Advent of CBC Rupert Marked by Commerce Chamber

Ira Dilworth Gives Fine Address, Telling of Aims in Bringing New Broadcasting Service to This City

The Prince Rupert Chamber of Commerce marked the occasion of the taking over of the local radio station by the Canadian Broadcasting Corporation by having Ira Dilworth, regional representative of CBC, as a special guest speaker at the regular monthly dinner meeting last night. With this attraction, the attendance at the dinner was the largest in many months. Mr. Dilworth gave a splendid address on the subject of "CBC Comes to Prince Rupert," the discourse on a timely topic being listened to with an appreciation and interest which was quite obvious. President Arnold Flaten was in the chair and there was a fitting introduction of Mr. Dilworth by D. C. McRae, chairman of the radio committee of the Chamber of Commerce. At the close, a vote of thanks was tendered the speaker on motion of C. G. Minns, another member of the Chamber's radio committee. Accompanying Mr. Dilworth to the meeting were P. A. Field of Montreal, an official of CBC engineering staff, and C. H. Insulander, Richard Halhed and James Gilmore, members of the station staff, who were duly introduced by Mr. Dilworth.

Mr. Dilworth, who at first discussed radio from the broader international and national standpoints and then dealt with some of the local problems on moving into Prince Rupert, said that the entry of CBC here was another step in the direction he had been looking for some time—the provision of an actual full coverage service throughout the province.

In introducing the new staff of CFR, Mr. Dilworth announced that Mr. Insulander and S. J. Anderson were being retained by CBC. He complimented these two men and the others who had been associated with them in their achievement of having established CFR. They had done a good job under great difficulties. Mr. Insulander would, no doubt, play an important part in the developing of the new service. Mr. Field was here making special surveys in regard to short wave relaying possibilities and possible increase of power. Mr. Halhed, program representative and director, and James Gilmore, technician and operator, were two of the most trusted and faithful members of the Vancouver staff. Mr. Dilworth spoke for those in charge of the operation of CFR, the co-operation of the Chamber of Commerce and the citizens of Prince Rupert. The building of a program service during the next three months would be no easy matter but it was hoped that there would be an accomplishment worthy of the time and money spent and of this community.

Mr. Dilworth also paid tribute to the radio committee of the Prince Rupert Chamber of Commerce, particularly Mr. McRae. The committee had studied carefully and critically the radio situation here. Olof Hanson M. P. had also been consistently busy in the cause of radio in this district.

Is Big Subject
Mr. Dilworth told how he had been in his present position for four years now, having come to the post as a virtual stranger to radio. He had learned much but there was still much to learn. His studies, he pointed out, were not technical but to supervise program, administration and policy. Radio, the speaker said, was a great force which was here in the world to stay—for weal or for woe. There had been plenty of both even this far in the history of radio and it was to be expected that in the future that lay before radio there would be plenty of both good and bad for society. With the great triumphs of the power of man over natural difficulties, there had been both benefaction and disaster. The courage and indomitability of the spirit of man had harnessed many of the forces of nature through scientific application, bringing these forces into the service of man. Spiritual progress had not always, however, kept pace with the scientific and the conquest of nature by science, as could be witnessed today, had often been at the price of suffering, agony and bloodshed. Radio was an example of the extension of power for the use of humanity. Like the press, it meant increased power for the individual and the group. No one dare say that the press had always been a wholly beneficial thing. There had been occasions when the power of the press had been intensely deplored. The same, too, might hold good for radio.

Since radio was a force that was here to stay, it was important that it should be developed as a democratic institution. The CBC had been founded on the principle of recognizing the potentiality of radio for use in the interest of humanity as a whole in a democratic and free fashion. Here the speaker took occasion to picture dramatically some of the thrills, mystery and power of radio broadcasting. Here was, indeed, a great force capable of uniting the world, bringing it together for weal or for woe. By the radio Japan was brought into the drawing room of Canada. So was the voice of the curious German maniac. So had been the quiet voice of the late King George, the dramatic voice of Edward in his abdication.

CBC was fortunate, Mr. Dilworth declared, in being the result of the work of visionaries. In setting themselves to study the whole problem of radio broadcasting, they had recognized the force and place of radio in society and the necessity of keeping that force in control of the public domain.

The Canadian Broadcasting Corporation, Mr. Dilworth explained, was an independent entity. It was not a department of civil service or of the government. It was free from political or financial pressure and as free as possible from religious pressure. Its function was not to serve any specialized group but the people of Canada as a whole.

True the CBC had made mistakes, mistakes which had been investigated. And, in the matter of investigations, Mr. Dilworth felt that there should be a permanent investigation.

(Continued on Page Three)

JAPAN WILL GET STORM

Retribution Due for Nippon as Well as Germany and Italy Says Churchill

LONDON, Dec. 8 (CP)—Prime Minister Winston Churchill said today that "the storm which now lowers over Germany and Italy is spreading to Japan and there will be no softness or respite for her."

In a message to British Far Eastern territories on the anniversary of the Japanese attack on Hong Kong and Malaya, Mr. Churchill said "growing power of the United Nations will press steadfastly on until she (Japan) is stripped of her conquests, punished for her treachery and deprived of her powers of evil."

