TIDE OF WAR HAS NOW TURNED IN FAVOR OF ALLIES SAYS PREMIER

Winston Churchill Says United Nations Air Mastery Has Become Determining Factor

EDINBURGH, Scotland, Oct. 13 (CP)—In a speech here yesterday, Prime Minister Winston Churchill pictured the British Empire, the United States, Russia and China as moving steadily onward from strength to strength. He said: "Hitler's prospects have darkened to an immeasurable degree."

United Nations air mastery over Germany, Italy and Japan is definitely growing, declared Prime Minister Churchill in his address. Four factors had marked the turn of the war in favor of the Allies, Mr. Churchill declared. These factors were the acceleration of merchant shipping, the greatly increased tonnage of bombs dropped on Germany as indicated in August and September, the continued safe arrival of United States forces in Great Britain and, above all, the definite growth of air supremacy of the United Nations.

Above all the threats and shouts of the enemy could be perceived a "fearful state of mind" on the part of the Nazis, an undertone of fear

and a consciousness of guilt," Mr. Churchill said.

The Russian army is still unbeaten, the Prime Minister said, and Hitler already sees his slow and remorseful doom.

The Prime Minister gave assurance that "no weakness will be shown" to the Germans in the dispute over the chaining of prisoners of war. Mr. Churchill declared: "I say that to show weakness of any kind toward such a man as Hitler is only to encourage him to further atrocities." The Prime Minister spoke in Edinburgh while he accepted the freedom of the city.

Mr. Churchill was taken to be hinting at a second front when he said that a stern and sombre moment was coming when wisdom must be tempered with daring.

WAR NEWS

NAZIS RESUME ASSAULT

MOSCOW—After a three day lull, the Nazis have resumed their frontal assault on Stalingrad. A Russian communique yesterday said that the Red Army had gained ground northwest of Stalingrad and in the Caucasus. The German assault within Stalingrad had been confined to artillery and mortar attacks until yesterday when the full assault was resumed. This is the fiftieth day of the siege of Stalingrad. While fighting at the city itself had slackened for a time, the battle around the northern industrial section of Stalingrad continues without let-up. Upwards of 2,000 air attacks have so far been made by the enemy upon Stalingrad and seventy-five planes come over daily. Marshal Timoshenko has been consolidating positions menacing the flank of the Nazis to the northwest between the Don and Volga Rivers, while the German infantry attack on Stalingrad had slowed down and the Russian artillery toll on the enemy forces was increasing. The resumed German offensive changed the picture.

NORTH AFRICA WAR

CAIRO—Allied armies are preparing for the inevitable showdown battle with the German Africa corps. Attacks are being made on enemy supply routes and depots by day and night. There have been further heavy air attacks on Tobruk and Bengasi. A renewal of Axis bombing of Malta suggests attempts to reinforce the North Africa army.

GERMAN MORALE DETERIORATES

LONDON—Antoine Delfosse, Belgian minister of justice and information, who recently escaped to Great Britain, said there is a gradual deterioration of the morale of the German occupational forces in Belgium. He also declared that Germany is on the verge of collapse on the military and home fronts.

BATTLE OFF NORWAY COAST

LONDON—The Swedish radio reported today that British submarines had fought a lively engagement with four armed German merchant ships off the Norwegian coast.

FETTERING PRISONERS

OTTAWA—The number of German prisoners of war in Canada who have been shackled does not exceed 1,300. All prisoners being fettered must be physically fit. Chaplains, doctors, wounded and sick are not bound. There is no change of rations which are the same as the Canadian army gets. Among those bound are prisoners in the camp near Sudbury, Ontario.

RABAUL HEAVILY HIT

MELBOURNE — For the second night United Nations bombing planes staged a mass attack on Rabaul, New Britain. Forty tons of bombs were dropped. Within 48 hours sixty tons of bombs were dropped on New Guinea.

ARDUOUS EXPERIENCE

LONDON—Sixty-four Netherlands seamen who went through arduous experiences after having been cast ashore on a barren Arctic island to the north of Norway when their ship was sunk while carrying supplies to Russia have reached England. One of their number lost his legs from frostbite. Details as to how they were finally rescued have not been revealed.

DUCHESS OF ATHOL SUNK?

LONDON—There is no confirmation in Admiralty quarters of claims by the German and Italian radio that the 20,000 ton Canadian liner Duchess of Athol has been sunk in the Atlantic.

