

Japanese Are Aiming At Australia

Evacuation of New Britain Seems To Have Occurred

British Fighting Back Strong in Singapore and Malaya—Stronghold Has Air Raid Comparable With London Blitz.

MELBOURNE, Australia, Jan. 22: (CP)—Rabaul, capital of New Britain, reported today that eleven ships, including warships, had been sighted off neighboring Watom Island and, immediately following this report, communications with Rabaul ceased. It was presumed here that New Britain had been evacuated in anticipation of a prospective Japanese landing.

Compromise Agreement Of Nations

RIO DE JANEIRO, Jan. 22:—Argentina and Chile have come to terms with United States, Brazil and Peru on a fact anti-Axis compromise and the other fifteen Pan-American nations are expected to fall in line. There will be no immediate break-off of relations.

SECRET SESSION

Parliament Meeting Again In Ottawa—Prorogation and Immediate Reassembly

OTTAWA, Jan. 22:—A secret session of Canadian Parliament, the first that the government has entertained, may be held, Prime Minister William Lyon Mackenzie King indicated yesterday. It would be permitted in order to permit members to speak more freely on war matters. Previous objections to a secret session have now been removed, Mr. King said yesterday in speaking before the House.

The second session of Nineteenth Parliament, which opened in November 1940 and was the longest on record although it was by no means in constant sitting, prorogued with a speech from the Throne last night. The third session opened today with another speech from the Throne.

Mining Man Is Rupert Visitor

Archie N. Martin, veteran mining man of the Yukon, who went in over the "Trail of '98" and for years was active in politics of the territory, is spending a few days in Prince Rupert as the guest of Government Agent Norman A. Watt before proceeding East for a visit in Ottawa, Toronto and New York. Mr. Martin is still prominent in mining affairs in Keno and Mayo whence he arrived here a few days ago.

SALVAGING OF SCRAP

E. T. Kenney, Liberal Member for Skeena, Urges Government to Assist Collection of Iron and Rubber.

VICTORIA, Jan. 22: (CP)—E. T. Kenney, Liberal member for Skeena, speaking in the legislature during the debate on the reply to the speech from the throne, urged that greater efforts be made to collect iron and rubber scrap in order to further the war effort. He urged the government to tell Ottawa "we will place at their disposal public works trucks in all villages and towns of the north and deliver to the Canadian National Railways free all such material available if they will take it away." Mr. Kenney said there was not a village in northern British Columbia which could not supply a few tons of iron and a great many old tires.

Acting Prime Minister Francis M. Forde and Air Minister Arthur Drakeford warned that a full-scale military attack on Australia may be imminent, the immediate aim of the enemy being to establish bases from which the Japanese could direct an offensive against the Australian mainland.

Meanwhile a critical and, perhaps, decisive battle raged in the Malayan jungles, seventy miles north of Singapore, today as British, Australian and Indian troops launched a major counter-offensive to smash the main Japanese invasion armies in the Muar River sector. Behind the lines British fliers took a heavy toll of Japanese transport columns north of Partibulong, destroying many vehicles and machine-gunning troops.

Singapore, itself under almost incessant aerial assault, counted a toll of 304 killed and 725 wounded in yesterday's 100-plane Japanese attack which was comparable with the worst raids on London. The beleaguered stronghold was cheered by the arrival of powerfully-gunned Hurricane pursuit fighters and, when thirty Japanese aircraft roared over Singapore again today, Royal Air Force fliers downed five bombers and damaged a fighter.

In the Netherlands East Indies, where Japanese invasion hordes are striking in heavy force, destruction of great oil wells and plants at Balikpapan on the east coast of Borneo was carried out to prevent their falling into Japanese hands.

