

# Java and Rangoon Are Now Gone

**Today's War**  
(By Canadian Press)

## British Leave Rangoon; Is Australia to Be Next?

While a new tentacle of the Japanese offensive circled closer to Australia along the Coral Sea with two footholds gained on easternmost New Guinea and a third threatened, the Australian war cabinet struggled today with the problem of delivering a counter-stroke. Japan appeared to have reached the crossroads in far-spread operations—whether to attempt to mop up in Burma for a drive into India or to tackle the Australian continent. At New Delhi, India, the British announced that their forces were withdrawing from Rangoon after carrying out essential demolitions. Tokyo headquarters had earlier claimed the fall of Rangoon and the capitulation of Netherlands forces in Java but the British War Office said at that time it was still in contact with Rangoon although the situation was critical and authoritative Dutch circles at London declared there would be no surrender in Java under any circumstances. A dispatch from Adelaide, Australia, said that Lieut. Gov. Gen. van Mook of the Netherlands East Indies and fourteen members of the island's government council had arrived there yesterday and quoted Van Mook as saying Bandung had fallen.

## Russians Break Nazi Resistance

Moscow radio announced today that Soviet troops have broken fierce resistance on the Kursk-Kharkov front, southeast of Moscow, and have captured a number of inhabited places. An official German announcement of heavy defensive battles on the southern front coincided with Paris report that Soviet armored units were attacking east of Orel and Kursk.

## Royal Air Force Hammers at Nazis

The British Royal Air Force hammered last night at Essen, home of Germany's great Krupp munition works, and also struck at Nazi air fields and docks in occupied countries, the Air Ministry announced. These assaults followed a daylight raid on the Matford plant at Poissy yesterday, the second Royal Air Force assault in six days on factories in the Paris area supplying the Nazi war machine. The Matford plant produced trucks.

## Australian Policy

Drastic war powers authorizing government to apply the scorched earth policy in any part of Australia endangered by the enemy were provided in new national security regulations issued today.

## GASBOATS ARE OUT

Gasoline Ration Makes Bad Reading for Owners of Pleasure Craft.

If the new gasoline ration going into effect this year on pleasure boats does not immobilize this type of craft it will pretty nearly do so. Prince Rupert motor boat owners have been wondering how much they will be able to get for their boats. Here is the bad news showing how much will be made available for the eight-month period from April 1 to December 1 on the basis of five-gallon units which it is now suggested may be reduced to four gallons:

Outboard motors—	Units Gals.
2 h.p. and under	1 1/4 6 1/2
Over 2 h.p. but not over 5.9	2 10
Over 5.9 h.p. but not over 10 2 1/2	12 1/2
Over 10 h.p.	3 15
Inboard motors—	
10 h.p. and under	2 10
Over 10 h.p. but not over 20	3 15
Over 20 h.p. but not over 30	4 20
Over 30 h.p. but not over 40	5 25
Over 40 h.p. but not over 50	6 30
Over 50 h.p. but not over 60	7 35
Over 60 h.p. but not over 70	8 40
Over 70 h.p. but not over 80	9 45
Over 80 h.p. but not over 90	10 50
Over 90 h.p. but not over 100	11 55
Over 100 h.p. but not over 125	12 60
Over 125 h.p.	13 65

## SUCCUMBED SUDDENLY

Lee Intermela, Well Known for Years as Steam Engineer, Passes Away.

Charles Leander Intermela, well known as a steam engineer in this district since railway construction days thirty years ago, died at 9 o'clock this morning in the Prince Rupert General Hospital, the end coming quite suddenly. Mr. Intermela had been taken ill three weeks ago with Bright's Disease and blood pressure and laid off work for a fortnight, returning to his duties as an engineer at Nelson Bros. Ltd. cannery about a week ago. He took a bad turn at work last evening and was removed to the hospital by ambulance at 9 p.m. in an unconscious condition. He sank quickly until the end came this morning.

