

ALASKA HIGHWAY TERMS AGREED UPON

Detailed terms of the arrangement under which the United States government is building a highway to Alaska from Fort St. John, B.C., were set forth in notes exchanged between the governments of Canada and the United States on March 18 in Ottawa. Prime Minister Mackenzie King is shown above receiving the United States note from Hon. Pierrepont Moffat, United States minister to Canada, in the prime minister's office. A similar note was handed to Mr. Moffat by Mr. Mackenzie King. Conclusion of the highway agreement was announced March 6.

THE ALASKA HIGHWAY ROUTE

OTTAWA, March 23.—War in the Pacific has suddenly removed the Alaska highway from the paper stage to an actual project of intense activity. Formal notes between United States and Canada for development of the highway have been exchanged by Prime Minister W. L. Mackenzie King and Hon. J. P. Moffat, U.S. minister. Vast quantities of equipment and hundreds of labourers and engineers are already moving to the scene of operations. Events since the outbreak of war with Japan have shown that this new battlefield of road builders against the wilderness may prove to be a vitally important one in the long-range strategy of the new conflict. Already engineering history has been made along this same route. In the single space of last summer Canadian engineers spanned the vast distance between the United States border and Alaska with a string of modern, fully-equipped airports. This air route will be closely followed by the new highway, which will extend from Edmonton to Grand Prairie to Fort St. John to Watson Lake to Whitehorse to boundary, and thence to Fairbanks, Alaska. The road will be about 1,200 miles long. Although two routes were under discussion for many months, neither will be followed by the new highway. In following the present route as shown on the map, the highway builders will be able to take advantage of about 300 miles of winter roadway already cut through the bush from Fort St. John to Fort Nelson. It is expected that the new highway will be completed within a year by the thousands of United States Army men who will do the job. The vanguard is now being concentrated at Dawson Creek, B.C., the end of steel.

PRICE: FIVE CENTS

Attacking In Pacific

* * * * * First Patrol Car in Rupert

Another indication of the metropolitanism that is becoming Prince Rupert's is the arrival of a patrol wagon for the city police, the first there has ever been here. It was delivered yesterday from Vancouver aboard the steamer Princess Norah. It is of regulation type, having capacity for easily six prisoners. It is a Ford machine.

TREACHERY IN BRAZIL

Twenty-Five Thousand Japanese Fifth Columnists There

RIO DE JANEIRO, March 23.—Japanese fifth column plans for the conquest of Brazil have been disclosed, according to a Rio de Janeiro dispatch. It is stated that an army of 25,000 was only awaiting instructions from Tokyo. A number of arrests have been made.

Handling Payrolls Is More Difficult

WINNIPEG, March 23.—For some time, and particularly since the war, the Canadian National Railways has found it increasingly difficult to meet the situation in connection with the compiling and checking of payrolls, the issuance of pay cheques and related accounting. Railway payrolls are becoming more complicated daily due to the number of deductions, various war conditions and war legislation and, to meet this situation, it has been found necessary to centralize this work at the headquarters in Winnipeg. This practice has already been put into effect on all of the larger railway systems on this continent. The requirements of the service will result in the transfer of a number of the staff from various points to Winnipeg.

AIR FIGHT AT MALTA

LONDON, March 23.—British Hurricanes dropped twelve Axis fighters and two bombers in air battles over Malta Saturday.

AIR TRAVEL IS GREATER

Traffic Fifty Percent Greater This February Than Last.

WINNIPEG, March 23.—Trans-Canada Air Lines carried 5765 passengers and 120,565 pounds of air mail in February, according to W. F. English, assistant vice president. Due to the shorter month the figures showed slight decreases under January. Compared with February 1941, however, there was an increase of almost 50 percent in traffic.

* * * * * British Planes Arrive in Cuba

LONDON, March 23.—A Reuters dispatch from Havana says that British aircraft have arrived in Cuba to join United States air patrols operating against Axis U-boats. Authoritative sources declined to comment.

