V. XXXI, NO. 40.

PRINCE RUPERT, B.C., TUESDAY, FEBRUARY 17, 1942.

PRICE: FIVE CENTS

Churchill Quite Optimistic

Germany Has Lost Use of Great Battleships For Some Time And British Sea Sway Strengthened

Speaks of Great Naval Reinforcements Due for Both Homeland and United States—Refuses to Yield Personal Command of Imperial Defence.

LONDON, Feb. 17: (CP)—Germany has lost the use of the battleships Gneisenau and Scharnhorst "for some time to come" and Great Britain strengthened her command of the seas in last week's battle in the English Channel, Prime Minister Winston Churchill told the House of Commons today.

Damage inflicted on the German ships during the dash for freedom will lay them up for repairs, Mr. Churchill said, and, before they are seaworthy again, "the Royal Navy will be reinforced by important units of the highest quality" along with new big ships joining the United States Navy to meet the challenge.

The prime minister's report to the House of Commons was confident and optimistic and he yielded nothing to the demands of critics. To the exhortation that he relinquish the extra burden of the defence ministry, a portfolio he now holds, Mr. Churchill answered "no." In addition to refusing to hand over the ministry of defence to anyone else, Mr. Churchill declined to form a separate Imperial war cabinet. He invited another rest of confidence in parliament.

The prime minister refused to discuss the surrender of Singapore, explaining: "I have no information to give the house other than that contained in the public press. Nor would it be prudent to speculate in detail upon the various evil consequences which may follow from its fall." The outcry of criticism in the press against the government has to a large extent subsided.

Many Attend His Funeral

Service For Late Murdoch McLeod Held On Sunday Afternoon

The chapel of the B. C. Undertakers was crowded on Sunday afternoon for the funeral of the late Murdoch McLeod, former well known local marine fireman and more recently of the Salvation Army hostel, whose death occurred the latter part of last week.

Among those present, in addition to old personal friends, were men of the forces with whom he had become an esteemed figure. Adjutant E. D. Brunson, local commandant of the Salvation Army, conducted the service, paying feeling and appropriate tribute to deceased, Miss Clara Pierce presided at the organ to accompany the hymns which were "Nearer My God to Thee," "What a Friend We Have in Jesus" and "Abide With Me."

After the service interment was made in Fairview Cemetery. Pallbearers were Hugh McKenzie, Alex McLeod, Roderick Smith, Soren Jensen, Thomas Morrison, George Gunn.

There were numerous and beautiful floral tributes.

Italian Warships Are Hit

CAIRO, Feb. 17: (CP)—British naval aircraft have scored torpedo hits on two Italian cruisers and a destroyer in the central Mediterranean, it was announced today.

JAPS ARE ARRESTED

Both Nipponese and U.S. Uniforms, as Well as Secret Documents, Found in Their Possession.

SACRAMENTO, Feb. 17:—Federal Bureau of Investigation agents, in the course of investigations into the alien situation, particularly the Japanese, yesterday uncovered both Japanese and United States uniforms and secret documents in Japanese quarters here.

Arrests have been made. There are still believed to be some 205,000 Axis aliens in California, most of them being Japanese.

WORK FOR JAPANESE

Informed Quarters in Ottawa Suggest What May Be Done with B.C. Nipponese.

OTTAWA, Feb. 17: (CP)—Employment of Japanese moved from the protected area of British Columbia in construction and improvement of important links to the proposed Alaska Highway was forecast in informed quarters today. It was said that present plans do not call for employment of Japanese on the actual highway which will probably run from Prince George to the Yukon but rather on feeder routes development of which would involve construction and improvement work from Jasper down the North Thompson to Kamloops where there is contact with the highway from Vancouver.

Another likely development is similar work along the route from Jasper to Prince George along the Fraser river, by improving existing roads and filling in gaps a new route to Prince George, in addition to the Cariboo Highway, would be provided.

AFTER-WAR JOB CONTROL LONDON, Feb. 17: (CP)—The British Ministry of Labor envisages legislation for government control of jobs when the men in the fighting services are released for peacetime work after the war.

LOCAL TEMPERATURE Maximum 41.5 Minimum 32

"Rushbrook Heights" Chosen As Appropriate Name For New Residential Section

Judges in The Daily News contest for an unofficial name for the new Wartime Housing area across Hays Creek have selected "Rushbrook Heights" as a distinctive and fitting name. After considering a large list of selections which narrowed down to a few which were considered appropriate, it was felt that it would be quite in order to make a choice of particular local color, perpetuating the name of the beloved pioneer missionary whose home for so many years occupied almost exclusively the area which is now the site of the industrial building project.

