NAZI OFFENSIVE NOW IS BELIEVED GETTING UNDER WAY IN CRIMEA

Two Million Men With Thousands of Planes and Mechanized Equipment Starting Drive With Caucasus Oil As Objective

INITIATIVE DIES DOWN

MOSCOW, May 12, (CP)—The German offensive against Soviet positions blocking the invasion of the Caucasus died down overnight as quickly as it flared up on Kerch Peninsula of Crimea, the Russians announced today.

BERNE, Switzerland, May 12:—The long-awaited Nazi spring offensive is believed to have been launched against the Crimea at the south end of the long Russo-German front with the immediate objective the rich Caucasus oil fields.

MOBILIZE MANPOWER

Prime Minister Mackenzie King Explains Amendment—Matter of Cardin Resignation

CONFIDENCE IN KING

OTTAWA, May 12: (CP)—A caucus of Liberal members of the House of Commons and Senate today unanimously adopted a resolution expressing "unbounded confidence in our leader, Mackenzie King."

OTTAWA, May 12 (Canadian Press)

The purpose of a bill introduced yesterday afternoon in the House of Commons by Prime Minister William Lyon Mackenzie King to amend the National Resources Mobilization Act was said by Mr. King to give the government "freedom of decision as to action with respect to method of raising men for military service overseas which in the recent plebiscite the people requested and which they said they desired the government to possess."

The amendment deletes Section Three of the Act which contains a clause restricting the government from calling up men for military service in any theatre of war outside the Dominion.

Hon. P. J. A. Cardin, minister of transport, in his letter of resignation, said he could see no reason why the government should so soon after the plebiscite vote to introduce a measure carrying with it the principle of conscription for service overseas.

While the amendment would give the government the power to do so there was no indication that the government intended to resort immediately to conscription for overseas.

There is a feeling that the voluntary system may be continued for the time being in the enlistment of men for overseas service. A Liberal caucus is being held today to discuss attitude toward the government amendment as well as the position of Quebec members, the majority of whom are believed to be in support of the stand taken by Mr. Cardin.

Light Attacks By Luftwaffe

LONDON, May 12:—A German plane dropped bombs harmlessly on a northeast coast town of England yesterday.

BULLETINS

HITLER AND GAS LONDON—The German radio says that Hitler will not use gas unless it is first used against Germany. Gas which the Germans are said to have used against the Russians is believed to have not been poison gas but fumes from a new type of explosive.

ROTARY GOVERNOR VANCOUVER—Fred K. Jones of Spokane, although sick in hospital here, was elected district governor at the northwest conference.

VANCOUVER MILL ACCIDENT VANCOUVER—Len Livingstone, 26, was killed instantly yesterday when an 84-inch cut-off saw broke in the Acme saw-mill here. Thousands of bits of steel flew into the air.

HALIBUT SALES

Table of halibut sales: American (Seattle, Ozeanic, Balder, Polaris, Franklin, Adlin), Canadian (Borgund, Arctic, Advance).

JAP SHIPS TORPEDOED

Destroyer and Cargo Vessels Disposed of By United States Submarines

WASHINGTON D.C., May 12 (Canadian Press)—The Department of the Navy announced yesterday that United States submarines in the western Pacific had sunk a Japanese destroyer and two cargo ships, one of them a naval auxiliary.

GIVING TO RED CROSS

Table of donations to the Red Cross: H. S. Nickerson \$5, E. A. Nickerson 10, A. V. Gudmundson 5, Helen & Mildred Beauty Shop 5, Family Shoe Store and Steve King 60, A. M. Borland 5, Capitol Barber Shop 5, McLaren's Music Store 5, R. A. Creech 5, W. M. Watts 20, Miss Blanche Curtin 10, Dr. J. F. Maguire 50, Rupert People's Store 100, Elite Beauty Parlor 10, Parkin Electric 10, C. A. Brind 15, S. E. Parker Ltd. 60, S. E. Parker 20, North Star Bottling Works 25, Imperial Machine Works 5, Joe Ratchford 5, McMeekin's Brokerage 10, Miller's Cigar Store 5, Empress Hotel Company 100, Jones' News Stand 10, Helgerson Ltd. 25, Imperial Barber Shop 5, Ernest Unwin 5, Mr. and Mrs. J. Ireland 5, Mr. and Mrs. Art Oswald 5, Mr. and Mrs. John Currie 5.

