ROYAL AIR FORCE OUT ONCE MORE

Italy Re-Bombed—
Genoa and Savona Hit Again With Bombs Thrown in for Good Measure — "Notable" Damage

LONDON, Oct. 24 — Largest numbers in the Royal Air Force, back in force over Italy for the second successive night, showered explosives again on Turin and Genoa last night and also on Savona in a sweep over three of Italy's northernmost provinces. A squadron of Halifax bombers of the Royal Canadian Air Force under Wing Commander Len Fraser of Vancouver took part. Flight Lieutenant H. G. Shockley of Vancouver said his aircraft bombs right down into a factory. "Especially at Savona, port on the Ligurian coast about twenty-five miles west of Genoa and one of the chief Italian foundry centres, a Fascist communique mentioned "notable" damage. Without specifying number the British Air Ministry again said the raiders made up a strong force. All but three returned safely. The big British bombers passed over Switzerland and there were reports from Geneva, Lausanne and Gland as they crossed in several places from northwest to southwest. The Royal Air Force also struck in daylight yesterday at the Ruhr and Rhineland in Germany, factories in Holland and many targets in occupied France. Flight Lieutenant Shockley, mentioned above, is a former Prince Rupert boy.

HAPPY DAY IN LONDON

Warm Welcome Extended by King and Queen to Mrs. Eleanor Roosevelt

LONDON, Oct. 24—It was a sincere and impressive welcome which Mrs. Eleanor Roosevelt received as she arrived at Paddington Station yesterday. The King clasped her hand warmly and inquired about the President. The smiling Queen Elizabeth was the next to greet the "First Lady."

In the evening there was a formal dinner at Buckingham Palace, those in attendance, besides Their Majesties and the guest of honor, including Prime Minister and Mrs. Winston Churchill, General Jan C. Smuts, Lord and Lady Mountbatten, Col. Elliott Roosevelt and United States Ambassador John G. Winant.

Thirty-three Percent Mark In Loan Now

OTTAWA, Oct. 24 — The Victory Loan had its biggest day yesterday since the campaign started, applications totalling \$62,985,450, bringing the cumulative total up to \$258,768,000 or just about thirty-three percent of the \$750,000,000 objective.

Three Recruits For Army Here

Four Men Dispatched From Prince Rupert Thursday Night

Three new recruits enlisted at Prince Rupert for the Canadian Army were dispatched to Vancouver Thursday night in the persons of Arthur Lavalle of Dryden, Ontario, J. R. Anderson and G. A. Homer of Prince Rupert, J. Thomas of Vanderhoof, who has enlisted in the Veterans' Guard, was also dispatched south Thursday night.

BIG BLOW AT RABAU

Ten Japanese Vessels, Including Warships, Are Sunk or Damaged

MELBOURNE, Oct. 24 — Allied aircraft, in a large attack on Rabaul, port of New Britain, yesterday, sank or damaged ten Japanese vessels—one cruiser, a destroyer and two transport ships are believed sunk while at least six other vessels were damaged. Not a single Allied plane was lost.

There is little change in the general situation in the Solomon Islands where the Japanese have been making some air raids, another feeler land attack on Guadalcanal being easily repulsed. Some Japanese forces have been landed on the Russell Islands near Guadalcanal.

AIR LINER IN CRASH

Twelve Killed Yesterday When Transport and Bomber Collide In California

EURBANK, California, Oct. 24—Twelve persons were killed when a United States air liner was in collision with an enemy bomber and crashed near here.

Among the killed is Ralph Ranger, noted popular song composer who wrote "Love in Bloom" and "June in January."

TELL THIS TO MARINES

BREACH OF NAZI LINE IN RUSSIA

Tide of War Continues to Turn in Reds' Favor as Winter Closes In

MOSCOW, Oct. 24 — Red Army troops breached the front line of the Germans' fortified left flank northwest of Stalingrad today and the city's garrison repulsed all attacks to hold a northside factory against a tank-supported infantry brigade despite a shower of 1,500 bombs, the Russians said.

Clouds which brought rain and snow had evidently lifted for the Army's Red Star indicated that German aerial activity had increased.

The noon communique said that a German automatic rifle detachment which pierced the factory lines momentarily was wiped out to a man. The communique also told without detail of a Russian thrust which forced a gap in the Nazi-fortified area to the northwest.

The Russians yesterday announced capture of important tactical positions northwest of Stalingrad and the Germans, although using twenty-two divisions totalling about 250,000 men in the siege, were reported thrown on the defensive in a number of blocks within the city by Red Army counter-attack.