NAZI SUBS HIT

LONDON—Four Nazi submarines were damaged and probably probably sunk recently in an attack on an Allied convoy, it is announced.

GERMAN TRANSPORTS SUNK

MOSCOW—Five more German transports have been sunk in the Baltic Sea by Russian naval action, it is announced here.

TEN WARSHIPS LAUNCHED

WASHINGTON—Ten new warships for the United States Navy were launched Sunday in shipyards on both Atlantic and Pacific coasts.

NAZI GOVERNOR INDICTED

LONDON—The Norwegian government in exile has indicted the German military governor of occupied Norway on the charge of murder of 135 Norwegian patriots as a result of the recent wave of terror by the Gestapo. This indictment in absentia means that the German governor must stand trial for his life after the United Nations have won the war. Anti-Axis patriotic activities in Norway are increasing despite accentuated repressive measures of the German authorities. Some authorities see in these repressive measures a reflection of Adolf Hitler's fears of an invasion by the United Nations. The real reason, they believe, is fear and not the sabotage attempts of the Norwegians.

Famous Movie Horse Is Dead

Tony, Which Belonged to Tom Mix, Was Forty Years Old

HOLLYWOOD, Oct. 13 — Tony, famous horse of the late Tom Mix, former western movie star, is dead. Forty years of age and unable to lift his head, Tony was destroyed on Saturday.

England-Scotland Tie In Football

Neither Side Were Able to Score In International Match Played On Saturday

LONDON, Oct. 13 — England and Scotland played a scoreless tie on Saturday in an international soccer match.

Willkie In Flight Home

EDMONTON, Oct. 13 — Wendell Willkie and his party arrived here Monday from Fairbanks, Alaska, where they had landed Sunday from China via Siberia, having travelled by plane. Willkie is homeward bound from a globe-girdling trip which has included visits to Egypt, Turkey, Iraq, Iran, Russia and Chungking. He was to leave for Minneapolis today. The trip had been one of the fascinating experiences of his life. Willkie said. He had nothing to say about a second front.

Tanker Is Sunk Off This Coast; Separate From Another Affair

Forty-eight Survivors Landed From One Ship—Six Lost Their Lives in Another

AT A UNITED STATES PACIFIC COAST PORT—Forty-eight survivors of a medium-sized United States coastal tanker were brought here on October 6 by a foreign vessel flying a neutral flag. It had picked them up two hours after their craft was torpedoed and set afire off the Oregon coast October 4 and later lost with one fatality. This torpedoing is separate from one announced by the Navy October 10 in which six men were killed.

In both cases the ships were described only as medium sized vessels. Position of first sinking was not given but the second was located off the Oregon coast. Survivors of the first sinking were saved by a lumber schooner which sailed right into the danger zone, playing searchlights on the water. Thirty-one were saved but Chief Engineer, third mate and four men of a navy gun crew lost their lives.

In the second sinking the rescue ship was a freighter flying neutral flag. The only fatality was a seaman who jumped overboard.

BIG NAZI AIR LOSS

Suffered Heavily of Aircraft as Allies Staged Great Daylight Raid on Lille

HANOVER BOMBED
LONDON, Oct. 13—There were renewed raids over northern Germany Saturday and Sunday nights. Hanover was one of the objectives hit.

LONDON, Oct. 13—One hundred German fighter planes were put out of action in resisting the great daylight raid of United States fly-fortresses and British fighters on the industrial city of Lille at the week-end. The list included 48 planes destroyed, 38 probably destroyed and twenty-four more damaged.

Chili President's Trip Called Off

Will Not Make Proposed Visit to United States

SANTIAGO, Chili, Oct. 13 — President Rio of Chili has cancelled a proposed trip to the United States to meet with President Franklin D. Roosevelt. The action is believed due to recent charges that Chili and Argentina had been used to convey information and assistance to the Axis particularly in the way of helping enemy submarines to attack Allied shipping.

QUOTA IN LOAN SET

Prince Rupert Being Called Upon To Subscribe \$300,000 On This Occasion

The objective for the city of Prince Rupert in the forthcoming Third Victory Loan campaign is set at \$300,000—\$480,000 from general canvass and \$50,000 in special names, it is announced. The objective for the Second Victory Loan here was \$390,000 which was substantially exceeded. Organization for the drive is now being launched along the usual lines, the intensive campaign to start with the opening of the loan lists on Monday of next week.