BIG TOLL ON ENEMY AT MALTA

Italian Planes Drop As Fast As Bombs In Fierce But Fruitless Assault

VALETTA, Malta, May 12:—New Spitfires of the Royal Air Force are now in action in defence of the fortress island of Malta and their activity is believed largely responsible for the increasing number of enemy planes which are being shot out of the skies as they continue their almost incessant assault.

No less than 101 Axis planes have been shot down in thirty-six hours from over Malta, sixty-three of them falling in a single day. The cost to the British was only three planes.

CORAL SEA IS COSTLY TO NIPPON

Toll As Result of South Sea Naval Battle Is Mounting—Troops As Well As Boats

FLEET INTACT

MELBOURNE, May 12 (CP)—Observers expressed the belief tonight that Japanese invasion forces were fairly well intact despite the battering in the Coral Sea battle and were hiding in islands to the north and with the bulk of the Japanese Grand Fleet in Japanese-mandated islands a little further north. They said the fleet probably could reassemble quickly.

MELBOURNE, May 12:—General Douglas MacArthur's headquarters in Australia reported today that Japan was still paying a heavy price for her defeat in the battle of the Coral Sea. A communique said that Allied fliers tracking down scattered remnants of the huge enemy invasion armada had damaged two and probably three more ships, raising the eight day total to 23 or 24 Japanese ships sent to the bottom or crippled.

The latest Japanese ships reported sunk are two transports in the Solomon Island and a large tanker off New Guinea. The enemy is believed to have lost heavily of troops in the Battle of the Coral Sea in view of the transports sunk—at least two having been sunk with another two damaged in addition to those which might have been aboard the lost warships.

SUPRISES MAY COME

Talk of Axis Moving In Various Directions To Catch Allies Off Guard—Turkey Unafraid

ANKARA, May 12:—It is predicted here that there may soon be sudden Axis attacks in various quarters under a master Nazi plan to catch the Allies unawares and decide the issue of the war with lightning strokes. Here in Ankara, however, fear of an invasion of Turkey by the Nazis appears to be waning. Certain defence measures are being demobilized.

First Submarine Attack In St. Lawrence River—Canadian Freighter Sunk

OTTAWA, May 12 (CP)—Sinking of a freighter in the St. Lawrence River, the first enemy submarine attack in those waters, was announced today by Hon. Angus Macdonald, minister of the Navy.

The attack occurred May 11 and forty-one survivors have been landed.

Mr. Macdonald said that future sinkings in this area would not be made public in order to withhold information from the enemy but he said the situation was being watched and long-prepared plans were in operation.

VICHY IS KNUCKLING

Indications Are That Vichy May Soon Yield Completely To Hitler

VICHY, May 12:—Chief of State Marshal Henri Philippe Petain has cut short a holiday in the country to return to Vichy for "urgent reasons due to certain events." It is said that the question of Martinique may be one of these matters. It is also said that there is a move by Chancellor Adolf Hitler to further tighten his control upon France in preparation for his spring offensive. Signs are not lacking that Vichy may finally throw in its full weight with the Axis.

As for Martinique, it has been said at Washington that United States will not deal directly with Vichy so long as a Laval-controlled government remains in office. Conferences are, however, being held at Martinique between United States representatives and the French governor in connection with the protection of the Caribbean Sea island.

Canadian Legion Executive Session

Meeting Held Last Night In Preparation For Regular Monthly Gathering

The executive of the Prince Rupert branch of the Canadian Legion was in regular session last evening in preparation for the monthly meeting on Wednesday. President W. J. Rance was in the chair and other members of the executive in attendance were Harry Thrupp, G. W. Abbott, Dr. R. C. Bamford, Neil Cameron, S. A. Cheeseman, Hugh M. Smith, J. M. Walker, E. Woodward and C. L. Youngman.

