WAR NEWS

ROYAL AIR FORCE BUSY

LONDON—Despite unfavorable weather, the Royal Air Force carried out further bombing raids over Germany during the night. The Luftwaffe attacked east and northeast English coast points, causing some casualties but slight damage.

JAP BASES BOMBED

MELBOURNE—There have been renewed attacks by Royal Australian Air Force and United States bombers on Lae, New Guinea, and Padang, Timor.

JAPS CLAIM PRISONERS

TOKYO—Imperial Tokyo headquarters asserted today that Japan's invasion armies had captured forty thousand prisoners, including fifteen generals, since the beginning of the Bataan offensive in the Philippines.

AXIS COLUMN HIT

CAIRO—British headquarters said today that patrols apparently scored direct hits on a column of Axis tanks, armored cars and artillery yesterday on the Libyan Desert.

BOOZE CURB IS FAVERED

Chamber of Commerce Backs Up Resolution of Prince Rupert Rotary Club

The Prince Rupert Chamber of Commerce, at its regular monthly meeting last night endorsed the resolution recently passed by the Prince Rupert Rotary Club demanding that restriction be placed on the consumption of beer and liquor in the interests of a better war effort and improved conditions of law and order.

Some of the members seemed more inclined to support a resolution of the Prince Rupert Gyro Club calling for an augmentation of the city and military police forces in order to make possible improved patrol and law enforcement, but after considerable discussion it was decided to back up the Rotary Club resolution as it stood and to appoint a committee to suggest ways and means of bringing about the desired end.

The feeling was generally expressed that conditions were deplorable here in Prince Rupert at the present time and something should be done about it. Various suggestions were made as to how a curb might be placed on the consumption of liquor. Views were expressed that the city was getting into a deplorable and filthy condition due to the use of liquor and there was a tendency to let it drift. The resolution of the Rotary Club had been subjected to misrepresentation. It was suggested. It should be clearly understood that it was not asking for prohibition but merely for the restriction of the sale of liquor.

There was supposed to be a war effort yet \$9000 in one day had been spent for liquor in Prince Rupert. Meanwhile conditions by night downtown were deplorable what with noise, quarrelling and general disorder. The stage was set for more serious rioting.

President Arnold Flaten stated he had been advised that the sale of Scotch whiskey and rum had been limited to one bottle per day per person.

It was moved by G. S. Blackaby, seconded by John Dybavik, and carried on majority vote that the Rotary Club resolution be endorsed.

Petain Is Making Place For Axis Collaborator

VICHY, April 14 (UPI)—The Petain government, which once ousted former Premier Pierre Laval, made a place today for the return of France's leading exponent of collaboration with Germany. An announcement said the three leaders met today and decided on a "consolidation of government established on new foundations."

Teheran Breaks Off With Japs

TEHERAN, April 14 (UPI)—With India imminently threatened by invasion Iran broke off relations with Japan. Lying between India and the North African battle zone, Iran would be a likely route for an attempted junction of Japanese and German armies.

MORE WORK UPON SHIPS

Continuous Production is Arranged For in Yards of Pacific Coast

OTTAWA, April 14 (Canadian Press)—West Coast union representatives and employees have accepted proposals of Hon. Humphrey Mitchell, minister of labor, for continuous production in coast shipyards to meet the critical need for ships, it was announced today.

Increase In Ship Fares And Freight

That applications had been made to increase important export and import freight rates both on the Atlantic and Pacific and for a fifteen percent increase in Pacific coastal freight and passenger rates was revealed in correspondence from Olof Hanson, M.P. for Skeena which was read last night at the regular monthly meeting of the Prince Rupert Chamber of Commerce. Already the executive of the local chamber had protested against such increases being allowed. Assurance had been given that, before any action was taken by the Board of Transport Commissioners or the Wartime Prices and Trade Board, the Chamber of Commerce would be given the opportunity to state its case.

A letter from the Stewart Board of Trade, read at the meeting last night of the Prince Rupert Chamber of Commerce, expressed regret that it had been necessary to call off the projected Easter Monday excursion from Prince Rupert to Stewart but extended an invitation for such a trip at some other time.

The letter from the Stewart Board of Trade enclosed a financial statement of the village municipality for the past year.

