DRASTIC NEW REGULATIONS ON SALE AND USE OF TIRES UNDER NEW RATION ORDER

OTTAWA, May 15: (CP)—An estimated 1,000,000 or more Canadian motorists are prohibited from obtaining any usable automobile tires or tubes or retreading services under a drastic tire rationing order announced today by Munitions Minister Howe.

The order is effective at midnight tonight. It does these things:

1. Limits for the first time the purchase of retreaded tires, used tires, used tubes and retreading services;

2. Tightens the existing control over new tires and tubes;

3. Determines that every tire dealer will start tomorrow with a clean order sheet by making invalid all existing commitments or agreements for the retail sales of tires, tubes, or retreading services;

4. Sets up three classes of persons eligible to buy tires, on a sliding scale based on usefulness of each vehicle to the war effort, and rules out all other motorists as ineligible to buy any usable tire or retreading services;

5. Provides that no person may buy or sell, borrow or lend, give away or receive as a gift, mortgage, barter, exchange, cut, burn, destroy, or in any other way dispose of a usable tire or tube, except for legal sales as permitted by the order—thus prohibiting any two or more motorists from pooling tires to equip one of their vehicles;

6. Fixes a ceiling on the prices of all usable tires and on retreading.

Statements Later

Today's announcement by Mr. Howe does not give all the details of the new tire rationing order. The minister did not make public, for instance, the price ceiling which has been established. Departmental spokesmen said the missing information will be given in a series of brief statements to be issued in the immediate future.

Some weeks ago Mr. Howe warned Canadian motorists that their present tires were the last they would see until some time after the war ends. He re-amphasized that point in the long statement revealing issuance of the tire-rationing order.

"Canada's rubber shortage is more serious than ever," said Mr Howe. "Synthetic production will not begin before many months, and it will not benefit the civilian user. Not a single ounce of synthrubber will be released for the making of civilian tires, or any other civilian article.

"Essential vehicles must be kept

DEAL WITH MARTINIQUE

Negotiations Conducted by Martinique Will Put French Warships Out—Question Of Merchant Vessels

WASHINGTON, D.C., May 15: (CP)—Details of how French warships at Martinique are being immobilized under negotiations being carried on directly by the United States with Admiral George Robert, French High Commissioner on Martinique, are not disclosed. It is only assured that they will be made useless for fighting. The vessel involved include a 22,000-ton aircraft carrier and two cruisers.

What will happen to a estimated 140,000 tons of French merchant shipping, including a number of tankers, in Caribbean ports is not clear.

The French flag will continue to fly over Martinique and Governor Robert will be recognized by the United States.

Further important details of a comprehensive solution of the problem of French possessions in the Caribbean are still being discussed, it is said.

It is emphasized that negotiations are being carried on directly with Admiral Robert of Martinique and the United States is not in any sense dealing with or looking to the Vichy government in this matter.

MANAGER FOR CITY

Plan Put Forward Two Years Ago Revived As Alternative To Alternative Straight Mayor And Aldermanic Idea

Dissatisfied over the recent announcement that a mayor and aldermanic form of city government was to be re-established in Prince Rupert next January without first consulting the citizens, the executive council of the Prince Rupert Chamber of Commerce, at a meeting yesterday, decided to form a joint committee consisting of representatives of the Prince Rupert Chamber of Commerce, the Junior Section of the Chamber of Commerce, the Prince Rupert Retail Merchants' Association and the Prince Rupert Ratepayers' Association to interview Hon. R. L. Maitland, attorney general, who is to visit the city shortly, and submit a former plan submitted to the government which would provide for a city council of five members, who would elect a mayor from their number, to meet once a month to formulate city policy, leaving administration to an official who would function on as a city manager. The feeling of the Chamber of Commerce council was that such a plan would meet with more favor than a return to the straight mayor and council idea. In any case the view was taken that, before a change was made, there should be a definite expression of local feeling on what form of civic administration was preferable.