"Retribution has always been sure. It is now growing near." Prime Minister Churchill, in a message to President Roosevelt on Pearl Harbor Day, gave assurance that Great Britain would fight along with United States until Japan was completely defeated.

AIR FIGHT KEEPS UP

United Nations Continue to Struggle on New Guinea—Land Fighting Rather Quiet

MELBOURNE, Dec. 8.—Intermittent ground activity continues in the Buna-Gona area of New Guinea as the United States nations keeps up a heavy aerial attack. Eighteen Japanese planes were shot down yesterday and twenty-one today.

Japanese bases on New Guinea and New Britain have been bombed.

Bulletins

CONSERVATIVE CONVENTION WINNIPEG

Hon. Murdoch MacPherson of Regina, Hon. H. H. Stevens of Vancouver and J. G. Diefenbaker of Prince Albert have announced definitely that they will be candidates for the Conservative national leadership if nominated at the national convention, opening tomorrow, and if Rt. Hon. Arthur Meighen, present leader, offers his resignation.

SUBSIDIZE FISHBOATS VANCOUVER

Hon. Ernest Bertrand said here that seven boats were under construction on this coast under federal subsidy to replace vessels taken by the Navy.

AID FOR INDIANS VICTORIA

Medical aid is being flown to Telegraph Creek where the influenza epidemic Myers of Atlin may be already among Indians continues. Dr. there. A nurse is being flown in from Vancouver.

FIGHT IS STALLED

Deep Snow and Increased Nazi Resistance Slows Russians Up

MOSCOW, Dec. 8.—Blizzard weather conditions, burying mines and tank traps, have slowed up the Russian counter-offensive as Nazi resistance has also increased.

West of Rzhev, however, the Red Army was successful in driving the Nazis out of two vital positions.

Activity in the Stalingrad area is quieter.

The question of supposed higher salaries being paid by outside companies coming into the city than local business were able to pay was again referred to briefly at the meeting of the Prince Rupert Chamber of Commerce. A committee is continuing to go into the matter but reported last night that only one instance had so far been brought to actual light.

Germans Get French Ships

WASHINGTON, D.C., Dec. 8

—Secretary of the Navy Frank Knox made announcement this morning that twenty-five per cent of the French fleet at Toulon fell into the hands of Germany afloat or intact.

Previously it had been indicated that the entire French fleet at Toulon had been scuttled when the Nazis moved in to that Mediterranean port.

LABOR IN ELECTION

Aldermanic Slate Nominated—Mayorality and School Board Nominations Deferred

With H. M. Daggitt, T. H. Elliott, T. O. Morgan, George E. Hills, William H. Brett, T. H. Sorensen, James Black and Charles Tombs nominated for aldermanic honors Labor last night entered the civic election field.

These candidates also are sponsored by the Prince Rupert Civic Labor Federation which was formed a few weeks ago since which time a number of meetings have been held at which the civic problems facing Prince Rupert were discussed and a platform drafted. From the outset Labor has maintained unanimous opposition to the city manager plan which it regarded as undemocratic and contrary to the best interests of the large masses of citizens.

One of the big handicaps the labor group was confronted with was finding candidates with the necessary property qualifications. However, after an exhaustive canvass, a full slate of aldermanic candidates was nominated at a well attended nominating meeting last night.

No nominations were made for mayor as yet but there is a possibility that a name will be announced shortly.

The nominations for school board were held in abeyance until it has been ascertained as to whether the names put forward have the necessary property qualifications. Their names with the school board platform are to be announced later.

Following the nominations a lively discussion took place on various election problems. An active committee for this purpose had already been appointed at the previous meeting.

George Rudderham, former member of the city council, presided at the meeting.

The candidates and the platform of the Prince Rupert Civic Labor Federation is endorsed by twenty-one different unions and other labor groups, including the Teachers' Federation, the Co-operatives and the C.C.F.

Labor Program

The platform adopted by the Civic Labor Federation contains the following points:

Municipal ownership of all utilities including the repurchase of the hydro-electric system when the present franchise expires in 1949.

The overhaul of water mains and sewer system to meet present day needs.

Adequate policing and greater efforts to provide adequate recreational facilities, including playgrounds for children.

Union wages and union conditions for all work done for the city. Safeguarding the welfare of the fishermen—the mainstay of Prince Rupert—pressing upon the authorities the importance of allowing them adequate harbor facilities.

A policy of taxation according to ability to pay and "pay as we go" policy in expenditures as far as possible.

Seeking the fullest co-operation and financial assistance of both the U. S. and Canadian governments in supplying facilities to meet present wartime needs.

Labor is on record approving remuneration for mayor and aldermen.

LAUNCHING IS SMOOTH

Ten Thousand Ton Fort Acton Takes Smoothly to Water With Minimum of Ceremony

Another successful launching of a ten-thousand ton cargo vessel took place yesterday afternoon when the Fort Acton slid smoothly down the ways into her natural element. The formalities were, as usual, reduced to a minimum. On the launching platform was only a small official party. Work of the yards went on uninterrupted.

