## Japanese Are Reeling In Pacific

### LOCAL BOY AT DIEPPE

Lieut. Wigner Bryant Wounded in  
Leg During Epic Raid and Is  
Now Convalescing

Lieutenant Wigner Bryant of Prince Rupert took part in the Dieppe raid, was wounded and is now convalescing in England, according to word which has just been received here. He was struck with shrapnel in the leg and barely made his getaway after the epic military incident which cost so heavily in Canadian casualties.

Wigner Bryant was in the original 102nd Battery at Prince Rupert, winning his commission soon after outbreak of war. He went overseas some time ago. His parents, Mr. and Mrs. George Bryant, and his wife have been more recently living in Vancouver.

### RECRUITING FOR WOMEN

Three Charming and Interesting  
Members of Canada's Women's  
Army in Prince Rupert

Here to receive recruits for the Canadian Women's Army Corps, three very charming young women of Canada's Women's Army are visiting Prince Rupert. They are Lieut. Margaret S. Patterson, Corp. Eileen Wickens and Private Charlotte Mellicke. The interesting visitors are making their headquarters during their stay at the local recruiting office where already they have had some interviews.

The party arrived on last night's train after a recruiting tour through the interior with transport of a military station wagon which they operate themselves. Points visited in the central interior have included Prince George, Vanderhoof, Fort Fraser, Burns Lake, Houston, Smithers and Hazelton. Fourteen recruits were signed up at Prince George.

Friday morning the party will leave by train for Hazelton to pick up the far and return south.

### RABAU IS HIT AGAIN

United Nations Bombing Planes  
Continue to Concentrate Upon  
New Britain Stronghold

MELBOURNE, Oct. 14.—Rabaul, the Japanese-occupied stronghold on New Britain, was heavily bombed again yesterday by aircraft of the United Nations. The airbase was heavily hit with 1000-pound bombs and much damage was done there as well as to enemy installations in the town.

The Allied bombers also ranged over Buka in the Solomon Islands, Buna in New Guinea and Dili in Timor.

All the United Nations planes returned safely to their bases.

