The Daily News

NORTH AND CENTRAL BRITISH COLUMBIA'S NEWSPAPER

VOL. XXXI, NO. 8. PRINCE RUPERT, B.C., SATURDAY, JANUARY 10, 1942. PRICE: FIVE CENTS

BATTLE OF PACIFIC—

BRITISH WITHDRAWING FURTHER IN MALAYA; LULL IN PHILIPPINES

Japanese Evidently Planning for Full Dress Invasion of Netherlands East Indies—Chinese Offensive Bright Spot of Far East Picture—R.A.F. Active.

USING MONSTER TANKS

Japanese troops, led by monster tanks, were claimed in an official Tokyo broadcast today to have driven to within ten miles of Kuala Lumpur, 240 miles north of Singapore. At the same time field dispatches claimed that a general offensive was begun early this morning in the southern part of the city. British Far East headquarters tersely announced that battle-worn Imperial troops had withdrawn farther south from the latest defence lines north of Kuala Lumpur, but no details were given. As an ominous lull in the Philippines suggested that a zero hour might be approaching, Batavia believed that a major Japanese offensive was imminent against the Netherlands East Indies where there have been persistent enemy reconnaissance flights and outside attacks. However, the defence forces of the Netherlands East Indies are said to be well organized and there is believed to be little fifth column danger.

LONDON, Jan. 10:—With British troops withdrawing further down the west coast of Malay Peninsula in heavy fighting against strong Japanese tank and infantry forces, a lull continues today in the assault upon General Douglas MacArthur's American forces on the Philippines and there are definite indications that the enemy

Elevator Destroyed

SUPERIOR, Wisconsin, Jan. 10:—Two explosions followed by a fire destroyed the Great Northern Railroad's Elevator X, giant grain storage plant, today with loss estimated at \$2,250,000. Seven persons were injured in fighting the blaze.

CONSCRIPT EVERYTHING

Harold Winch, C. C. F. Leader, Presents Amendment To Throne Speech in Legislature

VICTORIA, Jan. 10:—Speaking in the Legislature yesterday, Harold Winch, leader of the C. C. F. opposition, urged mobilization of all material and financial resources as well as manpower for war. He presented an amendment to the reply to the speech from the Throne which Mr. Speaker Norman Whittaker said he would rule upon.

INSURANCE EXTENSION

Those Whose Pay Has Gone Over \$2000 Owing to War Will Now Be Covered.

OTTAWA, Jan. 10:—Amendment to the Unemployment Insurance Act, to be announced in a few days, will extend provisions of the act only to those whose salaries have by war conditions been pushed over the \$2000 limit, an authoritative spokesman said yesterday.

On Thursday it had been said that the act would be extended to include those earning up to \$3,000 yearly but information today showed that the extension would not cover such a wide range.

BULLETINS

ESCAPED HONG KONG VICTORIA—Mr. and Mrs. A. L. Marchant received a cable yesterday conveying the good news that their son, Allan Marchant, had escaped safely from Hong Kong where he had been serving with the Canadian forces.

JUDGE IN ADMIRALTY VANCOUVER—Mr. Justice Sydney Smith of the Supreme Court of British Columbia has been appointed judge in admiralty in succession to the late Mr. Justice M. A. MacDonald.

ESCAPED FROM OKALLA VANCOUVER—Douglas Murray, 18, and Ernest Buckingham, 16, escaped from Okalla Prison where they were serving time. They made their get-away while engaged in clearing snow.

VANCOUVER DEATHS VANCOUVER—Funerals took place here today of Dr. W. A. McTavish, well known Vancouver physician and surgeon, and of Mrs. William Telford, a citizen of many years' standing.

COAST SHIP GOES DOWN

Steamer Ruth Alexander Victim of Enemy Action in Far East.

WASHINGTON, Jan. 10:—The steamer Ruth Alexander, for years a popular vessel on the Pacific coast run between British Columbia, Puget Sound and California, has been sunk by enemy action off the Dutch East Indies, the United States Navy announces. One member of the crew was killed and four injured. All others escaped.