LOAN GOES OVER WELL

First Day Is Satisfactory—Some Communities Exceed Quotas Already.

OTTAWA, Feb. 17:—Early tabulations indicate that opening day subscriptions yesterday in Canada's Second Victory Loan campaign were well up to expectations. A number of communities exceeded their allotments on the opening day.

Canadians subscribed \$51,334,900 during the first day of the Second Victory Loan, it was announced today.

NEW HEADS AIR LINES

Operations Superintendent on Prairies and in Maritimes Are Appointed.

WINNIPEG, Feb. 17:—The appointment of E. W. Stull, assistant superintendent maintenance and overhaul, Trans-Canada Air Lines, Winnipeg, to the post of operations superintendent, western division, Lethbridge, was announced yesterday by O. T. Larson, vice-president. The appointment is effective immediately.

Mr. Larson also announced the appointment of W. W. Fowler, senior captain on T. C. A.'s eastern services, to become operations superintendent, maritime division, with headquarters at Moncton. The post is a new one and Mr. Fowler will have charge of all operations east of Montreal. His appointment is effective March 1.

E. W. Stull is a native of Sudbury, Ontario, and commenced his aviation career in 1924 with the Ontario provincial air services. He formed his own company, Wings Limited, in 1934, and joined Trans-Canada Air Lines in 1938. He was superintendent of T.C.A.'s western division in the early stages of the company's history before becoming attached to the department of maintenance and overhaul. He replaces H. H. Kenyon, resigned.

W. W. Fowler is a native of Sackville, New Brunswick, and was district superintendent of Canadian Airways in the maritimes for four years before joining Trans-Canada Air Lines as a member of the first pilot group to fly for the National Air Service. He has been assigned to the company's Toronto base for the past two years.

Canada Regrets Talk of Hepburn

NEW YORK, Feb. 17:—The New York Herald Tribune says that the Canadian authorities have sent to Washington unofficial expressions of regret at recent statements in regard to the United States made by Premier Mitchell Hepburn of Ontario. There can be no official statement of regret as Hepburn is not a member of the Canadian government, occupying in Canada a position corresponding somewhat to that of a state governor in the United States.

Australia and Java Ready; Burma Retreat

Prime Minister John Curtin ordered mobilization of "every human being" in Australia today as Japanese invasion hordes pressed a direct threat to Java and forced a new withdrawal in the critical battle of Burma. Blasting a path for invasion, Japanese planes bombed and machine-gunned several islands in narrow Sunda Strait which separates Java from Sumatra. A Bulletin from Dutch headquarters said that Netherlands bombers were striking back at the invaders and had scored a direct hit on a Japanese transport and probably hit another in an attack presumably made off the Sumatra coast. Batavia dispatches said that the Japanese were evidently preparing to attack Java without waiting to complete the investment of Sumatra but Dutch authorities said that Axis rumors of Japanese landing on Java were untrue. A spokesman declared that the defenders faced the zero hour with burning resolution despite the gravity of the situation.

British Bombers On Trail of Battleships

British bombers are already seeking out the new North Sea berths of the German battleships Scharnhorst and Gneisenau, which escaped from Brest last week, it was believed today on the basis of official reports from the Royal Air Force and the German High Command. The Royal Air Force announced only that bomber command aircraft last night attacked northwest German ports but a Nazi communique located the attack at Heligoland Bight where the Nazi warships were believed to have taken refuge after being damaged.

Hitler Using His Reserves Now

Moscow believes that Chancellor Adolf Hitler is using reserves now in a frenzied effort to bring the Red drive to a halt. In spite of stiffened resistance, however, the Nazis are still being forced back, the Reds having made an eighty mile advance in the Smolensk area. It is believed Smolensk will be bypassed on north and south.

Marine Action in Caribbean

Including the attack on Aruba in the West Indies, seven Allied tankers are believed to have been torpedoed in the Caribbean. There are indications, however, that a heavy toll of enemy submarines has been taken.

German Drive Through Turkey

Military observers in London believe that Germany is only awaiting better weather before starting a drive through Turkey with Suez as the ultimate goal. There are heavy Nazi troop concentrations in Rumania, Bulgaria and Greece. At the same time, a drive from Libya through Egypt would be essayed. Meantime, it is fairly quiet in Libya.

