Today's War Summary

(By Canadian Press)

New Offensives in Russia

Moscow sees the possibility of the Germans essaying a new major offensive thrust towards the Soviet capital itself while Berlin hears that the Soviet is preparing for a renewal of the offensive westward from Leningrad. There has been renewed air activity by the Germans against Sebastopol on the Black Sea and against Murmansk in the far north.

Japanese Spreading Out

The Japanese are extending the scope of their offensive towards central China beyond besieged Kinwa, capital of Chekiang Province, with an invasion of Kiangsi Province. Meanwhile in Central China the Chinese claim the recapture of twelve villages. United Nations bombers are still hammering at Japanese bases and concentrations in the Burma frontier area. Flying Tigers of the American volunteer group have carried out further successful bombing raids in Yunnan Province. The Chinese have withdrawn from Kinwa.

British Countering in Libya

British armored and motorized forces have engaged in a fierce counter attack against the Axis drive in Libya and there is heavy fighting going on between Tobruk and El Gazala. More hard fighting may be anticipated. Cairo says. Meanwhile Tobruk is safe and the British have mastery of the air.

Another Attack on Paris

The Royal Air Force delivered another heavy attack on the Paris industrial area last night. Forty persons were killed and one hundred wounded. Thirteen British planes are missing. The Luftwaffe attacked the south and southeast coast of England during the night and four enemy planes were brought down.

Every citizen of the country must co-operate in meeting a difficult situation, declared Dudley McGeer of the Wartime Prices and Trade Board staff here who spoke before the Prince Rupert Rotary Club at its regular weekly luncheon on Thursday in regard to the shortage of rubber and gas, vital war commodities. Mr. McGeer gave the club some rather candid facts and figures in regard to the situation and told of plans being made by the Wartime Prices and Trade Board to meet it.

President P. H. Linzey was in the chair and there was a good attendance of members with several guests.

JEWIS PREPARE TO DEFEND THE MIDDLE EAST

These photos, released in London, show what Jews are doing to guard the traditional homeland of Palestine against attack by the Axis. A gun post in a Crusader castle on the Island of Cyprus is manned by Jews from Poland, Rumania, Czechoslovakia and other countries that are temporarily under the Nazi heel. They have already seen service in Greece, Crete and Libya, and expect to see more if the Axis attacks in the Middle East.

Make Escape From Okalla

Four Prisoners Knocked Out Guards Yesterday and Made Getaway

VANCOUVER, May 30. — Four prisoners escaped from Okalla Prison Farm near here yesterday after knocking out two of their guards.

STEP UP AIR WAR

Industrial Paris Heavily Hit Again By British Bombers, Also Enemy Shipping

LONDON, May 30 — Striking heavily for the third time in two months at the same target, strong forces of British bombers raided an important group of factories at Gennevilliers, ten miles from the heart of Paris, during a night of widespread air activity. The Air Ministry reported thirteen bombers missing—seven of the bomber command and six of the coastal command.

An enemy convoy off the Frisian Islands was attacked with a number of supply ships hit and set afire.

Five Canadian squadrons flew with the Royal Air Force in both main attacks.

With a full moon shining, the German air force stepped up attacks on Britain again but it was said eleven planes of some fifty enemy bombers were destroyed.

Lieut. Commander and Mrs. T. McDuff sailed last night on the Princess Adelaide for Vancouver. Lieut. Commander McDuff has been stationed here in the naval service and Mrs. McDuff has been a visitor in the city recently.

Czechs Are Executed

PRAGUE, May 30 — Nazi vengeance for the attempted assassination of Reinhard Heydrich, protector of Moravia and Bohemia, exploded in a new wave of firing squad executions today. Twelve more Czechs were shot by the Germans yesterday, raising the total to eighteen and the Berlin radio said that four others had been condemned to death. The condition of Heydrich is said to be improved. He is apparently clinging to life in spite of three bullet wounds in his spine.