Red Star said the defenders had seized the initiative at several points where the enemy feverishly started to fortify positions in skeletons of ruined buildings as wintry winds swept the steppes. Yesterday's noon communique reported the conquest of a major position to the northwest but gave

Britain's Eighth Army Starts New Offensive; Beat Nazis To Punch

May Be Commencement of Campaign Which Will Decide Fate of Mediterranean During Coming Winter

CAIRO, Oct. 24 (CP)—Britain's rebuilt and refreshed Eighth Army charged into the Axis El Alemain line today in an offensive sprung during the night with blows against the enemy by land, sea and air. The Allies thus beat the Axis Afrika Korps to the punch and launched what may be a battle to decide the fate of the Mediterranean this winter.

Newsboy Buys Victory Bond

Olafur L. Eyoifson, 15-year-old carrier boy for the Daily News, is early combining the attributes of patriotism, thrift and sound judgment. "Ole" called at the Victory Loan headquarters this morning and put up \$100 cash for a bond. The money, Ole explained, he had earned while working at the Dry Dock during the past summer.

The main land battle was concentrated in a comparatively small area stretching forty miles inland from the coast to Quattara depression but it will probably spread rapidly as the British command has been sending desert patrols hundreds of miles across the desert to spring at the rear of Axis Field Marshal Erwin Rommel's forces.

no details. However, it is in that area that the Russians have been conducting large-scale trench raids.