CLIMAX FOR BURMA ROAD

Enemy Moving Towards Rangoon Following Crossing of Solween River.

RANGOON, Feb. 17:—The Battle of Burma is now reaching a climax following the establishment of the Japanese of bridgeheads across the Solween River at Martaban and Paan on the way to Rangoon. There has been a further thirty mile withdrawal by British forces to the Deeling River on the Gulf of Mataban.

Canadians Must Back Army With Financial Aid

OTTAWA, Feb. 17:—If Canada's expeditionary force is to continue an effective force overseas, Canadians must support it financially, declared Lieut. General A. G. L. McNaughton, commander-in-chief of the Canadian Corps in Britain, in an address last night in connection with the Second Victory Loan campaign.

CANADA'S SECOND VICTORY LOAN

COMING EVENTS

BUY VICTORY BONDS

Fine Start Made—

VICTORY LOAN IS POPULAR

Forty-Four Percent of Quota Is Achieved on Opening Day—Much Better Than Last Year.

Victory Loan Starts Well With \$217,000

Prince Rupert made a fine start on the opening day of the Second Victory Loan Drive, well on towards the half-way mark of the objective being achieved. Subscriptions for the day were announced last night as having totalled \$217,000, the objective being \$485,000. Canvassers reported a ready response with a general understanding on the part of the public. There were also a number of spontaneous subscriptions from people who had only been awaiting the opening day.

A comparison of yesterday's opening day results in the Second Victory Loan campaign with those of the first day last year show a great improvement. Whereas the opening day subscriptions this year were \$217,000, which is incidentally 44 percent of the quota, only \$47,000 came in on the initial day last June. It was the ninth day before \$200,000 was reached last year and it was the nineteenth day before the quota was reached.

Good organization, effective publicity, sound groundwork and a more general appreciation of the seriousness of the war are believed to be the principal factors in actuating the ready response on this occasion.

The campaign is also being conducted on a much more economical basis this time, it is pointed out.

There were 300 individual subscribers on opening day. Some of yesterday's subscribers were:

- Northern B.C. Power Co. \$25,000 John J. Payne 5,000 Max Heilbronner 3,000 A. Mackenzie Furniture 2,000 A. Finnie 1,000 Mrs. B. A. Finnie 500 Dr. J. J. Gibson 500 Stephen King 1,300 Charlotte McF. Smith 1,000

HISTORIC FORT WALSH

The site of Fort Walsh, in the Cypress Hills, 40 miles southwest of Maple Creek, Saskatchewan, has been marked by a cairn to commemorate its achievements in the pacification of the Indians, 1878-81.

DAILY EDITION TUESDAY, FEB. 17, 1942

A Cheery Note . . .

It was a cheerful sound that was heard on the British radio yesterday when London played "Rule Britannia" at various times and told the world that there was no depression in Britain over the fall of Singapore but just a note of determination in all parts of the empire that the war would continue until it ended successfully. As Prime Minister Churchill said in his speech the Allies are in a better position today than they were a year ago.

Effect of Singapore Here . . .

The effect of Singapore's fall on this coast is that we must be fully prepared for anything that may happen. It seems a pity that the construction of the highway had not already been started. Surely now there is no good reason for delay in the commencement of this important work, very important not only for the people of Prince Rupert but also for Alaska and for Canada as a whole and especially the west.

Another Effect . . .

Another effect the fall of Singapore should have on us is that the people here should subscribe to the loan to the fullest extent of their ability. We cannot expect the government to spend a lot of money here if we do not do our full share toward the carrying out of the work. We feel quite confident Prince Rupert will do a complete part. She has done so in the past and the indications point to a repetition. We are asked to invest our money wisely so that we may benefit directly and indirectly, directly by securing a good rate of interest and indirectly by enabling Ottawa to look favorably upon the projects that interest us particularly.

DRY DOCK HAS A.R.P.

Meeting Held Sunday Afternoon

A general meeting of the Dry Dock section of Air Raid Precaution organization was held in the Canadian Legion Rooms on Sunday afternoon with approximately one hundred and twenty-five members in attendance.

J. J. Little, chief protection officer, was in the chair and expressed his pleasure at seeing such a large turnout. He outlined the purpose and work of the executive committee and the need for every available member of the community doing his or her share of this very important work. Herebefore it had been very difficult to get people to take a serious view of the danger from air raids, the majority feeling that it just could not happen here. Complacency, he felt, was one of the first enemies it was necessary to overcome. No time should be lost in doing so as events of the past week had brought the foe virtually to the doorstep. This meeting, however, gave him renewed confidence that much would yet be accomplished. He concluded his remarks with an appeal to all present to get behind the second Victory Loan drive and support it to the limit of their resources.

