PROJECT DELAYED

Looks Like There Will Be No Civic Centre During War Though Building May Be Erected

New developments have arisen which it is believed may rule out the possibility of the civic centre project here being proceeded with while the war is on. However, the central committee is working on a plan by which it would be possible to erect a building which would be used for war activities and become available for the civic centre function after the war. The committee, at a meeting yesterday, delegated the chairman, Dr. R. G. Large; secretary, C. G. Ham, and treasurer, G. T. German, to continue negotiations, a statement on which will be forthcoming shortly. Meanwhile, the charter of the Civic Centre Association of Prince Rupert has arrived here from Victoria and the provincial architect's department in Victoria has promised that plans will be completed this month. The first general meeting of members of the Association will be held within the coming month. Meanwhile membership tickets will be prepared and offered to the public so that all will have the opportunity of taking part in the annual meeting.

WILD NIGHT FOR EASTER

Was Occasion For Drunkenness And General Disorder—Police Are Kept Busy

There were thirty prisoners in the city jail this morning as police court went into session before Magistrate W. D. Vance this morning in an endeavour to dispose of some of the cases and relieve the congestion. This was the sequel of what the police conceded was one of the wildest Saturday nights, on the eve of Easter Day, that Prince Rupert has seen. No less than twenty-two arrests were made and double that number, the police say, could have been brought in. Drunkenness was the main cause of disorder and there were fights, uproar and general pandemonium. One incident was the smashing of a plate glass window in Heilbronner's store and the snatching of four watches. The snatcher was immediately pursued and the watches were recovered from him. Liquor sales Saturday night compared in volume with those of Christmas and New Year.

Assault of Enemy on Ceylon Sunday Proved Boomerang, Costing Them Fifty-Seven Air Machines Destroyed Or Damaged.

India stood out today as the probable objective of the next major Japanese drive instead of Australia. Nipponese bombers carried the war into India proper today with raids from an aircraft carrier on two coastal cities north of Madras, Nizampatam, which was attacked twice, and Cocanda. Both towns lie between Madras and Calcutta. Stiffened resistance of the Allied Nations in the commonwealth cost the Japanese at least ninety-one planes destroyed or damaged during the week-end. The Japanese are reinforcing an already strong unit in Burma and are putting on steam for a drive up the Irrawaddy River pointed directly at the rich oil fields of northern Burma and the gateway to India. The Japanese are also more active in the Indian Ocean and the Bay of Bengal, assaulting Ceylon from the Andaman Islands on Sunday in an air raid which boomeranged, costing them fifty-seven planes destroyed or damaged. Only slight damage was done to Colombo. A hospital was deliberately bombed and some casualties occurred there. Allied planes staged a heavy bombing raid on Japanese bases at Rangoon. The Japanese again raided Timor and New Guinea. A small force of enemy planes bombed Port Moresby at noon today but no damage or casualties of importance were reported. Australians and Dutch are still fighting against the Japanese in Java, using stores of food and supplies which had been concealed before the occupation by the enemy. The Japanese have again attempted to land on Bataan Peninsula in the Philippines and fierce fighting ensued as General Yamashita still endeavored desperately to oust General Wainwright's forces.

WORK FOR AGREEMENT

Nothing Definite Yet Reached, However, in Sir Stafford Cripps' Negotiations.

NEW DELHI, April 6:—Negotiations with a view to arriving at an agreement on future India policy are being continued here by Sir Stafford Cripps on behalf of the British government but still nothing definite is being announced as to their progress. A reply by the All India Congress to a compromise proposal is expected tomorrow by Sir Stafford Cripps and will be placed before the war cabinet. An Indian defence minister, it is believed, is being asked so that India may have a greater voice in its own defence.

LONDON, April 6:—The Russians are reported to be moving the first of "several million" freshly-trained reserves into thawing battlefronts from Leningrad to the Black Sea in a fierce effort to throttle the German offensive before it begins. Bryansk is under virtual siege and several villages in the Smolensk section have been recaptured. Forty thousand Nazis have been killed on the central front west of Moscow between March 27 and April 1.

