SITUATION IN AFRICA DIFFICULT

Not Irreparable. Declares Clement Atlee—More Reinforcements—New Axis Attack Expected

DISSATISFACTION HEARD LONDON, June 23 (CP)—After Dominion Secretary Clement Atlee had told the House of Commons today that Great Britain's North African army was being reinforced and more reinforcements were on their way, also disclosing that in the naval side of the Libyan struggle, Great Britain had lost seven warships, including a light cruiser and 30 planes, dissatisfaction with the military leadership was expressed by Sir John Wardlaw-Milne, Conservative, who declared that some members "no longer have confidence in the military direction of the war." It was at this point that Sir Stafford Cripps, Lord Privy Seal, announced that there would be a two-day debate on Libya soon.

LONDON, June 23 (Canadian Press)—"The position is difficult although not irreparable," Clement Atlee, Lord Privy Seal, told the British House of Commons today in the first official statement to Parliament on the situation in Libya following the fall of Tobruk. Sir Stafford Cripps announced that there would be a two-day debate on Libya soon.

Mr. Atlee announced that General Auchinloch's Eighth British Army had received and would receive more reinforcements to carry on the defence of Egypt.

Meanwhile Cairo dispatches said that Nazi mobile columns already have clashed with British forces a few miles from the Egyptian border near Fort Capuzzo. A new British defence line has been drawn up from Salum south to Sidi Omar.

A mass attack by Field Marshal Erwin Rommel's Axis forces against Egypt is being awaited although it had not developed up to today. Generally the situation was quiet along the Libyan-Egyptian frontier.

There are reports that 150,000 Axis parachute troops have been massed on the island of Crete for an attack on Egypt or Cyprus in the way of an airborne invasion.

There is little new in the way of further details of the fall of Tobruk apart from the statement that it was a lightning blow which gave the defending forces no chance of putting up real resistance.

VICTORIANS QUERULOUS

Mayor McGavin Raises Possibility Of Surface Raider Being Responsible For Shelling of Coastal Points

VICTORIA, June 23 (CP)—The possibility of an enemy surface raider being on the prowl was raised by Mayor McGavin of Victoria who says people "would like to learn if the Seaside, Oregon, attacker is the same that attacked Estevan or if a fast surface craft is loose on nuisance raids."

"No one is jittery," McGavin added, "Why should they be over a nuisance raid?"

At Ottawa, Hon. J. L. Ralston, minister of national defence, said yesterday in the House of Commons that it was indicated two or more enemy craft took part in the shelling Saturday night of the government wireless and telegraph station at Estevan on the West Coast of Vancouver Island.

Battle Score Is Revealed

LONDON, June 23—In the final battle in the Mediterranean early last week which preceded the reverses in Libya, the British lost one light cruiser, four destroyers and two other escort vessels of a convoy while thirty British planes were lost, Clement Atlee, Lord Privy Seal, told the House of Commons today.

RUMBLE OF WAR HEARD

Thunder From Direction of France Indicates Naval Battle in English Channel

LONDON, June 23—The great German naval base of Emden was subjected last night to its third heavy attack in four nights by the Royal Air Force and the Royal Canadian Air Force. Three hundred big bombers dropped tons of high explosives on the base. The attack was officially described as having been "heavy and successful." Weather was clear and air fields in occupied France and the Low Countries were also attacked. Six of the British bombers are missing.

LONDON, June 23 (Canadian Press)—Out of a veil of haze shrouding the English Channel, yesterday was heard the distant thunder of guns and bombs from the direction of France and bursts of closer firing which, for the second time since Sunday night, indicated a clash of surface craft at sea.

Nazi raiders were apparently replying to two successive Royal Air Force night assaults on Emden and other German targets when they sharply attacked Southampton overnight.

Canadians from all parts of the Dominion took a hand during last night in aiding the Royal Air Force blast the German port of Emden with high explosives in a concentrated raid lasting for one hour. One Royal Canadian Air Force squadron flying Halifax bombers roared in at a low level and the crews agreed today that bursting bombs and fires made targets, including docks for submarines and surface vessels, clear as daylight.