Born 48 years ago in Seattle, deceased, in addition to Prince Rupert, had been located at various times at Anyox and Alice Arm. He is survived by a widow and seven children—five girls and two boys—ranging from 17 down to eight years of age. The children are Annabelle, Julia, Lillian, Louise, Lee, James and Jane. There is also a sister, Mrs. Louise Price, in Seattle.

NORTHERN AND CENTRAL BRITISH COLUMBIA'S NEWSPAPER

VOL. XXXI, NO. 57. PRINCE RUPERT, B.C., MONDAY, MARCH 9, 1942. PRICE: FIVE CENTS

## Soviet vs. Reich—RUSSIANS CARRYING ON WELL

Nazis Unable to Maintain Continuous Line Although New Offensive Claimed.

MOSCOW, March 9:—The Russians are throwing men and well equipped divisions into the fight against the German invaders. So heavy is the pressure against them that the Nazis have been unable to maintain a continuous line. Waves of Soviet forces are pushing the Germans back in the Crimea. The enemy are also being forced back west of Moscow and Leningrad.

In an air battle thirty-one German planes were brought down while the Russians lost only seven. Russia is still demanding that a second front be opened against Germany by United States and Britain.

For the first time in weeks Berlin claims to have launched an offensive movement against the Russians, asserting that some 3000 Soviet troops have been destroyed. Generally, however, there is no denying the fact that the Russians still very definitely have the upper hand.

## LESS SUN, LESS RAIN

How Weather Shaped Up Here In February Revealed In Official Report

There was less sunshine but also less rain in Prince Rupert this February than in the same month last year, according to official figures. The sunshine for February aggregated 91.4 hours compared with 102.1 hours in the same month last year. The precipitation this February amounted to 3.73 inches as against 4.53 inches in February 1941. So far this year the sunshine has totalled 126.7 hours in comparison with 139.1 hours in first two months of 1941 while the precipitation has amounted to 9.71 inches as against 13.84 inches.

The weather summary for this February, as officially announced today by the Dominion meteorologist, S. J. Mellor, is as follows:

Maximum barometer reading, 30.535 on February 12.  
Minimum barometer reading, 29.255 on February 4.  
Maximum temperature, 51 on February 4, 6, 8 and 20.  
Minimum temperature, 22 on February 24.  
Mean temperature, 39.7.  
Precipitation, 3.73 inches.  
Sunshine, 91.4 hours.  
Maximum wind velocity, 35 miles per hour on February 27 from southeast.

## Basketball Off Here

The Exhibition Hall having been taken over entirely by the military authorities, it was necessary to cancel the basketball game to have been played Saturday night between Port Simpson Athletic Club and local Savoy's in spite of the fact that the Simpson team had arrived in the city. Likewise the series between Ketchikan and Prince Rupert, which was being planned for the coming week-end, has been cancelled.

## WAR NEWS

**HONOLULU HAS ALARM**  
HONOLULU—Honolulu had an air raid alarm of one hour last night when unidentified elements were reported approaching from the sea. No hostile craft, however, actually appeared.

**PETAIN IS CRITICAL**  
VICHY—Marshal Henri Philippe Petain, in a message to Paris in connection with the mass burial there of the victims of the Royal Air Force raid last week, condemned the British raid as "criminal aggression by a former ally."

**U-BOATS NEAR CANAL**  
WASHINGTON—An enemy submarine is believed to have approached the entrance of Panama Canal. American offensive action by warships against "enemy elements" is admitted.

**CLASHES IN LIBYA**  
CAIRO—Artillery clashes of a minor nature between the British and Axis forces on the Libyan front are reported.

**SERBS STILL RESISTING**  
LONDON—Further clashes between Nazi occupational forces and patriotic Serbians in southern Yugoslavia are reported.

