

Java Defenders Are Holding Fast

"Make It a Billion"
Idea For R
Victor
Campaign

OTTAWA, March 3: (C.
Canada's Second Victory Loan
\$579,151,-
350, it was announced today.

Hon. J. L. Ilsley, minister of finance, states emphatically that Canada's objective is all that her citizens can subscribe at this time. The \$600,000 figure was set as a minimum objective only, something like the reserve bid at an auction sale.

"The danger is," said the minister, "that, as we approach the minimum with still a week to go, and after having put enough behind the campaign to make it a record-breaker, the public which has not yet subscribed may feel that no further effort is needed when the \$600,000 mark is reached."

The "Let's make it a billion" idea is now being stressed.

"Let us push on and get all we can," said a spokesman. "It will make the October drive that much easier."

C.N. HOTEL FISH PACK HEAD DIES TO BRITAIN

Joseph Van Wyck Dies in Vancouver From Heart Attack Following Health Trip to California.

VANCOUVER, March 3: (C.—Joseph Van Wyck, aged 58, general manager of Canadian National Hotels since 1934, died suddenly of a heart attack here last night. He had just returned from a trip to California for the benefit of his health.

Ketchikan Radio Station Off Air

Owner of Alaska Radio Station Makes Some Candid Remarks.

The Ketchikan radio station KOKU went off the air last night. James Britton, the operator, in making his farewells, uttered candid remarks regarding lack of advertising support. The station has been operating for 17 years.

Vancouver Brings Up The Bear In Victory Loan Drive

UP TO LAST NIGHT Prince Rupert's Second Victory Loan subscriptions up to last evening had reached a total \$582,550 from an aggregate of 1510 subscribers. Considerable bonds are now being purchased by local dry dock workers.

While Prince Rupert appears to be the leading city in British Columbia in the way of response to the Second Victory Loan campaign, Vancouver is bringing up the rear, latest returns indicate. According to latest information here the divisions were lining up in the following order: Yukon-Alaska, Northern British Columbia, Okanagan-Cariboo, Coast, Vancouver-Suburban, Vancouver Island, Fraser Valley, Vancouver

Building Permits Lower This Year

Not Much Activity in Construction Work So Far In 1942 in 1942.

Building permits in Prince Rupert for 1942 to date total \$4750 in value as compared with \$18,525 in the first two months of 1941. The permits for this February amounting to \$1325 compared with \$8075 in the corresponding period last year.

STARTED TEDDY BEAR GLASGOW, March 3: (C.—Jock Kirkpatrick who during a hunting trip in the Rockies years ago with Theodore Roosevelt, wired a New York paper: "Teddy shoots a bear," and started the "Teddy Bear," is dead at 57.

JAPS OUT BY NIGHT

Seven of Enemy Race Being Held for Investigation A to Why They Were Out After Dark.

VANCOUVER, March 3: (C.—The police here are holding for investigation seven Japanese who were found on the streets after dark in contravention of the new curfew regulations.

CANADIAN CORPS LEADER CONFERS WITH DEFENCE MINISTER

Back in Canada to view the production of munitions, confer with defence department officials, and also for a few days rest, Lieutenant-General McNaughton, commander of the Canadian forces now in England, is pictured, centre, as he conferred with Lieutenant-General Stuart, chief of staff, and Defence Minister Ralston.

More Fire Calls Here This Year

Department Has Had Seventeen Calls So Far This Year Compared With Thirteen in 1941.

The Prince Rupert fire department had eight calls during the month of February this year which was the same number as in February, 1941. So far this year there have been seventeen fire alarms here compared with thirteen in the first two months of 1941. In only one case was damage done by fire this February, that being on February 23 at 692 Third Avenue West where R. Tubb is carrying out reconstruction. The damage there has not, as yet, been officially estimated.

LESS SUGAR FOR HEALTH

BIRMINGHAM, March 3: (C.—An article in "Medical World" said that if less sugar is consumed as a result of war conditions "it will be gain in health and efficiency, more especially for middle-aged and elderly people."

HAND AND SPANNER

LONDON, March 3: (C)—Fashion of painting emblems on bombers has spread to the engineering section of a group of bomber stations whose crest consists of an arm and a hand grasping a spanner and the motto "Ubendum Wemendum."

LONG WAY TO COME It requires four years for the light from the nearest star to reach the earth.

DESTROYER TORPEDOED

U.S. Jacob Jones Goes Down Off Cape May With Only Eleven Survivors.

WASHINGTON, Feb. 3: (C)—The United States Navy Department at Washington announced today that the destroyer Jacob Jones had been sunk by an enemy submarine off Cape May, New Jersey, before dawn February 28. There were only eleven survivors. The number of lost is not given but it was over one hundred.

Two torpedoes hit the vessel first, blowing up the bow and, apparently, killing all the personnel on the bridge as well as men sleeping in forward living quarters, while a second blew up the stern and all the depth charges.