TO HOLD CARNIVAL

Committee Appointed To Go Ahead With Arrangements For Event

Action toward the holding of a civic centre carnival in Prince Rupert in late summer or early fall was definitely taken last night at a meeting of representatives of Junior Chamber of Commerce and Gyro and Rotary Clubs with the appointment of a committee consisting of William Stone, Frank Skinner, P. H. Linzey and Bruce Stevens to draw up complete plans and arrangements for the conduct of the event. It will determine the dates, arrange for a manager, secure a venue, and line up full details without further delay.

The meeting last night heard some preliminary ideas and suggestions. Present were Alf Rivett, who presided; Joe Scott, who acted as secretary pro tem; G. L. Rorie, Frank Skinner, G. T. German, W. L. Coates, Dr. Neal Carter, L. M. Felsenthal, Dr. Jens Munthe, W. F. Stone, Bruce Stevens and G. A. Hunter.

SEBASTOPOL BATTLE NOW IS CRUCIAL

Stubborn Defenders of Black Sea Fighting Grimly Against Nazis Who Are in a Commanding Position

ENEMY IS STOPPED MOSCOW, June 23 (CP)—The garrison of embattled Sebastopol has stopped the Germans who drove a wedge into the defences of the fortress, the Russians reported today. Military dispatches said the Nazis had succeeded in penetrating front line positions but failed to reach the depth of defence of the Black Sea base.

MOSCOW, June 23 (Canadian Press)—The bloody battle for Sebastopol has entered a crucial and final stage for the stubborn Soviet defenders yesterday as the German attackers, already lodged inside strongholds of the outer defences, fought bitterly and at great cost to increase advantage.

Today Russian sources reluctantly admitted that, its defences having been broken, the great Black Sea naval base may fall soon. In view of the cracking of its defences, the city is in grave danger.

However, the Soviet defenders fight on doggedly and six waves of Nazi tanks and infantry were hurled back yesterday from the inner defences. One of these assaults was driven back from heights south of the city and the sixth from the north.

The Germans continue reckless of the manpower they throw against Sebastopol and dead men and smashed tanks dot the landscape just outside the city.

As bloody hand-to-hand fighting goes on inside the city, evacuation of women and children from within the fortress has commenced. The Nazis have renewed their intensive attacks upon Kharkov and new advances by the enemy there have been acknowledged.

Meanwhile German troops and equipment in large quantity are reported being massed along the Sea of Azov for an invasion of the Caucasus.

"PLENTY SCARED"

Ben Thomas, Indian Eye Witness Of Estevan Shelling, Tells About It at Zeballos

ZEBALLOS, June 23—"We were plenty scared," said Ben Thomas, an Indian, who has arrived here from Estevan where he was an eye-witness of the shelling by an enemy submarine Saturday night. Shells whizzed over the reservation as the natives were going to bed. They rushed to their boats and moved off to Boat Basin nearby. One shell landed near the lighthouse.

Losses Are Tremendous

MOSCOW, June 23—An official Soviet statement says that the Germans lost 10,000,000 men killed, wounded and taken prisoner in the first year of war while Russia lost 4,500,000 men. Forty percent of the Nazi wounded were returned to action and seventy percent of the Russian. The Germans lost 20,000 planes, 24,000 tanks and 30,000 guns. The Russians lost 9,000 planes and 15,000 tanks.

Command To Be Removed

OTTAWA, June 23 (CP)—Intention of transferring one headquarters in the Pacific Command out of Victoria to the mainland and replace it by another command on the same day was announced yesterday at headquarters of the Department of National Defence. The headquarters to be involved in the proposed move were not identified and officials said the move was operational and would be kept secret.

25-POUNDER IS FAVORED

Standard Artillery Weapon Can Fight Long Distance, Close Range and Lay Down Good Barrage

By ROSS MUNRO (C. P. War Correspondent)

SOMEWHERE IN ENGLAND, June 23 (CP)—Canadian artillerymen are putting their money on the 25-pounder gun to beat the German tank.

This is the standard field gun that has stood the tests of every campaign of this war and has a pedigree dating back to the 1914-18 days of the 4.5 howitzer and the 18-pounder.

