MERGE AFRICAN DEFENCES

Two Commands Announced — Envoys to Britain Had Successful Trip

CAPE TOWN, Oct. 9 (CP)—Southern Rhodesia and the Union of South Africa have united under a single military command in a move to co-ordinate the defences of the whole of Africa. A joint statement issued by Prime Ministers G. M. Huggins and J. C. Smuts announced the step had been taken after full consultation with all parties concerned, particularly the British government.

Two commands are to be established in southern Africa with the General Officer Commanding the Union defence force in charge of the new Southern Africa Command. In event of any combined operation for mutual security or furtherance of mutual effort, Southern Rhodesia forces will be placed at the disposal of the G.O.C. Operations in Madagascar will remain under the control of the Eastern African Command.

Fuller Co-operation
Hon. F. C. Sturrock, Minister of Railways and Harbors, declared in London on the eve of his departure for South Africa that his mission in connection with more energetic prosecution of the war through fuller co-operation with the British government was very successful.

He stated that British ministers handled his business of transport and harbor works sympathetically, and that Whitehall now has a clear understanding of South Africa's war supply problems. The British spirit of grim, quiet determination so impressed Mr. Sturrock that he said, "If I were Hitler I would feel very uneasy."

Cost of living decreased by one-half percent throughout the Union during August. A survey showed that Pretoria's living costs were highest with 22 percent increase over pre-war days; Kimberley is lowest with a nine percent rise.

Price of South African livestock has risen tremendously due to military and shipping requirements, and secretary of the South African Federation of Meat Traders prophesies meatless tables unless prices are fixed.

Many leading Johannesburg shops have curtailed business hours in an effort to conserve stocks, ease transportation difficulties and provide employees with more time for war work.

South Africa and U.S.
Hickman Price of the United States Economic Mission to South Africa has stressed in Washington the necessity for co-operation between the two countries in sending supplies to the Union while developing it as a strategic base. He paid tribute to the great strides made in South Africa's war effort under Prime Minister Smuts.

Brazil is also anxious to develop trade relations with the Union according to Dr. Julio Diogo, Brazilian Consul General. The Consul favors a direct shipping line between the two countries.

A contingent of 200 officers and cadets of the Youth Training Brigade now is on a demonstration tour throughout the northern areas of the Union. In a send-off message, Prime Minister Smuts said that half of the 4,000 enlisted in the Brigade two years ago have been drafted into the South African Army.

ENLISTING IN NAVY

Elmer Eburne, Foster Husoy, Douglas Payne, Albert Phillipson, Jarvis McLeod and Ray Hougan, all local boys, have left for Vancouver where they will enlist in the Navy.

War News

JAPANESE NAVY HIT

WASHINGTON — A highly successful raid was carried out by an aircraft carrier task force in the North Solomons on Sunday, it has just been announced by the Department of the Navy. One heavy cruiser, one transport, one seaplane tender and two cargo ships were damaged and one cruiser and two destroyers were also hit. No United States planes were lost. This brings to thirty-seven the number of enemy ships sunk or damaged in the Solomons area.

CHANGE STALINGRAD TACTICS

MOSCOW — The Red Army has made a break into the Nazi lines north of Stalingrad and within the city the German wedge has been wiped out. Berlin admits a "change in the character" of the Battle of Stalingrad with no purpose in trying to storm the rest of the city which will be reduced by artillery fire.

BIG ALLIED RAID

LONDON—The Nazi-occupied coast of France and Belgium was subjected early today by United States flying fortress bombers and British Spitfire and Hurricane fighters to the largest assault in many weeks. They went over Calais and Cap Gris Nez.

FIVE DIE FROM FLU

Victims of Malady at Telegraph Creek Mostly Elderly

Five deaths have occurred at Telegraph Creek from influenza, all being persons over seventy years of age except one thirty-five years old affected by tuberculosis, according to advice received by Dr. R. J. MacDonald, director of the provincial public health unit here, from Provincial Constable J. W. Todd of Telegraph Creek. Younger patients are reported to be reacting favorably to treatment from telegraphic instructions of Dr. Murphy of Hazelton. There is no medical help available at Telegraph Creek but there are plentiful supplies of drugs and the situation is reported by the officer to be well in hand. The need of a field nurse is, however, emphasized by Constable Todd.

HOLIDAY IN SHIPYARDS

Thanksgiving Day Next Monday To Be Observed

VANCOUVER, Oct. 9 — Vancouver shipyards will join in the general observance of Thanksgiving Day on Monday next. Work will cease at midnight Sunday and resume midnight Monday. Aircraft manufacturing plants will remain at work.