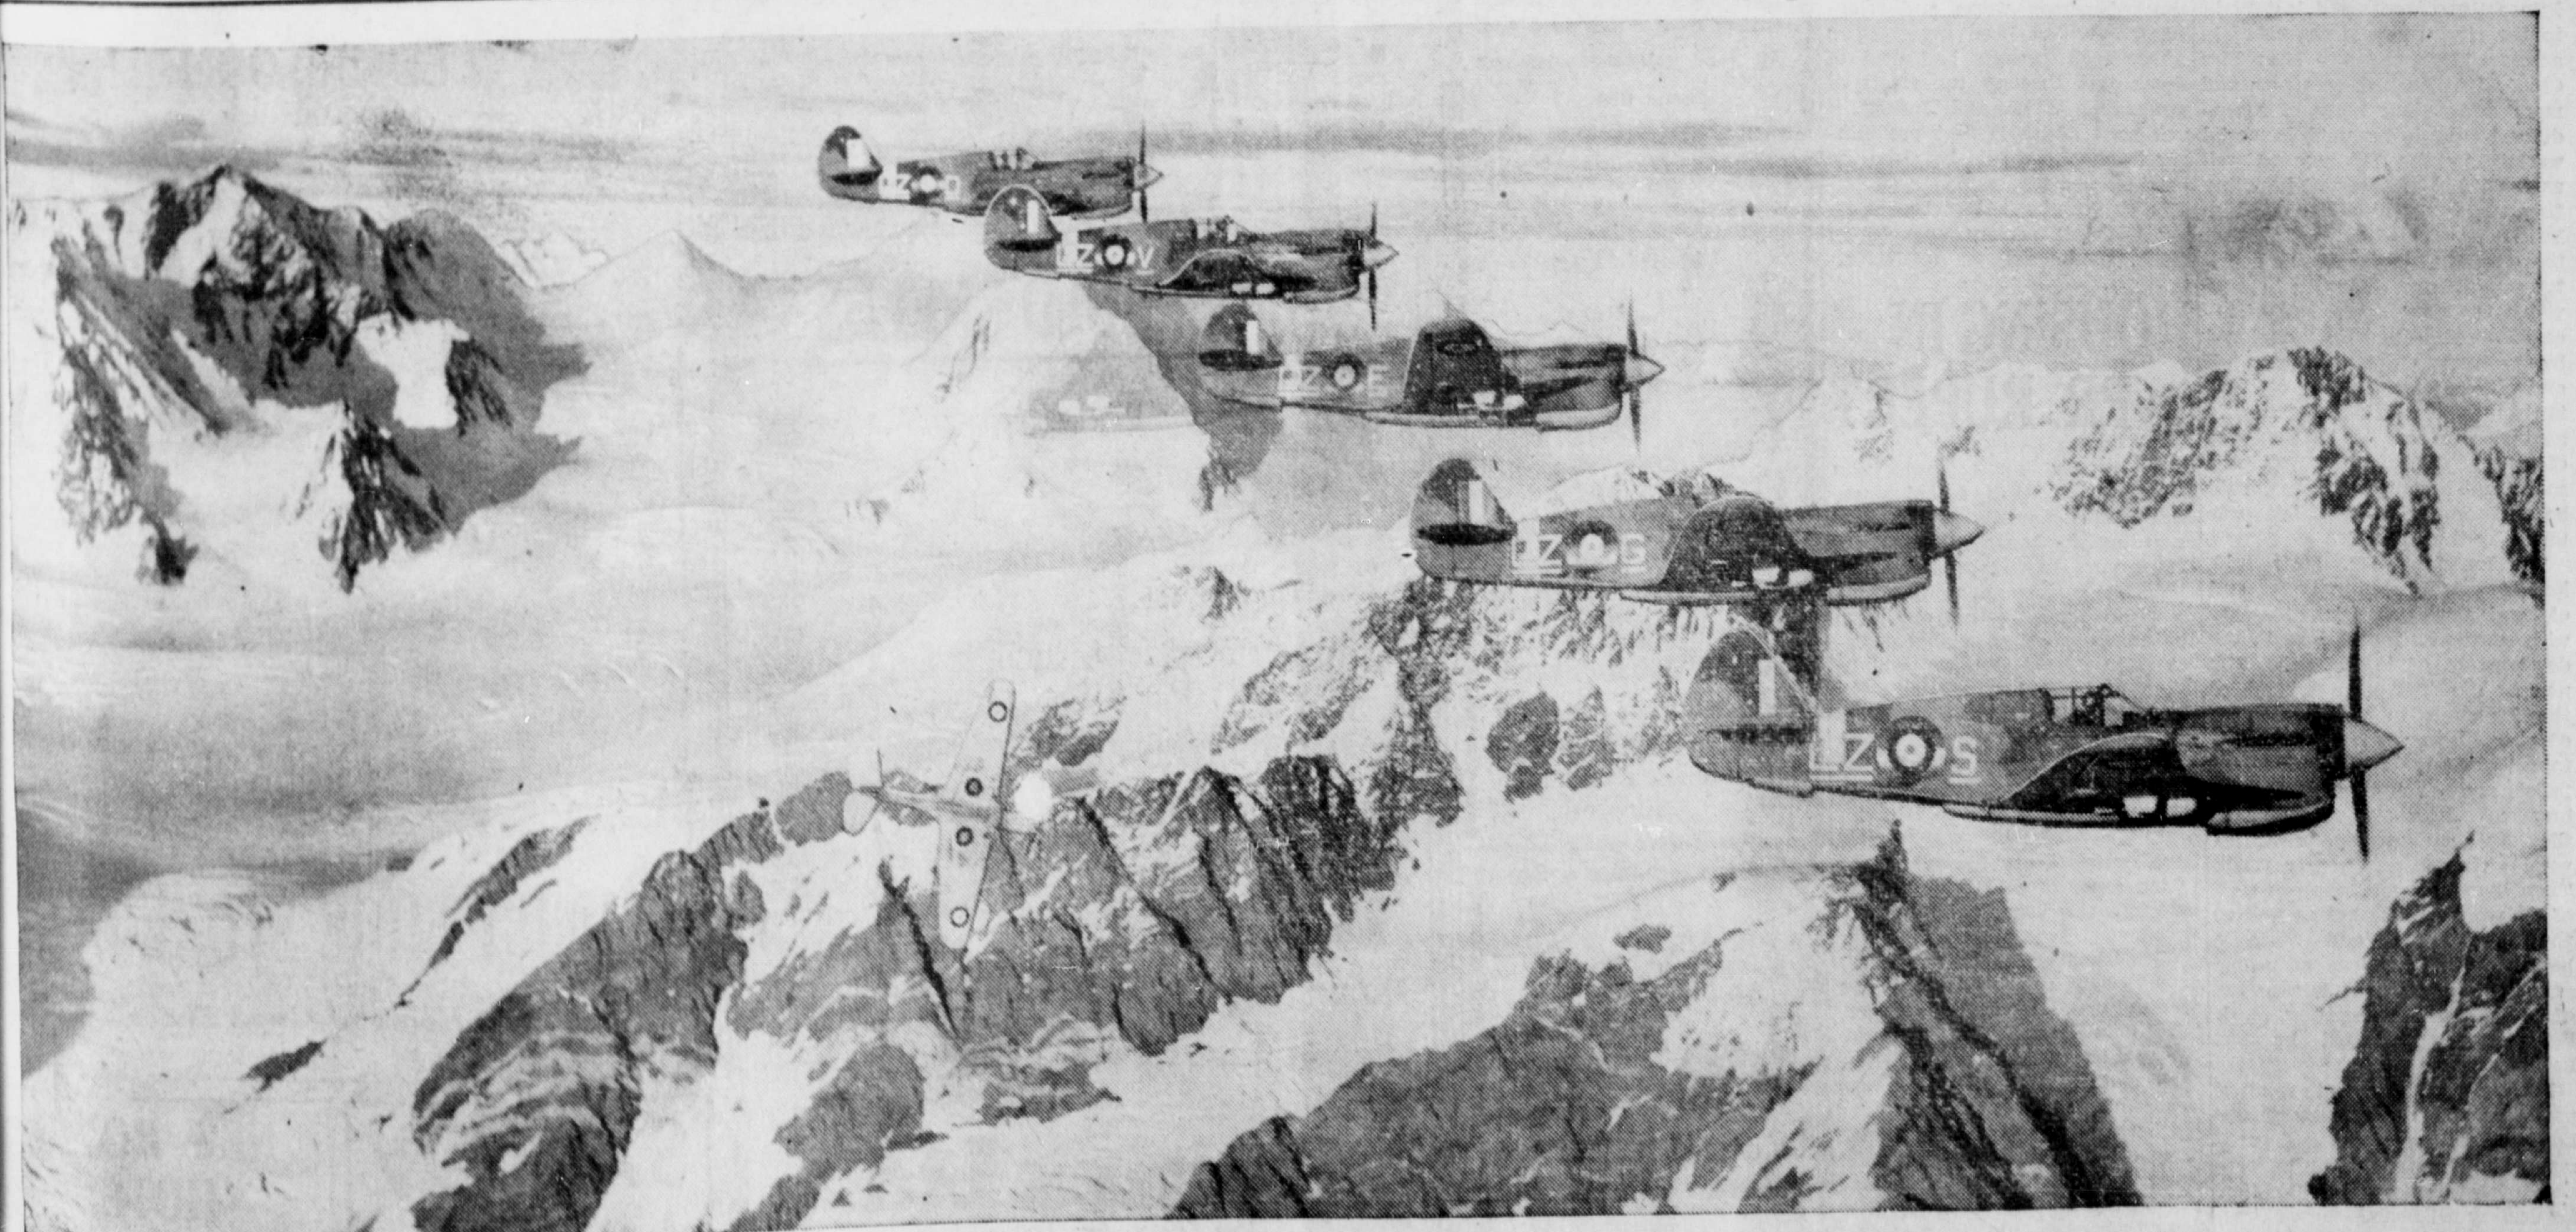

Twenty-seven enemy planes were brought down over Stalingrad yesterday.

Warships of the Red Navy sank a 10,000-ton German transport in the Baltic Sea.

Canadian Air Force Guards Northern Shores

High over the great mountain ranges of Alaska speeds a flight of R.C.A.F. Kittyhawks, ready to meet in the air anything the Japs may send against the shores of this northern outpost of the continent. Each

day the aircraft of Canadian and United States forces cover many miles over dangerous mountain country and the lonely waters of the northern Pacific. In the case of a large scale invasion of North America

by the Japanese it is probable that these aerial fighters would be out in front to bear the first shock. They have already clashed with strong forces of the Jap and bombed his outposts on a number of occasions. —Photo by Nicholas Morant for WIB

How Would You Feel?...

How would you feel if you were fighting — grimly, desperately, to ward off a murderous attack on your home. How would you feel . . . if you cried out to your family for help—the very ones you were defending—and found them so selfish, so indifferent they turned away and let you fight it out alone? That would take the heart right out of you, wouldn't it? You bet it would.

Then, think of your lads overseas and those here at home standing ready to defend you. They're looking to you for help . . . for the planes, ships and guns that will give them an advantage in their fight against your deadly and powerful enemy.

Face the truth—we're confronted with a real and terrible danger. We've all got to help—we've got to give them what they need to fight with . . . and we can't do it unless we deny ourselves those luxuries and conveniences. Sure, those extras make life soft and comfortable—that not only cost money to buy, but take labor to produce. We can lose this war if we don't supply those vital but they don't make it safe.

You will be laying up for yourself the best of all investments—Victory Bonds which are backed by all the resources of the Dominion of Canada; they yield a fair rate of interest; you can borrow against them; and they are readily saleable when you need the cash.

