JAPANESE IN INDIA

This Is Claim In Berlin As Battle of Burma Still Goes Badly LONDON, May 8—Japanese

troops, it is claimed in Berlin, have crossed from Burma into India and are sixty miles from Chittagong. Such a move would evidently be designed to cut off the Chinese frontier from Calcutta. The Japanese design appears now to put a squeeze on China from north and south and drive toward Chungking, the capital, 600 miles away. Meanwhile the Japanese have commenced a bombing campaign on east and southeast China.

So rapid has been the Japanese advance northward from Burma into China that the defenders have been unable to follow out their scorched earth policy and blow up bridges. However, they have inflicted heavy casualties on the enemy. The Japanese were still advancing northward today. There has been another attack on Canton by Chinese guerrillas.

Long range United States bombers, operating from bases in India, made an attack this morning on Japanese-held Rangoon, starting many fires, it was announced today.

NINE JAPANESE WARSHIPS SUNK IN ADDITION TO OTHERS BADLY DAMAGED—TOKYO CLAIMS FIVE UNITED NATIONS VESSELS—AIRCRAFT CARRIERS AND HEAVY CRUISERS

Allied and Japanese warships fought to the death in a mammoth five-day old battle in the Coral Sea north of Australia. British, Australian and American gunners have already sunk or crippled at least thirteen enemy warships. The fateful struggle, still raging, appears by all accounts to be the greatest naval battle of the war and the biggest engagement in all American naval history, perhaps rivalling in magnitude the historic Battle of Jutland.

United Nations headquarters communique announced that nine Japanese warships were sunk including an aircraft carrier, two cruisers, two destroyers, four gunboats, a transport and a supply ship. Another Japanese carrier was so badly hit that she was a total loss and heavy damage was inflicted on a heavy cruiser, a light cruiser, a seaplane tender and a cargo ship.

Tokyo headquarters claimed a toll of five United Nations warships including the sinking of a United Nations battleship of the California class, the aircraft carrier Saratoga and the aircraft carrier Yorkton.

These claims were not confirmed in Allied quarters and in London the Admiralty denied the damaging of the British battleship Warspite as claimed by the Japanese who asserted that an Australian cruiser of the Canberra type was also damaged and may have gone down.

The running battle apparently started on Monday off the Solomon Islands and swept westward to the Coral Sea. All Australia waited tensely for news to be flashed on the outcome, realizing that the fate of the Commonwealth may hinge on an Allied victory or defeat.

Naval and military experts agreed tonight that the great sea battle off the Solomon Islands was the beginning of the Battle for Australia and that the result would have a tremendous bearing on the whole course of the war. The immediate objective of the Japanese warships appears to be to sever the Commonwealth's lifeline with the United States.

Presence of Japanese transports in Louisiade Islands off the southeastern tip of New Guinea mentioned yesterday in an Allied bomber attack on Japanese shipping might mean the beginning of the long-expected assault upon Port Moresby or even a thrust at the Australian continent.

VICTORY BY NAVY

Japanese Lose Several Warships As Result of Naval Battle in Solomon Islands

WASHINGTON, D.C. May 8:—"Excellent news has been received" said a Navy Department announcement last night of a naval engagement in Solomon Island waters on Monday. Three American planes were lost but twelve Japanese vessels—nine of them warships—were sunk or damaged. The enemy vessels sunk were a light cruiser, two destroyers, four gunboats and a supply ship. The damaged vessels included an aircraft tender—The Japanese also lost at least three planes. This makes 238 Japanese vessels to be accounted for since they started war.

United States submarines elsewhere are reported to have sunk two Japanese cargo vessels and a tanker.

BUSY IN AIR WAR

Report For Month of April is Made By British Fighter Command

LONDON, May 8—The fighter command announced yesterday that raids made in April on enemy territory were three times in number those of the entire first three months of the year. The number of German aircraft brought down was 107 while 99 British fighters were lost.

MINERS OR SOLDIERS

British Government Decides That Latter Are Needed More At This Time

LONDON, May 8 (Canadian Press)—The government today rejected proposals that, in order to avert fuel rationing, thousands of miners be released from the army. "On the eve, perhaps, of great new campaigns," President of the Board of Trade Hugh Dalton said that release of sufficient men to produce ten million tons of coal which the government hopes to save by rationing would mean the blotting out of whole regiments of the army.

