CHINESE BOMB ANOI
CHUNGKING—Fifty-seven Chinese, including fifteen United States fighters, bombed French Indo-China port of Hanoi. No resistance was reported. Japanese and all the attacking planes returned safely.

REDS ADVANCING
MOSCOW—The Red Army is advancing seven miles per day on the central front. Today the Soviet forces were repulsed. The retreating Nazis twenty-three miles west of six or seven miles.

AXIS RECAPTURE AGEDABIA
CAIRO—Axis forces, moving under cover of a sandstorm, have recaptured Agedabia in western Cirenaica. In spite of the unfavorable weather, however, British bombing planes, cut heavily into the Axis land forces. The recapture of Agedabia by the enemy was announced today following reports last night which had said the German army in Libya had suffered another setback following an advance of ten miles.

JAPS EXTEND INVASION
MELBOURNE—The Japanese extended their invasion to the Solomon Islands and New Guinea today. Under the threat of more imminent direct attack, blackout in all Australian cities has been ordered. In Malaya a tremendous Allied counter-offensive was fighting at close quarters with the enemy today. Last night it was stated that this counter-offensive had brought the Japanese advance on Singapore to a halt and that there had been no advance in two days by the enemy. Further withdrawal by the British is announced towards Murmire which lies across from the capital city of Rangoon. It is admitted that the situation in the southern Pacific is, if anything, more serious than it was a few days ago.

Kirkland Lake— STRIKE OF MINERS IS DISCUSSED

Standpoint of Organized Labor Is Presented at Public Meeting—Collection of \$303

The Kirkland Lake mine strike situation was presented from the organized labor standpoint at a public meeting in the Oddfellows' Hall last night. Principal speakers were Larry Sefton, recording secretary of the American Mine, Mill and Smelter Workers' Union at Kirkland Lake, and Alex McAuslane of Vancouver, vice-president of the Canadian Congress of Labor. Harry Hargus, business agent of the Prince Rupert Labor Council, acted as chairman. Others on the platform to express themselves as sympathizers with the Kirkland Lake strike were James S. Black, secretary of the Carpenters' Union, and Rev. James A. Donnell, pastor of First United Church. A collection was taken up for the Kirkland Lake strike fund and the substantial sum of \$303.70 was thus realized.

Larry Sefton declared that the Kirkland Lake strike presented an issue that affected all organized workers in Canada. It was not just a miners' strike but was the culmination of the laziness of workers in getting organized into unions and protecting their economic security. If the facts in connection with the strike were fully known there would be a rising tide of protest insisting that the government enforce principles in

SAND FOR SMITHERS

Every Business Place and Home Ready to Combat Incendiary Bombs.

SMITHERS, Jan. 23.—The A.R.P. wardens at Smithers held a meeting a few nights ago under the chairmanship of Chief Warden J. W. Turner. Constable Todd gave a lecture on the proper method of handling incendiary bombs and demonstrated the procedure to the meeting with shovel, rake and a pail of sand. Arrangements were made at the meeting for the delivery to every house and every business place in town of a pail of dry sand and this procedure was accordingly carried out on Saturday afternoon so that all are now temporarily equipped to handle incendiary bombs which they hope will never be found falling on the buildings at Smithers.

William Bremner, after spending a week on leave from his naval duties with his parents, Mr. and Mrs. John Bremner, Fifth Avenue East, sailed last night by the Prince George on his return to Victoria. He will be leaving shortly for St. Hyacinthe, Quebec, to take his petty officer's examination.

BRINGS IN
BUDGET TO
B. C. HOUSE**

VICTORIA, Jan. 23.—Premier John Hart, presenting his budget to the legislature today, announced a continued and increasing response to the appeal for old materials in connection with its drive. There is still a need for volunteer workers in connection with sorting and packing.

PORTUGUESE TAKE OVER

Decision to Garrison Island of Timor Is Announced

LONDON, Jan. 23.—Confirmation has been received here that the government of Portugal has decided to garrison the island of Timor north of Australia. The decision is described as an important victory for British diplomacy. The British had recently occupied Timor with the undertaking to withdraw should the Portuguese send a garrison.