The annual exhibition of the Edmonton Art Club was held last week in the Corona Hotel. Dr. Egerton Pope conducted the opening. There were many fine works of art.

HANSON ON PLEBISCITE

Appeals to Prince Rupert Chamber of Commerce For Decisive "Yes" Vote at Forthcoming Referendum

Olof Hanson, M.P. for Skeena, speaking before the Prince Rupert Chamber of Commerce at the regular monthly dinner meeting last night, appealed for a decisive "yes" vote in the forthcoming federal manpower plebiscite. He expressed the hope that it would be a 100 percent affirmative vote and that the plebiscite would not be ignored through indifference in view of the vital issue which was at stake.

Mr. Hanson justified the holding of the plebiscite as the only thing to do in a democratic country. Further than that, however, he told how the federal government had been faced with the threat of being voted out of office had it invoked conscription for overseas service without consulting the people on the issue. No less than 133 members declared they would vote against the government had it done so. That would have left the Dominion temporarily without a government at a very critical time and would have resulted in a general election.

Conditions were constantly changing in regard to the war, Mr. Hanson said, and today manpower was required more in Canada than it was a few months ago in order to man the industries that were producing the vital war materials for the fighting democracies and in order to defend the Dominion itself against possible attack. War industries were making rapid progress and there were 500,000 Canadians under arms. All the while the war situation was becoming more serious, making a total war effort increasingly essential.

Mr. Hanson expressed appreciation of assistance and advice of such organizations as the chambers of commerce. Their considered views and sound advice were always heeded by the government. Arnold Flaten, president of the Chamber, felt that all were satisfied with the efforts and representation of Mr. Hanson who could rest assured that all members of the Chamber would vote in the plebiscite and would get those all around them to do likewise.

Graduate Nurses' Monthly Meeting

Regular Session Held Last Night In Nurses' Home—Hear of Blood Transfusion

The Prince Rupert Chapter of the Graduate Nurses' Association of British Columbia was in regular monthly session last night at the Nurses' Home. The president, Miss Jeanette Foster R.N., was in the chair and gave an interesting description of the latest method of blood transfusion. Mrs. Norman McKay was named convenor of the program committee.

Chronometers and Sextants Wanted

Need For This Sort of Ship Equipment Brought to Attention of Commerce Chamber

A letter from the shipping bureau of the Vancouver Board of Trade, read at the regular monthly meeting last night of the Prince Rupert Chamber of Commerce, referred to the need of any sextants and ship's chronometers not now in use being turned over for installation in newly built ships.

There was a distinct shortage of such equipment, it was pointed out, and the loan or donation of any not in use would be most acceptable.

Soviet On Offensive

LONDON, April 14:—Six Soviet divisions have launched a new offensive on the front west of Moscow. The Nazis admit that the Russians have broken through their lines at some points.

Strong Nazi attacks have also been made in the Donets Basin and in the Leningrad and Kalinin sectors.

SITUATION IN BURMA

Has Taken Graver Turn As Far As Allies Are Concerned

NEW DELHI, April 14:—The Battle of Burma took a grave turn yesterday. After advancing to within forty miles of the Irrawaddy oil fields, the Japanese are now moving to drive a wedge between British and Chinese forces which have been defending fronts seven miles apart.

British headquarters reported today the dangerous new Japanese thrust toward the central Burma oil fields. The British communiqué said that Japanese troops driving up the Irrawaddy River had captured the village of Myaung which is only twenty-two miles south of the Minbu oil fields.

BUILDING HIGHWAY

Prince Rupert Road To Be Completed As National Defence Project On Contract Basis

Olaf Hanson, M.P. for Skeena, advised the Prince Rupert Chamber of Commerce at its meeting last night of a meeting of British Columbia members with Hon. Humphrey Mitchell, minister of labor, where, among other things, the matter of the Prince Rupert highway had come up. As a result, Mr. Hanson was able to advise the Chamber that the construction of the highway up the Skeena River from Prince Rupert was to be carried out as a national defense project on a contract basis.

The plan was to complete the road from Prince Rupert to Cedarvale whence there was already a passable road leading to the outside.