In addition to routine and branch business there was a report indicating that the soldiers' plot at Fairview Cemetery had been improved. This is being done particularly at this time so that it will be in shape for the Decoration Day ceremony held annually under the auspices of the graves committee of the Queen Mary Chapter of the Imperial Order, Daughters of the Empire. It is hoped that the approach to the plots will also be put in good shape shortly.

Applications for three transfers to the branch were considered and letters of thanks once again acknowledged assistance given by the branch to needy comrades, both local and to some from a distance.

HALIFAX BUTTER SHORTAGE

HALIFAX—The most serious butter shortage in years here is being faced.

SUCCESSSES FOR CHINA

Fighting Northward of Burma Is By No Means One-Sided—Japanese Isolated At One Point

Defence of India

General McArthur Organizing Against Invasion From These Quarters

STILL FALLING BACK

NEW DELHI, May 12: (CP)—Chinese military quarters reported today that Japanese columns, driving up the Burma road into China proper, had been thrown back and had retreated to the Burma-China frontier town of Wanting. Other reports said that the deepest Japanese thrust into China's Yunnan Province had reached a point twelve miles northeast of Lungling which is fifty miles inside of China but declared that the enemy had been driven back thirty miles by Chinese counter-offensive. It was announced here that British troops in Burma guarding the approaches to India had turned back a Japanese column moving north.

CHUNGKING, May 12 (Canadian Press)—Chinese troops are holding firm all along the Burma road and Japanese forces continue trapped. Chinese forces which had been cut off in Burma have struck north from Taunggyi and recaptured Maymyo, former Allied headquarters twenty-five miles northeast of Mandalay on the new severed railway leg of the supply route to China, the Chinese High Command at Chungking said. Thus the principal line of communication of the Japanese column which drove up the Burma road has been cut off. The recapture of Chefang by the Chinese has also been accomplished and now Mandalay is claimed retaken with the Chinese driving on towards Lashio. Four thousand Japanese being left dead behind. The Chinese expect to drive the Japs out of South China back into Burma, having already thrown them back 24 miles almost to the border.

Further local successes for the Chinese troops left behind in Burma are claimed, some having been fighting on the outskirts of Mandalay. Other Chinese forces are retiring towards Assam.

Seven Royal Air Force planes raided a Japanese airbase on the Irrawaddy River and of eighteen bombers on the ground there two were destroyed, two badly damaged and five others set afire. The airbase was left in flames.

United States volunteer fliers have also been active against the Japanese on the Salween River. These American airmen are giving the Chinese strong assistance in South China and North Burma and are doing much damage to the Japanese.

Meanwhile, as the Japanese gather large forces at Rangoon for an evident further expansion move General Sir Archibald Wavell is stream-lining Indian defences against an invasion. It is anticipated that the enemy might move by land from Burma against north-east India or by sea against south India. Three armies are being organized for India, one in the northwest to guard Khyber Pass from Afghanistan and one in the south for Ceylon and central India.

Anti-British And American Demonstration

PARIS, May 12:—Anti-British and anti-American demonstrations are reported in occupied France.

Invasion Impends—Churchill

LONDON, May 12: (CP)—Prime Minister Winston Churchill said today that "airborne invasion becomes more and more a possibility" but any attempt of the Germans to land in Britain would be a descent "into a hornet's nest."

A. R. P. HERE IS ON JOB

Being Whipped Into Shape To Function Should Actual Emergency Arise

The local civilian protection (A. R. P.) organization continues whipping itself in shape in the various phases of activity in preparation for the possible day when it may have to go into action in real emergency. The recent practice air raid has had the effect of spurring the A.R.P. organization and gave it the basis for consideration of what might have to be contended with in the "real thing." At the present time delivery of A.R.P. equipment for use locally is being awaited.

