RETAINING INITIATIVE IN AFRICA

Allied Air Activity Is Becoming More Intensified Over Libya And Egypt

MAY FALL BACK?
CAIRO, July 14.—Unless Field Marshal Erwin Rommel makes another decisive move forward into Egypt very soon, he may have to fall back to Halfaya Pass in Libya, it is believed by military observers here.

CAIRO, July 14.—Allied air activity is becoming more intensified in the Battle of Egypt. The Middle East Command today announced a stepping up of attacks over the El Alamein area and further to the west. A huge concentration of vehicles, including tanks, was smashed at El Daba. Six enemy planes were shot down in aerial combat and others were hit on the ground. Five enemy planes have been shot down over Malta. In all this action the British lost only one plane.

On land repeated new attacks by Axis mechanized forces have been beaten off by the Allied forces which hold the initiative both on the coast and inland.

Australians and New Zealanders, for whom the enemy has genuine respect, continue to make effective thrusts.

Mecca Matruh will be useless as a port for the Axis for a "long time" as result of the heavy naval attack there by British warships, it is believed. Tobruk was the target late yesterday for a three hour raid by the Royal Air Force and heavy damage was done. Explosive bombs were dropped one a minute. There was a direct hit on a ship. Docks were pulverized. El Daba was also strafed.

At least two enemy vessels, laden with ammunition, were sent to the bottom at Matruh by the big British naval guns which gave shipping a thorough beating up.

TERRORISM IN FRANCE

Wave of Sabotage for Bastille Day Extends to Low Countries

PARIS, July 14.—A wave of sabotage and terrorism swept occupied France as Bastille Day dawned today and it spread to the lowlands of Belgium and Holland with unrest in many other parts of occupied Europe. Patriots appeared reckless of the Nazi threats of stern reprisals. Early in the day blowing up of three railway lines and wrecking of a German military train were reported. In Paris a Nazi club was bombed.

Lieutenant Governor Is Coming Here

Hon. W. C. Woodward, Lieutenant Governor of British Columbia, will pay a one-day visit to Prince Rupert next week, according to word received by City Commissioner D. J. Matheson. He will arrive here on Tuesday from Vancouver and proceed by train the next morning to Edmonton.

STATION LEAVING

Fisheries Research Institution Being Definitely Moved to Vancouver

The Prince Rupert Fisheries Experimental Station is definitely leaving Prince Rupert for Vancouver. The lower building on the government wharf has now been vacated and turned over to the navy. The upper building on the hill at the foot of McBride Street is to be vacated by the end of August. In the meantime the staff will gradually be leaving.

Headquarters will temporarily be set up in Vancouver at "The Gables" in the University area of Point Grey. Permanent buildings have not yet been obtained.

Commission Has Been Completed

Two Other Members in Addition To Mr. Justice Richards Named

OTTAWA, July 14.—Two other members of the commission, headed by Mr. Justice F. E. Richards of Manitoba, which will investigate the Pacific Coast shipyard dispute, have been appointed and their names will be announced shortly. The commission will soon start hearings.

KILLED AT CROSSING

Five Persons Lose Their Lives In Train-Auto Crash in Saskatchewan

LANGHAM, Sask., July 14.—Five persons were killed when an automobile was struck at a level crossing here by a westbound Canadian National Railway passenger train Sunday night. All the dead were residents of the district.

TAKE NO CHANCES

LONDON, July 14.—Post-war proposals of the National Council of Labor Colleges include the teaching of politics and elementary economics as ordinary school subjects, "so that the child may never mistake a paper note for real wealth or a millionaire for a national hero."

British Press Now Demanding Second Front

LONDON, July 14.—In view of the gravity of the Russian situation, the British press is renewing its clamor for the opening of a second front against Germany.

COMMANDOS ORGANIZED

This Type of Free French Force Makes Its First Appearance in Britain

LONDON, July 14.—A new organized unit of French commandos, formed largely from Free French marines, has made its first appearance in Great Britain. It made an effective demonstration.

Former Local Jap Is Dead In Vancouver

Shokichi Nonoyama, former local Japanese, who lived in the city for five or six years and was employed at North Pacific cannery, died on the street recently in Vancouver, according to word received here. He was sixty years of age.

LONDON, July 14.—Milk consumption in England and Wales during May was 86,000,000 gallons compared with the highest pre-war May figure of 66,000,000.