**ESSEN, ST. LAZAIRE, PARIS ATTACKED**  
LONDON—British bombers attacked St. Lazaire on the Nazi-occupied French coast Saturday night. One Royal Air Force plane was lost and one damaged. Last night the Royal Air Force hammered at Essen and yesterday on the Poissy truck manufacturing plant near Paris.

## Prince Rupert Did Its Share In Loan Drive

Pending a final check-up, subscriptions in Prince Rupert to Canada's Second Victory Loan, which closed Saturday night, totalled \$632,600 from 1904 subscribers. Subscriptions for this unit extending to Vanderhoof on the east and to the Yukon boundary on the north are known to have reached \$1,096,000 whereof the unit objective was \$750,000. A final statement, which is expected shortly, will show a considerably higher figure.

## ROAD WORK FOR JAPS

OTTAWA—The first work on which Japanese evacuated from the Pacific Coast protected area will be engaged will be the construction of a first class road between Edmonton and Vancouver concentrating on the uncompleted link between Jasper.

## HOSTAGES ARE SLAIN

Twenty to One Is Nazi Vengeance for Killing of Sentinel.

VICHY, March 9:—Execution of twenty hostages in Paris in reprisal for the slaying of a German sentinel on March 1 was announced today.

## BULLETINS

**RUSSIA AND TURKEY**  
ANKARA—Turkish police have surrounded the Soviet embassy at Ankara. It is denied, however, that the Russian ambassador to Turkey has left for Moscow.

**ENVOYS MISTREATED**  
RIO DE JANEIRO—Brazil claims that its diplomats in Japan have been mistreated, the ambassador being held incommunicado with his staff virtual prisoners of war. Retaliatory measures have been taken here. The Argentinean ambassador to Japan has been ordered to return home, it is reported.

**MOWERS AND PRAMS OUT**  
OTTAWA—On account of the shortage of steel, production of baby carriages and lawn mowers in Canada is to be ordered discontinued.

**HOTEL TAKEN OVER**  
OTTAWA—The Dunsuir Hotel in Vancouver has been taken over by the federal government and will be used as a naval manning depot.

**JAPS ON MADAGASCAR**  
LONDON—With the co-operation of Vichy French government officials, similar to that which was accorded in French Indo-China, the Japanese are reported to be already making surveys for naval and air bases on Madagascar Island on the east coast of Africa.

**LOAN DRIVE FINISHED**  
With a total of 1,086,000 subscribers reported, Victory Loan subscriptions were well over the final objective mark of \$1,000,000,000 when the books closed Saturday night.

**WHEAT 90c BUSHEL**  
OTTAWA—The initial wheat price of ninety cents a bushel basis No. 1 Northern at Fort William will be payable on the total of 280,000,000 bushels in the crop year 1942-43, Trade Minister MacKinnon told the House of Commons today.

**PLEBISCITE APRIL 27**  
OTTAWA—Canadians will vote April 27 in the manpower plebiscite, State Secretary McLarty announced today.

## Ernest Fenelon Dies Suddenly

Resident of City For Several Years Succumbs To Heart Attack In Rooming House

Ernest Fenelon, a resident of Prince Rupert for years and formerly prominent in billiard league circles, expired suddenly about midnight Saturday at the Regent Rooms where he resided. He had stepped into the adjoining room of a friend and collapsed and died. Constables Ferguson and Jones were called. Heart trouble is believed the cause of death. Fenelon was well along in years. Funeral arrangements are in the hands of the B. C. Undertakers.

## Dutch Knocked Out—FALL OF JAVA TO JAPANESE

Burma Now Under Increased Pressure—First Nipponese Landings on New Guinea.

NEW YORK, March 9:—The official Java radio service went off the air Saturday with the tragically cryptic message: "We are now shutting down. Good-bye until better times. Long live the Queen."

All communications—cable, wireless and radiotelephone—Java have been cut off. Secret secret broadcasting stations may, however, still be heard in Australia.

