British Raid Axis In North Africa

Chlorination of Prince Rupert's Water Will Not Be Taken Without Protest

Judging from general comment to be heard around the city, there is little willingness to submit without protest to the edict of the federal government that the city water supply here should be chlorinated.

A communication received recently from R. G. Wodehouse, deputy minister of pensions and national health, advised the city that it had become necessary to ensure that water supply systems throughout Canada do not become impure.

The cost of installation of chlorination equipment in the recent water system here is estimated at \$10,529 with an annual cost of \$3,600 for operating it.

Share Cost Of Water Increase

City Commissioner D. J. Matheson has taken the stand that the city should not be called upon to pay the entire cost of an estimated \$15,000 to \$25,000 which will be involved in installing a booster pump to increase the water supply here by one million gallons daily.

ATTACK WAS MIGHTY ONE

British Reconnaissance Planes Reveal What R.A.F. Did At Munich and In Saar

LONDON, Sept. 23.—Returning reconnaissance planes report how broad sections of Munich, the birthplace of the Nazi party and the site of important German war industries, lie devastated following the weight of the smashing Royal Air Force attack which was delivered last Saturday night when returning pilots said they touched off fires which were visible one hundred miles away.

Of proven magnitude also was accompanying raid when two Royal Canadian Air Force squadrons took part in an attack on the Saar industrial region of western Germany.

The Saturday night raids involved the loss of ten British planes, it has been announced. There were daylight raids by Boston bombers on objectives in Nazi-held France and Holland yesterday.

Percy Ward, inspector of hospitals for British Columbia with headquarters in Vancouver, spent the week-end at the Prince Rupert General Hospital and left Monday evening to visit Terrace, Hazelton, Smithers, Burns Lake, Vanderhoof, Prince George and other interior points before returning to Vancouver.

STALINGRAD HOLDING ON

Russians Continue to Put up Great Fight to Save Industrial City

STREET BY STREET Russian troops, slipping westward across the Volga River at night, were reported today to have driven the Germans from houses, buildings and streets amid savage hand-to-hand fighting in one section of Stalingrad as the siege entered its thirtieth day with the invaders still held at arm's length.

MOSCOW, Sept. 23.—Stalingrad is now in its thirtieth day of siege and the Russians are still holding valiantly on. The Reds yielded two more streets yesterday but a counter-attack northeast of the city threatened to cut off some of the enemy forces and was said to have already resulted in the killing of some three thousand Nazis.

FISHBOATS IN TROUBLE

Seven Vessels Are Held at Vancouver For Failing to Report At Ketchikan—Others Suspected

VANCOUVER, Sept. 23: (CP)—Major J. A. Motherwell, chief supervisor of fisheries, said today that seven Vancouver boats are held here on charges of not having reported to the naval station at Ketchikan prior to leaving for the halibut banks in the area off Alaska still open to fishing. Eleven other Vancouver vessels, which have not yet returned to port, are under suspicion of having fished in a closed area.

Mr. Motherwell said the fact that the boats were not reported in Ketchikan and later returned with loads of halibut led the authorities to suspect that the catches were made in the closed area off the British Columbia coast.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT, Hostess

Tuesday saw the reopening of the Y's Wives whist drives for the season. Not so many turned out as had been hoped but that may possibly have been my fault for neglecting to mention the renewal of these drives which were so popular last year and saw us through the long winter. This year they will be held every fortnight on Tuesday afternoon. It is a fine way to get acquainted one with the other. This week's prize winners were: first, Mrs. Mills (Navy); second, Mrs. Osborne (RCA); consolation, Mrs. Muirhead (RCAF).

We are sorry to hear that Mrs. William Brass, one of our senior hostesses, has been ill in the hospital and hope that she is feeling much better by now. I promise you another of her lovely poems in the near future. She has an un-

doubted gift.

Bert Pownell, he of the Alice Blue Gown fame, left last Saturday for the south and hopes eventually to pick up a ship going home to England. He made many good friends in Rupert and we were sorry to see him leave.

The 'Y' looks deserted these days with Bob Gibson, Ivan Mallett and Jock Morse all away at once. The latter two accompanied Captain Armitage on his trip east or as far as Prince George. Carl and I are carrying on—and how we carry on.

