## BATTLE OF SINGAPORE—

# Japanese Hesitate To Make Direct Assault; Heavy Artillery Duel

Enemy Aircraft Pounding Away at Java, Amboina and New Guinea—Salween River in New Guinea Finally Crossed.

SINGAPORE, Feb. 5: (CP)—Japanese siege armies still hesitated today to gamble on a direct assault against Singapore. Meanwhile there were flaming artillery duels across Johore Strait. At the same time Japanese aircraft—large flying boats—were attacking anew the big Netherlands naval base at Soerabaja on Java Island and Port Moresby on the Australian-owned island of New Guinea for the second time in three days. Amboina base was also still the scene of sharp fighting. Port Moresby is only three hundred miles from Australian mainland.

British headquarters said that Singapore defence guns had silenced Japanese batteries and raked a Japanese transport across from the beleaguered island while overhead Royal Air Force fighters battled attacking Japanese aircraft. While no actual invasion attempt on Singapore island had yet been made today, battalions of crack Japanese troops were observed to be moving down through Malay for what appeared likely would be a full-dress attack upon the stronghold. This was while heavy artillery exchanges were in progress across Johore Strait, the British big guns dealing out in full measure of return for what they received.

In Tokyo it was declared that the Japanese would soon launch an all-out attack on Singapore in full-scale invasion. Barges which had been massing for days would be used. The supreme struggle was now on. In Burma, according to announcement by British headquarters, Japanese patrols had crossed the lower Salween River at a number of points, creating threat of a direct thrust against Rangoon. This admission came after an earlier report that the Japanese were moving northward along the east bank of the Salween after having been balked in attempts to get across in the south.

CAIRO, Feb. 5: (CP)—Dispatches from the North African front today said it was believed German spearheads had advanced to within fifty miles of Tobruk, eighty miles west of the Egyptian-Libyan frontier. The line of action is still 150 miles west of Egypt. British forces are on the offensive in the interior.

## SOLDIERS' COURSES

Local Teachers Hear of Educational Work, Sponsored by Canadian Legion.

Before proceeding to the regular business of the meeting the Prince Rupert Teachers' Association last evening heard with much interest an outline of the work of the Educational Services of the Canadian Legion Auxiliary Services by E. Crute, regional director for the province of British Columbia.

The scope of the courses offered was indicated when Mr. Crute said they embraced subjects from elementary mathematics, typing and shorthand to senior matriculation and university graduation standards. They served a real purpose for the men serving, men and officers of all ranks of the naval, military and air forces and more recently of the women's auxiliary corps. A specialized course was that offered as a pre-enlistment course for the recruits of the air force.

Large classes were in attendance at Nanaimo, Vancouver, Victoria, Bella Bella, Queen Charlotte Island and Seal Cove. In the exchange of views that followed, W. W. C. O'Neill of the Booth Memorial High Schools told of the courses already offered under the Dominion provincial scheme. These included technical course and mathematics. They would be available for enlisted men too. The services of the local teachers had been previously offered for personal instruction where desired.

Mr. Crute said he was glad to have the information and would get in touch with the educational officers of the various service units in the area and advise them of the courses and assistance that the men may have. Following this discussion, the meeting went on to routine business and then to the consideration of various resolutions for the Easter convention. These had been prepared by a group of the male teachers and were presented to the meeting for endorsement. A lively interest was shown by all present. T. L. Davies was in the chair.

## TRAFFIC TO SEAL COVE

Local Engineer Engaged to Make Survey With a View to Taking Care of Increased Requirements.

City Commissioner D. J. Matheson announced this morning that D. McN. Lowe, local civil engineer, had been engaged to make a complete survey of the Seal Cove road situation, congestion and danger of which has been the subject of complaint recently, with a view to determining the best means of handling greatly increased traffic in that area. Mr. Lowe will investigate all possible routes and will also furnish estimates of cost.

## LEAFLETS ON FRANCE

Royal Air Force Planes Used to Inform French of Plans to Help Them Throw Off Nazi Yoke.

WASHINGTON, Feb. 5: (CP)—The Royal Air Force is strewing occupied France with millions of pamphlets proclaiming the gigantic scope of United States war plans, it was disclosed today, with the dispersal particularly intense in Brittany Peninsula and north-west France which first saw American soldiers twenty-five years ago and would be one of the most likely theatres of action whenever the united nations open a major invasion campaign. In addition to pointing out the great war effort of the United States, the leaflets suggested, on behalf of President Franklin D. Roosevelt, that, when the proper time came, arms would be put in the hands of those French who wished to take part in the fight to throw off the Nazi aggressors.

## JAPS SAY LONG WAR

People of Nippon Warned of Severe Restrictions—Conflict May Last Ten or Twenty Years.