It is the one gun that can be used effectively in a dual role—to lay down barrages and take on targets miles away or to fight the tanks at close range and blow them apart—and the 1st Canadian army has concentrated on the 25-pounder that gunners unanimously call the "dream gun."

During inter-corps manoeuvres in southeast England, when a Canadian corps battered a British corps for 12 days, more Canadian artillery was on the move than on any other exercise. You couldn't drive along a road without passing convoys of guns—giant howitzers, anti-tank, Bofors light anti-aircraft and battery after battery of 25-pounders, all moving steadily forward in the attacks.

Hidden Artillery

Up on the front, right with the infantry, there were guns everywhere. The foot-sloggers were not being unprotected as they engaged the British, superior in armored strength. The Canucks had field guns between companies and anti-tank troops were scattered through the lines.

At crossroads in advanced sectors, field guns were hidden under camouflage at main crossroads ready to fire on open sights at tanks. Several times when British infantry and tanks hit the Canadian corps they were met by concentrations of field guns and the umpires had to rule that the attacks had not succeeded.

The gunners certainly are no behind-the-line soldiers in this army. They move now with the forward elements, in many cases, and they're out to hunt the tanks when they're up with the infantry.

Combines Two

The modern 25-pounder combines the features of its two predecessors—the 4.5 "how" and the 18-pounder. The most striking improvement is in the traverse which now sweeps through a complete circle of 360 degrees. When the gun is in action, the wheels stand on a metal ground platform, known as the traverse wheel,

Utmost Concentration At Earliest Date Aim of Leaders' Conference

Concerted Measures Are Being Developed With Complete Understanding and Harmony

WASHINGTON, D.C., June 23—The silence over the present conferences of President Roosevelt and Prime Minister Churchill was broken last night with the official statement the meetings were continuing with objective of bringing about "the earliest maximum concentration of war power upon the enemy." Concerted measures, the statement continued, were being developed to sustain the emmort of the United Nations and complete understanding and harmony was prevailing. It was reliably understood that a second front was being considered with a view to hurling a mighty mass of power against the enemy on the first possible opportunity.

NEED MAY BE SUDDEN

Minister of Naval Affairs Speaks To Parliament on Conscription Issue

OTTAWA, June 23—Hon. Angus Macdonald, minister of naval affairs, spoke in support of conscription of manpower in Parliament yesterday. The government should be free to impose conscription for overseas service whenever it became necessary and the need might come suddenly.

Howard Green, Vancouver South Conservative, agreed with all Mr. Macdonald said and only wished there was the same unanimity of agreement in the government.

Prime Minister King was cheered when he expressed admiration for Russia in the fight she was putting up.

Col. J. L. Ralston, minister of national defence, is speaking today on the conscription question.

The budget will be brought down tonight by Hon. J. L. Isley, the minister of finance.

Japanese Get Foothold At Attu And Kiska—Transport Sunk

WASHINGTON, June 23 (CP)—The United States Navy Department, in its announcement that United States Army bombers had succeeded in sinking a Japanese transport and hitting a cruiser at Kiska in the Aleutian Islands, made its first statement in a week on the situation there.

The Japanese are still holding Attu Island, west of Kiska.

At the latter point the enemy have set up tents and buildings and there are Japanese ships in the harbor there.

Clearing weather enabled the United States planes to sight and attack ships at Kiska.

TOBRUK IS BAD BLOW

Military Defeat in Libya Believed of Sufficient Magnitude To Postpone Second Front—Next Few Weeks Important

LONDON, June 23 (Canadian Press)—The military defeat in Libya is of such magnitude that it may have blighted Allied hopes for a second front in Europe this year and prolonged the whole war, it was acknowledged yesterday with undisguised anxiety. All sources agreed that the Allies are faced with a crisis and said that the next few weeks would decide whether Germany can be beaten in 1942 or 1943 or will be able to fight on for years using the oil of the Middle East and tin and rubber of the Far East. It is expected that Prime Minister Winston Churchill will face an aroused House of Commons on his return from the United States.