BOMBS ARE DISCUSSED

Fire Chief Urges People to Wake Up to Dangers of Air Attack—100 Percent Precautions Needed

Air Raid Protection wardens of Prince Rupert gathered last night in the city council chamber in substantial numbers to hear Fire Chief H. T. Lock discuss new and more devastating types of incendiary bombs being used in aerial warfare by the Japanese as well as the latest methods of handling fires under air attack in Britain. Mr. Lock sounded a warning that the cities and towns of this country would have difficulty in surviving the present methods of incendiary air attack as employed by the enemy unless there was full and efficient mobilization of civilian forces to watch systematically against fire and to be ready to effectively combat them on the spot. That this organization should be perfected without delay was urged by the fire chief.

The Japanese, Mr. Lock said, had adopted combinations and old and new principles together with some new innovations in the development of their bombs. The new 50-kilo dual purpose bomb of the Japanese, in which the use of phosphorus was featured, contained possibly several hundred pellets and enough explosive to broadcast them over a radius of fifty feet and possibly, under favorable circumstances, fifty yards. Then there was the Japanese type of Molotov breadbasket as well as the delayed action and nuisance bombs. The importance of people generally having an understanding of methods of combatting such bombs was emphasized by Mr. Lock.

these stirrup pumps. They should be regularly inspected to ascertain that they were in good working shape.

Announcement was made that a 500-gallon trailer pump was being sent here for use in civilian protection fire fighting.

Mr. Lock also mentioned the importance of shock treatment being administered without delay to sufferers from shock. The most important thing was to keep the shocked person warm and relaxed. There had been many cases where such persons had died of shock just through the effort of proceeding to hospital. Indeed, it was most desirable that preliminary treatment should be given to shocked persons on the spot.

It was emphasized at the meeting that all persons engaged in A.R.P. should register forthwith.

HOUSING IN PR. RUPERT

The Prince Rupert Trades and Labor Council will communicate with trades councils in the East regarding the housing shortage in this city, it having been reported that family men have been induced to come to this city with the assurance of accommodation.

The local fuel situation will be taken up by the council with the Fuel Controller with a view to having shipments of that very necessary commodity arrive in the city during the winter months. In this connection it was pointed out that many of the new houses have storage space for only eight to ten sacks of coal at one time, therefore not being able to store ahead.

With Thomas Elliott, president, in the chair, the regular meeting of the Prince Rupert Trades and Labor Council was held last Thursday evening with a fair attendance of delegates. Business was largely of a routine nature.

A letter from Olof Hanson M. P. regarding transportation costs of workers was filed for reference.

A communication from the City Commissioner on the filing of declaration for the new voter's list conveyed the information that the City Hall will be open evenings of next week from 7 to 9 p.m. for the purpose of accommodating workers and others who may not have the time during the day.

Just two months until Christmas, boys. Have you started to save for your Christmas shopping? And just two months for people to figure out how many service men they can invite in for Christmas dinner or for the evening.

Would it not be a good idea if the Sea Cadets in Prince Rupert, a very strong and active group I understand, were to help collect magazines from the households for the "Y"—not for the "Y" itself, of course, but for the men at the various forts and outlying posts which the "Y" keeps supplied with reading material. The "Y" car is so much in demand now taking shows around and bringing in supplies for the canteen that there is not the time remaining to respond to all the calls that come in. The boys would be doing a great favor and a real war service were they to form the habit of dropping in to the "Y" to see what calls had come in and then collect them. A house-to-house canvass would be a help as well. How's about it, kids?

BLAMES CITIZENS

Editor, Daily News: Being a former citizen of Prince Rupert, I am disgusted with these complaints as mentioned in your paper concerning excessive drinking.

Taking the city of Vernon as an example it would not be an overstatement to say excessive drinking does not exist. The reason is quite evident.

The people of Vernon do their utmost to entertain the men in uniform. There are two or three dances a week in numerous halls. There is skating at the local civic arena. There is a free show for the men three times a week, including concerts. The local theatre reduces its prices to the soldiers. There is the "dug-out" where one can read, write, play ping-pong, sing and dance free of charge. There is also the soldiers' club. Every Sunday there is a sing-song at the Salvation Army.

It is little wonder Prince Rupert is in the condition it is when the citizens themselves are but to blame.

If Prince Rupert were to take Vernon as an example it might find a solution to its excessive drinking.

VERNON. ELDRED BENSON

FAVORS KISSING

Editor, Daily News: Having read with interest the somewhat harmless and far from original suggestion of "Lothario" I was more than surprised by the reply to the same by my friends of the Salvation Army. It may be as they say, the idea suggested by Lothario is a "childish and foolish one." It may be a hangover from his childhood days when "Post Office" was a much encouraged game.