TOKYO, Feb. 5:—An official spokesman warned the Japanese people today that they might expect a long war with severe economic restrictions. The conflict might last ten or twenty years.

## Japs Leaving For Ontario

Party of Ninety to Depart From Vancouver Next Monday, It Is Announced.

VANCOUVER, Feb. 5:—Ninety Japanese, going voluntarily to Ontario to take up employment there, will leave on Monday next, it is announced. No compulsory movement from coast defence areas has as yet commenced.

## Canada and Soviet Are Exchanging

LONDON, Feb. 5: (CP)—The Canadian High Commissioner, Vincent Massey, and the Russian ambassador, Ivan Malsky, today signed an agreement for the exchange of consular representatives by Canada and the Soviet Union.

## INDIA IS DISCUSSED

Is Becoming Strong Enough To Demand Home Rule—Question Of Remaining in Empire

Predicting that India, despite its many internal influences and cleavages, would get Dominion status because it was becoming strong enough to assert its own rights and would remain a part of the British Empire if a policy of humanism was adopted in regard to it by Britain, A. H. Wharton, Vancouver, who for years was a resident of the country, spoke before a dinner gathering of the Women's Canadian Club last night on the subject of "Will India Remain in the British Empire After the War?"

Mr. Wharton, with a large fund of information at hand, delved deeply into traditions and history of India—a country which was as large as Europe with Russia subtracted. Of polyglot population, it had no less than 225 languages among its peoples with all grades of civilization from the aristocratic princes to the crudest aborigines who still had their stone age customs. Mysore and Hyderabad were not actually in India at all, having independent rule by their princes. The Hindu race had been formed centuries back by two kinds of people—the kindly and gentle Mongols from the China side and the fierce, virile and white Afghans from the west and north. Into that Hindu civilization had later come the Mohammedans to conquer, thus starting the traditional antagonism between Hindus and Moslems, something that existed to this day, complicated by divisions of influence among the people of their side. Into this picture had eventually come the British and the French to cause further division among the native people, the British finally becoming ascendant in control. Gandhi and his millions of followers called for home rule but the question was who should home rule be given to.

## British Mistakes

Mr. Wharton referred to instances of British high-handedness in India and declared that the day when the British people could look down on the people of India was most assuredly gone. Reference was made to the mistakes of Dalhousie and Curzon, successive governors-general, in handling India and the efforts, in a measure successful, of Minto in putting things right. The Gandhi passive resistance campaign and the Round Table Conference in London were dealt with by the speaker in leading up to the forming of the Delhi central government and the establishment of provinces, the princes being opposed to the federation with which they would not join. Further divisions among the Hindus themselves on one hand and the Mohammedans among themselves on the other had led to more internal difficulties. There had also been labor troubles with the commencement of the present war. The Gandhi party had control of seven of the eleven provincial houses and, when self-government had been denied, the governments of these seven provinces had quit leaving the British governor in authority.

Head men of India were against Gandhi but had used him to get home rule, the speaker asserted. Will Become Dominion India would get Dominion status, the speaker asserted, because it was becoming strong enough to assert its rights. The army was becoming Indianized. Industries to supply the instruments of war had become developed within the country. The common people were becoming organized. There was resentment against any attitude that Great Britain and United States ruled the world. Quoting the words of one famous Indian spokesman, "We fight for civilization, greater than patriotism is humanism."

## SABOTAGE, FASCISM

Minister of Finance Has Something to Say About Those Who Refuse to Buy Victory Bonds.

OTTAWA, Feb. 5:—Those who talk about refusing to buy Victory Bonds as a protest against the plebiscite on conscription are guilty of "sabotage and fascism," declared Hon. J. L. Isley, minister of finance, last night.

The plebiscite was the "natural, honorable and efficient" course, declared Mr. Isley, who predicted an overwhelming vote in favor of releasing the government from its commitments against conscription for overseas service.

## MESSAGES FROM SPY

New York Court Hears From Confessed Girl Agent How Confederates Reported Ship Movements.

NEW YORK, Feb. 5:—An 18-year-old German-born girl, who has already confessed her own guilt, yesterday told the court in the trial of six men and women charged with espionage of how the impending departure of ships from New York harbor had been reported to the Nazi authorities. Kurt Ludwig, the alleged head of the spy ring, simply wrote the information in invisible ink on the backs of envelopes addressed to Lisbon and Madrid.

## GREAT JAP SPY RING

No Less Than 150,000 Nipponese Are Connected With It, Declares Dies Committee.

WASHINGTON, Feb. 5:—The Dies committee on anti-American activities has gathered a mass of evidence against Japanese agents in the United States, it is announced. There are 150,000 Japanese nationals connected with a vast spy ring in this country, it is declared.