The Portuguese garrison will be sent to Mozambique and will be conveyed by Portuguese naval vessels with the possible assistance of Allied warships.

AIR RAID SHELTERS

Side of Graft Hill From Third Avenue Considered Admirable Site

A visitor to the city who has experienced bombing attacks believes that Prince Rupert has an admirable natural site for the establishment of air raid shelters with a minimum of trouble and expense. Tunnelling from Third Avenue into the side of Graft Hill would readily provide most effective shelters under a depth of some sixty or seventy feet in solid rock. The heaviest bomb has not been known to penetrate more than fifty feet into rock.

WAS COLONIAL GOVERNOR

LONDON, January 23 (CP)—Sir Hugh Clifford, distinguished administrator of Britain's colonial rule, having served in the Federated Malay States, Straits Settlements, Gold Coast, Nigeria and Ceylon, is dead at 75.

EXPENDITURES CUT— BRINGS IN BUDGET TO B. C. HOUSE

Increase in Old Age Pensions to \$25 Is Interesting Feature of Financial Document.

VICTORIA, Jan. 23.—Premier John Hart, presenting his budget to the legislature today, announced a continued and increasing response to the appeal for old materials in connection with its drive. There is still a need for volunteer workers in connection with sorting and packing.

Mr. Hart said that revenues for 1940-41 were the highest on record, totalling \$36,253,936, leaving a surplus over expenditures of \$4,084,755 which was applied to repay part of provincial debt maturities falling due in 1941.

Assets, the premier said, were \$273,000,000 at March 31, 1941, against liabilities of \$248,000,000. The budget estimated revenues for 1942-43 at \$33,000,000, taking into account of a drop in revenue of \$3,000,000 involved in surrendering to the Dominion personal income and corporation taxes and certain licences under the Fisheries Act.

Expenditures for 1942-43 were estimated to leave \$60,000 surplus. The aggregate \$800,000 reduction in expenditure estimates is due principally to a material reduction in the public debt.

REVIVAL IN RECRUITING

Quite a Number of Men Have Been Attended in Army Here of Late—Party Away Last Night.

There has been a revival of army recruiting in Prince Rupert recently, it is reported, although quite a number of the volunteers have been rejected as being medically unfit.

Recent attestations have been as follows:

- Marcel Arnold Montgomery, Prince Rupert.
- Fred Robison, South Hazelton.
- Lester Eugene Shaw, South Hazelton.
- Aime Paul Dionne, Prince Rupert.
- Ernest Irvine Moore, Burns Lake.
- Irving Pennington, Burns Lake.
- Maxwell Anderson, Burns Lake.
- Roy Henry Jewell, Burns Lake.
- William Duncan Smith, Stewart.
- Thomas Everett Presby, Terrace.
- David Gerow, Burns Lake.
- Thomas William Graham, Prince Rupert.
- Douglas Haig McLeod, Ocean Falls.
- Raymond Prince, Fort St. James.
- William Duncan Smith, joining up with the ordnance service.
- Thomas William Graham, going to the Royal Canadian Army Service Corps, and Thomas Everett Presby and David Gerow, reporting to depot, sailed this morning on the Prince George for Vancouver.

Douglas Haig McLeod also sailed on the Prince George last night but has been granted a month's leave to clear up his undertaking business at Ocean Falls before taking over duty with the Royal Canadian Army Service Corps.

Raymond Prince was sent to the Canadian Scottish here yesterday.

IN FROM FAR EAST

WASHINGTON, Jan. 23.—Skippered by a Russian and manned by Chinese, a Dutch merchantman has docked from the Far East at a west coast United States port. The vessel, zigzagging her course and otherwise manoeuvring cleverly, was able to shake off Japanese submarines which had pursued her.

CAMPAIGN GOES OVER

Good Response to Appeal of Red Cross for Scrap Materials—More Workers Needed.

The salvage committee of the Prince Rupert branch of the Canadian Red Cross Society reports a continued and increasing response to the appeal for old materials in connection with its drive. There is still a need for volunteer workers in connection with sorting and packing.