NAZIS ARE ATTACKING STALINGRAD

Resumption of Assault After Three-Day Lull—Winter Coming On

MOSCOW, Oct. 13 — Weakened but still attacking Germans struggled to get a fresh offensive going against Stalingrad today while Red Army troops were reported cutting into several sectors of the Mozdok area by vigorous counter-attacks.

The renewal of the assault on Stalingrad after a three day lull was devoted to artillery duels and found both German and Russian soldiers muffled in great coats against autumnal chill.

The Russians said that the arc of fire held off the invaders after minor penetration of single streets yesterday with the Red soldiers holding the Germans northwest of the city and in the suburbs.

Russian motorized infantry was reported checking all enemy attacks against the left flank south of the burning city.

ASSISTING OF ALLIES

To Divert Enemy From Russia and China, Says Roosevelt—Youths To Be Drafted

WASHINGTON, D.C., Oct. 13—President Franklin D. Roosevelt, in a nationwide radio fireside talk last night, intimated that a new Allied military offensive was being developed to divert enemies from Russia and China. Allied strength was becoming steadily greater and he had supreme confidence that the United Nations would win the war.

President Roosevelt announced that legislation was being introduced to draft eighteen and nineteen year old men. Utilization of manpower would continue on a voluntary basis but rationing of labor between industry and agriculture would probably soon be necessary.

YANKS ARE IN BRITAIN

Another Large Convoy of Troops Successfully Crosses Atlantic

LONDON, Oct. 13—After a successful crossing of the Atlantic Ocean which was disturbed only by minor alarms, a large United States troop convoy arrived in Great Britain during the week-end. It consisted of thousands of highly trained troops of nearly every branch of the service including bombers, fighters, infantry units, signals, medicals, engineer and quartermaster corps.

Twenty-Five Axis Planes Are Bagged

CAIRO, Oct. 13 — British planes, fighting off a terrific Axis aerial assault on Malta yesterday, shot down at least twenty-five Axis planes and damaged about fifty, it was announced today.

STOPPING OF FIRES

Ample Protection is Provided on Railway System

MONTREAL, Oct. 13.—Fire prevention is a matter of continuous study throughout the Canadian National Railways system and fire loss involving damage has been minute in comparison with the value of the plant, equipment and other property in operation," said H. A. Dixon, chief engineer of the Canadian National Railways, who is responsible for all matters concerning fire hazards and the prevention of fire on company property.

"We have always taken the question of fire prevention seriously," he said, "and from coast to coast and across the border all of our men are keenly conscious that the big thing is to prevent the fire. Fire hazards and fire prevention are discussed at meetings of the co-operative committee and every workers notes and reports hazards which might result in a damaging fire."

At all shops are roundhouses throughout the system, workers have been organized to deal with fires. Canadian National plants closely co-operate with municipal fire departments. Fire fighting equipment is installed, sand containers and hydrants placed at strategic points, a plentiful supply of water assured, roadways on plant properties are kept open and free of obstructions so that fire fighting apparatus can proceed directly wherever needed.

Complete protection has been assured at the Canadian National shipbuilding yard by the installation of pipe lines and hydrants and the provision of adequate water supply. As a further protection, the company has a fire fighting board.

STUDENTS TO FIELDS

Colleges Emptied So Men May Help in Prairie Harvest

TORONTO, Oct. 13.—More than 700 college students from various points in the province left Toronto during the week-end over Canadian National Railways lines for western Canada to help with the harvesting of Saskatchewan's huge unripe wheat crop.

A party of approximately 150 members of Queen's University, Kingston, left here Thursday night in extra attached to "the Continental Limited" for Regina and Saskatoon Friday evening.

Operating as a section of "the Continental Limited" another train left the Union Station Saturday night, with approximately 400 students on board. Of this number, 250 are representatives of the University of Toronto, bound for Regina. The remainder coming from Guelph Agricultural College and Western University, London, enroute to Saskatoon.

This train consisted of colonist cars and was so fitted that the students could arrange their own beds and, if desired, cook their own food, since the cars were equipped with kitchen, range and fuel. However, for those who did not wish to use these facilities, a lunch counter car, where food might be obtained at a reasonable charge, was being attached to the train," said Mr. Bourlier.