Military Takes Vancouver Arena

Only Skating Place in Southern City No Longer Available

VANCOUVER, Oct. 9 — The Arena, Vancouver's only skating place, has been taken over by the military authorities for the duration of the war, leaving New Westminster the nearest skating place.

Close Down Gold Mines

WASHINGTON, D.C., Oct. 9 (AP)—The War Production Board today ordered the shutdown of two hundred to three hundred of the largest gold mines in the United States in order to release manpower for work in copper and other vital war mineral production.

JAPS ARE BLASTED

Have Left Attu and Agattu Because They Cannot Stand Pressure Of Allied Bombing

WASHINGTON, D.C., Oct. 9 (CP)—Blasting they have been given by American sea and air power is believed to have been the cause of the Japanese having apparently fled from the two of the three westernmost islands of the Aleutian Islands which they occupied four months ago. Having left Attu and Agattu, they are still undergoing heavy bombardment on their remaining foothold at Kiska.

The United States Department of the Navy announced today that Army bombers, continuing a steady pounding of the Japanese in the Aleutian Islands, dropped fifteen tons of bombs on an enemy base at Kiska last Tuesday, starting fires in the harbor and strafing the radio station.

Probably realizing that they had blundered into what naval spokesmen termed a "rat trap," enemy forces have disappeared from the western-most islands with losses thus far totalling thirty-eight ships sunk or damaged and forty planes destroyed.

The Navy reported yesterday that there had been no signs of Japanese activity on either island detected for several weeks and the enemy's lone remaining base on Kiska had thus drawn concentrated fire of United States bombing planes.

Canadians Assisted

OTTAWA, Oct. 9.—Five Canadian warships co-operated with United States forces in the recent occupation of the Andreanofsky group of islands in the Aleutians. It was announced yesterday by Minister of the Navy Angus Macdonald. It was but another instance of how the forces of the United Nations were co-operating, Mr. Macdonald said.

KILLED IN VANCOUVER

Mrs. Mary Johnson, 64, Fatally Injured By Street Car Last Night

VANCOUVER, Oct. 9.—Mrs. Mary E. Johnson, aged 64, was fatally injured when struck by a street car last evening on Hastings Street at Lilloet. She had just come off an eastbound car and was crossing Hastings Street when she was struck by a westbound. She died of her injuries while on the way to Vancouver General Hospital. Mrs. Johnson's was the thirty-fifth traffic fatality in Vancouver since the first of the year.

Most U.S. Planes Yet On Attack

LONDON, Oct. 9 (AP)—The biggest United States bomber and fighter force ever to take the air in the European war theatre joined the Royal Air Force and Army squadrons of Allied fighter planes today in a new air blow against targets in northern France. Exact objectives were not disclosed but the raid was, apparently aimed primarily at the Lille region, big industrial area of northern France.

NAZIS GIVE IT UP

OSLO, Oct. 9 (AP)—The Germans have finally given up their attempt to raise the sunken cruiser "Koelnberg," the cruiser was sent to the bottom near Bergen by British bombers in April, 1940.

Employment For All, Food and Shelter and Poverty Insurance Will Be Future Requisites

NAZIS TAKE NEW ANGLE

Thwarted at Stalingrad, Germans Are Now Starting Wide-flanking Invasion Further South

MOSCOW, Oct. 9 (CP)—The Germans, grinding slowly forward in the industrial district of Stalingrad but with victory still denied them from there, were reported today to have started anew on a wide flanking invasion further south, obviously calculated to cut through the Kalmyk territory to the Volga Delta on the Caspian Sea.

A dispatch to the government newspaper Izvestia from Astrakhan contained the first Russian announcement that the Germans had entered the Kalmyk area west of the lower Volga and south of Stalingrad.

This indicates developing activity on the German right flank across the steppes between the Don and the lower Volga concurrent with the desperate see-saw battle for Stalingrad.

JAPANESE STRONGER

Former United States Ambassador Speaks in Connection With Victory Loan Campaign

TORONTO, Oct. 9 — Speaking here in support of the forthcoming Victory Loan campaign, Joseph Grew, former United States ambassador to Japan, declared that the Japanese nation was stronger than it ever was before. Lands it had now subjugated now included made ten times larger the area under Nippon's control. There would be no easy road to victory, Mr. Grew said, but it would mean work, sacrifice and conservation.