WAR NEWS

RUSSIANS SMASHING AHEAD

MOSCOW—Russian forces since yesterday have smashed their way seven miles beyond newly recaptured Moshaisk on the central Russo-German front west of Moscow. Many tanks and other war equipment is being abandoned by the cream of the German army in its flight. "The Battle of Moscow is now over and the road to victory lies ahead," said a Moscow statement yesterday. To the northwest and southwest of Moscow body blows are also being dealt at the enemy. To the north twenty-five more villages in the vicinity of Kalinin have been recaptured. To the south a stiff Nazi counter-attack was repulsed. West of Leningrad seven hundred of the enemy were killed yesterday. The drive to knock Finland out of the war continues. Only around Sebastopol in the Crimea do the Germans make any claims to success. Throughout last night there was stiff fighting. Forty below zero weather prevails.

THE FAR EAST SITUATION

SINGAPORE—The Japanese are today pushing into Malay, Burma and the East Indies and a drive southward in the direction of Australia is developing. The Australian minister of air, Arthur Drakeford, says that the Japanese may attempt an invasion of New Guinea today. There has been another attack on New Britain, 800 miles to the north of Australia. New Guinea is 275 miles north of Australia Proper and separated from the Commonwealth by Torres Straits. A massing of Japanese forces around Bismark Archipelago suggests that the enemy are moving to obtain bases with a view to an attack on continental Australia. Meanwhile, the Japanese have veered inland on the Malay Peninsula, apparently with a view to interfering with communications to Singapore from a distance of about sixty miles north. An official statement last night said the situation was "extremely critical." Word of a counter-action 64 miles above the straits this morning in which empire troops waited in ambush and mowed the Japanese down with heavy barrages of machine gun and light artillery fire gave some encouragement today. The United States War Department reports a renewed heavy attack by the enemy 400,000 strong on General Douglas MacArthur's forces on the Philippines.

MORE ATLANTIC SINKINGS

NEW YORK—Two more ships have been attacked by Axis submarines off the Atlantic coast of the United States, it was revealed today. At least four of the six ships attacked have been sunk and the dead are estimated at least seventy-five. The latest victims are the American ship City of Atlanta, lost off the Carolina coast on Monday, and a Latvian steamer which was abandoned by its crew.

RAID BREMEN AND EMDEN

LONDON—British bombers carried out a raid in force on Bremen and Emden overnight. Points in Holland and Boulogne were also bombed. Six British planes were lost. The enemy attack on Britain was light, one enemy machine being brought down. The Royal Air Force also carried out raids on Sicily and other bases in southern Italy for ten hours, the dual purpose being to protect Malta and hamper Axis reinforcements going to North Africa. There were direct hits on enemy runways, buildings and supply depots.

BATTLING IN LIBYA

Renewed Activity by Axis Forces—Penetrate Ten Miles Into British Positions

CAIRO, Jan. 22: (CP)—Three strong Axis columns, including the bulk of the tanks remaining to General Erwin Rommel, yesterday made a reconnaissance in force to a depth of about ten miles in British positions below Mersa Brega, village on the Gulf of Sirte between Agedabia and El Aghella. The British command said that bad visibility aided the Axis troops which forced British light forces to withdraw.

A high command communique issued in Rome said that a decisive battle was raging in Libya between Axis and British forces near the Cirenaica-Tripolitania frontier. It had been actuated by motorized forces of General Rommel.

NAZIS ARE RETREATING

Still in Reverse West of Moscow—Claim Some Success Around Sebastopol and Leningrad.

MOSCOW, Jan. 22: (CP)—Russian troops slashed at the rear guard of retreating German armies seven miles west of Moshaisk today while dispatches from the southwestern front (either Crimea or Ukraine) reported Soviet artillery had crushed a series of violent German counter-attacks.

The Germans claimed, however, that Crimean armies had beaten off Russian attempts to break encirclement of Sebastopol and repeated Soviet efforts to break out of Leningrad had been frustrated.