ROBBERY OF BANK

Lone Bandit Gets Away With \$4,000 At Pioneer Mine but Posses Are on Trail

PIONEER MINE, May 30—Posses are scouring the hills here for a lone bandit who held up the Bank of Toronto here yesterday and escaped with \$4,000 in cash. The identity of the bandit is believed to be known.

HITLER IS BOASTFUL

But There is no Confirmation of His Claim that Kharkov Has Resulted in Nazi Victory

LONDON, May 30 — Chancellor Adolph Hitler's field headquarters boasted today that the Battle of Kharkov was over ending in "a proud victory of annihilation" for the Axis.

At the same time Soviet dispatches reported the Red armies lashing out savagely against fresh German attacks.

The Nazi claim was utterly lacking confirmation elsewhere. A Soviet bulletin declared that the Russians had again beaten off German tank and infantry assaults in the Izyum-Barvenkova sector eighty miles below Kharkov where the heaviest fighting has raged for the past eleven days.

Axis Libya Offensive Is Being Countered By Effective Resistance

Many Axis Tanks Have Already Been Destroyed in Four-day Battle Around Tobruk—Italians Admit That Resistance Is Strong

CAIRO, May 30 — On the North African front British headquarters indicate that Field Marshal Erwin Rommel's big tank offensive is meeting with a series of jolting counter blows and declare that "many Axis tanks already have been destroyed" in a four-day battle around Tobruk. An Italian communique acknowledges strong British resistance.

PASSING OF BARRYMORE

End for Famous Star of Stage and Screen Comes Friday Night

HOLLYWOOD, May 30 — John Barrymore, veteran star of stage and screen, died last night. He suffered a relapse after illness with pneumonia, the final collapse having come May 19. His pulse and heart action having become very weak, the last sacramental rites of the Roman Catholic Church were administered yesterday. His brother, Lionel, was at the bedside until the end.

(Barrymore, who was sixty years old, was no stranger in Prince Rupert. He visited here several times with his yacht Infanta.)

Ratepayers Meet— FUTURE OF CITY GOV'T DISCUSSED

Robert McKay Elected President—Special Committee To Study City Managership

Future form of civic government in Prince Rupert following the restoration of local autonomy next January after several years of commissionership was the principal topic of discussion last night at the annual meeting of the Prince Rupert Ratepayers' Association. Finally, a resolution was passed calling for the appointment of a special committee to study the city manager form of municipal government, the committee to report back to another general meeting when it would be decided about recommending to the provincial government the form which the civic government might take. This special committee was named to consist of R. E. Mortimer, Ben Dalgarno and Robert Gordon. The choice evidently lies between a return to the former old form of mayor and aldermen or some sort of a commission consisting of a central elective body which would decide on general policy with a manager who would carry on the administration.

The election of officers for the ensuing year resulted as follows:

President, Robert McKay.
Vice-President, R. E. Mortimer.
Secretary-Treasurer, Mrs. Norah Arnold.

Executive—Robert Gordon, R. A. McLeod, Frank Derry and W. M. Watts.

The retiring president was W. M. Watts who, after the election of officers, gave the meeting over to Mr. McKay.

City Government

At the opening of the meeting correspondence which had passed between the association and the provincial government regarding the future form of civic administration was read. From this it seemed evident that the government was disposed to favor a return to the straight mayor and council rather than to grant a special charter which would be necessary under a city manager-ship plan. The government had failed to bring in enabling legislation to provide for a special charter here.

Theo Collart thought the best thing to do would be to proceed with the election of mayor and aldermen, putting into office a council that would work along the lines of city manager-ship.

Robert McKay thought the Ratepayers' Association, rather than the Chamber of Commerce or such organizations should take the lead in determining the form that the new civic government should take. He was disposed to the idea of an elective body which would set policy with a superintendent who would carry out the

War Comes Closer . . .

The war is coming closer to our shores and there is every reason to expect that it will come closer still. There is nothing to be unduly alarmed about, else the authorities would tell us about it. With attack of some form a very real possibility, however, it is well for us to be prepared for any eventuality. We are being warned and it is well that we should heed the warnings and do what we can to protect ourselves should the emergency arise.

