memory with letters each week? Keep the home fires burning lads.

SPECULATE ON VISIT OF SMUTS

Veteran South African Statesman Soldier in Empire's Mud—South Africa and War

LONDON, Oct. 29 (S)—Prime Minister Winston Churchill's arrival in England and the fact that he is expected to visit the United Kingdom has led to wide speculation regarding his mission. No special information has been released regarding the scope of his discussions with the cabinet or his future movements.

During the Prime Minister's absence, his duties as government leader and minister of external affairs are assumed by Minister of Finance J. H. Hofmeyr. Minister of Railways F. C. Sturrock is acting-minister of defence.

An official announcement states that Prime Minister Winston Churchill's invitation to Mr. Smuts to visit the United Kingdom was reinforced by representations made through Mr. Sturrock who recently returned from Britain. Newspapers in both South Africa and the British Isles are devoting a series of leading articles, pictures and news stories to the Union Prime Minister and his visit.

May Extend Parliament
The next session of Union Parliament at Cape Town is likely to open in mid-January and is expected to continue three or four months. If it is decided to prolong the life of parliament in order to avoid a general election legislation to this effect will be introduced toward the end of the season.

The South African electorate endorsed the government's conduct of the war effort by returning the Reunited Party candidate J. Carinus by a majority of 1,122 over the National candidate in Hottentots-Holland constituency.

"Segregation of natives and Europeans cannot be carried out to a logical conclusion because their interests interlock," declared Native Affairs Secretary D. L. Smit at King Williams Town. He said the economic condition of natives in most urban areas causes gravest concern, and until Europeans are prepared to pay natives better wages, see they are better fed and receive amenities essential to ur-

ban dwellers, South Africa will not have fulfilled its trusteeship as a ruling race.

Meat and Rubber
Huge increased demand for South African meat was illustrated recently in an official survey of slaughter stock. In 1940 there were 721,000 cattle and 3,870,000 sheep slaughtered at municipal abattoirs, and this year's totals are expected to reach 860,000 cattle and 4,804,000 sheep—an increase of about 20 percent. The excessive demand has led to an unprecedented price increase from \$6.45 per hundredweight three years ago to \$11.60 today.

Within the next 18 months South Africa will be producing several hundred tons of rubber annually according to Major R. Stratford, controller of rubber, after a visit to Zululand. He stated that while the rubber may not equal the best from Malaya, it will not be much inferior, and warned that local production will by no means be sufficient for the Union's needs but will help considerably.

CHOCOLATE BEGINNINGS
The making of chocolate from the cacao bean was a well guarded secret of the Spaniards for nearly a century.

The Safest Way to Invest Your Money

VICTORY BONDS REPAY ... Every Dollar You Invest!

When you buy Victory Bonds you are laying up for yourself the best of all investments, for back of each one is your country's solemn promise that every dollar you invest in Victory Bonds will be repaid to you in full, plus a fair rate of interest. You can borrow against them, and they are readily saleable when you need the cash. And that solemn promise of repayment in full is backed by all the vast resources of the Dominion of Canada.

When the war is over, you will want to buy all the things we must deny ourselves now. Then, your Victory Bonds will give you the money to buy all these—and your purchases will provide new employment for our boys when they come home again.

What's your share of the savings job? Well, the average Canadian would have to lend to Canada to meet Canada's need \$1 in every \$5

of income left after taxes and compulsory savings have been collected. But the average may not fit your case. Your own circumstances are distinctly your own. You may be able to do better both out of your current income and out of your accumulated savings in the bank—or you may not be able to reach the average. *Your share of voluntary savings is every dollar you can possibly spare.*

HOW TO BUY

Give your order to the Victory Loan salesman who calls on you; Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

GAMES FOR HALLOWE'EN

Even in Wartime October 31 is The Date and These Will Help The Hostess

By DOROTHY ROE
 Associated Press Staff Writer

When witches walk, and goblins stalk, and Johnny cuts holes in your best linen sheet for his spook costume . . . When even grown-ups feel a thrill of remembered excitement and a tic-tac on the window screen can make you jump and scream.

When jack-o'-lanterns grin through the dim-out and October takes her final curtain call—that, folks, is Hallowe'en, a holiday to be observed, enjoyed and celebrated to the hilt, even in wartime. In most centres there'll be lots of servicemen available as guests of the party.

So invite the neighbors in, bake up a batch of pumpkin pies and dig down in your memory for some of those spine-tingling games that used to make Hallowe'en a wonder and a delight. In case you've forgotten, here are a few that can be dusted off and used for the sure success of any Hallowe'en party:

Play "Murder"

Remember this game? You need a group of a dozen congenial friends, a dash of imagination and an atmosphere of suspense. Prepare the same number of slips as there are persons present. On one write "crown attorney," on another "murderer." Leave the others blank.