It is agreed that "all loyal sound thinking Canadians with means" will buy bonds without receiving the premium of a kiss from a strange lady or even without the symbolic "dagger" thrown in. Unfortunately, they are not the only one who must buy bonds. Even the "gay, handsome and gallant libertines," classified as Lotharios, and their modern prototypes who have added draft and tax dodging to their accomplishments must be induced to do their part. Perhaps a kiss from a good woman might stir some recollection or hope in the bosoms of some of these and cause them to awake to a new sense of responsibility.

One of the best fighting soldiers of the Civil War was a little Roumanian Jew who, when first conscripted, did not understand what the war was all about. At a farewell party given for his battalion the gay young hostess noted his apparent loneliness and isolation and went out of her way to give him a parting kiss. From that moment the war, for him, was real.

He was fighting for the way of life which produced such wonderful ladies as she.

It is not necessarily a "display of indecency" or a "feminine exposure" or even a "lowering of the standards of decency" for young ladies to "dispense" a few kisses. As the father of two God-fearing and very kissable daughters I would rather see them dispensing a few kisses publicly to hardy buyers of bonds than to see them forced to pass in review before Hitler's officers for them to decide which suited their fancy. I may be their fate if some of the Lotharios at present congregated in Prince Rupert are not brought by some means to realization of their duty.

Yes! "Canada needs a few old-fashioned things," and kissing is a very old-fashioned custom. Under well-regulated conditions it might be that the girls who cannot join the active forces may still be able to serve actively and well and have a real interesting story to relate when their grandchildren ask them: "What did you do in the Great War, Grandma?" "Jenny kiss'd me when we met," "Jumping from the chair she sat in," "Time, you thief, who love to get 'Sweets into your list, put that in," "I'm weary, say I'm sad, Say that health and wealth have missed me, Say I'm growing old, but add, 'Jenny kiss'd me.'" —DAD.

SELLING WAR BONDS

Editor, Daily News: The idea of the kissing business was taken from several United States and British illustrated papers which published actual photographs of actresses and society beauties giving kisses to purchasers of war bonds. I have seen dozens of such photographs since the war started.

And as for the remark "it takes substantial commonsense to win a war." If there was an substantial commonsense in the world there would be no wars. As for the letter being a very childish and foolish one, Adjutant and Mrs. Brunson are equally childish and foolish for having taken any notice of the letter, which was only passed on as a joke and not meant to be taken seriously by anyone with "common sense" (ie) if there is any common sense in Rupert outside of the Salvation Army. They have it all.

I would suggest Adjutant and Mrs. Brunson co-operate with Dr. and Mrs. Mandy in fighting a worse evil than kissing and that is drink. The Salvation Army are not doing much in that direction, judging by the scenes witnessed on the streets night after night in Rupert.

LOTHARIO.

(Note:—We would point out that Adjutant and Mrs. Brunson have signed their names to their letter while "Lothario" has not authorized publication of his real name to this correspondence.—Editor).

SHUTOUT IN BASKETBALL

Hec Mackenzie's Twenty-four Points Another Feature Last Night

A 21-point exhibition by Hec Mackenzie for Midland Regiment and a shut-out 46 to 0 victory by the United States Transport over the Winnipeg Grenadiers were the highlights in last night's basketball card at the Armories. Three games in all were played. The United States Transport won over Grenadiers. A smart United States Army Headquarters team had little trouble with Co-operative and the Midlands defeated Signals in the closing game.

The Grenadiers certainly could do with a little more experience as far as basketball goes although it was entertaining to watch so many men miss so many shots at a given basket in forty minutes. This actually is an oddity in the sports world. So the Winniepeggers may have something to talk about in their short sojourn at the game. It is understood they will be taken up into inter-company outfits and run their own league. It seems strange these boys have had so little to do with basketball as Winnipeg has produced some of Canada's finest teams. The last Winnipeg championships team was broken up in 1931 by an air crash when most of the squad were either killed or injured. The United States Headquarters team looks as though it is the outfit to watch in this young league. They have more finish than most of the boys and looked very smart in their win over Co-op. Co-op incidentally is looking for a coach as is the Dry Dock.

Signals are still moaning over the loss to Midlands, their second in as many games. From a spectators' standpoint these boys are in trouble. On the other hand they heckle the officials so much they end up answering the whistle a little more than they deserve. It is unfortunate as they have the right to beat any team in the league. Last night they lost to one-man team when Mackenzie threw basket after basket from 15 to 15 feet out to amass 24 points out of his team's 46. Lefty Mink of United States Headquarters also scored 15 points.