WORKLESS BENEFITS

Machinery of Adjudication Is Explained.
Certain unemployed insured persons who have applied for benefit have been under the impression that the Employment and Claims officer makes the decisions as to whether they are entitled to benefit. This is incorrect. All claims for benefit are passed on to the adjudicating officer stationed at each of the nine regional and district offices across Canada. It is the duty of these officers, known as 'insurance officers,' to consider all the evidence presented with each application. The duty of the insurance officer is to review the claim and, if for some reason he cannot pass it, to notify the claimant that he is of the opinion the claim is not allowable but that, if the person concerned is dissatisfied with the decision given by the insurance officer, he may appeal to the Court of Referees, consisting of an independent chairman appointed by the governor in council together with one representative of employers and one of insured persons who are selected from panels that have been set up under the act. The claimant has the right to appeal to the court of referees within 21 days. An appeal from a decision of the court of referees may be made to the umpire by an insurance officer; by an association of employed persons, of which the claimant is a member in good standing on the date when the claim was made; or by the claimant himself if the decision of the court of referees is not unanimous or with the permission of the chairman of the court in any other case. An appeal to the umpire must be brought within six months. The decision of the umpire, Hon. Mr. Justice Lucien Cannon, will be final in all cases. The proceedings before the court of referees and any appeals arising therefrom to the umpire will be kept as informal as possible. No expense need be incurred by a claimant or appellant.

Japanese Landing at Akyab on Coast of Burma Described As Axis Propaganda.
LONDON, April 6:—Reports of a Japanese sea-borne landing at the Burmese port of Akyab have been "debunked." They are now said to have been merely Axis propaganda. The position of the fighting in Burma, which has not been going so well for the Allies, appears to be obscure.

EASTER IS OBSERVED

Special Services in City Churches—"Seven Words of Christ" At United Church
In First United Church Easter Sunday morning there was a large congregation to hear an impressive address by the pastor, Rev. J. A. Donnell, on the significance of Easter. It meant a fuller realization of the existence of the Risen Christ here and now. Certain secular customs had become associated with the Easter season but Mr. Donnell stressed the vital importance of people recapturing the experience of knowing the Christ who had risen from the grave. Various suggestions were made as to how this might have been done, based on the text: "He goeth before you now into Galilee." The Junior Choir sang feelingly an anthem from the cantata: "Olivet to Calvary." At the evening service there was a crowded church to hear the

Yes, YOU BOYS AND GIRLS can help win the War!

What if you can't fly a bomber, or drive a tank, or help make guns and ammunition? You can do your part in winning the war.

When you boys go out and cut lawns or collect paper and scrap, you are doing a man's work. That releases one more man for the armed forces or to work in a munitions plant. When you go to the store and carry parcels home you relieve a man; you also relieve a truck and make more tires and gasoline available for carrying on the war.

When you girls wash the dishes and help with the housework, your mother doesn't need to get help. That means more hands to work in munitions plants. When you bring dad's slippers, do little chores for him when he is tired, he will be able to do better work and more work next day—perform a bigger part in winning the war.

So, boys and girls, do all the odd jobs you can find to do. Make yourselves useful around your home and in your community. Every single job you do willingly brings victory one step nearer.

This message is issued by the Department of Munitions and Supply for Canada

The Prince Rupert Gyro Club will be holding its regular monthly business luncheon on Wednesday of this week. Preparatory to the business luncheon, an executive luncheon was held today.

One new member was initiated in the local Sons of Norway Lodge at a meeting last Thursday night in the Oddfellows' Hall. President, Neils Gunderson was in the chair and business was otherwise of a routine nature.

The regular monthly meeting of the Prince Rupert Chamber of Commerce, which would ordinarily have been held tonight, has been postponed for one week on account of the Easter Monday holiday.

Mrs. R. G. Van der sluis, who has been receiving medical treatment in Vancouver for the past ten months, will be returning home on the Prince Rupert this Wednesday. Many friends will be glad to know that her health is much improved.

