APPEAL TO STEEL MEN

Prime Minister and Minister Of Labor Make Statements In Regard to Strike Threat

OTTAWA, August 29.—With a serious work stoppage in Canadian steel production feared, Prime Minister William Lyon Mackenzie King yesterday made an appeal to steel workers who are threatening to go on strike for higher wages in spite of non-support of regional labor boards.

Hon. Humphrey Mitchell, minister of labor, said that any strike brought about in spite of the war labor board would constitute a strike against the government. There were severe penalties for such a strike and they would certainly be imposed.

These statements were made following the threat of employees of the Vickers concern in Montreal to go on strike following refusal of the regional labor board to back up their demand for wage increase. The warnings were directed particularly to workers at Sydney, Nova Scotia and Sault Ste. Marie who are threatening to go out on strike Monday unless their demands are accepted Sunday.

Further Reverses Inflicted Upon Enemy in Area of Solomon Islands

WASHINGTON, D.C., Aug. 29.—American planes operating out of marine bases on the Solomon Islands attacked a squadron of four Japanese destroyers, sinking one, probably sinking another and leaving a third badly damaged and burning, the United States Navy announced today.

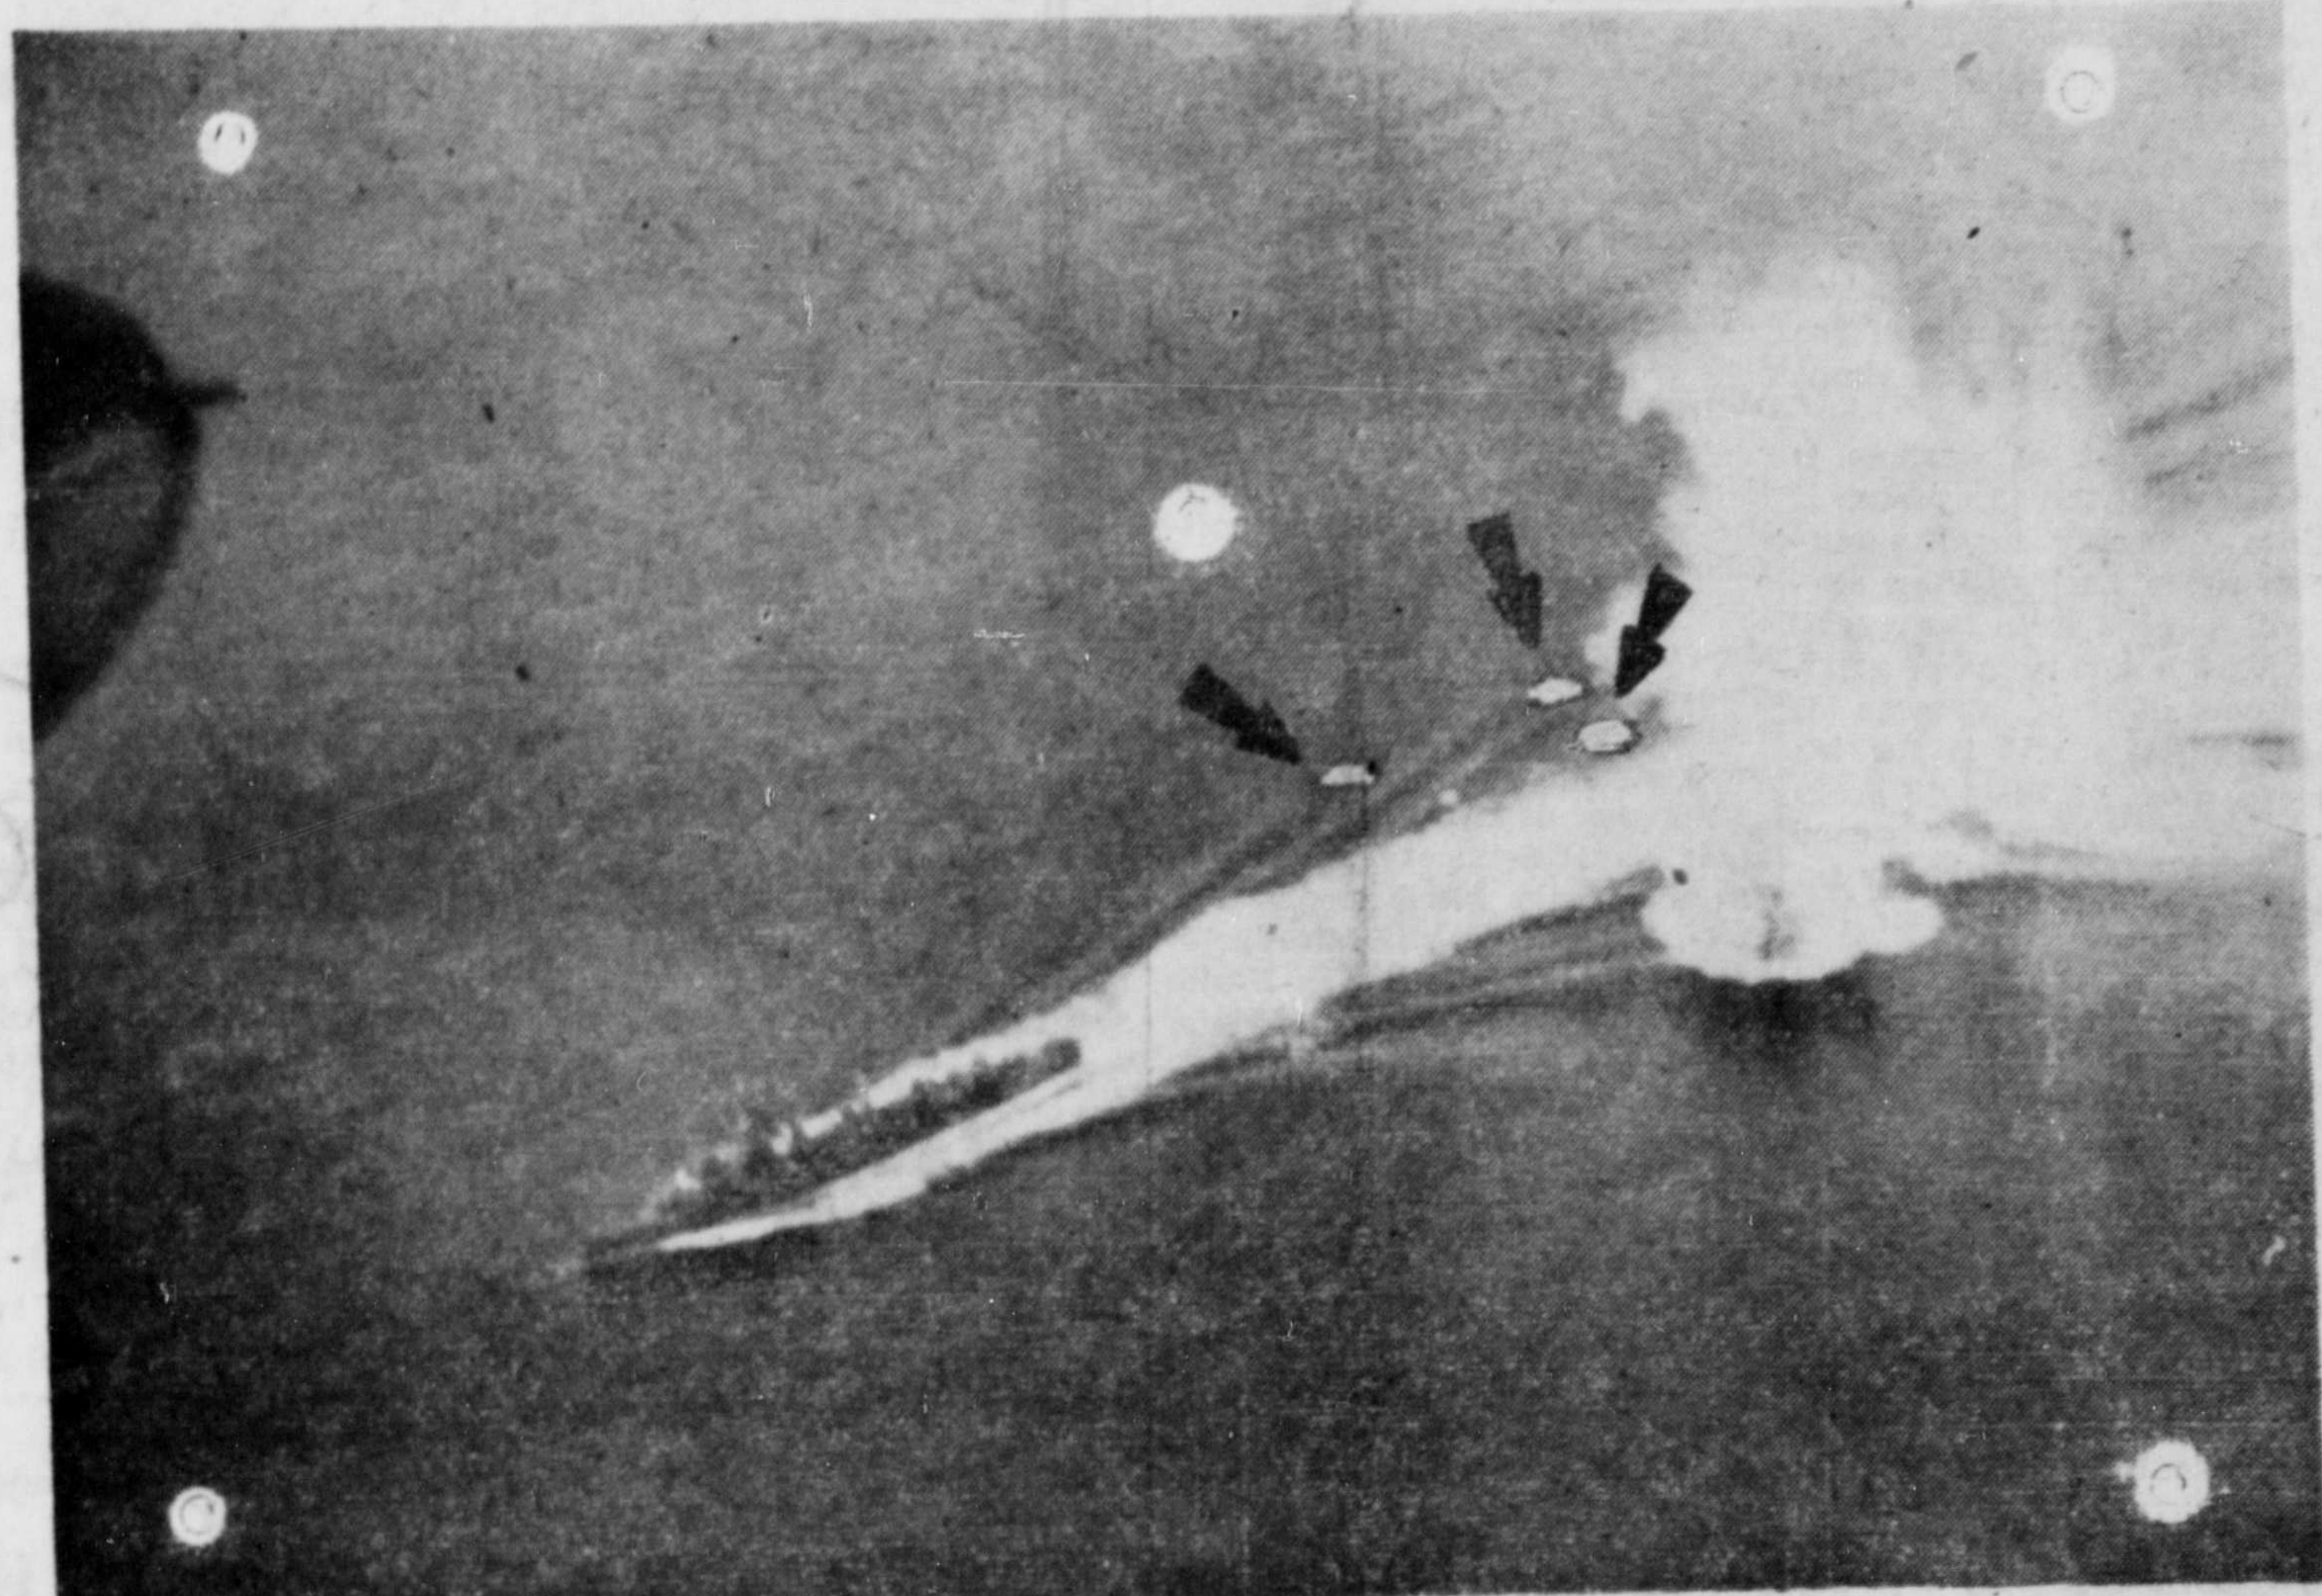

A communique said that the destroyers appeared loaded with supplies and equipment for Japanese units on Santa Isabel Island, northwest of the islands occupied by United States Marines.

Heavy fighting continues between Allied and Japanese land forces near Milne Bay on New Guinea Island. There is also aerial combat above the difficult terrain. Japanese planes raided Port Darwin again but did no damage.

U.S. DESTROYER SINKS U-BOAT IN ATLANTIC

Geysers of water are shown shooting into the ozone as this U.S. destroyer sows her depth charges. After dropping the charges, oil slicks and bubbles (arrows) appeared, indicating that a lurking enemy sub had been destroyed. The sub had been first sighted by a coast-guard plane which dropped its depth charges and then called for assistance. The destroyer rushed to the scene of action, somewhere off the Atlantic coast, and took over. Part of the coast-guard plane is visible at the UPPER LEFT of the photo.