Under the former joint resolution of the Prince Rupert Chamber of Commerce and the Trades and Labor Council concerning the city manager plan, it was proposed that a plebiscite should be held to determine if the people were in favor of the city manager plan. Providing the majority were in favor, the government would be petitioned to enact appropriate legislation, preferably by the enactment of a separate city charter.

The Plan

Summarized, the city manager plan as proposed would be as follows:

A council of five members to be elected for three years, serving without pay and to hold monthly meetings.

A mayor to be chosen from the members of the council themselves.

The council to appoint a city manager and fix his salary at a minimum of $3000 or maximum of $6000.

The city manager to be appointed for an indefinite term and to be the chief executive and administrative officer. All authority to removal to rest with the council.

The powers of the council to be restricted to matters of policy, to act in an advisory capacity and pass upon the annual budget, having no power over employment or removal of city employees.

The mayor to have no power of city employees.

The mayor to have no power of veto, being presiding officer of the council and ceremonial head of the city.

All by-laws to be passed by the city council upon recommendation of the city manager.

No standing committees, the manager to function on as such.

School board to be appointed by the council with one of its members acting as member of school board as well as hospital board, library board, etc.

Withdrawal Into India Climaxes Long Battle; Japs Moving Forward

Vichy reports Enemy Have Advanced Eighty Miles Along Bay of Bengal—Invasion Bases North Of Australia Pounded

Climaxing a five-month battle against hopeless odds, the last weary remnants of the British army in Burma have crossed into Manipur State in Eastern India it was reported today while the Vichy radio declared Japanese troops had advanced eighty miles into India along the Bay of Bengal. Withdrawal of the last British forces estimated at five thousand men followed a dogged retreat from Mandalay and a Japanese thrust which separated the British from their Chinese allies. At last reports the Chinese were stubbornly resisting a Japanese advance up the Burma road some 125 miles into China proper.

Allied headquarters in Australia reported that long-range Allied bombers again heavily pounded Japanese ships at Rabaul, New Britain, shooting down seven of seventeen Japanese fighters which attacked. All Allied planes are safe.

Scottish Lads Get B. E. Medal

Heroism At Sea Brought Well Merited Reward To Teen Age Sailors

GLASGOW, May 15: (CP) — Two teen-aged Scottish boys, whose heroism at sea belied their age, have been awarded the British Empire Medal.

John Morrison, 16, former Glasgow butcher's boy, received his award for standing without relief at the wheel of his ship while shells from the German cruiser Prinz Eugen screamed around him.

John Alexander Ross, 18-year old Kincardine cadet, one of 34 men who took to the boats in a shark-infested sea after their ship was torpedoed, was the other recipient. Heat of the sun and lack of water drove the men in Ross' boat mad and one by one they died or jumped overboard.

Only Ross was alive when, at the end of four weeks, a British freighter sighted the lifeboat.

Battle of Russia—

KHARKOV IS UNDER FIRE IN BIG WAY

Great Red Army Plan To Trap Nazis in Crimea Seen—Fierce Fighting Carries On

MOSCOW, May 15: (Canadian Press)— The Red Army has blasted its way to within twenty miles of the heart of Kharkov, important key city to the Donets Basin, capture of which would pave the way for the cutting off by the Russians of all German forces in the Crimea.

Meanwhile, the position of the Russians on Kerch Peninsula continues critical and further withdrawals are admitted. Kerch has, however, not yet fallen and it was reported today that Russian snipping forces had been active from the besieged Crimean port of Sebastapol and had killed thousands of Germans from the rear.

Fierce attacks have also been launched by the Russians around Taganrog.

Fierce attacks have also been have been killed and 150 tanks captured or destroyed in one day in the Kharkov area. Russian planes are dominating the air over Kharkov and the Germans have abandoned large quantities of arms and equipment.

Around Staraya-Russa the Russian air force is synchronizing with Red Army guerrilla attacks.

Soviet forces also hold the initiative now in the Leningrad area.

Churchill Tells Hitler . . .