CROFT BROOK IN VANCOUVER

Well Known Naval Officer Home On Leave From Duties in Atlantic

VANCOUVER, Oct. 13.—Home on leave after service with the Canadian Navy overseas, Lieut. C. G. Brook, who was manager of the Standard Oil Company of British Columbia Ltd. at Prince Rupert for several years, is now in Vancouver.

Outside of saying that he had

been serving on a corvette, Lieut. Brook was unable to tell a Daily News representative anything about his activities. He arrived here on leave on September 20 and will be leaving shortly. Mrs. Brook has been residing in New Westminster during her husband's absence.

Regretting that he would be unable to visit Prince Rupert during his present trip, Lieut. Brook said that he had met a number of Prince Rupert men during his travels. He had worked with Lieut. Orme Stuart, second in command of a vessel in the British Navy, last winter; he had met Bob Elkins, a rating in the Canadian

Navy, in Newfoundland; and he had encountered Lieut. Jack McRae, of the Canadian Navy, at an Eastern Canadian port, where he had also run into Lieut. George Dybhavn and Lieut. Howard Hibbard.

Lieut. Brook was a visitor at the luncheon of the Vancouver Gyro Club last week.

Funeral of Well Known Prince Rupert Woman Takes Place In Interior Town

The funeral of the late Mrs. Lily Preece, wife of Jack Preece, took place at Smithers on Saturday afternoon from the Anglican Church, Rev. Mr. Atkinson officiating. Many friends were in attendance.

Mrs. J. M. Collison presided at the organ to accompany the hymns which were "Lead Kindly Light"

and "Abide With Me." Interment was made in the family plot.

Pallbearers were Charles Morris, William Curtin, A. L. Ewert, Angus McLean, C. P. Downey and L. H. Kenney.

Mr. Preece, the widower, Miss Edith Gandy, sister of deceased, and Frank Morris, manager of B. C. Undertakers, returned on Sunday night's train from attending the funeral at Smithers.

There are no calves in Alaska and when a cow dies, another must be imported.

You've got a job, but...

YOU'VE GOT A JOB; SO HAS EVERYBODY ELSE. But what about after the war? You and everybody else will want a good job then.

Well, there is one way that you and everybody else can help to insure a good job after the war. That is for you and everybody else to save as much as you can out of your present earnings and buy Victory Bonds. Then you will have money to spend after the war for things that you can't buy now, or that you shouldn't be buying because they are not absolutely necessary. We refer to all luxury goods, and a host of other things that cannot honestly be called necessities in time of war.

Many firms that manufactured these goods in peacetime are now making munitions or other war supplies. After the war, the quicker they can switch back to making their peacetime goods, the sooner they will be able to carry on with peacetime employment.

So, you see that, quite apart from the patriotic appeal to save and Buy Victory Bonds, there are sound business reasons for doing so.

Authorize your employer to set aside a definite sum from each pay envelope to buy Victory Bonds. DO IT TODAY. The repayment of every dollar you invest in Victory Bonds, plus a fair rate of interest, is guaranteed by Canada.

MAKING OF MUNITIONS

Canadian National Puts Important Official in Charge

MONTREAL, Oct. 13 — John Roberts, chief of motive power and car equipment, Canadian National Railways and managing director of National Railways Munitions Limited, will in future devote his entire time to the direction of the big munitions plant operated by the National system, it was announced here today by N. B. Walton, vice-president in charge of operation, maintenance and construction. The change takes place immediately.

Mr. Roberts has been successfully carrying on two very big jobs, Mr. Walton said in making the announcement, "and it is felt that arrangements should be made so that he will be able to devote his entire time and energy to the extremely important work of production of munitions."

Born at Kilmarnock, Scotland, in 1881, Mr. Roberts entered the service of the Canadian National as machinist in the motive power shops at Stratford in 1903. He became charge hand there in 1907 and was made foreman of the machine shop in 1917, becoming general foreman in 1920. In 1921 Mr. Roberts was appointed acting superintendent and later in the same year was confirmed in his appointment as superintendent of the Stratford shops where he continued until his appointment as general supervisor of shop methods for the system in 1925 at which time he moved to Montreal. In April, 1933, he became chief of motive power and car equipment. During his service as chief of motive power, Mr. Roberts devoted himself to the problem of increasing the efficiency of the system locomotives and each new class has shown an improvement over the preceding one. The latest 6200 class, the series of which recently came into the service, has numerous improvements including new methods of steam delivery which has proven successful in reducing coal consumption and effecting economy in operation. Present day Canadian National locomotives haul heavier loads at greater speed with less coal consumption than those of a generation ago.