* * * * * Founder of C.C.F. Is Dead

J. S. Woodsworth Dies in Vancouver Hospital After Long Illness.

VANCOUVER, March 23.—James S. Woodsworth, founder of the Co-operative Commonwealth Federation and former member of parliament for Winnipeg, died in a Vancouver hospital on Saturday after a lengthy illness. Sixty-eight years of age, he retired from public life shortly after the start of the war. One of the founders of the C.C.F. in 1932, he was its leader until two years ago when failing health caused him to resign the presidency.

The body of Mr. Woodsworth, who was one of Canada's most colorful parliamentarians, will be cremated Tuesday and the ashes scattered at sea off Vancouver. A public memorial service will likely be held next Sunday. Of medium height, thin and virile, Mr. Woodsworth was blessed with a voice and presence which commanded attention. From his seat he occupied so long in the House of Commons at Ottawa, far down the chamber to Mr. Speaker's left, he could be heard with ease in a house which baffles many less audible parliamentarians. In the heat of debate he would step from his front row seat into the centre aisle and plead earnestly for the cause he was supporting. His Van Dyke beard, grey moustache and hair and, almost clerical dress distinguished him from other members of the "Ginger group." He usually received a good hearing himself but frequently complained he and his colleagues could not hear exchanges between the prime minister and opposition leader farther up the chamber.

The idea of the Co-operative Commonwealth Federation is said to have taken shape in Mr. Woodsworth's mind about the year 1930. Prior to that there had been close co-operation between Farmer and Labor groups in the House of Commons. Mr. Woodsworth led the Labor wing. Co-operation continued after the election of 1930 when farmer-labor representation in the house was cut from 21 to 15. On the majority of questions representatives of those two groups stood together and voted together.

At the end of the parliamentary session of 1932, the idea of a new national political movement was discussed by the farmer-labor members. Subsequently conferences were held in western Canada and eventually, on August 1 of that year, a meeting was held at Calgary where the Co-operative Commonwealth Federation came into being with Mr. Woodsworth as provisional president. In this office he was confirmed at Regina in July, 1933.

The new movement made itself felt in subsequent by-elections and provincial elections. Mr. Woodsworth proved an active and energetic campaigner. In the by-election of Mackenzie, where ex-judge L. St. G. Stubbs carried the C.C.F. flag against a Liberal, a Conservative and a United Front candidate, Mr. Woodsworth was one of the heavy guns for the new party. When the smoke of battle had cleared away it was found the C.C.F. representative had run second to the Liberal. The other two candidates were not seriously in the running.

Born July 29, 1874, at Etobicoke, Ont., Mr. Woodsworth came of old United Empire Loyalist stock. His father, the late Rev. Dr. James Woodsworth, was for many years superintendent of missions in northwest for the former Methodist Church, revered as one of the pioneers of religion on the prairies.

* * * * * Not Afraid Of Alaska

LONDON, March 23.—A statement has been issued in Tokyo assuring the Japanese people that there is an airtight protection for Japan against any American attack from the direction of Alaska or the Aleutian Islands and the United States has no effective bases there anyway.

MANY AXIS SHIPS SUNK

Fleet of Vessels Comes to Grief in Mediterranean at Hands of British Subs.

LONDON, March 23: — The Admiralty announced today that two U-boats, two supply ships, six schooners and a motor vessel, the latter crowded with troops, have been sunk in the Mediterranean by British submarines. The action occurred at the approaches to the Strait of Messina between Italy and Sicily within sight of shore.

Initiation Of New Members

Twenty-eight new members for the local Sons of Norway Lodge were initiated at a meeting held Thursday night in the Oddfellows Hall, the initiating officer being Fred C. Borhaven, organizer from Vancouver.

Business at the meeting included discussion of the possibility of having invitation dances.

Following the business session, refreshments were served under the direction of Mrs. Chris Jensen and Mrs. Olof Skog. There were remarks by Mr. Borhaven and the president, Nels Gunderson, and a pleasant feature was the making of farewell presentations of four-piece silver tea services to Mr. and Mrs. Chris Jensen and Mr. and Mrs. Oscar Sather who are leaving for Vancouver at the end of the month. The presentations were made by John Storseth.