WOMEN DOCTORS FOR RAF

LONDON, March 3: (C)—An altitude order has given Women's Auxiliary Air Force medical and dental officers authority to attend men who report sick in the R.A.F. In the past their duties have been restricted to W.A.A.F. personnel.

CEYLON AMBERGRIS

Ceylon for centuries has been famous for its ambergris.

WORK ON HIGHWAY

Word Received Here Says Construction West of Terrace To Start

Visitors from the interior state that preparations are being made to commence work shortly on the construction of the highway between Prince Rupert and Terrace. According to one story, a camp is to be established at Terrace.

The Department of Public Works intimates officially that surveys are to be instituted at once east and west of Terrace as to routes. One of the first sections to be built may be a continuation of the Prince Rupert end towards the Skeena River which might be useful in case of evacuation.

A large number of Japanese, it is said, may be employed on northern provincial highway work and is already being laid out by engineers on the job. They would be used east of Terrace.

GIFT FOR STALIN

LONDON, March 3: (C)—A photostatic copy of the minutes of meetings held by the original International Workingmen's Association in London in 1864 has been sent to Stalin. The original is stored in the vaults of a bank.

ANOTHER WAR ON

SHEFFIELD, Eng., March 3: Sheep-rustling has become so serious in the Hope Valley of Derbyshire and nearby Yorkshire dales that farmers have formed night patrols and armed themselves with staves and shotguns.

Brighter Turn Taken In South Pacific As Invaders Slow Down

Headquarters in Netherlands East Indies Say Situation Well in Hand—London, However, Does Not Appear Very Hopeful.

BATAVIA, March 3: (CP)—Defenders of Java were declared officially today to be holding fast against the Japanese invaders as the three-day-old battle for the last stronghold of the East Indies appeared to be taking a brighter turn. A bulletin from Netherlands East Indies headquarters said that Allied troops are "showing a splendid offensive spirit" and are fighting in close contact with the invaders. The Japanese have made no advance since Sunday in any of the three landing areas of Java.

At Bandung, United Nations military headquarters in Java, an authorized Netherlands spokesman told Aneta News Agency late tonight that "it can be stated without reservation the situation remains well in hand on all fronts."

There are three main Japanese spearheads totalling 50,000 to 80,000 men. One column, driving from a beachhead on Indramajah Bay, is reported stalled thirty miles from Bandung. A second has advanced sixteen miles inland from Rembang to an area 85 miles west of Surabaya, the important naval base, and a third, in Batum district, sixty miles west of Batavia, evidently never penetrated far inland.

Japanese bombers pounded military headquarters at the city of Bandung today, killing and wounding 102 persons as unconfirmed advices from London reported a huge new Japanese invasion armada bearing down on Java.

A Netherlands spokesman in London painted a gloomy outlook, saying that Java could not hold out much longer without reinforcements, chances of which are slight.

Netherlands commanders are now in charge of Java with General Sir Archibald Wavell returning to his old post as India's commander-in-chief to meet the threat to Burma.

Bombers Hit Australia

Far to the south Japanese fliers loosed machine gun and cannon fire at airfields and grounded planes at Wyndham on the Australian coast, 300 miles southwest of Darwin, and also bombed Broome, 400 miles farther southwest.

Frontally and flanking United Nations armies in Java strove today to smash three Japanese spearheads which had been thrust inland by the enemy and one report suggested that the deepest of these had been sheared off from its shore base. The immediate goal of the defence was to scatter the invaders before they could be reinforced from the sea. The invading forces were said to have suffered enormous losses already. A special communiqué said that all Japanese lighters engaged in landing troops and tanks from twenty transports on Sunday near Rembang, easternmost of the three invasion points, had been sunk in swooping by Indies fighting planes.

A Reuters dispatch, reporting British troops in action against the foe, said there was reason to believe that Allied forces had knifed through the supply line of a Japanese column which had driven forty miles inland to capture Subung, less than forty miles northeast of Bandung, United Nations headquarters.

In Burma, a London commentator said that Imperial forces were still holding the Sittang River line northeast of Rangoon with the Japanese unable to organize a new offensive.

Police Court Fines Higher

Total \$795 So Far This Year as Compared With \$355 In Corresponding Period Year Ago.

Police court fines in Prince Rupert for the month of February this year totalled \$595 as compared with \$180 in the same month last year. This brings the total for 1942 up to \$795 as against \$355 in the first two months of 1941.

CARRY ON DRILLING

High Criticized Search For Oil In Peace River Being Continued

VICTORIA, March 3:—In spite of the criticism that was directed against the Pattullo government for carrying on oil drilling at the public expense at Commotion Creek in the Peace River area, the new coalition government has decided to continue the program. At the advice of Dr. W. E. Hume, noted oil geologist, the present hole will be continued 1000 feet and then a decision will be made as to whether the work will be carried on or abandoned. The decision of the government was announced by Hon. Herbert Anscomb, minister of mines.