MUENSTER ATTACKED

This Was Principal Target of Royal Air Force Last Night—Other Points Also Hit

LONDON, January 23 (Canadian Press)—Royal Air Force bombers carried out a concentrated attack on Muenster last night, leaving large fires burning.

Enemy airdromes in the Netherlands and docks at Dunkerque were also bombed while mines were laid in enemy waters, the Air Ministry said.

AXIS TURN IN AFRICA

Have Recaptured Agedabia in Forward Movement, Which Is Continuing Today

CAIRO, January 23 (Canadian Press)—The Axis mechanized desert army, apparently making a desperate new bid for Axis reconquest of Eastern Libya, has recaptured Agedabia in a thrust ninety miles northeast of El Agheila where Axis forces have made a new stand, it was announced today.

Indicating strong reinforcements had bolstered the Axis counter-attack, a bulletin said the Axis advance was strongly covered by German-Italian bomber aircraft with fighter protection.

The communique said that the Axis movement was continuing.

Burial of Duke Of Connaught at Windsor Simple

WINDSOR, Eng., Jan. 23.—With simple ceremonies, the Duke of Connaught was buried today in St. George's Chapel. The King and Queen attended and the kings of Greece, Norway and Yugoslavia. Seven field marshals acted as pallbearers and the casket was carried by a party of Grenadier Guards. On the casket were the duke's field marshal's plume, his sword and a single white lily from his daughter, Lady Patricia Ramsay.

Mrs. Collison Laid At Rest

Funeral on Tuesday Was One of Largest in Long Time at Smithers.

SMITHERS, Jan. 23.—The funeral of the late Mrs. Reg. Collison was held from the Anglican Church Tuesday afternoon and was one of the largest funerals seen in Smithers in a long time. The church was filled to overflowing and many cars filled with friends of the deceased and the bereaved families attended the service at the cemetery. There was a profusion of floral wreaths. The service was conducted by Rev. J. E. Birchall.

Pallbearers were A. C. Fowler, O. H. Hoskins, Shirley Preston, A. G. Ford, A. Dando and L. H. Kenney, while H. F. Noel and Mr. Edgely were ushers.

ELUDES POLICE

Another Gun-a-Noot Is Now Object of Search—Made Get-away From Train In Interior

Provincial police officers are on the look-out for Phillip Gun-a-Noot, grandson of Simon Gun-a-Noot, who eluded the police for thirteen years in the British Columbia wilds twenty years ago when he was wanted for murder.

Phillip escaped from police custody on Tuesday near Bednesti, a railway station west of Prince George, when he jumped from a passenger train while enroute from Kamloops to Smithers to face a charge of theft.

Gun-a-Noot is believed to have boarded a Cariboo freight truck in an attempt to reach Vancouver.

HEPBURN CRITICAL

Manpower Plebiscite Proposal Described as "Dastardly, Contemptible and Cowardly."

ST. THOMAS, Ont., Jan. 23.—Speaking on the subject of the plebiscite on conscription as proposed in the speech from the throne in parliament yesterday at Ottawa, Premier Mitchell Hepburn of Ontario declared that all Canadians should protest at such a proposal.

"It is a most dastardly, contemptible and cowardly thing ever perpetrated on a dignified nation by an inefficient and bungling administration supported by a subservient membership," Mr. Hepburn asserted.

LEFT PLANS IN FLIGHT

Nazis, Although Alarmed and Confused, Still Fighting Stubbornly In Russia

MOSCOW, January 23 (Canadian Press)—Newspaper Pravda said that the Germans, in abandoning Mozhaik, left extensive strategic plans in their haste to get away but front dispatches said that, while there was still alarm and confusion among the retreating Germans, they still fought stubbornly in many sectors.

Russians, pursuing German forces in their flight from the Mozhaik salient before Moscow, have pushed twenty-three miles west of Mozhaik, establishing a rate of advance of from six to seven miles daily since Mozhaik was taken.

WILL VOTE IN SPRING

Plebiscite on Conscription to Be Taken Around End of March Or Early in April.

OTTAWA, Jan. 23.—Details of the plebiscite in which it is proposed to ask the people to release the government from commitments in regard to mobilization of manpower for military service are expected to be revealed to parliament next Monday by Prime Minister William Lyon Mackenzie King. The plebiscite is expected to be held about the end of March or early in April. The proposal to hold the plebiscite had the approval of leading members of both senate and house, Mr. King said.