London military commentators said, however, that Axis claims to having taken at least 25,000 prisoners at Tobruk were exaggerated and it was believed little shipping was caught in the harbor.

The booty gained by the Germans in the capture of Tobruk is unknown but great explosions reported in the last hours of resistance indicated that quantities of materials had been destroyed.

While land activity in the border area thus far has been limited to incursions by enemy armored patrols southwest of the frontier post of Port Capuzzo, Axis forces, according to dispatches today from Cairo, are consolidating their sudden gains in eastern Libya and, apparently, moving up for a thrust at Egypt without delay. Royal Air Force observers report large numbers of German and Italian vehicles presumably carrying troops in the vicinity of Sidi Azeiz, twelve miles west of the border, where they were attacked by fighters and bombers. It was reported in Cairo, however, that the great bulk of enemy strength still seemed some fifty miles to the west.

Shipyard Work . . .

We are assured that the adoption of the continuous production program in the shipyards does not imply continuous seven-day work for the men concerned. The men are not now working seven days a week and, according to information we have received, there is no intention of having them do so. Evidently, the men are opposed to any men working on shipbuilding work on Sundays even on the staggered shift basis. One of their principal arguments is that the week-end time is required for relaxation and repair of machinery and that, by having this, there will be more efficiency on the remaining six days. The minister of labor, apparently, has other ideas on the subject for he insists that there can only be the full capacity of ship production by the continuous work program. As we have suggested before, there really appears to be no issue at stake that cannot be ironed out quite readily.

It might be mentioned that, for the time being at least, the work at the Prince Rupert plant is only indirectly affected since there are not sufficient men here to carry out a continuous production schedule.

Even for the most wishful thinkers, there is little consolation about the news from Tobruk and Sebastopol. And closer home Aleutian Islands and now Vancouver Island are a headache.

"While Rome Burns" . . .

Out here at this outpost of coast exposed as we are possibly more than any other part of Canada to the physical dangers of war we may get a little impatient at times but it does seem to many that the spectacle of Parliament at Ottawa becomes more and more of a King Nero fiddling and Rome burning act. The seemingly interminable debate on the conscription bill to serious-minded folks is getting almost unendurable. Why it should be permitted to drag on this way when there is really little issue involved and it is going to pass anyway, giving the government widespread authority to use man-power as it likes, passes understanding. Of course, the Parliamentarians, who want to dawdle and talk as the war situation becomes more menacing and more serious day by day, are just as much to blame as the government which permits them to do so.

It is all very well for a Parliament to remain in emergency session and be on hand for the transaction of important business which may arise at short notice but it is a different thing for a Parliament to sit idly by day after day, tying up the attention of ministers who have or should have more important things to do than listening to members give speeches that in many cases are merely for the purpose of expressing personal views and making political effect.

It is certainly high time that Ottawa was getting down to its real business.

We suggest, at the risk of being accused of politics ourselves, that there are some of the politicians around Ottawa these days who might take a lesson from our own member for Skeena by doing less talking and more real work.

We hear that some of the Prince Rupert people who are holidaying elsewhere have had sufficient rain and cool weather and are wishing they had stayed home. Likely some of them will be back soon, the Battle of the Pacific notwithstanding.

Letter Box
YOUTH'S REPLY

Editor,
Daily News:
Recently there appeared a letter in your paper headed "Youthful Extravagance." It stated that young workers are "earning more than is good for them." Possibly your correspondent should consider how many young people are busy speeding the materials and ships for victory. These are the same youth who have borne the hardships of the past ten years of depression. Now they labor time and overtime as eager partners in the battle for democracy. Their struggle is for a world of freedom and productive work.

Your correspondent speaks tenderly of those in the Chamber of Commerce who "work without reward and apparently without thanks in the community interest." Are we now to expose our youth to similar ingratitude when in many cases they are doing work that in normal times would be considered beyond their years? They are doing it, I emphasize, for less pay than the older men they have replaced. Not compulsory savings but "equal pay for equal work" should be our slogan. Soldiers too should have better pay and larger dependent's allowances but the question is not separate from that of civilian earnings. What soldier would care to come back from the army to wages like those prevailing before the war?