Drilling for oil at Commotion Creek has already cost the government \$400,000. It is expected that another \$225,000 will be sufficient to carry out the extended program. The present depth is 550 feet.

Light List In County Court

Only Two Actions Set Down for Hearing at Regular Monthly Session Yesterday.

Only two actions came up for date setting when County Court was in regular monthly session yesterday before Judge W. E. Fisher. These were as follows:

Eino Haapala vs. Roy Larsen, \$50, W. O. Fulton for plaintiff, set over to next court.

Cora E. Black vs. J. R. Reid, \$234.75, W. O. Fulton for plaintiff, T. W. Brown for defendant, March 26.

Two naturalization applications were approved.

PALMISTRY FORTUNE

BOGNOR REGIS, March 3: (C)—John William Trench, known to thousands of holidaymakers as "Alva, the Palmist," left nearly \$50,000 worth of bonds and securities when he died at 80. Trench practised palmistry for 30 years.

C. F. MacLean, Smithers barrister, who arrived in the city at the end of the week, sails this afternoon on the Catala for Vancouver.

TUESDAY, MARCH 3, 1942

Make Victory Loan Outstanding . . .

Because Prince Rupert has achieved its quota of \$485,000 in the Second Victory Loan and is within a few thousand dollars of its objective of \$600,000 is no reason why those who have not already bought and those who have not bought to the fullest possible capacity should now sit back and fail to make or increase their purchases. The fact that some parts of the country are lagging and are not doing their share is all the more reason why Prince Rupert's achievement should be outstanding. Prince Rupert's record has been splendid so far. Let us make it something notable.

Incidentally, Prince Rupert's Victory Loan accomplishment is not something with which we should feel too smugly satisfied. We have been able to do well because the war so happens to have brought the community generally a greater measure of prosperity than it has ever had before. It is but fitting that those who have benefited should put some of the benefit back into those very fine securities which are as good as cash and a fine form of insurance for future security.

Too Complacent . . .

Seeing the complacency with which British Columbian people are viewing the present situation, Lieut. Governor W. C. Woodward has issued a warning that sooner or later the province is pretty sure to be attacked and, at any rate, we must be prepared for anything. This is especially true where there are big works going on such as we have in Prince Rupert. The lieutenant governor said it was quite possible we might lose the war unless we prepared to meet the enemy. What has happened elsewhere might easily happen here.

Bikes for Boys . . .

It has been announced that very soon the manufacture of bicycles for boys will be stopped. So far the number allowed to be purchased by local dealers has been limited but we suggest those wishing bicycles this summer take some steps to secure them. With fewer cars on the road bicycles will be in demand to a greater extent than ever as horses will be more difficult to secure.

Oil Policy . . .

The British Columbia government under Premier Hart is continuing drilling for oil in the Peace River country but has made it possible to leave oil land there if they think it desirable. The policy of drilling was that of former Premier Pattullo and was supported by the C.C.F. members but criticized by Attorney General Maitland when in opposition.

Defective Children . . .

There are over ninety thousand medically defective children in the public schools of this province, according to Dr. G. F. Amyot, the provincial health officer, in his report to his minister. Many of the defects are dental but there are not enough dentists to deal with all cases and dental treatment, being costly, many patients find it difficult to have proper attention given their children. Health is just as important as education. While the state takes over the duty of educating children and compelling them to go to school, little is done to relieve the parents or to properly care for their children.

Railway to Yukon . . .

Now that consideration is being given to the possible construction of a highway to the Yukon and Alaska, it is being recalled that forty years ago a railway was planned and even commenced to run from Vancouver to Dawson, the record of the transaction follows.

"Seattle was taking the cream of the business to Yukon, partly because ports of entry for goods at Skagway and Dyea were in United States hands. The government of Canada thereupon planned a railway to extend from the Stikine River through Atlin to Whitehorse. Goods from Vancouver would then travel to Dawson without entering American territory. Canada could impose any restrictions it wished against U.S. imports.

"Sir Donald Mann, then in his prime—a huge figure, beetling brows setting off a magnificent black beard—came to Vancouver, organized construction gangs, sent surveyors and engineers into the Teslin country, made ready for an invasion of the iron horse. Sir Donald and Sir William Mackenzie had built much mileage already and were destined to construct much more; but this was one railway that was to exist on paper only. The senate of Canada got in its work and canceled the contract. Traffic to the Yukon continued to enter that part of Canada by way of Skagway, St. Michael and other U.S. ports.

"Mackenzie and Mann were reimbursed by the Canadian government \$302,717 for out-of-pocket expenses. The incident was closed—and Seattle continued to get much of the business of Canada's Klondike."

AUSTRALIAN NATIVES PREPARE

This photo was made in Australian territory where the threat of Japanese invasion has become acute. It shows a native being introduced to the gas mask. This modern device blends incongruously with the warrior's tribal paint.