LIVENING UP LIBYA

British Forces Indicate Confidence to Meet Weight of Axis Attack.

CAIRO, March 23: — Although two of the hottest months of the year lie ahead, British and Axis armies, facing each other across a fifty-mile "No Man's Land," are stepping up preparations for a resumption of large-scale warfare. Confidence of British forces to meet attack were demonstrated by a spectacular foray in which mobile columns battered Axis positions in the Timimi Mertuba sector Friday and Saturday, killing an undisclosed number and returning to the lines with 150 prisoners.

TALK OF INVASION

LONDON, March 23: — London newspapers are speculating again on the possibility of a German invasion attempt on the British Isles. Chancellor Adolf Hitler, it is suggested, might make an effort in this way to bring the war in Europe to an end.

War in Pacific—

INDIA AND BURMA ARE OBJECTIVES

Attack of Japanese Will Be in That Direction Instead of Australia

—Heavy Air Fighting.

STRIKE AT JAPS

MELBOURNE, March 23: — Sustaining their counter-offensive on invasion approaches to Australia, Australian airmen struck today at the Japanese right wing in Netherlands Timor after having wrecked some two score enemy planes in week-end operations. Despite heavy losses the Japanese sent a bomber and fighter force against Port Moresby in New Guinea in the heaviest attack of the war on that city and also attacked Wyndham in western Australia. Allied attacks yesterday were directed chiefly at the Japanese base of Lae, New Guinea, and undid the offensive spirit mapped out by General Douglas MacArthur who said today he had "absolute confidence in complete victory."

NEW DELHI, March 23: — With many military observers believing that there is more likelihood of Japan devoting her immediate attack in the direction of Burma and India rather than against Australia, strong Japanese forces are reported to be poised for a drive from the Irrawaddy in Burma. There are indications of a major attack by the Nipponese against a heavily mechanized army under the command of General Stilwell of the United States Army.

Meantime, there has been no contact by Australian forces with Japanese troops reported to be moving down the Markham Valley in New Guinea towards Port Moresby.

There was considerable aerial fighting over Burma and the island approaches to Australia yesterday with the enemy suffering heavy losses in aircraft.

MOST JAPS HAVE LEFT

Only 13 of 607 Who Were in Area Are Now Left—Illness Is Reason for Them.

Of a total of 607 persons of Japanese origin—men, women and children—who were known to be resident in this area, 594 have now departed for Vancouver where they are being assembled preparatory to being moved out of the protected zones. The thirteen who are still here have remained by permission owing either to personal or family illness.

The special train which started from here Saturday afternoon for Vancouver took no less than 525 from the area including those who got aboard at Prince Rupert and those who were picked up along the line, more especially around lower Skeena River cannery points. Constable Piper, R.C.M.P., accompanied the Japanese as far as Pacific, returning on Saturday night's regular train.

Vice-Chief of Staff to Pay Rupert Visit

Major General J. C. Murchie, vice-chief of the general staff at Department of National Defence headquarters, is a visitor to the Pacific Coast and is expected in Prince Rupert this week, possibly tomorrow.

DAILY EDITION

MONDAY

MARCH 23, 1942

J. S. Woodsworth . . .

The career of J. S. Woodsworth, M.P., founder of the Co-operative Commonwealth Federation, whose death is recorded today, bordered on the spectacular. Mission worker, minister of the gospel, longshoreman, labor leader, parliamentarian, and finally head of a national political movement with objectives far removed from those of the old established parties, he stood out a strong colorful figure in the public life of the Dominion. He had the complete admiration and respect even of those who were most diametrically opposed to his views. He always commanded attention.

On the floor of parliament, which he entered as Labor representative from Winnipeg in 1921, he was noted for his capable and determined advocacy of measures which he believed would benefit the working man and the poor. Year after year he battled for repeal of Section 98 of the Criminal Code, the "sedition" section, only to have his efforts set at naught by the senate or the commons itself.