Referees were H. McKenzie, G. Clay and Art Murray. Mrs. Mackenzie was scorekeeper.

BRIEF TIME PROTESTED

C. C. F. Feels People Should Have More Warning About Vote Registering

Claiming that the usual time allowed the householders of Prince Rupert to get their names on the voters' list has in the past been thirty days which time this year has been cut down to less than half the usual time, the Prince Rupert C. C. F. club, at the regular meeting this week, protested vigorously at the action. It felt that limitation of time would result in a large number of eligible voters not getting their names on the voters' list. The secretary was instructed by the meeting to write the city commissioner protesting this action and to request the commissioner to keep the City Hall open evenings for the purpose of registering and that this fact be well advertised through the daily press.

It was pointed out at the meeting that, in view of the special importance of the forthcoming civic election at this time, and the short time now available for the registering of all eligible voters, every effort should be made to remind people to get their names on the voters' list, the closing date being October 31.

Prince Rupert Has Now Got Up To Forty-five Percent of Its Objective in Big Money Drive

Yesterday's subscriptions in the Victory Loan campaign at Prince Rupert amounted to \$27,900, bringing the total up to \$246,850 for the first five days of the campaign. This is almost 45 percent of the objective of \$530,000. Subscriptions, generally speaking, are still running individually ahead of last year and there is much spontaneous response.

Today the internal canvass at the local dry dock gets fully underway and, in view of the general enthusiasm, it is thought there will be little difficulty in reaching the objective of \$100,000 set for yard R. B. Cummings, one of the dry dock canvassers, yesterday sold a \$1,000 bond to Oscar Laycock and later sold bonds of \$500 and \$100 denominations.

Geoffrey Wooten, district Victory Loan organizer, made a brief trip to Terrace and discovered an almost unanimous measure of support for the loan both among the permanent, regular residents and among war workers now located at that point.

Following are some of the newest local subscriptions to be acknowledged:

Patricia Bay Rents Slashed

Wholesale Reductions Are Ordered By Judge Shandley

VANCOUVER, Oct. 24 — Largest wholesale slashing of rents to take place in British Columbia was ordered by Judge H. H. Shandley, sitting as rentals committee in Victoria, following investigation of conditions in the Patricia Bay area.

Wives and families of men in the Royal Canadian Air Force have been living in "converted" chicken houses, garages, a butcher shop and a carpenter shop.

Under the rentals regulations of the Wartime Prices and Trade Board Judge Shandley made a personal inspection of these premises and sometime ago announced that reductions in rents would be made. He has now made public the reduced rates and they range from \$12 on a \$45 rent to \$8 on a \$10 rent.

Hitler and Hirohito have Great Plans for Canada

•Yes, all Canada's great resources . . . her wheat fields, her forests, her factories . . . could be put to wonderful use by the ruthless bully-boys from Germany, by the pitiful little savages from Japan. And Canada's boundless acres would provide plenty of living room . . . for the Germans and the Japs. But what of the Canadians? The answer is simple when you think what happened and is still happening to the Poles, the Greeks, the Yugo-Slavs—and all the others . . . in terms of slow starvation, slave labor, mass executions. Every time a hard-working Canadian man or woman buys a Victory Bond, the plans of Hitler and Hirohito receive a set-back. The more you save and lend . . . the more certain you help make it that our enemies shall never put their greedy claws on Canada.

Responsibilities GO WITH RIGHTS

▲ In no other country in the world do citizens enjoy more wholly the privileges and rights of free democracy than do we in Canada. But the very nature of democracy that creates those rights, creates the responsibility of maintaining them. HUNDREDS of thousands of young Canadians have decided that Canada is worth fighting for. We other hundreds of thousands at home MUST decide that Canada is worth WORKING for—SAVING for—LENDING for. Nothing matters now but Victory

Gyro Club Dance Enjoyable Affair

Upwards of One Hundred Persons At Happy Event Last Night

The Oddfellows' Hall was the scene last night of a very enjoyable dance by members and friends of the Prince Rupert Gyro Club, some fifty or so couples being in attendance at the affair, men of the services being considerably in evidence.

Excellent music was furnished by a naval orchestra and William Stone was a genial master of ceremonies for the dancing which was in progress from 10 p.m. until 2 a.m. Delicious refreshments, featuring consommé instead of coffee, were served at midnight. Gyrettes had assisted in connection with the preparation of the refreshments. C. C. Mills was chairman of the committee responsible for the arrangements of the party. H. S. Meadows presided at the door.