NEWS OF NORWAY

DINNER WAS INTERESTING

Chamber of Commerce Event Well Attended Last Evening

Paper shoes will soon be on sale in Norway. The soles are of wood and tops of paper. Prices will range upwards from 15 kroner a pair. The seriousness of the shoe shortage is indicated by the announcement that strong boots are now limited to four pairs per 1000 inhabitants in country districts and one pair monthly in cities or towns. Of ordinary walking boots 15 pairs are allowed in the country and 10 pairs in towns.

A new flood of arrests has been made recently by the Gestapo.

Among the recent victims are Shipowner Rudolf Olsen, manager for Fred Olsen & Co., Major Krag, Lawyer Aage Schou and also a large number of newspaper editors and journalists as well as Lawyer Finn Aanonsen, Oslo, and Pastor Karl O. Petersen, Vardo. In Kristiansand, two policemen, Elmar Mjaaland and Erling Sunnver, have been sent to a German concentration camp. It is reported from Oslo that Lawyer J. B. Hjorth has been at Grini concentration camp near Oslo for some time but has now been moved to Akershus, no doubt to be sent to a German concentration camp. At present there are over 600 inmates in the concentration camp at Grini and even the church has been converted into sleeping quarters.

A number of fires have broken out recently all over the country including the two railway stations in Oslo, Askin Rubberware Fabrik, and an industrial plant near Drammen. The National Theatre, the university and other prominent public buildings have suffered from explosions. Frydenborg Dock & Shipbuilding Yard near Bergen, Kristiania Spikerverk, Glommens Mekaniske Verksted, near Fredrikstad, and Sagen's large property in Trondheim, have all suffered from fires.

A Norwegian, recently escaped from Norway, states that twice he saw Russian prisoners of war being shot because they refused to work for the Germans. This took place in the vicinity of Trondheim.

The Swedish press reports that Journalists Erling Pedersen, Drammen, and Henry Kristiansen, Oslo, have died in the German jail at Mollergeten 19. In Norway it is the general belief that these two men and Henry Kristiansen, Oslo, by the Gestapo.

Three young men have been condemned to death by a German court martial for having tried to escape to England. They were Johan M. Hansen, of Gravdal, Bergen; Aage Johansen, Bergen, and Hjalmar Molver Aalesund. The execution by shooting took place at Bergen.

DRESSING UP ARMY

Local Recruiting Committee Gets Information From District Officer—Favorable Conditions

The Canadian army is being issued with a new dress uniform which will be available for issue about the middle of March. Alex MacKenzie, chairman of the local civilian recruiting committee, has been advised in a letter from Lieutenant Col. H. E. Goodman, recruiting officer for Military District No. 11.

Col. Goodman also advises the local committee that soldiers proceeding on duty necessitating travelling by train overnight are now provided with sleeping car accommodation as are members of the Royal Canadian Air Force.

The information on these points was given to the local committee in reply to a communication it had sent to Col. Goodman.

"Actually," says Col. Goodman's letter, "the conditions in the three services (army, navy and air force) vary very little with regard to pay, quarters and rations. The army scale of pay compares quite favorably with the other two. The quarters are the same though they vary greatly in different districts. Soldiers, generally speaking, live in permanent barracks which are constructed in the same way as those of the navy and the air force but hardships are occasionally encountered at outlying coast defence points. These are being improved and I do not think they are worse than under similar circumstances in the other services. The ration issue is the same and is on a very generous scale. Canada prides itself on having the best fed army in the world."

After full justice had been done to the meal last night, many favorable comments having been heard on all sides, there was a brief but acceptable program with W. F. Eve, local Wartime Housing administrator, as chairman.

Rev. J. A. Donnell, pastor of First United Church, spoke on behalf of Earl Mah to welcome the guests and express appreciation at their attendance. Mr. Donnell spoke along humorous lines in happy vein.

T. W. Bouler, dry dock superintendent, expressed the satisfaction

DINNER IS ENJOYABLE

Representative Citizens Get Sample Meals That Will Be Provided at Dry Dock Staff House.

Representative citizens of Prince Rupert in quite considerable number were entertained last night by the Sunrise Grocery caterers, to a splendid dinner at the dining hall of the new Wartime Housing staff houses with Earl Mah as host for the evening. A splendid seven-course meal of fruit cocktail, salad, soup, fish, turkey, ice cream and coffee was served in excellent style on tables attractive with spotless new linen and shining cutlery. If this meal is to be taken as a criterion of those which are to be provided for the dry dock workers for whom the establishment has been started there should be no complaint from them. Tonight there will be another such meal complimentary to the dry dock workers themselves and the dining hall will go into regular operation as from tomorrow.

After full justice had been done to the meal last night, many favorable comments having been heard on all sides, there was a brief but acceptable program with W. F. Eve, local Wartime Housing administrator, as chairman.