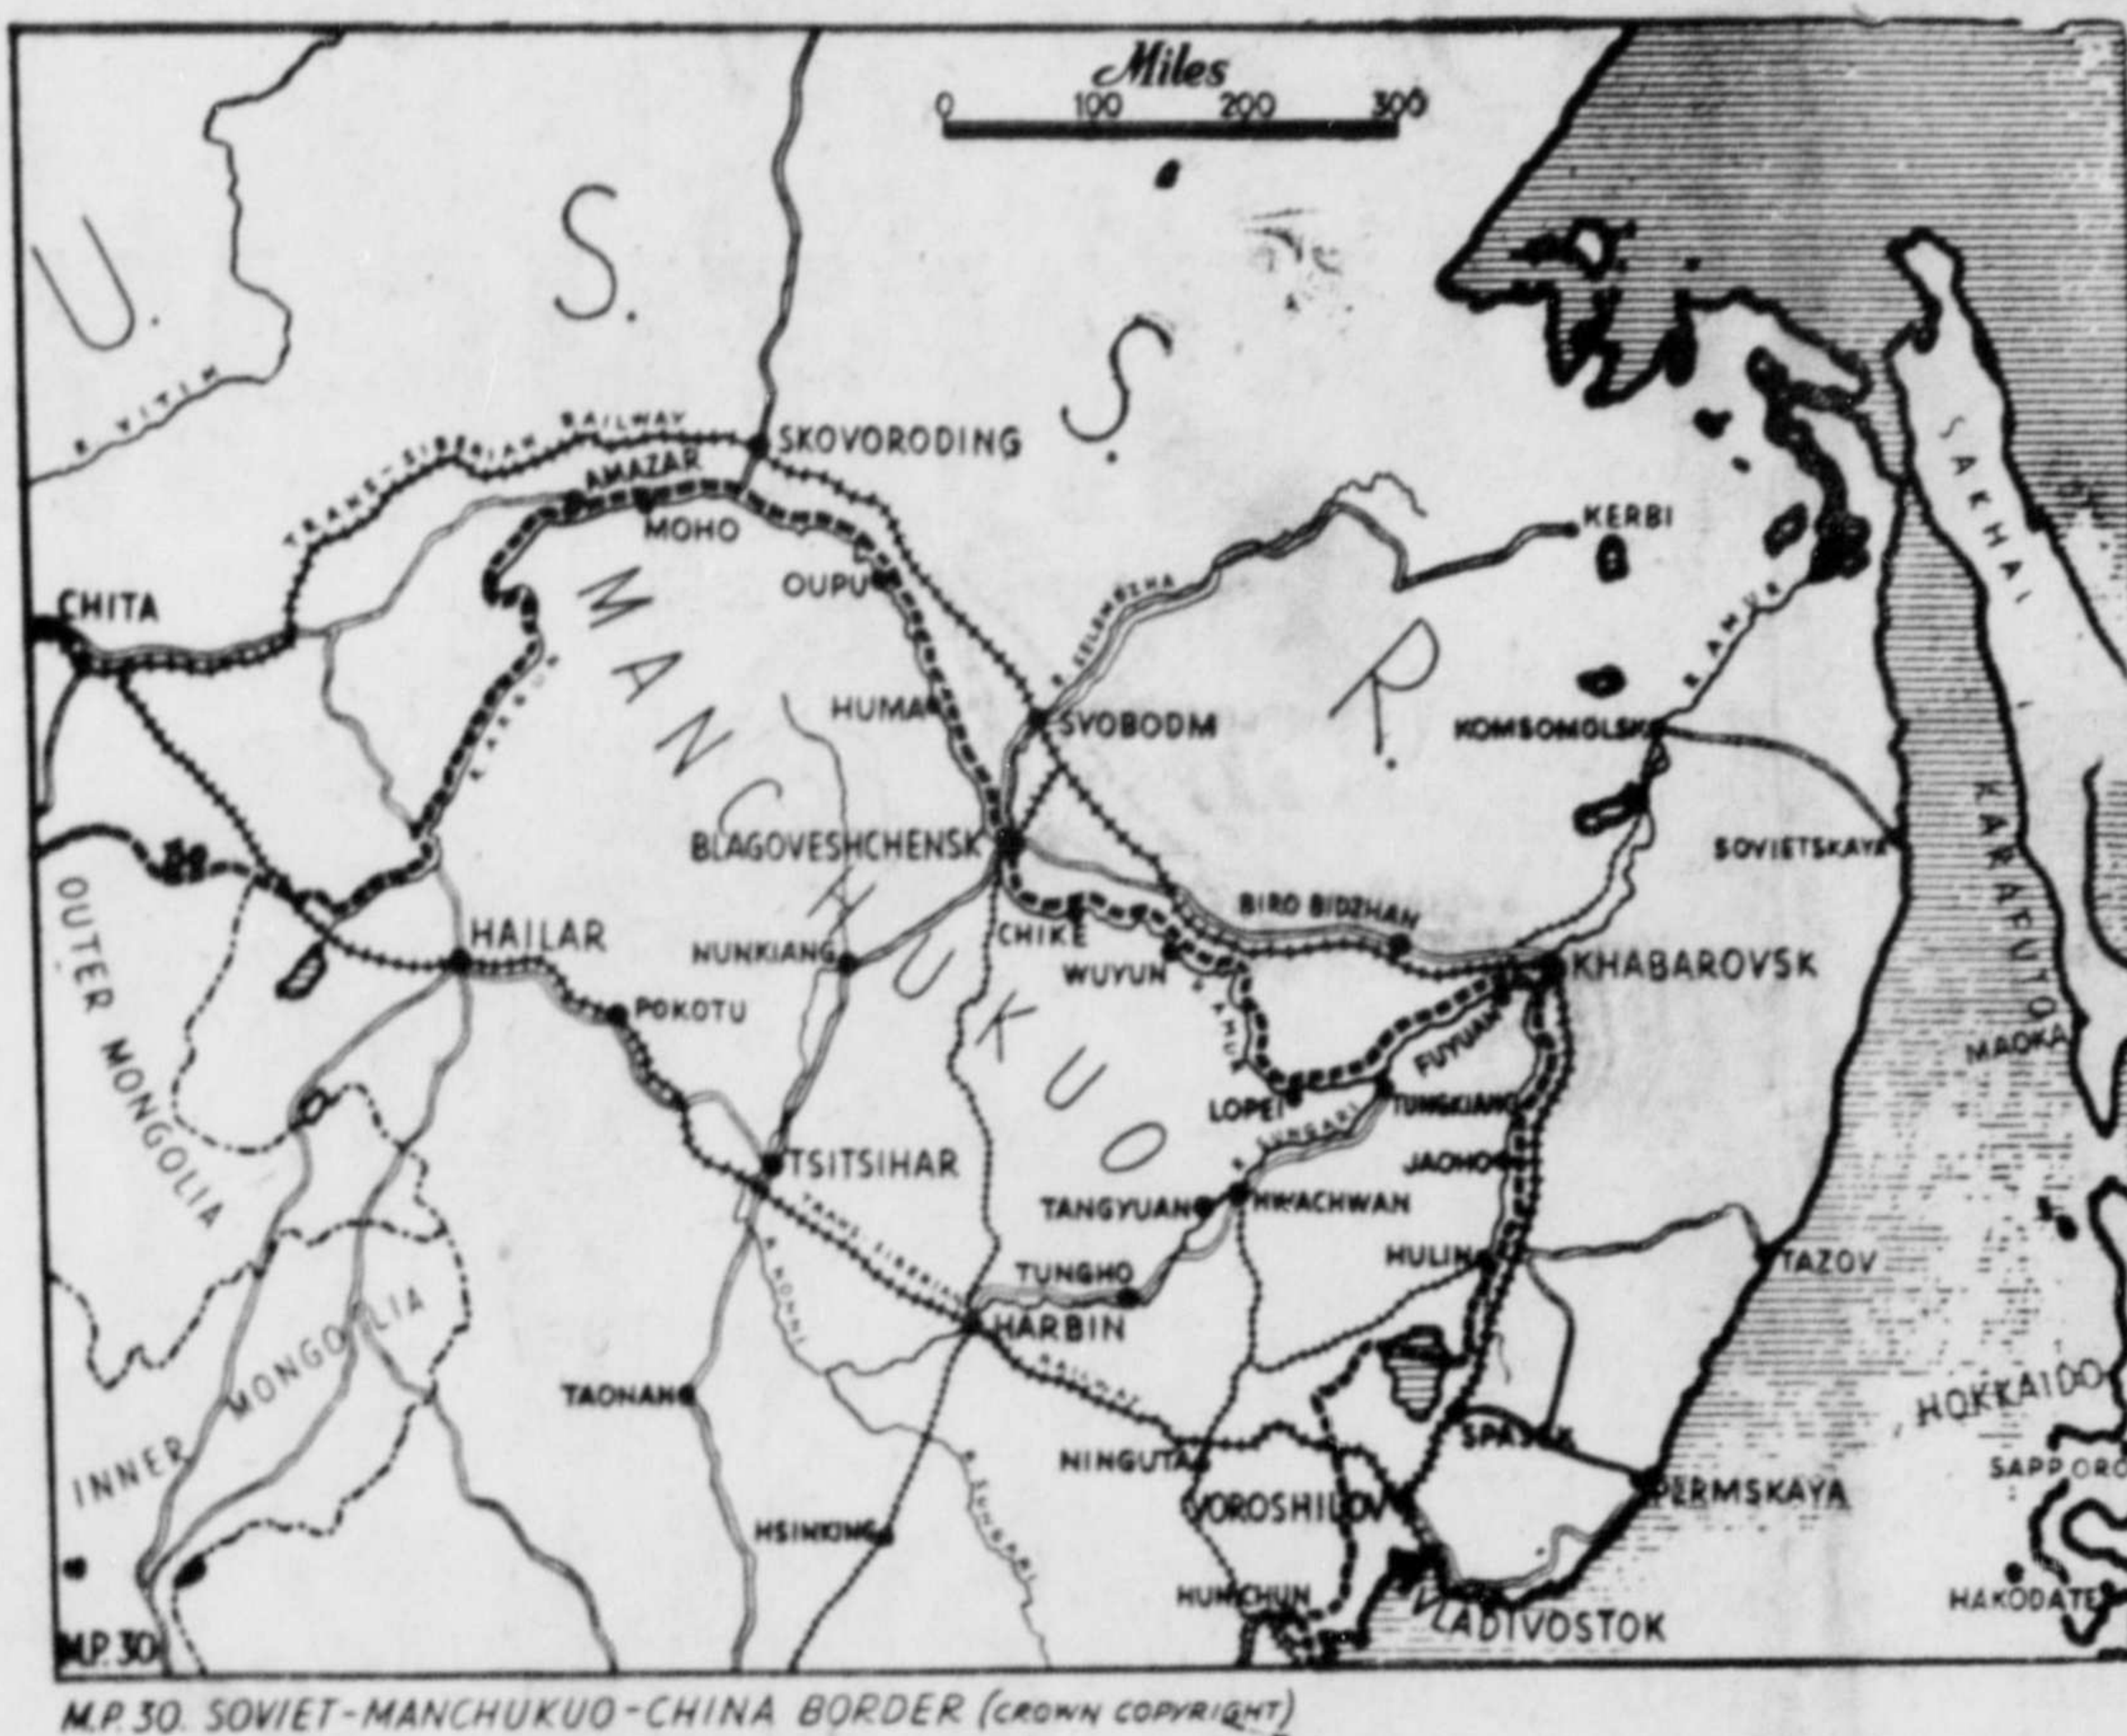

### North African Front Inactive

Conflict in Desert Theatre of War  
Confined Largely To Aerial  
Fighting

CAIRO, Oct. 14.—While opposing land forces in the North African war theatre continued inactive yesterday, aerial warfare over the desert picked up yesterday. Two Stukas and two Messerschmitts of the enemy were brought down.

Miss Laura Stephens arrived in the city this morning from Vancouver to pay a visit with her parents, Mr. and Mrs. M. M. Stephens, Fifth Avenue West.

### A Potential War Theatre

It is in this area that many have thought an outbreak might occur bringing Russia and Japan into conflict. The two nations are not yet at war.

### Hong Kong Prisoners

OTTAWA, Oct. 14.—The Department of National Defence announced today that the list of Canadian soldiers taken prisoner at Hong Kong is now being transmitted from Tokyo through the International Red Cross. As soon as the next of kin have been notified, the list will be made public.

### TAKE OVER BIG PLANT

Extensive Irregularities in Triumph  
Explosives Inc. Munitions Factory in Maryland

WASHINGTON, D.C., Oct. 14.—The United States Navy took possession yesterday of the plant of Triumph Explosives Inc. at Elkton, Maryland, and two subsidiaries at Milford, Maryland, the White House announcing at the same time that the Federal Bureau of Investigation had arrested the vice-president of the plant and an army and navy inspector on bribery charges. The White House said that the inspectors were charged with accepting bribes in the guise of "service fees" and the Navy's preliminary investigation indicated that more than a million dollars in management irregularities may be involved.

### SOLDIER CHARGED

Arrested in Vancouver in Connection With Murder of Taxi Driver

VANCOUVER, Oct. 14.—Twenty-seven year old soldier has been arrested on the charge of murdering Phil Davis, taxi driver, who had been missing since October 3 and whose body was found in the Burnaby bush. The soldier had been absent without leave from his unit for several weeks.

Olof Hanson, M.P. for Skeena, arrived on last night's train from Vancouver and will be here for the next few days.