Attack may never come our way. On the other hand, it very well may if the enemy should feel inclined to single us out. We should at least look to our own defences, individually to protect not only ourselves but our neighbors also.

With the tempo of war hourly increasing, it is but sensible for us to take our position into realistic consideration and act accordingly.

Rationing In Canada

Canadians, even yet, are feeling little pinch in the way of rationing such as do the people in some less fortunate lands, particularly in Britain where they complain so little. As far as food is concerned, not a single commodity has yet been couponed. We are asked so far to go on our honor in rationing ourselves even the honor rations are not going to hurt very many of us.

It is important to realize that, if we co-operate now by observing the honor rations, it may prevent more drastic rations later on which might conceivably be more of a hardship.

Five Who Are Eight . . .

The Dionne quintuplets are eight years old. In many respects it is woman's most delightful age. At eight she sits on a man's knee without hesitation, affected or genuine, and without putting the knee to sleep.

Unlike the older women of the household, she enjoys listening to him. In fact, she encourages him to talk, and she believes any story he tells her. Her curiosity over what became of his hair is sometimes embarrassing, but her sympathy with him in its loss is unquestionably sincere.

While unduly interested, perhaps, in the state of his exchequer and never too proud to accept pecuniary aid, she is no gold-digger whose gratitude is measured by the amount of the contribution. For as little as two copper cents she will bear-hug his spectacles all out of shape, and he feels sure she means it.

At eight she is more or less front-toothless, it is true. But she doesn't yet chalk her nose or paint her nails, and she hasn't begun to use tobacco. All in all, a charming age.

SPORT CHAT

Many fans have been taking wrestling a la gossip for a long time. Now promoter Dido Gurvich is bringing to a fact a wrestling card for Friday June 5. Fortunately, he has right here in Prince Rupert some of the best wrestling talent in the country. George Bunka and Jimmy Brett will headline the forthcoming bill.

George Bunka is one of the finest wrestling instructors in Canada. He is also one of the toughest, roughest wrestlers in the business. His ability to make his opponents suffer has won him wide acclaim throughout Canada and the Empire. He is strong, clever and tough.

But Bunka will have to be at his best when he meets Jimmy Britt in the main event next Friday night. Britt, himself recognized as the British Empire light heavy-weight champion, is no pushover in any man's country. Jimmy has been in the business for many years and knows how to take care of himself in any kind of company.

Although Bunka holds a win over Jimmy, Britt vows to get sweet revenge. This match puts two of the toughest grapplers in the business in opposite corners and should be one of the best ever seen here.

RATEPAYERS MEET

administration without interference.

George B. Casey did not think such bodies as the Chamber of Commerce and Trades and Labor Council were representative of the ratepayers of the city. He favored the election of a city council which would have the full right to determine what form the future government of the city should take. City management smacked too much of dictatorship, Mr. Casey thought.

Mrs. Alex Mackenzie felt that the people who paid the bills—the ratepayers—should have the say in determining civic administrative authority.

W. M. Watts felt that, if a system other than the straight mayor and council was wanted, representations should be made as soon as possible to Victoria. He proposed, and the idea was adopted by resolution, of having a special committee to study city management and report back to another general meeting, recommending line of action. In the course of his remarks, Mr. Watts went on the defensive for the Chamber of Commerce, resenting some rather slighting remarks which had been made in regard to that body.

Flying Officer and Mrs. Thomas Chase-Casgrain, who were married here yesterday, were passengers on last night's train enroute to Montreal. Mrs. Casgrain was the former Miss Myrtle Gerow of the Prince Rupert Hotel.

FLOWER DISPLAY

Show Window of McRae Bros. Is Interesting Spot Downtown This Week-end

An interesting spot downtown this week-end is the show window of McRae Bros. store where the Prince Rupert Horticultural Society has assembled the first of a series of flower displays representing local gardens which are to be presented during the coming summer.