There also appears to be a tendency on the part of places of business and residences to ready themselves by the assembling of equipment for fire fighting and other protective measures. A.R.P. police wardens were in regular weekly session last Friday night. The A.R.P. police warden group centering at Booth Memorial School had a meeting last night.

DESTROYERS SENT DOWN

H. M. S. Lively, Jackal and Kipling Are Lost In Eastern Mediterranean. It Is Announced

LONDON, May 12:—The Admiralty announced today that three British destroyers have been sunk by German bombs in the Eastern Mediterranean. They were the Lively, Jackal and Kipling. More than five hundred officers and men were saved.

Early reports from Rome had said that waves of German bombers had sunk three or four British destroyers in the Eastern Mediterranean.

ON LIBYAN FRONT

LONDON—Although there are reports of an impending big offensive on the Libyan front, the feeling in military quarters here is that intense heat will stop it. Meantime only light activity is reported.

SABOTAGE RAILWAY

British Electrical Workers Get In Their Work After Being Smuggled Into Norway

STOCKHOLM, May 12 (Canadian Press)—British electrical experts were reported yesterday to have sabotaged the Transham Railway, south of Trondheim, after being smuggled into Norway.

EDITORIAL

Peace River Railway . . .

The war promises to bring to a head another important project in the development of Northern British Columbia. Possibly now we may expect early action in regard to the Peace River railway outlet as part of an international line connecting United States with Alaska. Interesting news along this line was carried in a dispatch we published a few days ago.

A Peace River railway outlet involving use of the Pacific Great Eastern Railway may not be just exactly the thing some people have favored under different conditions. However, any railway that comes out of the Peace River to Prince George will be accessible to outlets both at Vancouver and Prince Rupert.

The days are gone, of course, when we should quibble over whether or not we should be exclusively the outlet. Some of the arguments we used to have in the good old quiet days before the war when we did so much talking and got so little done seem rather inconsequential today in the light of great world events in which we, even here in Prince Rupert, are playing such a prominent part.

Real War Effort . . .

Elizabeth Muriel Gregory MacGill is Canada's only woman aeronautical engineer and she spends her days and most of her evenings overseeing the manufacture of Hurricanes for the Canadian government. She said something about "war effort" that is worth repeating. It is as follows:

"By war effort I don't mean people going to the job every day and drawing pay at the end of the week. That is not war effort—that is simply earning a living. War effort is the extra contribution of the individual. War effort is a man staying and working an extra hour or two, or five hours—without extra pay. It is a woman cutting short her noon hour to get back to finish the job. It is someone taking home his problems to solve them after dinner at night. It is someone coming back in the evening to finish an assignment. War effort is something which is as microscopic in the unit as the individual, but as mighty in the sum as an army."

The extra effort by the nations and by all the Allied peoples is what will make victory sure.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same.

Interservices Bowling Scores

Detailed Results of Fixture Play At End of Week

Game scores in the Interservices Bowling League fixtures at the week-end were as follows:

Anti-Aircraft No. 1, 2; Seal Cove No. 2, 1.

Navy, 3; Edmonton Fusiliers No. 3, default.

HOSTAGES ARE SHOT

PARIS, May 12.—Twenty hostages were shot at Rouen yesterday for the killing of five Nazi sailors.

AIR FORCE IS WINNER

Defeated Navy 3 to 2 in Fine Football Game

Playing their postponed game of last week, Royal Canadian Air Force and Navy met last evening at Acropolis Hill in Gilhuly Cup football, the fliers winning three to two.

Winning the toss, Air Force elected to play with the hill in their favor in the first half. The game started off at a smart pace with both defenses playing safety first football. Some mighty clearances were made by both pair of backs. After some rushes by the Navy forwards, the boys from Seal Cove gradually took the upper hand and forced two corners in quick succession but Murray and Eastman were very strong and managed to turn the tide of battle.