I had a letter from Cliff Leslie the other day, whom everybody will recall as our first area supervisor. He is now at Camp Nanaimo as sports supervisor for the YMCA and liking it very much. Mrs. Leslie and small son Johnnie have remained in Vancouver.

Terrace

T. D. Pattullo M.L.A. stepped from the train on Friday and seemed to enjoy a few minutes chat with several of his Terrace friends. He shook hands with many more.

D. E. Shildrick arrived on Saturday from the southern part of the province. He is in uniform and, as an officer in the paymaster department, is able to visit his old friends in various parts of the province. Mr. Shildrick was for some years manager of the Bank of Montreal at Terrace.

T. H. Walsh is here from Wells, enjoying a holiday in his old home town of Terrace and looking very fit.

Mrs. Fred Fowler arrived from Smithers a few days ago and is spending a holiday at Terrace with Mrs. A. N. Brooks. Mrs. Fowler is a former resident of Terrace.

Percy Ward, inspector of hospitals, was in Terrace on Tuesday, looking over the feasibility of starting a hospital organization

here.

Fine Indian Summer weather is aiding the potato harvest. Local farmers are doing better than for some years owing to the increased local demand for fruit, eggs, vegetables. Two crops which have suddenly become highly profitable are corn and tomatoes, both selling readily for good prices. Potatoes and turnips are away up compared with former years.

Price and Wage Control...

As a result of Government control in the prices and wages fields, the Canadian worker in the present war is much better off than in the struggle of 1914-1918. Comparative statistics now available tell the story. They make absolutely clear the beneficial effect of the control of prices and of wages under the government's wage control policy.

In a period of a little over two years during the last war, the Cost of Living Index increased from a base of 100 in July, 1914, to 116.1 in October, 1916. During the corresponding period in the present war the Index increased from a base of 100 in August, 1939, to 114.6 in October, 1941, approximately one-half of this increase occurring in the last six months of the period. Therefore, during a little more than the first two years of the two wars, the rise in the cost of living was approximately the same. What have been the conditions in succeeding periods?

During the nine months from October, 1941, to July, 1942, the Index rose only 2.4 points. During the nine months from October, 1916, to July, 1917, the rise in the Index was 18.2 points, or nearly eight times as much as in the corresponding period of the present war.

From 100 in July, 1914, the Cost of Living Index increased to 134.3 at July 1, 1917, while from August, 1939, to July 1, 1942, the Index increased from 100 to 117.0. This means that during the present war the cost of living has thus far increased by only 50 percent of the increase that occurred during the corresponding period of the last war.

During the first three years of the last war there was little movement upwards of wage rates. Therefore, on the basis of the changes in the Cost of Living Index alone, the purchasing power of the wage dollar to date in the present war has improved to the extent of approximately 17 percent as compared with the conditions at the end of three years of the last war.

But, in addition, wage rates generally have improved, in some cases materially, over those prevailing in the so-called prosperous years of 1926-1929. Workers, also quite generally, at least in the more important industries in which the larger number of employees are engaged, during the present war have the further advantage under the Government's Wage Control policy, adopted as an essential part of the Wartime Prices Regulations to prevent inflation, that in addition to their compensation at their basic wage rates they are receiving cost of living bonus payments, which for the first payroll period commencing on or after August 15, in many industries, will run as high as \$4.25 per week, at least for the ensuing three months.

In other cases in which the bonus will not be as high as \$4.25 per week it is because under the provisions of the Order the bonus must be calculated on the rise in the Cost of Living Index from the date of the last general increase in wage rates, which means that in such cases employees have received a general increase in their wage rates since August, 1939.

All of which shows that for quite a few Canadians it has been a very "easy war" so far. As long as we do not get too lethargic about it, this is all very well.

Some one has remarked that all Prince Rupert needs to wake it up to the fact that there is a war on is a little bombing. After a "little bombing" the most of us probably wouldn't have any place left to sleep in anyway.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same

A.R.P. HERE IS ACTIVE

Gas Masks Are Latest Articles of Equipment To Be Distributed

Distribution of gas masks to most of the Air Raid Protection workers in Prince Rupert has now been completed. A.R.P. equipment has been coming in steadily of late and the various sections are now being quite well supplied. Wardens now have all such articles as stirrup pumps, flashlights, whistles, helmets, gas alarms as well as the respirators.