Speaking yesterday following the introduction of the speech from the throne, the prime minister announced that a special committee was to be appointed to investigate the manner in which Canadian troops had been sent to Hong Kong. Hon. R. B. Hanson, acting house leader of the Conservative party, agreed that the responsibility for sending these troops without adequate equipment should certainly be fixed.

SITUATION IN SOUTHERN PACIFIC IS NOT SO GOOD; AUSTRALIA IS MENACED

Americans Reported to Be Pouring in Reinforcements—Dutch Keeping Up Attack Against Japanese Naval Forces.

MELBOURNE, Jan. 23: (CP)—Japan's march of conquest struck directly toward Australia today as seaborne Japanese troops landed in New Guinea and the Solomon Islands in a sweep jeopardizing not only the land "down under" but United States routes to the war zone. At the nearest point New Guinea is only one hundred miles across Torres Straits from Cape York, northernmost tip of Australia. From bases in New Guinea and the Solomon chain, Japan may now command vital Torres Strait between Australia and New Guinea, forcing Allied shipping into a long detour south of the Australian mainland.

In general news from other Pacific fronts was dark, relieved only by word from Washington that the United States was beginning to pour a stream of reinforcements into what up to now has been a lopsided struggle.

Heavy Netherlands bombers and fighters lashed at Japanese invasion hordes swarming into the South Sea Islands, scoring twelve direct hits on eight Japanese warships and transports. The Japanese flotilla included one cruiser. Dive bombers also attacked a destroyer and three transports at another point. These convoys off Borneo and the Celebes indicate further invasion plans of the enemy for the Netherlands East Indies.

As for the Malayan front, the Melbourne radio broadcast a message from the Australian commander, Major General Gordon Bennett frankly conceding that the situation is "if anything more serious" than a few days ago.

Women and children were removed from the island of New Britain, in connection with the evacuation there, by a fleet of Australian airplanes, the last plane having been at Rabaul even as the enemy were landing.

Jap Naval Base Raid

NEW YORK, Jan. 23: (CP)—The British Broadcasting Corporation relayed reports today that Chinese guerrillas had crossed the Yellow Sea and stormed Japanese naval headquarters on Yoko Island off the coast of Korea.

CAMERA IS TRAVELER

Starts Trip in Canada and Will End in England.

WINNIPEG, Jan. 23.—A much-travelled camera started today on the last leg of a journey which began in western Canada and will end "somewhere in England."

Last June, when a Canadian National Railways coach was being cleaned in Edmonton, a valuable Leica camera was found. It was immediately turned over to the representative of the sleeping and dining car department at Edmonton, who started the hunt for the owner.

The coach had last been occupied by a group of Royal Canadian Air Force boys who were being transferred from a western Canadian station to Rivers, Man. A wire was immediately sent to the Canadian National agent at Rivers, advising him that a camera had been found which was believed to be the property of one of the air force boys who had just been posted to that station and, if any enquiry were made, he should inform the owner that the camera would be along on the train the following day in care of the conductor.

As no enquiry was forthcoming, the camera was brought into Winnipeg and turned over to the regional office of the sleeping and dining car department—and the search continued.

Through the agent at Rivers it was finally ascertained that a Sgt. R. J. Metheral, R.C.A.F., had lost a valuable camera but by this time Sgt. Metheral was at an east coast station—so the camera was carefully packed and sent along to Halifax for delivery. When the camera reached Halifax, Sgt. Metheral could not be found—and back the camera came to Winnipeg.

Still the search continued and, through the Department of National Defence air service, it was finally learned that Sgt. Metheral was overseas. Another letter was written and dispatched to Sgt. Metheral and just a few days ago, word came back from Sgt. Metheral, giving full particulars of the camera including serial number of both camera and lens, and proving beyond doubt that he was the rightful owner. So once more the camera was carefully packed and, more than seven months after it was lost, was speeding on its way to its rightful owner.