Hasting, at left wing for the Fliers, put over some nice crosses but the outstanding player was Rigby at centre half for the R.C.A.F. The former Westminster Royals player showed some of the form that took the Royals to the top of the football world in Canada. Murray for the Navy was also in good form and was a tower of strength to his side.

In this half Hall scored for Air Force and the half ended with Seal Cove still on top.

Navy opened strongly in the second half and soon showed that it intended to make the most of the advantage playing down-hill. They quickly tied up the score through Bain, and flushed by this success, played like demons. Bain missed a free kick from three yards out but soon made amends by putting his side on top for the first time in the game. At this period Air Force started to put on the pressure and soon was peppering Pederson with shots from all angles. With only five minutes to go, Rigby met a beautiful cross from Hastings with his head and put the ball well out of the net-minder's reach. It was the kind of a goal that football fans dream about. With only a couple of minutes left, Rigby drove well out and the ball hit the inside of the upright to leave Pederson flat-footed and the game ended with the score: R.C.A.F., 3; Navy, 2.

Navy—Pederson; Murray and Eastman; Brown, Veitch and Engelson, Cameron, Cameron, Bain, Bishop and Bowles.

R.C.A.F.—Stabloom; Poole and Thorndycroft; Carswell, Rigby and Stapher; Smith, Cousins, Hall, Tucker and Hastings; Subs: Candy and Sommerville.

Prizes Presented At Bowls Banquet

Mixed League Brings Season To Close With Special Affair Last Week

An enjoyable presentation banquet was held by the Mixed Bowling League last week when the trophies for the past season were awarded to the various winners. Some sixty or seventy persons were in attendance and Max Asemisen was in the chair. The program included dinner, prize presentations, speeches and dancing. Music for dancing was by Jean De Carlo's Orchestra.

The presentations were as follows:

League championship—Toilers, received by Tommy Fraser.

High three games—Rinky Dinks, received by Dan Wicks.

High game—Rinky Dinks.

High women's individual scores—average, Lillian Croxford; three games and single game, Rose La-Belle.

High men's individual scores—average, C. A. Kellett; single, Peter DeJong; three games, Steve Arlington.

FOODS ARE DISCUSSED

Miss Jessie McLenaghan Interesting Speaker To Women's Canadian Club

In addressing the Women's Canadian Club Saturday afternoon, Miss Jessie McLenaghan, director of home economics for the Department of Education of British Columbia, stressed the importance of knowledge of food nutrition not only in wartime but in peacetime as well.

More and more women, Miss McLenaghan stated, are donning uniforms and entering into service for their country. While perhaps not as glamorous, the work of the homemaker was no less important in helping to win this war.

Restrictions of certain foods were becoming more numerous, the speaker said, and it was up to the housewife to make the most of the available foods and prepare them in such a way as to preserve all the protective qualities. To ensure against loss of vitamins, vegetables should be cooked quickly and in as little water as possible. A common mistake was to prepare vegetables several hours before cooking and leave them standing in water. This resulted in loss of valuable minerals and destruction of vitamins.

It was generally believed that the undernourished always belonged to the lower-salaried group but this was not the case. Frequently in the better homes the food, while attractively served, food, while attractively served, was not always the most nutritious. An adequate diet was found in the most simple foods such as milk, milk products, green and yellow vegetables, whole grain cereals and fresh fruit.

With a knowledge of food nutrition the homemaker could stretch her budget. It enabled her to make substitutions and prevented her from becoming a food faddist.

Miss McLenaghan ended her address with the advice: "After you have eaten what you should, eat what you want."

The newly elected president, Mrs. J. A. Rutherford, was in the chair and there was a fair attendance of members.

LOCAL NEWS NOTES

Mrs. A. Lisy sailed this afternoon on the Catala for Vancouver.

Mrs. G. Jensen was a passenger on the Catala this afternoon for Vancouver.

Rev. J. A. Donnell sailed on the Catala this afternoon for Vancouver to attend United Church Conference.

Dr. Rolands, from Terrace, was a passenger leaving there on last night's train, going east as far as Jasper.