After prayer by Rev. C. A. Wright, bottle of British Columbia wine, bedecked with ribbon of patriotic colors, was broken on the bow by the sponsor, Mrs. E. A. Janze, wife of an engine fitter, as the vessel moved down the ways. Presentations appropriate to the occasion were made to Mrs. Janze by Bernard Allen, on behalf of the builders, and W. Shafer, representing the engine fitters. The company presentation was a sterling silver salver and bouquet and of the engine fitters, a silver tea service. Miss Evelyn Macdonald attended the sponsor.

MAIL FOR EAST END

New Post Office Being Completed At Sixth Avenue and Dry Dock Road

Construction of the new postal station for the area of the city on the other side of Hays Creek is nearing completion. Finishing material is being awaited and, upon the length of time required for its delivery, will depend when this much-needed postal service for that area will become available. Considerable of the equipment is already here. Carl Poulsen is the builder and owner of the structure on Sixth Avenue at the corner of the dry dock road which will be used entirely for postal purposes, with living quarters also provided for the postmaster.

The structure is seventy feet in length with width of forty feet on Sixth Avenue widening out to 58 feet at the rear on the bias of the dry dock road. It is of frame construction with foundation partly of concrete and partly of piles. There is a flat roof of gravel and tar. Heating is to be by a hot water plant.

With three entrances on Sixth Avenue, two for the public and one for mail, the public section will be of L-shape, 32 by 14 feet on the Sixth Avenue side and 12 by 14 feet on the dry dock road side. The four-wicket section will be on the Sixth Avenue side and the box section facing dry dock road.

Commodious working spaces are provided and the building will be airy and well lighted.

There is a private office for the postmaster whose living quarters will consist of three rooms in addition to bathroom.

Who the new postmaster will be is not yet made known.

POST OFFICE FOR TERRACE

Board of Trade Asking For Federal Building

TERRACE, Dec. 8.—The Board of Trade held its regular meeting Thursday night in Willie's Hotel. The attendance was small owing to the fact that many members are busily employed in the war work now in progress.

One matter of business which came up was the inadequate facilities at the Post Office now that the local business and population have both outgrown the normal life of the village. It is proposed to ask the proper authorities for a Federal building in Terrace as it is felt that, with the present population of around 5,000, the existing premises and facilities are causing a lot of congestion and loss of time.

Minister Unable To Visit Rupert

Hon. Ernest Bertrand Called Back To Ottawa Instead of Coming Here

A telegram received in Prince Rupert yesterday afternoon announced that Hon. Ernest Bertrand, federal minister of fisheries, had found it impossible to visit Prince Rupert in the course of his present trip to the British Columbia coast but had been called back to Ottawa. Mr. Bertrand was accompanied to the coast by Dr. D. B. Finn, deputy minister of fisheries, and former director of the Prince Rupert Fisheries Experimental Station.

ISLANDS SERVICE

Union Steamship Co. Says Second Boat Not Justified—Suggests More Use from Prince Rupert

Present traffic to the Queen Charlotte Islands does not justify a second boat being put on that run, the Prince Rupert Chamber of Commerce was told last night in a letter from Carl Halterman, managing director of the Union Steamship Co. Mr. Halterman pointed out that, even under winter schedule, the Islands were receiving what amounted to a weekly service, one week from Vancouver and the other from Prince Rupert. Fuller use of the sailing from Prince Rupert to the Islands was suggested by Mr. Halterman who felt that the existing service should be efficiently used before considering the putting on of additional vessels. Even if there were a thousand more men employed on the Islands, Mr. Halterman did not believe a second ship would be justified.

Mr. Halterman's letter referred to the suggestion that another company might put the steamer J. W. Stewart on the Island run. This ship would not be satisfactory except for heavy freight which Waterhouse vessels were already available to handle.

The letter from Mr. Halterman was filed without comment.

DAILY NEWS IS OFF AIR

Taking Over by CBC Marks Conclusion of Long Local Service

Last night—the eve of taking over by the Canadian Broadcasting Corporation of the station—marked the end of local news broadcasts from station CFR, G. A. Hunter, managing editor of the Daily News, who has handled the broadcasts since the inception of the station, made the following farewell announcement:

"The advent of the Canadian Broadcasting Corporation, which takes over this station CFR, means the termination of these Daily News news broadcasts which we brought to you these many years through the pioneer days of the station. It is not without some regrets that we say farewell at this time to our many listeners with whom we know we have built up a friendly and personal contact. We might tell you now that our only reward has been your appreciation and goodwill which we believe we have won and hope to continue to enjoy.

"CBC policy is not to handle locally originating news broadcasts but Daily News will continue to serve you through its columns with your local news. It will be our endeavour to maintain for you the standard of service in that regard which we have given so long with such extensions and improvements as from time to time it may be possible for us to make.

"So we do not only wish you on this occasion good evening but also goodbye as far as this broadcast is concerned. In so doing, we also wish you continued good listening over CFR and good reading in the Daily News."