## WAR NEWS

### POUNDING AWAY AT MALTA

CAIRO—Waves of Axis bombers continue their assault on Malta but the defences of the Mediterranean stronghold continue to prevent them from effectively dropping their explosive and incendiary cargoes. Seventeen enemy planes were brought down yesterday with the loss of one British Spitfire.

### GREAT AMERICAN ARMY

WASHINGTON—Secretary of War Henry L. Stimson, urging the drafting of 18 and 19 year old men, told the House military affairs committee of plans to have a United States army of 7,500,000 men by the end of 1943. The present army strength is 4,250,000 men.

### ATTACKS ON KISKA

WASHINGTON—United States bombers, with the Royal Canadian Air Force co-operating, continued to attack Japanese-occupied Kiska Harbor in the Aleutian Islands last Thursday, Friday and Saturday, it is announced. Fires were started in land installations and several ships in the harbor were damaged. Anti-aircraft fire was light and all the raiding planes returned safely to their bases.

### KIEL HEAVILY BOMBED

LONDON—The Royal Air Force last night made its heaviest attack since April 29 last on the important German naval base of Kiel in the Baltic Sea. A strong force of British bombers was out to concentrate upon Kiel under good weather conditions. Heavy cargoes of high explosives and incendiaries were dropped on docks and ship-building yards which were the principal objects of attack. Nine British planes are missing.

### REDS SEIZE INITIATIVE

MOSCOW—Notwithstanding the renewed German assault, the Russians are taking advantage of approaching winter weather conditions to seize the initiative in many sectors and have advanced slightly around Stalingrad since yesterday. Marshal Simeon Timoshenko's forces met with success in pushing the enemy back to the northwest of the city between the Don and Volga Rivers. A noon-day communiqué said that there had been no important changes anywhere during the night although an improvement in Timoshenko's positions was later indicated. It was stated that the Germans had "made no headway." An important German strong point south of Stalingrad was reported last night to have fallen to the Russians. German attacks in the Mozdok area were beaten back. Southeast of Novorossisk a Russian position was penetrated to the rear of a Red Army unit but the attacking force was later cut off and 400 Germans were annihilated.

### SUBMARINE SINKINGS GREATLY REDUCED

MOSCOW—Submarine sinkings of Allied shipping have been greatly reduced due to growing anti-submarine measures, newspaper Pravda admits saying that the menace has been solved. The increased rate of shipbuilding has also been instrumental in bringing about a situation whereby the United Nations are rapidly gaining complete control.

### TWICE RED AWARDS

LENINGRAD, Oct. 14.—Mahomed Gadzhiev received the Order of Lenin and the Order of the Red Banner after his submarine fought three surface ships in the Barents Sea and emerged victorious.

### ROLL UP "JOHANNESBURG"

PRETORIA, Oct. 14.—In South Africa's first direct present war bond issue, now in full swing, provision is made that every £17,000 (\$75,990) subscribed by a community or society will name a tank fighting in Northern Africa.

## Growing Power of Allies Has Taken Big Toll From Nippon's Strength On Sea And in Air

### Two and Probably Three Heavy Enemy Cruisers Sunk With Other Losses For Enemy in Solomons, Aleutians and New Guinea

WASHINGTON, D.C., Oct. 14 (CP)—Growing prowess of Allied sea and air power had the Japanese reeling today under a six-day pummeling that wrecked enemy ships, planes and equipment throughout the Pacific battle zone from the Aleutians to the Solomons. United States warships, planes and submarines smashing at Japan's far-flung invasion forces were officially credited with the sinking of at least two and probably three heavy enemy cruisers and inflicting havoc on the Japanese from the Solomons to the Aleutians. Capping a previous bulletin reporting the sinking of a heavy Japanese cruiser and damaging another, so badly that the crew abandoned the ship, the Navy announced that United States submarines in the western Pacific sank a third Japanese heavy cruiser, sank four other ships, probably sank another and damaged two.

Communique from three active war fronts presented this picture:

#### U-Boats Near South Africa

LONDON, Oct. 14.—An intensive of enemy U-boat activity in the Allied shipping lines around the Cape of Good Hope is indicated.

#### BULLETINS

SOLOMON ISLANDS—Heavy cruiser, four destroyers and transport sunk; another destroyer probably sunk; three cruisers torpedoed and bombed, one severely; eight bombers, four fighter planes and three seaplanes destroyed.

ALEUTIANS—Japanese ships, camps and hangars at Kiska, the invaders' lone remaining foothold, blasted by aerial bombs and burned by incendiaries. Canadian-American fliers report that not since October 3 has a single Japanese fighter risen to challenge the growing might of the assault.

NEW GUINEA—Enemy ground forces pushed back in the Owen Stanley Mountains towards Kokoda base by Allied troops while heavy bombers drop 1,000-pound explosives on Japanese air bases at Rabaul, New Britain. Aircraft on the ground smashed by direct hits.

#### WILLKIE HOME

WASHINGTON, D.C.—Wendell Willkie landed in Washington this afternoon from Minneapolis after the final leg of his globe flight on behalf of President Roosevelt to whom he immediately hastened to present his report.

#### BRUTAL ATROCITY

LONDON—Word has been received here of the brutal murder by the Japanese of four missionaries, including an American priest, at Guadalcanal on the Solomon Islands. They were put to death by bayonetting of their throats.