Rumanians With Guns Executed

Nazi Authorities Taking Drastic Steps To Ensure Return Of Weapons In Occupied Country

BELGRADE, Jan. 10:—Rumanian soldiers, failing to turn in their guns when ordered to do so by the Nazi forces of occupation, have been ordered executed.

Prince Rupert Men, From Oldsters to Fuzzy Youths, Rallying to A.R.P. Duties

The men of Prince Rupert, old and young alike, elderly business men down to fuzzy school boys, are taking seriously the responsibility of being identified actively with civilian protection (A.R.P.) service. This was apparent from the size of a general meeting held at the Canadian Legion Hall last night for the purpose of imparting instruction, issuing equipment and enrolling new A.R.P. wardens. There were probably some 150 or so men in attendance, all, apparently, anxious to be organized and ready for useful service in the event of emergency arising.

MISSION IS OVER

Duff Cooper Is Not Required Further At Singapore Following Appointment of Wavell To Command

LONDON, Jan. 10:—Capt. Alfred Duff Cooper, cabinet coordinator of Far Eastern affairs at Singapore, has been told to "wind up his mission," it was announced today. The statement said his mission had been brought to an end by the appointment of General Sir Archibald Wavell to the southwest Pacific command.

SALVAGE REQUIRED

Many Lines of Old Material Can Be Used

The salvage campaign is calling for rubber, old rugs, mattresses and blankets, rags, all kinds of sacks, sacking, paper, magazines, cartons, barrels, bottles, bottle caps, broken china, crockery and glass, old phonograph records, old car batteries, coat hangers, old postage stamps, tinfoil, tooth paste and shaving cream tubes, old keys and scrap metal of all kinds.

In addition to penetrating the outer defences of the important cities of Canton and Nanchang, which the Japanese have held for many months, the Chinese have surrounded Ichang and have crowned their smashing defeat of the Japanese at Changsha by bringing down seven enemy planes there. The Chinese air force is now becoming an active factor. Yesterday the Chinese planes headed off eight Japanese air raiders which essayed the first attack of the year on the capital city of Chungking.

NEW STAND BY ROMMEL

Nazi Forces in Libya Expected to Fall Back on El Aghelia—To Break Up Hold-Outs.

CAIRO, Jan. 10:—Marine supply efforts of the Axis indicate that Lieut. Gen. Erwin Rommel, falling back to El Aghelia at the inner-most curve of the Gulf of Sirte in Libya, may make a stand there as supplies by sea can be assured.

The Axis retreat from western Cirenaica has become so rapid that British advance forces are unable to bring the enemy to action, it was announced today. Only light ground fighting mentioned between British vanguards and enemy rearguards covering the retreat from Agedabia toward El Aghelia. The Axis army appears to be in full flight along the coast of the Gulf of Sirte into Tripolitania.

Meanwhile three hundred miles to the east units of the British Navy have joined land artillery and air forces in an effort to destroy Axis hold-out forces in Hal-faya Pass area along the Egyptian border.

VICTORY IS NEAR

Former Prime Minister of Australia Believes His Country Will Be Subjected to Physical Attack.

CANBERRA, Australia, Jan. 10:—Former Prime Minister R. G. Menzies expects that Australia will be subjected to physical attack by the enemy before the war is over but he expresses the belief that victory is much closer than might seem possible on the surface.

HANDLING JAPANESE

Recommendations Made To Federal Parliament—Will Not Be Disclosed Until Submitted

OTTAWA, Jan. 10:—The joint conference between federal and provincial representatives of British Columbia has made recommendations regarding the Japanese situation on the Pacific Coast which will be presented to Parliament. Details of the recommendations will, however, not be made public until they have been presented to Parliament.

Reich Is Prepared For Jolt By Press Chief As Russ War Goes Awry

MILITARY SITUATION NOT ONLY "SERIOUS" BUT "CRITICAL"—REVOLUTION IS DENIED—RUSSIA DRIVING WESTWARD.