SOLDIER IS VICTIM OF CAR SMASH

Fatality at Corner of Eleventh Avenue and Frederick Street—Others Are Injured

John E. Dunn, first class private of the United States Army, was killed; Private John A. Palmer was rather badly injured and some eight others were variously injured at 5:30 yesterday afternoon at the corner of Eleventh Avenue and Frederick Street when an army truck carrying twenty-five men slipped over the bank of the roadway and landed wheels up in a gully below. Dunn was badly crushed and died shortly after reaching military hospital. Palmer was the driver of the truck. He is expected to recover.

The death truck was being driven eastward along Eleventh Avenue and was just turning into Frederick Street when a truck of the British Columbia Bridge and Dredging Co. became stalled on the hill ahead. The second truck came quickly to a stop and it was in doing this that it skidded and went over the bank. Dunn was pinned under the large vehicle.

An ambulance which was dispatched to the scene also left the road at the same point but no one was injured.

Melville C. Johnston was the driver of the civilian truck.

ALLIES GET DAKAR PORT

Agreement Reached Between British General and French Governor

NEW YORK, Dec. 8 (CP)—Under an agreement signed yesterday between General Dwight Eisenhower and Pierre Boussant, Governor of Dakar, that strategically important base in French West Africa has been turned over to the Allies together with a number of French warships and several important air fields in West Africa.

Allied navies will use the strategic French West African port of Dakar and Allied planes will use air fields there as a transit point under the agreement reached with Admiral Darlan's regime and Lieut. General Eisenhower, who is the Allied commander in North Africa.

The agreement was reported by National Broadcasting Co. and Columbia Broadcasting Service in broadcasts from Algiers.

BIG XMAS BUSINESS

Express Shippers Advised to Get Parcels Off Early

WINNIPEG, Dec. 8.—With staffs working under wartime stress, while Navy, Army and Air Force business is added to ordinary civilian traffic, Christmas is going to be an intensely busy time for the Canadian National Express. B. A. Latta, general superintendent, western region, said yesterday. He appealed to the public to make things a little easier for the carrier and at the same time insure prompt delivery of parcels.

"It is to the public's benefit to co-operate with us," he said. "Do your Christmas shopping early is an excellent slogan and I'd like to see it extended to shipping. Certain commodities, such as perishable goods, cannot, of course, be forwarded until the last minute but the bulk of Christmas packages could go well before the rush and prevent congestion. That little sticker 'do not open until Christmas' saves a great deal of time and energy."

DUBLIN, Dec. 8.—No soap licenses are being issued to hotels and catering establishments, and hotel guests have to bring their own unless they are staying more than 28 days when they can get soap on coupon.

EDITORIAL

Ten Thousand Readers . . .

On the basis of our daily turn-out of 2,700 papers, it is to be estimated that ten thousand persons are reading the Daily News every day. That is the potentiality of every word that is printed in this paper. It is something to think about and causes one to reflect upon the power of the press. There is no other means of reaching the public that can in any measure be nearly so penetrating.

Sometimes, the people may become so accustomed to us that they may minimize our importance and take their daily newspaper just a little too much for granted. It is one of those things that keeps coming day in and day out, rendering a service, giving an interest that is only appreciated when it becomes missing.

The press is just another of those institutions of democracy which we fight these days to maintain. It is a thing that we have become so used to having that we never think of how we might feel if for some reason or other we are not to have it any longer.

As Flight Lieutenant Weisener of Norway said in a speech here last week of the privileges of democracy, they are a good deal easier to retain than to regain once we should lose them. We should cherish and protect them while we have them and not just blindly accept them as something to be taken too much for granted.

Vitriolic Answers . . .

To the editors of Canada freedom of the press is a precious right. Accordingly, when a jittery publisher in Chicago huris the childish untruth that it isn't free, the newspapers of Canada need no assistance from south of the border in defending themselves.

Robert R. McCormick, publisher of the Chicago Tribune, leveled the libel in question at Canada recently. Possibly he will never forget the contemptuous dusting off he now has received in Canadian newspapers from coast to coast—newspapers that certainly know their vocabularies.

Said the Montreal Herald: "The Canadian people . . . are not likely to take any notice save passing contempt for the burbling of a Hitler-crazed Chicago publisher."

Said the Halifax Herald: "There is plenty of freedom in Canada in this war; so much freedom, in fact, that Col. McCormick still gets his newsprint from this country as he got it when his press was 'taking the Nazi line' and displaying its notorious anti-British bias."

Said the Peterborough (Ont.) Examiner: "It is not often that a newspaper goes crazy, but it has been known to happen and if a newspaper publisher is not a level-headed man his vagaries are apt to crop up in the wildest forms in the pages of his journal."

Said the Montreal Gazette: "In what have been rather loosely termed the lower forms of life there is only one zoological species which depends wholly upon venom as a means of attack and destruction."

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT, Hostess

Good news, boys and girls! The 'Y' dances start again tomorrow—Wednesday. With this difference that there is to be only one a week, as when we first started, and it will run from 8 p.m. until 10:30 p.m. The 'Y' will, of course, be open until 11:30 as usual but dancing is definitely over at 10:30. Junior hostesses are advised to bring their hostess passes with them. You may be called upon to show them at the door.