## SAYS MORE SHIPS SUNK

Germany Makes Claim in Regard to Submarine Activities Off American and Canadian Coasts.

BERLIN, Feb. 5:—The high command claimed today that six more ships of tonnage totalling 47,000, including a 15,000-ton ore ship, had been sunk by Axis submarines off the east coast of Canada and the United States.

the speaker predicted in closing that, if such an attitude were adopted by Britain, India would stay in the Empire.

Miss E. M. Earl, the president, was in the chair at last night's gathering. Rev. J. A. Donnell said Grace. Mrs. T. Dixon sang acceptable vocal solos. Mrs. J. A. Rutherford presided at the piano to accompany "O Canada and 'God Save the King.'"

Mrs. Garbutt of the Y. W. C. A. Hostess House was on hand to thank members of the club for cakes being supplied for Sunday afternoon teas at Hostess House expressing hope that the supply would be kept up.

Miss Earl announced that scraps of wool gathered last fall had now been converted into forty-six blankets for Bundles for Britain and eighteen more were coming.

# All Occupied Soviet Territory Will Soon Be Back in Red Fold

Nazis Can Never Recapture Initiative, Declares President Kalinin—Plan for German Spring Offensive Crippled.

MOSCOW, Feb. 5: (CP)—President Kalinin of Russia proclaimed today that "the hour is near when all the occupied portions of the Soviet Republic will return to the family" of the Union of Soviet Socialist Republics. Kalinin declared that Red Armies are now approaching the borders of White Russia, Latvia, Estonia and Lithuania. "The Germans will never recapture from the Red Army the initiative which has been gained," Kalinin said, adding that Soviet troops had thrown the invaders back 175 miles in some sectors. Front line dispatches said that Russia's winter campaign was designed to cripple the Germans and break their spring offensive campaign which was getting under way. This campaign was pressing steadily forward. A new break-through by the Russians on the Kharkov front was reported today while the Red Army was also continuing to plow through towards Smolensk with six more communities captured since yesterday—all this in spite of fierce Nazi resistance in the vain effort to stop the advance of the Soviet forces.

## LOOKS FOR TWO ROADS

Alaska Governor Emphasizes Need for Highway Construction to Alaska Immediately.

WASHINGTON, Feb. 5: (CP)—Governor Ernest Gruening of Alaska told the congressional road committee yesterday that he expects two or more highways from the United States to Alaska will be constructed to meet the demand for land transportation of supplies and war munitions. The governor, supporting a bill to authorize construction of a \$50,000,000 highway, said that immediate action is necessary and delay of a few weeks now might delay construction for a year.

Gruening said that the whole Pacific situation would be changed and become more favorable if a road was built. The Alaska governor favored a route running from Seattle through Fort George and Fort St. James to Whitehorse, but added he believed the prairie route might be constructed soon after the first route was built.

## Air Raid Alarm In Indo-China

Fifteen Minute Alert Is Reported at Hanoi, Principal Port.

BERLIN, Feb. 5:—It was reported here today that there had been a fifteen minute air raid alarm at Hanoi, principal port in French Indo-China.

## TURKEY HAS AXIS SPIES

Fifteen Have So Far Been Placed Under Arrest in Course of Round-Up.

ANKARA, Feb. 5:—Six more arrests of Axis acting as Axis agents have been made in Turkey, making fifteen altogether in the round-up of a recently discovered spy ring.

## WELCOME GENERAL

McNaughton Arrives in Ottawa—Will Not Become Involved in Controversy.

OTTAWA, Feb. 5:—Lieut. General A. G. L. McNaughton, commander-in-chief of the Canadian Corps in Britain, arrived in Ottawa last night, being met by Prime Minister William Lyon Mackenzie King and military leaders. General McNaughton's visit will not be long, it is now said, and he does not intend to become involved in any of the controversial issues of the day.

## TO TALK SHIPPING

Secret Debate in British House of Commons Is Expected Soon.

LONDON, Feb. 5:—A secret debate in parliament on the shipping situation is expected soon, according to reports current in authoritative quarters. Prime Minister Winston Churchill is expected to make a statement in regard to the new duties of Lord Beaverbrook as minister of war production.

## Canadians In Prison At Kowloon

OTTAWA, Feb. 5:—Information has been received here to the effect that Canadian and British prisoners, taken by the Japanese at Hong Kong, are being held in concentration camp at Kowloon and are being treated "reasonably well."

Peoples Many Suffer Low Blood Count—And Don't Know It.  
The baffling thing about low blood count is that you can weigh about as much as you ever did—even look healthy and strong, yet you can feel as if you had lead in your legs, dizzy, tired and peeples.  
Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the power to turn the wheels, so you must have plenty of oxygen to explode the energy in your body and give you going power.  
Get Dr. Williams' Pink Pills today. They are world-noted for the help they give in increasing the number and strength of red corpuscles. Then with your blood count up, you'll feel like bounding up the stairs as if you were floating on air. Ask your druggist for Dr. Williams' Pink Pills today.