There is perhaps too much drinking and gambling here but is not that due to the lack of recreational facilities provided by those who have praised themselves so mightily for their service to the community?

BOWL PARTY IS SUCCESS

Sum of \$350 Raised by C.N.R.A. Club On Sunday

The garden party held Sunday afternoon by the Canadian National Recreation Association Lawn Bowling Club in the interest of the British Columbia Lawn Bowling Association Fund for the bombed-out children of Britain was a complete success. The crowds that thronged the grounds during the afternoon testified to the interest and support of the general public in this worthy effort.

Conditions were auspicious and the guests were entertained by the Midland Band which played some fine selections which were greatly enjoyed.

The members of the club put on some novelty games, creating quite an attraction. Steve King was winner of the novelty games and in the rink games the rink comprising Messrs. Dixon, Simpson, Price and McMeekin (skip) was the winner.

Afternoon tea and ice cream were served by an ergetic committee convened by Mrs. F. S. Walton, assisted by members of the Girl Guides. A leg of lamb donated by Mr. and Mrs. Jack Preece was won by Jack Judge.

The bowling green was gaily decorated with flags and bunting for the occasion.

Jack Preece was general convener of the affair and was ably assisted by all the members of the club.

Thanks to the generous donations from the members, merchants and friends the financial results exceeded all expectation, approximately \$350 being raised for this worthy cause.

Tea And Sale By 102nd Is Success

Fine Affair Was Held in Legion Rooms Saturday Afternoon

A very successful tea and sale of home cooking by the Women's Auxiliary of the 102nd Heavy Battery was held Saturday afternoon in the Canadian Legion Rooms with Mrs. C. V. Evitt, president, in general charge.

The tea tables were centred with mauve and white sweet rocket while bright flags completed the decorations. At a beautifully appointed tea table with mauve blossoms and delicate ferns and mauve tapers, Mrs. J. R. Low, Mrs. C. H. Elkins, Mrs. H. G. Kennedy and Mrs. Grey presided.

Home cooking was in the capable hands of Mrs. R. Woods and Mrs. P. J. Doherty while Mrs. B. Taper and Mrs. A. Norton conducted the draping of a dressing case donated by Mrs. H. S. Parker and a standard lamp donated by the Northern B.C. Power Co. These were won by Mrs. C. G. Minns and Mrs. L. Larson respectively.

Assistants and servitors were Mrs. James Hadden, Mrs. G. P. Lyons, Misses Geraldine Cade and Cecile Smith, Mrs. P. Peterson and Mrs. J. Miller. Mrs. S. Maughan acted as cashier.

Convener was Mrs. William Brass.

During the afternoon Miss Elspeth MacKenzie sang delightfully accompanied by Miss Pat McClymont.

DOMINION DAY CUP

Signals Beat Fusiliers by Score of Two to Nothing

Last evening before a goodly crowd of spectators, Signals and Fusiliers met in the replayed Dominion Day Cup first round game which resulted in a scoreless draw last week, the outcome on this occasion being 2 to nothing for Signals.

Winning the throe of ends, Fusiliers elected to play up hill in the first half. On the kick off, Martinique played the ball to Baker who put it back to Hilder, who in turn booted it far down the field. Bowles miskicked and Yelland, following close in, pushed the ball past Waugh for the opener all in a space of about five seconds. Fusiliers played hard for the equalizer but the Signals' defence was very strong and too much dilly-dallying and too close football made things easy for Lawford and Company. Signals were ever a threat throughout the first half and took corner after corner but were unable to increase their lead. The half ended with the Signals still 1 to 0 in their favor.

The second half opened with the Edmontonians in a do or die spirit but, while not coming so fast as in the first half, Signals in a breakaway up the hill increased their lead again in the first five minutes again through Yelland. The Fusiliers played like demons but again and again their efforts were brought to naught either by their over-anxiety or through strong defensive play by the Signals rearguard. Some of Hilder's plays were very nice to watch and his vis-a-vis, Mintern, was also playing a very strong game. The two centre halves were easily the outstanding players on the field but, in most of the exchanges between the two, Hilder, with his extra inches, came off best. Norrie came very close with a nice drive from the left wing and play was rapidly transferred to the other end where Baker let go a pile-driver that was labelled goal all the way and had Waugh beaten. However, the ball hit the bottom edge of the crossbar and rebounded into play and was cleared by Bowles. The half ended with the Fusiliers pressing but unable to press home that very much wanted goal.