Well Known Local Railway Man Transferred to Alberta Capital

Harry Thrupp, chief clerk in the freight department of Canadian National Railways here and located in Prince Rupert in the railway service since 1919, has been transferred to Edmonton as travelling freight agent and will be leaving for the Alberta capital this Friday. Mrs. Thrupp and son will follow later.

Mr. Thrupp's successor here will be Maurice Irving, formerly located here and at present in Victoria.

Letter Box

Editor, Daily News:

We wish to highly commend your editorial of October 8 stressing the "Dangerous Situation" which exists in the Prince Rupert of today. In so doing, we know that we voice the sentiment of all respectable-thinking, loyal and win-the-war minded people.

Anyone with eyes and ears which function normally can see and hear for himself, day and night, scenes of drunkenness and disorder which prevail among both civilians and servicemen. Civilians do not deny that drunkenness and misbehaviour are very high among their ranks but they know that the percentage of such conduct is also high among servicemen. New-comers to our city who base authoritative judgment on the absurdity of an investigation on one "pay night" in the remarkable disguise of "service raincoats," and on a check of cases in the civilian city police court and gauge "the conduct of servicemen by their ability to salute properly" should carry out an intelligent and thorough research and "make certain of the true facts" before they speak.

Like the author of the editorial in the Daily News we have resided in this city for some years and know that in pre-war days in practically every section of the city one could leave his doors unlocked without fear of burglary, girls and women could walk anywhere unmolested and drunkenness and disorder did not permeate the city. Now at the time when Prince Rupert, as a more populous centre on the front line of defense should have every faculty of its motley population perfectly functioning as an efficient unit to win the war, we permit of a decadent influence, which the fifth columnist, the blind and the complacently-minded would excuse as a natural result of war. Financial and business searance, nonsensical smugness, complacency, "authoritative incompetence" and refusal to face the facts can no longer be tolerated. We will never conquer the powers of evil abroad unless we first conquer those in our midst.

Civilians and servicemen who do not walk hand in hand with this No. 1 Axis Fifth Columnist, you who do not condone this cankerous sapping of our efficient war effort, shall we allow our once fair city to be branded as a Sodom and Gomorrah? Are we going to sit idly, blindly and stupidly by, letting ourselves be swallowed in a whirlpool of degradation? Let us fight this Fifth Columnist behind the lines. Let us, with every weapon at our command, fight all these complacent, blind and stupid condoners whether they be civilians or within the ranks of the services. We must kill this thing before it is too late. It is a problem for all loyal citizens to face together, to solve by co-operation and stern, just discipline, beginning at the root of the trouble—the curtailment of our most active and pernicious Fifth Columnist—Liquor.

The courageous Daily News faces the dangerous situation, which confronts us here and now in Prince Rupert, without fear or prejudice. To commend this stand is not enough. It must be backed by decisive action. Let your voices be heard now in righteous protest! Save your home, your city and your country!

United States Assistant Secretary Of State Says Allied Victory Only Can Save Italy

NEW YORK, Oct. 13 — A. A. Berley, assistant secretary of state, speaking to Italian-Americans here, declared that the Nazis had already reduced Italy to the position of an occupied state. Mussolini and his contemptible associates had turned the country over to the Nazis and made of it a puppet state. Patriotic Italians need not, however, be ashamed despite the betrayal. However, only a United Nations victory would preserve Italian homes, country, art, science and soul.

Berley described how Italy was being robbed of food to feed Germans, how her soldiers were being sent to fight Russia while Germans occupied Italy.

Thanksgiving On Airplanes

Special Meals Served For Passengers of TransCanada Air Lines

WINNIPEG, Oct. 13 — For the benefit of passengers whom the affairs of war and other business took away from their homes Monday the TransCanada Air Lines celebrated Thanksgiving aloft, the meals served on the planes included sliced turkey and cranberry sauce and salads prefaced by grapefruit and melon ball cocktails, topped off with individual pumpkin pies. There were mints, celery and radishes for trimming and each passenger received a Canadian apple and a souvenir menu.