KING GREETS COMMANDER OF AMERICAN NAVY AL FORCE

THREE MORE SHIPS SUNK

Further Attacks by German Submarines in Gulf of St. Lawrence Confirmed

OTTAWA, July 14.—Confirming previous reports, Hon. Angus Macdonald, minister of national defence in charge of naval affairs, announced yesterday that three United Nations ships were torpedoed and sunk in the Gulf of St. Lawrence "about a week ago."

Four members of the crews are known to have been killed, four are reported missing and nine are reported landed safely, the minister said.

Mr. Macdonald rebuked the Independent member for Gaspe, Joseph Sasseville Roy, for having disclosed the sinkings in the House last week. There seemed to be little point, he said, in censoring such incidents from press and air if they were to be made known in this way. If such disclosures were made in future, they would be stricken from the records.

Mr. Roy explained that the reason he had made the disclosure was in order to lend strength to the urgency of a secret session of the House being held to consider the defences of the St. Lawrence.

The sinking of the three ships out of a convoy of fourteen occurred on Sunday, July 5, it has now been disclosed.

Another Nazi Chief Slain

LONDON, July 14.—Major Helm, chief of the German Gestapo in Yugoslavia, is reported to have been shot and killed in a street at Zagreb. He was accompanied at the time by other Gestapo agents.

MOVEMENTS OF TROOPS

Need of Keeping Military Traffic Secret Emphasized

MONTREAL, July 14.—No information regarding movements of troop trains in Canada may be issued by the railway companies, imperative instruction to that effect having been issued by the Department of National Defence and these instructions have since been reiterated.

The foregoing is contained in a statement prepared jointly by the Canadian National and Canadian Pacific Railways and released today by the passenger traffic departments of both systems.

The reason for prohibiting the issuance of information regarding troop train movements is fundamentally to ensure the safety of trains and ships engaged in the transport of troops. Enemy intelligence is keen and active and the publication of news regarding the arrival of men from overseas could readily form the basis from which to make calculation as to the probable date on which the transports would again be at sea. With such information available, an enemy submarine could establish a station in the approximate route of the vessel. The probable consequences can easily be imagined.

At an appropriate time news is released by Ottawa announcing the return to Canada of army personnel and of invalid troops. Railways have been instructed not to make known train movements and officials insist upon the strict observance of secrecy. It does happen that individuals, believing that a relative or friend has reached Canada and is traveling towards his home, make inquiries and are greatly disappointed when told that no information is available. In such instances no fault applies to the railway officials and the disappointment of the individual must be accepted as a contribution to the general security of men and ships which must face the perils of the sea and the risk of enemy action.

The Canadian National and the Canadian Pacific Railways make every effort for the expeditious movement of troop trains out in a period when both systems are being confronted with the task of carrying peak loads to aid in Canada's war effort. Such delays as may occur occasionally are due to the unusual conditions of these days and to the fact that there are priorities in railway traffic. Considering the vast scale of daily train movements through the Dominion, delays are at a minimum and there are no bottlenecks such as sometimes occurred in the First Great War when freight traffic was in lesser volume.

ATLANTIC SINKINGS

Small Merchantman Torpedoed in Caribbean Sea as Well as Other Vessels

WASHINGTON, D.C., July 14.—The Department of the Navy announced yesterday that a small Panamanian merchantman was torpedoed several weeks ago in the Caribbean Sea. The survivors were landed at a Gulf of Mexico port. Three other further sinkings, including two American and one Norwegian ship, have been disclosed, making a total of 386 sinkings in the western Atlantic since mid-January, including three recently in the St. Lawrence.

PARIS, July 14.—Sixty thousand inhabitants of Cologne, which was severely bombed by the British Royal Air Force recently, have been evacuated to Paris where houses and apartments have been requisitioned to accommodate them.

KEEP UP AIR WAR

Industrial Area of Ruhr Was Principal Target of R. A. F. Last Night

LONDON, July 14.—The Royal Air Force concentrated its attack last night on the industrial area of the Ruhr Valley, raids which Berlin acknowledged. Many fires were left burning. Five British planes failed to return, indicating that possibly three hundred planes took part in the attack. United States-made Boston bombers were accompanied by Spitfire fighters. Yesterday railway yards at Boulogne were among other targets of the Royal Air Force in daylight raids. Three British planes failed to return.

ENCIRCLING OF MOSCOW

Opening of Offensive Towards Rezhegh Indicates New Line Of Strategy—Bog Down at Kalinin

TURN OF TIDE?

MOSCOW, July 14.—Soviet resistance to the German offensive was stiffening at two sectors today. The enemy were being definitely slowed up west of Voronezh. The Russians were in counter-offensive at Kalinin. Soviet forces were still falling back west of Stalingrad and the Volga.