#### DR. KOO IN CHUNGKING

CHUNGKING—Dr. Wellington Koo, Chinese ambassador to London, has arrived here in connection with the negotiating of a treaty whereby Great Britain and United States will give up extraterritorial rights in China.

#### LOSS OF HALIBUTTER

SEATTLE—Previous reports of the loss of the Seattle halibut schooner Raadio have been confirmed. The vessel hit a reef 90 miles from Kodiak September 27 and was abandoned by the crew of ten who escaped to Kodiak in lifeboats.

#### WHERE HAVE JAPS GONE?

Mystery Attaches Itself to Enemy Movements Around New Guinea

MELBOURNE, Oct. 14.—There is still some mystery in regard to Japanese troops movements in New Guinea area. Landing barges on the beaches might have been used either for landing reinforcements or withdrawing troops.

Meanwhile the Australian forces are advancing northward and are now twelve miles from the Japanese base of Kokoda.

There are continued rains in the Kokoda area.

#### SWISS INDUSTRY

Before the war, Switzerland was one of the most highly industrialized states of Europe, with only Great Britain and Belgium having a relatively greater industrial population.

## DRAWING UP PLANS NOW

Tenders Soon to Be Called For  
New Building Here

The architectural firm of Gardiner & Thornton, Vancouver, has been instructed by Killas & Christopher of Prince Rupert, to proceed with preparation of working drawings for the proposed new \$45,000 store and apartment building to be built here.

It is anticipated detailed plans will be finished within 10 days or two weeks, at which time selected contractors from Vancouver and Prince Rupert will be invited to submit bids to Mr. Gardiner. It is expected contractors will be allowed at least one week to prepare estimates.

Present plans reveal a three-storey reinforced concrete building measuring 50 by 100 feet, with the ground floor area being given over to a store, and a total of 16 suites being located on the floors above. Gyproc lath has been specified for the interior, mastic tile floor on the store and floor corridors, and installation of a hot-water heating plant is planned.

#### CURTAIN NORSE SCHOOLING

LONDON, Oct. 14.—German invaders have taken over many of Norway's schools as barracks and with teacher shortage through wholesale arrests, education for Norwegian children is greatly curtailed.

## WELL KNOWN REGIMENT COUPLE WED IS NOTED

Miss Edith Johnston and James Greer United in Marriage

First Baptist Church was the scene of a quiet but pretty wedding on Saturday evening when Edith Marie, only daughter of Mr. and Mrs. George Johnstone of this city, became the bride of James Greer, son of Mrs. Greer and the late W. Greer, also of this city. Rev. C. A. Wright officiated.

The bride entered the church on the arm of her father, by whom she was given in marriage, to the strains of the wedding march from "Lohengrin" played by Miss Kay Watson.

The bride was attended by Mrs. Clarence Insulander as matron of honor and the groomsmen by Bernie Bridden. Only the bridal party and immediate friends attended the ceremony.

Immediately following, a reception was held at the home of the bride where relatives and friends gathered to wish the popular couple the joys of wedded life. P. H. Linzey proposed the toast to the bride to which the groom fittingly responded.

Mr. and Mrs. Greer left for a trip to the south and, on their return, will reside at 517 Eberts Street.

The couple are particularly well known and esteemed, having both lived here since early childhood, and there will be general congratulations.

## TUNGSTEN NEAR USK

Joe Bell, Well Known Mining Man, Thinks Possibilities Around There Are Good

Joe Bell, well known Usk mining man, who has spent a few days in the city, is hopeful about the prospects of tungsten ore of value sufficient to be used for war purposes being developed there. Mr. Bell describes as "quite an interesting prospect" his own Ridge claim between Hardscrabble and Nicholson Creek which he located during the past summer. Assays have shown 1.6 percent scheelite which is the tungsten containing metal. The Ridge claim is at an elevation of 3000 feet three miles from the Canadian National Railways line. It is about sixteen miles east of Terrace.

Mr. Bell arrived in the city from Usk Sunday night, accompanied by Mrs. Bell, and is returning to the interior today.

Leicesters Have Fought in Norway And Libya in Present War

Written for The Canadian Press By CLAUD GOLDING

LONDON, Oct. 14. — Men of the Leicestershire Regiment are familiarly known as the "Tigers" because their regimental badge shows a tiger. They've lived up to its name in fighting in Norway, Crete, Libya, Syria and Malaya.

The Leicestershires fought in Canada with Wolfe as the 17th Foot Regiment and now are allied with the Sherbrooke Regiment. They got their first action in this war in Norway in April, 1940, as part of the British Expeditionary Force which tried to foil the German invasion. They led the British attack on Oslo.

In Crete the Leicestershires found the going even worse; said their transfer from Libya's baking sands was like a jump from frying pan into fire. While they fought, they were dive-bombed and machine-gunned constantly.

**Caught Paratroops**

The battalions rounded up more than 800 "pheasants" as they dubbed paratroops and once were called on to hold a breach in the British lines that threatened two other regiments. One company of Tigers saved the situation by a counter-attack.

When they left Crete, the Tigers went to Syria where they distinguished themselves in the advance on Damascus. During the siege of T. Buk, Leicestershires who had fought fiercely in General Wavell's offensive, were landed in the fortress from the sea to relieve the

tired garrison.

The Tigers, who up to then had captured 2,000 Italians and altogether in their desert fighting handled 40,000 Axis prisoners, won Nazi praise for displaying "fine fighting qualities."