Rev. J. A. Donnell, pastor of First United Church, spoke on behalf of Earl Mah to welcome the guests and express appreciation at their attendance. Mr. Donnell spoke along humorous lines in happy vein.

T. W. Bouler, dry dock superintendent, expressed the satisfaction

that both employees and management of the dry dock would be at the establishment of the house facilities, the men because of the comfort and convenience and the management because it would permit of more men being brought in to speed up the important work of the yard. Mr. Bouler paid tribute to the Sunsets for its service generally and good deeds it had done in the years.

Conditions in shipyards work were such as to make the hungry and, if this meal was indication as to the catering of the dining hall, there would be no satisfaction. He wished the workers every success in their important work of providing food and hungry and hard working men.

Mr. Eve pointed out that the dining hall was solely for the dry dock workers who would be given a similar meal by the Sunsets Company, regular operator start on Wednesday.

An acceptable feature of the program was a vocal solo by Mrs. Dixon. Miss Eileen Huddleston presided at the piano to accompany the singing of "God Save the King" at the opening of the program when the toast to the King was duly honored. At close there was singing of "God From Whom All Beauty Flows."

Rt. Rev. G. A. Rix, Bishop of Caledonia, pronounced the blessing before the commencement of the meal.

I AM A VICTORY BOND

I am made of paper, but I am strong.
I can conquer armies.
I can send fighting men to the ends
of the earth.
I can make guns and shells and tanks
to go with them, to protect them.

I can make planes to darken the
skies over the enemy.
I cannot speak, but I can spell
Victory.
I am not metal, but I am solid and
secure as rock.
I can be converted into cash at any
time.

I have behind me all the enormous
resources of our country.
I am the safest investment in
Canada.
I am offered to you now because
more than ever Canada needs
your help to win this war.
I must be behind those who stand
ready on two oceans to defend
our shores.

I must support those who by sea,
land and air are fighting this
new crusade for freedom.
I am within the reach of everyone
in Canada.
I can be bought on the instalment
plan. I can be used as security
for a loan.

I am available in denominations
ranging from \$50 up.
I can be bought through any Victory
Loan Committee or authorized
Salesman, from any Chartered
Bank, or from any Trust Com-
pany. You can authorize your
employer to buy me for you by
regular payroll savings.

I urge you to telephone
your local Victory Loan

LOCAL NEWS NOTES

See Gordon & Anderson for February furniture specials. 10% down balance over 12 months.

Dr. R. G. Large, who had recently been elected a member of the Chamber of Commerce, put in his first appearance at the dinner last night.

The Chamber of Commerce was told last night that the hour of 8:15 was very inconvenient for the restaurants to provide them with the monthly dinner. It was decided to cancel the dinner meetings altogether if they could not be held at that time.

A proposed trip to Stewart at Easter has been cancelled by the Prince Rupert Chamber of Commerce owing to inability of the Union Steamship Co. to provide a steamer for the occasion as a result of war conditions. The hope was expressed that it might be possible to hold the excursion in the near future.

A letter read at the Chamber of Commerce meeting last night from Olof Hanson M.P. in answer to a request to put on the market the property across the street from the Post Office on Third Avenue said the government would not offer the property just now because a building of the type proposed there would not be allowed at present.

Lieut.-Gen. McNaughton Inspects C.P.R. Tanks

THE stepped-up tempo of tank production in the city on the Northland yesterday from Ketchikan and proceeded by train last evening on a trip to Chicago and New York. Mr. Phillips is a well known Ketchikan fish buyer.

Accompanied by ranking officials of the Canadian Army and senior officers of the Canadian Pacific Railway, Canada's No. 1 soldier received a first hand picture of tank construction from

the smallest parts to the finished product. He displayed keen interest in the construction of the speedy war machines, a type that has been highly praised by the Russians on the field of battle.

Highlight of General McNaughton's visit followed the shop inspection when six of the khaki-painted "Valentines" tanks, fresh from the Angus shops, assembled line, raced out on the shop Midway, where they wheeled, plowed, and went through various other tactics to show their maneuverability.

Above scene shows a group of Angus-built tanks awaiting shipment for "active service." Inset: Gen. McNaughton comments on some detail of tank construction. Others in the group include (left to right) H. B. Bowen, chief of motive power and rolling stock; Brig.-Gen. E. de B. Paset, Officer Commanding, M.D. 4; J. H. Berry, director-general of automobile and tank production; Lt.-Gen. Kenneth Stuart, chief of the Canadian General Staff; D. C. Coleman, vice-president, Canadian Pacific Railway.

HOUSEWIVES PLAY PART

Canada's Women Anxious To Cooperate in Every Way to Win War.

By PATRICIA CONNOLLEY
Canadian Press Staff Writer

OTTAWA, March 3: — Laura Pepper, chief of the consumer section, Department of Agriculture, says the Canadian housewife isn't fooling in her effort to win the war from the kitchen. "An analysis of any day's mail received by the consumer section will vouch for that," she told The Canadian Press.