The newspaper Izvestia described the German prisoners as hungry and almost exhausted and the Red Star said the Germans were having difficulty in supplying tanks with fuel.

MORE NAZI CITIES HIT

Nurmberg and Saarbruecken Targets for Heavy British Air Raids Last Night

LONDON, Aug. 29 (CP)—Nurmberg, great war industry centre and rallying ground of the Nazi party, and the Saar steel centre of Saarbruecken were attacked heavily last night by a strong force of British and Canadian bombers which left large fires burning in both cities. It was the heaviest assault yet on Nurmberg, the Air Ministry said. Thirty bombers were lost from a large force of perhaps several hundred, many of which were packed with eight tons of explosive each.

Objective in northern France were raided by fighters during the night. This morning swarms of Royal Air Force fighters swept across the English Channel in the direction of France, apparently bent on a second successive day of assaults on German military targets in the occupied area.

### Mail Delivery Service . . .

Olof Hanson, M.P. for Skeena, has suggested that, if the people are agreed that it is desirable to have a mail delivery in Prince Rupert and will make representations to the postal authorities at Ottawa requesting its institution, it will probably be forthcoming. In view of this hint on the part of Mr. Hanson, we would suggest that now is the time to ask for it.

With the railway mail service to Prince Rupert extended and congestion at the postal delivery wickets here becoming chronic and most inconvenient, we can see very good reasons why the mail delivery system should be instituted. We are not very clear on the validity of any objections there may be to it.

If people did not have to wait so long at the wickets at the Post Office, there would be more time for shopping.

### Thirteen Years at Ottawa . . .

This is not meant as a political note. We are not writing it because Olof Hanson is a Liberal and we are supposed to be. Let us hope, at least, that neither of us are hidebound. However, time passes sometimes faster than a lot of us realize and it has just occurred to us that the member for Skeena has just rounded out a dozen years of continuous service as our representative at Ottawa, some time since qualifying as the longest in point of service of any member Skeena has had in Canadian Parliament.