Today, as Churchill told Hitler, the boot is on the other leg, says the Vancouver Sun. Britain and her Allies have come to their strength. There is now no question but that throughout the world the balance has swung to the side of freedom—as he always knew it would. Gone were the days when Britain, unprepared and alone, could only clinch desperately and hang on, hoping later to get a second wind. Now, through the glorious campaign of Russia, with the United States fully given up to the conflict, with Britain herself clothed with vast and still growing power, the tables are turned, extermination of Hitlerism is at last possible. In the measured words of a godly ferocity Mr. Churchill addresses Hitler. His is the voice of democracy becoming triumphant throughout the world. Henceforth, it is the United Nations who will dictate the course and inevitable ends of the various campaigns.

A Distinguished Visitor . . .

Prince Rupert has a distinguished visitor for a couple of days in the person of Dr. Carl J. Hambro, president of Norway and also president of the League of Nations. While his visit is of most particular interest to people of the Norwegian race, which form such a substantial and valued proportion of the population of this community, Dr. Hambro is a figure in whom we all share more than passing interest. He holds an important position as head of a nation which for years has led the world in pursuits of peace and culture and which now, temporarily subjugated as far as its land is concerned, nevertheless is of high and proud spirit, its people fighting for liberation both at home and abroad.

It will be a privilege for us to have the opportunity of hearing President Hambro speak in public tonight. It is only to be regretted that a larger venue could not have been obtained for him. His own countrymen will have the opportunity to hear him in their own tongue tomorrow night.

It is appropriate enough that Dr. Hambro's visit here should be timed for the eve of Norwegian Independence Day—the anniversary of the foundation of an independence which the nation and the fighting democracies hope may be re-established before long.

The Privileged Japanese . . .

The Japanese who live in British Columbia are a very privileged people. We have gone to a lot of trouble to keep them comfortable in their state of internment which wartime conditions have made it necesary to impose upon them. Now because they do not receive for the time-being all the privilges they desire, they have seen fit to riot in Vancouver. The whole thing, we suppose, will be tolerated with the usual patience and tact of the Canadian authorities.

We can only imagine how much of this sort of thing would be tolerated were we Canadians in Japan under similar circumstances and tried on such an incident as that in Vancouver Wednesday night—or what would happen to us should the Japanese get the upper hand in this our own land and we should attempt to demonstrate at the treatment they gave us.

PRICE OF HONOR

Editor, Daily News:

A week ago a news item appeared in your paper from the Police News Column, stating I had been fined for assault in the police court, quite true I was fined $50, finger printed measured and recorded just like the vilest criminal by our police force and for what, just because I defended my own and my wife's good name. I do not regret what I did nor do I consider guilty of any crime. I do not think there is a man in Prince Rupert but would have done the same under the circumstances. Is that the penalty you have to pay in Prince Rupert for defending your wife's good name?

COST OF LIVING BONUS

The Dominion Bureau of Statistics has found that the cost of living index number for April 1, 1942, of 115.9 [adjusted index 115] has not risen by one whole point or more over the index number for October 1, 1941, of 115.5 [adjusted index 114.6]. Accordingly, the National War Labour Board, pursuant to the provisions of Section 12 of Order in Council P. C. 8253, determines and announces, for the period May 15, 1942, to August 15, 1942, subject to the right of employers or employees to apply to a War Labour Board for authorization of payment of such an amount of cost of living bonus as a Board may determine to be "fair and reasonable," under the provisions of the Order, that:

(a) There shall be no change in the amount or percentage of cost of living bonuses presently being paid;

(b) An employer who has not been paying cost of living bonuses may not begin to pay such bonuses.

" class vehicles, including drawn vehicles or farm imple- ts for which tires are essential, strial mining and construc- equipment for which used are adequate, foreign cars in da for more than week, cars ated mainly for the profes- al duties of government em- es, and such persons as news- r reporters, incapacited per- , life insurance salesmen and l school teachers, may buy used tires and tubes.

No-Tire Class

ersons not listed in one of the e categories are not permitted uy any type of tire or tube. It timated 1,000,000, or more mo- s whose driving is considered essential fall into the no-tire s.

enerally speaking, but not ex- y, motor-vehicle operators al- d most gasoline under the gas- e rationing set-up which went effect last April 1 get most ferred treatment under the new rationing regulations. Non-es- tial drivers who are limited to out 5,400 miles of driving under e gasoline regulations are the s mainly banned from buying type of tire.