WHAT WERE YOU DOING WHILE I WAS AT *Dieppe*?

"Have you any idea what that night was like? A murderous storm of machine-gun bullets . . . the blasts of point-blank shell-fire . . . the bursts of bombs and hand-grenades . . . the desperate, hand-to-hand, life-or-death struggles in the darkness and smoke . . . the shock of seeing your pals hit. *For what? . . . For YOU!*"

"Yes, for you, and your family and your home . . . and for my family and my home, too . . . to keep them safe from the beasts that would brutalize them. Aye, and for Canada . . . our country . . . clean and sweet and beautiful . . . and for all the lands where men must be free. And if you had seen your fellow Canadians fight that night, you would know how much we cared about all these things that you are enjoying now."

"So I'm asking you: Are you giving every last ounce of effort, making the personal sacrifices that will back us up over here? Are you going all out to get us the things we need . . . to pay for the weapons we want? If you are . . . we'll win! If you're not . . ."

HOW TO BUY

Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000, and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

"Soldier . . . count me in! I know what you're doing . . . and I'll do *all I can*. Sure, taxes are heavy, but besides what you're risking, this is a picnic. So I'm giving up things . . . personal things I can do without until the war is over, and you and all the others are back home, victorious."

"Yes . . . I know how lucky I am! I'm only asked to *lend* . . . but if I had to choose between the way we live in Canada, and the way *they'd* make us live if they won . . . why I'd *give* all that I've got to keep that from happening! As it is, when I buy the new Victory Bonds I will be laying up for myself the best of all investments. VICTORY BONDS are backed by all the resources of the Dominion of Canada; they yield a fair rate of interest; I can borrow against them; and they are readily saleable when I need the cash."

Funeral Of Fred Walton

Large Attendance at Final Rites Yesterday Afternoon For Esteemed Local Railwayman

With members of the Masonic order predominating among ex-service men, railway employees, friends and sympathizers, there was a large congregation in attendance at St. Andrew's Anglican Cathedral yesterday afternoon for the funeral service of the late Frederick Stanley Walton, roadmaster of the Canadian National Railways, whose death occurred suddenly at the first of the week. Arrangements for the funeral rites were in the hands of Tyee Lodge, A. F. & A. M., of which deceased was a past master.

Very Rev. James B. Gibson officiated at the service in the Cathedral. He paid high tribute to the character and worth of deceased and made comment of comfort to the bereaved. He was a man of whom no unkind word had ever been heard. Nor was he one to speak unkindly of others. Those who were most closely associated with him esteemed him most highly. Course of his convictions, fidelity to duty and self-sacrifice in the interests of others were the attributes of a good husband and father as deceased had been.

Peter Lien presided at the pipe organ and the hymns were "O God Our Help in Ages Past" and "Abide With Me."

The Masonic committal service was conducted at Fairview Cemetery by R. M. Winslow, worshipful master of Tyee Lodge, and George Hill, chaplain.

The pallbearers were H. W. Birch, A. R. Nichols, W. H. Wilson-Murray, Geoffrey Woodall, G. P. Tinker and R. C. Davidson.

There were numerous beautiful floral tributes.

No Idleness With Halibut Fishermen This Winter—Not Much Enthusiasm For Soupin Shark Fishing

Some of the halibut vessels may be tied up during the winter but there will be little idleness for others of them. It is expected that a number of the vessels will be fishing scrap fishing during the winter. Time will, of course, have to be taken out for the usual necessary overhaul and repair work and, on account of the general pressure on service plants, owners and members of the crews may have to take on a considerable portion of this work themselves. Of course, there will be plenty of work in the war industries themselves for such able men as are making their normal livelihood from the fishing.

Sigmund Einsteoss, who some years ago was prominently identified with the co-operative marketing of fish from this district, is still active in the Pacific Coast fisheries business. Mr. Einsteoss, who is head of the Atlantic & Pacific Packing Co., was out from New York during the past month and made a trip to Alaska.

There is not so much enthusiasm for soupin shark fishing this fall as there was last winter. The market is weak and not very encouraging for the facing of winter fishing conditions at sea.

Dr. H. N. Brocklesby, formerly of the Prince Rupert Fisheries Experimental Station and now identified with the Borden Co. at San Francisco, was in Astoria, Oregon, recently when a group of leading scientists and technicians interested in the Vitamin A nutritional and therapeutic research met to discuss investigative work directed at proof of the efficacy of the vitamin principle.

The Department of Transport advises that the fog horn at Holland Island lighthouse is out of operation until further notice.