Native Missing From Hazelton

Still No Trace of Jacob Roberson, Missing Trapper

Jacob Roberson of Hazelton, a native of Hazelton, is still missing on his trapline after being away since November 18. When he left he said he would be back in ten days but did not return. William Smart, Johnny More and Fred Anderson went to search for him but without success. Another search party went out over the trapline and found one marten but not the man. Now, John Smith of Hazelton is offering a reward to any person finding Roberson's body.

SPEAKS OF HONG KONG

Minister of National Defence Makes Some Disclosures in Parliament.

OTTAWA, Jan. 22:—Hon. J. L. Ralston, minister of national defence, spoke of Hong Kong before parliament yesterday. He disclosed that the Canadian force for Hong Kong left Canada without 212 motor vehicles and items of mechanical equipment which were required for its use in action. These were to have gone on later but they failed to reach Hong Kong in time for the fight.

Col. Ralston also revealed that 134 men leaving with the Hong Kong force had less than sixteen weeks, the minimum period of training required. Inquiries were being made, the minister announced.

Conscription Plebiscite Coming

Federal Government Is Asking Free Hand For Mobilizing Manpower

Speech From Throne Requests Release From Commitments—Date of Referendum and Details of War Effort to Be Made Known Later.

OTTAWA, Jan. 22: (CP)—Canadians will be asked by means of a plebiscite to release the government "from any obligations arising out of any past commitments restricting methods of raising of men for military service," it was revealed in the speech from the throne at the opening of parliament today. The speech, read by the governor-general, the Earl of Athlone, gave no details as to the date of the plebiscite or other plans for an all-out war effort but the details were promised for a later date.

"You will be advised of the means the government proposes to adopt to effect as complete as possible mobilization of material resources and manpower of the country in direct furtherance of the total national effort," the speech stated, promising there would be substantial increases in the armed forces and food and munitions production.

The speech said that the increase in armed forces would involve expansion of the establish-

Sergeant Pilot Victor Dell

Mr. and Mrs. L. J. Dell of this city have received word and are receiving congratulations on the fact that their son, Victor Dell, received his wings in the Royal Canadian Air Force at Dauphin, Manitoba, last Friday. CONTINENT OFFENSIVE

This is British Army's Main Task, House of Commons in London Is Told Today.

LONDON, Jan. 22: (CP)—The army's main task is to organize a continental offensive, Secretary of Air Sir Archibald Sinclair told the House of Commons today in opening a debate on the adequacy of air and field defence against invasion of the British Isles.

Saying that the new airdrome defence regiment of the Royal Air Force would be second to none, Sir Archibald added that the army's chief job was to organize "the greatest possible striking force for offensive operations on the continent."

Danger to Country . . .

The front page photograph published yesterday in The Daily News showing the Japanese fishing fleet at Steveston indicates to what an extent the Japanese had penetrated the fishing industry in British Columbia where they might prove a danger to the country in case of invasion. Many of these Japanese citizens of Canada may be friendly to Canada but it is difficult to know who may be trusted, so the general opinion seems to be that it is not safe to trust any.

Japan's Finances . . .

Up to that fateful day when Japanese bombers dropped death and destruction on Pearl Harbor, many newspapers on this continent were publishing articles proving conclusively that if the Nippon militarists started anything they could not hope to finish it, says the Ottawa Citizen. The conviction of the writers was that Japan was nearing financial bankruptcy.

In one crudity masquerading as economic thinking has received a death blow in this war it is the notion that money or the lack of it makes any fundamental difference in the prosecution of war by a modern nation. Lack of goods and manpower would soon reduce a nation to impotence, but never the lack of money, which is a comparatively costless convenience. In Germany and Japan it is adapted by the state to national purposes.

One of the last articles printed on the subject of Japan's financial straits pointed out that the recent Tokyo budget called for expenditures of \$3,500,000,000, "well over half of the national income," and that the Japanese national debt has tripled in the last 10 years. The conclusion is reached:

"Experience shows that a government can claim as much as two-thirds of the national income, but only for a limited time. So it is apparent that Japan is already close to the maximum on war production."