The new tire order was issued Supplies Controller Alan H. illiamson, approved by R. C. rkinshaw, chairman of the War- e Industries Control Board, and ecurred in by Donald Gordon, airman of the Wartime Prices d Trade Board.

nder its strict priority provis- , a dealer who has two orders who cannot fill both at once st fill first the order placed by motor vehicle owner who falls the higher class.

Authorized Persons

only persons permitted to or sell usable tires or tubes, or trading services, are authorized alers, wholesalers or manufac- ers

ast January drastic restrictions re placed on the sale of new s, casings and tubes, with pur- sers limited to persons carry- on service considered vital to nation in wartime; but until ay's announcement by Mr. e used tires and tubes, re- aded tires and retreading ser- es were not under control.

he new order establishes these es which must be obeyed by ev- tire dealer:

He must ascertain that the uld-be buyer is in a class eligi- to make a purchase;

He must ascertain that the chaser would be unable to op- e his vehicle without the tire, tube or retreading service;

3. He must determine that the purchaser has a real need—that he has no tire or tube not in use or on a vehicle of lower class or on an ineligible vehicle, which would be safely used;

4. He must see that his customer turns in—without allowance— a tire or tube of corresponding size and type from a running wheel or single spare of his vehicle;

5. He must observe strict priority, giving every preference to vehicle owners in the higher class;

6. He must have proper written authorization for each sale.

Purchasers of new and used tires and tubes, retreaded tires and retreading services must obtain special "ration permits" from so-called Tire Rationing Representatives, to be located in any office of the Wartime Prices and Trade Board. Used tires and tubes may be bought upon proof of necessity —and without a Tire Ration permit — from any authorized tire dealer.

Timely Recipes

2 cups diced rhubarb.
½ cup water.
1 tablespoon corn starch.
1-3 to ½ cup sugar.
1 teaspoon vanilla.
2 egg whites, stiffly beaten.

Cook the rhubarb in water until tender and then add the sugar and corn starch which have been blended. Cook this until there is no taste of raw starch. Allow to cool. Fold in stiffly beaten egg whites and vanilla. Chill and serve with a custard sauce made from the egg yolks.

This will serve 4 to 6.

Blood donors must be backed by Money donors

IF BOMBS should strike *your* home tonight . . . wounding *your* loved ones . . . leaving life itself dependent on immediate blood transfusions . . . who would meet the emergency? The Canadian Red Cross!

In clinics operating across Canada, the Red Cross is receiving blood from thousands of voluntary donors. A new service—just one of many Red Cross services—yet no other branch of Red Cross activity is more vital than this. Wherever war brings bloodshed, the Red Cross *must* be there with the blood to save.

Here's a work that merits the fullest support of every Canadian. Immediate funds are necessary to maintain the present Blood Donor Clinics and to equip new ones. Never was the need more urgent! Now is the time to back up our blood donors to the last dollar. Open your heart and purse strings—GIVE generously.

The Canadian Red Cross Society's accounts are subject to scrutiny by the Auditor General of Canada.

DRASTIC NEW REGULATIONS

restricting sales of new, retreaded, and used tires,
new and used tubes, and retreading services

GO INTO EFFECT TODAY

Canada's rubber shortage is graver than ever. Not for many months will synthetic rubber be produced, and then only for the needs of the armed forces. Effective today, only a limited few, the owners of essential eligible vehicles, may obtain usable tires or tubes, or retreading services. Retail transactions must now be confined to sales between dealers and the eligible motoring public. Apart from such legal sales no person may buy or sell, borrow or lend, barter, give away, mortgage, deliver, or receive any such tire or tube or retreading service. Eligible vehicle owners are divided into three classes, on this basis:

Class:	*Who may buy:*	*What may be bought:*
"A"	Physicians, visiting nurses, firefighters, police, certain trucks, etc.	New, retreaded, or used tires; new or used tubes; retreading services.
"B"	War technicians, War supply inspectors, Taxi owners, etc.	Retreaded or used tires; used tubes; retreading services.
"C"	Food inspectors, Scrap buyers, Travelling repairmen, Rural school teachers, etc.	Used tires, used tubes.