Civic Centre Carnival...

A meeting of representatives of organizations to inaugurate plans for a fall carnival to raise funds for the civic centre undertaking was called for last week. Three attended and the meeting was postponed for a week. Last night the postponed meeting was held and the original three and one more showed up. All were members of the Junior Chamber of Commerce, no other organizations being officially represented although invited. All of which means that, if more interest is not shown, there will be no civic centre carnival this year and the opportunity of raising another two or three thousand dollars for the civic centre will have been missed.

About all that can be done now is to call another meeting—public preferably to being exclusively representative of any organizations—and, if that does not draw any response, conclude that no one is interested and let it go at that.

The carnival, if it is to be successful, will require a good deal of work and effort.

It should not have to be pointed out that the civic centre project is in need of all the funds it can obtain—particularly this year when it is hoped to finally go through with the building. All those who are really interested in seeing the accomplishment of the civic centre should turn out and help the carnival along with their efforts. The dollars can be counted upon to roll in when the carnival takes place. The important thing is to get it organized and carried out.

GOOD WORK BY LADIES

Burns Lake School Grounds To Be Improved As Result

BURNS LAKE, May 8—A real spirit of service took possession of three ladies in Burns Lake and they decided to canvass the local citizens for money to create a better school yard for the children's recreational facilities. So these ladies: Mrs. B. E. Valde, Mrs. John Gowans and Mrs. John S. Clarke, set forth early and late and within a few days had roused the whole town to an intense interest in the project. Soon over \$100 was raised and a public gathering was organized to do further canvassing.

This all culminated in a well-attended bean supper in the hall on Friday last when all the town turned out to enjoy large plates of beans, followed by doughnuts and coffee. Then a program was given by the school children, which consisted of a "Rhythm Band" and "Folk Dances" also an "acrobatic Dance."

The chairman, Rev. Adam Crisp, welcomed the gathering and expressed the thanks of the town for the good work of the ladies. During the evening an appropriate address was given on "Sportsmanship" by Rev. Mr. Atkinson. The successful undertaking came to an end by the singing of "God Save The King."

Lieut. Richardson R.C.N.V.R., inspecting officer for Sea Cadets, was an interesting speaker before the Prince Rupert Rotary Club at luncheon yesterday. He spoke on Sea Cadet matters and spoke well of the local corps which he had inspected the evening previous. President P. H. Linzey was in the chair and there was a good attendance of members with a few guests.

NEWS FROM EDMONTON

Fanned by a high wind, fire of undetermined origin completely destroyed the Great West Feed and Sales Stables on Ninety-Eighth Street in Edmonton. Thirty-two horses and one cow perished in the blaze which attracted more than 2500 spectators from residential districts. One horse broke away from its stall at the front of the stable and ran from the burning building, its mane and tail a vivid torch. It was quickly put out of its misery by city constables. Damage was estimated at \$6000 of which \$1500 was covered by insurance.

Sales of tax-forfeited properties by the land department of the city of Edmonton since it was formed in 1921 have reinstated on the active tax roll \$5,279,463 in assessments. City Commissioner John Hodgson has reported. The gross amount of forfeited properties still listed on the city's books is \$5,376,382. "Tax forfeitures, once a source of endless worry to the city administration, has now become the city's greatest asset—a reservoir yielding large sums annually which are available for

current financing and improvements," says Mr. Hodgson.

Members of the armed forces in Edmonton thrilled three thousand fans at the Arena in one of the most entertaining inter-service sports shows ever presented in the Alberta capital. Six boxing bouts and two wrestling matches featured the all-star card. The battlers held nothing back as two knockouts and a technical knockout were recorded. Feature event was a boxing bout in which AC2 Wallister, 175 pounds, knocked out Sergeant Cloutier, 165 pounds, in the third stanza.

Henry White put on a fine entertainment for sixty boys of his bantam hockey league. A theatre party was followed by a hamburger feast. During the past season here were four teams in the bantam hockey league and there was keen competition with a good of play.

Another fine concert was presented by McCauley Concert group in the Masonic Temple under the sponsorship of the Canadian Order of Forresters with J. J. Hodgkinson as organizer and manager. The group through its concerts, has already raised \$2000 for the Queen's Canadian Fund.