Union Steamer Back on Time

Union steamer Catala, Capt. Ernest Sheppard, arrived in port at 7:30 this morning from Port Simpson, Arrandale and Stewart and sailed at 1:30 this afternoon for Vancouver and waypoints. Both the steamers Catala and Cardena have now been relieved of some of the calls on the lower coast which have been making it difficult for them to maintain their schedules on time and it is expected they will be running pretty well according to schedule henceforth. From now on the Catala should be getting in from the south about 6 o'clock Sunday evenings, sailing at 8 p.m. for Stewart and other northern points to return here Tuesday mornings to sail at 1:30 p.m. for Vancouver. Hereafter the Cardena is expected to arrive here on time late Friday afternoons, sailing at 10:30 that night on her return south.

Northland Transportation Co.'s ship Northland was in port yesterday afternoon from 3 to 5 o'clock southbound from Alaska to Seattle. The vessel discharged fish for transportation East over Canadian National Railways.

AIRMAN IS DECORATED

High Award for Sergeant Ian Dugald McLean of Prince Rupert

LONDON, April 14 (Canadian Press)—Sergeant Ian Dugald McLean, 21, whose address is given as Prince Rupert, has been awarded the Distinguished Flying Medal for heroic devotion to duty during bombing raids over the Continent. Pilot McLean was cited for reliability, persistence, attacking, obtaining photographs and bomb damage.

The citation said that McLean had flown in attacks on Berlin, Kiel, Mannheim, Brest, Wilhelmshaven and other targets. Once he was caught in heavy anti-aircraft fire over Emden. He eluded ground fire after twenty minutes and then returned to photograph bomb damage.

RADIO IS DISCUSSED

Chamber of Commerce Asks For Link With C.B.C. and Salaried Local Inspector

The local radio reception and service question was again under discussion last night at the meeting of the Prince Rupert Chamber of Commerce, the outcome being the passing of a resolution requesting that Prince Rupert be hooked up with the Canadian Broadcasting Corporation network by means of a line from Jasper Park and that a permanent inspector be established here at a suggested salary of \$150 per month for which there would be a return through collection of licenses which it is estimated might amount to some \$2500 per year.

SEAL COVE ROAD AGAIN

Another Committee Fails to Get Desired Action—Chamber Asks For Meeting With Commissioner and Engineer

The Prince Rupert Chamber of Commerce, by resolution at its meeting last night, expressed dissatisfaction with a proposal made by the city to improve the road to Seal Cove and decided to request the city commissioner and city engineer to meet the executive of the Chamber to discuss the matter.

The proposal of the city, as presented in a report from the public works committee through Theo Collart, was to build a sidewalk from the corner of Sixth Avenue East and the road to the fishermen's float to the eastern end of Ambrose Avenue and to form a shoulder on Sixth Avenue East from Hays Creek Bridge to Immanuel Street, first at most dangerous points along Sixth Avenue and then as labor and equipment is available to complete the shoulder to seven feet width.

There was general criticism to such proposals as being entirely inadequate and only Mr. Collart voted in favor of accepting the report.

Canada Commerce Chamber Head To Visit This City

The Prince Rupert Chamber of Commerce was advised last night that W. G. McKenzie, president of the Chamber of Commerce, and D. L. Morrell, secretary of the Canadian Chamber, expect to visit Prince Rupert within the next couple of months in the course of a Canadian tour.

Record War Bill For Coming Year; Luxury Taxes Are Featured

Income Tax Rate Also To Be Raised From Basis Of Fifty Percent—Entertainment, Beer and Whiskey Taxes All Being Raised

LONDON, April 14: (CP)—Announcing a record war budget of £5,286,000,000 (\$23,511,000,000) for 1942-43, Sir Kingsley Wood, Chancellor of the Exchequer, today called upon the tax-burdened nation to pay additional levies on beer, whiskey and other luxury items to help raise money needed to fight the war. The budget also pro-

Federal Permit For Local Civic Centre Endorsed

The Prince Rupert Chamber of Commerce last night complied with a request from Dr. R. G. Large, chairman of the civic centre committee, that it give its approval to application which is being made for a federal priority permit for the local civic centre undertaking. Dr. Large advised the board that arrangements were now in such a position where it was expected to be able to go ahead in the very near future.

United States Is Using Roads

Prates from Nelson Board of Trade At Red Tape Heard by Local Chamber

The Nelson Board of Trade had a communication before the Prince Rupert Chamber of Commerce last night referring to a telegram which had been sent to Ottawa complaining at such "trifling and red tape" as the denying of the use of Canadian roads to United States trucks carrying war materials north. Olaf Hanson, M.P. for Skeena, advised that Chamber that this situation had been speedily rectified and there were no further such delays.