Timely Recipes

PLAIN OMELET

For each egg add one tablespoon top milk, 1/8 teaspoon salt and pepper if desired. Beat eggs slightly. Beat in milk and seasoning. Heat one tablespoon dripping in frying pan. Add eggs and cook slowly. Run spatula around edge lifting to allow uncooked portion to flow underneath. When set increase heat to brown if desired. Loosen omelet from pan and fold one half over. Serve on a warm platter.

"Song of Islands" in Technicolor
With Betty Grable and Victor Mature Heading Cast

"Song of the Islands," a musical adventure amid the lazy, care-free life of the South Seas, with blonde, lissom Betty Grable and handsome Victor Mature in the leading roles, is the feature picture at the Capitol Theatre this Wednesday and Thursday.

Under the spell of the tropical moon and in a setting of breathtaking beauty, Betty and Victor fall in love at a small outpost of the Pacific where the girl and her father, Thomas Mitchell, are striving to keep the island unspoiled from the encroachments of civilization. Mature is the son of George Barber, a tycoon, who is sent to take care of a cattle ranch. Jack Oakie is Mature's companion on this mission and provides plenty of comedy.

The musical score is featured by a number of song hits including "Down on Aml, Aml, Oni, Oni Isle," "O'Brien has Gone Hawaiian," "Sing Me a Song of the Islands," "Maluna, Malolo," "Mawaena," "Blue Shadows and White Gardenias," and "What's Buzzin' Cousin." The songs, interrupted by Harry Owens and His Royal Hawaiians, serve as background for colorful production numbers. The picture is in technicolor.

Billy Gilbert and Hilo Hattie, with clever comedy characterizations, are also included in the cast.

NOW HE'S HAPPY
LONDON, England, June 23 (C)—Seven hundred years of local tradition ended when the Buckingham town did not hold its annual cattle fair, the charter granted by King John ordering that the fair lapse if not held on the due date.

APPLICATION CARDS FOR COUPON RATIONING OF SUGAR

are being mailed this week to every Household in Canada

Canadians will be required to register so that ration cards, good for the 10 week period, commencing July 1st, may be issued immediately. At the end of that period a coupon ration book, good for six months, will be issued.

HOW TO REGISTER

Residents in Urban Areas not served by Letter Carrier, and Residents in Rural Areas
Application cards will be distributed to all householders through the post offices on or before Tuesday, June 23rd. Additional cards will also be delivered for every person resident in the household, who bears a different last name from the head of the household. If needed, extra cards may be secured from local post offices. You will fill in a card complete in every detail. A pamphlet giving complete instructions will be delivered with each card.

During the evening of June 25th, an authorized representative of The Wartime Prices and Trade Board will call at your home and collect the card. As soon as your name is duly registered at headquarters, ration cards good for a ten-week period, will be mailed to you—one ration card for each person in your home. These will be for sugar only. If there are any details of the application card you do not quite understand, the representative of this Board will help you to fill it in on June 25th, when he or she calls to pick it up.

COUPON RATIONING FOR SUGAR BECOMES EFFECTIVE JULY 1st
Beginning July 1st, no one will be permitted to buy sugar for regular domestic use without a ration coupon. Prompt co-operation on the part of the public in filling out and returning their application cards is necessary to ensure return of the ration coupon card in time to purchase sugar on or after the above date. Remember—the amount of sugar allowed each individual under the new coupon rationing plan will be exactly the same as allowed at present—1/2 pound per person per week. The provision for additional sugar for preserving, etc., will be continued. Special voucher forms for this purpose are being supplied to all retailers. No person may have on hand more than two weeks' supply of sugar, unless resident in a remote district.

DO NOT SURRENDER YOUR APPLICATION CARD TO ANY UNAUTHORIZED PERSON