It will be nice to have the dances again. I speak from my own viewpoint which is behind the desk on dance nights watching the dancers go by. I enjoy watching the fun they're having and the chats I have with the various people who drift up to the desk. I hope when we do start again that the stag line will endeavour to keep within

bounds and give the dancers a chance and that there will be no dancing with hats on. Some persons tell me that it is in the regulations of one of the services to keep hats on when dancing but, regulations or no regulations, I don't like it.

Just a word to the French boys in our midst. I wrote away to the bureau in Montreal which sent me such a generous supply of novels and magazines in the French language last year and asked them for a fresh supply as I notice the books look well worn and well read. One of the navy men wrote out a list of authors he would like to have on hand so if they follow that list there should be plenty of reading on hand for you during the long winter days.

Seems more like Christmas round these parts, doesn't it? All we need is are those things the children listen to in the popular song going the rounds. At any rate the boys from the prairies and down East think it's a little bit of all right.

HENIE FILM AT CAPITOL

Romance and Rhythm Set in Iceland's Pace

Featuring Sonja Henie, Norwegian skating star, "Iceland" comes this week to the Capitol Theatre. The film has added to the due of Sonja Henie and John Payne, the laugh-provoking antics of Jack Oakie and the celebrated music of Sammy Kaye and his orchestra with a new crop of hit tunes by songwriters Mack Gordon and Harry Warren, including: "You Can't Say No to a Soldier," "Lovers Knot," "Let's Bring New Glory to Old Glory," and "I Like a Military Tune."

"Iceland" is said to have the finest skating scenes ever shown on the screen—including even a new dance which already gives promise of national popularity, the "Lovers' Knot Polka."

As the name implies, "Iceland" has its locale in America's newest outpost, with all scenes laid in Reykjavik, the capital of Iceland. The story involves U. S. Marine John Payne and the dimpled Sonja Henie. Payne uses his "line" to ball Sonja, but winds up being baited himself into saying "I do!" The coincidence of his own military pal Jack Oakie, adds to the side-splitting comedy.

Letter Box

Editor, Daily News:
There have been quite a few articles in the local papers recently regarding the taking over of the radio station by the C. B. C. Some people seem to think that when that comes, to pass everything in the garden, or should I say, in the air, will be lovely. But will it? As far as I can understand, broadcasting will be done by electrical transmissions which is just what we are getting right now. If those transmissions are of the C. B. C. program it is hard to say whether it will be a blessing or otherwise. Speaking personally I think a lot of the programs emanating from the C. B. C. are punk.

I see that a dinner is being given to some of the C. B. C. officials. I suggest that, as a hor d'oeuvre, they serve a portion of Prince Rupert's exclusive brand of radio reception or what passes for radio reception in this town. And what I say exclusive I mean just that. Because I don't suppose there is another town in Canada that gets more noise and less music than we do.

Now how do we go about it to get this wonderful reception? I, you are a new arrival in town you listen to a wonderful line of sales talk. Then while you are still in a daze, you sign on the dotted line and arrange to have the radio delivered and also buy a license. Then you connect the aerial to the set, press a button and wait for Reddy Kilowatt to do his stuff. He does it. And what do you get? You get noises from washing machines, vacuum cleaners and in fact almost every electrical appliance in town, plus arcing from power lines and of course the ceaseless dot and dash stuff. At times the noise sounds as if a company of machine gunners were having firing practice in a boiler factory. But should you by any chance manage to get a few minutes of uninterrupted reception from outside, you write to Ripley.

I appreciate what has been done by the radio committee of the Chamber of Commerce to improve matters but it was obvious that not much notice was taken of them by the worst offenders. It is to be hoped that the C. B. C. officials will take the matter up with whoever has authority enough to compel local attention to eliminate machine made static.

Thanking you for the space,
HOPEFUL

**VICTORY
 CAFE**

330 Third Avenue West

Announcement

Restrictions placed upon us by the Wartime Prices & Trade Board compel us to announce we shall be unable to put on our "Christmas Special" this year.

This practice of sending a small box of smoked fish, typical of the dominant industry of Prince Rupert, has become increasingly popular and we are very sorry we shall have to disappoint our many customers this year.

After the war, we hope we shall again be able to make this special Christmas offer available to our many friends.

ADVENT OF CBC IN RUPERT
 (Continued from page 1)

igation committee to carry on systematically instead of periodical investigations which, played up, might make it appear that dire and terrible things had happened whereas such things had not happened.

Mr. Dilworth then discussed some of the problems of radio policy. One of the most important of these was the provision of balanced and varied programs compatible as far as possible to the tastes of the people. Then there was the need of bringing service to as large a number of people as possible "including the loneliest trapper in Canada as well as the people of the cities such as Vancouver and Montreal.

Among other things, of course, the CBC had been charged with bringing service into Prince Rupert. How badly it had measured up the people of Prince Rupert, of course, knew but he hoped they were appreciative at the same time of some of the difficulties.