Again, on the question of divorce, his attitude and activity in the house was responsible in very large measure for the passage of legislation which resulted in the establishment of courts in provinces which had previously lacked them. One effect of this was a great increase in the number of divorce petitions with which parliament now has to deal.

EFFECTIVE WAR WORK

Is Principal Topic of Discussion at Youth Meeting Here—Resolutions Passed.

Youth and international affairs, youth and industry and youth and the home front were the headings of an interesting round table discussion in the form of an open forum held yesterday afternoon under the auspices of the Youth Committee of Prince Rupert. There were representatives from young people's organizations, church societies, cultural and recreational groups, war service clubs and trade unions—some coming as actual members of the youth committee and others as observers. Lively discussions arose on a number of subjects and some interesting views were exchanged.

As the outcome of a discussion on the subject of total war effort, which it was felt had not as yet by any means been reached in Canada, the conference went on record as being in favor of an affirmative vote on the forthcoming manpower plebiscite.

Another subject which came up for considerable discussion was the advisability of workers being represented on a war production board so that labor might have a voice in making suggestions which might lead to more efficiency in the war industries. In this connection, the view was expressed that improvements might be made at the local shipyard. The outcome was a resolution was passed calling upon organized labor, industrial management and the government to get together for the purpose of discussing and taking action to step up Canada's war production.

Another resolution passed by the meeting was that any attempt to arouse race hatred would only tend to divide democratic forces and ultimately to weaken morale through a feeling of futility.

Bert O'Neill led the discussion on "Youth and International Affairs," George Henderson that on "Youth and Industry," and Bruce Mickleburgh that on "Youth and the Home Front."

It was also decided by resolution that youth should put its weight behind the A.R.P. by working with and becoming associated with that organization.

A vote of appreciation was extended to the press for its co-operation.

Arrangements were discussed for the youth conference ball to be held on Friday of this week.

Those in attendance at yesterday's meeting were Bruce Mickleburgh, who acted as general chairman, B. Lamb, Henry Hkott, George Henderson, George Lambry, John L. Corrigan, Bert O'Neill, L. M. Feisenthal, T. J. Williams, Benny Lee, Arthur Thompson, Mr. and Mrs. H. S. Harrison, Robert Parker and Alan Armstrong.

Oddfellows' Scotch Dance Is Enjoyed

Fine Affair On Saturday Night Proves Completely Enjoyable

Another enjoyable evening of Scottish dancing was held in the Oddfellows' Hall on Saturday. It was one of the regular fortnightly Scottish dances sponsored by the local Oddfellows' Lodge. The affair was very well attended. Only those bearing official invitations being admitted.

Music was supplied by the Oddfellows' Scottish Orchestra with Archie McGhee, accordion, Harry Eyolfson, piano, and Lewis Hilder, drums. Piper McLennan, Edmonton Fusiliers played his pipes for the lancers and his music was commended by all. Mrs. McGhee was unfortunately unable to take her usual place at the piano owing to illness.

Refreshments consisted of ice cream, cake and coffee.

Those contributing to the success were Mr. and Mrs. Norman Moorehouse, N. W. Appleyard, L. C. Eby, David Owens, John Eyolfson, and Mrs. L. G. Hilder. Many of the pipe band of the Edmonton Fusiliers, who were present helped considerably by assisting in the serving of refreshments and later with the washing up of the many dishes.

GAS LECTURE APPRECIATED

Sunday afternoon a very interesting lecture on use of gas in war was given at the City Hall by Leading Sick Berth Attendant Alan MacIntosh. The subject was gas and its effect on the human body, with the remedial treatment to counteract its effect.

The speaker illustrated his remarks by the use of a gas mask and charts, describing in detail how to recognize the various types of gas used.

The audience composed of about 40 first aiders, was deeply interested.

On conclusion a hearty vote of thanks was tendered the speaker for his very able efforts.

OUR COUNTRY AND HOMES DEMAND . . .

GOOD SERVICE

We ask your co-operation. Our country requests us to conserve gasoline. We are also advised that we shall not be able to replace tires for our trucks. In order to maintain our policy of prompt service we ask you to place all coal orders at least ONE DAY BEFORE DELIVERY IS EXPECTED. By doing this you will enable us to route our deliveries in the most economical manner, thereby conserving both gasoline and tires.