J. S. Wilson, chief warden, was the next speaker and gave a resume of the work in detail, explaining fully what had been accomplished and what remained yet to be done. Much of the work remaining was due to lack of volunteers. Like the chairman, he felt that there were too many who were willing "to let George do it," and "George" had just not been able to do it all. He outlined

some of the difficulties that had to be met with, many of which were due to the general public not taking the trouble to familiarize themselves with regulations and instructions published in both the local and Vancouver papers which fact was regrettable, as they had been published with the intention that every one would study them and acquaint themselves with the requirements. Under the circumstances, it might be necessary to reprint the regulations in which case he hoped everyone would save them for ready reference when necessary.

H. T. Lock, assistant chief protection officer, explained the duties and functions of his particular branch of the work but pointed out that practical demonstration was much more effective than a lecture and promised to give such a demonstration as soon as the necessary equipment and facilities were available.

J. A. Frew was called upon to explain what had been done towards organizing an A. R. P. unit at the Dry Dock. He also stressed the necessity of all volunteers promptly returning registration forms in order that they might be adequately protected in case of accident, either at practice or in actual emergency.

T. J. Boulter, assistant manager, on being called upon, explained the object of this meeting and the benefits to be derived from efficient organization in case of emergency. He informed the meeting

of how it was proposed to divide the yard into areas or districts with units of the various branches of the A. R. P. work assigned to each. When volunteers had been assigned to their branch and area, meetings would be called by their chiefs for organization practice and instruction. Mr. Boulter hoped that everyone would co-operate to the best of their ability towards making a success of the work.

Several questions were asked after which the meeting adjourned.

Quietly Wedded Here Saturday

Miss Vera McKenzie of Saskatchewan Becomes Bride of John Parish of This City.

At First United Church Manse on Saturday the marriage took place of Miss Vera Lillian McKenzie, daughter of Mr. and Mrs. John McKenzie of Luseland, Saskatchewan, to John Samuel Parish, 215 Seventh Avenue West, son of Mr. and Mrs. John Henry Parish. The ceremony was very quiet with Rev. James A. Donnell officiating.

CHEMISTRY HELPS TO WIN THE WAR

Canadian Pig + Canadian Salt
= *British Breakfast*

SIX HUNDRED MILLION pounds of bacon—that's what Britain expects Canada to deliver this year — far beyond the pre-war figure.

Bacon can't be made without Salt. Cheese, butter, fish, canned goods — all likewise call for salt. In these days perishable foods are "out" — it's preserved food for the forces and for civilians too.

And food preservation calls for Salt — tons and tons of it!

In other vital ways, too, Salt serves our war effort. It is essential in the production and processing of vital war-time supplies and equipment — in metal refineries, rolling mills, textile plants, canneries, chemical works.

The C-I-L Salt plant at Windsor, Ontario, is Canada's greatest producer of Salt. From Windsor, in cars and cargoes, tons of Salt pour steadily into service in Canada's vast war effort.

Salt is one of many C-I-L products of Industrial Chemistry which are aiding Canada's war effort.

LOCALS

See Gordon & Anderson for February furniture specials. 10% down balance over 12 months.

Tonight's train, due to arrive from the east at 11 o'clock, daylight saving time, was reported this morning to be forty minutes late.

Major John Simon, cousin of Sir John Simon, will address an open meeting in the Canadian Legion Hall, Wednesday, 8 p.m. Subject: "The Atlantic Charter." Everybody welcome.

Dr. Garner, provincial chest specialist, and Miss Florence M. Erickson R. N., arrived in the city on the Catala yesterday from Vancouver, being here to conduct one of the periodical tuberculosis clinics. They will return south on the Prince Rupert Thursday night.

Robert S. Stevenson, general organizer of the Brotherhood of Painters, Decorators and Paper-hangers of America, arrived in the city on the Catala yesterday from Vancouver. Mr. Stevenson will spend some time in the city organizing on behalf of the International Union of Painters.

Leonard Davis and Arthur Swanson, for drunkenness, were each fined \$25 in city police court yesterday, there being a jail option of seven days in the first case and fourteen days in the second. Lavinia Dick, Indian woman, was sentenced to three months' imprisonment for vagrancy. Florence Fowler and Priscilla Smith, other Indian women, were each fined \$15, with seven days' option, for drunkenness.