Tonight's train, due to arrive from the east at 11 o'clock, was reported this morning to be on time.

W. Gray, labor representative for the Pacific Mills at Ocean Falls, was a passenger on last night's train for Prince George after spending several days here.

Pat Mazzei has appealed to the city commission against the recent cancellation of his chauffeur's permit following a liquor selling conviction. A hearing of the appeal will be arranged.

Mrs. Mary Macfie returned to the city on the Catala Sunday night from Vancouver.

Nick Killas, who is with the artillery at Vancouver, arrived in the city on the Catala Sunday to spend leave visiting with his parents, Mr. and Mrs. James Killas.

Mrs. Jens Larsen, after a brief visit to the city, sailed by the Catala Sunday night on her return to her home at Alice Arm.

Flying Officer J. B. Feeney, adjutant of the Royal Canadian Air Force here, returned to the city on the Catala Sunday night from Vancouver.

Ole Eivindsen, pioneer Alice Arm hotel proprietor, after spending a few days in the city on business, sailed by the Catala Sunday night on his return north.

Mort Brown, of Vancouver, sub-contractor for the E. J. Ryan Contracting Co., arrived in the city on the Catala Sunday night from Port Hardy.

Gunner J. P. Garlick arrived in the city on the Catala this morning from Stewart where he has been visiting for the past week renewing acquaintances.

Harry Jones, son of Con Jones of Vancouver, arrived in the city on the Catala Sunday night from the south. He is identified with one of the contracting concerns here.

The board of directors of the Prince Rupert General Hospital was in informal session yesterday to discuss certain matters in regard to the new military annex which has almost been completed by the contractors and will soon be ready for occupancy. Other matters were also taken up at the meeting. The regular monthly session of the board will probably be held this week.

Charles Adam of Stewart arrived in the city on the Catala this morning from the north. Mr. Adam is a well known Stewart service station operator and will be here for a few days on business.

Dr. and Mrs. J. R. Naden of Vancouver were passengers on the Catala today returning south after having made the round trip on the vessel. Dr. Naden, a pioneer Prince Rupert boy, is now one of the leading bone specialists in British Columbia.

H. B. Armstrong, well known Edmonton business man, left by last evening's train on his return to the Alberta capital after a visit here with his brother and sister-in-law, Mr. and Mrs. W. L. Armstrong.

Don MacDonald, who has been employed at the Big Missouri mine, arrived in the city on the Catala this morning from Stewart and will proceed on tomorrow evening's train to the Red Rose mine at Hazelton.

Dr. and Mrs. D. J. McDonald, formerly of Kincolith and now living in retirement at Cloverdale in the Fraser Valley, passed through the city on the Catala Sunday night going through to Kincolith where they will visit for the next couple of weeks with their son and daughter-in-law, Dr. and Mrs. Joh McDonald.

OUR COUNTRY AND HOMES DEMAND . . . GOOD SERVICE

We ask your co-operation. Our country requests us to conserve gasoline. We are also advised that we shall not be able to replace tires for our trucks. In order to maintain our policy of prompt service we ask you to place all coal orders at least ONE DAY BEFORE DELIVERY IS EXPECTED. By doing this you will enable us to route our deliveries in the most economical manner, thereby conserving both gasoline and tires.

SMITHERS MARRIAGE

Nuptials of Miss Mary Yelich and Joseph Watson Are Largely Attended

SMITHERS, May 12—One of the most largely attended weddings ever to take place in Smithers was solemnized in St. Joseph's Catholic Church on Wednesday evening last when Mary Yelich, daughter of Mr. and Mrs. Stefan Yelich of Lake Kathryn, became the bride of Joseph Watson, second son of Mrs. Mary Watson and the late Fred Watson of Smithers. The church was filled to capacity including standing room while many stood outside on the sidewalk, not being able to gain admittance to the church.

The bride was attended by Wilma Watson, the sister of the groom, while Stefan Yelich Jr., brother of the bride, was groomsmen.