The German propaganda department in Berlin admits that military operations of the Reich have entered not only a "serious" but a "critical" stage, all German newspapers publishing statements to this effect.

Chancellor Adolf Hitler's own press chief prepared the German nation for a jolt today by solemnly acknowledging that Nazi military operations "have reached an extremely serious and indeed critical phase" as the Russians swept on to new triumphs. The statement came from Dr. Otto Dietrich and was published in all German newspapers as advices from "somewhere on the German frontier." It said that persistent reports of incipient revolution in Germany coinciding with the debacle on the Russian war front had impelled the German Foreign Office to issue a denial. Foreign correspondents were called from their beds one night last week and told of the reports and given the official denial. The correspondents were surprised that the stories created so much concern in Berlin.

The important city of Mzhaisk, west of Moscow, is threatened with recapture by the Soviet army as it continues its counter-offensive with increased energy against the faltering Nazi invaders from end to end of the long Russo-German front. Recapture since yesterday of half a dozen towns on the central front is announced.

With the siege of Leningrad now lifted, the Red Army has now won its way a third of the distance back to the Latvian border and is still on the advance.

To the south the German assault upon Sebastopol has now turned into a frantic retreat with 100,000 Germans and Italian soldiers in imminent danger of being completely trapped.

Nazi reinforcements are being rushed from France in the effort to stay the collapse in Russia.

The British Broadcasting Corporation today quoted a Moscow announcement that twelve thousand Germans had been killed in the Volkhov and Tikhvin sector on the Leningrad front since early December.

Soviet front line dispatches declared that the Red Army troops were advancing at a pace of more than four miles a day and had recaptured Mosalks, 47 miles west of Kaluga, and further tightened their vise on 100,000 Germans still holding out at Mzhaisk.

Russian spearheads were reported within twenty-five miles of the Vyazma-Bryansk line where Hitler is expected to rally his fleeing armies for an attempted stand.

MEIGHEN CRITICAL

Thinks System of Voluntary Enlistment Has Brought "Absurd Situation" in Canada.

TORONTO, Jan. 10:—The Conservative leader, Senator Arthur Meighen, speaking here last night, said that the system of voluntary enlistment in Canada had brought about an "absurd situation" although it was something that would have to be co-operated with as long as it was in force. Senator Meighen criticized the government for its methods in mobilization of manpower for war.

NEW SUP'T IS NAMED

Miss Mary Fraser R. N. To Take Charge of Local Hospital

Miss Mary Fraser R. N. of Winnipeg has been appointed lady superintendent of the Prince Rupert General Hospital in succession to Miss Margaret Jamieson R. N. who recently resigned. Miss Fraser is a Canadian graduate of St. Barnabas Hospital, Minneapolis, with diploma in hospital administration from University of Chicago. She has been lady superintendent of Regina and Port Arthur Hospitals.

No Submarine Is Found Off New England

BOSTON, Jan. 10:—Reports of an enemy submarine being in New England waters have been investigated but with no result.

DAILY EDITION SATURDAY, JAN. 10, 1942.

Battle of Atlantic . . .

As a result of very little fighting, the Battle of the Atlantic has been won. The shipping lanes between this continent and Britain are almost free from enemy vessels and very few supply ships have been lost since the beginning of October with the result that Britain today is better supplied with food and other necessities than she has been since the war commenced.

Since the pooling of the defence forces of the North Atlantic only one merchant ship has been lost and yet Hitler had threatened that all United States vessels found in those waters would be torpedoed. German submarines have been driven off.

The next step in the Pacific Ocean will be to tighten the blockade there like in the Atlantic. It will probably take a little time to do that but it can be done and from the news that comes through, it is evident that the blockade has already commenced.

Outstanding Demonstration . . .

In Seattle there was a mass meeting of Japanese in the Buddhist temple the day before Christmas Day at which over a thousand Japanese pledged themselves to fight against the Japanese Empire and to maintain their citizenship in the United States. They denounced the treachery of the Nippon government and gave every possible indication that they will not take part in any hostile act against the American government.