SIR GEORGE AGNEW DEAD

BURY ST. EDMONDS, England, January 23 (CP)—Sir George Agnew, Bart., a grandson of the founder of the famous art firm of Thomas Agnew and Son, died here at 89 years of age.

TLELL LADY DIES HERE

Mrs. Eric Richardson Passes Away In Prince Rupert General Hospital

Mrs. Marion K. Richardson, wife of Eric Richardson of Tlell, fisheries inspector for the Queen Charlotte Islands, passed away Wednesday afternoon at the Prince Rupert General Hospital after a lengthy illness. The remains are resting at the funeral parlors of the B. C. Undertakers and arrangements will be announced later.

Born in England, the late Mrs. Richardson had been for twenty-two years a resident of the Queen Charlotte Islands. She was well known and highly esteemed by many friends who will regret, indeed, to learn of her passing.

Besides the widower, deceased is survived by a son, Francis, and two grandsons at Tlell and a daughter, Mrs. Doris Leary, and granddaughter at Port Clements. The bereaved will have the sincere sympathy of many friends.

DAILY EDITION

FRIDAY, JAN. 23, 1942.

Days of Changes . . .

These are days when many changes are taking place. Conditions change rapidly and the result is that consequent movements are rapid. Employment seems to be more or less temporary. With the constant call upon the country for more men for active service, various means are taken to fill the gaps, more women are taking the place of men and the whole employment situation is becoming more or less disjointed. Problems constantly arise that have to be dealt with and the result is that the executives have to be constantly on the alert to deal with problems.

Preparing for Invasion . . .

The British people are now preparing for an invasion of Germany, possibly through France. Evidently this has some indication of what was meant by the return of St. Pierre and Miquelon. The French seem to be on the way toward closer relations with their old friend, Britain, following the unsatisfactory treatment given them by the German army when it surrendered at the beginning of the war.

Conscription Authorization . . .

Without knowing just what it means we can be pretty sure the federal government will be given authorization to place men in military service overseas if needed. There has been a very general demand for such a measure, but there has been no demand for an election just at present. If the cost of the plebiscite can be kept down to a reasonable amount it will be worth having.

Whatever we do we must try to retain our democracy intact. If parliament had passed a conscription measure without getting authorization from the people it would have been a serious departure from the principles of parliamentary government.

Another Proper Move . . .

Another move in the direction of perpetuating democracy seem to have come in South America where the various countries seem to have got together with a view to unity of action without quarreling among themselves. If they can do this they will have achieved a great deal and made an important step toward democracy. Anyone who knows anything of the problems that beset those countries will realize what such a victory means.

Boston, 3; Detroit, 4.
Brooklyn, 2; Chicago, 4.
DETROIT, Jan. 23: (AP)—The National League leading Boston Bruins suffered a close 4-3 defeat at the hands of the Detroit Red Wings here last night and, as a result, the leadership tie between Boston and New York continues, the Rangers having not been scheduled last night. The victory put the Red Wings into fifth place ahead of the Brooklyn Americans who lost 4-2 to Chicago Black Hawks.

Week-end games will be as follows:
Saturday—Boston at Montreal; Brooklyn at Toronto; New York at Detroit.
Sunday—Detroit at New York; Montreal at Boston; Toronto at Chicago.

Sid Webb Working Long Hours On Munitions In "Dear Old London"

Sid Webb, formerly a member of the Daily News staff, writes that he is now working on munitions. He says in part: "We work rather long hours from 7:30 to 7 p.m. and generally Saturday afternoon and often as not on Sundays, so it does not leave us much time to hit the high spots, such as are left to hit. "We had rather an exciting winter last year and the "Paint Wall-lopers," Adolf Hitler, and his gangsters paid us some marked attention but we are still here to tell the story and the only reason

SAVE RAGS

THESE MATERIALS ARE VITAL TO WAR INDUSTRY METALS (PARTICULARLY THOSE OF IRON AND STEEL) RAGS PAPER FATS AND BONES

ALL war industries need rags . . . handfuls of rags . . . pounds of rags . . . tons of rags. And you can help supply them. Without rag wipers to clean the cutting lubricant from planes, millers, drills, lathes, Canadian war workers would be inefficient, their output reduced, their efforts hampered. Without rags, explosive plants would slow up, aeroplane factories would find their production cut, and wheels of shell factories would dawdle. Start an old-fashioned rag bag in your house today. All kinds of old, worn-out, too small and otherwise useless garments are badly needed by war industries—everything from cotton underwear to old shirts and ties—from Grandpa's red flannels to Grandson's seatless corduroy pants. These are real sinews of war which you can supply. Every rag in your home should go to war industries through your Salvage Committee. Clean out and clean up on Hitler!