MOSCOW, July 14.—Indicating that a new strategy which appears to have as an objective the encirclement of Moscow, another Nazi drive has been commenced toward Rezhegh 130 miles northwest of Moscow. This was started as it was announced that a breakthrough had occurred in the Voronezh sector with enemy advances at two other points. With general withdrawals, the situation in Russia is becoming increasingly grave. While the Nazi forces continue their advance elsewhere along the front with the Red Army fighting every inch of the way and continuing to take a terrific toll of the enemy, German troops were reported bogged down today on the Kalinin front. The Nazis have been endeavouring to use parachute troops there to the most of them were killed by Soviet snipers even before they reached the ground.

ARMY NEEDS MORE WOMEN

Military District No. 11 Can Take One Hundred Per Month

Military District No. 11 has received instructions to enlist one hundred women per month into the Canadian Women's Army Corps where they are required to replace men in various branches of service such as clerks, typists, stenographers, bookkeepers, draftsmen, telephone operators, laboratory and x-ray technicians, dental nurses, drivers and driver mechanics, cooks, waitresses, canteen helpers, storemen, librarians and messengers.

The rate of pay for the Canadian Women's Army Corps is 90c per day for the first three months and then 95c per day.

Terms of enlistment are largely similar to those for men.

Economy For War . . .

As the amount raised through voluntary savings during the past fiscal year totalled only \$1,919,294,000, of which \$1,834,000,000 came from the sale of Victory Bonds and \$85,294,000 from War Savings Certificates and Stamps, and as a fairly substantial proportion of the money put into Victory Bonds must have come from accumulated savings which are therefore no longer available, it is apparent that current savings out of income must not only be maintained but they must be greatly increased over and above the minimum savings requirement, if our standard of fighting is to be bettered.

The financial requirements of the war effort call for rigorous economy; the foregoing of unnecessary expenditures, and the submerging of desire for material ease on the part of the individual.

The individual's first reaction to the increased taxes is quite likely to be, not "How can I cut down my spending?" but, "Where can I raise the money—I'll have to sell my Victory Bonds and War Savings Certificates." The desire of the government, of course, is that the individual should not reach into accumulated capital to pay the increased taxes and continue to maintain the same level of spending. Rather, the government hopes that increased taxes and voluntary savings will be met from current income, and, as a result, there will be a decrease in civilian spending for other than the most necessary articles, making available for war needs more production facilities.

We may not all like the Hepburns and the Drews but we must admit that they too have a function which in the long view may be of usefulness. As for Hong Kong and some other matters, Drew may not be the only one who is not altogether satisfied.

Keeping Streets Respectable . . .

Once again we feel constrained to protest at the condition of rowdiness and disorder that develops here night after night, no doubt due to excessive drinking, a condition which is no longer confined to certain downtown sections but is even spreading to some of the residential areas. After vigorous protests and representations some three or four months ago, there appeared to be an improvement for a time. Now, however, we appear to be slipping back into the old way and it is just about time something was done about it. As surely as it is allowed to continue, it is going to lead to serious trouble one of these nights. Meantime, it is disgusting to law-abiding folk, even the more tolerant of them who are ready to overlook a good many things. The carryings-on of some are also making it difficult for others who would not be like the others.

Saturday nights appear to be the worst while Sunday nights are the quietest. There is a logical conclusion to be drawn from that. Even if the men must have their liquor and beer, our streets should be kept reasonably safe for women and children and respectable people. There is doubtless a responsibility to see that drunken roistering is kept within bounds. We do not believe there is any good reason to concede that conditions in this regard should be allowed to go from bad to worse on the very flimsy pretext that there is nothing else for young men to do in Prince Rupert than to get drunk and raise Cain. There is a limit to all things and we have reached the conclusion that the limit is about being reached in Prince Rupert and in nearing the point of getting out of it.

There may be a shortage of soft drinks but the drought does not seem to have caused any bottleneck for the good old beer.

NEWS FROM EDMONTON

Alaskan defences are "good and are being made still better" and a great number of defensive airports are being developed very rapidly along Canada's west coast to ensure striking power against any possible enemy attacks on this continent, declared Hon. C. G. Power, minister of national defence for air, in Edmonton last week when he called at the Alberta Capital on his way back to Ottawa after an inspection tour of west coast defences both in British Columbia and Alaska.