The ceremony was performed by Rev. Father Murie.

After the ceremony a large reception was held in the Anglican hall, and this hall too was filled by the many friends of the couple who came to extend their well wishes for a happy future. Later in the evening dancing was enjoyed to the music of the Strachan-Berg orchestra.

Mr. and Mrs. Watson will reside on Third Ave., West, in Smithers. The groom is one of the popular proprietors of Watson's Ltd., grocers at Smithers.

VANCOUVER MARRIAGE

Miss Kay McMillan Becomes Bride of A. E. Macmillan

The marriage was solemnized recently at St. Mary's Chapel in Vancouver by Rev. J. H. Craig of Kathryn Elizabeth, daughter of Mr. and Mrs. J. P. McMillan of Vancouver and Prince Rupert, and Alexander Ewen Macmillan, son of Lt. Col. and Mrs. J. M. Macmillan, of Vancouver.

The bride, given in marriage by her father, wore a two-piece dusky rose dress of sheer wool with dark brown accessories and a corsage of gardenias and rosebuds Mrs. David Johnston, cousin of the bride, was matron of honor, wearing Queen's blue redingote with navy blue and white accessories and a corsage of pink rosebuds and sweetpeas. Harry Taylor of Ladner attended the groom.

Following a reception at the home of Mr. and Mrs. Thomas Wallace, 1919 West 35th Avenue, Mr. and Mrs. Macmillan left on their wedding trip to the interior, where the groom is manager of Cassiar Cannery.

The bride is a graduate of the Vancouver General Hospital and formerly nursed at Prince Rupert where she is well known and popular.

Whifflets From The Waterfront

Francis Millerd, for many years a prominent salmon cannery operator on this coast, and Mrs. Millerd were in Prince Rupert last week on their way from Vancouver to Montreal where they will attend the graduation of their daughter as a nurse. Mr. Millerd intimated the possibility of his establishing a cannery here next year, the plant to be used both for packing of salmon and herring.

The Dominion Fisheries office reports that quite a number of trolling licences have already been taken out but by no means have all the boats covered by these licences gone out as yet. The run of spring salmon is so far light but it does not usually develop in substantial proportions before the end of May. Seventeen gillnetters are now fishing for springs on the Skeena River and one on the Naas. During the past two or three days, with weather conditions better, there has been improvement in the run in Hecate Straits and around North Island.

Union steamer Catala, Capt. Ernest Sheppard returned to port at 11:30 this morning from Stewart and other northern points and sailed at 1:30 this afternoon for Vancouver and waypoints.

Northland Transportation Co.'s motorship rmer Northland arrived

DRAMA IN AIR FILM

"International Squadron" is Feature Offering at Capitol This Mid-Week

A war picture of outstanding interest, "International Squadron," with Ronald Reagan in the starring role, comes to the screen of the Capitol Theatre as the feature offering for the middle of this week.

It is the story of a daredevil American pilot who is hired to ferry an American bomber to London. He meets some old flying friends there and, impressed with the courage and quiet heroism of the Londoners, decides to stay there and fly with the Royal Air Force. After undergoing the necessary special training he becomes a regular member of the squadron. On the first flight, he spots an enemy plane and breaks away from formation to shoot it down. Although the exploit is successful, he is in disgrace with the squadron because the fellow flier he left unprotected when he got out of formation is killed. Meanwhile he becomes involved with a French girl, the sweetheart of one of the other pilots, and skips a midnight patrol to take her out. The man who takes his place is shot down. His grief-stricken wife accuses the Yankee flier of being his murderer. In the end, although the American lives up to the highest traditions of the International Squadron by undertaking and completing one of the International Squadron by man jobs, it costs his own life.

Others in the cast include Olympe Bradna, William Lundigan, Reginald Denny, Joan Perry, Cliff Edwards and Michael Ames.

The Ketchikan motorship Fairbanks arrived in port at 11:30 this morning with a shipment of fresh fish for transshipment East over Canadian National Railways.