Major John Simon, secretary of the Victoria branch of the Institute of International Affairs, will arrive in the city on the Prince Rupert tomorrow morning from the south to spend a couple of days here, returning south on the same steamer Thursday night. A cousin of Sir John Simon, former British Chancellor of the Exchequer, Major Simon was for thirty-one years with the military forces in Canada and has been a lifetime student of international affairs. In 1939 he visited South Africa and Australia to study British Commonwealth relations.

Court of Revision Sitting Tomorrow

Only Twelve Appeals Against Provincial Assessment Coming Up

Court of Revision on the provincial assessment roll for this district will be held tomorrow with John Dybhavn acting as judge. There are only twelve appeals against the thousands of assessments made by Assessor George Cripps and these are only of a minor nature.

LAUNCHING OF SEINER

Capt. Peter Haan's Fine New Boat Universe Takes to Water.

Launching took place at the Matsumoto boat yard in Cow Bay on Sunday afternoon of a fine new seineboat for Capt. Peter Haan of Queen Charlotte City. The vessel, named Universe, took to the water smoothly and was duly christened by Miss Ruth Nelson.

The Universe is 65 feet long and has a beam of eighteen feet. Her power is derived from a 110 h.p. Atlas Imperial diesel engine. Of sturdy and fine appearance without, she is comfortable and well appointed within, equipment including shower bath and refrigerator.

The vessel has accommodation for ten men. She will be ready for sea in about ten days.

Some 100 persons attended the launching.

GIRL SKATER INJURED

SMITHERS, Feb. 17:— Little Miss Betty Leach suffered a bad sprain of her right wrist when she collided with another skater on the local rink on Thursday evening. She was attended by Dr. Greene after first aid had been administered by A. B. Washburn and A. Dando. She will miss the balance of the skating for this winter.

CONFERENCE FOR YOUTH

Importance of Organization in War Crisis Emphasized.

Plans for organizing a conference of Prince Rupert youth were discussed at last night's meeting of the youth committee held in the Carpenters' Hall. Representatives were present from the Junior Chamber of Commerce and the United Church Young People's Society.

Such a conference, it was felt, was virtually needed in view of the menace of war which has now come directly to Prince Rupert. The conference will give all youth groups, trade unions and similar organizations a chance to lay down a united program for action in the present crisis.

The youth conference will also elect delegates from Prince Rupert to the Provincial Youth Conference in Vancouver this Easter and will formally set up the Prince Rupert Youth Council.

Letters are being sent out calling for the co-operation of all organizations. Plans for a social Saturday evening at the home of the secretary were announced by Mrs. Blakey, social convener.

GARBO AS COMEDIAN

Noted Screen Actress Plays New Type of Part in "Two-Faced Woman."

Greta Garbo is seen in a dual comedy role in "Two Faced Woman" which comes as the feature offering to the screen of the Capitol Theatre here on Wednesday night only of this week. Melvyn Douglas is her leading man.

In her part Miss Garbo makes the transition from a simple, unworldly ski instructor to a winter resort to a glamorous and sophisticated woman who pits her wits and beauty against a rival in order to hold her husband, Melvyn Douglas.

The plot has Douglas marrying Miss Garbo, as the ski instructor, then falling for the charms of a lady playwright in the person of Constance Bennett. In her endeavour to keep track of her errant husband, Miss Garbo masquerades as her "twin sister" and it is in this role that she sings, jitters bugs dons a bathing suit for the first time on the screen and otherwise reveals a Garbo that movie-goers have not known before.

The supporting cast includes Roland Young, Robert Sterling, Ann Sothern and Ruth Gordon.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN PROBATE

In the Matter of the "Administration Act" and the Estate of Harold Kornelius Swendsen, otherwise known as Harold Swanson, Deceased.

TAKE NOTICE that by Order of His Honor Judge Fisher, Local Judge of the Supreme Court of British Columbia, I was on the 29th day of January A.D. 1942 appointed Administrator of the Estate of Harold Kornelius Swendsen, otherwise known as Harold Swanson, Deceased, formerly of the City of Prince Rupert, who died on or about the 28th day of October 1941. All persons indebted to the said estate are required to pay the amount of their indebtedness to me forthwith and all persons having claims against the said estate are required to file them with me properly verified, on or before the 15th day of March 1942 failing which distribution will be made having regard only to such claims of which I shall have been notified.

DATED at Prince Rupert, B.C. this 10th day of February 1942.