TELLS OF NEW BOMB

Fire Chief H. T. Lock Is Fire Prevention Week Speaker to Rotary Club

In a Fire Prevention Week address at the regular weekly luncheon of the Prince Rupert Rotary Club yesterday, Fire Chief H. T. Lock dealt particularly with a new type of incendiary bomb used by the Japanese in Australia and the Philippines. This fire-setting missile is of the "bread basket" type and has a very diffusive effect, spreading more extensively than the German incendiary. The speaker described some of the methods employed in combatting these bombs.

George C. Mitchell, president of members with several guests. The club decided to co-operate actively in the sale of Victory Bonds in the forthcoming campaign, a committee consisting of P. H. Linzey, J. J. Little and W. O. Fulton being named to take charge.

In the drawing of a War Savings Certificate in aid of the Queen's Fund the winner was J. A. Troxell of Seattle.

New Lessons of Co-operation in Industry and International Relations Must Be Applied After War

TORONTO, Oct. 9 (CP)—New lessons of co-operation in industry and industrial relations being taught by the necessity of war will play an important part in meeting postwar problems, Prime Minister William Lyon Mackenzie King said in an address at the annual convention of the American Federation of Labor.

As the "national minimum" for the postwar period, Mr. King gave these requirements as follows:

1. Useful employment for all willing to work.
2. Standards of housing and nutrition adequate to ensure the health of the whole population.
3. Serial insurance against privations resulting from unemployment, accident, death of the breadwinner, ill health and old age.

SUPPORT OF CANADIANS MOVE OVER WAR BONDS

Important Speech Made by Chairman of National War Savings Committee

HAMILTON, Ont., Oct. 9 — G. W. Spinney, chairman of the National War Savings Committee, speaking here Wednesday night, urged the most complete support possible by all classes of Canadians of the forthcoming Third Victory Loan. Mr. Spinney made important references to postwar taxation, market ability of bonds and other matters.

LONG TRIP IN ARCTIC

Royal Canadian Mounted Police Boat Arrives in Maritimes From Vancouver

HALIFAX, Oct. 9—Eight members of the Royal Canadian Mounted Police have arrived with the boat St. Roch in the Maritimes after a long trip through the Arctic Ocean along the north coast of Canada. They started out at Vancouver.

HELP TO BOOST VICTORY BONDS

The National War Finance Committee, public relations section, has provided the Daily News with a number of attractive illustrations for use in connection with sponsored newspaper advertising for the Third Victory Loan campaign.

The co-operation of all business people in supporting the Victory Loan campaign by using newspaper space for sponsored advertisements is being enlisted.

The Daily News is also in possession of suitable texts for such advertising in case business people desirous of taking part have no particular ideas of their own.

We are ready to assist in suggesting both illustrations and messages but would suggest quick action. Already we have had several orders for space during the campaign.

Telephone or call at the Daily News Office.

EDITORIAL

Mike Hudema . . .

Once more we sorrowfully express our regrets and sincerely sympathize with the bereaved following the announcement of the death in action of another of our highly esteemed local boys in the person of Mike Hudema.

We all knew Mike so well and so affectionately that it is difficult to adequately express our feelings now that we have to sadly record that he is gone and will not return.

He was one of the young men who had played a part in community life. He was an estimable young citizen. He was one of those who, had he been spared to return, would no doubt have taken an even more important part in affairs.

To the father, the mother, the brothers and the sister we add our word to the general sympathy that is felt. They may be assured that, as he was esteemed by us all in life, his name in death for the great cause will live with honor in the recollections of all of us who knew him so well and regarded him so highly.

Battle Of Aleutians . . .

It is gratifying to hear by way of official announcement that the United States has established army and navy forces including substantial air power in the Andreanofsky group of the Aleutians with a view to instituting an offensive which will drive the Japanese out of Kiska and other islets to the extreme west of the Aleutian chain. It is also interesting to note that nothing is being concealed about the move but, to the contrary, it is being broadcast for all and sundry, including the Japs, to hear.

The fact of the matter is that a strong base in the Andreanofs is all to the good for our side. It might seem reasonable to imply that we are greatly increasing our strength in that vulnerable area not only for defence but for offense—in greater degree for the latter rather than the former, it would now appear. Indeed, offensive rather than defensive appears to be more and more our policy in the quarter more or less immediately to the west of us here in Prince Rupert.

With the forces of either side gathering in strength, we may expect some real action in the northern Pacific before long. There are indications that it is already getting under way.

Maybe the second front is closer to Prince Rupert than we had thought.

