LONDON-An Axis tanker was torpedoed in to nel last night, the Admiralty announces.

IN SOUTHWEST PACIFIC

BATAVIA-The general trend of the war in the southwestern Pacific was reported little changed late today. The enemy are continuing to concentrate their drive against Java and Burma and are endeavouring, under heavy obstacles in the way of united nations resistance, to strengthen their attacking forces in the all-out smash in both directions as the immediate objective.

JAP ROUND-UP STARTS

Police Busy Yesterday Taking Radios, Cameras and Arms-Must Stay in at Night.

In compliance with a new federal order, police here, under direction of Inspector Ernest Gammon, yesterday rounded up all cars, radios and cameras in the possession of all people of the Japanese race. Three cars, 24 radios and 22 cameras were taken. Firearms had previously been surrendered and no explosives were found.

There was no trouble whatever, the authorities reporting that the Japanese themselves complied quite willingly when called upon to relinquish these articles all of which are being carefully tagged and stored.

Co-operating with the police were special provincial police reserves from among civilian men who have been organized for some time.

Like in other protected areas the curfew law whereby Japanese must stay indoors from dusk to dawn is also being enforced here henceforth.

Although, according to a Vancouver interpretation, "the curfew means the closing of all Japanese stores and the evacuation order means the vacation by Japs of their homes," no emy. steps along these lines have so far been taken here.

and eleven men from four ships representations to Ottawa about Twenty-Seven Nipponese Vessels Sunk Or Set Afire in Twenty-Four Hours-Tokyo Claims to Have Annihilated Allied Fleet.

COUNTER STROKE DEVELOPING

BANDUNG, Java, March 2: (CP)—The Allied counter-stroke delivered against Japanese invasion forces striking into Java was declared officially tonight to have "developed satisfactorily" but details of the defence are kept secret. A communique admitted that "the situation in some parts of Java is obviously critical" but added that the invaders are "receiving blows hammer and tongs." Although there is no direct threat to Batavia as yet, vital objectives there are being made useless to exclude risk.

BATAVIA, March 2:-Although twenty-seven Japanese warships and transports had been sunk or set afire and six others seriously damaged during three days in the Battle of Java, Japanese forces landed on Java Sunday, Allied bombers inflicting heavy losses upon them. American and Dutch submarines blew up one Japanese

warship and set fire to another as well as sinking a large transport.

Tokyo boasted that the Japanese fleet had "virtually annihilated the main force of the combined Allied South Pacific fleet and now is engaged in mopping

up the remnants." The Japanese claim that five Dutch cruisers and ten destroyers had been sunk and that the British had lost a heavy cruiser and two destroyers. The Great War, passed away Sunday Dutch admitted loss of two cruis-Dutch, British and Australian

THINK THIS OVER

If the Nazis or Japs ever occupied Canada do you imagine you'd be given the honour and privilege of buying any kind of Bonds: You would not! Then go all out to defeat the enemy with your money-and

> Buy the new VICTORY BONDS

Albert & McCaffery Llu.

PHONES 116 OR 117 ***********

Canada's commercial production of leaf tobacco in 1941 is estimated at 87,032,500 pounds from 70,-500 acres compared with 61,136,100 the same reason that aviate