Inspection of coal mines and saw mills in Alberta with a view to obtaining information on hazards in these industries is to be undertaken by a special committee of the provincial legislature. The committee is headed by Dr. J. L. Robinson, M. L. A. for Medicine Hat.

Chief Constable Matthew Blackwood, Edmonton's new chief of police, has warned all motor-vehicle operators in Edmonton that there is to be an intensified campaign to see that every machine is inspected for safety within the next few weeks.

Work is under way on an observatory to house a 12 1/2 inch telescope which Cyril G. Wates, foreman of the city telephone department, donated to the University of Alberta.

Letter Box

COMPULSORY SERVICE

Editor, Daily News:
May I make the following suggestions, which, I believe, could go a long way towards clearing up the dangerous conscription issue now being used to disrupt this country in these critical times?

When God formed the Israel nation in the wilderness, He gave them a perfect set of national as well as individual laws, and told them that obedience would bring great blessing whereas disobedience with its natural consequences would bring great suffering. We are suffering those consequences today. One of the rules was to train every man for war "from 20 years old and upwards" but, when it should come to a question of facing the enemy, all those who were afraid, as well as certain other exceptions, were to be weeded out and only volunteers used for the actual fighting. Thus the whole nation was trained and, consequently disciplined and would be ready for home defence at a moment's notice.

A close study of the Bible also discloses the fact that those who remained at home for food supply, munition making, etc., should receive the same pay as those who fought in the front line no more and no less.

Today we are fighting on God's side against all the evil arrayed on the so-called Axis side, including much within our midst. Let us go to God's Word for instructions as to how we should meet the enemy and we will soon be out of all our difficulties.

E. W. ABRAHAM.

C.P.R. Shopmen Give Gun For Freedom

Canada's mounting share in the fight against the Axis was emphasized by Brigadier F. M. W. Harvey, V.C., Officer Commanding Military District 13, when he received the 100th naval gun produced at the Canadian Pacific Railway's Ogden Shops, at Calgary, as a gift from the munitions workers there to the nation. The gun itself is an all-purpose naval weapon, designed for use against submarines and surface craft, as well as sky raiders, throwing a shell of approximately 12 pounds from its long barrel. In receiving the gun from R. Alderman, representative of the shopmen, Brigadier Harvey represented Hon. C. D. Howe, Minister of Munitions and Supply for Canada. The Canadian Pacific Railway Company was represented by W. A. Mather, vice-president of Western lines, who officially received from the employees a cheque for shop costs on the gun, and by H. B. Bower, Chief of Motive Power, from Montreal. J. L. Gubbins, works manager, acted as chairman. The Guard of Honor was made up of war veterans among the shopmen under Capt. McLennan. Pictures show Brigadier Harvey inspecting the Guard of Honor, the gun and a glimpse of the actual presentation ceremony.

From Cars to BATTLE WAGGONS

Canadian genius for mass production is now being applied with telling results to the output of motorized war equipment.

Production figures are already fantastic. Since the beginning of the war, Canada has produced and shipped to the battlefields of the world more than 250,000 military vehicles. Production is now at the rate of one unit every three minutes and is constantly mounting.

Canadian fighting men need 160 different types of motorized equipment. Canada is producing all of them.

One plant alone is turning out in a single day enough Universal Carriers to equip two battalions. Heavy tanks, with 25,000 parts, are in mass production and, at one plant, are coming off the assembly line at the rate of one every few hours.

This advertisement is published as a contribution to the general knowledge of our country's war effort and as an inspiration through the days ahead. For reasons of security complete figures are not available. The facts presented, however, are impressive evidence of the growing might of Canada's war machine.

Miss Pettenuzzo Shower Honoree

Mrs. L. Colussi is Hostess at Home of Mrs. Griffiths

Mrs. L. Colussi held a miscellaneous shower last evening at the home of Mrs. L. C. Griffiths, 994 First Avenue West, in honor of Miss Lydia Pettenuzzo, R.N., whose marriage to Oscar Guelpa takes place Wednesday.

The bride-to-be was presented with a dainty corsage bouquet of pink roses. Many gifts were contained in a prettily decorated basket carrying out the color scheme of pink and white.

The evening was spent in playing games, the winners being Miss Lydia Pettenuzzo and Miss Leah Basso-Bert.

Delicious refreshments were then served by Mrs. L. C. Griffiths, sister of the bride-elect, from the prettily appointed table. Those pouring were Mrs. E. Pettenuzzo, mother of the bride-to-be, and Mrs. A. C. Clark.