Since sugar rationing came into effect, Miss Pepper said, the majority of queries have been regarding the use of sugar substitutes. "The general desire in all these letters," she said, "has been to cooperate with the sugar rationing. There have been no complaints about restrictions. Neither are women worried over possible lack of supplies."

As further evidence of a desire to take their place on the home front, Miss Pepper said Canadian housewives have become vitamin conscious. Here are typical queries:

- (a) What Canadian foods can I use in order to maintain food nutrition?
- (b) What is the difference in composition and food value of homogenized milk, chocolate milk and evaporated and condensed milk?
- (c) What is the difference in food value of the three grades of butter?

Here's the Answers

To these queries the consumer section through promptly forwarding copies of their various bulletins on Canadian foods would reply:

(a) Cereals, eggs, beets, fruit

and vegetables are among the Canadian foods that can be used to maintain good nutrition.

(b) Homogenized is specially processed to keep the cream throughout the milk and is therefore of superior quality; chocolate milk is skim milk with added chocolate syrup; evaporated milk if diluted according to directions of the manufacturer is equivalent to whole milk.

(c) The difference between first, second and third grade butter is in the flavor and texture, all three grades possess the same amount of butter fat and moisture.

The need for economy in wartime is also making the average wife much more price conscious," Miss Pepper said. "They are thinking of price in relation to quality, they ask for more factual information in their daily marketing—and we think the Canadian policy of quality production and grade labeling is paying dividends."

SPORT STAR FIVE PINS NOW BOWLS LAST NIGHT

Babe Didrikson, 1932 Olympic Champion Takes in New Field.

LOS ANGELES, March 3: Babe Zaharias—you'll remember her as Babe (Mildred) Didrikson—Uncle Sam's greatest woman all-around athlete, has a new love, it's bowling.

Champion woman performer in the 1932 Olympic Games and later star on baseball and basketball aggregations maimed by the fair sex, the 28-year-old Texas-born athlete continues an energetic program of physical endeavor.

In the afternoon it's for the Babe and at night bowling.

"I don't like bowling as well as golf," said the Babe, "but I'm getting awfully interested in it."

Which should be sufficient warning for the continent's women bowlers. The Babe is one gal who never goes into anything half way. She proved that when she took up golf and moved quickly into an outstanding player.

She still has that competitive spirit. Revels in it, in fact, and likes nothing better than for someone to dare her to get a difficult pin, or score a point when it's needed most in a bowling match.

"Power" Bowler

Babe's kegling goal, of course, is a perfect 300 game. She's downright disgusted with herself when her count lags under 200. The team she plays with holds a local record of 2765, and Babe's individual game of 237—the rolled eight strikes and three spares—played a big part in setting the mark.

It was hardly surprising that Mrs. Zaharias was a "power" bowler when she started the game. Just as she delighted in seeking a golf ball, she loved to hear those pins rocking against the backboard. She'd splinter them if possible.

She's pointing toward finesse, however, and has curbed her desire to knock 'em dizzy. She's developed a hook ball and her instructor believes she's be a champion before long. Naturally.

Hockey Standings

	W	D	L	F	A	Pts.
New York	25	3	13	137	105	53
Toronto	25	3	13	137	105	33
Boston	21	6	14	128	97	45
Chicago	21	3	19	132	132	45
Detroit	15	4	24	119	135	34
Montreal	14	3	26	113	158	31
Brooklyn	14	2	27	117	153	30

MIXED BOWLING

Toilers will meet Stone's Clothiers while Sav-Mor Grocery will play Rinky Dinks in the opening session of the Mixed Bowling League tonight. In the nightcap games Pushovers will play Alley Cats while People's Store takes on Woonians.

SPORT CHAT

Fondly hoping to be struck twice in the same place by lightning, Boston Red Sox are willing to argue that figures don't lie in predicting that Yank Terry will prove as valuable a rookie hurler as was Heber (Dick) Newsome last season. It is coincidental that the oddly-named Terry—Yank is his official handle—went to the sockers from San Diego, where he fashioned a sensation 1941 record of 26 victories and only eight losses. Newsome went to Boston from San Diego last year with a 23-11 record and almost went back there without a chance. His five-fitter on a bitter April day gave him a chance and he went on to become the most effective Boston hurler, with a 19-10 tally for the season. Terry, it seems, took part in just 315 innings last season in compiling his fine record. Newsome was in exactly the same number of innings when he did so well with San Diego in the preceding year.

The Red Sox bosses are keeping their fingers crossed even as they predict bright things about Terry. Too often they have gone overboard on some hurling prospect, seen him get away to a flying start, and then made the customary clutch for the headache powders as he collapsed suddenly and mysteriously at mid-season. Terry is no stranger in Brooklyn. He was brought up last season after a long sentence at Louisville. But there was no room for him on Joe Cronin's veteran staff and off he busted to San Diego. He might have helped later in the year when some of Cronin's veteran hurlers came apart at the seams. He'll get every chance this season.