Have each guest draw a slip from the hat instructing them beforehand that the one who draws the "murderer" slip must keep his secret. The person who draws the "crown attorney" slip then withdraws to a remote corner of the house, the lights are turned off, the "murderer" selects a "victim" who when he feels stealthy fingers at his throat screams and plays lead.

The "crown attorney" then is summoned and begins the questioning. Rules of the game are that everyone except the "murderer" must tell the truth about where he was and what he was doing when the crime occurred—who was standing next to him and so on. The "murderer" may lie to his best advantage, until directly accused by the "crown attorney" at which point he must confess. The "crown attorney" may have only three direct accusations, although he may use as many questions as he wishes to establish the identity of the "murderer."

Or "Seek the Enemy"

This is merely a new name for an old game, guaranteed to progress with increasing hilarity as the guests in one small room, such as the kitchen. Extinguish all lights in the house. The "enemy" slips out of the kitchen first, and has 15 seconds to hide. Then the other guests emerge to search him out, at 15 second intervals. The first searcher to find the "enemy" must join him in his hiding place keeping complete silence. The next one to find him in his hiding place follows suit, and so on. The game ends when the entire group has gathered in silence around the "enemy." The game has been known to end with a dozen adults standing silently in one bathtub, attempting to hide behind the same shower curtain.

No Hallowe'en party, of course, is complete without ghost stories, wavel!

LIFE IN CHANNEL ISLANDS

Girl Fled German Rule in a Small Boat and Tells of Jittery Nazis

By FOSTER BARCLAY
 (Canadian Press Staff Writer)

LONDON, Oct. 29 (P)—First clean-cut picture of life on the Channel Islands, only British territory under Nazi domination, has been brought to Britain by a young French girl who helped peel potatoes for German workers.

The vivacious 20-year-old girl, identified only as "Mlle. Raymond," fled Guernsey with a fisherman in a nine-foot boat equipped with an auxiliary motor and spent nearly 50 hours bailing water before the little craft caught the attention of a Royal Air Force pilot who signalled a patrolling vessel. She described the morale of the German troops on the islands as "very low" and laughed as she recalled how "panic" broke out during the Dieppe raid which started wild rumors.

"We first heard a rumor the British had landed at Dunkerque, Dieppe and Boulogne," she related. "And when the Germans learned definitely about the raid they lost their heads and started issuing contradictory orders."

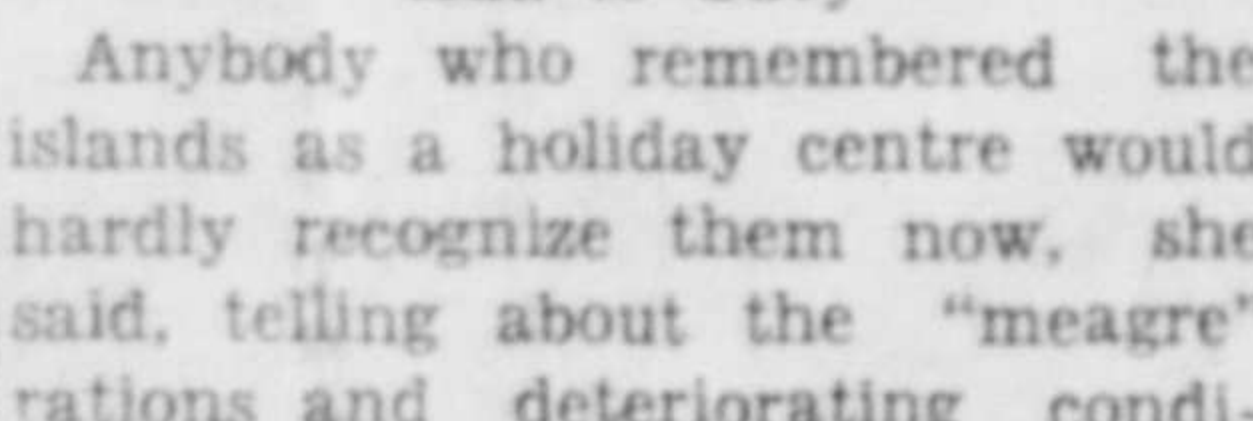

"They put the curfew forward by two hours and all civilians were locked in their houses. Germans, armed with machine-guns and rifles patrolled the streets and quays for several days. They also warned that in event of the British landing on the islands they would evacuate and take the population to Germany with them."

Had to Obey

Anybody who remembered the islands as a holiday centre would hardly recognize them now, she said, telling about the "meagre" rations and deteriorating conditions. The hotels had been occupied by the Germans and about every other shop had been forced to close. The inhabitants were not molested if they obeyed orders, but were punished severely if they caused trouble to the Germans.

"Though the English are nominally free and the young men have not been conscripted, the tempo of life has become very slow and melancholy," she continued. "There are still a few English policemen in the streets and cases which concern the Islanders rather than the Germans are dealt with under peace-time law."

"The retired English who had settled on the islands are treated no better and no worse than the native Islanders. The inhabitants have the same newspapers to read