How purchases may be made:

To buy new tire or tube, retreading tire or retreading service, purchaser must apply for Ration Permit to the nearest office of Wartime Prices and Trade Board: (For used tire or used tube, see Class "C").

To buy retreaded tire or retreading services, purchaser must apply for Ration Permit to the nearest office of Wartime Prices and Trade Board; (For used tire or used tube see below).

A vehicle owner in this class may buy only used tires or used tubes. He must prove necessity to any authorized dealer and fill out, with the dealer, a Purchase Certificate. Classes "A" and "B" may also buy used tires and tubes under the same conditions.

FULL DETAILS OF THE NEW ORDER ARE OBTAINABLE FROM ANY TIRE DEALER

The tire dealers of Canada will see that the new regulations are obeyed, but Government enforcement officers will also be on the watch throughout Canada and very severe penalties will be imposed for any infractions.

HERE ARE SOME OF THE RULES EVERY DEALER MUST OBEY:

1. He must become familiar with all the provisions of the new order.
2. Before making a sale he must satisfy himself that the purchaser cannot do without the tire he seeks—that the purchaser has no other vehicle in a lower class which he could use, and that he has no tire or tube (in storage, or on a vehicle in a lower class, or on an ineligible vehicle) which could be safely used in place of the tire he would buy.
3. He must receive, without allowance of any kind, a tire or tube of corresponding type and size, before selling another tire or tube.
4. He must make certain that he has received from the purchaser the proper written authority to enable him to make the sale, or provide retreading services.
5. If he cannot fill all his orders at the same time, he must give preference to vehicle owners in a higher class.
6. It is his patriotic duty to repair and legally resell all usable tires in his possession, and turn over at once to the nearest salvage agency any scrap rubber he has on hand or receives in the future, including all tires and tubes no longer serviceable.

Every person, whether a dealer or not, must report by May 31 to the Tire Rationing Representative at his nearest Wartime Prices and Trade Board office, all tires and tubes in his possession on May 15 which are not scrap, and which are not on the running wheels and one spare rim of each vehicle he owns.

PLAYGROUND ACTIVITIES

Prince Rupert Gyro Club to Carry On This Year Although Scale Curtailed

The Prince Rupert Gyro Club will carry on supervised playground activities again this summer on the various playgrounds around the city although, in view of various conditions, it will be on a somewhat curtailed basis. The report of the playground committee, setting forth the season's plans, was presented to the Gyro Club at its business luncheon on Wednesday by Frank Skinner, chairman of the playground committe, and was approved.

Supervision will be carried out by four instructresses during the months of July.

The city is being requested to assist in connection with playground maintenance work and the Gyro Club expects to spend $570 on the year's program.

Other business dealt with at Wednesday's Gyro Club meeting included consideration of an application for endorsement of Max Asemissen's application for federal priorities permit covering the construction of a $500,000 apartment hotel, the endorsement being given.

With President George L. Rorie in the chair, there was a good attendance at the luncheon. Guests were Dugald Campbell of Vancouver and C. H. Orme and W. O. Fulton

Prairie Couple Married Here

Miss Olive Leeso Becomes Bride Of Clifford Parish Thursday Evening

On Thursday evening in a quiet ceremony at the Manse of First Presbyterian Church, Miss Olive W. Leeson of New Westminster became the bride of Clifford H. Parish of Prince Rupert. The couple were attended by Mr. and Mrs. John Parish and the ceremony was conducted by Rev. A. F. MacSween in the presence of a few itimate friends.

Both bride and groom formerly resided at Unity, Saskatchewan and Mr. Parish came to Prince Rupert recently to undertake work with the local dry dock. The young couple will make their home in the city.

The juestion of a federal priority permit for a large modern hotel at Prince Rupert was brought before the Prinec Rupert Chamber of Commerce at a meeting of the executive council yesterday afternoon. The president was empowered to appoint a committee to inquire into the matter and report back at the next meeting.