As for himself, Mr. Dilworth admitted that he had at first thought that all that would be necessary to take full radio coverage to British Columbia would be increasing

Public Notice

Public notice is hereby given to the electors of the Municipality of the City of Prince Rupert that I require the presence of the said electors at the Council Chambers, City Hall, Fulton Street, Prince Rupert, B.C., on the fourteenth day of December, at twelve o'clock Noon, for the purpose of electing persons to represent them as Mayor, Aldermen and School Trustees.

The mode of nomination of candidates shall be as follows:—

The candidate shall be nominated in writing; the writing shall be subscribed by two electors of the municipality as proposer and second, and shall be delivered to the Returning Officer at any time between the date of the notice and Two P.M. of the day of nomination; the said writing may be in the form numbered 3 in the Schedule of the "Municipal Elections Act," and shall state the names, residence, and occupation or description of each person proposed, in such manner as sufficiently to identify such candidate; and in the event of a poll being necessary, such poll will be opened on the Seventeenth day of December, 1942 at Eight A.M. continuing to 8 p.m., at the Council Chambers, City Hall, Fulton Street, of which every person is hereby required to take notice and govern himself accordingly.

Given under my hand at Prince Rupert, B.C., this 7th day of December, 1942.

D. V. SMITH,
 RETURNING OFFICER.

the power of the transmitter at Vancouver. However, it soon became evident that that was not the solution. The Corporation had not been inactive but had given a great deal of thought to the problem of this part of British Columbia. It had been concluded that the only way to give proper coverage was to carry programs of the network from point to point with a series of land lines and transmitters at strategic points. Now a wire was being completed through the Cariboo to Prince George and in East Kootenay.

In Prince Rupert
 In Prince Rupert there still existed an extremely difficult problem as there was no proper wire facility. It was still impossible for Prince Rupert to be put on the network. By early next summer it was hoped that this would be corrected and that wire facilities will have been provided between Jasper and Prince Rupert. Then the full broadcasting service of CBC would be brought into Prince Rupert and the people of Prince Rupert could then take part in the "great national pastime of whipping the CBC."

For the present, as far as Prince Rupert was concerned, it would have to be satisfied with the best transcriptions that could be brought in.

Another difficult problem at Prince Rupert was the bringing in of news direct as often as possible each day. The present scheme was to bring in the news from Vancouver by special long distance telephone circuit. This would be a "costly and hazardous" service but it was the only method that could be found. Short wave reception and transmission had been investigated but did not seem feasible.

Questions of program were always difficult, Mr. Dilworth said, in view of the many varying tastes. What was one man's "meat" was another man's "poison." People would "hate" certain programs and would deluge the Commission with letters. Of course when programs were appreciated they were seldom acknowledged.

In Prince Rupert it was likely that only one station would be available and that would make it all the more difficult to provide service suitable to divergent tastes. However, the other fellow's point of view should be recognized before becoming too critical.

In Prince Rupert the aim would be to bring to the best of ability a variety of speech and discussion—music that was "hot" and music that was "sweet." He asked the radio public of Prince Rupert to be patient for there certainly would be problems here. Criticism, as tolerant as possible of the difficulties, would always be welcome. Simple and direct suggestions were always helpful and useful in building up program service.

The CBC hoped that CFPR would

continue to be in the future as it had been in the past an intimate part of the community of Prince Rupert but that it would become a part of the great life pulse of the Dominion by the eventual picking up of programs and views here for direct transmission.

It was to be hoped, Mr. Dilworth said in conclusion, that the entry of CBC here would bring a real service to Prince Rupert, linking this city with the rest of Canada so that this community might also play its part in building up the Canadian frame of mind, opinion and national spirit.

Auspicious Occasion
 In introducing Mr. Dilworth Mr. McRae referred to the entry of CBC into Prince Rupert as an auspicious occasion and major milestone in local progress. Direct radio connection with the rest of the world was a modern requirement, a communication quite as important as railway, steamships, highway, telegraphs, etc. Mr. McRae also paid tribute to the local young men who had founded CFPR.

G. R. S. Blackaby inquired of Mr. Dilworth if it would be possible to blot out a naval wireless interference which was blotting out reception at Prince Rupert. Mr. Dilworth said that the matter of interference was one that did not come directly within his province.

LOCAL NEWS NOTES

Carl Zarelli returned to the city yesterday afternoon from a trip to Vancouver.

We pay cash for furniture, silver, 100% medical instruments. Call or write: Elmer, Prince Rupert.

J. J. Little, chairman of a special committee on the new street traffic regulations, advised the Prince Rupert Chamber of Commerce last night that there was no report ready on this subject as yet.

Correspondence read at the meeting last night of the Prince Rupert Chamber of Commerce reporting on the recent annual convention of the Canadian Chamber of Commerce in Quebec. There was also correspondence from the Department of Trade and Commerce in regard to routine matters.

G. A. Gray, local superintendent of the Canadian National Railway, was elected to membership in the Prince Rupert Chamber of Commerce at the regular monthly dinner meeting last night. S. A. Cheeseman, who had been elected a member last month, was present and was duly welcomed.