Canadian Parliament . . .

So that it may be called into session at a day's notice at any time the Canadian parliament prorogued and remains prorogued for one day only during the year. This year the date set for proroguing is January 21 but the new parliament is set to meet the following day. Since its first meeting last spring it has adjourned but not prorogued. That means that although the members have had to go to Ottawa several times, they have collected only one fee for the whole year.

Being in continuous session is undoubtedly an advantage. Should it be necessary for the representatives of the people to make a quick decision, they can do so. They were called to meet Prime Minister Winston Churchill for a one-day session, as many as found it possible to go.

Curious Case . . .

The Vancouver morning paper tells of a curious case of a five-year-old child in that city who was continuously escaping from the care of his mother and going to one of the city theatres. Recently he disappeared from home and did not return so the aid of the police was asked and eventually they found him. He had been in the theatre for over seven hours. For a five-year-old this is a long time and the child is evidently an unusual character.

Rid Soviet of Unwelcome Visitors . . .

Soviet Russia is making the final drive to rid her of the unwelcome visitors who have been there for several months. Aided by the severe weather for which the Germans were not prepared and also by the tanks and airplanes of Britain and United States, the Red forces have been able to turn the tables on the Nazis and now they all have their faces turned toward the frontiers that many of them will never reach.

Where Glamour Stays At Home

House Gown Designs Interesting This Year

LONDON, Jan. 10: — One house gown model is in gold jersey wool, sports bunches of fuschia leather flowers at the shoulder and waist and a neck banding and belt in the same tones of mauve and magenta. Other models in rayon and wool have high Russian necklines, bishop's sleeves gathered into tight band cuffs and trailing, gracefully-flared skirts.

THE SAILOR'S DAUGHTER LIVERPOOL, Jan. 10: — "Will someone please adopt my daughter as I can't meet the future alone—her daddy has gone down with his ship"—read a note pinned on a baby girl in the luggage rack of a Liverpool-bound train.

Royal Canadian Air Force Ship Is Being Sought

MONTREAL, Jan. 10: — Forty Royal Canadian Air Force planes are searching out of Montreal and Toronto for a training plane which is missing on a flight from St. John, Quebec, to Toronto with four men on board.

BUSY COAST PLANTS Eighteen percent of all U.S. defence contracts awarded from June, 1940 to September, 1941, went to the three Pacific Coast states.

REMEMBER SPAIN An old fort stands as evidence of the Spanish settlement in Hilo, chief city of the Island of Panay.

MAINTAIN PRINCIPLE

G. R. S. Blackaby Speaks Along Idealistic Lines To Junior Chamber of Commerce

"The crying need of the day is reaffirmation of sturdy and solid principles," declared G. R. S. Blackaby in speaking before the Junior Section of the Prince Rupert Chamber of Commerce last night. Threats or force notwithstanding, there should be no surrendering of the convictions which conscience dictated as being right. The courage and grit of Prime Minister Churchill in standing by principles was a worthy exemplification.

The price of freedom was eternal vigilance, Mr. Blackaby asserted. People of Europe had sold their liberty for empty promises and today they were in terrible subjugation.

People of Canada might have to surrender some of their liberties for the duration of the war, foregoing temporarily certain privileges and putting up with restrictions, but they should see to it that these shackles should not remain after the war was won and over. Of course, the all important thing now was winning the war.

Mr. Blackaby alluded to the importance of the organization of young men with ideas and ideals. The speaker was thanked by the president of the Junior Chamber, Alf Rivett.

RALLYING TO A.R.P.

(Continued from Page One)

ging. Mr. Lock suggested that water holes be dug in various parts of the city in which there might become stored by natural processes water which would be available in case of emergency for use of the forestry pumps from Ontario and such others as might be available. If the pumps sent as the gift of Ontario were not to be used to the fullest advantage, they should be sent back so as to be available where they would be used. Mr. Lock suggested how valuable these emergency pumps might be in the event of the main water supply being put out of commission.