Nothing could be more foolish and dangerous than to imagine that Japanese war production is limited by figures of national monetary income. Besides, only a short time ago the Tokyo government voted another 3 1/2 billion yen for the war effort. Nobody in his right mind supposes that vote will produce that amount of cash in the form of currency. It means credit, and the usefulness of that credit depends wholly on the raw materials, the stocks of scrap and ore, oil and rubber, which Japan now holds or is able to obtain. If those stocks became exhausted, the voting of 30,000,000,000 yen would not help. Modern war economy is based on men and goods and work, not on figures in a ledger.

The Toronto Leaf - Montreal Canadiens National Hockey League match scheduled for January 21 was ordered postponed six years ago as a mark of respect to the memory of King George V who died January 20. The Chicago-Maroon game at Montreal also was called off January 28, the date of the King's funeral.

United States amateur tennis suffered a crushing blow 10 years ago when Frances T. Hunter joined Big Bill Tilden, his famous doubles partner, in professional ranks. They made their pro debut February 18 the same year at New York before 14,000 fans.

PASTOR IS WELCOMED

Congregational Gathering of First Baptist Church Held Last Night for Rev. C. A. Wright.

A congregational reception for Rev. Clarence A. Wright, the new pastor, was held in the social parlors of First Baptist Church last night. Ministers of other denominations in the city were present to take part in the proceedings by extending greetings to Mr. Wright and best wishes for the success of his ministry. P. H. Linzey was in the chair and an acceptable program was presented. H. M. Daggett extended the welcome of the Baptist congregation to Mr. Wright. There was a challenge to the churches of Prince Rupert. Mr. Daggett felt, through the lack of spiritual consciousness in Prince Rupert. The Baptist congregation might not be as large as some in numbers but the new pastor would find therein many who were faithful to the cause and assiduous in their support. Rev. James A. Donnell of First United Church spoke in humorous vein. He was sure that Mr. Wright's influence would be felt in the community. Interdenominational differences such as might exist could well be minimized in the fight for Christ. He hoped for a fellowship and congenial co-operation which would be of value to the city as a whole. Rev. A. F. MacSween of First Presbyterian Church wished Mr. Wright all success in the new charge and welcomed his co-operation in the advancing of the work of Christ's Kingdom. Very Rev. James B. Gibson, dean of St. Andrew's Cathedral, felt the churches were getting closer together which was a good thing. After all, they were as spokes in a wheel the centre of which was Christ. Fellowship between the churches and unity of purpose were much to be desired. The new pastor, Mr. Wright, saw plenty of work to be done in Prince Rupert. If all put their shoulder to the wheel and faced the difficulties he was sure much could be accomplished. He would be glad of the co-operation and advice of the other ministers. There was a duty for everyone to perform in a war-torn and greed-mad world.

Rev. J. H. Myrwan, pastor of St. Paul's Lutheran Church, was also in attendance although arriving too late to speak. The program included vocal solos by Mrs. E. E. Brandt, Mrs. P. H. Linzey and Private Norman Capell of the Canadian Scottish, violin solos by Miss Phyllis Hamblin, and recitations by G. R. S. Blackaby. Accompanists were Miss Kay Watson, Miss Eileen Hamblin and Mrs. J. C. Gilker. After the serving of refresh-

SCOTTISH IN LEAD

Defeated Signal Corps in Army Basketball Last Night

Last night in the second game of the Army eliminations the Canadian Scottish won from the Canadian Corps of Signals with a score of 25 to 14. Knight, of the Canadian Scottish, was the star of the game scoring eleven points. Both teams played fast clean ball and, in the first half which ended with a score of 13 to 9, it was anybody's game. The last half, however, proved disastrous for the Signals with Scottish scoring 12 more points and the Signals only five. The standings in the eliminations so far:

DINNER OF FINE GAME

Speeches by Game Board Officials and Moving Pictures Features of Gathering Last Night.