COMEDY ROMANCE

"Bedtime Story" With Fredric March and Loretta Young Coming Here

Fredric March and Loretta Young are featured in Columbia's "Bedtime Story," gay comedy which comes Wednesday and Thursday to the Capitol Theatre. Starring the stars is a comedy-wise cast which includes Robert Benchley, Ailyn Jolyn, Eve Arden, Helen Westley and Joyce Compton. March appears as a playwright, Miss Young as his actress-wife. They both want to retire from the theatre, at least, March says he does, too. Miss Young's efforts to escape into domesticity are constantly thwarted, however, and she finally embarks for Reno and re-marriage. These legal formalities over with, she discovers her "ex" is carrying his creative tendencies a little too far. He even writes and stages her honeymoon night, so that a romance ends in a "Bedtime Story."

Peter Haldane Funeral Held

Many Attend Obsequies at Village Of Metlakatla

METLAKATLA, Oct. 13 — On Tuesday last the funeral of Peter Haldane took place. The first part of the impressive service was held in St. Paul's Church, Metlakatla. The church was filled to capacity by the home people and many visitors from Port Simpson and elsewhere. The choir sang two of the late Mr. Haldane's favorite hymns, "Safe in the arms of Jesus," and "Abide with me." Mrs. St. Clair sang Psalm 129 as a solo. Miss Helen Haldane was at the organ.

Rev. B. Shearman gave a brief address on the stalwart services of a lifetime of Mr. Haldane in upholding the cross of the Saviour in this village. Wherever Mr. Haldane had been known his unblemished character and example were highly esteemed. Afterwards the remains were conveyed to the graveyard island where the last respectful tributes were spoken and interment took place.

Many beautiful floral wreaths and crosses were sent and the deepest sympathy was extended to the widow, sons and daughters left to mourn the loss of a Christian husband and father.

The Experts Say . . .

By ISABEL ALLAN
(Canadian Press Staff Writer)

Hints for wartime living from folk who ought to know

MENDING — Little bits of resourcefulness will make things go a lot farther and last a lot longer, says Byrne Hope Sanders, Mrs. Consumer of the Wartime Prices and Trade Board. Here are some of her suggestions . . . If you've got a hole in the lapel of your suit or Betty's sweater—embroider a flower to cover it. Are your boys just at the stage when they have grown out of everything—take your husband's old suit down from the closet and make it over for them.

MEXICAN RAREBIT — Looking for a meat substitute? Paste this in your cook book and use it for dinner tomorrow. It comes straight from the experimental kitchens of the Consumers' Section of the Department of Agriculture . . . Take three tablespoons of butter, one small onion, three tablespoons flour, two cups grated cheese, two cups canned tomatoes, one teaspoon Worcestershire sauce, salt and pepper . . . Cook chopped onion slowly in butter for five minutes, stir in flour, gradually add tomatoes and cook until the mixture thickens. Add grated cheese and seasonings and cook gently until the cheese melts . . . Serve at once on toast.

WHEAT—Marion Hatlow, Assistant Director of Nutrition Services, suggests taking advantage of Canada's bumper wheat crops by using more whole wheat products . . . She says it will help to overcome vitamin B deficiency that affects eight out of 10 Canadians. For a delicious and nourishing breakfast cereal she suggests — a combination of half rolled oats and half rolled wheat.

LARD—The next time you go to use butter in your cooking or baking, pause—then ask yourself if lard wouldn't do instead . . . Mrs. Phyllis Turner, oils and fats administrator of the Wartime Prices and Trade Board, asks you

to use it wherever possible instead of butter. She says there is a surplus of lard now as a large part of it is produced from the fat of hogs, and the number of hogs being raised is increasing every day.

PORK — Don't - buy - this and don't buy that slogans are increasing every day but the don't-buy-pork theme is considered by food authorities as one of the most important . . . However, Laura Pepper, chief of the consumer section, Department of Agriculture, while asking you to cut out bacon, ham and fresh pork, says tenderloins, feet and knuckles are not exported and you can buy them with a clear conscience . . . She adds that sausages and head cheese are still available.

COUGH DROPS — Sore throats are cropping up again and for those who resort to cough drops here is good advice. The customs and excise division of the department of national revenue says cough drops aren't candy and therefore don't come under the 30 per cent excise tax on candy.

THANKS ARE OFFERED UP

Special Seasonal Services Held In Various City Churches On Sunday

Special Thanksgiving services were held in Prince Rupert churches on Sunday with substantial sized congregations both morning and evening. Sermons appropriate to the occasion were delivered by the pastors and the church choirs featured music in keeping with the theme and season. The churches were beautifully decorated with autumn flowers and harvest products.

