Australia Is Reinforced

Down Under Is Among Points Where Yank Forces Have Been Sent

Announcement of President Roosevelt Followed by Statement From Premier Curtin—Danger of Invasion Still Imminent—Burma Goes Badly

MELBOURNE, April 29: (CP)—An announcement by President Franklin D. Roosevelt last night that the United States now has "several hundred thousand fighting men at bases and battlefronts thousands of miles from home" was quickly followed today by an Australian statement of strong new reinforcements having arrived in the Commonwealth.

BACK FROM OVERSEAS

Mac Storey of Evelyn Is First Veteran Returning to Smithers' District

SMITHERS, April 29—The first veteran to return home from overseas to this district is Mac Storey of Evelyn, son of George Storey, postmaster at Evelyn.

Mac Storey joined the army soon after war was declared and went overseas with the Princess Pats early in the war. He was sent with his battalion to Scotland enroute to Norway and they were ready to depart for Norway when the British were obliged to withdraw from the Norwegian area and so the Pats did not leave Scotland. More recently his battalion was again loaded onto transports to accompany the raiding expedition to Spitzbergen where they would garrison that place after the raiders withdrew. Again it was decided that no garrison would be left behind, so they were disembarked.

Mr. Storey's health did not stand up so well and he was invalided home to Canada and spent a short time in Shaughnessy Military Hospital in Vancouver and was then demobilized. Being only 21 years of age he is one of the youngest veterans of the war.

Home After Forty Years

Arthur Einboden, Old Timer of Yukon and Hazelton District Back In City

Arthur Einboden, 68-year old pioneer of the Hazelton district, veteran of the Yukon Gold Rush and more recently located in Prince Rupert where he has been in the service of the E. J. Ryan Contracting Co., returned to the city on last night's train after a six-weeks' trip to the prairies and Eastern Canada. After having been in the West for more than forty years, Mr. Einboden went to Yorkton, Saskatchewan, Winnipeg, Toronto and Port Arthur to visit relatives and old friends. He noticed many changes in the various places he visited and many of the old friends were gone.

Mr. Einboden came out of the Klondyke in 1904 and took up land at Kispiox, ranching there for twenty-five years after which he came out of the valley to live at South Hazelton where his permanent home now is.

Mr. Einboden is thinking of going into the Yukon again this year to operate a boat on the Pelly River and possibly thus play a part in connection with the construction of the Alaska Highway.

FRANCE NOT CONQUERED

French Leader in London Assures Hearers of Coming Activities

LONDON, April 29 (AP)—France will fight again in this war, Prof. Denis Saurat told a meeting of the French Institute in London. "Through 1,500,000 French soldiers are prisoners of war, there are 4,000,000 more in France, he said. They will not remain unarmed forever."

Saurat asserted those men will be all the more formidable for having a great account to settle with the Nazis who made them suffer, deprived their wives and children of food, imprisoned and executed many of their fellow-countrymen.

The speaker said a re-armed France will have an important mission after the war. He recalled that less than 10 years after Waterloo and the crumbling of France a French in 1824 had been charged with keeping order in Spain. The Free French movement, Saurat concluded, received its greatest support in France because it was symbolic of a people still resisting and fighting to regain world confidence.

RESULT OF PLEBISCITE

Vote In City Fifteen Percent Higher Than General Election—Elsewhere in Riding Less

In Skeena electoral district with plebiscite results known 97 out of 118 polls figured are: Yes 5,604 No 5,864

"Yes" votes amount to about 71 percent of the total of 8,219 so far recorded and "No" votes about 29 percent. It is expected that the total vote in Skeena electoral district will be found to have been about 8,000 or 8,700, approximately 500 less votes than were cast in the federal election of 1940.

The Prince Rupert city vote was about 15 percent heavier than in the 1940 federal election but the vote in most other areas in the electoral district is considerably less.

Rev. W. J. Friesen, the pastor, officiated, assisted by Daniel Scherk. Mrs. Friesen sang a vocal solo, "Where We Never Grow Old," and Miss Swana Olafson presided at the organ to accompany the hymns which were "Fade, Fade Each Earthly Joy," and "The Last Mile of the Way."

Following the service interment was made in Fairview Cemetery. Pallbearers were G. E. Phillipson, Daniel Scherk, George Phillipson, Neil McKinnald, Charles Toombs and Norman McKay.

Olof Hanson Jr., who has been on a brief business trip to Vancouver, arrived in the city on the Prince Rupert this morning and will proceed to Smithers by the evening train.