Quiet and unassuming as he may be, Olof Hanson has these many years been regarded as one of the hardest working and most effective members at Ottawa. In the capital he is well and favorably known in all quarters, irrespective of political affiliation. He also has the confidence and esteem of the people of his far-flung constituency—those who support him politically as well as those who at times may not.

So, when we speak appreciatively of those dozen years that Mr. Hanson has well and faithfully served us at Ottawa and express the hope that they are but the beginning of many more to come, we feel that we are but expressing the feelings of the many friends towards a plain, hard-working citizen in a rugged, pioneer constituency.

And we didn't repeat the old story about the poor immigrant boy who walked in over the railway grade with his pack on his back and in thirty years rose to prominence and success.

## NEW RATION BOOKS OUT

Are Being Distributed by Wartime Prices and Trade Board

New ration books for sugar, tea and coffee are about to be issued by mail.

Good for a period of six months, each book will be serially numbered and on the inside front cover will of the Wartime Prices and Trade Board nearest to the holder so that local enquiries may be handled most effectively.

At the top of each sheet of coupons is a space in which the holder is required to enter in ink his name and address and at the left hand side of each sheet of coupons a space in which he is required to enter the serial number of the book as indicated on the front cover.

The first sheet of coupons is red and each of the 13 coupons is identified as being for the purchase of sugar. Each of these coupons will be good for a two weeks' supply, that is, one pound of sugar. The second sheet of coupons is printed in green and is for tea or coffee. Each of these 13 green coupons marked "Spare 'A'" is good for two weeks' ration of either tea or coffee; that is, for either two ounces of tea or eight ounces of coffee.

There are three other series of coupons. One series of 13 coupons marked "Spare 'B'" and printed in blue and two series of 26 coupons marked "Spare 'C'" (brown) and "Spare 'D'" (gray) are also included.

No use for these extra series of coupons has been designated and they have been included by way of precaution in case it should be necessary to ration other commodities. The Board has definitely stated that at this time it is not contemplating the rationing of any other commodities, but in case of emergency it might have to move very quickly. Hence the extra coupons have been included.

At the back of the book is a postcard which will be used by the holder to secure a new book when the term for Ration Book No. 1 has expired. Coupons must be attached in the presence of the storekeeper and it is illegal for a storekeeper to accept single, loose coupons. Holders are advised that if they join the armed forces they must take the books with them.

When purchasing tea, coffee or sugar, holders of ration books will be allowed to use two coupons at a time, i.e., they may purchase a month's supply of tea, coffee or sugar on or after September 7 by surrendering two two-weeks' ration coupons. Coupons three and four will be valid on and after October 5, and so on.

The green coupons "Spare 'A'" will be detached from ration books issued to children who have not reached the full age of 12 years because there is no tea or coffee ration allowance for children who have not reached the age of 12.

Where consumers have changed their address since they registered for the first temporary book and have not advised the Board of the change, undelivered books will be returned to the Board and will be held until the intended owners advises the Board of his old and his new address.

It is particularly important that consumers keep a record of the serial number of their ration books because in the event of the loss of a book, the number of the book be given to obtain a replacement.

### Red Cross News

The salvage department of the Red Cross Society, having been forced to give up the present sorting and packing room owing to structural alterations and also due to the difficulty of shipping south, is unable to accept any more salvage material for the immediate present. Citizens are requested to hold their salvage material until a new location can be found where notice in the press will be given. The iron and steel goods can still be left on the government wharf.

The society wishes to thank all those persons, particularly the housewives, who have helped and collected material. When salvage is again collected the society is looking forward to renewed interest in this vital work of Canada's war effort.

### THREE YEARS AT WAR (Continued From Page One)

pointed Minister of National War Services in June, 1940.