RECREATION FOR WOMEN

Y.W.C.A. Hostess Houses Across Canada to Be Used.

OTTAWA, Jan. 23.—The Y.W.C.A. hostess houses, located near thirty-one camps of the armed services of Canada, from Debert, Nova Scotia, to Prince Rupert, will serve as recreational centres for members of the Canadian Women's Auxiliary Air Force and Canadian Women's Army Corps, according to Mrs. J. L. Savage, chairman, and Miss Mary E. Frizelle, administrative secretary, of the War Services Committee of the National Council of the Y.W.C.A., Toronto.

Mrs. Savage and Miss Frizelle were in Ottawa to consult with officials of the Department of National War Services. They visited Mrs. Joan Kennedy, senior officer commanding the C.W.A.C. It is hoped by C.W.A.C. officials, Mrs. Savage explained in an interview, that the Y.W.C.A. would provide the same services for girls in uniform as the Y.M.C.A. does for the men.

However, the Y.W.C.A. has been serving the C.W.A.C. since girls have been taken into the service, Mrs. Savage said. All local associations of the Y.W.C.A. have been assisting in locating rooms for the girls in the various centres where they are stationed. Housing conditions have been overtaxed by the Y.W.C.A. has always managed to find rooms to accommodate members of the C.W.A.C.

When the number of girls to be placed at each military camp and air fields across the Dominion has been determined, further plans for the enlargement of a number of the hostess houses will be made and details arranged for recreational facilities in the houses.

In Toronto there is a hostess house run solely for the members of the C.W.A.A.F. It is located opposite Haverall College, the C.W.A.A.F. training depot, and here the airwomen spend a good deal of their time using the various rooms mostly for study.

While at the present time there are 31 hostess houses scattered across the Dominion at military camps and air fields for the purpose of a meeting place for soldiers and their wives, mothers or sweethearts, Mrs. Savage and Miss Frizelle expect that during 1942 this number will be almost doubled. Provisions for the women in uniform will be made in any new houses planned. Each hostess house has a lounge, rest rooms, a quiet room and emergency overnight accommodation. The one at Camp Borden is the largest in Canada, employing four hostesses.

STRIKE OF MINERS

(Continued from Page One)

which all believed and for which there had been long struggle. The issue was a small increase in wages, an improvement in dangerous working conditions and union recognition. As far as the union was concerned much patience had been shown and every legal process had been fulfilled but the refusal of the companies even to comply with statutory methods of settling disputes had finally left no option but to go on strike.

Mr. Sefton stated that a unanimous finding of a conciliation board in favor of the miners had been ignored by the companies. Mr. Sefton maintained that the miners of Kirkland Lake were as patriotic as anyone else in Canada. Indeed, enlistments at Kirkland Lake had been the highest for all Canada in proportion to population. The strike was something in which the rights of organized labor throughout the country were involved. Every trade union in Canada had gone on record as supporting the strike as had the people of the country generally. Should the strike be broken there would be grave consequences. The Kirkland Lake strike was a trial and test for labor across Canada. Meantime, the miners of Kirkland Lake and their families were suffering real hardship in order to maintain the strike. There was 42 below zero weather and, in some cases, miners had been evicted from their homes and lost their furniture.

Alex McAuslane
Alex McAuslane told how the labor movement in Canada, after having been divided, was becoming united. Simple principles of trades unionism comprised an important basis of democracy. He dealt with the issues at Kirkland Lake and spoke of the dangers of work in the mines there. The strike had come only after all legal measures of negotiation had been completely exhausted and after the companies had flouted statutory requirements.