Alf Rivett, president of the Junior Chamber of Commerce, offered the services of his members.

Another point stressed at last night's meeting was the curtailment of telephone use in the event of black-out or alarm. The telephones might be required for much more important things than private, casual conversations or foolish inquiries.

It was decided to hold another general meeting of A. R. P. wardens next Friday night, the district wardens, in the meantime, to get their teams further organized and instructed. Inspector Gammon will meet with district wardens on Monday night.

An indication of the keenness of the men present to do something was shown in the unanimous decision to hold another meeting next Friday. A meeting of the executive has been called for Sunday afternoon, while the assistant wardens are planning for meetings of their groups.

Angus Macdonald asked that first aid men be not signed up as police wardens.

At the close of last night's meeting which adjourned with the singing of "God Save the King," instruction cards, zone maps and steel helmets were distributed.

On the maps of Prince Rupert distributed to those present are clearly marked out eight districts for which organization has been completed to cover the whole city. The complete set-up of the A. R. P. organization in the city is shown on the front cover while on the back are the regulations to be observed during a blackout. In addition hang-up cards were distributed giving further instructions. A copy of each will be distributed to every business place and house in the city and when the public are familiar with the details there will be every reason to believe that in an emergency every eventuality will be provided for.

NAP'S JOSEPHINE Josephine, Napoleon's first wife, was born in Martinique, Leeward Islands.

MINED MORE COAL The Canadian output of coal during July, August and September totalled 4,208,539 tons compared with 4,018,323 tons in the third quarter of last year.

THEIR'S IS EXCITING GAME

On the eve of the departure of an Atlantic convoy, the convoy commodore, (left) and the naval control service officer study the charts and courses, plotting a route by which they can shepherd their flocks of precious merchant ships safely past the German "wolf packs" of the sea.

EASY WIN FOR LOUIS

Buddy Baer Fails to Last One Round Against Champion.

NEW YORK, Jan. 10:—It took the world's heavyweight boxing champion, Joe Louis, only two minutes and 56 seconds at Madison Square Garden last night to dispose of Buddy Baer, title contender. Four seconds short of the end of the first round, the Brown Bomber knocked out his much larger opponent who had taken two nine counts and never had a chance. Baer hardly landed a punch.

Louis gave all his share of proceeds to the United States Navy relief fund.

Twenty thousand fans were in attendance. Louis weighed 206 3/4 pounds, and Baer 250 pounds.

Try For Hybrid In Sport Fish

Dominion and Provincial Fisheries Men Experiment With Maskinonge-Pike

OTTAWA, Jan. 10: —Ottawa experts are discussing an experiment being made at the University of Minnesota to secure a greater supply of maskinonge fish and are hoping it is a success. The experiment may be tried in Canada.

Dr. Samuel Eddy, associate professor of zoology at the Minnesota university has developed a cross between the maskinonge and pike in an attempt to produce a hybrid with the qualities of these two fish.

Fish experts of the Dominion and Ontario Fisheries Departments are observing the experiments with interest as similar experiments had been tried in Canada although not with maskinonge. Brown trout and Atlantic salmon were crossed for some lakes in New Brunswick and the Ontario department evolved "bro-specks" from brown and speckled trout.

Jack Maunder of the Ottawa Journal said authorities here see definite possibilities in the plan if the hybrids produce. He said the pike's range is vast—from Labrador to Alaska, thence to Siberia and into Europe. Its eggs could be collected in greater number than those of the maskinonge, which has a limited distribution.

MONEY IN BUNNY LONDON, Jan. 10:—A live rabbit brought more than \$2,700 at an auction for the Aid-to-Russia Fund. It was a tame rex rabbit.

Paul Berlenbach, one-time world light-heavyweight boxing champion, who earned more than \$500,000 in pre-depression days, started a wrestling career at New York seven years ago last night. He fought in a preliminary bout and got \$150 for the trick.