The collapse of Java to the Japanese invasion now appears to be nearly complete. The fate of the defenders is uncertain. Evidently they have taken to the hills, while others have been taken prisoner. It was reported yesterday that the white flag had been taken to Japanese headquarters with the request for a cessation of hostilities on all fronts. This was after Allied lines on most every sector had been shattered and hope of success for their resistance had been dissipated. A Japanese air fleet had shattered Surabaya naval base and Batavia and Bandung had been overwhelmed. The report of surrender was from Tokyo.

**Pressure On Burma.**  
Fresh Japanese troops swarming into Burma but meeting with stiff resistance from British and Chinese defenders both on land and from the air. At one point the Japanese liners are reported to have driven back towards the Sittoung River although elsewhere they have occupied a town on the Bhamo railway and reached the main paved highway to Rangoon. The Japanese are expected to make a great effort to capture Rangoon by Tuesday which will be army day in Japan.

The Royal Australian Air Force has made further attacks on Japanese-occupied New Britain, Timor Islands. The Japanese later new air raids on New Guinea are reported to have effected initial landings there.

## WORK-OUT BY A.R.P.

Booth School District Workers Swing Into Action in Full Dress Rehearsal Sunday Afternoon.

The Civilian Protection Committee (A.R.P.) workers of the district centering on Booth Memorial School station held a full-dress rehearsal yesterday afternoon under the general direction of District Warden G. P. Tinker and functioned very effectively. The nursing and first aid sections went into action to handle "casualties" of various kinds which had been planted at a number of points in the district. These were ministered to upon the spot by the first aiders and then carried into the district nursing station where more advanced attention was given.

A "bomb" was put off and duly attended to by the fire wardens who also had some fires to look after. Water was also pumped in the course of the work-out from the water holes which have recently been dug by the city.

There was a gratifying turn-out of A.R.P. workers indicating that still another of the districts into which the city has been divided for civilian protection purposes is getting well organized against the possibility of an actual emergency arising.

## EDITORIAL

## The Victory Loan . . .

The Second Victory Loan campaign is closed and all who have been identified with it in any way may be pardoned if they feel just a little satisfied in the way it turned out. Canada, as did Prince Rupert, passed its original quota and then exceeded its final objective. The people of Canada and the people of Prince Rupert showed their confidence and their spirit in this matter. The Jeremiahs who said it couldn't or it wouldn't be done have been confounded. It was an appeal to the patriotism and the commonsense of our people and the way in which they met it shows that they mean business and are going to see the thing through with all their resources.

## Week's Recruiting

Four New Soldiers Attested, One From City and Three From District

New recruits for the Canadian

Army attested at Prince Rupert last week were as follows:

Alexander MacFarlane, 1944 Eighth Avenue East, Prince Rupert.

Frederick James McMillan, Hazelton.

Allan Donald Morrison, Atlin.

Cyril Frank Graham, Atlin.

## God Left Out And World In Trouble

"Where is Thy God?" was the question that had been asked the people of God in their time of extremity thousands of years ago. "Where is the world that left God out of its plans?" might be the question of today in a world beset by war and aggression. So reflected Rev. A. F. MacSween in his morning sermon yesterday at First Presbyterian Church. The problem today, like that of thousands of years ago, was the outcome of man's inhumanity to man, his lack of faith and trust in God, his disregard of principles of Christianity and religion, not only in times of war but in times of peace as well. The instruments of war might be changed today but man was not changed. The pastor alluded to the writings of Generalissimo Chiang Kai-Shek, one of the great Allied leaders, admitting the greatness of Christ.

## NEW BUS ON ROUTE

Official Inaugural Yesterday Afternoon With Guests Getting Enjoyable Drive

The new 29-passenger Fargo stage of the Arrow Bus Line had an official inaugural run yesterday afternoon when a number of citizens were the guests of Manager Len Griffiths. The outing in the spacious new bus, which went into service today on the Seal Cove run, was enjoyed by all. The bus performed perfectly and was the subject of favorable comment. First there was a trip over the regular route to Seal Cove after which the party was taken out the highway as far as Taylor Lake, returning to the city by way of Eleventh Avenue and McClymont Park.