Other invited guests were: Mrs. O. Guelpa, Mrs. R. Nunns, Mrs. R. Montgomery, Mrs. A. Bussanich, Mrs. P. Dvornek, Mrs. T. W. E. Henry, Mrs. I. Wicks, Mrs. G. Colussi, Mrs. S. Dickens, Mrs. O. Wingham, Mrs. P. Vaacher, Mrs. H. Williams and the Misses L. Vaacher, M. Morgan, D. Guelpa, M. Sicuro, D. Sicuro, M. Amadio.

Father Of Mrs. Teng Is Dead

Charles Peckham Passes Away At His Home in Sussex, England

Word was received yesterday by Mrs. J. A. Teng of the death of her father, Charles Peckham. He was seventy-two years of age and lived practically all his life, of her father, Charles Peckham. He was seventy-two years of age and lived practically all his life, of her father, Charles Peckham. PASSING OF MRS. BLAKE

Death of Well Known and Esteemed Local Woman This Morning

Mrs. Sarah Blake, wife of Harry M. Blake and an esteemed resident of thirty-two years standing in Prince Rupert, passed away at 11 o'clock this morning at the family home, 216 Seventh Avenue West, after a lengthy illness. Many friends will regret to hear of her passing and will extend their sympathy to the widower and family of six children.

Mrs. Blake was born in Ikeston, Derbyshire, England, fifty-five years ago and came to Prince Rupert in 1910. She was married here in 1912 and had made her home in the city continuously since. Besides the widower, deceased is survived by four sons—Harry in Prince Rupert; George, in Vancouver; Bombardier Donald, who has been on active service overseas with the artillery for over two years, and Richard, in Prince Rupert—and two daughters—Mrs. Stanley (Dorothy) Vickerman, in Prince Rupert, and Betty, in Vancouver.

Sisters are Mrs. V. W. Smith of Edmonton and Mrs. S. V. Reith of Kamloops. There is also a brother, Richard S. Bury of Prince Rupert. Mrs. Blake attended the Baptist Church.

Funeral arrangements are in the hands of B. C. Undertakers.

Whifflets From The Waterfront

KHIFFLETS
 The Kingcome Navigation tug St. Faith, which has been connected with the Powell River Company operations since 1926 and is well known in Prince Rupert and on the Queen Charlotte Islands, has been renamed the S. D. Brooks, in honor of S. D. Brooks chairman of the board of directors of the Powell River Company. "S. D." was connected with logging operations of the company in the early days, and throughout the years has kept close contact with, and a personal interest in, the logging end of the operations. It is eminently suitable, therefore, that the large log-towing tug should carry the name of S. D. Brooks on her prow.

Elmer Clausen Wins His Wings

Local Boy is Full Fledged Pilot in Royal Air Force

OTTAWA, July 14.—The wings of a full fledged pilot were recently presented to Leading Aircraftman Elmer Clausen of Prince Rupert during graduation exercises held at No. 2 Service Flying Training School, Uplands, Ontario. Clausen, with his new wings, was automatically promoted to sergeant pilot and, if he has impressed his officers and fellow students, he may soon be granted his commission.

Clausen's next-of-kin is Mrs. Eileen M. Clausen, 739 Sixth Ave. and Taylor Street, Prince Rupert.

DUE TO WAR CONDITIONS

Canada will now on, have to depend as never before on the output of her mines to fill the ever increasing demands for coal. Much of this will have to be from Alberta mines, but this will be difficult if not impossible if consumers wait, as in the past, for cold weather before taking delivery.

Do your part in helping to avoid a serious situation, by filling your bin NOW and keeping it FULL.

Stocks of Foothills Alberta, Bulkeley Valley and Comox now on hand.

Canada at War 25 Years Ago

July 14, 1917:—Germans stormed British trenches near Monchy on the Western Front and captured many prisoners. J. Austen Chamberlain resigned as Secretary for India as debate started in British Commons on Mesopotamia Commission report.

REFUSED ENGLISH BLOOD

LONDON, July 14:—Viscountess Snowden told this story: A German prisoner in England was very ill and a blood transfusion was recommended. He knew his condition was serious but he refused to allow the transfusion, "thinking that his German blood would be polluted by that of an Englishman."

A. S. Nickerson and E. A. Nickerson left on last night's train for a trip to Smithers.

KILLED BY BOMB
 SOUTHAMPTON, Eng., July 14:—A "chance in a million" killed Edward Newman, 47-year old civil defence worker, during an air raid here. An incendiary bomb knocked him unconscious and he was burned to death on the ground.