Men Workers In Various Sections Perfecting Organization

The A.R.P. workers of Westview had a work-out last night, J. S. McIntosh calling a meeting of all branches in his district with exception of the ladies of the first aid. There was practically a 100 percent attendance.

At a round table conference all police were given specific routes to patrol.

The equipment for fire hydrants being available, the fire wardens tried some team work. They went to a hydrant two blocks from headquarters in the dark, connected the reducer and fittings, strung two lines of hose and had two good streams of water through in five minutes. This was not a trial for time but merely to get the team properly organized. Next time it is expected to cut the time in half.

The Westview section expects to have regular meetings and practices at regular intervals.

The question of sand was discussed and it was suggested that hose with cars might go out the highway and take other members to bring in enough sand to give each householder a sack to keep in their basements.

The first aid section checked its equipment but, as there were no casualties, was unable to demonstrate.

## DRY DOCK IS WINNER

Art Murray Starts Campaign To Clean Up Basketball

The Dry Dock hoop squad took undisputed possession of second place in the city Intermediate league by routing the Barons 38 to 15 in a contest that featured the first attempt of the league president, Art Murray, to clean up basketball in Prince Rupert. Dual refereeing by Murray and Stuel set nothing get by and their whistles shrilled at anything that looked like a foul.

With the two teams playing under wraps while getting used to what the referees were calling, the first half proved to be a slow affair with the Dry Dock holding a 14 to 10 advantage at the half-way mark.

During the intermission Coaches Gar Taylor of the Barons and Sev Dominato of the Dry Dock quintette also emphasized the importance of clean play and pointed out errors to their proteges. As a result the two teams confidently took the floor for the second half as if this "clean-up bugaboo" had finished worrying them.

Dry Dock, its poise unruffled, although numerous scoring opportunities were wasted because of inaccurate shooting from close range during the first half, bounded right back into the game and into a 17 to 12 lead. Then followed ten minutes of harum scarum basketball in which the Barons did nothing right and the Dry Dock nothing wrong. In fairness to the Barons they did pull up to 17 to 14 but they neglected to remain in the neighborhood. At this point the shipbuilders began to intercept passes all over the court, capture virtually every rebound and generally solidify their position.

The Dry Dock quintette bore the brunt of the foul clean-up in this game by losing Montesano and Scherk via the four foul route. Thirteen fouls were called against the winners and nine against the Barons. Barons made 7 out of their 13 free tries and Dry Dock 4 out of 9.

Simonsen, high scorer for the Barons, toed the free throw line eight times and made five of his total nine points from this position. Joe Davis, gangling centre, shared scoring honors with Simonsen for the Barons with 5 points. The Barons were a weakened team without their offensive star Helge Holkestad, who was out of the game with a sprained ankle.

Dry Docks' last quarter scoring spurge totalled 24 points garnered through baskets by Pavlikis.

## DANCE AND TUNE FILM

"You'll Never Get Rich." With Rita Hayworth and Fred Astaire, At Capitol This Week-end

A musical extravaganza of army life, "You'll Never Get Rich," teaming Rita Hayworth and Fred Astaire, comes as the week-end offering to the screen of the Capitol Theatre here on Friday and Saturday. The cast also includes such well known comedy and character personalities as Robert Benchley, John Hubbard, Osa Massen, Frieda Inescourt, Guinn Williams and Donald McBride.

"You'll Never Get Rich" presents Astaire as a Broadway dance director who enters the army in order to escape the ardent attentions of Miss Hayworth. Childhood friend of an army officer, Miss Hayworth follows the dancer to camp and then the fun begins.

Spectacular and beautiful dance routines background the Astaire-Hayworth specialties. The principal song and dance numbers are "Boogie Barcarolle," "Dream Dancing," "Shooting the Works for Uncle Sam," "So Near and Yet so Far" and "Wedding Cake Walk."

Sheddon, Vuckovich and Bill. High gun for the game was Dry Dock's guard Alek Bill, who hit the bucket with five field goals for ten points.

Officials for the game were: Referees Sonny Stiles and Art Murray and timekeeper and score-keeper, George Baker.

Line-ups:  
Dry Dock—Fitch 1, Vuckovich 8, Pavlikis 7, Sheddon 7, Montesano 4, Scherk 1, Bill 10. Total, 38.

Barons—Simonsen 9, Davis 5, Zbura, Petruzzo, Mentenko, Holkestad, Astoria 1, Hetherington Total, 15.

Saturday night, the league-leading High School quintette will meet the Barons in the Intermediate game and Annettes will oppose High School co-eds.
