Latest Design and Appoitments Projected For Second Avenue

L. M. Asemissen today announced plans for a \$500,000 apartment hotel, project in Prince Rupert, the proposed site being the southeast corner of Second Avenue and Second Street, formerly occupied by the Hays Block which was destroyed by fire several years ago. Application for a priorities permit is being made to the federal authorities and, in view of the fact that the project will fill a pressing need here owing to the greatly increased population due to war activities, it is thought there should be no difficulty in obtaining the permit. Of reinforced concrete construction measuring 100 by 150 feet, the building will be eight or nine storeys in height and fully modern in every respect. In the basement will be recreation rooms with salt water swimming pool. On the ground floor off the main rotunda will be an arccade lounge. On the street will be four stores and coffee shop. Featuring the second floor will be a banquet hall 100 by 100 feet with moveable partitions, making the room adaptable for both large and small assemblies and for varied activities. On each of the third, fourth, fifth and sixth floors will be twenty rooms all equipped with showers or baths. The seventh, eighth and ninth floors will have three and four room modern apartments.

have gone into action for the first Half Million Dollar Structure Of time. In the north also there was a new vigorous Russian campaign for the further relief of Leningrad.

OTTAWA, May 14: Wh - Hon. Angus Macdonald, minister of the navy, said yesterday that the poii ley enunciated of giving no more information of submarine sinkings in the St. Lawrence River area would be pursued. As for the two ships already announced as sunk there, the two sinkings really constituted one incident. Loss of one of these ships was anyesterday. In spite of the minister's statement, there are indica-

> At least fourteen are believed dead or missing in these sinkings.

British military quarters reported today that fierce Indian Ghurka: have counter-attacked the Japanese in Burma and gained respit from enemy pressure at the gateway to India. Latest reports said that nearly exhausted British rearguard now is around Kalewa, forty miles from Assam frontier of India. On the Allied left flank Chinese dispatches indicated that the Japanese had driven nearly 120 miles along the twisting Burma road into China proper.

Jap Invasion Bases Hit

In Australia Allied headquarters reported that Allied bombers had sunk a 3,900-ton Japanese ship at Ambeinn, former Netherlands naval base, and damaged two others. Other Allied warplanes attacked Rabaul. New Britain, bombing ships in the harbor and fifteen Japanese bombers o the airdrome runway.

Russians Facing Crisis

The fierce battle for the Caucacus has taken a critical turn for the Russians who, however, have assumed the offensive at Kharkov, widening a gap in the first line of Nazi defences there. The Germans claim to have captured the city of Kerch but there is no confirmation of this in Moscow.

Halibut Curtailment Regulations Being Amended at Request of **Naval Authorities**

Pacific Coast halibut boat owners and fishermen, at the request of the Naval authorities have agreed to drop regulations curtailing halibut fishing in Area No. 3 off the Pacific Coast and partly forego them in Area No. 2 The general effect will be to shorten up the fishing season, reaching the quotas as set by the International Fisheries Commission in less time than it would have taken had the normal curtailment been adhered to. At a joint meeting of Prince Rupert halibut boat owners and fishermen yesterday, it was decided to fall in line with the new fishing arrangement which has been agreed to by the Seattle and Vancouver fleets. The lay-up time between trips for boats operating in Area No. 3

will be dropped altogether while the quota per man per trip will be increased from 4000 to 4100 pounds.

The lay-up time between trips for boats in Area No. 2 will be cut from nine to eight days and the quota increased from 3,000 to 3,100 pounds per man per trip.

A Canadian Press message received by the Daily News today from Vancouver gave W. T. Burgess, secretary of the United Fisherme's Federal Union there, as the