* WILLINGDON'S SWORD

LONDON, March 3: (P)—An Indian sword in a gold sheath, owned by the late Lord Willingdon, former Governor General of Canada, was auctioned for £250 (about \$1,125).

CRIBBAGE PLAY-OFF

Chinese Youth and Reddy Kilowatts Take Clean Sweep and Steel Workers Take Third Fixture.

Chinese Youth Association and Reddy Kilowatts won clean sweep victories three games to nil over Royal Canadian Corps of Signals and Royal Canadian Air Force re-aggregations maimed by the fair sex, the 28-year-old Texas-born athlete continues an energetic program of physical endeavor.

In the afternoon it's for the Babe and at night bowling.

"I don't like bowling as well as golf," said the Babe, "but I'm getting awfully interested in it."

Which should be sufficient warning for the continent's women bowlers. The Babe is one gal who never goes into anything half way. She proved that when she took up golf and moved quickly into an outstanding player.

She still has that competitive spirit. Revels in it, in fact, and likes nothing better than for someone to dare her to get a difficult pin, or score a point when it's needed most in a bowling match.

"Power" Bowler

Babe's kegling goal, of course, is a perfect 300 game. She's downright disgusted with herself when her count lags under 200. The team she plays with holds a local record of 2765, and Babe's individual game of 237—the rolled eight strikes and three spares—played a big part in setting the mark.

It was hardly surprising that Mrs. Zaharias was a "power" bowler when she started the game. Just as she delighted in seeking a golf ball, she loved to hear those pins rocking against the backboard. She'd splinter them if possible.

She's pointing toward finesse, however, and has curbed her desire to knock 'em dizzy. She's developed a hook ball and her instructor believes she's be a champion before long. Naturally.

HIS BOOK IS TIMELY

Bruce Hutchison Says Canadians Know Little About Their Own Country

NEW YORK, March 3: (P)—A book about Canada that quite likely will be widely read in the United States is Bruce Hutchison's "The Unknown Country." Mr. Hutchison is a staff writer for the Vancouver Sun and also has contributed to Canadian and American magazines.

New York book reviewers hail "The Unknown Country" as a timely book about the neighboring partner of the United States in war and peace. The New York Herald-Tribune agrees with Mr. Hutchison that Canadians generally know as little about their country as Americans.

In other words, "glamor has entered the curious yellow brick building at Fortieth and Broadway which always needs its face washed." Long research into the matter from every cranny of the auditorium, and some backstage, has proved to me that there is less fat per note than there once was. But I think the reasons are a little different. The Met, never noted for daring adventure in any department, is merely following the same trend the little sienographs in the subway follow.

Have Women Shrunk?

The movies had something to do with it. But it is not true that all singers of the past wore circlets for camisoles. And anyway, all women have shrunk since the turn of the century.

People compare Lily Pons and Ernestine Schumann-Heink who used to strain stage and other elevators into the late 20's. But Lily, who makes a fetish of her figure's a coloratura with a light voice, and Schumann-Heink was a contralto with a beefy voice. And an appetite.

There is Rose Stevens nowadays—probably tops for out and out good figure and good looks at the Met. Miss Stevens is a mezzo, her voice is not particularly big, and she was born into the midst of the toast-and-orange-juice-for-breakfast era.

The Times notes with interest that Mr. Hutchison regards as "the greatest Canadian of his time." John W. Dafoe, editor of the Winnipeg Free Press, who for 50 years has been doing a large part of Canada's thinking, who has grasped better than any other man in his time the place of Canada in the world.

The Herald-Tribune review concludes:

"Bruce Hutchison is not concerned with beating the big drum about Canada's war effort. He sweeps over time as boldly as he does over space, seeing Canada as it was, is and will be, and that is what makes his unconventional peregrinations such stimulating reading."

KILLED IN EXPLOSION

LONDON, March 3: (P)—Two teenagers were killed and a hotel was damaged when an object they were examining on a beach in southwest England exploded.

PAGE SANTA CLAUS

Between 13,000 and 15,000 natives of Alaska depend on the reindeer for their food and clothing.

are likely to crack up.

The proof was established more than a century ago. In those days there lived a great contralto who made herself a soprano. Her name was Maria Malibran, and she was probably the greatest woman singer of all time. But she weighed only around 100 pounds, she would never rest or relax—and she died at 23. She then was famous, but very, very dead.

Annual Meeting of Municipal Chapter Last Night—Mrs. Teng Is Again Regent.

The annual meeting of Municipal Chapter, Imperial Order, Daughters of the Empire, was held last night, taking the form of a well-attended dinner. Officers for 1942 were elected and reports showed much valuable work and activity during 1941. In war work, apart from normal activities, the organization expended \$1365 as well as being instrumental in knitting 478 garments for the services, 510 articles of clothing for people of bombed out areas and twenty quilts.