New Members Moose Women

Impressive Initiation Ceremony Is Carried Out at Meeting Wednesday Night

At a meeting of the Women of the Moose, Chapter 24, Wednesday evening in the Oddfellows' Hall the impressive initiative ceremony

as new members were made welcome progressed smoothly under the expert leadership of the Senior Regent. The ever-increasing membership is a sign of the popularity of this organization.

After business was discussed the members took part in a contest in which the winners were: first, Mrs. J. Harvey; consolation, Mrs. R. McCarthy.

Refreshments were barbecue style under the management of the home making committee.

Victory Bonds are not a tax, not a gift, but a loan to Canada backed by all the resources of Canada. When you invest in Victory Bonds you are laying up for yourself the best of all investments.

The Exclusive Ladies' Ready-to-Wear

—Mrs. H. S. Parker.

Letter Box

ORGANIZE AGAINST FIRE

Editor, Daily News:
One bright afternoon this week we did a tour of the city schools and conducted fire drills. One of the elementary schools with well over 300 students did a complete evacuation with all doors and windows closed in 1.07 minutes. That is fast any way you look at it and proves that well planned and co-ordinated effort provides maximum security. There was no running, no excitement. The same applies to rehearsal for school evacuation during air raid alarms. I can assure parents of Prince Rupert scholars they need have no worry while their children are in the care of our school principals and their staffs.

Suppose we carry the thought a little further. Many business houses have prepared themselves against fires in event of air raids. But not many people in their homes have given much thought to it. Try talking it over with the children. I have seen some of the older scholars at work with hose streams from stirrup pumps. By all means talk it over with the older children. They won't fall you.

CITY FIRE CHIEF.

MIDLANDS TAKE TOUR

Are Now Disillusioned Unit After Four Years in Canada

In describing how "D" Company of the First Midlands passed through Bowmanville recently enroute to new scenes of action, the Bowmanville (Ontario) Statesman took time out to describe some of the history of the unit since the beginning of the war. Here is what the Statesman carried on: the front page:

In 1939 there were Midlands guarding the Trenton airport. Then their officer commanding, Col. J. C. Gamey, M.M., was brought back from overseas. They paraded as a unit in Orono, cheerful, lusty, strong and expectant of leaving to get at grips with the foe. They enlisted to fight. Now we are into the fourth year of the war. As a unit, we are told, the "Mad" Midlands are just about extinct. First they went to Ottawa, next to St. John, N.B., then to Niagara, then Edmonton, Alta., and finally to the Pacific Coast getting "madder" all the time. They claim they have not yet had training adequate to

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT, Hostess

Sorry to hear that Tony Hamilton is in the hospital with a variety of troubles—or so Audrey and I were told. First it was pneumonia, then diphtheria, then tonsillitis and, finally, appendicitis. But, for the benefit of friendly enquirers, it's the flu and Tony and flu are coming along nicely thank you. Oh, sorry, Tony is Sub-Lieutenant Hamilton of His Majesty's Canadian Navy and a swell guy. Audrey is the little woman.

Another hospital casualty from the Y is Joyce Jenkins, the pleasant little dark girl who is on regular duty at the canteen. We all hope it's nothing serious.

Gordon MacIntyre, coder at the S.D.O., has just returned from leave in the south. He told me that, while there, he saw a very interesting article in one of the Vancouver papers by a reporter who had made a tour of the northwest coast and had returned to tell the world about the lack of recreational facilities for the troops. It should be good reading and if anyone has a copy and can let me have it I would be greatly obliged. The more the public know about our difficulties in that line the better for us.

The regular weekly meeting of the Service Wives Club was held yesterday in the family lounge at the Y. Mrs. Doolittle was in the chair. Red Cross work was handed out and members were reminded to return any finished work as soon as possible. Mrs. McCallum, a new member, won the club raffle donated this week by Mrs. Doolittle. Mrs. Woods accepted the post of social convener. Tea was served by Mrs. Huff and Mrs. Perry. The turn-out of members was more than gratifying. Several of the members volunteered for afternoon YWCA Hostess work at the hut. They will be much appreciated especially if they swing a mean ping pong racquet.

meet the foe anywhere. Drafts have decimated their ranks. Trainees, to their resentment, were attached to fill their ranks. Openly they claim that they did not enlist for a "Cook's Tour of Canada" and at every opportunity they have volunteered for drafts that would take them into some sort of "active" participation instead of so much guard duty which gets a bit monotonous after two years' service.