A fine meal of moosemeat and venison, interesting addresses on appropriate topics by Frank R. Butler of Vancouver, game commissioner for British Columbia, and Inspector Thomas Van Dyk, district game warden from Prince George, and moving pictures on game and fish subjects by Mr. Butler featured the annual dinner of the Prince Rupert Rod and Gun Club in the Commodore Cafe last evening. There was a capacity crowd of 125 local nimrods and anglers over which B. J. Bacon, president of the Prince Rupert Rod and Gun Club, presided. In addition to the speeches and other items, the program included acceptable vocal solos by Steve Salter, accompanied by C. P. Balagno and accordion solos by Corp. Robert Townsend. Two-minute silence was observed in honor of the memory of two members—Jack Cherry and J. A. Hinton—who passed away during the past year.

During the Russian Revolution some guns were captured and recaptured 15 times by opposing Reds and Whites. The drug quinine is extracted from the bark of several species of South American trees. The gathering sang "Blest Be the Tie That Binds" and Rev. (Captain) E. E. Brandt, the former pastor, gave the closing prayer.

Timely Recipes

MACARONI BEEHIVES

Buy uncut macaroni and allow one long piece per person, cooking in the usual manner. When done drain and rinse in cold water. Brush inside of custard cups or other individual moulds with melted butter. Line the cups with macaroni by coiling pieces around the inside beginning at the bottom. Fill in the centre of the cup with the following mixture:

- 2 cups cooked meat, fish or vegetables
- 2 tablespoons milk
- 1 tablespoon parsley
- 1 egg
- 2 tablespoons butter
- 1/4 cup bread crumbs

Grated onion, salt and pepper. Mix melted butter, bread crumbs, meat, beaten egg, milk and seasonings. Put this into the lined mould and if desired cooked macaroni can be used to cover the top. Place in a pan of water and thoroughly heat in a moderate oven about 30 minutes. When ready to serve unmoild and garnish with tomato sauce and suitable accompaniments such as parsley sprigs, green pepper rings, lemon slices, etc. This makes a most attractive dish and by varying the filling you can always have a surprise.

MRS. DIXON PRESIDENT

More Interest in Parent-Teachers' Association Urged—Talks on A.R.P.

The Parent-Teachers' Association held its nineteenth regular annual meeting Wednesday night at the Borden Street School. The year's activities were reviewed by the retiring president, Mrs. George A. Hill and in more detail by the secretary and treasurer, Mrs. W. Bussey and Mrs. D. R. Barclay respectively. In her address Mrs. Hill deplored the apparent lack of the members as shown by the very small attendance at the monthly meetings. Although about two hundred and forty had paid their fees and signed up as members, yet the greater number had not attended a single meeting. The association wanted the members' attendance and interest rather than their fees. She hoped that the incoming executive would find some means of impressing upon the members that it was to their advantage to interest themselves in what the association was doing and could do, if given greater support, for the children of the community.

The treasurer's report showed that \$210 had been disbursed among the four city schools during the past year and that this had been used to purchase much needed sport equipment and supplementary reading. The meeting warmly endorsed a hearty vote of thanks to the executive, especially to the president, for the unstinted devotion given to the affairs of the association.

In order to keep in closer touch with the work of the other associations of the province the meeting decided to join the Parent-Teachers' Federation.

The association decided to hold its annual membership drive at an early date.

The officers for the coming year, all who were elected by acclamation, are as follows:

Past-President—Mrs. George A. Hill.

President—Mrs. T. Dixon.

First Vice-President—Mrs. G. R. S. Blackaby.

Second Vice-President—Mrs. Andrew Thompson.

Secretary—Mrs. W. Bussey.

Treasurer—Mrs. E. W. Becker.

Social convener for Booth Memorial High School—Mrs. M. Brown.

Social convener for Borden Street School—Mrs. E. Haines.