A 16,000 crowd turned out for Ellsworth Vines' professional debut at New York seven years ago tonight. He was no match, however, for 41-year old Bill Tilden who scored a dazzling three-set victory. In 1937 Vines was humbled by England's Fred Perry in the latter's pro debut.

Maybe "Buy Now" Is "Hoard Now"

U.S. Women in Wartime Advised Not to Cut Down on Vital Foods.

WASHINGTON, Jan. 10: —Women of the United States, awakening to war needs, have been reminded of the essential of "Economy in Food." Agriculture Minister Wickard has declared: "Food will win the war and write the peace."

"Curbing waste in buying and serving will help your budget," the American housewife is advised. Follow a balanced diet and use leftovers, planning menus for seven days. If refrigeration is adequate, lay in a week's supply at a time. Don't cut down on vital foods in order to trim expenses; it's not an economy in the long run. Don't rush to 'buy now' for it really means 'hoard now,' to run the risk of spoilage, to run up prices by speculation. Buy most fruits and vegetables in season and when the price is right."

Junior Chamber of Commerce Endorses Ceiling Plan of Federal Government

The Junior Section of the Prince Rupert Chamber of Commerce, at its meeting last night, went on record as favoring the federal government's price ceiling policy in general but declined to approve of a proposal to organize three million Canadian women to further the policy. Having been invited by the Wartime Prices and Trade Control Board to express its attitude on the price ceiling policy, the Junior Chamber's members engaged in a general discussion of the subject with the result as stated.

Gordon German said that he had discussed the question of price ceiling with a number of women and had found that there was a lack of knowledge of the government's plan. He felt there should be more publicity. Colin McCarthy agreed with this view.

L. M. Felsenthal said he was pleased that a price control measure had been brought in. Merchants, he felt, preferred stabilized to increased prices. Speaking generally, he believed that merchants considered currently prevailing prices as being fair.

C. G. Ham was inclined to believe that the whole policy of price control could be more effectively and simply handled by imposing the regulations upon the manufacturer rather than the retailer. Mr. Ham also suggested a voluntary local board of women to check up on prices.

J. C. Gilker suggested that merchants might prepare and post a list of the prices they charged for goods during the basic period for the reference of customers.

Expectation That Halibut Opening Will
Again Be April 15—Dogfishing
to Be Resumed With
13½c Price.

While the International Fisheries Commission has not as yet made official announcement of the date, the Prince Rupert halibut fishing fleet is assuming that the 1942 season will open on April 15, the same date as last year. Planning for the season's operations is based on that assumption. While April 15 is still some three months' distant, preparatory work on some of the boats will very shortly be getting under way. Particularly will machine work be started early because the machine shops are busy and best advantage must be taken of their time and convenience.

Prince Rupert boats which were fishing for dogfish last fall for their liver and vitamin content are commencing to move out again following the Christmas and New Year break. A pegged price of 13½c per pound for the livers should make it a fairly profitable pursuit. During the fall some of the boats quit fishing when the price dropped from 15c to 7½c, having since been stabilized.

SCHEDULE CHANGED

Trans-Canada Air Lines Time-Table Is Revised.

TORONTO, Jan. 10.—A general revision of schedules in Trans-Canada Air Lines non-stop international services between Toronto and New York City is announced. The importance of this two-hour travel artery in these days of national stress is being demonstrated daily by the number of passengers and amount of air mail carried in connection with the war effort of the two great democracies and the fact that Washington and Ottawa are only a few hours apart by air.

The morning plane will now leave Malton airport, Toronto, at 1:35 a.m. and arrive at LaGuardia Field, New York, at 12:35 p.m., 35 minutes later than previously. There will be no change in the afternoon and evening flights from Toronto.

In the reverse direction, the morning plane will now leave LaGuardia Field at 8:00 a.m., arriving Malton Airport at 10:15 a.m., 15 minutes later than the old schedule. The afternoon flight will now take off from New York at 2:30 p.m. and arrive Malton at 1:45 p.m., two hours and fifteen minutes earlier than before, while the evening trip is scheduled for departure from LaGuardia Field at 8:00 p.m.