IS NINETY YEARS OLD

Mrs. Donaldson Reaches Milestone—Many Friends Offer Best Wishes—A Climax in the Evening

Mrs. Donaldson, mother of Mrs. C. E. Cullin, celebrated her ninetieth birthday yesterday and throughout the afternoon friends were calling at the home on Fourth Avenue East in a steady stream, bringing with their good wishes flowers and gifts. To cap the climax of a happy day, this esteemed nonagenarian took on one of her friends in cribbage and nearly "skunked" her twice.

Indian Agent Is Down Coast

Indian Department's cruiser Naskeena is on a trip to Hartley Bay with the Indian Agent, James Gillett, on board on official business. The Naskeena left late yesterday afternoon and is due back tomorrow night. Prior to leaving for Hartley Bay, the Naskeena made a trip earlier in the day yesterday to Kitkatla with Dominion Constable A. J. Watkinson on board. Rev. B. Shearman, missionary teacher at Kitkatla, returned there on the Naskeena after a brief visit to the city.

BEAUTIFUL MARRIAGE FIVE PIN BOWLING

Miss Judith Jerstad Becomes Bride of George Morgan at Church Ceremony

A beautiful and interesting wedding took place at 7 o'clock Saturday night at St. Paul's Lutheran Church, beautifully decorated for the occasion with pink and white carnations and ferny greenery, when Miss Judith Cecile Jerstad, only daughter of Mr. and Mrs. John Jerstad of this city, became the bride of George Frederick Morgan, younger son of Mr. and Mrs. Rees Morgan of White Rock. Rev. J. H. Myrwang, pastor of the church, officiated before a large gathering of friends.

Mrs. Ingvald Fenness played the Wedding March as the bride entered the church upon the arm of her oldest brother, Swen Jerstad, by whom she was given in marriage. She was a charming picture in her white wedding gown of net and lace over heavy satin. Her shoulder length veil was held with a coronet of orange blossoms. She carried a shower bouquet of pink and red roses.

There were two pretty bridesmaids—Miss Lilly Luth, in deep blue, and Lillian Skogmo, in light blue, wearing head wreaths and carrying bouquets of pink and white carnations.

Thomas Jones was the groomsman.

During the singing of the register, Mrs. Lindseth sang "Just a Wearyin' For You."

Ushers were Donald Wilson and Ted Parkhouse.

Reception Later

Following the ceremony a reception was held in the Oddfellows' Hall where two hundred guests gathered to tender their congratulations and best wishes to the happy couple who stood under an arch of pink and white carnations with crepe trimmings.

The toast to the bride was proposed by Mr. Myrwang and responded to by the groom. The toast to the bridesmaids was responded to by Thomas Jones. Several others spoke including Frank Howarth, Charles Clare, James Sheldon, J. E. Ormheim and Miss Helen Skogmo.

Refreshments featured a handsome three-tier wedding cake which the bride duly cut. The bride's table was decorated with pink and white roses and carnations and suspended over it was a white wedding bell.

Later in the evening there was dancing with music by Bobby Woods and Mrs. J. S. Black.

The mother of the bride and the mother of the groom received the guests. Mrs. Jerstad wore a teal blue gown with corsage of light carnations. Mrs. Morgan wore a wine colored gown with a corsage of deep pink carnations.

Many gifts which were displayed testified to the popularity and esteem in which the couple are held.

The bride, born in Norway, has lived here since she was five years old. The groom has been employed as an electrician at the drydock and will be leaving shortly to join the navy.

A week from Saturday the couple will be leaving for Vancouver to reside.

**Whifflets
From The Waterfront**

Preparatory to the legal opening of the fishing season at midnight tomorrow night, Prince Rupert halibut vessels have been clearing since yesterday for their first trips of the season to the fishing grounds. The customs house was as busy again this morning as it was yesterday granting clearances to the vessels. This year for the first time skippers of vessels have to be licensed. Issuing of these licences has been making the office of the fisheries department also a busy place.