Membership conveners—Booth Memorial High School, Mrs. J. W. Eastwood; Borden Street School, Mrs. R. Webber; King Edward School, Mrs. C. Gilker; press correspondent, S. A. Cheeseman.

A.R.P. Discussed

At the close of the business meeting Fire Chief T. H. Lock and J. S. Wilson, chief warden, gave the audience some definite details of the organization and work of the local A.R.P. A high point of their talk was the statement that most of the citizens, especially home owners, either through apathy or lack of realizing the great damage an unprepared-for air raid could do the city, were slow in coming forward. Up to the present the city's protection, to a great extent, depended upon a mere handful of citizens.

Mr. Lock deplored the fact that, because of the present set-up, it became necessary for responsible A.R.P. officials to beg, borrow or appeal for the necessary omissions of equipment in order to round out a workable program.

Your Fry's RECIPE FOR THE WEEK

By Jehane Patenaude

I THINK you will get a real thrill from this "something different for dessert"—it is easy to make. Follow the directions and the family will say "it's great!"
Chocolate Roll (Serves 8)
4 eggs, 4 tablespoons Fry's Cocoa, 4 tablespoons fruit or icing sugar.
Beat the egg whites stiff. Add sugar. Beat the yolks until lemon colour. Add cocoa, mix quickly with first mixture. Spread in a jelly roll pan lined with a well buttered sheet of brown paper and bake 8 to 10 minutes in a 400 degree F. oven. Whip one cup of cream with 4 teaspoons of sugar and 1/4 teaspoon almond extract. Roll like a jelly roll. Spread remainder of cream on top.

Do write and tell me how you got on with this recipe. It's one of my favourites. The address is: Jehane Patenaude, Fry-Cadbury Ltd., Montreal. And if you wish, I'll send you a Free copy of our latest Recipe Booklet, "Chocolate Around the Clock," it's full of modern chocolate novelties.

Whifflets From The Waterfront

A large run of herring continues at Union Bay in the Warke Canal area and seine boats are taking a bountiful harvest. The canning plant of Nelson Bros. Fisheries Ltd. is running to capacity on the fish, and packers are also taking Union Bay herring to Nanu and Alert Bay canneries. There is also an ample supply for cold storage as halibut bait with some to spare for the Port Edward and Tucks Inlet reduction plants.

Northland Transportation Co.'s steamer North Sea, Capt. A. W. Nickerson, arrived in port at 11 o'clock yesterday morning from Alaska and, after discharging Ketchikan fish for transshipment East over Canadian National Railways, sailed early in the afternoon for Seattle.

The volunteer effort, he thought, admirable as it was, would be quite inadequate in real emergency. He felt that, being a defence area, the defence program should be total and include all civilian essentials. He much preferred a compulsory program which told exactly what was required of civilians and supplied the means to do it.

Later in the evening the members, over refreshments, spent a pleasant social hour. Mrs. T. I. Boulter, the social convener, was assisted by Mrs. E. Haines.

MUSIC IN FUN FILM

"Pot o' Gold," With James Stewart and Paulette Goddard, Here This Week-end

With James Stewart and Paulette Goddard in the stellar roles of a picture that is replete with music, merriment and romance, "Pot o' Gold," also featuring Horace Heidt and his famous radio orchestra, comes to the Capitol Theatre here this Friday and Saturday. The supporting cast includes such favorites as Charles Winninger, Mary Gordon and Jed Prouty.

The story concerns an eccentric millionaire whose food products are poorly advertised, his impetuous nephew and an equally poverty-stricken band of musicians. The millionaire is played by Winninger while Stewart appears as the nephew. Miss Goddard meets Stewart when he gets mixed up with the band and its troubles. Their romance causes hilarious problems for all concerned, providing much mirth and melody.

Among the hit tunes sung and danced are "When Johnny Toots His Horn," "Knife, Fork and Spoon," "Peter the Piper," "Broadway Cabalero" and "Do You Believe in Fairy Tales?"