#### Removed by Death

Death removed three ministers in the three-year period. Rt. Hon. Ernest Lapointe's death left the justice portfolio vacant and Mr. St. Laurent was appointed to succeed him. Rt. Hon. Raoul Dandurand died while serving as minister without portfolio and Senate leader. Hon. Norman Rogers was killed in an airplane crash while serving as Minister of National Defence and was succeeded by Col. Ralston.

The only resignation due to disagreement on policy was that of Hon. P. J. A. Cardin, Minister of Public Works and Transport, this year on the question of conscription. Mr. Cardin's place has not yet been filled.

Ill-health brought the resignation of Hon. Charles Dunning as Minister of Finance just about the time war started and it was then that Col. Ralston was called into the cabinet. He assumed that portfolio first. Hon. W. D. Euler, Minister of Trade and Commerce at the outbreak of war, was appointed to the Senate and his resignation led to Mr. MacKinnon's appointment.

Four new departments were created: Naval Services headed by Mr. Macdonald, Air headed by Hon. C. G. Power, who was Minister of Pensions and National Health when war broke out and later served as Postmaster General; National War Services headed now by Hon. J. T. Thomson and Munitions and Supply, headed by Hon. C. D. Howe who was Minister of Transport when the war began.

State Secretary Norman McLarty was Postmaster General in 1939 Minister of Labor before appointment to his present post. Finance Minister J. L. Halsey was Minister of National Revenue and took over his present post in July, 1940. Pensions Minister Mackenzie was Minister of National Defence but a few days after war was declared was transferred to his present post in July, 1940. Pensions Minister Mackenzie was Minister of National Defence but a few days after war was declared was transferred to his present post while Mr. Rogers shifted from Labor to National Defence. Resources Minister T. A. Crerar has had no change in portfolio

since war started. Fisheries Minister J. E. Michaid has the added duties of Acting Minister of Public Works. Agriculture Minister J. G. Gardner is also in the same post but he was Minister of War Services for a year.

### Fire Crackers Out This Year

No Hallow'en Pyrotechnics In Order of A.R.P. Authorities

VANCOUVER, August 29:—Bob for apples, spin the platter, play all the old-time games—but don't shoot off fireworks this Hallow'en. Reluctantly W. C. Mainwaring, chairman advisory council, Provincial Civilian Protection Committee, has decided that permission will not be granted for the use of fireworks.

War conditions in the Pacific, and possibility of blackout orders at that time have made this decision necessary. In fairness to dealers who usually stock up on fireworks notice is given thus far in advance.

## IMPORTANT NOTICE To Arrow Bus Line Patrons

Commencing Monday, August 31, the Arrow Bus Line Schedule will be reduced. The new Schedule may be obtained from the drivers.

In these days of war, conservation of rubber, gas and essential metals is an absolute need if we are to defeat the enemy. We must do our best to keep our buses on the road and still use tires as long as possible. Patrons can do their part by adjusting their hours so that workers coming to and from their jobs are not deprived of transportation.

And please remember, bus drivers are no longer permitted to give change over \$2.00. You will greatly aid us to maintain service and schedules by having the correct fare ready.

### NOW IS THE TIME---

Give us an order right away for the amount of coal you expect to need next season. This will enable us to meet your requirements now or as supplies arrive. It is important that you should lay in your coal supply this summer as it is almost certain that the dealers will not be able to cope satisfactorily with the demand next winter.

IT IS NOT HOARDING TO BUY YOUR COAL EARLY

American Halibut Landings Mounting  
From Intensive Fishing in Area  
No. 3—Pink Salmon Pack Substantial

Halibut landings at the port of Prince Rupert for the 1942 season up to and including yesterday totalled 13,880,719 pounds as compared with 13,437,500 pounds at a corresponding date last year. The American total this year to date is 10,062,800 pounds as compared with 8,487,900 pounds last year while the Canadian total was 3,817,919 pounds in comparison with 4,950,600 pounds. Intensive fishing by the American fleet during the past few weeks has been rapidly bringing up the volume of the catch, the Canadian production slackening off since comparatively few of the Canadian boats reach the more remote Area No. 3 banks. During the past week inclusive landings amounted to 461,000 pounds consisting of 390,000 pounds American and 71,000 pounds Canadian fish. Prices showed a stiffening tendency during the week with 17.6c and 13c, the top price for American fish, going to the Hoover which brought in 31,000 pounds and 16.5c and 14c, the Canadian high price, being received by the Prosperity A for 14,000 pounds. The low price for American fish was 14c and 15c and for Canadian, 15.4c and 13.