MEMBERSHIP
IN CHURCH

Interesting Discussion by Rev. J. A. Donnell in First United Church

In First United Church last evening before a large congregation Rev. J. A. Donnell spoke on "The Significance of Church Membership." A special musical number was the impressive rendering of the duet, "Hark, Hark, my Soul," by Dr. and Mrs. R. G. Large.

Mr. Donnell referred to two extreme views sometimes held of what church membership implied. The first one was that it was regarded merely as a "pure" matter of routine. The child was baptized, confirmed when older and later admitted into membership of the church without realizing that there were obligations involved. Some people resented the idea of obligations to the church. Yet these same people accepted readily obligations of social customs and secular organizations. Obligations to a church did not involve loss of freedom.

The other extreme view of church membership was the feeling that it was too awful, too mysterious, for the ordinary person. It could only come as the result of some amazing and miraculous experience, they felt.

Neither view was correct. Mr. Donnell went on. Church membership did not require a stainless or extremely holy state. Christ's teaching was that he came to call sinners to repentance. Church membership did require that the individual would endeavor to follow the way of life as led by Jesus. This meant first of all a sense of God. That the world was not a blind mechanism. It also meant a sense of responsibility to one's fellow man. And thirdly it meant a realization of group relationship. It was not of a solitary way of living, not that of a recluse. Jesus lived among his fellow men, the fishermen, the farmers, the housewives, in a free and easy companionship. He did find and make time to commune with God alone and there got the inspiration that made Him the great Saviour of the world. To follow His way as well as humanly possible was real church membership.

Whifflets
From The Waterfront

Union steamer Catala, Capt. Ernest Sheppard, arrived in port at 4:30 this morning from the south and sailed at 9 a.m. for Port Simpson and Stewart whence she will return here tomorrow southbound. The vessel brought north a good-sized list of passengers and heavy freight cargo.

Union steamer Camosun, Capt. James Watt, is due in port at 7 o'clock tonight from Vancouver via the Queen Charlotte Islands and will sail at 12 midnight tomorrow on her return south over the same route.

Were Married
Saturday Night

Miss Isobel Duffus Becomes Bride of John Ernest Murray at Ceremony in Deanery.

The marriage took place at 8 o'clock Saturday evening at the Deanery. Very Rev. James B. Gibson, dean of St. Andrew's Cathedral, officiating, of Miss Isobel Mary Duffus, eldest daughter of Mr. and Mrs. Alexander Duffus of Telkwa, and John Ernest Murray, son of Mr. and Mrs. John Murray of Vancouver. It was a quiet but interesting ceremony.

The bride was given in marriage

by her father, Alexander Duffus, and the bridesmaid was Miss Edith Crompt. Jack Ray acted as groomsman.

Following the ceremony a reception was held at the home of Mr. and Mrs. A. G. Bartlett, Seventh Avenue East. Jack Mussalem proposed a toast to the bride and groom, the latter replying.

The couple are quite well known and popular and will have the hearty congratulations and best wishes of many friends. They left Saturday night on the Prince George to make their home in Vancouver. The bride has been identified with Mussalem's Economy Store.

SUGAR
Facts

1. The law sets a ration of $\frac{1}{4}$ pound per person per week. This is sufficient for everyone. Additional supplies will be available for home canning and preserving. Sugar prices are under the "Price Ceiling". Hoarding is foolish and unlawful.
2. No home is allowed to have on hand more than two weeks' supply at any time. Retailers are authorized to refuse to sell to anyone they believe to be disobeying the law. Vigorous steps are being taken to punish wilful infractions of the law. The penalties provided are imprisonment for as long as two years and a fine of up to \$5,000.
3. Sugar can be saved without hardship by serving simpler desserts, cakes without icings, savoury instead of sweet dishes; by the use of salt, syrup, honey and condensed milk in certain recipes; and by the use of fruits and fruit juices to sweeten puddings.

YOU MUST