On the return to the city, the guests were entertained at the home of Mr. and Mrs. Griffiths on First Avenue. Mrs. Griffiths was

VICTORY LOAN IS OVERSUBSCRIBED!

NOW  
Let's put the  
dollars  
TO WORK!

We can't win the war without money, but money can't win the war!

Not unless we put it to work! Not unless we turn dollars into planes and tanks and guns and munitions — by the skill of our hands and the sweat of our brow.

So, now let's put the dollars to work! Let's make the enemy feel the sting of good Canadian coin, backed by Canadian zeal and Canadian workmanship.

So far, the war hasn't brought us hardship or even discomfort. We haven't seen our cities

blasted, our homes wrecked, our children machine-gunned in the streets.

Surely we can give our work, our concentrated effort, without thought of personal gain or profit. So long as we get three meals a day and a place to sleep, we are in luxury, compared to the condition of thousands in war-torn lands.

Let's make every day's work an all-out drive towards victory. Let's work to win — to stave off bitter defeat.

BRAVE MEN SHALL NOT DIE BECAUSE I PALTERED

## CONCERT FOR RED CROSS AT TERRACE

TERRACE, March 9:—At the Orange Hall on Friday Mr. and Mrs. E. P. Grainger gave a musical for the benefit of the Red Cross. Besides these two accomplished performers items were rendered by local talent in the persons of Miss Audrey Sessions, who gave a piano solo, "Sweet Columbine," and Charley Agar, young son of Mr. and Mrs. J. B. Agar, "Cavalry Charge," also a piano solo.

It would be difficult to say which of the pieces played by Mr. and Mrs. Grainger, violin and piano, were most enjoyed by the crowded hall. "To a Wild Rose" by Edward MacDowell was perhaps the most lovely.

At the close of the concert E. T. Kenney, president of the local Red Cross Association, announced that the event had helped the Red Cross to the extent of about fifty dollars.

## PEACE RIVER OIL

Editor, Daily News:

It has recently been announced that the provincial government proposes to continue drilling for oil at Commotion Creek in the Peace River district. Dr. Hume, of the Dominion Geological Service, recommended that drilling should be continued for another thousand feet when further consideration could be given to the situation as then developed.

The position which I wish to make clear and to impress upon the public is this, namely, that whatever the results may be in the present hole, the government should continue drilling until the field is proved. The present hole is now down some 5,600 feet and my understanding is that another two thousand feet, or perhaps more, will in all probability be required to determine definitely the possibilities of the present hole.

Under any circumstances this great potential resource of oil in the Peace River district should be retained for the benefit of the people. Here is a virgin field of huge area with immense possibilities, which can be exploited by the government to secure for the people a source of revenue which will not only pay present debts, but future capital expenditures of the province.

I am fearful of the situation as it now stands. The present provincial administration is in favor of private exploitation and I warn the public of this, that once the territory is alienated it will never be recovered. However palatable

to the public alienation may be made to appear, the fact is that the big opportunity for the people of the province will have been lost.

I do not advocate that the government should enter into the field of retail distribution of petroleum be sold to existing industry for distribution.

If private corporations get hold of the field they will use it to supplement their present sources of supply and we will diddle along for a generation before the province gets anything worth while out of it and then only a modicum of what could be obtained through the government controlling the whole output.

Under government ownership the people will get much more revenue and users of the product will get the product for less money.

We were supposed to be frightened when it was said that it might cost several million dollars to exploit the field. Well, what of it? If private endeavour is allowed in, it will cost whatever amount is necessary to prove the

field and where do the private corporations get their money to carry on development work? Of course they get it from the profits which they make from the sale of their products.