The Canadian Congress of Labor, Mr. McAuslane said, was pledged to support the winning of the war and was loyal to all the democratic interests of the country. It was not pledged, however, to lay down before ruthless, money-mad capitalists who cared nothing for the future of the country or its people but only for their own profit and benefits. While the men of the country were fighting for democracy, totalitarianism was being introduced within Canada. Even in Prince Rupert this was to be seen in Canadian National Railways officials evading the recognition of trades unions.

The workers, Mr. McAuslane claimed were the real patriots. If Hitler, Mussolini and the other dictators were to be defeated it would only be through the efforts of the workers. There were lots of little Hitlers in Canada and the United States and they must be defeated as well as the Hitlers abroad.

J. S. Black referred to the Kirkland strike as a battle for "democracy in the industrial field." He said that the American Federation of Labor and Canadian Congress of Labor had decided to work in harmony.

Rev. J. A. Donnell told of having lived for fifteen years at Halleybury near the present mining community of Kirkland Lake which was then a wilderness. He felt it was important that workers should have a united front. He was no socialist but believed the capitalistic system needed some "fixing up." He believed the Kirkland Lake strike was justified. Later in the meeting Mr. Donnell took exception to an epithet of "thugs" having been applied to the police by Mr. McAuslane. As far as Premier Hepburn's special strike police were concerned, Mr. McAuslane insisted that the term was justified.

McBRIDE DANCE

The New Year's Eve dance at McBride netted \$100 for the local Red Cross. No orchestra was engaged and after volunteer service gave out, music was provided by an automatic orthophonic.

"BABY BEES" KNIT

Seven pairs of beautifully knit baby mitts is the creditable gift of the "Baby Bees," a group of four ten-year old girls, to the Vanderhoof Red Cross branch. The group included Dorothy Smithers, Yvonne Abbot, Daphne Fowler and Orla Grant, who sold parsley plants to raise funds for the wool. Under the direction of Mrs. T. G. Ludgate the knitting was completed in less than a month.

Poland's Thanks

The National Red Cross Society has received a letter of thanks from Edward Raczyński, Polish Ambassador to England, for the "magnificent gift of Canadian Red Cross comforts supplied for the Poles in Russia." He writes further: "I thank you most sincerely for this great humanitarian help, which pray God will arrive in time to alleviate their plight."

SHOW FOR RELIEF

Parkville Qualicum and District Red Cross branch sponsored a picture show in the Qualicum Beach Community Hall to raise money to provide Red Cross supplies for Russian relief. The net proceeds of the evening were \$41.50.

HOLIDAY ON NAAS RIVER

Christmas and New Year Appropriately Celebrated at Naas River, According to Belated Report.

Greenville, native village on the Naas River, which does not get a very good mail service during the winter, sends in a belated account of Christmas and New Year season activities there. There was the usual activity appropriate to the occasion into the spirit of which the whole population entered with the usual enthusiasm.

On Christmas Eve there was a social in the Community Hall at which short speeches were given by executives of the Improvement Association. Henry McKay lectured on "The First Christmas Eve," pointing out to the children how fortunate they were to be enjoying a good Christmas while children in warring countries were having little or no Christmas at all. Carol singing, led by the orchestra, was followed by the arrival of Santa Claus, who gave out Christmas presents. Around midnight there was open air carols playing by the Greenville Concert Band.

On Christmas morning there was Carol Eucharist in St. Andrew's Church. During the afternoon officers of the Improvement Association visited every home in the village to extend Christmas greetings and inspect decorations. There was a social evening in the Community Hall with games and dancing until midnight, refreshments being served.

Five days following Christmas were devoted to competitions and contests including home cooking, needlecraft, ladies' sweeping contests and snowshoe racing, cigarette rolling and racing for the men. Games followed the competitions with several dances, the feature event being a big balloon dance which was enjoyed by all.

Early New Year's Eve there was a social with games and dancing after which a watchnight service was held in the church. Soon after the arrival of the New Year there was a midnight carnival featured by a novelty show entitled "The Arrival of the Comic Chinese" which was replete with fun, the "Chinese" introducing the quadrille to the people. A big dance, the largest of the season, was to have been held but unfortunate circumstances made it necessary for the constables to call it off.

In compliance with decree, National Day of Prayer was observed.