Roosevelt Speaks—AMERICANS REALLY IN FIGHT NOW

Forces Are Battling With Enemy All Over World—Promises China—Threatens Vichy

WASHINGTON, D.C., April 29:—In a radio address to the nation last night, President Franklin D. Roosevelt said that several hundred thousand United States fighting men were now serving abroad. Air detachments of the United States Army would soon be fighting in Europe. United States warships were now in combat in the Mediterranean and American troops were in the Near and Far East. The United Nations forces were gathering against the Axis.

The President said that Japan was already feeling the pinch of loss of warships, transports and planes. In spite of Japanese successes, the chief executive guaranteed that American supplies would continue to get through to China.

Mr. Roosevelt had high praise for the Russian war effort. The Soviet had destroyed more enemy arms than all the rest of the Allies put together, he declared.

The President warned Vichy France that the United States would fight any Axis attempt to use French ports of France in any part of the world as military bases. Mr. Roosevelt called upon Americans for self-denial. The price of victory would be "hard work, sorrow and blood." All Americans must necessarily feel the effects of war.

INDUSTRIES WORK WELL

Responding To Pressing Needs of War, Canadian Official Reports

OTTAWA, April 29 (AP)—C. B. Johnson, Canadian Trade Commissioner at Glasgow, has reported to Ottawa that while war conditions impose much secrecy on activities of the shipbuilding and engineering industries, "enough information has been released to show they have responded magnificently to the pressing needs of the fighting services."

Progress in construction of new tonnage and ship repairing was steadily maintained despite inclement weather, shorter period of daylight, and blackout regulations. "This progress is reflected in the heavy demands on the steel works for mild-steel plates and sections, most of which are going to the shipbuilding yards under the system of priorities in operation," Mr. Johnston said.

"No figures of launchings are available but, while production in shipbuilding and engineering reached high levels in 1941, new records of output at the Scottish centres are anticipated for 1942. Production is limited only by the capacity of the yards and the supply of skilled labor. The lighter branches of the engineering industries have shown considerable expansion of their activities, including the making of airplane parts and instruments. In these branches a high proportion of women now is engaged. The machine tool industry of Glasgow and other parts of Scotland are capable of large output, but they have not been able to meet all requirements.

NAZI MORALE LOW
ANKARA—Travelers arriving here from Germany say that morale in the Reich is the lowest so far in the war. Workers are exhausted and dissatisfied. Failure of Germany to beat Russia this summer would be fatal, it is said.

PAY OF SOLDIERS
OTTAWA—The pay of men in the Army was discussed in Parliament yesterday. Conservative and C.C.F. members urged increases in dependents' allowances. Col. Ralston, minister of national defence, said that the rate of pay for Canadian soldiers was as high or higher than other armies except Australia.

AWAIT FINAL COUNT
OTTAWA—The final result of the manpower plebiscite will be awaited before any announcement is made in regard to change in manpower policy, Premier King States.

REDS IN ADVANCE

Important Headway Being Made By Soviet Forces In Spite Of Nazi Resistance

KUIBYSHEV, April 29:—An important Russian advance of forty-five miles in four days was reported today in front line dispatches to Kuibyshev. The dispatches said the Red Army had successfully crossed a big river in the face of fierce defensive action by the Nazi air force. In this and other sectors the Germans are said to have intensified aerial operations greatly in a desperate attempt to prevent bridge repairs with the hope that rising spring floods would hamper the Soviet advance.

Former Prince Rupert Woman Passes Away

SMITHERS, April 29. — The death of Mrs. John P. Hed occurred suddenly following a tonsillitis operation at the Bulkley Valley District Hospital of Smithers. She resided at Evelyn and was a former resident of Prince Rupert.

Born in 1897 at Harjedalen, Sweden, Mrs. Hed came to Canada in 1929 and took up residence in New Hazelton. After three years she moved to Prince Rupert where she resided for six years, spending the later four years in Evelyn. She leaves to mourn her loss her husband and daughter Sigrid.

Funeral services were held at the United Church in Smithers. Rev. C. E. Motte officiated. Pall bearers were Henry Johnson, Eddie Johnson, Orville Rosberg, Roy Pope, Axel Anderson and Helge Karlson.

Smithers Took Much Interest In Plebiscite

SMITHERS, April 29 — Taking a very lively interest in the federal manpower plebiscite, the voters of Smithers district turned out in very gratifying numbers to cast their ballots on Monday and, out of a total of 580 names on the voters' list, there were 297 votes cast.