Tastefully arranged under the direction of Mrs. R. M. Winslow, Mrs. James Gillett and Mrs. Thomas Priest, this display features many beautiful spring flowers such as tulips, lilacs, broom, narcissi, pansies, iris, cornflowers, lilies-of-the-valley, California poppies, daisies and white rock.

Mrs. Priest's display of rockery growth is a unique feature. The entire display is backgrounded by native wild cedar foliage and the whole thing is very effective, causing considerable favorable comment from those who have already seen it. In connection with the display, there was a contest among High School pupils for decorative posters. Those selected for use in this display are by H. Lee and J. Johnson. The winners will be judged later.

Campaign Being Started To Raise Funds Here For Machine-To-Go To Norwegian Air Force

With Dr. Jens Munthe, Gunnar Selvig, Jack Ivarson, Henry Stangebye and others as the moving spirits, a campaign is being started among local Norwegians to raise sufficient funds to purchase a training plane for the Norwegian section of the Royal Canadian Air Force. A public meeting of local Norwegians is called for next week to perfect organization of the campaign. With upwards of 1500 Norwegians resident in Prince Rupert, it is considered there should be a minimum of difficulty in raising the necessary money at this time.

HOUSEWIVES WOMAN IS PLAY PART EXCITING

British Women Doing Valiant Work In Providing Munitions and Supplies for Great Effort

By FOSTER BARCLAY
 (Canadian Press Staff Writer)

LONDON, May 30. — When the war's history is written the part of Britain's "Housewives' Brigade" played to stock the Empire's arsenal will be engraved in bold letters.

FOSTER BARCLAY

At a conference of the Women's Trade Union Congress, delegates minced no words in describing the task British women are performing to produce modern munitions.

"Women, equally with men, are helping to win the war," declared Miss F. Hancock, chairman during the session. "They are doing a class of work which we never believed they would undertake. They are at work in the open, lifting and painting steel girders. They are handling explosive powders which they can only touch for short periods because of the risk of contracting dermatitis and personal disfigurement. They are doing the job cheerfully, however, and are as determined as men to endure whatever hardships are necessary."

Women With House
 Miss Hancock didn't mention the "Housewives' Brigade"—women with a house, husband and family to look after—but they, too, are sharing the burdens shouldered by girls called into services and war factories.

Thousands of married women outside the call-up age and living within easy distance of factories have volunteered to combine housework and war work. Officials declare they are as deft and efficient as younger girls.

Typical of the spirit displayed by the unofficially recognized body are the women at a certain village in Surrey. They banded together and converted the village hall into a factory for making aircraft engine covers. The factory employs only two full-time workers, a su-

"The Men In Her Life," With Loretta Young, Coming To Capitol Theatre At First of Week

A tender romantic story set against absorbing, colorful backgrounds of the theatre and capitals of the world, "The Men In Her Life," starring Loretta Young, is the feature picture for next Monday and Tuesday at the Capitol Theatre here.

Miss Young plays the part of a glamorous world-renowned theatrical celebrity who uses the hearts of men as her stepping-stones to fame, rapture and final triumph. The story takes the actress through a fifteen year period of struggle and success, heart-break and happiness. Although the girl's climb to fame and gradual descent to obscurity before she wins an entirely new and greater success are shown in broad and thrilling fashion, it is the off-stage life of the irresistible woman which occupies a greater attention of the interest and warmth of the film.

Conrad Veidt, Jean Dagger, John Sheppard and Otto Krueger are "The Men In Her Life" and Eugene Leontovich, Broadway star, is also an important featured member of the cast.

supervisor and an assistant. The 48 others work at least five hours daily, six days a week.

30 to 72

A big Midlands factory employs about 300 part time workers, women who rise early, house clean and pack their children off to school. Then they go out to work. The youngest is 30 and the oldest 72, white haired Mrs. James Topping. She trudges three miles a day for the afternoon shift.

The "Housewives' Brigade" is growing steadily, but authorities estimate there are still about 1,500,000 married women who are not devoting a few hours each week to war work.

"To them the war is still an affair for the women next door," was one comment. "They prefer bridge or shopping. Production will never be up to standard until we get those women—and we will in the end."