### British Bishops Discard Gaiters

Used Originally in Days of Making Their Rounds on Horseback

LONDON, August 29:—The long, black episcopal gaiters worn by Bishops of the Church of England, a relic of the days when prelates habitually rode on horseback, may soon be a thing of the past.

Reports that some clergymen have already discarded them was confirmed by a spokesman at Lambeth Palace, residence of the Archbishop of Canterbury, where it was said Bishops were free to discard the gaiters if they wished. There is no general restriction on the manufacture of gaiters, but three clothing coupons must be surrendered for each pair—and Bishops no less than the humblest of their flocks are subject to clothes rationing. The Board of Trade said supplies of gaiters might not be plentiful in some areas.

The prevailing dress, purely equestrian is considered by many to be out of date. Prelates no longer ride about their sees on horses. The last prelate who went about on horseback in London was Archbishop Benson, who died in 1896.

## BUILDING IMPROVED

Notable Changes Have Been Made In Exhibition Hall—Restroom Facilities

As has been mentioned before, visitors to the civic centre carnival next week will find the interior of the Exhibition Hall greatly improved in appearance as a result of renovation and redecorating which has been carried out since last an event of this kind was held there. The scenic background of the stage will be particularly attractive.

Not the least important are the new restroom facilities provided for both men and women. There was a good turn-out of workers last night to help get the place ready for the big event.

### NOW IT'S KAMERAD

## SOLDIERS' VOTE HER'S

Miss Eileen Hamblin Is Popular Candidate For Carnival Queen

The Army is all out to do its duty by backing Miss Eileen Hamblin, Army candidate for Carnival Queen.

Miss Hamblin is well known to the army boys, having cheered them many times with her beautiful singing.

Brown-eyed and charming, she has given freely of her time to make the members of the Army know a more cheerful life here.

Daughter of Mr. and Mrs. Sydney Hamblin, pioneers of Prince Rupert, Eileen is of loyal Prince Rupert parentage and is a fair and beautiful candidate to grace the Carnival throne.

Once a year Prince Rupert has a Carnival once a year a Carnival Queen and once a year the Army has a chance to manifest its discrimination of beauty and charm here. To be the instrument of the coronation of Miss Hamblin as Carnival Queen would be an honor to the City, the Queen, and itself.

## "ONE FOOT IN HEAVEN"

Story of Parson's Family Pictured on Screen of Capitol Theatre at First of Week

"One Foot in Heaven," Fredric March and Martha Scott co-starring, coming to the Capitol Theatre Monday and Tuesday has something brand new to offer in the way of screen entertainment. Based on the novel by Hartzell Spence it tells the story of a "practical parson" and his family in the first part of the century. Spence's own family are the characters in the real-life story and they have been brought to life delightfully by the able cast of players.

There is humor, warmth and the spirit of abiding faith in the story of the man who served God nobly, with one foot in heaven and the other solidly on the ground. His was no Sunday job, but an all-week, job of solving the problems, easing the sorrows, sharing the joys of his congregation. In his tasks he was ably assisted by his wife who stood by him in all times of stress and subtly engineered him into the right decision in many of his problems. To their three very human youngsters fell the task of serving as models for the children of the congregation and the job wasn't always an easy one. Romance and drama and rich humor were integral parts of the Spence family life and they are integral parts of the motion picture.

Besides March and Miss Scott the talented cast includes Frankie Thomas, Elisabeth Fraser, Harry Davenport, Vera Lewis, Jerome Cowan, Ernest Cossart, Nana Bryant, Roscoe Ates.