The final count showed 326 voted "yes," 66 voted "no" and there were five spoiled ballots. This gave the Smithers poll an affirmative vote of 33 percent which compares well with other areas of the province and the Dominion.

Only six votes were cast at the advance poll and this was quite disappointing in view of the number of railway employees who could have taken advantage of this poll to make sure of having their vote taken.

The weather was fine throughout the day and there was no excitement of any kind to either heighten or diminish the interest taken in the holding of the poll.

Youth Sunday Is Observed

FUSILIERS WIN GAME

Area Headquarters Downed 7 to 1 In Opening Football Game

Played in very inclement weather, the opening game of the season in the Gilhuly Cup took place last evening when the Area Headquarters and the Edmonton Fusiliers locked horns, the latter winning 7 to 1.

Playing two men short the Headquarters made a valiant try to stop the men from the plains but were only in the game on a couple of occasions in either half.

In the first half Edmonton scored by Lynch (3). Minter on a penalty awarded for "hands" against Leighton and Hastings, Headquarters goalkeeper, in saving a hot one from Burdy, carried the ball into his own goal. Headquarters made their lone tally on a breakaway by Tuthill at outside right.

The second half was more evenly balanced with Headquarters playing downhill with the wind in their favor and the Fusiliers forwards showing a marked tendency to get themselves offside but, in the end, the superiority of the Fusiliers was

manifested and they added further goals through Johnson and Kerr. Area was unable to add to their score and the game finished with the score 7 to 1.

Area Headquarters — Hastings; Stone, Leighton; Ross, Thompson; Tuthill, Young, Boyes and Pochinko.

Edmonton Fusiliers — Waugh, Richardson, Farquhar; Cairns, Minter, Thompson; Gregory, Burdy, Lynch, Johnson and Kerr.

Spares, Lieut. Seaby and Johnson. Referee, S. P. Woodside.

Your "Priorities"

To war industries, the Government has granted priorities—prior claims on essential materials—to ensure the steady flow of these materials needed to win the war... Similarly, millions of Canadians have established "priorities" through life insurance—to safeguard their families against the uncertainties of the future—and to guarantee them a steady flow of food, clothing and other necessities... Every working day, more than half a million dollars are distributed among Canadian policyholders and their beneficiaries—sustaining families bereft of their breadwinners—bringing security to those in the sunset of life... In addition, life insurance has invested more than 300 Million Dollars in War Loans to help finance the cost of men and armaments required in the defence of our homeland.

For the first time in a Canadian registered skeet shoot, a possible score of 100 was made at a team competition held in Toronto two years ago yesterday. The marksman was Dr. G. D. Beierl of Toronto.

HOUSEWIVES KEPT BUSY

There's Job For Every London Woman Who Wants One, Say Officials

LONDON, April 29—More than 10,000 London housewives now are doing part-time war work but, say authorities, many more are wanted and this work does not mean only operating a machine in a factory.

Part-time workers are engaged on oil processing, biscuit-making, wood salvage, tailoring, milk-bottling, coin-pressing and gate-keeping. There are even part-time prison officers. Light machines and assembly work, food production and packing, weaving military equipment and making uniforms are other jobs at which women now are devoting part of their time.

Sales women in stores often give a few hours to war work in the afternoon and evenings and High School girls are doing Saturday afternoon work in shops. Office girls also have volunteered to work in groups until midnight. "There is a job for every London woman who wants one," say authorities.

One of the greatest obstacles to the employment of part-time workers, the need for paying unemployment insurance contributions, has been removed and part-time workers will get what they earn. As an aid to enlisting more women for part-time employment London now has nearly 50 day nurseries with 22 more already approved and 877 additional planned. In these nurseries women can leave their children while they go to work and the children play with toys or receive lessons in handicrafts according to their age.

"Your ELECTRIC OVEN is a Time and Money Saver"

says Reddy Kilowatt

"There's no more guess-work, no more standing around waiting for things to bake when you use your electric oven. Its perfectly controlled heat lets you go ahead with other work ... even frees you for outside activities. And at the same time it saves fuel by providing exactly the degree of heat you need for just as long as you want it."

Reddy says: "When you can, put the whole meal in the oven and cook it all at once—you'll save on electricity."

Did you know?

- ... that you don't need to baste roasts in your electric oven?
- ... that a great deal of your cooking can be done by using stored-up oven heat, after current is turned off?
- ... that meats are usually placed in the bottom of the oven, pastries and desserts on top?