"Some 52 went to Hong Kong, to become 100 per cent casualties or prisoners. Others went to Britain. Some joined the paratroops for training in the U.S.A. Now a whole company, disillusioned, heads eastward to an unknown destination."

ANTE CHRISTUM

The abbreviation "A. C." (Ante Christum) is sometimes used instead of the more familiar "B.C." (Before Christ).

CHEMISTRY HELPS TO WIN THE WAR

Nylon

Now Saves Our Airmen's Lives

WHAT has happened to Nylon—that wonderful hosiery which came and went so quickly? Nylon yarn has gone active . . . into the fabric of man-bearing parachutes.

Remember the outstanding qualities of Nylon . . . soft as silk and much more durable? Well, those qualities of lightness, durability and tensile strength make Nylon the ideal parachute fabric. Today, our airmen have cause to praise the inventiveness of industrial chemistry, which devised this wonderful yarn.

Nylon is produced by chemical processes from abundantly available domestic materials. A new C-I-L plant at Kingston, Ontario, manufactures Nylon yarn—the entire output is earmarked for active service.

Nylon is only one of the many C-I-L products of Industrial Chemistry which are helping to win the war.

**NEWS FOR
MIDLANDS**

A. J. Jex has been appointed honorary chairman for Northumberland district in the forthcoming Third Victory Loan campaign. Chairman is Fred J. Slade and William S. Edwards, Mayor J. D. Burnet and R. G. Parker, all of Cobourg, are vice-chairmen.

Boy students of the Collegiate Institute of Cobourg have become apple pickers to help save hundreds of dollars of apples from going to waste on acres of heavy laden trees in this part of Ontario. Heavy winds recently created a crisis, blowing thousands of fine apples to the ground.

Herald William Vivian, who was engaged for seventeen years in the stationery business in Cobourg, died recently. He is survived by his widow, the former Verna Irene Boney of Port Hope.

Lieut. W. S. M. Lang, son of Mrs. Reathe Lang of Cobourg, was taken a prisoner at Dieppe. He was with the Cameron Highlanders.

Two tragic deaths occurred in Port Hope when Lewis Coyte, well known market gardener, and his little grandson, Ramon Johns, were instantly killed by a C.P.R. freight train at a level crossing.

Mrs. Preece**

Large Gathering Last Evening At
Service for Well Known
Local Woman

The Grenville Court chapel of the B. C. Undertakers was crowded last evening by mourning friends desirous of paying final tributes of esteem and respect to the memory of the late Mrs. Jack Preece prior to the remains being forwarded this morning to Smithers for interment. Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, officiated and Mrs. Lois Vaughan presided at the organ to accompany the hymns. There were special honors by the Canadian Legion Women's Auxiliary of which deceased had been a prominent member since inception.

ACHEY JOINTS?

Gin Pills, for the kidneys, help remove pain-causing toxins that are often the cause of rheumatic twinges and achey joints. Money back if not satisfied.

Mrs. Nellie Beveridge Uncarths
Booster Ballad of Many Years
Ago

Mrs. Nellie Beveridge, well known pioneer woman of Prince Rupert, has uncarthed an interesting "booster" poem which was written by Charles E. Kelly and published in a Prince Rupert newspaper in 1911. Possibly it might have application today. It is as follows:

On British Columbia's western border
By Pacific waves caressed,
Today Prince Rupert prospers
That infant city of the west.
We must extend much gratitude
To each and every pioneer
That from the vast wilderness
Prince Rupert's site did clear.

You may search the whole Dominion
From boundary line to line,
And no better situation
For a city could you find.
Or start up in Alaska
And take the continent round
and round,
And you couldn't find another spot
More suitable for a town.

The city is constructed
On a solid rock foundation,
And its beautiful surroundings
Fills the heart with fascination.
With its broad capacious harbor,
Where tranquil waters sleep,
It has everything desirable
To make a town complete.

There's money in the Orient,
And that without a doubt,
But I would never feel content
To venture further out,
And there's wealth in prairie wheat
fields,
But without exaggeration,
The wealth of British Columbia
Is beyond imagination.

There's many a prosperous city
In Canada's vast domain;
But Prince Rupert is all radiant
With the brightest star of fame,
And its welfare in the future
Already is foreshown
By its marvelous development
In the years that have flown.

So if you are a pleasure seeker
Or have money to invest
Just take a trip to Rupert,
You will be a welcome guest.
For there's golden opportunities
Just ready to embrace,
And you'll become a wealthy citizen
In nearly every case.

—CHAS. E. KELLY.