Declaring that it was fitting, war conditions not withstanding, to celebrate the Thanksgiving season, Rev. A. F. MacSween, in First Presbyterian Church in the morning, felt that thanks should not only be given for the privileges and resources enjoyed by Canada but also for the type of her people who scorned self and self-interest in the sincerity of their purpose to work and sacrifice in advancing the common cause. It was fitting that, in expressing thanks to God for blessings given, appreciation should be shown in the way of Christian conduct.

GOLD MINE LOOKS GOOD

Promising Values Shown on Homestake Property in Alice Arm District

In the city at the week-end on the Queen Charlotte Islands for a visit, Arthur F. Smith, well known Alice Arm mining man, reports having had encouraging results in development during the past summer of the well known Homestake gold property in the upper Kit-sault Valley about eight miles beyond the Dolly Varden. Assays showed average values of \$45 per ton. This was in a new find of ore off the main Nyberg tunnel. Values as high as \$142 have been found in the past on the Homestake.

Already there have been some small shipments from this property through the local ore sampling plant, the value of which to the mining industry of this district is emphasized by Mr. Smith.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.
By DOROTHY GARBUTT, Hostess

My very sincere thanks to the kind but so far anonymous person who sent me the article on Prince Rupert which I mentioned in last Friday's column as having heard about but not seen. It appeared in the Vancouver News Herald on October 3 and is by Columnist Jack Scott, who spent six hours in Prince Rupert and managed in that time to gather and portray a very succinct picture of conditions in this town. I quote from the most revealing paragraphs:

"There is, for example, one picture show. If you want to get a seat you start standing in line around five in the afternoon. People coming here by train or boat without making advance reservation for a room are apt to walk the streets all night—and even a reservation isn't any guarantee of a place to put your head. The street scene is unbelievable at night. The sidewalks are clogged with an ambling mass of men with no place to go. They move up and down the hilly streets or stand at the corners in tight little groups, hundreds and hundreds of males, in uniform and out. I counted less than a dozen women in this grim parade and they told me that women just don't go on the streets at night. This then, is the boom town of 1942. It is forced to follow the laws of war that don't fit in here. The turnover in workers—needed here for a vital job—is a serious threat to efficiency. It desperately needs a new system."

We welcome the visit of Mrs. West and Mrs. Pfeiffer both of the National War Services Department in Ottawa and look forward to constructive and helpful criticism and suggestions as the result of their survey of this area. I was delighted to find that Mrs. West and I had several mutual acquaintances from old Wesley College days in Winnipeg.

If Nurses Would Sharpen Razors

It Wouldn't Be So Bad Being Guinea Pigs for Mustard Gas

LONDON, Oct. 13: —If they'd only sharpen their razor up at the British Homeopathic Society's mustard gas research bureau everything would be quite all right for their volunteer "guinea pigs." Shaving the hair off a part of the volunteer's left arm is a tougher operation than being blistered by mustard gas so that reactions can be charted.

During the past few months some hundreds of Londoners have become voluntary mustard gas "casualties" for this research work which may eventually revolutionize future medical treatment for all blister gases.

Before the application of gas a nurse shaves the hair off a part of the volunteer's left arm. One man in this group presented a problem. An ex-seaman, he was heavily tattooed but eventually the nurse found a square inch or two of undecorated skin between a realistic-looking lizard and a smiling, scantily-attired woman with red lips and a floral design embracing the word "mother."

The blunt razor is more painful than the gas blister which arises from one drop of liquid allowed to fall on the shaved arm. The doctor blows the gas gently across the skin. He explained "if it stays in one spot you get a deeper blister."

Then the patients were given a small phial of medicine and a report sheet on which to record and sketch the various stages of the blister.

NOW EVEN IN BOWLS

Burns Join Sav-Mor at Top of Five Pin League

Despite the top trundling of Bach and Saville, the Sav-Mor squad slumped enough to lose two games to the Monarchs in Men's Five Pin bowling last night. Burns came through with a clean sweep over Stones to tie with Sav-Mor in the top spot.

In the other fixtures Chinese Youth Association took three games from Royal Canadian Ordnance Corps the while Signals, Dry Dock All Stars and Air Force each took two games from Watts and Nickerson, Dry Dock Painters and Boom Defense.

Bob Lew of the Chinese Youth quintette had high three games of 78, but Lanskaill of the Signals shot the high single score of the night, 351.