The election of officers resulted as follows:

Honorary Regent — Mrs. H. L. Landry.

Regent—Mrs. J. A. Teng.

First Vice-Regent — Mrs. G. E. Moore.

Second Vice-Regent — Mrs. Sidney Elkins.

Secretary — Miss Helen Valentine.

Assistant Secretary — Mrs. Murphy.

Treasurer — Miss Jean Wilson.

Educational Secretary — Mrs. J. E. Boddie.

Organizing Secretary — Mrs. H. N. Brocklesby.

Echoes Secretary — Mrs. William Brass.

Standard Bearer — Mrs. S. V. Cox.

The evening's program included the singing by Miss Betty Wood of songs written by Mrs. Sidney Elkins, also vocal solos by Ronald Bridgett and Corp. Quinn, R.C.A.F.

FILM IS MYSTERY

"I Wake Up Screaming" Coming To Capitol Theatre This Mid-Week

An exciting mystery drama, "I Wake Up Screaming," comes to the screen of the Capitol Theatre here his Wednesday and Thursday by Betty Grable, Victor Mature and Carole Landis holding the leading roles. The story is that of a girl who was taken out of a hash house and made the darling of cafe society. Carole, despite her sister Betty's protests, agrees to let herself be glamorized by the promoter. Mature, a well known actor in the person of Alan Mowbray and a columnist, Allyn Joslyn. After she signs a Hollywood contract she is found murdered. Laird Cregar, a detective, seems more interested in putting his finger on Mature than finding the real murderer, especially since most of the clues point to him. The mystery is deepened even more when Betty falls in love with Mature and holds out evidence which makes him look even more guilty.

William Gargan completes the featured cast of "I Wake Up Screaming."

Air Raids Subject

In addition on Wednesday and Thursday the Capitol Theatre will present a 20-minute short subject in its program, this being the latest March of Time release entitled "When Air Raids Strike." This film dramatically shows what to do and what not to do in case of an air raid. It compares actual facts with rumors. It shows how to protect lives and property by utilizing the methods employed by forty million men and women of England who gallantly fought the Nazi bombing attacks on their homes. It delves deeply into the organization necessary to meet air raid conditions showing how each civilian has a definite thing to do. "When Air Raids Strike" is instructive, thrilling, timely and thoroughly entertaining and provides educational angles for all.

EXTRA RATIONS IN SWEDEN

The Swedish Commission has distributed 100,000 coupons for extra rations of flour, sugar, butter, peas and meat to miners, woodcutters and unemployed.

HOT GOING TOO!

An aviator going 200 miles an hour would require six months to fly through the diameter of the sun.

BLACKHEADS

so quickly by a simple method that dissolves them. Get two ounces of peroxide powder from your drug store, apply with a hot, wet cloth gently over the blackhead, and you will wonder where they have gone.

COMMANDERS OF R.A.F. IN ULSTER

Major-General James E. Chaney, commander in chief of the U.S. forces in the British Isles, is shown, left, with Major-General Russell Hartle, commander of the force that landed in northern Ireland recently, as they appeared shortly after the Americans disembarked.

Whifflets From The Waterfront

Arranging For Clam Processing

Meeting of Massett Natives Held in City Last Night—Co-Operative Shares Being Sold.

Masset natives, resident in the city gathered last night in the Metropole Hall to the number of about twenty-five in connection with the organization of a co-operative body for the operation of clam beds on the north coast of Graham Island. In order to finance the leases from the Nootka Packing Co. \$10 shares are being sold and those present last night purchased of these.

Among those present at last night's meeting were S. L. Simpson, whose Queen Charlotte Cannery at Old Massett will process the clams; Indian Agent James Gillett and Alfred Adams, president of the Native Brotherhood of British Columbia.

MOVEMENT OF LIGHT

It takes a ray of light 8½ minutes to reach the earth from the sun.

Three Men Of Ten Offering Are Accepted Here During Last Week

the past week and dispatched for service. They were:

Alvin Bolton, Atlin.

James Nelson Henderson, Hazelton.

Frederick James George, Telkwa.

ROUGH PASSAGE ON CONVOY DUTY

As if submarines and long range Axis bombers weren't enough to contend with, old Debbil Sea has to cut up rough and make life unpleasant for this Canadian destroyer during a convoy run across the North Atlantic. The sailor on the quarterdeck is making fast one of the "ashcans" kept in readiness for action against submarines. Astern of the destroyer you can see one of the huge waves that battered the ship. This particular storm raged for 48 hours, during which officers and men of the crew had to work like Trojans.

Tomorrow YOU'LL NEVER GUESS

the answer to this shocking mystery... it's the surprise thriller of the year... a new plot that will be copied for years to come!