Trevor J. Williams, accountant of the Northern B.C. Power Co., having enlisted in the Army, leaves this evening for Vancouver. At last night's meeting of the Prince Rupert Chamber of Commerce, best wishes were extended to Mr. Williams on motion of S. E. Parker and J. J. Little, secretary of the Junior Section of the Prince Rupert Chamber of Commerce ever since its inception. Mr. Williams has also been active in the senior chamber. Later last evening, a farewell stag party for Mr. Williams was held at the home of L. M. Pelsenthal, Fourth Avenue East.

Passengers leaving for Vancouver include W. Smith, Sam Pearce, G. Wilson and R. H. Barnes.

Evening of Bingo, Wednesday, 8 o'clock, K of C Club. Refreshments. Everybody welcome. (285)

The fire department had a call to the home of Mrs. V. Menzies, 353 - Olive Circle, this morning to extinguish a small chimney fire.

Mrs. H. F. Glassey returned to the city yesterday afternoon from Vancouver where she had spent the past three months, undergoing a major operation while away.

A letter from G. H. Clarke, director of postal service for British Columbia, advised the Prince Rupert Chamber of Commerce last night that a coastal steamer, use of which in carrying mail south-bound from here to Vancouver each week had been suggested, would not be utilized at this time. G. R. S. Blackaby felt that there should be further explanation of the refusal. It was decided to refer back to previous correspondence on the same subject.

Engagement

Mr. and Mrs. Robert S. Wood announce the engagement of their younger daughter, Elizabeth Stoddart, to Lieut. Joseph Naylor, R.C. A.S.C., only son of Mr. and Mrs. J. Naylor of Prince Rupert. The wedding will take place shortly in the east.

Announcements

All advertisements in this column will be charged for a full month at 25c a word.

BASKETBALL GOING WELL: KEEN PLAY

Dry Dock Still Undeclared and Favored to Take Honors

The first half of the current basketball season is now nearing a close with the Dry Dock still undefeated and heavy favorites to take league honors. The playoffs for the first half will be carried out in a manner similar to that of the National Hockey League, the first, second and third teams will tangle to decide an ultimate championship team. This gives slow starting teams, who were a while getting into stride a chance to get in on the playoffs.

United States Headquarters, early season favorites, dropped off badly losing to the Dry Dock and Navy and are not as potential at the moment. They seem to be over coached in some respects, principally in floor formation which is more or less unsuitable to the type of play in this league. Possibly if Coach Ellison held his position as coach and stayed on the bench his boys would show much better. Lefty Molne, scoring ace of the Yanks, is now on furlough and will not be here for the playoffs.

Severino Dominato, former Standard Oil guard, has returned from the south and is now on the Dry Dock team. This will bolster the shippard team no end and will make them just a little stronger than any of the other squads.

The Navy has to be congratulated on its fine showing with so few to pick from stationed on shore. Sparks, their bearded ace, is a treat at times. A Victoria boy, he reportedly has had a tryout with Victoria Dominos, Canadian champions.

The Air Force still depends on two former locals for scoring punch, namely Lindsay and Fulton. A well balanced team, though late starting, the flyers are now strong contenders for a playoff berth. Reports have it that

the gym at the base which has been unavailable of late is now cleared and practices are to be held regularly from now on.

The Co-op entry has had very poor luck with their players. Clough, their big centre, has been absent from the last two games and this seems to knock the life from the team. Congratulations are, however, in order for the splendid way the store employees turned out during the half to support the boys. Their feminine rooting section is by far the most pleasant from a standpoint of looks and they carry with them everyone from Jack Deane down. These turnouts are gratifying but have been sadly disappointing as far as the various service teams have shown so far.

High School has done well. They have the youngest team in the league yet they have lost few games and are now sure of a playoff spot. Principal O'Neill and many student rooters are on hand at all games which is gratifying as the boys deserve the support. Bob Long and Ted Arney are still leading the score column for the students although Syd Alexander and Boyo Gurvich are the hardest workers in the league. In their game with the Navy these two boys held the sailors to a standstill in their respective positions and were instrumental in many of the scoring plays getting under way.

Next games will be Wednesday evening and some entertainment-hungry folks might drop over to the Armories and enjoy an evening's sport.

Ole Phillipson of North Pacific Cannery, after having been in the city for the past week or so on cannery business, also paying a visit to Hazelton, will leave Thursday night on his return to Vancouver where he is spending the winter.

TOO LATE TO CLASSIFY

FOR SALE—Chesterfield suite. Apply 433 Fifth West after 5 p.m.

WANTED—Teacher wanted for Digby Island Rural School. Twenty minutes by boat from Prince Rupert. Salary \$780. Apply Secretary, Digby Island School, Dodge Cove, via Prince Rupert, B.C.

The Canadian Legion in Terrace has been able to resume regular meetings under better auspices than was the case formerly. For some time the Legion Hall has been occupied by war workers but these men are now comfortably housed in the vicinity and the Legion members have their hall back.