### HITS LABOR UNIONS

LONDON, Oct. 14. — Nazi President Vidkun Quisling of Norway has proclaimed the state's unrestricted right to interfere with all organizations and associations "which are not considered purely personal unions of professional nature."

## So He Dodged Women's Unit

Easier to Get in Than Get Out Said Man Called Up in Mistake

BRISTOL, Eng., Oct. 14. — Thirty-one year old David Jones has been called up for the Women's Auxiliary Air Force. Despite the error in calling him for this women's service, he said he was tempted to carry out his directions but decided against it because if he once got into the W.A.A.F.'s at supper,

he'd probably be there for months before enough "red tape" could be untangled to get him out.

### MADRES IN A. T. S.

LONDON, Oct. 14. — Army padres now are being helped in the Auxiliary Training Service by "madres." This is the unofficial name given 12 women appointed as lay church workers to aid chaplains in this branch of the women's services.

The Kit Cat Club in London, instituted in 1699, took its name from Christopher Katt, pastry cook whose pies formed a regular dish.

# HOW TO HELP WIN THE WAR WORK

We must roll up our sleeves and tighten our belt, Canada! We've had it too easy in these past three years of war. Now is the time to show that we have the determination and courage to fight. No matter what our job, we'll help to win this war if we give it everything we have. Fighting today includes working hard for our Country, our home and our right to survive as a free people.

# SAVE

It's necessary that we save all we can. Spending on things we can do without, betrays Canada to the Axis. We can do without the frills. When we've won victory, we'll have the luxuries again. Right now, there's no better investment for any of us than to put what we save into Victory Bonds, enabling our Country to buy shells, tanks and bombers. That's the way to save Canada—to save all that matters.

# LEND

What's your share of the savings job? Well, the average Canadian would have to lend to Canada to meet Canada's need \$1 in every \$5 of income left after taxes and compulsory savings have been collected. The average may not fit you. Your own circumstances are distinctly your own. You may be able to do better both out of your current income and out of your accumulated savings in the bank—or you may not be able to reach the average. *Your share of voluntary savings is every dollar you can possibly spare.*

### The Old and the Young...

There is a suggestion whereby the Senior and Junior Chambers of Commerce may merge at least for the duration of the war. That, we would say, should be all to the good. It should produce a strong and representative body which would be a real reflection of responsible local interest—business and professional—and we see no reason why walks of life other than those falling in these classifications could not also be included. These are the days of unity and co-ordination of interests and efforts in one great aim. We are all in the business of winning the war.

As for the Senior and Junior Chambers, the former could provide the experiences, the balance and the judgment, the latter the initiative, the energy and the impulse. As for the ideas and the observation, both parties can provide these. It should all work out very well provided there is mutual respect, that the seniors do not think they know it all and are willing to keep pace with changing conditions and sentiments and that the juniors do not become either too impatient or too subservient.

No technical consideration should be permitted to block a fusion which would be all to the good for the community.

And why should not Stan and Bob Parker and some of the others have a monthly "Father and Son" dinner anyway?

\*\*\*\*\*

If you have not been asked to break home ties, to go to a far country, to face the shock of battle and to risk your life, the least that you can do is to LEND your money to equip those who do the fighting for us.

Wyoming Town Started With Woman Mayor and Now It's Fire Brigade

DAYTON, Wyo., Oct. 14:—Lock, rolling stock and water barrel, the Dayton fire department has been taken over by women.

So when smoke rolls from a chicken house or from the second storey windows of a home or shop, it's the fire lassies and not the laddies—who come roaring down the street.

Dayton, population 240, was one of the first American towns to have a woman mayor, Mrs. Susan Wissler, back in 1912. Now the feminine fire department is proving the women can do anything—if they have to. They even like it, says Chief Kleiber.

Woman Changed Views When Her Dunkerque-Escaped Husband Killed by Mine

LONDON, Oct. 14:—Mrs. Millicent Scovell, a war widow, told a conscientious objectors' tribunal for women that if her husband had been killed by enemy action she would have been willing to do service work for revenge. He came through Dunkerque but was killed later by a British mine. "I don't think I have any cause for revenge," Mrs. Scovell said.

## Tricks of War Jap Varieties

Yellow Men to Go Down in History With Records in Treachery

NEW YORK, Oct. 14:—Behind the clashing of great armies and fleets, the armed forces of fighting nations employ little schemes, plots and traps to try to catch the enemy off base. Here are a few:

Australians patrolling in New Guinea heard voices ask in English: "Is the corporal there?" Turning to reply, they were shot by Jap snipers. In trying to storm a Pacific island, Japs swam to shore behind logs to deceive U.S. marines on guard. Japs in the Solomons pretended to be wounded when marines approached. Then they got up and fired. When U.S. troops thought they were approaching a field hospital, they found it was an ambush.

Japanese marines hid in coconut trees and dropped on the back of lone patrolling Australians. And there was Pearl Harbor.

# Answering Your Questions about R.C.A.F. Air Crew

What is meant by "Air Crew"?

There are usually five members of an air crew: air navigator, air bomber, wireless operator-air gunner, air gunner, pilot. They are team-mates, each with an important job to perform in the operation of an aircraft.

What educational standards are necessary?

No standard is laid down. Those suitable for enlistment but lacking sufficient education to absorb service training right away are given the necessary academic training after enlistment. Lack of formal schooling (such as High School) is no longer a bar to enlistment.