I find no fault with private endeavor for looking after their own interests, but surely the public interests must be protected.

Argument has been used that no money should be spent upon this work during the war period. No one knows how long the war will last. Developments during the past few weeks may make it a long task and instead of stopping or restricting the work, new work should be begun and pushed with all possible speed. What finer contribution could British Columbia render as a province than to establish a new source of petroleum owned and controlled by the people.

I suggest, therefore, that all public bodies and individuals wake up to the importance of this matter and insist that a policy of government development shall proceed continuously and ownership and control maintained in perpetuity for the public benefit.

WAR EFFORTE. T. Kenney, M.L.A. Is Speaker  
Before Terrace Board of Trade

TERRACE, March 9: — Terrace and District Board of Trade met in the Terrace Hotel on Thursday, H. King, the president, being in the chair with a better-than-usual attendance. The principal speaker was E. T. Kenney M. L. A. who gave a very instructive address upon the subject of Canada's war effort. Mr. Kenney presented a mass of figures and facts which would have been dull hearing from some speakers but not from Mr. Kenney who possesses the knack of weaving statistics into his story in an interesting way. The address showed how Canada has grown from a small unit at the start of the war to become the powerful factor it now is. The meeting accorded him an unanimous vote of thanks. Not much other business was accomplished. It was decided to follow up previous steps with regard to the enemy aliens though it was felt the government is already on that particular job. It was also decided to do whatever can be done locally with regard to the salvaging of scrap metal.

Union steamer Camosun, Capt. James Watt, arrived in port at 2 o'clock this morning from Vancouver via the Queen Charlotte Islands on a regularly scheduled voyage and will be sailing tomorrow night at midnight on her return south over the same route.

WHAT YOU SHOULD KNOW  
AND DO ABOUT  
SUGAR  
RATIONING

## HERE ARE THE SIMPLE FACTS:

With the opening of war in the Pacific, important supplies of sugar for the North American Continent were shut off—and may be shut off for a long while.

As good partners fighting a common foe, we have to share the available supply of sugar from the Caribbean and American sources with the United Kingdom, Russia and other allied countries.

Stocks of sugar in Canada are actually sufficient to meet normal needs. Precautionary measures had to be taken, however, to reduce the consumption of sugar in this country, in order to maintain ample reserves against all emergencies, and in case the restricted sources of sugar should still further dry up. The United States was also compelled to put similar regulations into force at the same time as Canada.

## YOU NEED NOT HOARD—YOU MUST NOT HOARD

The retail price of sugar is controlled under the Price Ceiling regulations—and will not be increased. There's absolutely no need for hoarding, but extravagant use of sugar is inexcusable and Canadians must make some reduction in the consumption of it. We're lucky it's not more.

## SUMMARY OF THE SUGAR RATION LAW

1. The ration is  $\frac{3}{4}$  pound per person per week, including adults, children and infants, members of the family, boarders, servants, and guests who remain for four days or more.
2. Purchase your sugar in the ordinary way, but not more than two weeks' supply at a time. No coupons, stamps or tickets are required.
3. Do not purchase any sugar if you have two weeks' supply or more on hand.
4. Persons in remote areas who are not able to buy frequently may continue to buy more than two weeks' supply at a time, but must measure their consumption at the ration rate, namely  $\frac{3}{4}$  pound per person per week. Grocers must keep a record of purchases in excess of two weeks' supply.
5. Economize on sugar in every way you can; many people can get along on less than the ration.
6. Additional supplies of sugar will be made available for home preserving and canning.
7. The restriction applies to cane and beet sugar of all kinds—granulated sugar, icing sugar, fruit sugar, brown sugar, raw sugar, etc.
8. Retailers are entitled to refuse to sell or to limit sales to any person they have reason to believe is attempting to disregard the law.
9. Penalties provided for wilful infractions of these regulations are imprisonment for as long as two years and a fine up to \$5,000.00.