GOOD SERVICE

We ask your co-operation. Our country requests us to conserve gasoline. We are also advised that we shall not be able to replace tires for our trucks. In order to maintain our policy of prompt service we ask you to place all coal orders at least ONE DAY BEFORE DELIVERY IS EXPECTED. By doing this you will enable us to route our deliveries in the most economical manner, thereby conserving both gasoline and tires.

THINK before you use so much SUGAR

THINK before you use two or three spoonfuls or lumps in your coffee or tea. Use less and stir thoroughly.

THINK before you make or ask for over-sweetened pies and puddings, frosted cakes and rich confections.

THINK before you use sugar extravagantly with tart fruits or cereals. A pinch of salt will save much sweetening.

THINK before you make sauces and icings. Use condensed milk, honey, syrup, or canned fruit juices to do part of the sweetening job.

The lawful allowance of sugar is ¾ pound per person per week. No one is allowed to have more than two weeks' supply on hand at any time, except in remote areas.

Retailers have the right to refuse to sell or to limit sales to any person they believe is attempting to disobey the law.

Penalties provided for breaking the sugar ration law are imprisonment for as long as two years and a fine up to \$5,000.00.

EASTER IS OBSERVED
 (Continued from Page One)

cantata "The Seven Words of Christ" (Th. Dubois). The senior choir gave a very impressive rendering of the composition, interpreting with fine dramatic effect the sorrowful, merciless demands of the crowd for the crucifixion and then the moving "Duffe." "It is Finished" and the closing prayer, "We do adore Thee, O Christ." Solo items were sympathetically and effectively sung by Mrs. T. Dixon, Dr. and Mrs. R. G. Large and J. E. Davey. Members of the choir were Mrs. T. Fraser, Mrs. D. Southby, Mrs. L. BonBarnard, Mrs. J. A. Donnell, Mrs. Crowder, Miss Joy Green and Miss I. Connerly with O. Young, F. Derry, T. Dixon and L. BonBarnard. J. S. Wilson conducted the choir. The organ accompaniment and descriptive interludes were very effectively played by Miss Swanna S. Olafson.

Special Easter Sunday services were the order in all city churches yesterday. Each church was beautifully decorated and sermons and music were appropriate to the occasion. Congregations in the most of cases were quite substantial.

 RUSSIA TOO

Editor Daily News:
 Will some kind person please answer this for me?
 Why is it that the U.S.S.R.'s national flag is not shown on our streets and show windows in a prominent place beside that of the other two democracies? After all we can't deny the fact that the Russians have given us valuable assistance in this war against our common foe, Hitlerism. So let's all show where our feelings are. Let's not hide behind our conscience.

How to get More Miles out of Your Ration of Gasoline

EXPERT CARE SAVES CAR WEAR

Union Oil Minute Men can give you many suggestions on how to get greater mileage, longer and better service from your automobile.

Here are a few timely hints that will save you money. Ask your Union Oil dealer to explain other ways where "Expert Care Saves Car Wear."

1. Switch tires every 5000 miles
2. Check your ignition regularly
3. Warm up for cold starts
4. Keep carburetor properly adjusted
5. Polish and wax your car at least four times a year
6. See that your wheels are in line.
7. Keep a record of your driving
8. Change your oil every 1000 miles.
9. Renew spark plugs at regular intervals.
10. Have your cooling system flushed to avoid over heating

SEE YOUR UNION OIL DEALER TODAY!
 At the Sign of the Orange and Blue "76"

HOW TO GET YOUR RATION BOOK

1. Get application forms from any post-office.
2. Ascertain in what category you will be classed.
3. If in category "A" complete your application form, and take it, together with your 1942 licence receipt to the place at which you obtained your licence. You will then be given ration books on payment of \$1.00 fee. It is not necessary to secure approval at the Oil Controller's office for category "A".
4. Applications for other than category "A" must be sent to the regional office of the Deputy Oil Controller.

The method of handling the gasoline ration is laid down by law. The Union Oil Company's Minute Men are therefore under instructions from the Dominion Government. Please do not ask them to make concessions that they are not allowed to make—because they are obliging fellows, and would like to do anything that you ask.