If I apply for enlistment what personal documents will be needed?

Your Birth Certificate, Marriage Certificate (if married), and the Birth Certificates of your children (if applicable). If you have had previous military or naval service bring your Discharge Certificate. Documentary proof of education is useful if available. However don't let the absence of documents prevent you from applying. The Recruiting Officer will help you.

(Can I enlist for a specific job in air crew?)

No. All enlistments are in the one category—"Air Crew." Selection for specific training and duties is made at Manning Depots and is based on the particular qualifications of the recruit and the requirements of the Service.

Am I obligated to the R.C.A.F. in any way if I call at a Recruiting Centre for information?

No. Information to assist you in making such an important decision as enlistment in the R.C.A.F. is given freely and without any obligation whatsoever.

What should I do about my job if I decide to apply to the R.C.A.F.? Give it up first?

If you so desire, you may tell your employer of your plans, but do not give up your job. If you are accepted you will be granted sufficient time to settle your personal affairs.

Are married men accepted for air crew?

Yes. Married as well as single men are eligible.

What are the age limits for air crew?

If you are 17 1/2 years of age and have not yet reached your 33rd birthday you are eligible. If you are over 33 but have exceptional qualifications you may still be considered.

If I cannot visit a Recruiting Centre during normal business hours what should I do?

All Recruiting Centres are open every Monday and Thursday evening.

Can I look forward to a reasonable chance of promotion?

Yes. Airmen who show initiative have even more opportunities for advancement than they would have in civil employment.

What are my chances of getting a commission?

Every member of air crew has the opportunity of earning a commission and will be commissioned when he has proven his right to it. Your chances are as good as you want to make them.

Don't waste Canada's material. If you must buy new Underwear for the coming winter, buy good Underwear, the longer-lasting kind—the kind that will not need to be replaced too soon—the Underwear that is made for long, hard service. (When you do this, you conserve for Canada and our Fighting Forces).

For 60 years the name STANFIELD'S has meant dependability, fit, comfort and long life.

... and face the facts NOW!

Sure the war costs money. Paying for it will be tough in the months ahead. Let's accept that fact—and face it. Now is the time to sharpen our pencils and figure what our taxes actually are . . . how we are going to pay them . . . and how we can adjust our living habits to get along on what's left. This is a job for every patriotic Canadian . . . a job that must be done now.

ALL OUT...

but never ALL IN!

Already her washing's out and drying on the line... and off she hurries to her volunteer war work. She's able to devote extra hours and energy to her war-time tasks because her electric washer not only takes over her heavy washing but such time-consuming "extras" as curtains, drapes and knitted woollens as well. Yes, these days thousands of washers are releasing valuable "womanpower"... and at the same time keeping homes and families spick-and-span.

### Your Washing Machine Can Help You...

**SAVE YOUR HEALTH** by washing clothes, sheets, blankets frequently to kill germs, prevent spread of colds.

**SAVE YOUR TIME** by washing those "extras" that you used to do only by hand such as: Curtains and Drapes—Wash in luke-warm water, wring dry and hang on rods immediately; they will dry more gracefully than if ironed.

**Furniture Slip Covers**—Wash in luke-warm suds, wring dry, put directly on chairs and they will iron themselves to shape as they dry.

**Woolen Knitwear**—Wash in luke-warm suds, wring dry and stretch over a cardboard pattern cut to original shape of the sweater or stocking.

**SAVE YOUR CLOTHES** if you will use plenty of hot water, plenty of suds and avoid over-loading the washer.

### ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT, Hostess

Here's another letter from the Hamblin sisters, not quite so revealing as the last one, the publication of which earned me a reprimand across my bows—and so this time I'm more careful for, as the soldier said, when explaining in his letters home why he could not give more news: "The censors read all our letters and you never know but what they might be spies." At any rate here's bits and pieces from their latest:

Dear Mrs. Garbutt:

"Here we are again—with another report for our beloved 'Y'—Well we finished our apple-picking with scratches and bruises and a glorious suntan—plus \$16.38 each. At least we can now say we're experienced. We took a trip on down the valley and stayed over a day each in Kelowna and Penticton. The people there hardly seem aware of a war going on. It sure is a different atmosphere than around Prince Rupert. As a matter of fact we're glad we live in Rupert. In our travels we met Major Dudley of the Midlands, Jack McKay of the Medical Corps, who would give anything to be back in Rupert. Sergeant Casey, Cpl. Brooks and Scotty Velch. Several times we had "Hi, Rupert" hollered from army trucks. Gee, it felt great. Even the chap who loaded our apples for the station said, "Aren't you the two girls who used to call at the hospital?" He was an R. M. R. who'd been in Prince Rupert over a year ago. Yesterday we were out to Tranquille again to visit the British sailor Billy French (Geordie). He was in good spirits and thinks the Rupert 'Y' is just grand. He says that, after he leaves Tranquille, he is going to spend two weeks holiday in Rupert. We expect to be home in two weeks and do hold on to the Midlands and Grenadiers till we get back. Say "hello" to the 'Y' staff for us.

"Lots of love,  
PHYLLIS and EILEEN."