A recent situation here whereby newly constructed local fishing vessels had been held up because there was no ship measurer at the port had been satisfactorily cleared up, it was reported at the meeting of the Prince Rupert Chamber of Commerce last night. A surveyor had been brought from Vancouver and the vessels had soon been freed.

WHERE THEY GOT IT

The art forms of the Romans were largely adopted from the conquered Greeks.

Lawn Bowlers Have Clean Sweep Victory—Chinese Youth, Kilowatts and Steel Workers Also Win

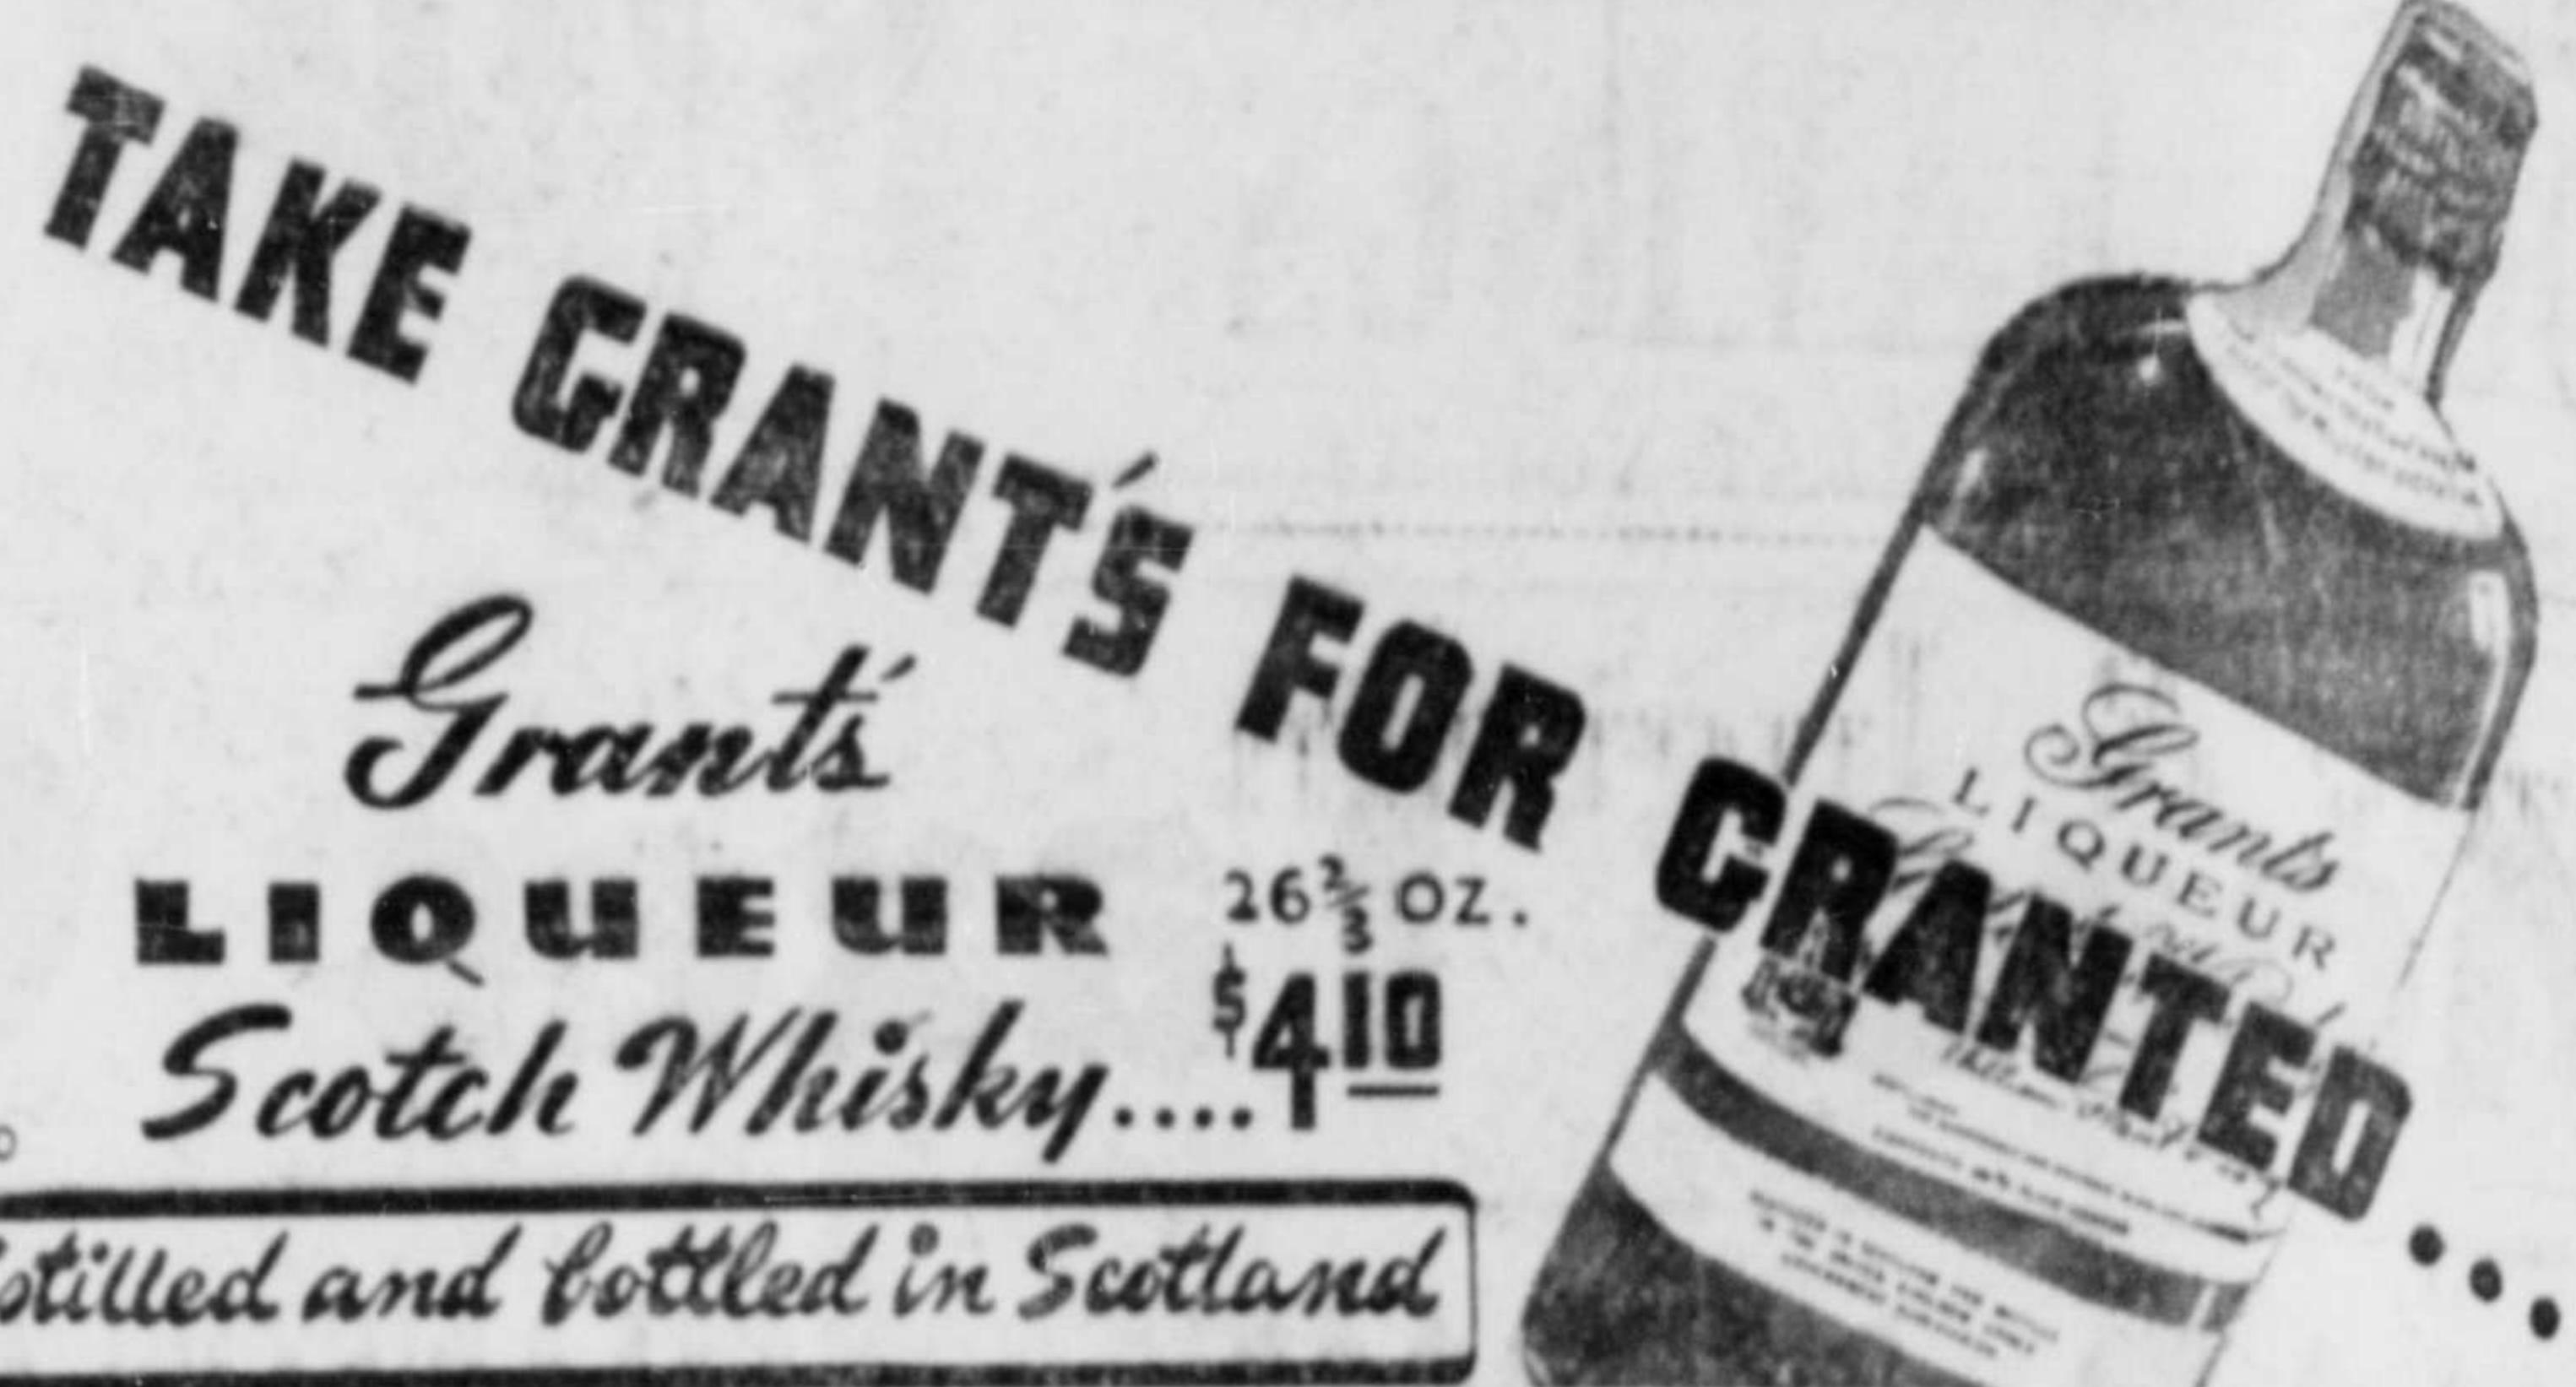

Lawn Bowlers scored a clean sweep three games to nil victory over Royal Canadian Air Force in the Five Pin Bowling League last night. In other fixtures of the evening Chinese Youth Association, Reddy Kilowatts and Steel Workers were winners by scores of two games to one respectively over Albert & McCaffery, Armour Salvage and Royal Canadian Corps of Signals.

The individual scoring was as follows:

President Arnold Flaten advised the Prince Rupert Chamber of Commerce last night of the forthcoming Red Cross national campaign in which an objective of \$9,000,000 had been set for Canada with \$900,000 for British Columbia and \$10,000 for Prince Rupert. He bespoke support for the campaign.