Most of the groups are carrying on regular practices.

J. S. Wilson, personnel director at the local dry dock, returned to the city this morning from a trip to Vancouver.

"DEAD ON TARGET! S-t-e-a-d-y---bombs gone!"

Hurling along at 300 miles an hour, the Air Bomber directs the plane—aims at the target. Down go the bombs! Right across the target! "Bombs Gone!" he cries, and another crushing blow lands on the nerve centre of Axis production.

These Air Bombers have been trained for months in R.C.A.F. training schools for moments like this. If they miss their mark, their bombers' flights are in vain. Small wonder, then, that the Pilots await their directions at the critical moment of attack.

The Air Bomber is but one of the members of an R.C.A.F. air crew. His job is a vital one, but so are each of the others. Because of their team training and team spirit, these groups of red-blooded young Canadians are scoring success after success in their devastating attacks on the enemy.

R.C.A.F. training in Canada is expanding steadily. More planes, more schools, more instructors are now available. At present applications are being accepted for air crew at R.C.A.F. Recruiting Centres throughout Canada.

If you are physically fit, mentally alert, over 18 and not yet 33, you are eligible. Lack of formal education is no longer a bar to enlistment.

WOMEN TOO—join "hotmen may fly."

Canadian women fill vital jobs in the R.C.A.F. Women's Division, releasing men for air crew duties. Recruits are needed, age 18 to 40, physically fit, with at least High School entrance. Many useful and fascinating jobs await you. No experience needed. The Air Force will train you quickly to take your place with Canada's air-women. Full information at any R.C.A.F. IS HONORED AT STEWART

Farewell Party is Held for Mr. and Mrs. Jack Scott

STEWART, Sept. 23.—It was a very pleasant evening although tinged with regret at the Canadian Legion Hall on Sunday when an informal party consisting of Legion members and their wives gathered to bid good-bye and good luck to Mr. and Mrs. John Scott. Members from Big Missouri and Premier had made a special effort to attend.

Jack Scott is a charter member and past president of the Stewart branch and has been active in all lines of Legion work. The rifle range and the veterans' plot were two features of the Legion's work in which he took an especial interest and which will remain for years as a record of his activities. During the evening songs were contributed by Frank Bowler, James Morrice and W. S. Orr, and the good old army game, "Housie-Housie," under John Thompson.

Peter Rischilde returned to the city this morning from a trip to Vancouver. Veterans served delicious refreshments

while the ladies sat back and approved.

Following the supper President Edward Foster presented to Mr. Scott a pen and pencil set and to Mrs. Scott a gold compact as tokens of remembrance from the Legion for the successful and untiring work contributed by both guests of honor to the Legions' activities.

In replying, Mr. Scott, who left Stewart Monday night, expressed his regret that circumstances compelled him to leave. He hoped it would be only for "duration" as his home would always be Stewart. Addressing himself to the Legion members he urged preparation to serve those who will soon be returning from the battlefields of this war.

"For They Are Jolly Good Fellows" and "Auld Lang Syne" brought the evening to a close.

John Bulger of Prince Rupert has been elected a district councillor of the British Columbia Optometric Association. The president is A. Edgar Kidd of Vancouver.

Peter Rischilde returned to the city this morning from a trip to Vancouver.

SPECIAL! In the News — Canadian Commando DIEPPE RAID

NEWS FROM EDMONTON

Brigadier R. A. Wyman of the Canadian Army overseas has written to Premier William Aberhart telling of the courage of many Alberta men who took part in the recent Commando raid at Dieppe.

"People must look to women to win this war," declared Major General Jean Knox, controller-general of the Auxiliary Territorial Service, in speaking to the Women's Canadian Club at luncheon here at the week-end. "If men are having a bad time in this war it is up to every woman, wherever she is, to see them through," she declared. "There is no escaping for us, to give one's life if necessary, and that is new to women."

The Edmonton chapter of the Edmonton deanery of the Anglican diocese of Edmonton has protested to Mayor John Fry and the city council at the holding of an exhibition, midway and horse racing meet in Edmonton next summer.

Retail meat shops of Edmonton have had ample supplies of pork and beef so far but bare spots are expected to develop soon.