### Wielding Sledges Like Rolling Pins

British Girl-Workers Breaking Up Scrap with 50-Pound Hammers

NEWCASTLE, Eng., Oct. 14: (P)—Meggy and Annie handle 50-pound steel bars as if they were knitting needles and wield sledge hammers as if they were rolling pins. They are members of a team of women workers breaking up 10 tons of scrap metal a day.

In private life they are Mrs. Meggy Johnson, mother of six children, and Mrs. Annie O'mston, mother of a six-year old daughter. Their husbands are working on munitions and old gas stoves, ventilators of London blitz scrap, damaged torpedo boats and tons of scrap metal under the women's hammers.

One of the most satisfactory things they ever had to do was break up parts of a German submarine. The women wear boiler suits and berets or turbans and have been on the job half an hour each, dust and rust have taken the place of their make-up.

### John Bull Asks Housewife Hints

"Typical" Women Go to London To Advise Britain's Food Ministry

LONDON, Oct. 14: (P)—Typical housewives from all the food divisions in Britain have been invited to spend a week at Food Ministry headquarters here.

They will shop and cook in the way they do at home and in this way it is hoped to pool recipes and kitchen economy throughout the country.

First "typical housewife" to arrive in London was Mrs. Lillie Taylor of Abbeyhills Road, Oldham, Lancashire. After her initial shopping expedition in London Mrs. Taylor, a 45-year old widow said, "today at the ministry I am cooking for three people. At home I cook every day for five."

### HELP TO BOOST VICTORY BONDS

The National War Finance Committee, public relations section, has provided the Daily News with a number of attractive illustrations for use in connection with sponsored newspaper advertising for the Third Victory Loan campaign.

The co-operation of all business people in supporting the Victory Loan campaign by using newspaper space for sponsored advertisements is being enlisted.

The Daily News is also in possession of suitable texts for such advertising in case business people desirous of taking part have no particular ideas of their own.

We are ready to assist in suggesting both illustrations and messages but would suggest quick action. Already we have had several orders for space during the campaign.

### SPORT CHAT

You've got to hand it to a laddie  
such as tough Phil Milligan of  
Oldham, a British bantamweight  
punch-tosser who trains in the  
hours he manages to get away  
from his job as a gunner in the  
Royal Artillery. He has to walk 10  
miles every day—five miles each  
way—to test his weight because  
he's stationed somewhere in Eng-  
land and the nearest scales are  
five miles from his camp. After  
an absence of nearly 20 years  
Anglo Ratner is appearing again  
in London rings. He's stationed in  
England with the American Army.  
A famous middleweight in the  
years immediately after the last  
war he won the Allied Services  
Championship at the Albert Hall.  
Referee for Ratner's initial ap-  
pearance—or re-appearance to be  
more correct—was Lieut. H. G.  
Stribling, brother of the late  
Young Stribling. The bout was a  
three-round exhibition with Fred-  
die Mills, lightweight champ.

Everybody knows how big a  
public favorite Gordon Richards,  
the champion jockey, has become.  
But few realize he is even more  
popular with his brother riders.  
They pay unstinted tribute to his  
sterling qualities and like him for  
the quiet modesty with which he  
has worn the jockey's crown for  
so many years. Richards is not a  
stylist but he has an exquisite  
sense of balance, grit and tremen-  
dous strength in his hand. Racing

folk who remember Fred Archer,  
the great saddle idol of the '80s  
say it is unfair to contrast him  
with Richards. For one thing they  
belong to different generations  
and the conditions of riding are  
different. For a jockey Archer was  
tall, five feet 8½ inches, with a  
figure emaciated by Turkish baths  
and starvation to keep his weight  
down. Richards, short and sturdy,  
has no worries.

Lemons are a thing of the past  
in Britain so football players just  
don't get a chance to suck them  
during half-time. The result is the  
local food committees in some  
spots have granted licences to  
serve tea to players during the  
half-time interval. The licence is  
necessary because of rationing re-  
strictions. It took the war to bring  
about a mingling of amateur and  
professionals in rugby football and  
rowing. Now "mixed" sculling has  
come about. Footballs are getting  
hard to come by. Swansea Town  
couldn't find a ball for a match  
between the Welsh National side  
and the R. A. F. and the Football  
Association had to help Swansea  
out of its difficulty.

Mr. and Mrs. J. A. Donnelly and  
Mrs. W. Wilson left yesterday for

### OLD MARK STANDS UP

1905 Ball Record That Still Is  
Unexcelled

MEMPHIS, Tenn., Oct. 14.—  
"Strike three 'n you're out."  
Those words went rolling over  
the baseball park for the 19th time  
against Portland batters that day,  
July 8, 1905, and a minor league  
record—19 strikeouts by one pitch-  
er in nine innings—was firmly  
established for the simple reason  
that it has never been broken.  
Charlie Shields, now a 61-year  
old elevator operator, the chunky,  
sandy-haired little Scotsman who  
pitched that record game, is an  
interesting character—for Charlie  
is an individualist, and rugged. He  
set his pitching record while play-  
ing for Seattle in the Pacific Coast  
League. He entered baseball in  
1897 and retired in Memphis in  
1914.

### Canada at War 25 Years Ago

Oct. 14, 1917.—One Russian and  
two German torpedo boats sunk in  
naval action in the Gulf of Riga.  
British captured 64 prisoners in  
raid southeast of Monchy-le-  
Preux. Ruponda, German East Af-  
rican, occupied by British forces.