Arriving here at 10:15 p.m., 15 minutes earlier than previously. All trips operate daily except the 1:00 flight which leaves daily except Sundays. Eastern Standard Time is referred to in each case.

SAVING OF DAYLIGHT

United States Senate Approves Measure to Make It Uniform Throughout Nation

WASHINGTON, Jan. 10.—The United States House of Representatives yesterday passed a bill to make daylight saving uniform throughout the nation, advancing clocks everywhere by half an hour. The Senate had already approved daylight saving, giving President Franklin D. Roosevelt authority to put it into effect up to two hours. Daylight saving in the United States will continue henceforth until six months after the war ends.

President Roosevelt had requested daylight saving in order to save electricity.

Blackout In Fredericton

Darkening of New Brunswick's Capital City Is Pronounced Remarkable Success

FREDERICTON, New Brunswick, Jan. 10.—This capital city of New Brunswick had its first test blackout last night. It was in progress for half an hour and was pronounced a remarkable success.

INDUSTRY IS GIRDED

Expansion of Aircraft and Munitions Plants in Pacific Areas.

OTTAWA, Jan. 10: © — B. C. Butler, Canadian trade commissioner at Los Angeles, reported to Ottawa that large industrial expansion occurred in the western United States in the first nine months of this year—and much of it was in defence industries, of vital importance now that the United States is at war in the Pacific.

"Virtually every line of business reported increased activity within the period as a result of the defence program," Mr Butler said. "Thousands of (new) workers are being employed each month, principally in the aircraft plants and shipyards."

"Aircraft factories continue to increase plant facilities at a remarkable rate," he added. "One factory and its subsidiary has set a new record in the aircraft industry with 50,000 employees on the payroll."

"The sixth freighter to be built at Los Angeles-Long Beach harbor has been launched and all the 21 completed now are in use."

Step Up Production.

Production of vital war metals would be stepped up sharply as a result of developments now under way or planned.

"West coast steel producers have submitted plans to Washington whereby production in this area will be approximately tripled," he said. "A \$35,000,000 pig iron plant is to be constructed in Utah, and a \$36,000,000 steel plant to produce plates and castings has been recommended for California."

Several steel companies were planning to establish an integrated steel industry in Southern California. An integrated aluminum industry also was under consideration and a plant to produce 120,000,000 pounds of pig aluminum a year was planned for Los Angeles.

"Mining and smelting of non-ferrous metals continued highly active during the first nine months of the year and a further expansion in the output of zinc is anticipated," he said.

Employment in the west had not been as greatly affected as the rest of the United States by diversion of supplies from ordinary uses to industries essential to national defence. This was mainly because non-essential industries were fewer at the coast.

American Planes, Australian Manned, Prove Effective

CAIRO, Jan. 10: — American fighter planes, piloted by Australians, have brought down seven German planes in the Agedabia area of Libya in spite of the fact that they were greatly outnumbered.

"BLOOD AND SAND" HERE

Exciting and Colorful Picturization of Famous Ibanez Novel.

The blazing pageantry of Spain provides the colorful background for a tensely exciting and colorful picturization of Vicente Blasco Ibanez' famous novel, "Blood and Sand," which comes as the feature offering to the screen of the Capitol Theatre here next Monday and Tuesday. Tyrone Power has the leading role with Linda Darnell and Rita Hayworth heading the supporting cast which includes Nazimova, Anthony Quinn, J. Carrol Naish, John Carradine, Lynn Bari, Laird Cregar and Vicente Gomez.

"Blood and Sand" is the story of a fearless, death-defying matador, teemingly romantic, who is torn between love of his beautiful wife and the fatal charm of an alluring temptress. Rising suddenly to fame, the matador forgets the wife and falls for the wiles of the heartless siren who, after a whirlwind friendship, in turn discards him. There is a gripping although tragic climax featured by reconciliation and forgiveness.

"Blood and Sand" is produced in technicolor.