HOLD LEAD IN BOWLING

SavMors Keep on Top in Five Pins With Chinese Youth Second

In last night's Men's Five Pin Bowling League roll offs, SavMors retained their hold on first place by defeating Stones 2 to 1. Burns took all three from Painters and Air Force did likewise to Signals. Boom Defense again defaulted, this time to Chinese Youth. Monarchs beat the All Stars twice and Watts and Nickerson had a clean sweep over Ordnance.

The Air Force rolled 3,170 for high aggregate pins and also took high single honors in this department with 1,129.

Bill Bach came in with a nice 816 count to be the high individual scorer. A 323 string, also rolled by Bach, was the high single.

Here are the league standings for the Men's Five Pin League:

SavMors	31
C. Y. A.	27
R. C. A. F.	26
Burns	25
Monarchs	24
Stones	21
All Stars	19
R. C. C. S.	16
R. C. O. C.	14
Watts and Nickerson	13
Painters	12
Boom Defense	6

Terrace

Winter arrived a month earlier than usual at Terrace with clear cold days and good sleighing. Temperatures hovered around 25 degrees above zero and while that was not much in the way of cold weather, there was a strong wind from the northeast which made it feel ten degrees worse than it was.

The Canadian Legion in Terrace has been able to resume regular meetings under better auspices than was the case formerly. For some time the Legion Hall has been occupied by war workers but these men are now comfortably housed in the vicinity and the Legion members have their hall back.

WEDDINGS NUMEROUS

Three Marriages Since End of Week at Manse of First United Church

Three marriages have taken place at the Manse of First United Church since the end of the week with Rev. James A. Donnel officiating.

On Saturday evening two of the weddings were solemnized. In one Miss Bertha Newman of Winnipeg became the bride of Frederick Kemp of Prince Rupert. In the other Miss Dorothea Murlie Lead-better of Prince Rupert was united with Albert Betty of Vancouver. Last evening Miss Daisy Alice Bond of Vancouver was married to Samuel John Lennox of Prince Rupert.

Every general manager today, heading a Chartered Bank, entered the bank as a junior in some small branch and rose from the ranks.

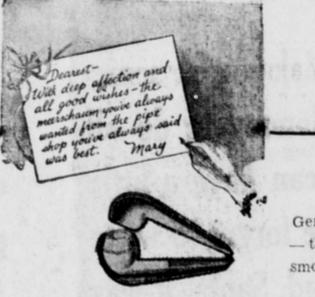

A Loan
A Lathe
A Load OVER LÜBECK

2 mechanics get an idea.
Do they deserve credit?
You be the judge.

Those two young fellows had an idea that they could turn out small airplane parts in their spare time, at home. But they needed a lathe...
So they went to see the bank about a loan. The manager liked their eagerness, and the fact that both were expert mechanics. They got the loan of a few hundred dollars.
That was three years ago. They have twenty men on the payroll now, and contracts for airplane parts totalling \$100,000. They are doing an important full-time job... helping Canada's bombers to carry their deadly loads over enemy cities.
The above is an actual case—typical of how banks help free enterprise. It is happening every day in cities and towns across Canada.

Every general manager today, heading a Chartered Bank, entered the bank as a junior in some small branch and rose from the ranks.

THE CHARTERED BANKS OF CANADA

Genuine Meerschaum — the aristocrat of smoking pipes.

If he's a smoker, you can find just the gift to make him happy here, at the Grotto Cigar Store, smoker's headquarters. Choose a gift, at any price you wish, from our line of fine tobaccos, pipes, humidors, and smoker's accessories.

The News For 'Xmas

Once more the Daily News is pleased to offer as a Christmas Gift Suggestion a Year's Subscription to this paper.
Can you think of a gift that would be more appreciated by any person who has recently moved away or an old friend who has been away for a long time?
Special price on gift subscriptions by mail—\$2.00 per year.
This special is good only between now and Christmas.
We will send an announcement of your gift to the person who is to receive it.

It's interesting to know when reading the Daily News that the people of the whole district are doing the same.

PLEASE READ THIS
LETTER FROM
A LITTLE GIRL

Dear Santa Claus: This year I want to ask you for something extra special. Please tell my Mommy to do all her Christmas shopping early so we can have a little peace around our house. Last year she forgot to write out her list until the very last week—and, Santa, it was awful. She ran downtown every day and stayed all day, and then came home real tired and cross 'cause people pushed her around, she said, and they stepped on her toes. And she couldn't find anything she wanted anyway, for everybody else had already bought all the nicest things.

She just remembered, too, that there wasn't enough

time left to mail any presents to Uncle Jed and Auntie Amy or Cousin Lou. And she cried and cried 'cause she didn't have a chance to wrap anybody's packages up pretty the way she likes.

And, Santa, she wasn't a bit nice to Daddy or me. Daddy had to help me get supper every night, for Mommy just went to bed with a cup of tea and a headache. So please tell her to hurry up and shop right now. 'Cause if Christmas is going to be like that again, Santa, I'd sooner we'd just forget the whole thing—

Your friend,
JUDY.

P.S.: And Santa, don't forget! We buy everything at the RUPERT PEOPLES STORE, CUT RATE SHOE STORE and RUPERT MEN'S AND BOYS' STORE — as if you wouldn't know!