W. R. McAfee, president of the Prince Rupert Red Cross Society, told the Chamber of Commerce last night of the Prince Rupert Chamber of Commerce regarding to the recent visit to the city of censorship regulations. He did not J. S. Maguire, regional rentals administrator officer for British Columbia. Mr. Maguire had w. Judge W. E. Fisher, local rental administration officer, and estate dealers and, as a result, certain matters had been issued on

G. R. S. Blackaby had some comments to make at last night's meeting of the Prince Rupert Chamber of Commerce regarding the recent visit to the city of censorship regulations. He did not J. S. Maguire, regional rentals administrator officer for British Columbia. Mr. Maguire had w. Judge W. E. Fisher, local rental administration officer, and estate dealers and, as a result, certain matters had been issued on

MANY of the materials that go to make a C.C.M. Bicycle and the machines which convert them are the same type of materials and the identical machines we are using to produce war supplies—war supplies that are vital to John Bull to help him "Finish the Job." Naturally, then, we are not making so many bicycles.

We are rigidly maintaining, however, the established high standard of C.C.M. quality and C.C.M. accuracy in the making of every last bicycle for which we can obtain material.

Not only are we maintaining quality and accuracy, but we are gaining a great new wealth of manufacturing experience and learning new methods, processes and of new materials that will be passed on to you in the C.C.M. Bicycles of the future which we will make when "Peace breaks out again."

In the meantime, You do what you can to keep your bicycle (if you have one) on the road, or, if you are a war worker, perhaps your C.C.M. dealer can get you a new C.C.M. Bicycle. You do that and we will make what bicycles we can, and at the same time plenty of war supplies to help John Bull "Finish the Job!"

RELIGION IS MODERN

Church Working Towards Ideal,
Decares First United Church
Pastor

Taking as his subject the words of Paul's ideal, "A Glorious Church Holy and Without Blemish," Rev. J. A. Donnell gave another of his impressive addresses before a large congregation in First United Church on Sunday evening. The soloist for the evening was J. S. Wilson who sang effectively, "Lord, Make Me Strong," by A. Twohig.

In his address Mr. Donnell pointed out that Paul's ideal church did not refer to the material structure. In Paul's time the church was few in numbers but he had the vision of a church that would number those who wished for the fellowship that Christ's teaching would attract. The few of Paul's days had grown to the millions of today, in every land, of every tongue of every color. Paul's ideal might be an unattainable one but it was true Christianity to try to approach it! The non-churchgoer, who protested that there were too many hypocrites in the church, was more of a hypocrite himself. The churchgoers admitted they have not attained the ideal but they tried to reach it. There was no doubt too but that the church has a glory, a glory unequalled by any other institution in history. Its leaders had played an outstanding part in every progressive movement and its scholars of past and present days, its artists, poets, architects and reformers make a most impressive list.

Religion was not outworn, the pastor declared. It was up-to-date. Actually it was far ahead of present day attainment but, as the world accepted the ideal and worked towards it, so would the world be a better place for everyone. In the present war the great leaders—King George and Queen Elizabeth, President Roosevelt and Generalissimo Chiang Kai-Shek—were definitely Christian and acknowledged the church as the great instrument for the salvation of the world.

DESERVING OF AWARD

Joan Fontaine Shows Local Audiences Why Her Acting in "Suspicion" Was Judged Best of Year

Those who have so far seen the impressive romance, "Suspicion," which opened at the Capitol Theatre yesterday and is continuing today and tomorrow, now easily understand why the gifted actress, Joan Fontaine, received the award of the Academy of Moving Picture Arts and Sciences for the best performance of the year. Her portrayal of the intensely dramatic part in this picture is fine indeed and deserving of all praise.

The scene laid in England just before the start of the Second World War, the story deals with the martial life of a charming but penniless ne'er-do-well and an unsophisticated and sheltered young heiress. The suspicions of the girl, surrounding a murder and the crowning belief that her husband is out to kill her for her inheritance, lead up to a most unusual climax.

Miss Fontaine's acting is an outstanding feature of the whole piece, of course.

Mail Schedule

For the East—

OUR COUNTRY AND HOMES DEMAND...

GOOD SERVICE

We ask your co-operation. Our country requests us to reduce gasoline. We are also advised that we shall not be able to replace tires for our trucks. In order to maintain our policy of prompt service we ask you to place all coal orders at least one DAY BEFORE DELIVERY IS EXPECTED. By doing this you will enable us to route our deliveries in the most economical manner, thereby conserving both gasoline and tires.
